The DHP mission is to ensure safe and competent patient care by licensing health professionals, enforcing standards of practice, and providing information to health care practitioners and the public.

NOTE: The information contained in this handbook is subject to change at any time. All current information can be found at http://www.dhp.virginia.gov/counseling
Please read and become familiar with the Regulations Governing the Practice of Professional Counseling prior to submitting your application.

The board primarily communicates through email. Please ensure that you add the board’s email address (coun@dhp.virginia.gov) to your safe recipient list to ensure that you receive all email communication from board staff.
LPC SUPERVISION AND EXAMINATION
LICENSURE PROCESS

You must hold the Licensed Professional Counselor (LPC) credential in order to practice professional counseling in the Commonwealth of Virginia. There are two avenues to obtain this credential:

1. **Licensure by Endorsement**
   a. This process may be applicable to those who have a professional counseling license in another jurisdiction.

2. **Licensure by Examination**
   a. This application process is for those who have never held a professional counseling license in another jurisdiction and who have met the education and supervised residency requirement.

**A DETAILED LOOK AT HOW TO BECOME LICENSED AS A LPC IN VIRGINIA:**
From start to finish, the process of becoming an LPC in Virginia takes years to complete. There are several forms that you will need to complete and submit for consideration that are available on the Virginia Board of Counseling website (www.dhp.virginia.gov/counseling). The information provided in this document can be a valuable tool to use throughout the process.

**LPC LICENSURE BY EXAMINATION**
ANY PERSON PURSUING A LICENSED PROFESSIONAL COUNSELOR (LPC) BY EXAMINATION WILL NEED TO COMPLETE THE FOLLOWING STEPS:

**STEP 1:** Complete the education requirements.

**STEP 2.** Apply for Initial Registration of Supervision and must receive Supervision Approval prior to obtaining supervised residency experience.

**STEP 3.** Complete supervised experience requirements.

**STEP 4.** Apply for LPC Licensure by Examination.

**STEP 5.** Take and pass the examination.

**STEP 6.** Receive LPC License.

**STEP 1: EDUCATION.**
To become an LPC in Virginia, the regulations require you complete 60 graduate hours or 90 quarter hours of graduate study in counseling from a regionally accredited college or university. Additionally, these 60 graduate hours or 90 quarter hours must include the following 13 core content areas:

1. Professional counseling identity, function and ethics
2. Theories of counseling & psychotherapy
3. Counseling & psychotherapy techniques
4. Human growth & development
5. Group counseling and psychotherapy, theories and techniques
6. Career counseling and development theories and techniques
7. Appraisal, evaluation & diagnostic procedures
8. Abnormal behavior and psychopathology
9. Multicultural counseling, theories and techniques
10. Research
11. Diagnosis and treatment of addictive disorders
12. Marriage and family systems theory
13. Supervised internship of at least 600 hours to include 240 hours of face-to-face direct client contact.

All coursework must be a minimum of 3 semester hours or 4.0 quarter hours. One course may count for one content area only.

All coursework reviews are based on the regulations in effect for applicants when they begin their first supervision. It is the applicant’s responsibility to stay aware of regulatory changes that may affect the results of the review.

The Board does not pre-approve schools, coursework or make recommendations as to particular classes or degree programs. Your education, degree program and coursework will be reviewed as part of the Initial Registration of Supervision Application process.

STEP 2: APPLYING FOR AND GAINING SUPERVISED RESIDENCY APPROVAL.

Once you meet the education requirements as outlined above, you must apply for and gain board-approval of your supervised residency prior to counting hours toward licensure. Supervised residency experience in all settings obtained in Virginia, without prior written board approval, will NOT be accepted toward licensure. Lost supervision hours due to not registering a supervisor will not be the responsibility of the Board. Supervised residency approval dates are determined by the date of the review after a complete package has been received. Supervised residency approval will not be backdated.

Finding a Supervisor
In accordance with §54.1-3505(8), the Board of Counseling has posted a registry of persons who meet the requirements for supervision of residents. This list should only be used as a tool to assist with your search for a supervisor. Please note that the registry is updated every quarter, and license statuses may change between updates. It is your responsibility to ensure that the supervisor has an active, unrestricted license. However, if your proposed supervisor is not on the list, the proposed supervisor may still be approved if he/she meets the requirements to be a supervisor as outlined below.

