In accordance with NRS 114.3100 this document is the tentative agenda of the Executive Board of Directors meeting for the Los Prados EDRA and revised agendas will be made available at the meeting. In the event of an emergency, the Executive Board may take any action it deems necessary which is not listed on the agenda. Pursuant to NRS 114.3100 Officers are permitted to attend and speak to the Executive Board during the Executive Session and may subsequently take action at the direction of the Executive Board. The cost of the transcription of such shall be, if in electronic format no charge, if in paper format at a cost not to exceed $25 per page for the first two pages and $10 per page thereafter.
May continued the trend of an overall negative budget performance. Golf was better than budget due to our water bill coming in well below what was expected, but not enough to offset losses in both the general category and Food & Beverage.

The general category (Administration, Loop Road, Maintenance and Security) experienced a negative budget performance solely due to the fact that since we pay Securitas on a bi-weekly basis, two times a year we have three payments come due in a month; it all evens out in the end (as do the water bills) and is not a matter for concern. For the first three months of the year the category is almost $10,000 to the good.

Golf, despite missing the revenue target, showed a very strong month due to the water bill mentioned earlier. For the year to date, Golf is almost $10,000 worse than budgeted. As I promised last month besides looking at revenues against budget projections we are also carefully monitoring them against real numbers from last year; to date, golf revenues are $6,780 behind last year.

Food & Beverage met revenue targets, but showed a loss due to higher than expected expenses-mostly labor. For the year to date, F&B is about $15,000 worse than budgeted. Revenue figures look good at $4,689 ahead of last year.

Not much change in the status of the Reserve Account, with cash and investments of $3,589,869. That number will change significantly in the next few months as we deal with the golf course perimeter wall and fencing, the restaurant renovation and some smaller projects.

Aged owner balances remain at a very low level; overdue assessments are less than 1%.

Available cash balances are up slightly despite the negative budget performance. That may sound odd, but March-May are traditionally good months for us and this year is no exception; it’s just not as good as we expected.

Dear Residents,

In June, Chef Richard Alfaro resigned his position at Los Prados to pursue another opportunity. I am pleased to announce that Sheila Conway was promoted to fill this vacancy. We are looking forward to having Chef Sheila bring her ideas and enthusiasm to our operation.

Also, Judi Haines, our Accounting Administrator, announced her retirement. We have hired Tara Tunstall to be her successor. Tara will be starting in the middle of July and Judi will remain with us for a period of time to train Tara on the many details required of this important position. (5621 Divot)

On another note, we will be having a special open board meeting on Tuesday, July 12th at 5:00pm to approve the restaurant/bar renovation plans. As always, thank you for your continued support and feedback.

Cordially,
Margaret Thayer
Chief Operating Officer

A wife walked into the bedroom and found her husband in bed with his golf clubs. Seeing the astonished look on her face, he calmly said, "Well, you said I had to choose, right?"

Enjoy your Golf!

Finally, the June Low Gross / Low Net Qualifiers for December's Tournament were:

- Low Gross - Jan Hansen
- Low Net - Janet Veloz

Janis Lunde clarified some rules, and reminded everyone to post their tournament scores! Even if you use a mulligan or pick up, as long as you play out a minimum of 13 holes, you should post your score.

Sign up now for our Invitational, October 26. We have a solid reputation for running a great tournament, and it is starting to fill up already.

Happy July Birthday to, Paulette Byrnes, Soonja Oh, and Gloria Pianko.

*Men’s Club Tournament  **LPWGA Tournament

All LPGA tournaments are handicapped. A person who does not have a Los Prados handicap, but who possesses a valid USGA index may play in any Los Prados tournament, with the exception of the Club Championship. All competitors in the Club Championship must have a Los Prados Handicap. Persons who wish to play in a tournament other than the Club Championship and who do not possess a valid USGA index may do so at a zero handicap.”

2016 course closure and overseed dates are September 12 through 30.

Remember: It’s your course – repair divots and ball marks. It only takes a few seconds. Don’t rely on others to do so and don’t be shy about reminding others to do so. Obey cart signs, don’t drive where prohibited, and keep up with group in front of you, not ahead of the group behind you. Leave the course in better shape than you found it. (5112 Furtle)

rfcameron@icloud.com
This issue of the Men's Club newsletter articles addresses slow play, and is appropriate not only for Men's Club members, but for play at Los Prados in general. The following is from the May/June 2001 issue of FORE Magazine, which is published by the SCGA.

YOU MIGHT BE A SLOW PLAYER IF...

By Dirk F. Kingma

You might be a slow player If you find that you are reading this article and it is not attached to a magazine. I will explain later.

