as APRU and Member Universitas 21, it is no wonder UNSW was the intensive universities and various other elite international groups such as the Group of Eight – a coalition of Australia's leading research-promotes, we are a university with connections. Being a founding member of standing strong but not still as our tagline ‘never stand still’ for the best students from Australia and around the world. Being home to Australian university to be awarded five stars in the new QS Stars rating system, which measures performance against international benchmarks. UNSW has the evidence to prove the quality of our graduates: more of Australia’s top CEOs who lead ASX100 companies studied at UNSW than any other university, UNSW has produced more technology entrepreneurs in the past 15 years than any other Australian university and our graduates are rated as the most employable in NSW.

Students at UNSW benefit from studying with some of the brightest and most inspiring academics in the world, as well as having access to outstanding sport and social facilities. Our dynamic campus supports over 13,000 international students and offers more than 250 exchange opportunities around the world with strong scholarship support. With almost 5,000 on-campus residents this active 24/7 community is characterised by an environment with contemporary study spaces and a vibrant piazza-style campus life minutes from the shores of Sydney’s best beaches and the CBD.

Our main campus is located in Kensington. Other locations include the Paddington campus, located in the inner-Sydney suburb of Paddington, and UNSW Canberra at the Australian Defence Force Academy, located in the Australian Capital Territory. Our Kensington campus is just 15 minutes by express bus from Central Station, 30 minutes from Circular Quay and 15 minutes from Bondi Junction. With nearly 1,700 express bus services per week, the Kensington campus is easily accessible.

ABOUT

UNSW Australia (The University of New South Wales) is the destination of choice for the best students from Australia and around the world. Being home to the highest-achieving students, the experience and possibilities that we return to our graduates are endless. We are a university that differs with our approach to education and we understand the importance of communicating with industry. Standing strong but not still as our tagline ‘never stand still’ promotes, we are a university with connections. Being a founding member of the prestigious Group of Eight – a coalition of Australia’s leading research-intensive universities and various other elite international groups such as APRU and Member Universitas 21, it is no wonder UNSW was the first

ADMISSION REQUIREMENTS

You will be considered for admission to undergraduate courses at UNSW on the basis of your performance in one or more of the following:

- Australian Year 12 studies
- tertiary or post-secondary qualifications
- overseas qualifications considered equivalent to Australian studies
- one of the alternative entry schemes listed below.

Some courses also have additional selection criteria such as audition, interview or portfolio. When assessing your application, UNSW may take any or all of your qualifications or attempts at study into account.

Assumed knowledge

For some degree courses and first-year subjects, it is assumed that through your secondary studies or other equivalent studies you will have achieved a level of knowledge of the subject area that is considered desirable for successful university-level study. For details of assumed knowledge for UNSW undergraduate courses, visit www.unsw.edu.au/assumed knowledge and read individual course descriptions in this Guide.

If you do not have the level of assumed knowledge, you are not prevented from enrolling but you may be placed at a considerable disadvantage. If you have not achieved the recommended level of assumed knowledge, you are strongly advised to undertake a bridging course or other appropriate preparation.

If you have undertaken Mathematics General 2, you will not have achieved the recommended level of assumed knowledge for all courses. If you have undertaken Senior Science, you will not have achieved the recommended level of assumed knowledge for university-level physics or chemistry. For all HSC subjects listed, you are expected to have achieved a level of performance at Band 4 or higher.

Australian secondary studies

Admission to all undergraduate courses at the University is subject to selection on the basis of the ATAR or equivalent.

Offers made to applicants who have an ATAR below the published cut-off

UNSW has a number of admission schemes that may allow 2015 NSW and ACT Year 12 applicants to receive an offer to a course even though they have

**Open days**

Open Day (Kensington campus) Saturday 5 September 2015

The University will be open from 9am to 4pm. For information, visit www.openday.unsw.edu.au or call (02) 9385 1844.

UNSW Canberra at ADFA Open Day Saturday 29 August 2015

UNSW Info Day (Kensington campus) Tuesday 5 January 2016

**Campus visits**

A UNSW campus tour is a great way to see if UNSW might be the right place for you. Our campus tours are guided by highly trained and experienced Student Ambassadors who can tell you the ins and outs of study at UNSW while showing you all that the University has to offer.

