Free* Lecture:

Venue: The University of Sydney
Dates: Monday 4 July – Sunday 17 July 2016
The Ultimate Preparation Tool for the Trial Exams!

Our “Trial Exam Revision Lectures” have been strategically scheduled to enable critical revision and consolidation of course materials and to decrease study commitments in the lead up to the trial examinations. As materials will be addressed to HSC examination standard, these programs also offer students advance instruction and preparation for the final HSC examinations.

Each subject lecture offers students detailed and comprehensive coverage of examinable materials as well as significantly more examination hints, tricks and instruction than that offered by any other program provider.

These highly beneficial programs are the result of many years of collaborative effort involving dozens of teachers across the state, with each teacher adding their expertise to our courses and materials. This measure provides students with the unique opportunity to benefit from the advice and information being delivered in many top performing schools, preparing students to a standard that is seldom achieved by only attending school.

Important Notes:

To ensure that students are given every possible advantage in their examinations, our “Trial Exam Revision Lectures” are being prepared and delivered by qualified, currently practising HSC teachers and HSC markers, individuals who possess the knowledge and experience to demonstrate how students can achieve the higher Band (and ATAR) scores.

As the amount of material that needs to be committed to memory for the trial exams is substantial, it would not be possible to revise each subject to examination standard across a 2 to 4 hour lecture. For this reason, students attending our “Trial Exam Revision Lectures” will receive at least 7 hours of expert advice and instruction in each HSC subject.

Detailed A+ course notes will be provided in each subject.

What Will Be Addressed at the Trial Exam Revision Lectures?

During the “Trial Exam Revision Lectures,” you will obtain a complete and detailed coverage of examinable materials to HSC examination standard, as prescribed in each subject syllabus.

Each lecture will review and then extend on the materials covered at school, exposing students to a large collection of examination style questions (many of which are not available to students), as well as frequently overlooked tricks and traps that could appear in exams. You will also learn how examination papers are marked and how answers must be presented if they are to be awarded full scores. Emphasis will be placed on the more challenging concepts, as well as the areas that have been poorly addressed in past trial and HSC examinations.
**12 Powerful Reasons Why Students Should Attend**

- **YOU WILL** derive *immeasurable* benefit from the experience, advice, insight and perspectives from select teachers from top ranking schools across NSW. Teachers and past students consistently rate the programs and materials developed by TSFX Number One for excellence and quality.
- **YOU WILL** eliminate the need to waste valuable study time preparing notes. Each student will receive a detailed and comprehensive set of *A+ notes* that include an abundance of worked examples, step-by-step instructions, exam watch-outs, as well as a large collection of examination-style questions to work through at home. To date, NO OTHER provider has been able to match the quality and depth of materials issued to students who attend TSFX programs.
- **YOU WILL** receive intense revision and consolidation of examinable materials to A+ standard in a simple step-by-step manner. Our programs offer students the most detailed and comprehensive preparation for the exams (up to 12 hours in select subjects).
- **YOU WILL** strengthen your understanding of course materials and how information will be applied in the exams.
- **YOU WILL** receive the latest information regarding the HSC exams as well as BOSTES exam marker expectations.
- **YOU WILL** receive hundreds of examination-style questions that have been tailored for this year’s exams!
- **YOU WILL** learn to interpret and solve those difficult analytical / problem-solving questions and master concepts that have been poorly addressed in past exams.
- **YOU WILL** significantly cut down on study time. You will cover 5 times more theory and absorb 5 times more information than if you were to work through the same materials on your own!

**PLEASE NOTE:** Many of these lectures will book out before the closing date. We therefore encourage students to finalise enrolments as soon as possible.

**99%** of past students stated that the lectures and issued notes would improve their marks.

“The teachers were extremely helpful and at this end-game stage, the direct method of teaching to the syllabus and to the exam was refreshing.”

