Introduction

About the Student Handbook

South University reserves the right to change the policies contained within this student handbook from time to time. Notice is not required for a new policy to take effect; however, South University will make reasonable attempts to notify students promptly of any policy changes through website or email postings, mail distributions or other methods deemed appropriate by the college administration.

Alternative formats of this publication are available upon request. For more information on alternative formats, contact the Dean of Student Affairs.

Institutional Mission

South University (the “University”) is a private academic institution dedicated to providing educational opportunities for the intellectual, social, and professional development of a diverse student population.

To achieve this purpose, the institution offers focused and balanced curricula at the associate’s, baccalaureate, master’s and doctoral levels. A broad-based core curriculum is offered promoting critical thinking, effective verbal and written communication, and skills for life-long learning. Additionally, the University focuses on developing the requisites to pursue and appreciate knowledge. South University’s approach to higher education and the resulting varied academic experiences provide students with the intellectual acumen and pragmatic approach necessary to create the foundation for personal and professional fulfillment. South University attempts to provide a comprehensive education that instills within its students a philosophy that values not only learning and professionalism but also contribution and commitment to the advancement of community.

Believing that qualified individuals should have the privilege of formal academic training, South University welcomes those who seek educational challenges. To this end, the University provides a learning environment, both on-campus and online, that helps students identify goals and the means to achieve them. With this philosophy in mind, students learn by interacting with a community of faculty, staff and administration dedicated to South University’s academic purpose.

Student Rights and Responsibilities

South University is committed to the development of knowledge and ethics that are consistent with responsible professional and social behavior. Students are expected to meet academic requirements as well as to develop a sense of responsibility and an understanding of and respect for the rights of others. The atmosphere of the University reflects these goals; and, in turn, each student must be aware of his/her individual responsibility to behave accordingly.

By enrolling as a student at South University, you have agreed to abide by the rules and regulations of the University. The rules concerning student behavior are outlined in the Code of Conduct section of this handbook. Alleged violations of the Code of Conduct may be referred to the Dean of Student Affairs.
Orientation

University-wide Orientation

All students are required to attend a University-wide orientation program prior to the start of classes at South University. Enrolled students who have earned less than 24 hours of college level credit must complete an orientation session prior to the start of classes.

For all students, the University’s Orientation program provides an overview of South University and acquaints students with academic policies, resources, success skills and registration procedures. At the conclusion of the ground location’s orientation program, students are able to finalize their schedules, purchase their books, obtain their parking permits, and have their photo taken for their student IDs.

International Student Orientation

In addition to the University-wide orientation, International students attending South University on an F-1 (student) visa are required to meet with the school’s Designated School Official (DSO) prior to the start of classes. The DSO will serve as the student’s International Student Advisor and help the student to adjust to the many cultural differences, answer any questions about transitioning to living in the United States, and provide important information for maintaining F-1 (student) visa status. Initial attendance International Students will be SEVIS registered only after completing the International Student Orientation.

Online Orientation

All students taking online courses for the first time through South University are required to take an orientation to online learning prior to the beginning of their course(s). The orientation reviews the expectations, policies and associated procedures with taking online courses. All students taking graduate online course(s) will be required to complete the graduate online orientation. If you are a graduate student that will need to take prerequisites to enter the graduate program you will be required to take the South University undergraduate orientation. When you officially meet the requirements and enter a South University graduate program, you will be required to take the graduate orientation.

You will be given a user name and password prior to starting your orientation. When you are ready to begin your orientation, you will login into the orientation course through your computer and internet connection. The orientation contains several exercises that you will go through to make sure that you are knowledgeable and comfortable working before the class begins. It is absolutely necessary to make sure you are ready to begin working in class when your first session begins. You will not have the time to orient yourself once classes are underway. Should you have any problems getting to class or operating within your online classroom, a toll-free number for 24-hour online classroom support is available for your use, 1-800-351-3891. This number is posted on the course home page within your course under the heading “Support” located on the left navigation bar.

Student IDs

Student ID photos are taken during Orientation and student IDs are issued to new students during their first week of classes. Student ID cards include student identification numbers (that are different from social security numbers). ID cards also function as library cards for utilizing the University library. Student ID cards are issued in the bookstore.
There is no charge for the initial student ID. Students who lose their IDs may obtain a replacement from the bookstore for a charge of $10.00 per occurrence. The use of a student identification card by anyone other than its original holder is prohibited.

**Academic Policies and Procedures**

**Class Attendance**

Behavior patterns are often hard to change once established. Therefore, students are expected to attend each class session as absences result in lower achievement. Students are responsible for knowing and adhering to the attendance policy as outlined in the South University Academic Catalog.

Each student should familiarize themselves with the classroom guidelines paying particular attention to the consequences for missing exams, turning in assignments after the deadline, and receiving points for participation in class. Clarify any questions regarding the course syllabus at the beginning of the term to avoid any unnecessary confusion. Students are responsible for material missed while absent, and should check with their instructors as soon as possible.

**Disability Services**

South University provides accommodations to qualified students with disabilities. The Disability Services office assists qualified students with disabilities in acquiring reasonable and appropriate accommodations and in supporting equal access to services, programs and activities at South University.

Students who seek reasonable accommodations should notify the Disabilities Services Coordinator at 912 790 4133 or monsmith@southuniversity.edu of their specific limitations and, if known, their specific requested accommodations. Students will be asked to supply medical documentation of the need for accommodation. Classroom accommodations are not retroactive, but are effective only upon the student sharing approved accommodations with the instructor. Therefore, students are encouraged to request accommodations as early as feasible with the Disability Services Coordinator to allow for time to gather necessary documentation. If you have a concern or complaint in this regard, please contact the Associate Dean of Student Affairs in Room 216, telephone number 912 790 4133. Complaints will be handled in accordance with the school’s Internal Grievance Procedure for Complaints of Discrimination and Harassment (page 40).

**Online Participation Policy**

Successful online learning requires active discussion area participation. Students must contribute to the class discussion in a substantive way. The quality of the postings is the most important aspect of discussion, and only substantive participation will be counted for participation. This is measured by recording the posting date on which a student makes a substantive classroom posting. Substantive participation includes responses to discussion questions as well as discourse between students related to the subject matter. Substantive responses must be based upon the course content, theory, and/or personal experience, not mere opinion. Substantive responses should also include appropriate documentation/citation. A simple “I agree” will not qualify as a substantive posting. The participation point value in the learning experience is defined within the grading criteria for each assignment (which is located on assignment pages in each course), and/or as directed by the instructor.

Participation in the **Discussion Area** must be completed before 11:59 p.m. Mountain Time (MT). A one-day period is defined as that period of 24 hours from 12:00 a.m. MT to 11:59 p.m. MT the following day.
Participation must be within this time frame to count for grades or assignments.

Students are not required to participate on any specific day; however, all assignments must be posted by the due date. Students may post assignments prior to the due date during the week the assignment is due. Students should receive faculty feedback/grades on assignments within 48 hours of the last due date associated with an assignment. Grades for the prior week are due by Day 2 of the following week.

Submission of assignments, posting questions to the professor or classmates and/or sending emails to students and/or faculty outside of classroom threads does not count as participation.

Students are expected to read all discussion area postings. The quality of the student responses will be graded. Students will earn weekly participation grades based on the quality and frequency of their comments to others in the discussion assignment(s) based on the established grading rubric in the course.

Everyone’s comments are important. The diversity of experience among members of the class will enhance learning. All students will be treated equitably within the classroom. The classroom is a place of expression and discussion.

1. Communications will be respectful. Inappropriate language will not be tolerated, and the instructor has the right to determine what is inappropriate. Disrespectful students are subject to discipline or dismissal from the online learning platform for this course. All activities in the classroom will follow standards set in this Student Handbook.

2. For absence due to prolonged serious illness or personal emergency, the student is expected to contact the instructor as soon as possible. For absence due to technical problems, the student is expected to follow the steps outlined below:

   • Contact your instructor and technical support the same day you are experiencing technical difficulties and work out a plan with your instructor to make up missed assignments.

   • Contact your Academic Counselor or Campus-based Online Advocate (for PLUS students) and advise them of your technical difficulties within 48 hours.

   • If your technical difficulties will not be fixed for a prolonged period, it is the student’s responsibility to find another source for internet service such as a public library or a friend’s computer.

   • Failure to notify the instructor will be considered a missed deadline. All assigned work must be completed regardless of the reason for absence. Please be advised in the unforeseen event that you would need to formally withdraw from the course this must be done by contacting your Academic Counselor or Campus-based Online Advocate (for PLUS students).

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act of 1974, as amended (“FERPA”), sets out requirements designed to afford students certain rights with respect to their educational records. In addition, it puts limits on what information South University, Savannah may disclose to third parties without receiving prior written consent from the student.

I. Procedure to Inspect Educational Records

Students have the right under FERPA to inspect and review their educational records. A student who wishes to inspect and review his/her records should submit a written request to the Office of the Registrar. The request should identify as precisely as possible the records the student wishes to inspect. If the requested records are subject to inspection and review by the student, arrangements for access will be made within a reasonable period of time but in no case more than 45 days after the request was made, and the student will be notified of the time and place where the records may be inspected. The school may require the presence of a school official during the inspection and review of a student's records.

Certain limitations exist on a student’s right to inspect and review their own educational records. Those limitations include, for example, the following: (i) financial information submitted by parents; (ii) confidential letters and recommendations placed in their files prior to January 1, 1975; (iii) confidential letters and recommendations placed in their files prior to January 1, 1975 to which the student has waived his or her right to inspect and review and that are related to the student’s admission, application for employment or job placement, or receipt of honors. In addition, the term "educational record" does not include certain types of records such as, by way of example, records of instructional, supervisory, administrative, and certain educational personnel that are in the sole possession of the maker thereof, and are not accessible or revealed to any other individual except a substitute.

When a record contains personally identifiable information about more than one student, the student may inspect and review only the information that relates to him/her personally.