With tours nearly every Friday throughout the year and on the first Saturday of each month, we’re ready to welcome you to the UNSW Kensington campus when it suits you. Visit www.campustours.unsw.edu.au to register.

**Important dates**

The academic year is divided into two semesters, each containing 13 weeks for teaching. There is a recess of approximately four weeks between the two semesters.

**Kensington and Paddington campuses**

| Semester 1 | Monday 29 February – Monday 27 June 2016 |
| Recess | Friday 25 March – Sunday 3 April 2016 |
| Study period | Monday 6 – Thursday 9 June 2016 |
| Examinations* | Friday 10 – Monday 27 June 2016 |
| Mid-year recess | Tuesday 28 June – Sunday 24 July 2016 |

| Semester 2 | Monday 25 July – Tuesday 22 November 2016 |
| Recess | Saturday 24 September – Sunday 2 October 2016 |
| Study period | Monday 30 October – Thursday 3 November 2016 |
| Examinations* | Friday 4 – Tuesday 22 November 2016 |

* Examination dates are provisional and subject to change.
If you are unsure about how to order your preferences, contact the UNSW UAC for a degree at UNSW. To receive Guaranteed Entry to UNSW, you must:

- There is no application for Guaranteed Entry – all you need to do is apply via UAC
- Ensure that UNSW degree is your highest eligible preference.
- Have the degree listed as one of your UAC preferences for the 2016 entry.
- YourATAR below the published cut-off. They include:
  - Academic Achievement Awards
  - Art & Design Portfolio Entry
  - UNSW Indigenous Admission Scheme
  - Built Environment Alternative Admission Scheme
  - Bachelor of Information Systems Admission Scheme
  - Educational Access Scheme – ACCESS Scheme
  - Elite Athletes and Performers Program
  - Faculty of Engineering Admission Scheme
  - HSC Plus.

For details, read the relevant sections on the following pages.

### Academic Achievement Awards

The Academic Achievement Awards (AAA) are provided to encourage academically gifted Year 12 students from eligible NSW and ACT high schools to undertake undergraduate study at UNSW. As well as a $4,000 (tax exempt) one-off payment, three bonus points will be awarded for all UNSW preferences, except 428000 B Medical Studies/Doctor of Medicine and Co-op scholarship degrees. AAA bonus points for Combined Law are under review for 2017 entry.

For further information, visit www.scholarships.unsw.edu.au.

### Elite Athletes and Performers Program

The Elite Athletes and Performers (EAP) Bonus Points Program recognises excellence in sport, academic pursuits, music and leadership achievements by awarding up to five bonus points to eligible applicants. UNSW also offers an EAP Support Program, which offers students flexible study arrangements and support, enabling them to continue their elite sporting commitments while studying at UNSW. EAP bonus points are not available for admission to the 428000 B Medical Studies/Doctor of Medicine and Co-op scholarship degrees. EAP bonus points for Combined Law are under review for 2017 entry.

For full details of the program, visit www.unsw.edu.au/eap.

### HSC Plus

HSC Plus is a program of rewarding, by means of a bonus points system, performance in Australian Year 12 subjects relevant to UNSW undergraduate programs. This is in recognition of the strong correlation between Year 12 subject performance and preparation for, and success in, first-year university studies. Students who have undertaken and done well in relevant Year 12 subjects are generally well prepared for the demands of university study.

A successful first year of university study lays the foundation for a successful and rewarding UNSW experience. By employing strategies that enhance the academic achievement of UNSW students we also improve their employability and increase the range of career options for our graduates.

### Guaranteed Entry

At UNSW Australia, we have a proud tradition of being open and transparent about future students about our admission requirements. The introduction of Guaranteed Entry for 2016 admission is another step in that direction.

#### What is Guaranteed Entry?

Offers to UNSW are made based on your selection rank, which is your ATAR plus any eligible bonus points.

With the introduction of Guaranteed Entry, UNSW provides clarity by publishing the Guaranteed Selection Rank that assures your entry to UNSW in a particular degree. For the 2016 Guaranteed Selection Ranks visit http://unsw.edu.au/findadegree.

