OTHER SITES TO VISIT

Western Promenade, Pier and the Meditation Steps

The Pier, the Promenade and the Meditation Steps north of the Pier, offer a peaceful setting to watch boats in the East River and the Manhattan skyline.

Main Street

Main Street was designed as the “spine” of the original Roosevelt Island residential community, providing retail and community space. Designed to maximize river views from the buildings, it echoes a walled medieval city.

Southpoint Park

Southpoint Park surrounds the Smallpox Hospital (Renwick Ruin). Located at the southern end of the Island, it offers an ideal spot to view Manhattan, Queens and the East River, and serves as the gateway to the Four Freedoms Park.

Four Freedoms Park

The Island’s southern-most tip is the site of Four Freedoms Park and a memorial to President Franklin D. Roosevelt. Opened in October 2012, the Park is one of the last works designed by the famed architect Louis I. Kahn.