II. Disclosure of Educational Records

South University, Savannah generally will not permit disclosure of personally identifiable information from the records of a student without prior written consent of the student. Personally identifiable information is disclosed (some items are mandatory, some discretionary) from the records of a student without that student's prior written consent to the following individuals or institutions or in the following circumstances:

1. To South University, Savannah officials who have been determined by the school to have legitimate educational interests in the records. A school official is

Academic Integrity, Intellectual Property, and Copyright Policies

Undergraduate Academic Integrity Policy

South University Honor Code

While I attend South University, I will be a fair and honorable student, and will promote fair and honorable conduct in others. I will not cheat, and I will not help others to cheat. I will do my own work, and give proper and truthful reference to those whose work has contributed any amount of content to mine.

Nature of Academic Integrity

South University defines academic integrity as the complete, accurate, specific, and truthful representation of authorship, origin of ideas, mastery of material, and data, including access to and authorized use of resources.

The demonstration of academic integrity typically falls into four broad categories:

- *Mastery of material.* Students are responsible for the truthful representation of their mastery of material on tests or other academic exercises.
• **Representation of sources.** Students are responsible for the complete, accurate, specific, and truthful acknowledgement of the work of others, including, but not limited to, their words, ideas, phrases, sentences, or data.

• **Truthful submission of work.** Students are responsible for the truthful representation of data or other findings, projects, or other academic exercise.

• **Access and use of resources.** Students are responsible for ensuring that their access and use of resources complies with South University policies.

### Academic Dishonesty

Violations of the Academic Integrity Policy typically fall into the following categories: Cheating, Plagiarism, Fabrication, Sabotage and Academic Misconduct. Violations of academic integrity must be reported by faculty and administrators. Students should report violations of academic integrity. To aid understanding of what constitutes academic dishonesty the following definitions are provided:

#### Categories of Academic Dishonesty Include:

• **Cheating.** Cheating is an act of deception by which a student misrepresents his or her mastery of material on a test or other academic exercise. This includes unauthorized assisting, attempting to assist, or receipt of assistance on an exam.

• **Academic Misconduct.** Academic Misconduct includes the alteration of grades, involvement in the acquisition or distribution of un-administered tests, unauthorized submission of student work in more than one class and collusion to commit any act of academic dishonesty.

• **Sabotage.** Sabotage is the willful attempt to hinder another student's work.

• **Collusion.** Collusion is the unauthorized collaboration with any other person in preparing work offered for credit. Unless permission is received in advance from the faculty member a student may not submit work for one course that has been used to fulfill any academic requirement in another course at South University or any other institution.

The burden of proof shall be upon the faculty member bringing the charges to prove the case. All faculty are expected to keep thorough records and documentation with copies of the work submitted.

In the case of Level One warnings or Level Two violations, the instructor will meet with the student to outline the charge, including the level of violation and penalty. The penalty imposed by an instructor must be recorded on the AIVR and forwarded to the Office of the Dean of Academic Affairs and Operations, with copies to the Program Chair/Program Director and Dean of Student Affairs.

All student/instructor conferences regarding Level Three and Four violations will be informational only. Therefore it is not appropriate for these sessions to consider appeals at this time. The Dean of Academic Affairs and Operations will determine the penalty.

Procedures for infractions involving Online Courses

Violations of the University’s academic integrity policy require completion of the Academic Integrity Violation Report (AIVR). The AIVR report form is submitted online and will be received by the Office of Online Student Affairs-Conduct and the Assistant Vice Chancellor for Online Academic Operations. The burden of proof shall be upon the faculty member bringing the charges to prove the case. All faculty are expected to keep thorough records and documentation with copies of the work submitted.

In the case of Level One warnings or Level Two violations, the instructor will meet with the student to outline the charge, including the level of violation and penalty. A copy of the notification of the penalty imposed by an instructor must be forwarded to the Office of Online Student Affairs.

All student/instructor conferences regarding Level Three and Four violations will be informational only. Therefore, it is not appropriate for these sessions to consider appeals at this time. Appeal of Academic Integrity Violation Charge or Penalty Imposed for Campus-based Courses

Students are encouraged to attempt to resolve any academic issues with their instructor. When that process has been exhausted the student may appeal to the next levels. Once a penalty has been imposed, the student may accept the penalty, or they must file a written appeal. Then the appeal proceeds as outlined below:

For Level One warnings and Level Two Violations:
- First level of appeal is to the Program Director or Program Chair, whichever is located on the student’s campus.
- Second level of appeal is to the Dean of Academic Affairs and Operations at the South University campus where the infraction occurred.
- The third and final level of appeal, after the Dean of Academic Affairs and Operations, is to the College/School Dean. The decision of the College/School Dean is final.

For Level Three and Level Four Violations:
- First level of appeal is to the College/School Dean.
- Second level of appeal is the Vice Chancellor of Academic Affairs. The decision of the Vice Chancellor of Academic Affairs is final.

All written appeals must be filed within ten (10) calendar days once the penalty has been imposed. Failure to meet this deadline will typically render the appeal moot. Should an Academic Integrity Violation charge be
made at the end of a quarter, a grade of “I” will be assigned until the charge is adjudicated. It is the responsibility of the student then to appeal any adverse decision to the next level, again within ten (10) calendar days. The next level in the appeal process will not automatically consider it unless the student appeals it in writing and within the ten (10) calendar days.

Any written appeal by the student must be filed within the specified period of time and include:

- a clear statement of the nature and reason(s) of the appeal
- a clear concise statement of the material facts, with appropriate supporting documentation

Graduate Honor Code & Graduate Honor Council of South University

While I attend South University, I will be a fair and honorable student, and will promote fair and honorable conduct in others. I will not cheat, and I will not help others to cheat. Witnesses are strictly limited to persons with direct evidence or direct knowledge of the alleged offense. Character witnesses are excluded from providing testimony.

In the event a student violates the statement of confidentiality/attestation, he/she is subject to being charged with an academic/professional violation(s) with penalty(ies) to be decided in a separate hearing.

Section B. The procedure for conducting a hearing shall be as follows:

Intellectual Property Policy

Notice of South University’s Policies to Comply with the Higher Education Opportunity Act of 2008

The unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students and individuals to civil and criminal liabilities. Almost all of the music, movies, television shows, software, games and images found on the Internet are protected by federal copyright law. The owner of the copyright in these works has the right to control their distribution, modification, reproduction, public display and public performance. It is generally illegal therefore to use file sharing networks to download and share copyrighted works without the copyright owner’s permission unless "fair use" or another exemption under copyright law applies.

Fair use under the federal Copyright Act allows the use without permission of copyrighted material for the purpose of criticism, comment, news reporting or teaching under certain limited circumstances. There is no blanket exception from liability for students or employees of
educational institutions, however, and whether the use of copyrighted material without permission falls within “fair use” or one of the other exceptions in the Act depends on a very detailed, case-by-case analysis of various factors. Students should be aware that sharing music, videos, software and other copyrighted materials is very likely not to be considered a “fair use” and therefore may be a violation of the law.

A violation of the institution’s policy for use of its information technology system can result in termination of network access for the student and/or other disciplinary action including removal of the student from the institution. Moreover, there are severe civil and criminal penalties for copyright infringement under federal law. A copyright owner is entitled to recover actual damages and profits resulting from an infringement, but also may recover statutory damages ranging from $750 to $30,000 per work for a non-willful infringement and up to $150,000 for a willful infringement, even if there is no proof of actual damages, in addition to court costs and reasonable attorneys’ fees. The government also can file criminal charges that can result in fines and imprisonment.

South University’s policies in regard to copyright infringement via the Internet prohibit the illegal downloading or unauthorized distribution of copyrighted materials using the institution’s information technology system. South University’s policies prohibit use of the South University computer network to engage in illegal copying or distribution of copyrighted works such as by unauthorized peer-to-peer file sharing (i.e., the sharing of copyrighted works, typically in digital or electronic files, without permission.)

The student must obey the terms of the initial decision pending the outcome of the appeal i.e. a student who has been suspended or expelled from school may not be on school property.

The request must be made in writing to the Dean of Student Affairs within five working days of notification of the above decision and must include the student's reasons for the appeal. The request must include specific reasons why the student feels the disciplinary process, the finding, and/or the sanction should be reviewed by a committee. If no request for appeal is made, the decision is final. Requests for a hearing will result in the University Conduct Committee being contacted to arrange a hearing not less than two or more than fifteen calendar days after notice of the original decision has been given to the student. The maximum time limit for scheduling a hearing may be extended at the discretion of the Dean of Student Affairs if the decision is rendered during a university break between terms when most faculty and students are off campus.

The University Conduct Committee will hold a hearing on the appeal and make a recommendation regarding disposition of the appeal. This committee will be comprised of staff and faculty members not involved in making the initial disciplinary decision. Committee members are chosen at the sole discretion of South University and will be comprised of one Department Chair or coordinator, one faculty member, and one student. South University reserves the right to exclude a student member from the Conduct Committee when circumstances merit. The Dean of Student Affairs or his/her delegate will coordinate and provide logistical support to the hearing. The student making the appeal and the person bringing the charges will be provided an opportunity to address the committee in person. The student may be accompanied by one person (family member, friend, etc.) as an observer. The student may not be accompanied by an attorney. The committee may prohibit from attending or remove any person who disrupts the proceedings of the committee. The committee shall determine all matters relating to the conduct of the hearing including, for example, relevancy of evidence, duration of the hearing or any part thereof, procedures, the weight to be given any evidence.

The committee will report back to the President or his/her delegate with its recommendation following its review of the appeal. The President or his/her delegate will render a written decision on the appeal within thirty calendar days from receipt of the appeal and communicate this promptly to the student. South University strives to create a welcoming environment and provide a clean and well-maintained campus for the benefit of its students, faculty and staff. In order to balance the reasonable needs of individuals who use the campus with our desire to create a healthy and clean campus, the University maintains the following food and drink policy.

- Food and drink may be consumed in student lounges and outside eating areas,
- Food and drink may be transported or stored in closed containers in hallways, classroom, and labs for use in one of the above approved areas at a later time.
- Only water in clear, plastic, re-sealable bottles may be consumed in classrooms, hallways or laboratories. No other food or drink items are allowed in the classrooms.

What you can do to help create an environment to be proud of:
- Dispose of your food trash in the trash cans outside or in the student lounge.
- Report spills to custodial staff or administrative personnel as soon as possible.
- Cooperate with faculty and staff if they ask you to comply with the policy.
- Encourage fellow students and employees to take pride in their environment.

