FLOOR CARE
THE ATHEA® ADVANTAGE

ATHEA®’s Floor Care line is a comprehensive collection of finishes, sealers and maintainers to keep floors lasting and looking new. From 16% - 22% solids finishes to neutral cleaners, baseboard strippers and dustmop treatments, to peroxide cleaners and carpet wipes, all products are designed to perform at the industrial level that you demand.

ATHEA®’s established reputation for building the highest-quality products comes from 50 years of manufacturing experience. The result is a product line that works harder than others. Peroxide products have built-in stabilizers for higher pH and longer shelf life; butyls are formulated at a higher level; products are task-specific rather than one-size-fits-all.

PRIVATE LABEL

With the ever-growing trend toward private label brands in both the consumer and commercial markets, ATHEA® is well-positioned to deliver on our customer’s needs. Today, over 90% of products ATHEA® ships are private labeled. A complete turn-key approach of chemical formulation and production, wipe converting and manufacturing, low minimums, the highest-quality artwork, nearly unlimited packaging options, fast turnaround, and strict confidentiality make ATHEA® the market leader in this category. Products not private labeled ship under the Total Solutions® brand. For those customers entering a new product category unsure of potential volume, or not wishing to register certain products when required by the EPA, the Total Solutions® brand is an ideal solution.
