SIGNATURE FEATURES

PERFECT TASTE™ DUAL CONVECTION
For consistently delicious taste and texture, our dual-fan convection circulates air more evenly throughout the oven for an even cook. Two variable speeds work in tandem with three heating elements (bake, broil, and roast) to give you delicious results every time.

PERFECT TASTE™ TEMP PROBE
The Perfect Taste™ Temp Probe lets you cook each dish to perfection. It does more than measure temperature — it alerts you when food has reached the desired temperature and automatically adjusts to the Keep Warm setting so you never overcook your food and deliver perfect results every time.

PROFESSIONAL TEMPERATURE CONTROL
Provides the precision you need to quickly take a delicate simmer to a rolling boil for truly delicious results.

MULTI-STAGE COOKING
Create great taste with ease. With Multi-Stage Cooking, an Electrolux oven is a built-in sous chef, helping you conquer delicious by adjusting between seven professionally inspired cooking modes, including Bake, Broil, Convection Bake, Convection Roast, Convection Broil, Keep Warm and Slow Cook.

PERFECT TASTE™ TEMP PROBE
The Perfect Taste™ Temp Probe helps you deliver a perfectly cooked turkey.

SELF-CLEAN PORCELAIN RACKS
Bake, roast, broil, savor - the cleaning’s on us. Our porcelain racks are safe to stay inside of the oven during the self-clean cycle, virtually eliminating the mess and inconvenience of removing and cleaning racks by hand.

PERFECT PAIR OVENS®
A versatile main oven and a second complementary oven combine for total cooking capability. Use both simultaneously to cook two different items at two different temperatures.

FAST & EFFICIENT INDUCTION COOKTOP
Inspired by professional performance & power, the induction cooktop is so fast and efficient it boils water in just 90 seconds!

ADAPTS TO DIFFERENT POT & PAN SIZES
The induction cooktop adapts to different pot & pan sizes because it heats the pan instead of the cooktop, so you get perfectly consistent heat throughout the pan for delicious results.