#### What do I need to do?

There is no application for Guaranteed Entry – all you need to do is apply via UAC for a degree at UNSW. To receive Guaranteed Entry to UNSW, you must:

- Have a rank (ATAR + bonus points) at or above the Guaranteed Selection Rank.
- Have the degree listed as one of your UAC preferences for the 2016 UAC Main Round.
- Ensure that UNSW degree is your highest eligible preference.

If you are unsure about how to order your preferences, contact the UNSW Future Students Office for advice.

#### What if my selection rank is below the Guaranteed Selection Rank?

If your selection rank (ATAR + bonus points) is below the Guaranteed Selection Rank, you may still receive an offer to study at UNSW – it’s just that we won’t be able to confirm this until the Main Round. If this situation applies to you, look at the 2015 cut-off as a guide to how competitive you may be. If you are near the 2015 cut-off, you may be competitive for an offer in the Main Round.

I have more questions . . . who can I talk to?

The UNSW Future Students Office is available to help. Call us on +61 2 9385 1844 or email futurestudents@unsw.edu.au.

### Australian tertiary studies

If you hold a completed AQF Advanced Diploma, Diploma, Associate Diploma or Certificate IV or equivalent, you are eligible to be considered for admission. Trade certificates are not considered. If you have undertaken at least three-quarters of a standard full-time study load (0.75 full-time equivalent) of degree-level studies in a course at an approved university, your tertiary studies will be taken into account.

#### Special Consideration for Applicants with Tertiary Studies (SCATS) Exclusion/Suspension: If you have been excluded or suspended from UNSW or another tertiary institution, UNSW will not consider you for admission unless you provide evidence of academic rehabilitation (eg by subsequently successfully completing one semester of university study or one year of study at AQF Diploma level or above). You must also submit a SCATS application to explain the circumstances surrounding your suspension/exclusion and outline why you consider you will now succeed in your course.

#### Educational disadvantage: If you are applying to the University with tertiary qualifications (either from UNSW or another institution) and have experienced long-term educational disadvantage which has affected your tertiary and/or secondary academic performance, you may have your circumstances taken into account. Circumstances that may be considered include severe personal or family illness/disability and other circumstances beyond your control. You must submit a SCATS application along with a written statement describing these circumstances, and documentation to support your claims.

SCATS applications are available at www.unsw.edu.au/scats. Return your application to the UNSW Admissions Office by Monday 30 November 2015 for admission in semester 1 or by Friday 3 June 2016 for admission in semester 2. Late applications will not be accepted.

### Overseas qualifications

Australian citizens or permanent residents of Australia with overseas qualifications must meet UNSW’s English proficiency standards. Refer to tables 7 and 8 in Part 1 for information on overseas secondary qualifications. If you hold overseas secondary or tertiary qualifications from countries where English is not the sole language of instruction and assessment, you must provide evidence of English language proficiency – read page 16 in Part 1 and visit UAC’s website at www.uac.edu.au/undergraduate/admission/elip.shtml.

### Alternative entry and pathways

If you do not hold qualifications that allow you to compete for university entrance, you may seek admission to the University on the basis of your performance in one of the following programs:

#### Special Tertiary Admissions Test (STAT)

If you will be at least 21 years of age on Tuesday 1 March 2016, you may qualify for admission to UNSW by undertaking the Special Tertiary Admissions Test (STAT). Your STAT results may be accepted for admission to 422000 B Arts and 429000 B Science. For additional information on STAT, read section 8 in Part 1.

#### University Preparation Program

If you will be at least 21 years of age on Tuesday 1 March 2016, you may qualify for admission to UNSW on the basis of your performance in the University Preparation Program (UPP). The UPP provides an avenue of entry to many degrees at UNSW for people who do not hold qualifications that would allow them to compete for university entrance. It is specifically designed for older students who are seeking admission to an undergraduate degree after a period away from formal study.

For further details refer to 430200 University Preparation Program on page 476 and visit www.unsw.edu.au/upp.

#### Tertiary Preparation Certificate

If you will be at least 21 years of age on Tuesday 1 March 2016 and have completed the Tertiary Preparation Certificate (TPC) conducted by TAFE, you will be considered for admission. The TPC is not accepted for admission to 428000 B Medical Studies/Doctor of Medicine or 429750 B Optometry/ B Science. If you hold a TPC and seek admission to a course with assumed knowledge in Mathematics, you should have completed Apply Mathematical Skills for Further Study and Calculus.