It seems like every time I read anything having to do with the problems in golf, right at the top of the list is slow play. For many golfers, slow play can ruin an otherwise pleasurable round. It occurred to me that one of the major contributing factors to slow play may be that a slow player may not know that he is slow. We can at least fix this problem. With apologies to Jeff Foxworthy here we go.

You might be a slow player if... you stand around on the tee box shooting the breeze with your group when the group ahead of you has hit their second (or third) shots.*

You might be a slow player if... you refuse to leave the putting green until you have dutifully recorded each and every score on your scorecard. Please proceed to the next teeing ground and do your score keeping there so the group behind you can hit in.

You might be a slow player if... you don’t even think about yardage or club selection until it's your turn to play. Please find your yardage and make your club selection while the previous player is hitting so you are ready to play when it is your turn.
Los Prados Men’s Club Continue…..

You might be a slow player if... you sit in your cart, which is 20 yards from your ball, until your cart-mate hits, then you drive to your ball, get out of the cart, look for your yardage and go through your whole routine. Please get out of your cart. estimate your yardage, take the club you think you will use and one club shorter and one club longer, then walk those 20 yards and be ready to hit when it is your turn. Your cart-mate can then drive over to pick you up. Oh, and by the way, hold those three clubs in your hand after your cart-mate picks you up. It saves even more time if you wait and replace them when it is time to make your next club selection.

You might be a slow player if... you wait until it is your turn to putt to study your line, plumb-bob from above and below, crouch down and do the Tiger-shade-the-eyes thing, and finally miss that 10 footer. Please get as much of your prep work as possible while others are doing the same - no, not while they are putting but while they are also lining things up. You can learn most of what you need to know just observing the other putts.

You might be a slow player if... you find that your group is almost always “out of position.” This means that the group ahead of you is on the green of a par 5 before your group has played your tee shots, or you have an open par 4 before your group has cleared the tee. Never should any player take longer than 40 seconds to play a shot. Start the timing when it is your turn to play and there is nothing preventing you from playing.

Now, if you play golf with someone who possesses one or more of the above mentioned traits, here is how we attempt to fix the slow play problem. Tear this article from the magazine and put it in that player’s locker or in his golf bag, or mail it to him (or her). Once the slow player realizes he is a slow player the traits are easily eliminated. In the immortal words of Tommy Bolt, “Miss ‘em quick.” (5601 Segolilly)

Each year in August, we commit to helping the students of our community. We donate school supplies to an elementary school in a low income area and the homeless students at Rancho High School. As each of us brings a little, it adds up to a lot for these students who cannot afford to buy their own.
LOS PRADOS BOOK CLUB

For **July**, we will read **The Double Bind** by Chris Bohjalian.

When Laurel Estabrook is attacked while riding her bicycle through Vermont’s back roads, her life is forever changed. Formerly outgoing, Laurel withdraws into her photography, spending all her free time at a homeless shelter. There she meets Bobbie Crocker, a man with a history of mental illness and a box of photographs that he won’t let anyone see. When Bobbie dies, Laurel discovers a deeply hidden secret—a story that leads her far from her old life, and into a cat-and-mouse game with pursuers who claim they want to save her. In a tale that travels between the Roaring Twenties and the twenty-first century, between Jay Gatsby’s Long Island and rural New England, bestselling author Chris Bohjalian has written his most extraordinary novel yet. (4908 Birch Bay)

**August** will find us reading **The Girl in the Spider’s Web** by David Lagercrantz

**Lisbeth Salander and Mikael Blomkvist return:**

She is the girl with the dragon tattoo—a genius hacker and uncompromising misfit. He is a crusading journalist whose championing of the truth often brings him to the brink of prosecution.

Late one night, Blomkvist receives a phone call from a source claiming to have information vital to the United States. The source has been in contact with a young female superhacker—a hacker resembling someone Blomkvist knows all too well. The implications are staggering. Blomkvist, in desperate need of a scoop for *Millennium*, turns to Salander for help. She, as usual, has her own agenda. The secret they are both chasing is at the center of a tangled web of spies, cybercriminals, and governments around the world, and someone is prepared to kill to protect it . . .