Students who are not abiding by the policy will be asked to take their food and drink outside. Repeated abuse will result in disciplinary action.

*Students or employees that have specific health considerations should consult the Dean of Student Affairs for information on exceptions to this policy.*

Student Grievance Procedure for Internal Complaints of Discrimination and Harassment

Students who believe they have been subjected to discrimination or harassment (other than sexual harassment) in violation of the Non-Discrimination Policy should follow the procedure outlined below. (Please note that students who believe they have been subjected to sexual harassment should follow the reporting process in the Sexual Misconduct and Relationship Violence Policy.) This complaint procedure is intended to provide a fair, prompt and reliable determination about whether the South University Non-Discrimination Policy has been violated.

1. Complainants are encouraged to file a complaint as soon as possible after an alleged incident of discrimination has occurred. Any student who chooses to file a discrimination complaint should do so either with the Dean of Students at kpahno@southuniversity.edu or 912-201-8079 or with the Dean of Academic Affairs at tblackston@southuniversity.edu or 912-790-4194. Online students should file complaints with studentcomplaints@southuniversity.edu. The complaint should be presented in writing and it should describe the alleged incident(s) and any corrective action sought. The complaint should be signed by the complainant.

2. South University, Savannah will investigate the allegations. Both the accuser and the accused are entitled to have others present during a disciplinary proceeding. Both will be informed of the outcome of any campus disciplinary proceeding. For this purpose, the outcome of a disciplinary proceeding means only South University, Savannah’s final determination with respect to the alleged sexual offense and any sanction that is imposed against the accused. Both the complainant and the accused will have the opportunity to meet and discuss the allegations with the investigator and may offer any witnesses in support of their position to the investigator during the course of the investigation. A student may be accompanied during investigation meetings and discussions by one person (family member, friend, etc.) who can act as an observer, provide emotional support, and/or assist the student in understanding and cooperating in the investigation. The observer may not be an attorney, unless otherwise required by local law. The investigator may prohibit from attending or remove any person who disrupts the investigation in the investigator’s sole discretion.

3. The student who made the complaint and the accused shall be informed promptly in writing when the investigation is completed, no later than 45 calendar days from the date the complaint was filed. The student who made the complaint shall be informed if there were findings made that the policy was or was not violated and of actions taken to resolve the complaint, if any, that are directly related to him/her, such as an order that the accused not contact the student who made the complaint. In accordance with institutional policies protecting individuals’ privacy, the student who made the complaint may generally be notified that the matter has been referred for disciplinary action, but shall not be informed of the details of the recommended disciplinary action without the consent of the accused.

4. The decision of the Investigator may be appealed by petitioning the President's Office of South University, Savannah. The written appeal must be made within twenty calendar days of receipt of the determination letter. The President, or his or her designee, will render a written decision on the appeal within 30 calendar days from receipt of the appeal. The President's decision shall be final.

5. South University, Savannah will not retaliate against persons bringing forward allegations of harassment or discrimination.

6. Matters involving general student complaints will be addressed according to the Student Complaint Procedures, a copy of which can be found in the Student Handbook or Academic Catalog.

7. For more information about your rights under the federal laws prohibiting discrimination, please contact the Office for Civil Rights at the U.S. Department of Education or visit the website at http://www.ed.gov/ocr.

**Sexual Misconduct & Relationship Violence Policy; Procedures for Handling Sexual Misconduct and Relationship Violence Complaints**

South University values civility, dignity, diversity, education, honesty, and safety and is firmly committed to maintaining a campus environment free from all forms of sex discrimination, sexual harassment, and sexual assault. Sexual Misconduct and Relationship Violence, defined more specifically below, are inconsistent with these values, violate institutional policy, and will not be tolerated at South University and are expressly prohibited. Similarly, retaliation for having brought forward a concern or allegation or for participating in an investigation of a report of Sexual Misconduct or Relationship Violence is also expressly prohibited and is grounds for disciplinary action.

This Policy provides information regarding how an individual – whether a student, faculty member, or staff member – can make a report of Sexual Misconduct or Relationship Violence impacting a student and how South University will proceed once it is made aware of any such report.

For faculty and staff members who believe they are the victim of sexual misconduct, please follow our No Harassment policy in the Employee Handbook.
I. Preliminary Issues & Important Definitions

This Policy prohibits “Sexual Misconduct” and “Relationship Violence,” broad categories encompassing the conduct defined below. Sexual Misconduct and Relationship Violence can be committed by anyone, including third parties, and can occur between people of the same sex or different sexes and regardless of one’s biological sex or transgendered sex. This policy applies to Sexual Misconduct and Relationship Violence that is committed against a student when that Sexual Misconduct or Relationship Violence occurs: (i) on campus; (ii) off-campus if in connection with a University-sponsored program or activity or in student housing; or (iii) off-campus if allegedly perpetrated by a fellow student, faculty member, staff member, or third party when the victim/reporting student reasonably believes that the off-campus conduct has created a hostile educational environment.

A. What is “Sexual Misconduct”?

Sexual Misconduct includes:

- Sexual Assault: Having or attempting to have sexual intercourse, cunnilingus, or fellatio without Consent (as defined below). Sexual intercourse is defined as anal or vaginal penetration by a penis, tongue, finger, or inanimate object.

- Non-Consensual Sexual Contact: Any intentional sexual touching with any body part or object by any person upon any person without Consent.

- Sexual Exploitation: An act attempted or committed through the abuse or exploitation of another person’s sexuality. Examples include, but are not limited to, prostituting another student; inducing a student into sexual intercourse, sexual contact, or other sexual activity by implicit or explicit threat of exposure of personal information or academic consequences; non-consensual video or audio-taping of sexual activity; allowing others to observe a personal consensual sexual act without the knowledge or Consent of all involved parties; and knowingly transmitting or exposing another person to a sexually transmitted infection without the person’s knowledge.

- Indecent Exposure: The exposure of the private or intimate parts of the body in a lewd manner in public or in private premises when the accused may be readily observed.

- Sexual Harassment: unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when it meets any of the following: (a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s academic status; or (b) Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting such individual; or (c) Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus.

B. What is “Relationship Violence”?

Relationship Violence includes:

- Domestic Violence: Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a current or former spouse or intimate partner or any other person from whom the student is protected under federal or applicable state law.
• Dating Violence: Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The existence of such a relationship is generally determined based on a consideration of the length and type of relationship and the frequency of interaction.

• Stalking: A course of conduct directed at a specific person that would cause a reasonable person to fear for their own safety or the safety of others or suffer substantial emotional distress. A course of conduct means two or more acts in which a person directly, indirectly or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person or interferes with a person’s property.

The following also constitute violations of this Policy:

• Complicity: Assisting, facilitating, or encouraging the commission of a violation of this Policy.

• Retaliation: Acts or attempted acts for the purpose of interfering with any report, investigation, or proceeding under this Policy, or as retribution or revenge against anyone who has reported Sexual Misconduct or Relationship Violence or who has participated (or is expected to participate) in any manner in an investigation, or proceeding under this Policy. Prohibited retaliatory acts include, but are not limited to, intimidation, threats, coercion, or discrimination. To be clear, retaliation against a Complainant for reporting an incident or against any witness who participates in an investigation is strictly prohibited.

C. Who are “Complainants” and “Respondents”?

South University is not a court of law. We also do not engage in victim-blaming or rushes to judgment. Therefore, without judgment, we refer to anyone who reports that s/he has experienced Sexual Misconduct as a “Complainant” and to anyone who reportedly has engaged in Sexual Misconduct as a “Respondent.”

D. Defining Consent

In many cases of Sexual Misconduct, the central issue is consent or the ability to give consent. Consent is a voluntary agreement to engage in sexual activity. Consent to engage in sexual activity must exist from beginning to end of each instance of sexual activity. Past Consent does not imply future Consent, and Consent to engage in one form of sexual activity does not imply Consent to engage in a different form of sexual activity. Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage in a specific sexual activity. Consent must be knowing and voluntary. To give Consent, a person must be awake, of legal age, and have the capacity to reasonably understand the nature of her/his actions. Individuals who are physically or mentally incapacitated cannot give Consent.

Silence, without actions evidencing permission, does not demonstrate Consent. Where force, threats, or coercion is alleged, the absence of resistance does not demonstrate Consent. Force, threats, or coercion invalidates Consent. The responsibility of obtaining Consent rests with the person initiating sexual activity. Use of alcohol or drugs does not diminish one’s responsibility to obtain Consent or negate one’s intent.

Consent to engage in sexual activity may be withdrawn by either person at any time. Once withdrawal of Consent has been clearly expressed, the sexual activity must cease.

Incapacitation is the inability, temporarily or permanently, to give Consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, due to an intellectual or other disability that prevents the student from having the capacity to give Consent, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring. In addition, an individual is incapacitated if he or she demonstrates that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. Some indicators that an individual is incapacitated may include, but are not limited to, vomiting, unresponsiveness, inability to communicate coherently, inability to
dress/undress without assistance, inability to walk without assistance, slurred speech, loss of coordination, lack of awareness of circumstances or surroundings, or inability to perform other physical or cognitive tasks without assistance.

E. Title IX Coordinator & Deputy Coordinators

The Title IX Coordinator for South University is: Alisa Krouse, Assistant Chancellor for Student Affairs. The Title IX Coordinator is responsible for, among other things, coordinating the campus's efforts to comply with and carry out the campus's responsibilities under Title IX of the Education Amendments of 1972, including compliance with this policy. The Title IX Coordinator will help to coordinate any investigations under this Policy.

In addition, the University has other individuals who serve as Deputy Title IX Coordinators to help oversee investigations and determination proceedings under this Policy.

II. Reporting & Confidentiality

We encourage victims of Sexual Misconduct & Relationship Violence to talk to somebody about what happened – so they can get the support they need, and so the University can respond appropriately.

Different employees on campus have different abilities to maintain confidentiality:

- **CONFIDENTIAL REPORTING**: Some individuals are required to maintain near complete confidentiality. These include professional counselors such as those provided by Talk One2One counselling services. These individuals can provide resources and generally talk to a victim without revealing any personally identifying information about an incident to the University. A victim can seek assistance and support from these individuals without triggering a University investigation.

