Combination USB Devices
Conveniently charge electronic devices without an adapter
Charging solutions for every device

Eaton’s combination USB chargers offer consumers the ability to charge virtually any electronic device directly from a standard outlet without bulky adapters or powered computers. This innovative line quickly and conveniently charges smart phones, tablets, e-readers, cameras, MP3 players and more.

Perfect for use in residential, commercial and healthcare applications

- Homes
- Lounges and coffee houses
- Offices
- Airports
- OEM applications
- Hotels

USB charging devices

**Design features**
- Quick and easy access for both USB charging and electrical outlets
- 3.1A charging capacity on USB duplex receptacles
- USB devices available in single and duplex configurations
- USB devices available in 15A & 20A for multiple locations
- USB duplex receptacles available in hospital grade

USB charging station

**Design features**
- Four USB charging ports rated at 5.0 Amps total for quick and convenient charging
- Charge up to 4 devices at the same time
- Replaces a standard receptacle
USB charging devices

Product description
2-pole, 3-wire grounding
15A, 125V/AC, 5V DC 700MA; 15A, 125V/AC, 5V DC 2.4A;
15A, 125V/AC, 5V DC 3.1A
20A, 125V/AC, 5V DC 3.1A

Design features
• Standard AC receptacle with two USB charging ports for conveniently charging most electronic components
• Dual USB charging ports charge most compatible electronic devices that charge via a 5V power adapter
• Three (3) pre-stripped 6” wire leads for line, neutral and ground for quick and easy installation (excluding TR7740 and TR7741)
• Tamper resistant receptacles provide compliance with 2014 NEC® Article 406.12 which states that all 15A and 20A, 125V/AC receptacles installed in dwelling units must be tamper resistant
• Automatic grounding system eliminates need for bonding jumper in grounded metal enclosure and provides redundant measure of ground continuity where jumper is used
• Thermoplastic top and back-body are virtually unbreakable to deliver years of durable performance
• Backwire clamps on side terminals provide for easy installation of #12 and #14 AWG wire (TR7740 and TR7741 only)
• Triple wipe blade contacts and double wipe ground contacts to ensure long-term plug retention
• Replaces a standard duplex receptacle and uses a decorator style wallplate

USB charging station

Product description
5V/DC, 5.0A Total

Design features
• USB charging ports rated at 5.0 Amps total (2.5A top two ports, 2.5A bottom two ports)
• Three (3) pre-stripped 6” wire leads for line, neutral and ground for quick and easy installation
• Automatic grounding system eliminates need for bonding jumper in grounded metal enclosure and provides redundant measure of ground continuity where jumper is used
• Thermoplastic top and back-body are virtually unbreakable to deliver years of durable performance
• Steel mounting strap is zinc plated for added corrosion resistance
• Convenient patented built-in wire strippers speeds installation
• Replaces a standard duplex receptacle