Student, The King’s School
Science Courses
(Total: 4 Parts – 12 Hours)

Parts 1, 2 and 3 of each science course will focus on the Core topics. In Part 4, students will be divided into separate groups so they can obtain detailed instruction in their chosen Option.

Mathematics Courses
(Total: 4 Parts – 12 Hours)

These lectures offer detailed instruction in the key strands of Financial Mathematics, Data & Statistics, Measurement, Probability (including applications) and Algebra & Modelling. Emphasis will be placed on applications that will meet the expectations of HSC standard Focus Study questions. Head Teacher: Mr Peter Muddle (Covenant Christian School).

Mathematics General 2
These lectures offer detailed instruction in the key strands of Financial Mathematics, Data & Statistics, Measurement, Probability (including applications) and Algebra & Modelling. Emphasis will be placed on applications that will meet the expectations of HSC standard Focus Study questions. Head Teacher: Ms Jayanthi Viswanathan (Sydney Girls High School).

Mathematics Extension 1
These lectures offer students detailed instruction in the following topics: Polynomials, iterative methods, parabolic equations, inverse trigonometric functions, logarithmic and exponential functions (including growth & decay), mathematical induction, geometrical applications of differentiation, rates of change, motion, projectile and simple harmonic motion, integration, circle geometry, binomial theorem and further probability. Head Teacher: Mr Robert Fuller (Sydney Grammar School).

Mathematics Extension 2
These lectures offer students detailed instruction in the following topics: Polynomials, complex numbers, curve sketching, conics, integration, volumes, mechanics (including resisted motion, circular motion, banked tracks, conical pendulum) and harder 3 Unit topics. Head Teacher: Mr Geoffrey McLauchlan (Queenwood School For Girls).

Physical Study
(Total: 4 Parts – 12 Hours)

Topics that will be addressed include: Space (Gravitational fields, potential energy, projectile motion, launching rockets and circular motion, other concept and M&M, special relativity), Motors and Generators (D.C. motor effect/applications, Faraday's induction, Lenz's law, AC and DC generators, transformers and other devices, transmission of electrical power), Ideas to Implementation (Electric fields, cathode rays, the reconceptualisation of the light model (radio waves, blackbody radiation, photoelectric effect), semiconductor devices and their applications, X-ray diffraction and superconductors/applications). Head Teachers: Mr Greg Nunan and Andrew Timmis (Knox Grammar School).

Other Courses

Business Studies
These lectures will provide a comprehensive review of the four Core topics: Operations, Marketing, Finance and Human Resources. Both lectures will include references to business case studies and a step-by-step guide to answering HSC style questions. Head Teacher: Mr Phil Manocchio (Moriah College).

Economics
Part 1 will concentrate on Topic 1 (The Global Economy) and Topic 2 (Australia's Place in the Global Economy) whereas Part 2 will focus on Topic 3 (Economic Issues) and Topic 4 (Economic Policies and Management). Emphasis will be placed on examination technique as well as examiner expectations. Head Teachers: Mr Matt Bookallil (Knox Grammar School) and Mr Neal Townley (Sydney Grammar School).

Legal Studies
Part 1 of this program offers students a highly comprehensive review of the Core topics – Crime and Human Rights. Parts 2 and 3 provide instruction on the Options selected by students (refer to the Application Form). Emphasis will be placed on literacy and examination techniques with integration of the respective themes and challenges of topics commensurate with HSC marker expectations. Head Teachers: Mr Christopher Bradbury (The King's School) and Ms Gauri Gupta (Loreto Normanhurst).

Modern History
Our Modern History lectures offer students the opportunity to benefit from in-depth coverage of the Core Unit as well as specific instruction on a variety of different personalities and studies (refer to the Application Form). Emphasis will be placed on examination technique as well as examiner expectations. Head Teachers: Mr Frank Federico (James Ruse Agricultural High School), Mr Scott Baker (Tara Anglican School) and Mr Keith Smith (Emanuel School).

