EXAMINATION NEWS

EXAMINATION RESTRUCTURE

It's nearly here—the change to the Board's examination process. After January 1, 2016, all registrants will be required to take and pass the California Law and Ethics Examination. Once this examination is passed, you have completed the first of two examinations required for licensure.

The second exam is a Clinical Examination and may be taken after the required number of supervised hours have been obtained and submitted to the Board for approval. Once your supervised experience hours are approved, you may take the Clinical Examination.

So what does the change mean? For those who do not pass an examination, a reduced waiting period between exams. Further, some individuals will be taking a national examination for licensure.

The Board recognizes the change to the examination process is significant and impacts everyone seeking licensure. But how does the change impact YOU?

The Board created a series of video tutorials and FAQs (Frequently Asked Questions) to provide you with information about the process specific to your situation. This information is currently available on the Board's website. Please take a moment to view the tutorial that applies to your situation and the relevant FAQs.

This information will help guide you through the new examination process. It is important you become familiar with the new process to avoid delays in your registration renewal or in the licensure process.

Additionally, the Board created examination flow charts to provide you with quick overview of the process. The examination flow charts, which are included in this newsletter on pages 7 and 9, provide you with basic information about the new examination process. However, we strongly encourage watching the video tutorial and reviewing the FAQs specific to your situation so that you are aware of all the examination requirements.

For individuals who will be taking a national examination for licensure, information regarding the national exam, exam content, and study guides are available on the respective websites. For LPCC candidates, please visit NBCC.org. LCSW candidates may access the information at ASWB.org.

Information related to the California Law and Ethics Examination and the LMFT Clinical Examination is available on the Board’s website at www.bbs.ca.gov.
CHAIR’S MESSAGE

Welcome to 2016!

When I look back at 2015, the Board of Behavioral Sciences (Board) enjoyed an auspicious and fruitful year with many successes. Online renewal through the BreEZe program was implemented, and the utilization is steadily increasing. Legislative changes to streamline the supervised work experience requirement and to improve efficiency of the enforcement process were approved and signed by the Governor. The Uniform Standards for Substance Abusing Licensees regulations were adopted and have been in effect since October. Finally, the Board’s Sunset Review Report was completed and submitted for review in December. These accomplishments are the direct result of the diligent efforts and dedication of the Board staff and Board members.

The long awaited examination restructuring for LCSWs, LMFTs, and LPCCs applicants will be in effect on January 1, 2016. Applicants are required to take a Law and Ethics Examination and a Clinical Examination. Board staff developed various instructional video tutorials and other materials to help registrants navigate the changes. You are strongly encouraged to visit the Board’s website for details.

Another notable change in 2016 is the streamlining of the supervised work experience requirements for LMFT and LPCC applicants. This change allows applicants to gain hours in two categories instead of several categories. Additionally, LCSW applicants will also be allowed to count some direct supervisor contact hours. The Board believes this change will improve the application process for both applicants and Board staff.

The Board will continue to focus on its outreach efforts in 2016. BBS is now on Twitter (@CalifBBS), and we also have an official Facebook page. Please “follow” or “like” us to receive the latest news updates.

My sincere hope is that we will continue our collaborative work with our stakeholders to ensure Californians receive the highest quality of mental health. Together, we will create a world with peace.

Christina Wong, LCSW Member
Chair
ONLINE SERVICES

NEW SERVICES NOW AVAILABLE

Licensees and registrants are now able to change their address of record and request a duplicate or replacement certificate through BreEZe. You must be registered on BreEZe to use these new services. If you have not registered on BreEZe, select the BreEZe icon on the Board’s website and follow the steps for a new registration. Candidates experiencing difficulty registering should contact the Board for assistance.

ONLINE RENEWAL

Since November 2014, 13 percent of licensees and registrants have renewed online. There are several benefits to online renewal.

- Your license or registration is immediately updated with a new expiration date.
- Incomplete renewal applications are avoided. Online renewals will not process unless the renewal application is complete.
- Lost mail and postal delivery delays are avoided.

If you are unable to register on BreEZe, it’s likely due to some missing information. Please contact BBS to determine the best method to provide the missing information to register your BreEZe account.
NEW LAWS EFFECTIVE

JANUARY 1, 2016

The following bills were signed by the Governor and are effective January 1, 2016. Take a moment to familiarize yourself with these new changes.

1. **SB 531: Board of Behavioral Sciences (Enforcement Bill)**
   Code Sections Added: Business and Professions Code (BPC) §§4990.31 and 4990.33
   This bill makes two separate amendments to the law governing the enforcement process:
   a. It modifies the Board’s requirements for an individual to petition for a termination of probation or modification of penalty. Under the proposal, the Board may deny a petition without hearing if the petitioner is not in compliance with the terms of his or her probation.
   b. It clarifies that the Board has jurisdiction to investigate and take disciplinary action even if the status of a license or registration changes, or if the license or registration expires.