- **NON-CONFIDENTIAL REPORTING**: Other than professional counsellors defined above, most other employees and contractors are required to report all the details of an incident to the Title IX coordinator. A report to these employees (called “responsible employees”) constitutes a report to the University and generally obligates the University to investigate the incident and take appropriate steps to address the situation. The following campus employees (or categories of employees) are examples of responsible employees: the Title IX Coordinator, all Deputy Title IX Coordinators, President, Dean of Student Affairs, other Student Affairs staff, Housing staff, Academic Advisors, the Security Team (including contract security personnel), all full-time and adjunct Faculty, Human Resources, and Employee Relations.

The University will seek to protect the privacy and confidentiality of the individuals involved in any report of alleged Sexual Misconduct or Relationship Violence to the extent possible and allowed by law. The Title IX Coordinator will evaluate any request for confidentiality in the context of the University's responsibility to provide a safe and nondiscriminatory environment to all members of its community.

The University will complete any publicly available record-keeping, including Clery Act reporting and disclosure, without the inclusion of identifying information about the alleged victim. It will also maintain as confidential any interim measures or remedies provided to the alleged victim to the extent that maintaining confidentiality will not impair its ability to provide the interim measures or remedies.

In addition to internal reporting, the University strongly encourages anyone who believes they have experienced a sexual assault (or any other crime) to make a report to local law enforcement. Collection and preservation of evidence relating to the reported sexual assault is essential for law enforcement investigations, so prompt reporting of the incident to law enforcement is especially critical. Designated staff will, upon request, assist an individual in making a report to law enforcement as necessary and appropriate.

Although we strongly encourage complainants to report to local law enforcement, such a report is not a prerequisite to the University’s review and investigation of any complaint covered by this Policy. The University will honor a Complainant’s request not to report the matter to local law enforcement UNLESS we have a reasonable basis to believe that the safety and security of the campus community is at risk. In this event, the
University will endeavor to notify a Complainant or Reporter of the institution’s intent to report the matter to law enforcement in advance of any such report.

The University does not limit the time frame for reporting under this Policy, although a delay in reporting may impact the University’s ability to take certain actions.

Other Code of Conduct Violations: The University encourages students who have been the victim of Sexual Misconduct or Relationship Violence to come forward. Students should not be discouraged from reporting such incidents because they fear discipline for their own violations of the Student Code of Conduct, such as use of alcohol in University housing. Therefore, the University has discretion not to pursue other violations of the Student Code of Conduct that occurred in the context of the reported incident of Sexual Misconduct or Relationship Violence.

III. Response Procedure

Students are encouraged to report any incident of Sexual Misconduct or Relationship Violence to the Title IX Coordinator, Deputy Title IX Coordinator, the Dean of Student Affairs, or the Campus President. If a report is made verbally, the University will request a written statement by the student.

Upon receipt of a report, the University will generally proceed as described below.

A. Investigation Commencement

The University will provide a timely and thorough investigation. Barring exigent circumstances, cases of Sexual Misconduct and Relationship Violence will generally be resolved within a 60 day period once the incident has been reported. An extension of time may be necessary if witnesses are unavailable or uncooperative or due to other extenuating circumstances beyond the control of the investigator.

B. Initial Response

Once the University is put on notice of possible Sexual Misconduct and Relationship Violence, the Complainant will be offered appropriate confidential support, accommodations, and other resources and will be notified of applicable policies and procedures. Accommodations include the ability to move to different housing, to change work schedules, to alter academic schedules, to withdraw from/retake a class without penalty, and to access academic support. The Respondent also will be offered appropriate resources and notified of applicable policies and procedures.

C. Interim Intervention

Pending a final determination, the Title IX Coordinator and/or Student Affairs staff will take appropriate interim measures. These measures may include, but are not limited to, the imposition of a no-contact order and/or employment, transportation, residence, and academic modifications. Student Affairs staff may limit a student or organization’s access to certain University facilities or activities pending resolution of the matter. The University may impose an Interim Suspension on the Respondent pending the resolution of an alleged violation when the University determines, in its sole discretion, that it is necessary in order to protect the safety and well-being of members of the campus community.

D. Decision to Proceed to Investigation

If the Complainant is willing to participate in the review and investigation process, the University will proceed as described below in Section III (E).

If the Complainant requests a confidential investigation, the University will seek to protect the privacy and confidentiality of the Complainant to the extent possible and allowed by law. The Title IX Coordinator will evaluate any request for confidentiality in the context of the University’s responsibility to provide a safe and nondiscriminatory environment to all members of its community.

If a confidential investigation is requested and agreed to, the University will investigate without revealing the name of the Complainant in any interview or email and will not ask questions that inadvertently or reasonably could reveal the identity of the Complainant.
If the Complainant asks that the report of sexual misconduct not be pursued, the University will consider the interests of the Complainant, the campus community, law enforcement, and/or other appropriate interests under the circumstances. The University, in consultation with the Title IX Coordinator, will make a final decision on whether and to what extent it will conduct an investigation, and notify the Complainant promptly.

**E. Investigation Procedure**

Investigators do not function as advocates for either Complainants or Respondents. Investigators can, however, identify advocacy and support resources for either Complainants or Respondents.

The Respondent will receive written notice of the report and the nature of the alleged misconduct. He/She will be advised in writing of the investigation process and opportunity to provide any relevant evidence.

The Investigation will generally be conducted by the Dean of Student Affairs for the campus (or any other individual appointed by the Title IX Coordinator) if the Respondent is a student. If the Respondent is a faculty or staff member, Employee Relations will also participate in the investigation.

The investigator will separately interview both Complainant and Respondent. Both parties will be able to provide evidence and suggest other witnesses to be interviewed. The investigator will interview other relevant witnesses and review any other available relevant evidence. Both the Complainant and Respondent can have another individual present during their own respective interviews. If the Complainant or Respondent elects, they may have an attorney present during their own interview, but said attorney may not advocate during the interview.

**F. Determinations**

1. For cases where the Respondent is a student.

The investigator will present all evidence to the Title IX Coordinator (or his/her designated Deputy Title IX Coordinator). In all cases, the Title IX Coordinator or the designated Deputy Title IX Coordinator will be appropriately trained regarding handling and considering sexual misconduct and relationship violence cases.

The Title IX Coordinator will weigh the evidence presented and decide whether additional evidence is necessary for consideration. Ultimately, the Title IX Coordinator will make a determination of whether a violation of the Sexual Misconduct & Relationship Violence Policy or any other policy has occurred.

The University reserves the right to convene a Determination Panel to review the evidence and make the determination in appropriate circumstances.

2. For cases where the Respondent is a Faculty or Staff Member.

The investigator will present all evidence to the Ethics Committee of EDMC. The Ethics Committee will be appropriately trained regarding handling and adjudicating sexual misconduct and relationship violence cases. The Ethics Committee will weigh the evidence presented and make a determination whether a violation of the Sexual Misconduct & Relationship Violence Policy or any other policy has occurred.

**G. Standard of Proof**

In all cases under the Sexual Misconduct policy, the Title IX Coordinator (or designee) or the Ethics Committee will determine if a violation of policy has occurred by the preponderance of evidence standard. Thus, they will determine whether it is more likely than not that a violation has occurred.

**H. Potential Sanctions**

If a violation of policy has been found, the Title IX Coordinator or the Ethics Committee will impose appropriate sanctions, including but not limited to coaching, training, probation, suspension, or expulsion in the case of students or coaching, training, written warning, demotion, or termination in the case of employees.

**I. Outcome Notifications**

Both the Complainant and Respondent will be notified in writing of the outcome of the investigation and of the sanctions imposed, if any.
J. Appeals

If the Complainant or Respondent is a student, he or she may appeal the outcome determination by written appeal to the Campus President within 15 days of notification of the outcome. An appeal may be made based only on one or more of the following reasons:

1. New and significant evidence appeared that could not have been discovered by a properly diligent charged student or complainant before or during the original investigation and that could have changed the outcome.

2. The Finding is Arbitrary and Capricious: Reading all evidence in the favor of the non-appealing party, the finding was not supported by reasonable grounds or adequate consideration of the circumstances. In deciding appeals, the Campus President is allowed to make all logical inferences in benefit of the non-appealing party.

3. Disproportionate Sanctions: The sanctions were disproportionate to the findings.

The appeal shall consist of a written statement requesting review of the conduct decision or sanction and explaining in detail the basis for the appeal. The Campus President, or designated representative, will notify the non-appealing party of the request for an appeal. Within five working days of receipt of the notice, the non-appealing party may submit a written statement to be included in the case file. The appeal may proceed without the non-appealing party’s written statement if it is not submitted within the designated time limit.

The Campus President will endeavor to make a determination of the appeal within 15 business days of receipt. The President’s decision is final.
Jury Waiver and Agreement To Binding, Individual Arbitration

Student and South University, Savannah irrevocably waive our rights to a trial by jury and agree instead that any and all disputes, no matter how described, pleaded or styled, between me and South University, Savannah (including its parent and past and present affiliates, employees, agents, and lenders) or related to any aspect of my relationship with or any act or omission by South University, Savannah (“Claim”) shall be resolved by individual binding arbitration, conducted by the American Arbitration Association (“AAA”) under its Commercial Arbitration Rules and applicable Supplementary Procedures for Consumer-Related Disputes (“AAA Rules”) and in accordance with the terms of this Jury Waiver and Agreement to Binding, Individual Arbitration (“Arbitration Agreement”). Student can obtain a copy of the AAA Rules at www.adr.org or by calling 1-800-778-7879. This Arbitration Agreement, however, does not modify Student’s right, if any, to file a grievance with any state educational licensing agency or accrediting body.

1. Student is strongly encouraged to first attempt to resolve the Claim by using the General Student Complaint Procedure outlined in the Catalog.

2. Neither party shall file or maintain any lawsuit in court against the other, and any suit filed in violation of this Arbitration Agreement shall be dismissed by the court in favor of arbitration conducted pursuant to this Arbitration Agreement. The parties agree that the moving party shall be entitled to an award of costs and fees of compelling arbitration.