Supervisor Requirements
A person who provides supervision for a resident in professional counseling shall:
   1. Document two years of post-licensure clinical experience;
2. Have received professional training in supervision, consisting of three credit hours or 4.0 quarter hours in graduate-level coursework in supervision or at least 20 hours of continuing education in supervision offered by a provider approved under 18VAC115-20-106; and
3. Shall hold an active, unrestricted license as a professional counselor or marriage and family therapist in the jurisdiction where the supervision is being provided.

NOTE: If you were previously approved for supervision under a substance abuse treatment practitioner, school psychologist, clinical psychologist, clinical social worker or psychiatrist you can continue with your supervision until August 24, 2017.

The supervisor of a resident shall assume full responsibility for the clinical activities of that resident specified within the supervisory contract for the duration of the residency. The supervisor shall complete evaluation forms to be given to the resident at the end of each 3-month period. These evaluation forms are available on the Board website. It is advisable that both the supervisor and the resident keep copies of these evaluations. Additionally, on the verification of clinical supervision form, the supervisor must report the total hours of residency and must evaluate the applicant’s competency in the six required competency areas. Supervision by any individual whose relationship to the resident compromises the objectivity of the supervisor is prohibited.

Gaining Board Approval for Supervised Residency Experience or “Registering Supervision”
Once you have identified a supervisor and a location, submit the Registration of Supervision application, along with the fee (in the form of a check or money order, payable to the Treasurer of Virginia), to the Board for approval. Specifically, submit the following:
• Initial Registration of Supervision application
  o Please NOTE, this application contains an ethics portion.
    ▪ If you answered “yes” to any of the ethics questions, you must submit a statement regarding the circumstances and any court documents, employment records, etc. Please refer to Guidance Document 115-2.
    ▪ If you answered “yes” for a criminal conviction, we must have court documentation. If the conviction is not available with the courts, you may provide a criminal history check from the Virginia State Police. Please refer to Guidance Document 115-2.
• $50 Fee for initial supervisor
• Education and Internship Verification form to be completed by your graduate program and sent to the Board in a sealed envelope (submit during initial registration process)
• Official transcript
  • Do NOT send undergraduate transcripts.
  • Your transcript MUST show your master’s degree conferred.
  • Your transcript must be official and sealed when received by the Board.
  • Faxes and photocopies will NOT be accepted.
• Verification of your supervisor’s training in clinical supervision (this is only necessary if the supervisor has not been approved as a supervisor since July 1, 2013)

AFTER YOUR APPLICATION HAS BEEN RECEIVED:
• When your packet is received, it is date stamped and your check is processed.
• An administrative review is completed on your file to ensure it is complete.
• Within 7-10 business days, you are notified of any deficiencies found in your application.
• Upon receipt of corrections and/or additional required documentation your file then receives another administrative review. This process continues until it appears that your file is complete.
• When your file appears to be complete, it is reviewed for approval to begin supervision. Please allow 30 business days, after receipt of your complete application packet, for approval of initial supervision.
• If approved for supervision, you and your supervisor will be emailed an approval letter with an effective and expiration date to begin counting hours toward licensure. At this point, you will be considered a Resident in Counseling and may begin supervision!

We strongly encourage you verify that your packet is complete and includes all required forms. A completed application packet provides the best opportunity to avoid delays in approving your information. You should make every effort to mail this information in one complete packet to our board office for consideration.

**NOTE:** Incomplete applications will be kept active for one year from the date of payment. If your application is not completed in the one year timeframe, you will be required to re-apply by submitting a new application.

**IMPORTANT SUPERVISION NOTICES!** Once supervision is approved, your supervisor is responsible for your counseling activities at the approved supervision location.

Residents may not call themselves professional counselors, directly bill for services rendered, or in any way represent themselves as independent, autonomous practitioners or professional counselors. During the residency, residents shall use their names and the initials of their degree, and the title "Resident in Counseling" in all written communications. Clients shall be informed in writing of the resident's status and the supervisor's name, professional address, and phone number.

Residents shall not engage in practice under supervision in any areas for which they have not had appropriate education.

**Adding or Changing Registration Supervision:**
A new application, documentation, and fee must be submitted for approval for any change in supervision (i.e. a location add/change, supervisor add/change, or any change in job responsibilities). Please note that a change to already approved supervision (currently active) does not require that your practicum or education information is re-reviewed. However, the requested change still requires a formal review that can take 15 business days.