2. **SB 620: Board of Behavioral Sciences: Licensure Requirements**
   Code Sections Amended: BPC §§4980.03, 4980.42, 4980.43, 4980.44, 4996.23, and 4999.46
   This bill streamlines the experience requirements for LMFT and LPCC applicants. It eliminates the complex assortment of minimum and maximum hours of differing types of experience required for licensure (also known as the “buckets” of experience) and instead requires 1,750 hours of the experience to be direct clinical counseling hours. The remaining required 1,250 hours may be nonclinical experience.
   This bill also makes amendments to LCSW law to allow LCSW applicants to count some direct supervisor contact hours, as well as some hours spent attending workshops, trainings, conferences, and seminars, toward their required experience.

3. **AB 250: Telehealth: Marriage and Family Therapist Interns and Trainees**
   Code Sections Affected: BPC §§2290.5, 4980.43
   This bill clarifies that MFT interns and trainees may practice via telehealth.

4. **AB 1140: Crime Victims (Violence Peer Counselors)**
   Code Section Affected: Government Code (GC) §13957.9
   This bill contains language that clarifies that a violence peer counselor may not perform services that fall under the scope of practice of any of the professions which the Board regulates, unless those services take place in an exempt setting.

5. **SB 560: Licensing Boards**
   Code Section Affected: BPC §30
   This bill does two things:
   1. Prohibits a licensing board from processing an application for an initial license if the applicant does not provide a Social Security number, a federal employer identification number, or an individual taxpayer identification number on the application.
   2. Requires licensing boards to share identification and license information of licensees with the Employment Development Department upon request.

6. **AB 2213: LMFT and LPCC Out-of-State Applicant Requirements (Chaptered in 2014, effective 1/1/16)**
   Code Sections Affected: BPC § 4980.72, 4980.78, 4980.80, 4980.90, 4999.57, 4999.58, 4999.59, 4999.60, and 4999.62, and Code Sections Added: BPC § 4980.79, 4980.81, and 4999.63
   This bill makes several significant changes to the out-of-state licensing requirements for LMFT and LPCC applicants:
   • Varieties the number of units the degree must contain, based on when the degree was begun.
   • Allows remediation or waiving of practicum depending on certain circumstances.
   • Allows certain coursework to be remediated while a registrant.
   • Allows certain coursework to be remediated using continuing education courses.
BBS CELEBRATES 70TH ANNIVERSARY

During the August Board meeting, Board members reflected on the 70-year history of the BBS. The history of the Board’s work is very similar to the work of the Board today: ensuring consumers safely receive mental health services from qualified practitioners. Some interesting facts about the Board’s history are noted below.

• On December 13, 1945, Anita Bullis took the Oath of Office and served as the first Executive Secretary for the Board of Social Work Examiners.

• The first Board members included Gardner Bullis, Mrs. Benjamin F. Warmer, Reverend Monsignor Raymond J. O’Flaherty, Miss Zdenka Buben, Mrs. M.D. Boucher, Miss Maurine McKeany, and Hyman Kaplan.

• Initially, the Board office was on Polk Street in San Francisco and was staffed with one Intermediate Stenographer clerk and the Executive Secretary. Temporary help was utilized to assist with the examination.

• Examination dates and registration dates were published in the newspaper.

• Registration as a Social Worker in California included a “Grandparent Clause.” Qualified individuals could register using this method through January 1, 1947.

• The registration fee was $7 and renewals were $5 annually.

• The first registrations were revoked in 1953.

The Board acknowledges its early beginnings and looks forward many more years of consumer protection.

REGISTRANTS AND SUPERVISION NEWS

NEW OPTIONS TO GAIN SUPERVISED WORK EXPERIENCE

Effective January 1, 2016, obtaining and tracking supervised work experience hours will become less complicated. Senate Bill 620, Chapter 262, Statutes of 2015 provides individuals a streamlined option to gain supervised work experience hours. After January 1, 2016, individuals may gain hours in two categories—clinical and nonclinical experience (Option 1).

The existing option of multiple categories (Option 2) will remain available, but individuals are required to submit an Application for Licensure and Examination postmarked no later than December 31, 2020. Otherwise, the individual must qualify under Option 1.

After January 1, 2016, hours gained after January 1, 2010, can now qualify under Option 1 (new streamlined categories) or Option 2 (pre-existing multiple categories) as described below. Applicants must fully qualify under Option 1 OR Option 2. There is no “mixing and matching” between the two categories.

Additionally, LCSW applicants may now count some direct supervisor contact hours, as well as some hours spent attending workshops, trainings, conferences, and seminars towards their required experience. The details, by license type, are noted below.

LMFT OPTION 1 (new streamlined categories) NEED 3,000 HOURS

Under the new option, the supervised work experience categories break down into just two overall types:

- **Direct counseling experience (minimum 1,750 hours)**—A minimum of 500 of these hours must be gained diagnosing and treating couples, families and children.
- **Nonclinical experience (maximum 1,250 hours)**—May consist of direct supervisor contact, administering and evaluating psychological tests, writing clinical reports, writing progress or process notes, client-centered advocacy, and workshops, seminars, training sessions, or conferences.