#### Certificate in Matriculation – reduced program/Limited ATAR

If you will be at least 21 years of age on Tuesday 1 March 2016, you may qualify for admission to UNSW by undertaking five units of Board Developed courses, including English, at the 2015 NSW HSC examination. The Certificate in Matriculation is undertaken through TAFE.

The Limited ATAR is not accepted for admission to 428000 B Medical Studies/Doctor of Medicine or 428000 B Optometry/B Science. A Limited ATAR will be calculated automatically. For additional information on the Limited ATAR, read section 7.6 in Part 1.
EDUCATIONAL ACCESS SCHEMES
UNSW has an Educational Access Scheme (EAS), called the ACCESS Scheme, to assist students who have not undertaken university or other study at diploma level or above and who have experienced long-term educational disadvantage or whose educational performance affected by circumstances beyond their control during Year 11 and/or Year 12 or equivalent.

The scheme is available for entry to all undergraduate courses. Eligibility for the scheme does not guarantee admission but does allow successful applicants with an ATAR or equivalent below the course cut-off to compete for a place. Read section 2.11 in Part 1 for more information on EAS.

For further information about the scheme, visit www.unsw.edu.au/access.

EQUITY SCHOLARSHIPS
UNSW offers two types of Equity Scholarships: UNSW Equity Scholarships (for commencing students) and Commonwealth Indigenous Scholarships.

You only have to submit one application to UAC to be considered for all UNSW Equity Scholarships for which you are eligible. Read section 6.6 in Part 1 for more information on Equity Scholarships.

For details on the wide range of other scholarships that UNSW offers, visit www.scholarships.unsw.edu.au or call UNSW Scholarships on (02) 9385 1078.

ABORIGINAL AND TORRES STRAIT ISLANDER AUSTRALIANS
UNSW provides alternative entry schemes and pathways for Aboriginal and Torres Strait Islander Australians. You can apply even if you have not completed school or achieved the required ATAR for entry into your preferred course of study. Applicants are assessed for admission based upon the quality of their applications, prior education and qualifications, work experience and an interview. Consideration is given to an applicant’s relevant life, work, educational and training experience as preparation for study.

Residential preparatory programs are held in November/December for entry into Second Year Teacher Education, Business, Law, Medicine and Social Work. For all other programs, interviews are held in November/December.

For further information, contact Nura Gili, UNSW’s Centre for Indigenous Programs; visit www.nuragili.unsw.edu.au, call Nura Gili on (02) 9385 3805 or email asknuragili@unsw.edu.au.

INTERNATIONAL FEE-PAYING APPLICANTS
Some international fee-paying applicants apply through UAC; others apply direct to UNSW. Read sections 1.4 and 1.5 in Part 1 for more information on how to apply.

Direct applications to UNSW close Monday 30 November 2015 for admission in semester 1 and Tuesday 31 May 2016 for admission in semester 2. For a prospectus and application information, visit www.international.unsw.edu.au.

BRIDGING COURSES
UNSW bridging courses offer students the opportunity to revise and extend their knowledge in chemistry, mathematics and physics subjects. The courses are conducted in late January/February and are completed before the start of semester 1.

The Chemistry Bridging Course offers revision and supplements what students have already covered in the HSC Chemistry syllabus to bring knowledge up to required tertiary level. It also provides a suitable introduction to students who have not studied chemistry before.

The Mathematics Bridging Course is designed for students who wish to enrol in courses that assume a level of understanding in HSC Mathematics Extension 1. The course is recommended for students who have undertaken HSC Mathematics or equivalent.

The Physics Bridging Course provides a comprehensive revision of physics based on the HSC syllabus and introduces the subject to students who have not studied it before.

COURSES AVAILABLE BY DIRECT APPLICATION
Honours programs
Applications for graduates/graduands of other universities or previous students of UNSW close Thursday 10 December 2015 for admission in semester 1 and Tuesday 10 May 2016 for admission in semester 2. Honours application forms are available at www.unsw.edu.au/honours.

DISTANCE EDUCATION
UNSW does not offer any undergraduate degrees by distance education.

