Asheville Redefines Transit

**How to Ride the Bus**

**Boarding**
Locate a signed bus stop along the route you are traveling. Make sure you are on the side of the road in the direction you wish to travel. Ensure you are visible to the driver; a courteous wave can be useful. Stand behind the curb while the bus approaches. Have the exact fare ready.

If you plan on transferring to another route, ask the driver for a transfer ticket.

**Departing**
Touch the yellow “touch tape” on the bus before you arrive at your desired stop.

If you need wheelchair or other assistance, wait for the driver to assist you.

**All buses have bike racks on the front of the bus.** When departing the bus, inform the driver you need to unload your bike.