PDHPE
During the course of Part 2, students will benefit from an in-depth review of the Core topics - Health Priorities in Australia and Factors Affecting Performance. Students will be divided into separate groups for Parts 1 and 3 so that they may obtain instruction specific to their chosen Options (refer to the Application Form). Emphasis in these lectures will be placed on examination technique and examiner expectations. Head Teachers: Mr Wayne Adams (Sydney Grammar School) and Mr Wayne Donley (MLC School).

School Attending:      Parent Name:

Parent Email Address:     Parent Telephone:

Year level in 2016? ☐ Year 12 ☐ Year 11 (studying Year 12/Accelerated subjects in 2016) ☐ Teacher ☐ Other:

Section 2: Please enrol me into the following programs(✓):

**English Advanced & Standard Courses**

**Exam Paper 1 Lectures (Wednesday 6 July 2016):**

☐ Section I – Unseen Texts ($45)

☐ Section II – Creative & Imaginative Writing ($45)

☐ Section III – Area of Study – Discovery (Select 1 Text):
  - Away ($40)
  - Go Back to Where You Came From & The Response ($40)
  - Poetry – Robert Frost ($40)
  - Poetry – Robert Gray ($40)
  - The Tempest ($40)

**Exam Paper 1 Lectures – REPEAT Sessions (Sunday 17 July 2016):**

☐ Section I – Unseen Texts ($45) **REPEAT**

☐ Section II – Creative & Imaginative Writing ($45) **REPEAT**

☐ Section III – Area of Study – Discovery ($40)

This lecture is relevant to all texts.

Please indicate the Discovery text(s) you are studying at school:

**Exam Paper 2 Lectures (Thursday 7 July 2016) – English Advanced:**

Module A:

☐ Julius Caesar & The Prince ($40)

☐ King Richard III & Looking for Richard ($40)

☐ Nineteen Eighty-Four & Metropolis ($40)

☐ Pride and Prejudice & Letters to Alice on First Reading ($40)

☐ The Great Gatsby & Sonnets from the Portuguese ($40)

Module B:

☐ Hamlet ($40)

☐ Poetry – TS Eliot ($40)

☐ Speeches ($40)

☐ Poetry – WB Yeats ($40)

Module C:

☐ Brave New World ($40)

☐ The Art of Travel ($40)

☐ Poetry – Judith Wright ($40)

☐ The Crucible ($40)

☐ Ten Canoes ($40)

☐ Wag the Dog ($40)

**Exam Paper 2 Lectures (Thursday 7 July 2016) – English Standard:**

Module A:

☐ Distinctive Voices ($40)

☐ Distinctively Visual ($40)

Module B:

☐ Close Study of Text ($40)

Please indicate the text you are studying at school:

Module C:

☐ Exploring Interactions ($40)

☐ Exploring Transitions ($40)

**Mathematics Courses**

☐ General Maths 2 (Parts 1-4) ($220)

☐ Mathematics (Parts 1-4) ($220)

☐ Maths Extension 1 (Parts 1-4) ($220)

☐ Maths Extension 2 (Parts 1-4) ($220)

---

“Excellent presentation, choice of teacher, entertaining, concise and efficient. Most importantly, kept me interested and attentive. 5 stars!”

Student, Patrician Brothers

“A well thought out fail-safe course; excellent tools and resources provided in a short amount of time, better than most tutors. Would recommend to others. Well done!”