ENROLMENT
Acceptance of offer
You will receive details of enrolment procedures with your UAC offer. Failure to follow the outlined procedures may result in your offer lapsing. Full details regarding acceptance, deferment and enrolment will be available from October on UNSW’s website at www.gettingstarted.unsw.edu.au.

Advanced standing/Academic credit
If you have already completed some tertiary study, you may be entitled to credit for relevant subjects or for entry to the second or later year of a course. The University does not determine credit until an offer of admission has been made and accepted. For general advice about credit, contact the school office of the course to which you are applying and visit www.credittransfer.unsw.edu.au.

Fees and charges
All students except those undertaking an enabling course or enrolled at UNSW Canberra must pay a student contribution for a Commonwealth-supported place (CSP); read section 6.2 in Part 1. In addition, all students except those enrolled at UNSW Canberra must pay a student services and amenities fee each semester. For further details, visit www.student.unsw.edu.au/ssa/

FINANCIAL ASSISTANCE
Youth and student allowance
For details on Youth Allowance, Austudy and ABSTUDY, read section 6.5 in Part 1.

UNSW scholarships
Over 2,000 students each year are offered scholarships at UNSW. Our wide range of scholarships recognise the special skills, talents and needs of UNSW students. Following are some of the scholarships we offer:

- General scholarships
  - academic merit
  - sporting ability
  - rural and relocation
  - leadership and all-rounder
  - Indigenous students

- Equity scholarships
  - to help students who need financial assistance to study at university

- Faculty scholarships
  - for students who want to study specific programs.

The UNSW Scholarships website (www.scholarships.unsw.edu.au) provides easy access to all the information you need on each of our scholarships. The site allows you to search and apply for scholarships and monitor the progress of your application.

When should Year 12 applicants apply for scholarships?
Scholarships for 2016 open by July 2015 and close on Wednesday 30 September 2015.

UNSW Co-op Program
$18,200 pa (tax free) for four years (minimum)
Applications for Co-op Program scholarships are made online at www.coop.unsw.edu.au; they open in May and close on Wednesday 30 September 2015. Interviews will be held at UNSW on Monday 23 and Tuesday 24 November 2015 and students must make themselves available to attend the University for scheduled interviews.

The UNSW Co-op Program is a ‘career development’ scholarship program set up by industry and UNSW to provide professional development, industry training, mentoring and networking, and financial support for selected undergraduate students in the specified disciplines of Business, Engineering and Science. It includes nine to 18 months of industry training with multiple companies and, unlike cadetships, Co-op scholars are not bonded at the end of their program. Students must maintain required performance standards throughout their degree and the industry training placements.

The academic requirement for entry to the Co-op Program is a minimum ATAR of 96.00 or equivalent or entry into the specific degree program, whichever is the higher. No bonus points (other than EAS) will be considered for this requirement. As predicted ATARs are not always accurate, we recommend that students expecting an ATAR above 90.00 should consider applying. In addition to academic merit, applicants are also selected as Co-op scholars on the
basis of their personal skills, leadership potential and motivation, as well as their non-academic achievements.

For more details on the program, talk to your school’s careers adviser, visit www.coop.unsw.edu.au, call the UNSW Co-op Program on (02) 9385 5116 or email cooprog@unsw.edu.au.

ACCOMMODATION
Community, convenience and comfort. It’s these three qualities that make the accommodation at UNSW feel like a genuine home away from home, whether you’ve travelled from interstate or across the world.

UNSW has more than doubled its on-campus student accommodation over the past four years, providing homes for more than 4,000 students.

UNSW colleges
Each of UNSW’s six on-campus colleges offers a unique experience for undergraduate students. Across all colleges the student culture thrives, creating a welcoming, supportive environment. For more information on the colleges and their points of difference, visit www.rc.unsw.edu.au.

UNSW apartments
Students can choose from single or shared rooms and apartments; fully, partially or self-catered, and there are also off-campus accommodation options. Take a virtual tour on the website, or come and check it out in person. For further information, visit www.rc.unsw.edu.au.

STUDENT AND CAMPUS SERVICES

Careers and employment
UNSW Careers and Employment offers a range of services to assist students to develop career management skills and gain employment. As well as face-to-face career guidance, you can also register for career planning and development seminars, and attend one of the many expos or events with employers looking to hire. For further information, visit www.careers.unsw.edu.au.