3. The arbitration shall take place before a single, neutral arbitrator in the federal judicial district in which Student resides, unless the parties agree otherwise.

4. Student will be responsible for paying a portion of the AAA filing fee at the time his/her Claim is filed in an amount equal to $200 or the applicable filing fee of the court of general jurisdiction in the district/circuit near me, whichever fee is less. The parties shall bear the expense of their own attorneys, experts and witnesses, unless the applicable law provides, and the arbitrator determines, otherwise.

5. Student agrees not to combine or consolidate any Claims with those of other students, such as in a class or mass action, or to have any Claims be arbitrated or litigated jointly or consolidated with any other person’s claims. Further, the parties agree that the arbitrator shall have no authority to join or consolidate claims by more than one person. I understand that I may opt out of this single-case provision by delivering via certified mail return receipt a written statement to that effect to the Vice President and Senior Counsel of South University, Savannah /EDMC at 210 Sixth Avenue, Suite 3300 Pittsburgh, PA 15222 within 30 days of my first execution of an Enrollment Agreement.

6. The Federal Arbitration Act (FAA), including all its substantive and procedural provisions, and related federal decisional law shall govern this Arbitration Agreement to the fullest extent possible. All determinations as to the scope, enforceability, validity and effect of this Arbitration Agreement shall be made by the arbitrator, and not by a court. However, any issue concerning the validity of paragraph 5 above must be decided by a court, and an arbitrator does not have authority to consider the validity of paragraph 5. If for any reason, paragraph 5 is found to be unenforceable, any putative class or mass action may only be heard in court on a non-jury basis and may not be arbitrated under this Agreement.

7. The arbitrator shall have the power to award any remedy that directly benefits the parties to this Arbitration Agreement (provided the remedy would be available from a court under the law where the Arbitration Agreement was executed) but not the power to award relief for the benefit of anyone not a party to this Arbitration Agreement.

8. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction.
9. Notwithstanding any provision in the Catalog or Enrollment Agreement, this Arbitration Agreement shall not be modified except by written agreement signed by both parties. Any or all of the provisions set forth in this Arbitration Agreement may also be waived by the party against whom the Claim is asserted, but such waiver shall be in writing, physically signed (not merely electronically signed) by the party waiving, and specifically identify the provision or provisions being waived. Any such waiver shall not waive or affect any other portion of the Arbitration Agreement.

10. This Arbitration Agreement shall survive the termination of Student’s relationship with South University, Savannah.

11. If any part(s) of this Arbitration Agreement are found to be invalid or unenforceable, then such specific part(s) shall be of no force and effect and shall be severed, but the remainder of the Arbitration Agreement shall continue in full force and effect.

RELATIONSHIPS WITH LOCAL AND STATE POLICE

South University is located in Savannah, Georgia. South University maintains close working relationships with the Chatham County Police Department with periodic contact initiated by South University personnel to ensure that the college is aware of criminal offenses and arrests occurring on or near the campus so that they can be properly reported, and if necessary, provide for timely warning reports on crimes that represent a continuing threat. The institution does not have any agreements or memoranda of understanding with law enforcement.

TIMELY WARNINGS

Timely warnings are provided to give students, faculty, and staff notification of crimes that have occurred on the institution’s geographic area and have been reported to campus security authorities or to local police agencies and are considered by the institution to represent a serious or continuing threat to students and employees. Timely warnings are not limited to violent crimes or crimes against person, but may be threats to persons or to property. For example, there may be a rash of burglaries or motor vehicle thefts that merit a warning because they represent a continuing threat to the campus community.

The decision to issue a timely warning is based on the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. The timely warning should allow the members of the campus community protect themselves. Timely warning reports are provided to the campus community in a variety of ways so that the warning will be able to reach the entire campus community. The timely warning includes information about the crime that triggered the timely warning and all information that will promote safety and that would aid in the prevention of similar crimes. Once South University determines the content of the warning, timely warning reports are provided through a variety of mechanisms, including the emergency notification tool ‘My Campus Alert’, the student portal site, the school website, email, posters, letters and flyers and digital signage.

Information regarding registration for the My Campus Alert System is available under the section of the Clery Report titled “Emergency Notification” and in the Student Affairs office. Every student can update their My Campus Alert System contact preference via the student portal homepage. Students can do this via the button entitled ‘Update Profile / My Campus Alert’.

PROGRAMS TO INFORM STUDENTS ABOUT CAMPUS SECURITY

All new South University employees and students are instructed on crime awareness, prevention and campus security during orientation, and are encouraged to take responsibility for their own security, as well as the security of their fellow classmates. The orientation program, which takes place eight times per year, includes a description of campus security policies and procedures, suggestions on how to avoid becoming a crime victim, evacuation plans at the main campus and at school-sponsored housing, and procedures for reporting any criminal activity or
emergency. Students in school-sponsored housing are given the names and phone numbers of the Insert Title, who live on the premises or are on-call, in case of an emergency. The Insert Title discusses first aid and safety at orientation and quarterly housing meetings. Students and employees are also given a safety brochure which gives safety tips for the home, while driving a car, while walking and while on campus. The safety brochure also includes a list of emergency telephone numbers.

In addition South University provides presentations on campus safety and security quarterly. These presentations are open to all students, staff and faculty. The orientation program, which takes place eight times per year, includes a description of campus security policies and procedures, suggestions on how to avoid becoming a crime victim, evacuation plans at the main campus and at school sponsored housing, and procedures for reporting any criminal activity or emergency.

South University Dean of Student Affairs, as well as the Campus President, encourage victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. However, the names of victims or witnesses who provide information on criminal offenses are not disclosed in the annual disclosure of crime statistics and are maintained by South University in a secure location.

PROGRAMS TO INFORM STUDENTS AND EMPLOYEES ABOUT THE PREVENTION OF CRIMES

South University also provides educational safety programs to the student body. These programs are designed to heighten awareness of crime and its prevention. These educational safety programs are conducted by local law enforcement officials at least two times per year. Topics included in these informational programs are personal safety, living in a city, crime prevention, basic safety, and neighborhood watch programs.

Students are requested to review South University's Student Handbook where sections discussing Crime Awareness and Campus Security and Student Conduct Policy can be found. Employees are requested to review South University's Employee Handbook where information regarding Standards of Conduct and Safety can be found.

Educational programs promoting the prevention and awareness of rape, acquaintance rape, domestic violence, dating violence, stalking and other sex offenses are provided to all incoming and current students and new and current employees annually via an interactive, online learning module. The training:

- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- Defines what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- Defines what behavior and actions constitute consent to sexual activity in Georgia;
- Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the bystander. For instance, in a situation involving sexual assault, dating violence, or stalking, a bystander should minimize risk and:
  - Approach everyone as a friend;
  - Not be antagonistic;
  - Avoid violence;
  - Be honest and direct whenever possible;
  - Recruit help, if possible;
  - Keep safe; and
  - If things get out of hand, contact the police.
- Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to minimize the risk of potential attacks;

The online learning module is available to students at any time. To access the training, log on to the student portal and click on the link below:

Employees may access the training via the Learning Management System (LMS).

Brochures on sexual assault issues are available in the Associate Dean of Student Affairs should a student or employee report to the institution that he or she has been a victim of domestic violence, dating violence, sexual
assault, or stalking. It is the student(s) option to notify the appropriate law enforcement authorities, including on-campus authorities and local police. At the student’s request, Associate Dean of Student Affairs or other South University officials will assist in notifying the proper authorities. Victims of sexual assault or rape should follow these recommended steps:

- Go to a safe place following the attack.
- Do not shower, bathe, or destroy any of the clothing you were wearing at the time of the attack. It is important that evidence be preserved for proof of a criminal offense or assistance in obtaining a protection order.
- Go to a hospital emergency room for medical care.
- A medical examination is the only way to ensure you are not injured and it could provide valuable evidence should you decide to prosecute. Even if you do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.
- Call someone to be with you; you should not be alone.
- You are also encouraged to preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to hearing boards/investigators or police.

It is also recommended that victims call the Rape Crisis Hotline at (888) 241-7273. It is open 24 hours a day and their counselors can help answer medical and emotional questions at any hour and in complete confidence. Reporting the rape to the police is up to the victim, but it is important to remember that reporting a rape is not the same as prosecuting a rape. Victims are strongly encouraged to call the police and report the rape. If the victim requests, South University staff will assist the victim in notifying law enforcement authorities. If the victim needs additional counseling services beyond those identified below, South University staff will assist in identifying off-campus counseling or mental health services.

If the victim does not want to pursue action with South University’s system or the criminal justice system, the student still may want to consider making a confidential report. With the student’s permission, the Associate Dean of Student Affairs or the Dean of Student Affairs can file a report on the details of the incident without revealing the student’s identity. The purpose of the confidential report is to comply with the student’s wish to keep the matter confidential, while taking steps to ensure the safety of the student and that of others.

Any member of the college community may file a complaint against any student, staff or faculty member.

- The complaint shall be prepared in writing or in an incident report and directed to the Dean of Student Affairs or his/her delegate.
- The written complaint or incident report should include the nature of the offense, date, approximate time and location of incident. The name of the victim, offender and any witness/s may be included.

After any campus sexual assaults are reported, the victims of such crimes have the right to request that South University personnel take steps or actions reasonably feasible to prevent any unnecessary or unwanted contact or proximity with alleged assailants. These measures may include:

- Providing an escort to ensure the alleged victim can move safely between classes and activities.
- Ensuring that the alleged victim and the alleged perpetrator do not attend the same classes.
- Providing referral to counseling services or providers.
- Providing academic support services, such as tutoring.
- Arranging for the victim to re-take a course or withdraw from a class without penalty.
- Relocation in school-sponsored housing if applicable.
In addition, South University will take the necessary measures, within reason, to comply with any protection or no contact orders that South University is made aware of.

Victims will receive written notification about options for, and available assistance, in changing academic, living, transportation, and working situations, if so requested by the victim.

Rape crisis centers or mental health agencies available to assist a victim of sexual offenses include: Rape Crisis Center of the Coastal Empire East Bryan Street, Savannah, Georgia 31412, 912 233 3000. Written notification to students and employees about their rights and options regarding existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims both on-campus and in the community will be provided.

