Administration Scales

(PAS) Program Administration Scale
Measuring Early Childhood Leadership and Management, Second Edition

Now in its second edition, the PAS is designed to reliably measure the leadership and management practices of center-based early childhood organizations. This easy-to-use instrument assesses: Human Resources Development, Personnel Cost and Allocation, Center Operations, Child Assessment, Fiscal Management, Program Planning and Evaluation, Family Partnerships, Marketing and Public Relations, Technology, and Staff Qualifications.

(BAS) Business Administration Scale for Family Child Care

The BAS is designed to complement the Family Child Care Environment Rating Scale–Revised (FCCERS-R). When used together, they provide a comprehensive picture of the quality of the family child care learning environment and the business practices that support the program. This easy-to-use instrument assesses: Qualifications and Professional Development, Income and Benefits, Work Environment, Fiscal Management, Recordkeeping, Risk Management, Provider-Parent Communication, Community Resources, Marketing and Public Relations, and Provider as Employer.

Teri N. Talan is the Director of Research and Public Policy for the McCormick Center for Early Childhood Leadership and Associate Professor of Early Childhood Education at National Louis University.

Paula Jorde Bloom is the Michael W. Louis Chair of the McCormick Center for Early Childhood Leadership and Professor of Early Childhood Education at National Louis University.

Early Childhood Environment Rating Scale (ECERS–3) THIRD EDITION
Thelma Harms, Richard M. Clifford, and Debby Cryer
The long-anticipated new version of the internationally recognized Early Childhood Environment Rating Scale, ECERS–3 focuses on the full range of early childhood–preschool– and kindergarten–aged children. This widely used, comprehensive assessment tool measures both environmental and child–teacher interactions that affect the broad developmental needs of young children, including cognitive, social–emotional, physical, and health and safety. ECERS–3 also includes eight new items assessing developmentally appropriate language, literacy, and math activities.
Convenient Organization: Space and Furnishings • Personal Care Routines • Language and Literacy • Activities • Interaction • Program Structure
2011 / 104 / $159.95 / large format, spiral binding

MULTIMEDIA TRAINING

Video Observations are available for the ECERS–R, ITERS–R, and FCCERS–R. These multimedia packages contain an interactive video and an Instructor’s Guide, which explains how to present the various training activities and provides answers and suggestions for any questions that may arise. The Video Guide and Training Workbooks containing training activities are sold separately.

Please specify preference for called version when ordering

ONLINE TRAINING & ONGOING SUPPORT:

The Environment Rating Scales Institute (ERSI) website (www.ersi.info) provides:
• A Quick link for each scale that includes updated Notes for Clarification.
• Online and live training session details
• A list of frequently asked questions and the option to submit your own questions.

2011 / 104 / $159.95 / large format, spiral binding

School-Age Environment Rating Scale (SACERS) UPDATED EDITION
Thelma Harms, Ellen Vinseberg Jacobs, and Donna Romano Whites
What are the components of high-quality after-school care for children ages 5–12? How can we evaluate their effects on children’s development? These are the challenges facing caregivers, schools, agencies, and parents as after-school programs proliferate. The School-Age Care Environment Rating Scale, Updated Edition provides an easy-to-use resource for determining and assessing the quality of both public and private programs serving children ages five through out-of-school time. This updated, spiral-bound edition is reformatted so that each item appears on its own page, along with Notes for Clarification and Questions. The expanded Scorecard can be copied from the book or downloaded from the TC Press website. Selected revised items make scoring more accurate.
Convenient Organization: Space and Furnishings • Health and Safety • Activities • Interaction • Program Structure
2007 / 96 / $47.95 / large format, spiral binding

Family Child Care Environment Rating Scale (FCCERS–R) REVISED EDITION
Thelma Harms, Debby Cryer, and Richard M. Clifford
The FCCERS–R, a thorough revision of the widely used program quality assessment instrument, the Family Day Care Rating Scale. Designed for use in family child care programs, it is suitable for programs serving children from infancy through school-age. Following extensive input from users of the original scale, the authors have made many improvements and innovations that will make this program scale even more effective and easy to use.
Convenient Organization: Space and Furnishings • Personal Care Routines • Language and Literacy • Activities • Interaction • Program Structure
2005 / 108 / $473.42 / large format, spiral binding