Chaplaincy
The Religious Centre is attended by representatives of the Anglican, Buddhist, Catholic, Coptic Orthodox, Greek Orthodox, Islamic, Jewish, Pentecostal, Presbyterian and Uniting Church faiths. Full-time and part-time chaplains conduct worship services, lead Bible studies, hold prayer meetings and offer spiritual counselling.

The Islamic Society has an Imam in attendance with meeting and prayer rooms available for Muslim students. The Buddhist student group, ‘Unibuds’, also has facilities in the Centre. There is also a Jewish Chaplain involved with the Centre. For further information, visit www.student.unsw.edu.au/religion.

Childcare
There are a number of childcare centres located on or near the Kensington campus. For information on all childcare options, visit www.earlyyears.unsw.edu.au.

Counselling
Counselling and Psychological Services provides free and confidential psychologically focused strategies to UNSW students. UNSW counsellors are registered psychologists who understand the needs of students enrolled in higher education. For further information, visit www.counselling.unsw.edu.au.

As an alternative to counselling, students can talk with an Educational Support Advisor who has many years of experience in guiding students through general study and personal matters to achieve their academic goals. For more information, visit www.student.unsw.edu.au/advisors.

Exchange programs
UNSW offers exchange opportunities at over 250 universities in 31 countries. Basing yourself in Asia, North America, Europe or South America at one of the world’s top universities, you could learn a new language, get to know a different culture, establish global professional networks and make lasting international friendships. For further information, visit www.international.unsw.edu.au/ outbound-opportunities.

Health services
The University Health Service is a complete general medical practice situated on the Kensington campus. A private dental surgery is also available. For further information, visit www.healthservices.unsw.edu.au.

Learning assistance
The Learning Centre assists students with study-related issues such as academic writing, examination techniques, oral presentation skills and effective time management. The service is free and confidential. For further information, visit www.fc.unsw.edu.au.

Library and computing services
UNSW’s Main Library at the Kensington campus offers access to a wide range of materials, both print and online, in the fields of arts and social sciences, built environment, business, engineering, medicine and science. The Law Library is also located on the Kensington campus and there is a specialist art, design and media arts library on the Paddington campus. For further information, visit www.library.unsw.edu.au.

UNSW students are provided with access to a variety of electronic services including Uniwide, the University’s campus-wide wi-fi. For further information, visit www.it.unsw.edu.au.

Orientation
An easy step-by-step Getting Started guide to enrolling, familiarising yourself with UNSW and settling in is available at www.gettingstarted.unsw.edu.au. New and returning students should come along and get involved in O-Week celebrations held on campus from Monday 22 to Friday 26 February 2016. O-Week is a week you’ll never forget – it helps prepare you for your university life. From workshops and lectures to info sessions and fun events, O-Week also gives you the chance to get involved in a wide variety of activities. Visit www.oweek.info for further details.

Sport and recreation
UNSW’s state-of-the-art sport and recreation facilities are popular with students of all ages and interests – from internationally competitive swimmers to novice hip hop dancers. If you are interested in team sports, Arc Sport runs more than 30 clubs which compete locally and nationally at all levels, from beginner to elite. For further information, visit www.sportandrecrec.unsw.edu.au.

Student organisations
Covering the Kensington, Paddington and Canberra campuses, Arc@UNSW is UNSW’s student organisation. With a majority of students on its governing board and student-run activities and programs such as clubs, societies, parties and entertainment, Arc is located in the Basser College Building (D17) at the Kensington campus and in D Block at the Paddington campus. For further information, drop by, call (02) 9385 7700 or visit www.arc.unsw.edu.au.

Students with disabilities
The Student Equity and Disabilities Unit is a friendly and professional team with expertise in educational liaison and student equity. Our Disability Advisors work with other sections of the university on your behalf to put in place a range of services and educational adjustments so that you are able to fulfil your course requirements. Contact a Disability Advisor as soon as you can to discuss your support needs. Call (02) 9385 4734, email seadu@unsw.edu.au or visit www.studentequity.unsw.edu.au.

FURTHER INFORMATION
For more detailed information, visit www.unsw.edu.au/futurestudents, call the Future Students Office on (02) 9385 1844 or email futureregistrar@unsw.edu.au. Publications and additional information may also be downloaded from www.guides.unsw.edu.au.
