Letter from the Director

Our department is proud to present the 2016-17 Fall/Winter brochure. We invite you to look through our portion of The Times and see the numerous programs, special events and opportunities available to you. Latrobe-GLSD offers activities for all age groups from pre-school to adults. New programs offered in this brochure are; Latrobe’s Got Talent, Latrobe Ninja Warrior Challenge, Sign Language and Essential Oils Workshops and a restructured girls’ basketball program.

By participating in recreation programs individually we improve our health and wellness, reduce stress and increase our self-esteem. Socially parks and recreation services help families build strong bonds and promote community spirit. Environmentally, neighborhood parks contribute to clean air and community livability. Economically the Greater Latrobe Community benefits from enhanced property values. The programs, services, events and opportunities that the parks and recreation department provides positively impacts our community and society in so many ways.

We encourage all residents of the community to join us in promoting active and healthy lifestyles through participation in parks and recreational activities. If you have an idea for a program, would like to volunteer or become a sponsor please feel free to e-mail me at craig@latroberecreation.org. For recreation news and updates please LIKE us on Facebook.

Yours in Recreation,
Craig Shevchik, Director of Parks & Recreation

3rd Ward Park
THE 3RD WARD PARK PHASE ONE IS COMPLETED. In partnership with Latrobe-GLSD Parks and Recreation, City of Latrobe and DCNR, 3rd Ward was designed for the 21st Century. The new playground includes new concrete pad with pavilion, swings, three-dimensional net climber, saucer swing and multi-spinner Carousel. In addition, the fencing will be repaired and basketball courts repainted. The park is heavily used by the neighborhood children but we hope it will be used by all residents of the Greater Latrobe Community. A special thank you to Lester Sutton and the Aggressive Grinding team for their in-kind work.

SPORTS CONDUCT PHILOSOPHY

G.L.A.D. GREATER LATROBE ASSET DEVELOPERS

Latrobe-GLSD Parks & Recreation Endorses the “Asset Approach.”
Giving kids what they need to succeed! Recreation is time WELL-SPENT!
Participation in quality recreation programs builds many valuable lifelong skills!

If Your Child Plays Sports...

We ask that you follow and support our Parents Code of Conduct...

• I will demand a sports environment for my child that is free from drugs, tobacco and alcohol.
• I will refrain from coaching my child or other players during games and practices, unless I am an official coach.
• I recognize the importance of volunteer coaches and will support them.
• I will work toward removing the physical and verbal abuse in youth sports.
• I will respect the officials and their authority during games and will not verbally abuse them.
• I will emphasize skill development and practices and recognize how they benefit my child.
• I will applaud a good effort in victory and defeat; enforce the positive points of the game.
• I will be sure my child makes every effort to attend practice and games.
• I will avoid material rewards and build an attitude of “the rewards lie in the fun of being able to play.”
• I will allow my child to BE a child.

The Parents Role is Most Important!

While sport for children is generally a positive experience, too often, history has shown that youth leagues have been created with an atmosphere of professionalism, e.g. the vicarious parent, the overzealous coach, leagues organized with championships as their main focus continue to exist. The National Standards for Youth Sports were developed to provide all youth groups with a focus on what is best for children in their growing and learning years.

Youth Sports Philosophy, Better Sports for Kids ... Better Kids for Life!

By implementing the following standards, parents can feel confident that youth sports will truly be a positive social experience for their child.
• Consider and choose the proper environment for your children, including emotional, physical and social development for participation.
• Select sports programs that are developed and organized to enhance their emotional, physical, social and educational well being.
• Recognize that youth sports are only a small part of your child’s life.
• Insist that coaches be trained and certified.
• Make a serious effort to take an active role in the youth sports experience of your children providing support as a spectator.
• Be a positive role model exhibiting sportsmanlike behavior at games, practices and at home.
• Insist on safe playing facilities and healthful playing situations.

These standards were developed by the National Alliance for Youth Sports and are endorsed by the Pennsylvania Recreation & Parks Society.

Volunteers must participate in our Training Program and background checks. Approved Coaches/Instructors will receive a coach/instructor manual.
