LICENSURE INFORMATION

1. How do I become a licensed barber in Florida?
To become a licensed barber in the State of Florida you must attend a Florida barbering school and successfully complete a minimum of 1,200 hours of barber training. Upon completion of the educational hours, a completed examination application should be submitted to the Department for processing, along with the applicable fees. Once the examination application has been approved, you will be contacted by the Department’s examination vendor, Pearson VUE, to schedule a date and time for the written examination. The website for Pearson VUE is www.pearsonvue.com. Forms are available online at www.MyFloridaLicense.com > Apply for/Update Licenses > Barbers.

2. Can I work if I passed my first licensing exam but haven’t received my license?
Yes. If a Florida barbering student passes his or her first licensing exam, the student may work in a licensed barbershop:

- under the supervision of a licensed barber who is physically present when the student is working; and
- so long as the student posts his or her exam results and a recent photo at their station.

3. Can I still work if I fail the examination?
If a Florida barbering student fails the exam, he or she may not work until:

- he or she applies to the Department for reexamination;
he or she provides the shop or salon owner with a copy of his or her reexam application and the exam authorization letter from the testing vendor; and
he or she posts exam results and a recent photo at their station.

In order to continue working, a barbering student has 180 days from the date of his or her first exam to complete the exam. Should the student fail the exam a second time, the student cannot work until he or she successfully passes the exam and receives a barber license from the Department.

4. What does “under the supervision” of a licensed barber signify?
The term “under the supervision” of a licensed barber signifies that the supervising individual holds a current and active Florida barber’s license and is physically present at all times when the applicant is performing barbering services. However, the supervised work practice exception does not apply to an individual who has applied by endorsement from another state or country. Endorsement applicants must have their Florida barbers’ license prior to practice.

5. I have a license in another state and/or country. How do I obtain a Florida license?
You must complete an endorsement application which is available online at www.MyFloridaLicense.com > Apply for/Update Licenses > Barbers.

6. What does endorsement mean in terms of my license?
Endorsement means that you are eligible for licensure without any additional schooling or examination.

7. What are the qualifications for an endorsement application?
Applicants for endorsement must:

- Complete a minimum of 1,200 hours of schooling in a program similar to, comparable to, or more stringent than what is required of Florida students;
- Demonstrate that he or she has satisfactorily completed a written examination comparable to or more stringent than the examination administered by the Department;
- Demonstrate that he or she possesses a current, active license in another state or country; and
- Apply and pay the required application fee.

If you have a current and active license in another state or country that is based upon the completion of less than 1,200 school hours, you can attend (in or outside of Florida) any barbering school to obtain the additional educational hours to qualify for endorsement.

Apprentice licensees are not eligible for endorsement. All out of country barber endorsement applications must include an education evaluation that was conducted by a credential evaluation service which is a member of the National Association of Credential Evaluation Services (NACES). A complete listing of NACES members is located on the Board web page. If the NACES evaluation is not included with the out of country endorsement application, it will be considered deficient.

15. My barbershop has moved. How do I make this change on my license?
A barbershop license is not a transferable document. If the location, ownership, or business name of the barbershop changes, you must submit a new barbershop application, pay the required application fee and surrender the old barbershop license.

16. Can I change my address online?
Yes. Visit our website at www.MyFloridaLicense.com > Renew Your License. You can also change your telephone number and email address here.

17. Your website provides for "main", "mailing", and "location" addresses. What are the differences?
Three types of addresses have been established to support your needs: main, license mailing, and license location.
Main Address - This address is the primary address on file.
License Mailing Address - This is the address where the mail associated with a particular license will be sent (if different from the main or license location addresses).
License Location Address - This is the address where the place of business is physically located.

An example of the use of different addresses:
If Jane Doe is a contractor that works for ACME Builders, she may have 3 different addresses listed in her profile. Her main address would be the address of ACME Builders' corporate headquarters. Her license mailing may be her home so she doesn't have to visit the office to pick up her mail. Finally, her License Location would be the address of the ACME Builders' local office where she works. If Jane Doe worked independently, she might have only one address on file (Main Address) as her office is the same place she wishes to receive her mail.

18. Can I change all license addresses online?
The main address and license mailing address can be changed online for all license types. License location addresses can also be changed online, except for Barbershops, Cosmetology Salons, Veterinary Establishments, and Talent Agencies. The location for these license types is tied to the license, so a location change will require submission of a new application.

19. How can I change my address if I do not have a computer?
You may submit the change in writing to the Department of Business and Professional Regulation, Central Intake Unit – License Maintenance, 1940 North Monroe Street, Tallahassee, FL 32399-0783 or fax to 1.850.921.0038.

No. Attendance is not required, however; it is in your best interest to attend.