**PROCEDURES TAKEN BY SOUTH UNIVERSITY ONCE SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE, OR STALKING HAS BEEN REPORTED; DISCIPLINARY ACTION AND SANCTIONS**

Upon learning of possible sexual violence involving a student, regardless of whether the victim chooses to report the incident to law enforcement, South University will take immediate action to investigate or otherwise determine what happened. Such action may include, but is not limited to, speaking with the alleged victim, the alleged perpetrator and other potential witness as appropriate and reviewing other evidence if available.

On-campus disciplinary procedures against students will be in accordance South University published Student Conduct Policy, which are prompt, fair, and impartial from the initial investigation to the final result. The Dean of Student Affairs will receive annual training related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

In cases involving serious violations, the Dean of Student Affairs or his/her delegate, hereby referred to as “Hearing Officer”, in his or her sole discretion, may choose to assemble a Disciplinary Panel to adjudicate the process. A Disciplinary Panel may consist of members of the Campus Staff and Faculty.

Procedures Regarding General Code of Conduct Violations

- Alleged violations of the Code of Conduct or other student misconduct shall be referred to the Hearing Officer. Within a reasonable period of time after the complaint is received, the Hearing Officer will notify both the accused and accuser of the complaint and the alleged violation of the student conduct policy. This notification may be in written form. The student will meet with the Hearing Officer to discuss the complaint and alleged violation. The Hearing Officer will render and communicate the decision to the student.

- Both the accused and accuser should receive advanced notice of the allegations and the reason for the meeting. If a good faith effort has been made to contact the accused and accuser to discuss the alleged violation and the either or both the accused and accuser fails to appear for the meeting, the Hearing Officer may make a determination of violations of South University policies on the basis of the information available, and impose sanctions for such violations. This decision shall be communicated simultaneously in writing to both the accused and accuser as well as any procedures for appeal.

- The Hearing Officer’s determination shall be made on the basis of whether it is more likely than not that the student violated a rule, regulation or policy of South University. The standard of evidence that will be used is preponderance of the evidence. This is a burden of proof in which it is determined to be more likely than not, or at least 51% certain, that the violation has in fact occurred.
Procedures Regarding Student Dismissals

When the Administration proposes to dismiss/expel a student from South University, the following procedures should apply unless the student elects to forego them.

- The charges against the student shall be presented to both the accused and accuser in written form, including the time, place and nature of the alleged offense(s). A time shall be set for a hearing not less than two nor more than fifteen calendar days after the student has been notified of the charges and his/her proposed dismissal from school. Maximum time limits for scheduling of hearings may be extended at the discretion of the Hearing Officer.
- Hearings shall be conducted by the Hearing Officer according to the following guidelines:
  - Hearings normally shall be conducted in private.
  - Admission of any person to the hearing shall be at the discretion of the Hearing Officer.
  - In hearings involving more than one student, the Hearing Officer, in his or her discretion, may permit the hearing concerning each student to be conducted separately.
  - The complaining party (which may be a member of the Administration) and the student may present witnesses at the hearing. Those witnesses may be questioned by the Hearing Officer.
  - Both the accuser and the accused are entitled to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the adviser of their choice.
  - Pertinent records, exhibits and written statements may be accepted as evidence for consideration by the Hearing Officer at his/her discretion.
  - All procedural questions are subject to the final decision of the Hearing Officer.
  - After the hearing, the Hearing Officer shall determine whether the student has violated the rules, regulations or policies that the student is charged with violating. The Hearing Officer will issue a written determination. If the Hearing Officer determines that a violation has occurred, the Hearing Officer’s determination will also address whether dismissal from South University is an appropriate sanction for the offense(s).
  - The Hearing Officer’s determination shall be made on the basis of whether it is more likely than not that the student violated a rule, regulation or policy of South University. The standard of evidence that will be used is preponderance of the evidence. This is a burden of proof in which it is determined to be more likely than not, or at least 51% certain, that the violation has in fact occurred.
  - The Hearing Officer shall provide both the accused and accuser with a simultaneous written copy of the determination, including information regarding the student’s right of appeal to the University Conduct Committee.

If South University determines that sexual violence may have occurred, the Institution will take steps proactively designed to promptly and effectively end the sexual violence or the threat of sexual violence, prevent its recurrence, and address its effects regardless of whether the alleged actions are subject to criminal investigation.

For this purpose, the outcome of a disciplinary proceeding means only South University’s final determination with respect to the alleged sexual offense and any sanction that is imposed against the accused. Sanctions, which may be imposed following a final determination of any disciplinary proceeding, including the crimes Dating Violence, Domestic Violence, Sexual Assault and Stalking, may include but are not limited to:

- Warning: A notice in writing that a student has failed to meet some aspect of the school’s standards and expectations.
- Administrative Reprimand: which may or may not be recorded in the student’s permanent record.
Probation: Probation is used for repeated violations or a specific violation of a serious nature as a first course of action. The Hearing Officer defines the terms of probation.

Educational Sanctions: The student will be required to complete an educational service, work assignment, service to the university, attend counseling, or have restricted privileges.

Removal from Sponsored Housing: The student will be immediately dismissed from school-sponsored housing. The student will be required to vacate the premises according to the terms of the sanction.

Suspension: Separation of the student from the campus for a pre-determined period of time. The student may be able to return to campus once specified conditions for readmission are met. The student may not attend classes, visit campus-sponsored housing, use school facilities, participate in or attend college activities, or be employed by the school during his/her suspension.

Expulsion: The student will be expelled from the College immediately. The student will not be permitted to continue his or her studies at the College and may not return to the College or to Campus Sponsored Housing or activities at any time or for any reason.

Restitution: Compensation for loss or damage to property leased, owned or controlled by the school. This may take the form of monetary or material replacement.

If a student is found in violation of the Code of Conduct, South University may impose sanctions. The type of sanction imposed may vary depending upon the seriousness of the violation(s) and South University reserves the right to immediately impose the most severe sanction if circumstances merit.

In all cases, if the student is not satisfied with the decision, he or she may appeal the judgment by requesting a hearing before the University Conduct Committee. The student must obey the terms of the initial decision pending the outcome of the appeal i.e. a student who has been suspended or expelled from school may not be on school property.

The request must be made in writing to the Hearing Officer within five working days of notification of the above decision and must include the student’s reasons for the appeal. The request must include specific reasons why the student feels the disciplinary process, the finding, and/or the sanction should be reviewed by a committee. If no request for appeal is made, the decision is final. Requests for a hearing will result in the University Conduct Committee being contacted to arrange a hearing not less than two or more than fifteen calendar days after notice of the original decision has been given to the student. The maximum time limit for scheduling a hearing may be extended at the discretion of the Hearing Officer if the decision is rendered during a university break between terms when most faculty and students are off campus.

The University Conduct Committee will hold a hearing on the appeal and make a recommendation regarding disposition of the appeal. This committee will be comprised of staff and faculty members not involved in making the initial disciplinary decision. Committee members are chosen at the sole discretion of South University and will be comprised of one Department Chair or coordinator, one faculty member, and one student. South University reserves the right to exclude a student member from the Conduct Committee when circumstances merit. The Hearing officer will coordinate and provide logistical support to the hearing. The student making the appeal and the person bringing the charges will be provided an opportunity to address the committee in person. The student may be accompanied by one person (family member, friend, etc) as an observer. The committee may prohibit from attending or remove any person who disrupts the proceedings of the committee. The committee shall determine all matters relating to the conduct of the hearing including, for example, relevancy of evidence, duration of the hearing or any part thereof, procedures, the weight to be given any evidence.

The committee will report back to the President or his/her delegate with its recommendation following its review of the appeal. The President or his/her delegate will render a written decision on the appeal within thirty calendar days.
from receipt of the appeal and communicate this promptly to the student. The President’s decision shall be final. The complete code of conduct may be found in the student handbook.

The complete code of conduct may be found in the student handbook: https://content.edmc.edu/assets/documents/su/sav-student-handbook.pdf

CRIME STATISTICS

Statistics are provided for your information in compliance with the Jeanne Clery Disclosure of Campus Security Act and Campus Crime Statistics Act. South University prepares the crime statistic policies annually by gathering all reported data and preparing a report for its employees and students. Moreover, local/state police agencies are contacted by Director of Security and Facilities and the Dean of Student Affairs to maintain a working relationship and formulate statistics for the annual crime statistics report. The chart includes statistics available to South University concerning the occurrences on South University's campus, noncampus building(s) or property(ies), and on public property, which were reported to the local police agencies or the Institution.

REPORTING AREA

South University reports statistics from all property owned or controlled by the college including school-sponsored housing. Information relative to areas adjacent or contiguous with Institute facilities has been provided by Enter Law Enforcement Agency.

For purposes of the Clery Act, South University campus is defined as:

Main Academic Facilities: 709 Mall Boulevard, Savannah, Georgia 31406

Public Property: Sidewalks along 709 Mall Boulevard, Savannah, Georgia 31406

School Sponsored Housing: 8000 Waters Avenue, Savannah, Georgia 31406

Non Campus Buildings: N/A
EMERGENCY NOTIFICATION

At South University, the safety of our students, faculty, and staff is of primary importance and we all are committed to preventing situations that could cause harm to any member of our community. Sometimes emergencies do occur, however, and in the event of an emergency, it’s critical to stay informed. That’s why South University offers an electronic emergency notification system, called My Campus Alert.

What is it?
In an emergency, South University My Campus Alert System enables authorized college officials to inform members of South University community about emergency situations through mechanisms other than regular college email, telephones, or building alarms. However, in addition to My Campus Alert System, additional methods of notifications used may include emails, phone trees, campus websites, and digital signs.

How does it work?
My Campus Alert System is a system that can transmit short notifications by email to any outside email address, by text message to a cell phone, or by voice message to an off-campus cell phone or telephone anywhere in the U.S., as well as to on-campus email addresses and telephones. The messages are initiated by a member of the college’s crisis communication team only when required for safety purposes. Your personal information and the My Campus Alert system will never be used for any purpose other than emergency notification.