Student, East Hill Boys Technology High School
Section 2 Continued: Please enrol me into the following programs(✓):

### Science Courses

**Biology Lectures:**
- Core (Parts 1, 2 & 3) ($165)
- Communication (Part 4) ($55)
- Genetics: The Broken Code? (Part 4) ($55)

**Chemistry Lectures:**
- Core (Parts 1, 2 & 3) ($165)
- Forensic Chemistry (Part 4) ($55)
- Industrial Chemistry (Part 4) ($55)
- Shipwrecks/Corrosion (Part 4) ($55)

**Physics Lectures:**
- Core (Parts 1, 2 & 3) ($165)
- Astrophysics (Part 4) ($55)
- From Quanta to Quarks (Part 4) ($55)
- Medical Physics (Part 4) ($55)

### Other Courses

- **Business Studies** ($120)
- **Economics** ($120)
- **PDHPE:**
  - Improving Performance (Part 1) ($30)
  - Core (Part 2) ($70)
  - Sports Medicine (Part 3) ($30)
- **Ancient History:**
  - Core (Part 1) ($65)
  - Sparta (Part 2) ($55)

### Legal Studies:

- **Core (Part 1)** ($85)
- **Family (Part 2)** ($30)
- **Consumers (Part 3)** ($30)
- **Workplace (Part 3)** ($30)
- **Modern History:**
  - Part 1: Core Study: WW1 ($40)
  - Part 2: Germany ($40)
  - Part 3: Conflict in Europe ($40)
  - Part 4: Albert Speer ($25)

### Modern History:

- **Part 1:** Core Study: WW1 ($40)
- **Part 2:** Germany ($40)
- **Part 3:** Conflict in Europe ($40)
- **Part 4:** Albert Speer ($25)

- **Russia/Soviet Union** ($40)
- **Conflict in Indochina** ($40)
- **Conflict in the Pacific** ($40)
- **Leni Riefenstahl** ($25)
- **Leon Trotsky** ($25)

### Section 3: Payment Details

Total Payment Enclosed: $ BY ☐ Cheque ☐ Money Order ☐ MasterCard ☐ Visa

Name on Credit Card: Signature:

Card Number: Expired Date: \\

Please note: We do not accept Amex or Diners Club credit cards.

**Mastering the Exams – FREE Lecture!**

A Step by Step Guide to Preparing for Your Exams

Examinations are a great source of stress for students, but it doesn’t need to be this way! With the right advice, you can reduce stress levels, cut down on study time and markedly improve examination marks! At “Mastering the Exams” you will gain the knowledge and skills required to maximise examination performance, including:

- The fastest way to prepare for your exams.
- The biggest mistakes students make when preparing for their exams.
- Planning & executing effective exam study timetables.
- The smartest way to work through past examination questions & papers.
- Mastering the art of “exam chess” & other mark-boosting exam strategies.
- The most effective (and time-saving) learning & revision techniques.
- 33 easy ways to improve motivation, concentration & learning speed.
- Combating “panic attacks” & “mind blanks”.
- Preparing comprehensive exam study notes in the fastest possible time.

**Date:** 10am – 3pm, Sunday 5 June 2016

**Cost:** Valued at over $200, ‘Mastering the Exams’ is FREE* when you make a minimum $10 donation to The Fred Hollows Foundation on the day.

**Total Donated to Charity to Date:** $327,121.50

---

**Conditions of Enrolment:** Do not send cash in the mail. Please make cheques/money orders payable to “The School For Excellence”. Please do not submit more than one copy of your application form. Use ONE form per student. Additional application forms are available at www.tsfx.com.au. Confirmation of your enrolment will be sent by email following the receipt of your application. Admission documents, maps and final confirmations will be sent by regular mail from 10 days before your first lecture. As TSFX cannot accept any responsibility for tickets that have been lost in the mail, students who have NOT received their tickets by 12 noon two days prior to their first enrolled lecture MUST contact our office to confirm their enrolment and arrange admission (10am to 5pm Mon–Fri). The Closing Date for postal applications is 5pm three business days prior to the first enrolled lecture. Applications after this date must be sent by telephone/fax/email, in person or online form. Cancellations MUST be submitted in writing and received three business days before the first enrolled lecture, and will incur a $10 service charge per subject. No refunds or credits will be issued for cancellations made after each closing date. The School For Excellence reserves the right to alter the advertised program details.