We are open to all residents of Los Prados and friends as well. We meet the first Wednesday of the month at 12:00 in the Cypress Room. After a lively discussion, those who can, stay and enjoy lunch in the Clubhouse. If you wish to know more about the Book Club,

BEST SELLING BOOK QUIZ
This was a difficult quiz for various reasons including reluctance by publishers to reveal full sales, poor records on early sales of old classics, and nature of some the best sellers as the Bible, Quran, Book of Mormon, Dictionaries, along with such books as the Little Red Book by Chairman Mao. With those exclusions, can you name the following novels included on most selling lists?
1) A story set in the era of the French revolution and dealing with lives of people living in different European urban areas and how they cope with the class struggles of that time;
2) A classical tale of a common man who loses his sanity and along with his valet sets out on a quest to revive chivalry, undo wrongs, and bring justice to the world;
3) A mystery novel based on a series of murders on an island. Each death is related to a verse of an old nursery rhyme;
4) A modern novel that caused great controversy in its handling of the Catholic Church and its history of dealing with sensitive issues such as the relationship between Jesus and Mary Magdalene;
5) This 1951 novel became a classic in its coverage of teenage rebellion and such other issues as identity, belonging, loss, and connection;
6) This is the first of a hugely successful series about an orphan who discovers that he is a wizard living in an ordinary world;
7) This 1975 WW II based novel deals with the attempt of a team of German paratroopers to land in Britain and kidnap Churchill;
8) This Book relates to the adventures of a Jewish Prince who becomes enslaved by the Romans and eventually becomes a charioteer;

ANSWERS - PRESIDENTIAL TRIVIA QUIZ
1) Abraham Lincoln; 2) Grover Cleveland; 3) John Tyler - 8 with first wife and 7 with second spouse; 4) James Garfield; 5)Andrew Johnson; 6) Woodrow Wilson; 7) Millard Fillmore; 8) William Harding; 9) John F. Kennedy; 10) Thomas Jefferson (1800) and Andrew Jackson (1824). Actually, there was a third President decided in this manner - Rutherford B. Hayes (1876).

BASEBALL BOOKS
Now that Major League Baseball is in full swing; here are a few baseball related books you might enjoy.

The first is “When Baseball Went to War” (2008) which was edited by Todd Anton and Bill Nowlin with a foreword by Curt Schilling. It comes with a CD on which major league players talk about their WWII experiences. The book contains interesting highlight on the war service of such major leaguers as Ted Williams, Warren Spahn, Yogi Berra, and Bob Feller among others. Other features are include stories about the All-American Girls Baseball League and the 1945 GI World Series.

An unusual Baseball related novel is “The Catcher was a Spy - The Mysterious Life of Moe Berg” (1994) by Nicholas Dawidoff. Moe Berg was a major league catcher for five teams (1923-1939), a coach for two years, graduated from two Ivy League schools, had a law degree, spoke 12 languages, and in addition worked as a spy for the OSS and its successor the CIA. At one time, two of his baseball cards were on display at the CIA. His abilities on the field were limited, he usually was a second string player, but his mental abilities were amazing. He was involved in a number of very important espionage missions was able to accomplish such achievements as speaking Japanese after a three week visit to that country.

LARGE PRINT BOOKS AND MAGAZINES
Please remember that many of our residents enjoy/need this type of print. If you have any just sitting around the house, please consider donating them.

The Library has only one small magazine rack. Please do not donate magazines collections as there is no room and they are immediately discarded.

Scrumptious frosted fudgy brownies

Ingredients
- 8 (1 ounce) squares unsweetened baking chocolate
- 1 cup butter
- 5 eggs
- 3 cups white sugar
- 1 tablespoon vanilla extract
- 1 1/2 cups all-purpose flour
- 2 cups chopped walnuts
- 1 1/4 cups white sugar
- 1 cup heavy cream
- 5 (1 ounce) squares unsweetened baking chocolate
- 1/2 cup butter, softened

Directions
1. Preheat oven to 375 degrees F (190 degrees C). Grease a 13x9-inch baking pan. Place 8 ounces of baking chocolate with 1 cup of butter in a microwave-safe bowl, and microwave on High until the chocolate is soft and the butter has melted, about 2 minutes. Stir to mix.
2. Place the eggs, 3 cups of sugar, and 1 tablespoon of vanilla extract in a large bowl, and beat with an electric mixer on high speed for 2 minutes. Reduce the mixer speed to low, and beat in the melted butter-chocolate mixture. Beat in the flour until just combined (do not overmix), and stir in the chopped walnuts. Spread the batter in the prepared pan.
3. Bake in the preheated oven until a toothpick inserted into the center comes out with fudgy crumbs, about 35 minutes. Cool in the pan before frosting.
4. To make frosting, combine 1 1/4 cup of sugar with the heavy cream in a saucepan over medium heat, and stir until the sugar dissolves and the mixture begins to simmer, about 3 minutes. Reduce the heat to low, and let the mixture simmer for 7 minutes without stirring.
5. Remove the cream mixture from the heat, and stir in 5 ounces of baking chocolate and 1/2 cup butter, stirring to melt and blend the chocolate. Add 1 teaspoon vanilla extract; whisk until smooth. Place the frosting in the refrigerator and stir every few minutes until the frosting is chilled and thick, about 30 minutes. Frost the cooled brownies, and cut into squares.
