Who we are

ACT, Inc.

ACT is a mission-driven nonprofit organization dedicated to "Helping people achieve education and workplace success." Headquartered in Iowa City, Iowa, ACT is trusted as the United States' leader in college and career readiness, providing high quality achievement assessments grounded in more than 50 years of research and experience.

More than 59 percent of 2015 U.S. high school graduates took The ACT®, making it the most popular college admissions test in the United States. The ACT measures academic achievement, including knowledge and skills taught in school and deemed important for college success. ACT scores are accepted at all colleges and universities in the United States, including the most highly selective institutions. Beyond the United States, more than 150 universities in 39 countries accept scores on The ACT as part of their admissions process.

ACT uses its unique research to align its assessments to national curricula and to maintain their predictive integrity. The assessments are also benchmarked with rigorous international standards, such as those of the Program for International Student Assessment (PISA), to ensure global competitiveness and comparability.

ACT Education Solutions, Limited (AES)

ACT Education Solutions, Limited offers the Global Assessment Certificate program (the GAC) and a suite of English Language Programs (ELPs) to students around the world. As part of the GAC, all students are eligible to take The ACT, which is given in English and measures their readiness for college-level coursework.

Successful GAC graduates are admitted into more than 120 GAC Pathway Universities located in popular international student destinations including the United States, Australia, Canada, the United Kingdom, and Europe, or closer to home in Southeast Asia, Singapore and Mexico. The University of Iowa admitted 254 GAC graduates between 2012 and 2015. Of these, 33 percent will graduate with double or triple majors.

Currently, AES programs are offered in conjunction with local institutions in China, South Korea, Southeast Asia, Mexico, and Canada.
A message from Marten Roorda

Students, Parents, and Friends,

Wherever they work, ACT staff members vigorously pursue our organization’s mission of “Helping people achieve education and workplace success.”

ACT Education Solutions, Ltd., (AES), a wholly owned subsidiary of ACT, enables ACT to extend our mission to individuals and organizations throughout the world. Founded in 2005, AES has its head office in Sydney, Australia, and has field offices in Shanghai, Singapore, and Jakarta.

AES helps English language learners prepare for university-level study in English-speaking countries, and links universities with students ready for admission and enrolment overseas.

AES concentrates on supporting student and institutional participation in the Global Assessment Certificate™ (GAC) program and a suite of English Language Programs (ELPs). The GAC is a competency and skills based university preparation program which is taught and evaluated in English. It is currently available at high schools, universities, and private colleges in 13 countries. GAC students have gone on to graduate from universities in the United States, the United Kingdom, Australia, and Canada.

As one of the final steps in earning the GAC, students can elect to take The ACT®, the most popular college admissions test in the United States. The ACT is recognized by colleges and universities across the United States for assessing students’ readiness for college-level study, and is also accepted by colleges and universities around the world.

The English Language Programs (ELPs) help people from non-English speaking backgrounds learn to use English effectively in both general and academic contexts, including in the GAC program. The programs help students develop skills in English language speaking, listening, reading, and writing, and an understanding of the cultures of English-speaking peoples.

At ACT, we take great pride in our programs. AES reflects our global commitment to helping people achieve education and workplace success.

www.acteducationsolutions.com
The Global Assessment Certificate™ program

GAC graduates can apply for admission to more than 120 postsecondary institutions in the United States, Australia, Cambodia, Canada, Indonesia, Malaysia, Mexico, Singapore, Switzerland, Thailand, the United Kingdom and Vietnam.

"The GAC really fulfilled my dream of going abroad. During my study in the GAC I gained practical skills, like how to communicate, how to design a PowerPoint, how to deliver a speech, how to catch up with key points in a particular lecture or an article, how to prepare for an interview and how to write a resume, all of which familiarized me with the teaching and learning methods in Western countries.

"Gradually, I began to get used to the way of learning in Western countries — thinking and communicating in English, doing role plays and giving speeches in English. The GAC offered me a chance to study, to improve my English, to experience the differences between Chinese and Western cultures and to adapt to the environment of studying abroad in advance.

"What is more, it equipped me with the skills to live and study in a foreign country and to overcome the obstacles on the road of studying abroad."

Yuchen Li
GAC Graduate from Tangshan Foreign Language School, China

The Global Assessment Certificate (GAC) program is a university preparation program that provides students with the academic knowledge, skills, and confidence to enter and successfully complete a bachelor's degree at one of many selected universities. GAC graduates can apply for admission to more than 120 postsecondary institutions — Pathway Universities — in the United States, Australia, Cambodia, Canada, Indonesia, Malaysia, Mexico, Singapore, Switzerland, Thailand, the United Kingdom, and Vietnam. Some Pathway Universities offer credit points for an undergraduate degree, and a number of them offer scholarships which can significantly reduce tuition and living expenses.

All students who complete the GAC are eligible to take The ACT®, a multiple-choice test that covers four areas of study: English, Mathematics, Reading and Science, and an optional test of Writing. This test is used extensively by universities and colleges in the United States to determine undergraduate entry. The GAC is the only international university preparation program that includes preparation for The ACT as part of its curriculum.

The GAC consists of three levels of study, and a fast track option is available for students with additional prior learning that can be recognized. The core program consists of English, Mathematics, Computing, Business, Science and Social Science, supported by a systematic study of learning skills for success at university. Elective units allow students to choose between preparation for the International English Language Testing System (IELTS™) and the Test of English as a Foreign Language (TOEFL®).

