The University of South Alabama offers more than 30 graduate and professional degree programs. These opportunities exist in all ten colleges and schools of the University, providing a wide range of choice for students. The level and quality of graduate research opportunities has contributed to the University being designated as a “high research” institution as evaluated by the Carnegie Foundation.

- President Tony G. Waldrop

**USA GRADUATE SCHOOL**

Graduate studies at the University of South Alabama offer you an opportunity to focus on subjects that interest you most, and develop those interests into career-enhancing skills. Higher level positions which involve demonstrated intellectual skills and decision making empowerment are often only available to people with graduate degrees. Let USA provide you with the environment and tools you need for creative achievement, independent investigation, and intellectual challenge as you pursue your graduate degree.

**Quick Facts**

- Second Largest City in Alabama
- Rich History and Prime Location
- Southern Culture and Hospitality
- Temperate Climate
- Home of Mardi Gras
- White, Sandy Beaches
- Delicious Gulf Coast Cuisine
A Look at Mobile, AL:
Located at the junction of the Mobile River and Mobile Bay on the northern Gulf of Mexico, the city of Mobile is the only seaport in Alabama. The Port of Mobile has always played a key role in the economic health of the city since its beginning and has been supplemented with growing sectors in aerospace. As one of the Gulf Coast’s main cultural centers, Mobile houses the USS Alabama Battleship, several art museums, a professional opera, a professional ballet company and a large concentration of historic architecture. Mobile is also known for having the oldest organized Mardi Gras celebrations in the United States, dating back to the 18th century of its early colonial period.
The University of South Alabama is dedicated to improving our students experiences and needs by providing state of the art educational and service facilities at USA’s campus. With this in mind, USA has invested a quarter of a billion dollars specifically for campus construction and renovations. These buildings include:

- Moulton Tower & Alumni Plaza
- Student Recreation Center
- Shelby Hall
- Meisler Hall
- Student Center
- Health Sciences Building
- New Hall Residence Hall
- Stokes Hall Residence Hall
- Dining Hall

Fall 2014 Graduate Enrollment: 4,326
The University of South Alabama has reached another milestone, with record enrollment surpassing 16,000 students for the 2014 fall semester. Records were set in several categories such as new student enrollment, first-time freshman enrollment, graduate student enrollment, African-American enrollment and average freshman ACT score.

Graduate Student Teaching Certification Program

The Graduate Student Teaching Skill Certificate is designed to provide graduate students with the skills and strategies necessary to become effective educators. This program will better prepare students who chose careers in higher education or professional training. The curriculum will include higher education, teaching skill and practice for in the classroom and online. It will also familiarize graduate students with curriculum design and use of instructional technologies. This voluntary certification program is open to all graduate students seeking valuable credentials that can benefit them in their careers.
