MISS SEDUCTION 88X
Reg. 75% AMAA Female 410639  Calved: 3/22/2010  Tag: 402
Sire: HAA WISDOM (SLC Sooner 101M x FJH Countess 400K)
Dam: GEF MISS IMPACT 100 (Calberta Black Impact)

Bred to calve February 18 to Firewater (MA)
Selling one-half interest only – Possession will remain at Martin Livestock

We have made the decision to share some very special options from our cow herd – just a few of them – each year at Dream Girls, and we may not have another option as exciting as this one! Miss Seduction 88X (aka 402) is one of the most promising females we have ever had on our place and she is really just getting started on what is certain to be a great career. This opportunity to own half of her is a big chance to push your program ahead quickly, along with ours, as we explore her abilities.

This cow is already the dam of several favorites. Her first embryo crop included very impressive daughters that sold for $20,500 and $9,000 plus a strong selection of sons that topped our 2014 Dual Threat Sale. Her 2015 crop was limited but it includes a young daughter by Man Among Boys that is surely one of our best heifer calves. The abilities of this donor are real and they have already created profit very quickly.

Miss Seduction 88X is backed by the famous GEF Miss Impact 100, the high-production dam of Open Bar and other high sellers for Geffert Cattle, WI. She is a former high seller of Guyer’s Chosen Few Sale and she is one of the most physically impressive cows in our lineup. She produces even better than she looks and she works well in transplant. We’ve taken the guesswork out of her future and now we invite you to share it with us. It’s going to be a wild ride and the elevator is going up!

GREAT CATTLE.
We Don’t Like Them Any Other Way.

Add something special to your program this year with this proven donor and former Hoosier Beef Congress Reserve Overall Champion! This awesome redhead is about as powerful and exciting as they come with amazing substance and style. She is covered in gorgeous red shag from front to rear and she moves on some real timber and is always showing off. Her calves have been Dream Girls and calf sale favorites plus she was a featured donor at Dual Threat 2015. We have decided to sell a select lineup of very special, proven cows in our Dream Girls event each year and Rockin Robin 12T qualifies in all categories. She is due with an early baby by one of the hottest new bulls on the scene and it should be a perfect compliment for her. Have fun!

**Bred to calve 1/04 to Daddy’s Money – PE 6/01-8/20 to Team Blake**

This is a very special cut of elite cows that are bred for rapid rewards, and this is one of the young favorites in our herd. She is an embryo daughter of our amazing 648N donor that has given us continued success and she has a bulletproof pedigree that is great to use for dual-purpose rewards. She is surprisingly big ribbed and softly made with a stout, full hip and powerful width of body. She stops and starts like a show heifer, is extra thick, and milks from an excellent udder. A full brother is the new AI sire, DSUL Sooner or Later, and a full sister is a young leader at Sharp Farms, OH. This is a Maine donor prospect anyone can use and her dam is one of our all-time best!

Look for maternal sisters selling as Lots 15 and 88.

Sire: CARNEY MAN
(Dam: HEAT SEEKER x MA
Bred to calve 1/06 to First Class Act – PE 6/01-8/20 to Team Blake
Another hard-working, profit-making selection from the top of our program, these cows are really impressive. This square-built, heavy-duty Carney Man daughter injects her calves with a lot of mass and power. She is extra wide and rugged with eye-appealing lines and the soft, full hip that it takes to keep them sound. Due early to First Class Act, one of the most exciting sires we have used!

Selling one-half interest with the option to double the hammer price to acquire full interest

Our great Cinderella S031 is gone – we lost her this summer to cancer – but her legacy lives on with this look-alike replacement that appears ready to stand the toughest tests. This special heifer is our favorite of an incredibly deep crop produced by Cinerella before her passing this spring. This heifer is so much like her mother that we can only assume that she is destined to carry the torch for success as she matures. From her massive, feminine body shape to her nose-to-toes power and especially in her head and neck, this apple did not fall far from the tree in any way. She is ready.

Shania 62C is a full sister to several big hits from her dam like the Reed family’s $90,000 female that was a dominant Simmental Champion including selections as the Champion of the 2013 Ohio State Fair and the 2013 NAILE Junior Show. That heifer, along with some impressive full sisters, has now become a top-producing donor herself. Like mother, like daughter. Cinderella lives on, and it does not get much better than this.
