**Legislative Update**

February 29th completed the 30th day of the 2016 Georgia General Assembly. Also known as “Crossover Day”, legislation must have passed either the House or the Senate by day 30 to have a realistic chance of final passage this year. TRS will continue to monitor the following legislation during the final 10 legislative days.

For detailed information on how retirement legislation becomes law, please visit www.trsga.com/legislation.

**HB 250** is a non-fiscal bill that allows a TRS retiree to assign their benefit payment to a self-settled, supplemental needs trust. This bill will further allow assignment of benefits to a spouse for a retiree that is Medicaid eligible and institutionalized in a nursing home, hospital, skilled nursing facility, intermediate care home, assisted living community, personal care home or hospice care. By allowing a retiree to assign their benefit payment to a trust or individual, the retiree would be able to circumvent the rules and regulations regarding eligibility to receive governmental assistance. **Did Not Pass Crossover Day.**

**HB 344** is a non-fiscal bill that would create the Georgia Public Retirement SystemTrustee Training Council (the Council) effective January 1, 2016. The Council would be comprised of six members and would develop training requirements for public retirement system trustees. Trustees would be required to complete eight hours of a training course established by the Council within one year of appointment. TRS already provides in-house, high-level, executive training to our trustees, including ex-officio trustees, and continuing trustee education with nationally recognized retirement programs on an annual basis. **Did Not Pass Crossover Day.**

An online TRS account provides you with access to a variety of important resources, including the ability to retire online. Some of the other things you can do online include: register for events, update your beneficiaries, and download your annual membership statement.

One of the most important reasons to have an online account is to ensure all of your information is correct and up-to-date. **This is especially important regarding your beneficiaries.** Georgia law requires that the settlement of your account be made according to the beneficiary designation on file with TRS at the time of your death. This supersedes any other beneficiary designations you have in your will or on file with your employer.

To register for an account, please visit www.TRSGA.com and click Account Login, choose Active Member and on the left-hand side, select Register for Account Access. ⬇️

**SB 335** is a non-fiscal bill that would allow retirement systems to invest in commingled funds and collective investment funds that are maintained by state chartered banks or trust companies. **Passed the Senate 02/26/16.**

**SR 725** proposes an amendment to the Constitution prohibiting investments in foreign state sponsors of terrorism. Public retirement systems shall not invest in a security issued by or on behalf of a foreign state designated as a state sponsor of terrorism by the U. S. Secretary of State. Public funds shall not be used to directly, or indirectly through an account or fund in which shares have been bought by public funds, purchase a security of an entity that engages in for-profit activities related to the provision of supplies or services including military equipment, oil or mineral extraction, or the generation or supply of electricity. Upon ratification of the constitutional amendment, public retirement systems shall divest from all such investments in a manner prescribed by the Georgia General Assembly. **SR 725 is not subject to the Crossover Day procedures and remains active even though it has not passed either chamber.**