How do I register?
All students, faculty and staff are automatically registered via their school e-mail account. Every student can update their My Campus Alert System contact preference via the student portal homepage. Students can do this via the button entitled ‘Update Profile / My Campus Alert’. While additional emergency contact information may be collected directly through human resources or by the registrar, entering your preferred contact information at South University My Campus Alert System is the only way to ensure that you will receive emergency notification promptly.

Why is this important?
The information in the emergency notification system will be used primarily to contact all members of the campus community in case of emergency, an evacuation due to a natural disaster, or some other urgent situation that requires rapid, wide-scale notification of South University community as determined by the college’s senior administration.

Questions?
For further assistance about registering with My Campus Alert System, please contact Dean of Student Affairs, at 912 201 8079. If you need help accessing your South University faculty or student email, contact the Service Bureau at SUITS at 912 790 4168 or by e-mail: campus_support@southuniversity.edu.

EMERGENCY NOTIFICATION AND EVACUATION POLICY
Process used to confirm that there is a significant emergency or dangerous situation:
In the event of a report of a dangerous or emergency situation to any staff member, the staff member will contact the Campus President or any other Executive Committee member (Dean of Student Affairs, Dean of Academic Affairs, or Director of Security and Facilities) to report the situation. The Campus President or Executive Committee member will then review the situation, and if appropriate confer with local law enforcement or other first responders, to confirm the issue(s) involved and determine if activation of the Emergency Notification system is warranted.
Process used to determine the appropriate segment(s) of the campus community to receive notification:

In the event of a confirmed emergency situation, the Campus President or Executive Committee member will determine the appropriate segments of the campus population to receive notification and determine the content of the notification (i.e., how much information is appropriate to disseminate at different points in time), which will then be passed on to the staff members for immediate dissemination to the campus community via blast email and/or verbally to all students/staff present on campus providing the notification would not compromise the ability to contain the emergency or endanger additional students or staff members. If appropriate, the Campus President or Dean of Students will activate My Campus Alert System. The only reason that South University would not immediately notify the campus community is if doing so would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency.

The following individuals are responsible for determining the validity of an emergency or dangerous situation and initiation of the Emergency Notification system in order of priority:
1. Campus President
2. Dean of Student Affairs
3. Director of Security and Facilities

Procedure used to notify the campus:

Upon the confirmation of a significant emergency or dangerous situation involving the immediate threat to the health or safety of student or staff occurring on the campus, South University will immediately notify the campus community, unless issuing a notification will compromise efforts to contain the emergency. South University will utilize its Senior Staff and Executive Committee members to inform all students and employees on campus of the need to immediately evacuate the premises to a safe location. If the situation allows, Dean of Students will also immediately activate the My Campus Alert System to send out a notification of the need to evacuate the campus to the designated contact information within the My Campus Alert System. Depending upon the nature of the emergency, the Campus President, another Executive Committee member or the senior staff member on campus will determine if the notification would compromise the ability to contain the emergency or endanger additional students or staff members.

After conferring with the President, Dean of Student or Director of Security and Facilities will use radio or TV alerts to advise the community of the emergency. Parents and guardians will be advised by cell phones or emails.

In addition, in the event of an emergency requiring South University to close temporarily, the Campus President will contact Director of Communications who will generate an announcement of the duration of the closure to be listed on the college’s national website.

The emergency response and evacuation procedures are publicized on an annual basis to all students and faculty through dissemination of this report via email.

The campus emergency notification protocols and procedure are reviewed with each staff member at orientation and subsequently in staff and faculty meetings. Practice drills are conducted at least annually to assure effectiveness of the plan. A description of the practice drill exercise along with a record of the date, time and whether it was announced or unannounced is maintained by Director of Security and Facilities.
ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act requires all academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire related housing statistics.

South University collects fire statistics of any fire that occurred in a school-sponsored housing facility. The statistics are then published in the Annual Security and Fire Safety Report.

South University maintains a fire log that records any fire that occurred in a school-sponsored housing facility and includes information such as the nature, date, time and general location of each fire. Any entry to the log is required to be made within two business days of the receipt of the information. The fire log for the most recent 60 day period remains open for public inspection during normal business hours. Any portion of the log older than 60 days will be available within two business days after receipt of a request for public inspection.

Any member of the community who becomes aware of any active or past fire must notify the Dean of Students immediately. In case of an active fire, call 911 immediately.

Every person in the building, including staff, faculty, students, visitors, and contractors where the fire alarm is sounding, regardless of known or suspected cause, is required to evacuate immediately. Persons evacuating must leave via the closest exit. Any equipment that could cause a fire should be turned off before exiting if it can be done quickly and safely. All occupants will assemble at a safe distance from the building and await further instructions from fire and/or Fire Safety Wardens, or an Executive Committee member. No occupant will re-enter a building until clearance is given by fire and/or Fire Safety Wardens, or an Executive Committee member.

Prohibited Items in School-Sponsored Housing:
Items prohibited in the campus houses include, but are not limited to:

- Candles, incense, open flames
- open heating coils
- hookahs
- grills
- Smoking is prohibited in all school sponsored housing and all academic and administrative buildings

Fire Alarm Evacuation Procedures
Fire drills are held for each housing facility at least once per calendar year. These drills are mandatory supervised evacuations for fire. The drill is conducted by the Student Affairs Department.

- When a fire alarm is sounded, Fire Marshals on each floor immediately evacuate the administrative offices, classrooms, and labs by directing students, faculty and staff down the stairwells and out through the nearest exit. All individuals are to exit the building. The evacuation plans specific to the school sponsored housing facilities can be obtained from property management.
- The Fire Marshals ensure that all faculty, staff, students, vendors, visitors, etc. have vacated their offices, classrooms, labs, interview rooms, testing rooms, etc.
- The Fire Marshals will communicate with the Director of Facilities via 2 way radio and ensure that all areas have been cleared.
- Once the alarm or drill has been completed, the Fire Chief will announce when it is acceptable for everyone to re-enter the building.
• Resident assistants thoroughly review fire safety with the students outlining key factors in fire safety regarding cooking and general living. These education programs are conducted up to five times per quarter. A brochure on fire safety is included in the training.

South University has reviewed its current fire safety possible has determined that no improvements are needed at this time.

Community Responsibilities for the Evacuation at School-Sponsored Housing
Additionally, all members of the school sponsored housing community are required to:
• Participate in all fire drills and promptly leave a building when the fire alarm sounds. Follow any instructions of the Student Affairs Department or fire officials during a drill or an actual alarm. In 2014, there was 1 fire drill performed.
• Report any condition that creates a fire hazard (trash in the corridors or stairwells, missing fire extinguishers, blocked floor exits or stairwells, etc.) to the Student Affairs Department.
• Know where the fire extinguishers are located. Learn how to operate them. If you need training, contact the Student Affairs Department.
• Know the location of the fire alarms and how to activate them.
• Know where the nearest exits are and be prepared to use an alternative exit, if necessary. Plan how you would escape through each of these exits in case of a fire.
• Know the location of the fire stairwells.
• Never use an elevator to evacuate a building.
• If you become trapped, dial 911 from a cell phone and alert the dispatcher to your location.

What should I do if I discover a fire?
Any person who discovers a fire, smoke, or an unusual amount of heat should do the following:
1. Pull the nearest fire alarm. If there is no nearby fire pull station, call 911.
2. Exit the building immediately; notify those in the immediate area of the danger.
3. Never use the elevator; use the stairways.
4. Assist in removing any person needing assistance from the immediate area to the stairwells to wait for fire department personnel (or to the outside if that can be done safely). However, never place yourself in danger.
5. Assemble outside your building at the predetermined location.
6. Follow the instructions given by the Student Affairs Department and the Fire Department.

Missing Person Notification Policies and Procedures
Any student believed to be missing from a school-sponsored housing facility unexpectedly for 24 hours shall be immediately reported to the Dean of Student Affairs. It is the policy of South University that the Dean of Student Affairs will investigate any report of a missing person filed with the Student Affairs Department that is
filed by someone with knowledge of that student being missing or otherwise not where s/he is expected to be. This report may be filed by a parent/guardian or other family member of the person, by a roommate, a staff member (including student staff), faculty, employment supervisor, or anyone else with information that indicates the person is missing. The Student Affairs Department or Campus Security will conduct an initial investigation to determine if the person appears to be missing, or has simply changed her or his routine unexpectedly, and whether or not there is reason to believe the person is endangered.

The Student Affairs Department will check student’s class schedules, interview fellow students and faculty, and use other methods to determine the status of a missing person. From this initial investigation, the scope will continue to expand to make attempts to determine the location of the person reported missing to assure she/he is safe. Each student at South University can identify, through the emergency contact form provided to each student at orientation, to designate a person or persons that the College can contact in the event that the student is reported missing. This person would be contacted within 24 hours of a missing person report being filed with the Student Affairs Department. Note that this contact information is confidential and is shared only with College administrators who would have responsibility for making connections with emergency contacts in the event of a determined emergency. The contact information will also be disclosed to the local law enforcement agencies in furtherance of a missing person investigation.

- In the event that no separate emergency contact is identified, a parent or guardian as listed in college records will be contacted.
- Students should be sure that this contact knows how to reach the student in the case of an emergency, and have a general idea of the student’s general daily routine and any travel plans.

Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Chatham County Police Department will also notify local law enforcement agencies within this 24 hour window.

NOTE FOR STUDENTS UNDER AGE OF 18 AND NOT EMANCIPATED: For any student under the age of 18 and who is not emancipated, the College must notify a custodial parent or guardian no later than 24 hours after the time the student is determined to be missing.

For any situation in which a missing person is believed to be endangered, this notification will be made as early as possible while officers are continuing to investigate.

SAFETY TIPS

Prevention is your best protection against crime. Here are some precautions you can take to assure greater security.

At Home

- Leave at least one light on, inside and out when you are away. If possible, use a timer to turn lights on and off.
- Keep your doors and windows locked, even if you are at home, and even if you leave for a few minutes.
- NEVER open the door without knowing who is there. Require the caller to identify himself or herself satisfactorily. Use chain bolt when checking ID. If a stranger asks to use a phone, DO NOT PERMIT HIM OR HER TO ENTER. Make the call for that person if you believe it is an actual emergency.
- Keep in touch with your neighbors. Watch each other’s apartments and let each other know of anything suspicious.
• Don’t give out personal information, such as your address. Report threatening or harassing calls to the police or phone company.

