In partnership with the North Metropolitan Health Service RTO, PathWest offers the Certificate III in Pathology Course which provides participants with the knowledge, skills and nationally recognised qualification to work as a Specimen Collector or Phlebotomist. PathWest runs 3-4 courses a year at a cost of $3000.00.

On successful completion of the 6 week Certificate III in Pathology Course, taught at Royal Perth Hospital and Fiona Stanley Hospitals, students receive a nationally recognised and accredited qualification.

If you would like to enrol in the Certificate III in Pathology Course please send a current resume and a statement addressing the following selection criteria to the FSH Network Specimen Collection Coordinator:

FSH Network Specimen Collection Coordinator
PathWest Laboratory Medicine WA
Royal Perth Hospital
GPO Box X2213
Perth WA 6847

The following selection criteria must be addressed in your application in order to meet the eligibility requirements for enrolment into the course.

- Evidence of High School or Secondary Education Certificate (Equivalent to Australian Year 10 education)
- Well-developed communication, interpersonal and customer service skills
- Demonstrated ability to use initiative and work without direct supervision
- Willingness to collect blood samples from all patients, irrespective of their gender, ethnicity, cultural background and infection status
- Ability to follow strict infection control procedures and standard precautions

You must write approximately one paragraph on each of the selection criteria listed above.

Successful applicants will be asked to provide the following before commencement:

- A Criminal Screening/Police Clearance Check
- A working with children (WWC) Check
- Comply with immunity requirements (All information will provided once accepted in to the Course)
- Complete a Senior First Aid Course (This will be organised by your course coordinator once you are accepted into the course)