**Termination of Supervision:**
If supervision terminates, you should submit a [Termination of Supervision form](#) (which can be found on the Board website) to the Board. Your supervisor should also complete the [Verification of Clinical Supervision form](#) at the end of your experience. You, the supervisee, must keep this form in your records until you are ready to apply for licensure. This Verification of Clinical Supervision form is a necessary piece of your application and serves as documentation of your supervision hours.
**Step 3: Complete the Supervised Residency Requirements**

Once the Board approves your supervision, you have achieved the status of Resident in Counseling and you can count your supervised residency experience hours towards licensure. To achieve licensure you must meet all of the residency requirements.

**Residency Requirements:**

1. A 3,400 hour supervised residency in counseling practice with various populations, clinical problems and theoretical approaches in the following areas:
   - Assessment and diagnosis using psychotherapy techniques
   - Appraisal, evaluation, and diagnostic procedures
   - Treatment planning and implementation
   - Case management and record keeping
   - Professional counselor identity and function
   - Professional ethics and standard of practice

   2,000 hours of face-to-face client contact must be documented within this 3,400 hour residency. Graduate internship hours in excess of 600 hours, may count for up to an additional 300 hours towards the total residency requirements if the internship was earned after the completion of 30 graduate semester hours. Up to 20 hours of the supervision received during the supervised internship may be counted towards the 200 hours of in-person supervision if the supervision was provided by a LPC.

2. A minimum of 200 hours of supervisory sessions, occurring at a minimum of 1 hour and a maximum of 4 hours of supervision per 40 hours of work experience, during the period of the residency.

3. You must complete your residency in no less than 21 months and no more than four years. Residents who began their residency before August 24, 2016 must complete the residency by August 24, 2020. If you do not complete your residency after four years, you must submit evidence to the board showing why the supervised experience should be allowed to continue.

Group supervision hours are equivalent to individual supervision hours, however, only half of the 200 required hours may be obtained in group supervision. 100 hours of the 200 required hours must be obtained under board-approved supervision with a Licensed Professional Counselor.

**What are clinical counseling services?** The Board’s definition means activities such as assessment, diagnosis, treatment planning, and treatment implementation.

**What is in-person supervision?** It is the supervision between supervisor and resident in the consultation and review of clinical counseling services provided by a resident. In-person supervision may include the use of secured technology that maintains client confidentiality and provides real-time, visual contact between the supervisor and the resident.

**What is group supervision?** The Board’s definition means the process of clinical supervision of no more than six persons in a group setting provided by a qualified supervisor.
**Out-of-State Supervision:** Supervision completed in another jurisdiction can possibly count toward licensure if it meets the requirements outlined in Virginia’s Regulations. The board will not approve this supervision until you have completed your supervised experience and apply for licensure. It may be beneficial for you to have your past supervisor(s) complete Virginia’s Verification of Clinical Supervision form. This information must be kept in your possession until you are ready to apply for licensure.

**Step 4: Submit Application for Licensure by Examination**

Once residency has been completed, submit all required application materials and documentation with your check or money order, payable to the *Treasurer of Virginia*, in the amount of $140 for the application fee. Once this application is approved, you may sit for the examination and obtain licensure. Specifically, at this stage, submit the following:

- Application form by examination which must be signed and notarized
- $140.00 fee (check or money order)
- Verification of Supervision form to be submitted by each of your Board approved supervisors. This form is available on our website and must be sent to us in a sealed envelope with original signatures.
- Quarterly Evaluations which should have been completed by your supervisors during your residency.
- National Practitioners Data Bank (NPDB) query is required for every licensure application.

**Step 5. Take and Pass the Examination**

To become licensed by the Board you must pass the National Clinical Mental Health Counselors Examination (NCMHCE), unless you are applying for licensure by endorsement and have previously taken an exam acceptable to the Board.

After your application is received, reviewed, and approved by the Virginia Board of Counseling, you will be notified that you are approved to sit for the exam and your name will be submitted to NBCC. Names are submitted to NBCC by the Board once per month and you will be provided with an exam registration packet. You will then register with the testing agency by submitting the necessary form and your payment of $275.00 for the examination fee. You will work directly with the testing agency until you pass the examination. Your scores will be forwarded to the Board office in about four weeks following the examination. Upon receipt of a passing score on the examination, we will email you once your application is reviewed for the final time and you are licensed. The email contains helpful information regarding your license. Staff will also mail your paper license and certificate to you within 30 days at the address on record with the board. Residents in Counseling must remain under supervision until they receive their license. If the applicant fails the exam, he/she must remain under supervision until he/she is licensed.