When Walking

• Plan the safest route to your destination and use it. Choose well-lighted busy pathways and streets, avoiding alleys, vacant lots, or construction sites. Take a longer way if it’s safer.
• Know your neighborhood and the campus. Find out which buildings are open late (or early) and where you go to summon help if needed.
• Carry your purse close to your body and keep a firm grip on it. Carry a wallet in an inside coat or side trouser pocket, not in the rear trouser pocket.
• Don't flaunt expensive jewelry, clothing, or "flash" cash.
• Have your car or house key in hand and ready as you approach you vehicle or home.
• Never hitchhike.

While Traveling

• Keep doors locked and windows rolled up, especially at stoplights. Always lock your car and take the keys. Keep valuables out of sight in the trunk. Park in areas that will be well-lit when you return. Check the back seat and the area around the car before getting in.
• Car Trouble: Raise the hood. Put on emergency flashers. Stay inside the car and lock the doors. Ask anyone who stops to help to call the police or the nearest service station for you.
• On public transportation, wait in well-lit areas near other people. If someone bothers you, move to a more populated area of the bus or train.

Responding to an Attack

In any situation, your goal is to get away with the least injury to yourself. If an attacker only wants your valuables, give them up. Valuables can be replaced; your life can’t. Notify local policy immediately.

Learning to defend yourself is a good idea. However, don’t overestimate your abilities. It may take lots of practice before you can use the techniques effectively.

Emergency Notification

Students are strongly encouraged to subscribe to South University’s electronic emergency notification system, known as My Campus Alert. In an emergency, My Campus Alert will enable authorized college officials to reach members of the campus community through mechanisms other than regular college email and telephones. The system can transmit short notifications by email to any outside email address, by text message to a cell phone, or by voice message to an off-campus telephone. The information in the emergency notification system will be used primarily to contact you in case of emergency, an evacuation due to a natural disaster, or some other urgent situation that requires rapid, wide-scale notification of your campus community. Students may set up their accounts on the Inside South University - My Campus portal.

Fire Evacuation

Fire extinguishers are located throughout the campus and can be used for small fires. In case of a major fire, all individuals should remain calm and leave the building through the closest door or emergency exit available. Evacuations should be orderly with no running or unnecessary talking. Maps and signs of emergency exits are posted in each classroom.

Weather Announcements

In the event of inclement weather, all students and personnel should assume that classes will be held unless notified by radio or television announcements. South University will use all major media stations in the area when making announcements.

Health Insurance and Medical Referrals

Students are encouraged to maintain health insurance and coverage for their well-being. The University recommends international students obtain health insurance. Additionally, certain academic programs in the School of Health Professions require students to maintain health insurance. See the University Catalog for details.

Students can enroll on-line in the student medical insurance program sponsored by Connected Health once they are enrolled as a student. Information is available at the following website:

https://edmc.connectedhealth.com

Information concerning medical and dental providers as well as emergency resources is available from the Dean of Student Affairs. In the event of a medical emergency, the Chatham County emergency medical service will be contacted by calling 911. Students are, however, responsible for any resulting expenses.
Students should review their personal and family insurance policies to determine whether adequate coverage exists.

**Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program**

**Standards of Conduct**

The use of illegal drugs and the abuse of alcohol on the campus of South University, Savannah or in facilities controlled by the South University, Savannah are prohibited by college regulations and are incompatible with the South University, Savannah goal of providing a healthy educational environment for students, faculty, staff and guests. The following information is provided in compliance with the Drug-Free Schools and Communities Act Amendments of 1989.

**Effects of Drugs and Alcohol**

Although individuals often use drugs and alcohol to achieve a variety of effects on mind and body that are found to be temporarily useful or pleasurable, drugs can be highly addictive and injurious. A person can pay a price in terms of his or her physical, emotional, and social health.

This price can be paid in a number of ways. The risk of contracting sexually transmitted diseases, including AIDS, is increased through unwanted or unprotected sex when one is under the influence of drugs or alcohol. Drugs can be the trigger for violent crime. Economic and legal problems usually follow directly when one tries to support a drug habit by resorting to crime. The dependence, illness, loss of job, and loss of family or friends that can result from drug or alcohol use and abuse can be tragic.

In keeping with the mission of South University, Savannah and the requirements of state and federal law, South University has adopted this program to ensure a drug-free campus and workplace and to prevent the use of controlled substances and the abuse of alcohol.

Convictions for Drug-Related Offenses

Any student convicted of any drug-related criminal statute must notify the Dean of Student Affairs, in writing, no later than five (5) days after such conviction regardless of where the offense occurred. This is because under federal and state laws, any student convicted of a drug-related felony offense must be denied all federal and state assistance, including Pell Grants and Georgia Scholarship. However, a criminal conviction shall not be necessary to find that a student has violated these standards of conduct, and the South University, Savannah need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding.

Danger Signals Indicating a Drug or Alcohol Problem

Following is a listing of classic danger signals that may indicate the presence of a drug or alcohol problem:

- abrupt changes in mood or attitude
- decreased efficiency at work or at school
- frequent absences, tardiness, and/or early departures
- relationship problems with family, friends, and co-workers
- unusual outbursts of anger and hostility
- social withdrawal

Counseling

If you observe any of these changes in yourself or another student, you are encouraged to speak with the Dean of Student Affairs. The college contracts with Talk One-2-One, a free service, which provides confidential professional counseling via the telephone 24 hours per day, 7 days a week, at 1-888-617-3362. The Talk One-2-One counselor may refer you, for limited visits, with an area network mental health provider or assist you with locating resources within the community.

Abuse of alcohol or drugs can lead to dependency and addiction, with serious consequences for personal health and overall quality of life. There are drug and alcohol counseling, treatment, and rehabilitation facilities available in our area where students and employees may seek advice and treatment. The College Counselor can refer you to one that meets your needs.

Savannah - Area Resources

There are also organizations that may be contacted for help. Georgia Drug Hotline: (888) 775-9086

The National Institute on Drug Abuse Hotline (1.800.662.4357) is available from 8:00 a.m. to 2:00 a.m., Monday through Friday and from 11:00 a.m. to 2:00 a.m. on weekends.

Procedures Following Suicide Threats and Attempts

The University is committed to the well-being and safety of its school community. The University expects and encourages students to maintain a reasonable concern for their own self-welfare and in turn, the welfare of the school community. In the event that the University has reasonable cause to believe that a student attempted,
will attempt, or has engaged in efforts to prepare to commit suicide, the campus may require the student to suspend their studies at South University, Savannah until the student can demonstrate that they have sought help or assistance from others including family, mental health professionals, support groups or any other resource that offer support around suicidality. If the student resides in Campus Sponsored Housing they may need to temporarily find alternative accommodations until the University feels that the student can safely return to housing.

Students with psychological impairments that affect the student’s ability to function in the school community (academically, socially or otherwise) may opt for a medical withdrawal or a medical leave of absence. The University, at its discretion, may set restrictions and/or conditions for the student to return to the University including receiving outside counseling and signing a safety contract.

The University cannot provide the long-term psychological treatment that is necessary for students experiencing suicidal distress. Because of the serious nature of attempted suicide and/or suicidal ideation, the student’s parents or other support person(s) may be contacted by the school and informed of the student’s condition. The Family Educational Rights and Privacy Act (FERPA) permits school officials to contact parents without the student’s consent, “if knowledge of the information is necessary to protect the health and safety of the student or other individuals.” If circumstances indicate further harm may come to a student by contacting family members, other options may apply.

The South University Libraries provide scholarly resources and information services to support the curriculum and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and life-long learning by students.

South University libraries provide comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. The open-stack book collection provides access to reference and circulating materials, program-specific resources to support class assignments, tutorial aides, and current events and recreational reading.

The combined campus libraries have more than 107,000 print book titles, 4700 AV titles, 400 print journal titles, and 23 newspapers in their collections. Access to additional journals, newspapers, e-books, and other materials is provided through over 100 electronic databases. New students participate in a library orientation to help familiarize them with the facility’s resources and procedures. Please take advantage of this session to update your research skills.

Valid student ID cards are required to check out materials. These cards are obtained through the South University bookstore. If a card is lost, the student should report the loss to the bookstore as soon as possible. Most materials may be checked out for a two-week period. Students will be fined for overdue reserves or audiovisuals and charged a replacement fee for all materials that are not returned. Reference materials, pamphlets, vertical files and periodicals are available for use in the library only. All items must be properly checked out at the circulation desk. Failure to comply is an infringement of library policy and the “Code of...
Students will be held responsible for the loss or damage of materials while in their possession and are subject to the library rules and regulations as outlined in the Library Policy and Procedure Manual.

Duplicating services, interlibrary loan and printing services are available in the library, as well as access to the Internet, Microsoft Office Suite, and individual reference services.

Online students follow the link to the library from their academic class.

**Student Assistance Program**

The Talk One-2-One Student Assistance Program is a resource for confidential 24/7 support for a wide range of problems including: stress, anxiety, family problems, roommate issues, drug or alcohol abuse, depression, etc. that may be challenging students’ health or well-being. The program provides students instant access at no cost, to licensed mental health professionals trained to deal with the specific challenges of college students. Students can call 1-888-617-3362 anytime to access services. Initial support is provided over the phone. A counselor will assess the student’s need and determine a course of action, specific to the student’s situation. While many problems can be resolved with over the phone assistance, some problems are more complicated and the student may benefit from meeting with a local area professional who can provide in-person, in-depth assistance. Students are provided up to four sessions (not including the initial call) for each issue in which the student calls to access services.

**Veterans Affairs**

Assistance for veterans is available by contacting the veteran affairs coordinator in the Financial Aid Office. Students need to be aware of the following veteran's administration policies that apply to anyone using veterans' educational benefits.

- Veterans must consult with the financial aid office prior to changing their major.
- The Veterans Administration will not pay for a course that the student drops after the first week of class unless mitigating circumstances can be proven. Please see a financial aid representative before dropping a class.
- The Veterans Administration will pay for a repeat course only if the student has received a failing grade in said course or if the program requires a higher grade than the one achieved and only if it is required for graduation.
