YARD—LOCATION MAP
During the past several years we achieved and surpassed the confidence of our commitment to continue our objectives to relate with the needs of Multi-National Industrial sector and paved the way to set our goal and enhance wide variety of services we bestowed on our customers.

I remain convinced that reaching our objectives year after year is the best guarantee we can provide to our customers and employees in establishing a long term relationship of trust, creating value for all. It gives me a great pleasure to express my deep thanks and sincere appreciation to all our international principals, suppliers as well as our valued clients in both the Governmental and Private Sectors all over the Kingdom and other GCC Countries. Without their support and co-operation it was not possible for ALI AHMED AL MUHANNA CONTRACTING EST. to achieve the prominent position it enjoys now. The success of our Company throughout the years can be attributed to our deep believe in human resources.

Since ALI AHMED AL MUHANNA CONTRACTING EST. was first established in 2007, the fast growth was mainly based on improving the capabilities and performance of our Human Resources. Besides, our active monitoring and applying the new trends and technologies in our field of services has always guided and nourished our rapid growth and success. Over the years, we expanded and diversified our services to cover many major sectors in our country as well as the GCC countries. Our more than 500 employees including highly qualified and well trained Saudi graduates are handling major projects in Oil, Petrochemical and Heavy Industrial sectors.

I am delighted that ALI AHMED AL MUHANNA CONTRACTING EST. is now able to serve our reputable clients successfully with full satisfaction.

ALI MUHANNA - Industrial Trading Division.
QUALITY POLICY

STATEMENT ON QUALITY POLICY

It is the policy of ALI MUHANNA to monitor, measure and analyze to achieve planned results and continual improvement ensuring quality control and quality assurance to International standards. To ensure that all stages and phases of ALI MUHANNA projects are executed in significance using highly motivated workforce, best coded practices, International specifications that will achieve timely completion of projects with the fullest satisfaction of our customers. The General Manager is responsible for adherence to this commitment as stated under 'Statement of Authority'.

STATEMENT OF AUTHORITY

ALI MUHANNA Construction Division has assigned the Quality Management and personnel; the equipment and the facilities to perform the activities scheduled and to ensure that the effectiveness of quality shall be in total compliance with the Engineering Standards & Specifications, requirements of ISO 9001-2008 and applicable National and International Standards. The General Manager acknowledges the necessity to establish and maintain the company procedures to produce high quality product and commits himself to maintain the Quality Control System and to engage in the Quality Control functions. All personnel in the Quality Control Group shall be responsible for implementation and control of the established procedures. The QC Inspector (s) shall carry out the inspection and testing on each of the project activities and shall see to it that all of corrections/ modifications made shall be in accordance with the project requirements. The overall responsibility of the company to ensure that implementation of the Quality Control System as detailed in the Manual shall be handled by the QA/QC Manager who has the authority to place on hold any operation that is not in compliance with the Standards, Codes and Contract requirements. This QA/QC Plan and System included therein describe how the quality assurance program of ALI MUHANNA is designed to ensure that all quality requirements are recognized and that a consistent and uniform control of these requirements is maintained.
SAFETY POLICY

ALI MUHANNA is fully committed to meet its responsibilities to the requirements of Client and local legislative requirements both as an Employer and as a Company. To achieve these objectives it has appointed a designated member of staff responsible for ALI MUHANNA occupational health and safety; to keep workplace health and safety and welfare procedures under constant review; to liaise with the appropriate Health and Safety authorities wherever necessary; and keep the Company and Board of Directors abreast of new legislation, regulations to ensure ongoing compliance with the law.

The main responsibility for health and safety lies with the General Manager. The Company is bound by any acts and/or omissions of the General Manager, any manager, giving rise to legal liability, provided only that such acts and/or omissions arise out of in the course of Company business.

To comply with its statutory and common law duties, ALI MUHANNA has arranged insurance against liability for death, injury and/or disease suffered by any of its employees arising out of and in the course of employment, if caused by negligence and/or breach of statutory duty on the part of ALI MUHANNA.

ALI MUHANNA employees agree as part of their contract of employment, to comply with their individual duties under local legislative requirements and will cooperate with their Employer to enable him to carry out his health and safety duties. Failure to comply with health and safety duties, regulations, work rules and procedures regarding health and safety, on the part of any employee may lead to dismissal, in the case of serious breaches or repeated breaches; such dismissal may be instant and without prior warning.

ALI MUHANNA has instituted a system of reporting accidents, diseases and dangerous ALI MUHANNA currencies.

ALI MUHANNA shall comply with its duties towards employees under local legislative requirements so far as is reasonably practicable in order to:

- Provide and maintain plant and systems of work that are safe and without risks to health, a safe place of work and a safe system of work.
- Ensure the safety and absence of risks to health in connection with the use, handling, storage and transport of articles and substances.
- Provide such information, instruction, training and supervision as may be necessary to ensure the health and safety at work of its employees.
- Make regular risk assessments available to employees. Take appropriate preventative / protective measures, provide employees with health surveillance where necessary.
- Appoint competent personnel to secure compliance with statutory duties and to undertake reviews of the policy as necessary.

ALI AHMED AL MUHANNA GENERAL CONTRACTING EST.
P.O.BOX.13153
Dammam 31493
Saudi Arabia

Gentlemen;

Thank you for your interest in providing contract services to Saudi Aramco. Your new contractor registration application has been approved and your Company has been assigned the following Vendor Number:

YOUR ASSIGNED SAUDI ARAMCO VENDOR NUMBER: 10052093

(Please note this Vendor Number for your future reference.)

A unique username and temporary password will be sent to each of your Company’s Designated Contacts (as specified in your registration application) to enable them to access Saudi Aramco’s Electronic Contracting Network (ECN). ECN is accessible through the Saudi Aramco Portal at http://vendor.aramco.com.

It is important to note that this registration merely provides Saudi Aramco with current contact and other basic information about your Company. This registration is different from contractor prequalification which is performed separately in connection with a specific contract or group of similar contracts. The method Saudi Aramco uses to prequalify and select bidders for each contract depends on the contract's complexity and urgency in addition to the number of potentially qualified contractors for the required work. The most important source of contractor information that Saudi Aramco will heavily rely on is each registered contractor's Contractor Profile in ECN, which each contractor can update themselves online and at any time.

Therefore, the most important step for your Company to take immediately after receiving your ECN usernames and passwords is to promptly complete the remaining sections of your Contractor Profile in ECN. These sections include:

* Introduction
* Work Experience
* Certificates
* Human Resources
* Equipment
* Branches / Camps / Laydown Yards
* Financial Information
* Parent Company / Affiliates / Subsidiaries / Sole Agency Agreements

We appreciate your interest in doing business with Saudi Aramco and wish you the best of success.

Sincerely yours,
Manager
Saudi Aramco Contracting Department
