Troy Resources Limited (ASX, TSX: TRY)

Company Description:
Troy is a successful gold and silver producer with a track record of low cost mine development and production. The Company is unique amongst its peers having paid 13 fully franked cash dividends over the last 13 years.

Troy has been operating in South America since 2002 and, following development of the Casposo project in Argentina, the Company’s annual gold production is now above 100,000oz of gold per annum.

Troy’s gold and silver production is unhedged; allowing its shareholders access to the full benefit of current and future gold price upside.

Troy is a responsible corporate citizen, committed to the best practice of health and safety, environmental stewardship and social responsibility.