You have two years from the exam approval date to pass the NCMHCE. If you do not meet this requirement, you will be required to file a completely new application for licensure (along with applicable fees) and meet the current requirements if you wish to apply for LPC licensure. If approved by the Board for the second time, you will have another two years to pass the exam. If you do not pass the exam within the additional two year period, a new application will not be accepted.

If you fail the exam within your two year period, you will need to contact NBCC directly to set up a new exam date. You must wait three (3) months between each test attempt.
If you were approved to sit for the exam prior to August 24, 2016, you will have until August 24, 2018 to pass the exam. If you do not meet this requirement, you will be required to file a completely new application for licensure (along with applicable fees) and meet the current requirements if you wish to apply for LPC licensure.

**SPECIAL EXAMINATION ACCOMMODATIONS**

All requests for special accommodations must be reviewed and approved by the Virginia Board of Counseling. A written request with supporting documentation should be submitted with your application for licensure by examination.

**EXAMINEES WITH DISABILITIES:** Examination administration locations are selected with effective access for candidates with physical disabilities. Candidates requiring special assistance, such as readers or recorders, must request prior permission for the admittance of an assisting individual.

**ADDITIONAL TIME:** Four hours are scheduled for the exam. If additional time is necessary because of special needs candidates must request an extension of time.

**LPC ENDORSEMENT LICENSURE PROCESS**

Virginia does not have reciprocity with any state. All applicants are required to complete the application process. You may apply at any time. It is not required that you have a Virginia address in order to apply for licensure.

**PREREQUISITES FOR APPLYING BY ENDORSEMENT FOR A VIRGINIA LPC CREDENTIAL:**

To apply for licensure by endorsement, you must have or have held a professional counselor license in another U. S. jurisdiction and meet one of the following:

1. Educational and supervision experience requirements comparable to those required for persons applying for licensure in Virginia by examination.
2. If you do not have educational and supervision experience credentials consistent with those required by Virginia Code and Regulations, you must provide:
   a. Documentation of education and supervised experience that met the requirements of the jurisdiction in which you were initially licensed as verified by an official transcript and a certified copy of the original application materials; and
   b. Evidence of post-licensure clinical practice in counseling for 24 of the last 60 months immediately preceding your application in Virginia.
      i. Clinical practice shall mean the rendering of direct clinical counseling services or clinical supervision of counseling services.
3. The Board may accept verification from the credentials registry of the American Association of State Counseling Boards or any other board-recognized entity, in lieu of transcripts verifying education and documentation verifying supervised experience.

**APPLYING FOR LPC BY ENDORSEMENT:**

To apply for LPC by Endorsement, you must submit the following to the Virginia Board of Counseling:

1. A completed application;
2. The application processing fee and initial licensure fee;
3. Verification of all mental health or health professional licenses or certificates ever held in any other jurisdiction.
   • In order to qualify for endorsement, you must have no unresolved action against a license or certificate. The board will consider history of disciplinary action on a case-by-case basis.
4. Documentation of having completed education and supervision experience;
5. Verification of a passing score on an examination required for counseling licensure in the jurisdiction in which licensure was initially obtained;
6. An affidavit of having read and understood the regulations and laws governing the practice of professional counseling in Virginia; and
7. National Practitioners Data Bank (NPDB) query is required for every licensure application.

**GROUNDS TO DENY AN APPLICATION:**
Grounds to deny a license may be found in Regulation 18VAC115-20-140 of the board’s Regulations Governing the Practice of Professional Counseling. If grounds exist to deny an application for licensure, your application will not be approved by board staff, and you will be so notified and offered an opportunity to meet with a Special Conference Committee of the board to determine if the license should be denied, issued, or issued conditionally.

**IMPORTANT NOTES:**
THE APPLICATION/REGISTRATION PROCESS IS NOT A SHORT PROCESS. THE LENGTH OF TIME IT TAKES VARIES FOR EVERY APPLICANT. THE MORE COMPLETE YOUR APPLICATION IS UPON RECEIPT, THE SMOOTHER THE PROCESS WILL GO. IT IS THE RESPONSIBILITY OF THE APPLICANT TO FOLLOW ALL DIRECTIONS AND COMPLETE ALL FORMS IN THEIR ENTIRETY.

ALL FEES ARE NON-REFUNDABLE, NON-TRANSFERABLE AND SUBJECT TO CHANGE
Applications/registrations and fees are valid for one (1) year from the date of receipt. If your application/registration is not approved within one (1) year, a new application/registration and fee will be required.