The GAC has been evaluated and recognized as meeting university admissions requirements by all GAC Pathway Universities. The American Council on Education’s College Credit Recommendation Service (ACE CREDIT®) has evaluated and recommended college credit for 15 of ACT Education Solutions’ modules from the GAC program.* Founded in 1918, ACE is the major coordinating body for all the nation's higher education institutions, representing more than 1,600 college and university presidents and more than 200 related associations nationwide. It provides leadership on key higher education issues and influences public policy through advocacy. For more information, visit the ACE CREDIT website at www.acenet.edu/credit. For a full list of Pathway Universities, refer to the list at the end of this handbook and http://www.acteducationsolutions.com/en/aesl/pathway.html.

* Please note: Individual universities award credit to students and not all universities will offer credit for all 15 modules (up to 44 credit points). Students are advised to check with individual universities for the credit they will offer for the university course selected.

Yuchen Li is currently studying at the University of California, Berkeley

The world’s most recognized university preparation program

www.globalassessment.com
With more than 4,500 accredited higher education institutions in the United States, the options are almost limitless.

The United States is one of the most exciting places to study in the world. Here you will encounter leading technology, world-class professors, cutting-edge subjects and students from around the world. According to Open Doors, the number of international students at colleges and universities in the United States is increasing by 8 per cent per year, confirming that the United States remains the most popular global destination for higher education.

Colleges and universities in the United States range in size from less than 1,000 to more than 50,000 students. There are three main types of institutions – colleges, universities and institutes. The terms ‘school’, ‘college’ and ‘university’ are used interchangeably in the United States. Both state and private universities offer undergraduate (or bachelor’s) and graduate degrees.

Colleges are usually smaller than universities and offer only undergraduate degrees. Institutes tend to specialize in vocational skill areas such as fashion, art and design or technology. There are also community colleges that offer two-year associate degrees at a lower cost than university study. It is possible to transfer to the third year of a bachelor degree at a state university from community colleges. Education USA recommends starting to research your choice of college or university 18 months before commencement to allow plenty of time to decide on the most suitable option for you.

Most universities and colleges are coeducational but single sex institutions are available as well. Choices include liberal arts colleges that emphasize broad preparation in academic disciplines, and schools that provide professional, career-related training. Bachelor degrees take four years to complete. In the first two years there is an emphasis on a broad, well-rounded education. You will be offered a wide range of classes – mathematics, science, the arts, social science, and languages – before you begin your specialization in your third and fourth years. In the first year you will be known as a freshman; in the second, a sophomore; in the third, a junior; and in the fourth, a senior. As an international student, you will be expected to study full-time.

A key factor in choosing a college or university in the United States is location. The east coast and west coast are popular destinations with very different cultures and lifestyles. The midwest and northeast are home to many quality educational institutions if you don’t mind cold snowy winters. Many universities are located in small towns rather than large cities and students who prefer an exciting urban lifestyle should choose carefully.

Cost may be a major factor in deciding which college to attend. The average cost for students living on campus at four-year undergraduate colleges is varied. You must consider living expenses during holidays, including the summer break, and round-trip transportation from your home country.

It is a good idea to investigate sources of financial aid in your own country as well as those in the United States. Keep in mind that application deadlines for scholarships and other financial aid programs may close long before your planned date of enrolment.

Contact an advising center, the U.S. embassy, or other organizations about financial aid as soon as possible. For more information visit the U.S. Department of State, Bureau of Educational and Cultural Affairs’ website for study in the United States: www.educationusa.info studyinthestates.dhs.gov/students

</table>
From real-world work experience, to world-renowned programs, to an incredible campus and city, the University of Cincinnati helps students to create a university experience that matches their interests, passions, and aspirations.

Ranked among the top 150 “Best National Universities” and among the top 75 public universities according to U.S. News & World Report, the University of Cincinnati (UC) is home to nearly 45,000 students—including 3,175 international students from over 100 different countries. Located in the midwestern city of Cincinnati, UC is recognized for its experiential learning opportunities (including the first cooperative education program in the country), beautiful living and learning environment, and world-renowned academic programs.

**Degree Programs**

UC offers 379 programs of study, including programs in Business, Information Technology, Engineering, Biological Sciences, the Arts, and Computer Science. With a student/faculty ratio of 18:1 and over 2,800 faculty, UC students have access to some of the best minds in their fields. For a complete list, visit: webapps.uc.edu/DegreePrograms/SearchPrograms.aspx.

**Teaching Periods**

- Fall: August to December
- Spring: January to May
- Summer: May to August

**Tuition Fees**

- Undergraduate: US $26,334 per year

**GAC GPA Required**

- 2.0 GAC GPA (some programs higher)
- 2.8 secondary/high school GPA (some programs higher)

**Minimum English Proficiency**

- TOEFL (IBT): 66 (some programs higher)
- IELTS: 6.0 (some programs higher)

- Pearson PTE: 46 (some programs higher)
- ACT: 20 (some programs higher)

**Credits and Scholarships**

All international students are considered for the merit-based UC Global Scholarship, which ranges from US $1,000 to US $25,000 per year. At UC, GAC students can receive up to 39 semester hours of university credit toward their degree, meaning that many programs can be finished in three years. Additionally, because UC has several bachelor’s and master’s accelerated programs, interested GAC students could receive a bachelor’s and master’s degree within four years of university study.

**How to Apply**

Please visit our website at admissions.uc.edu/apply.html to apply. We encourage aspiring GAC students to contact our office directly (see contact information above) to learn more about the specific advantages of attending UC as a GAC student.
George Mason University (Mason) is located in suburban Fairfax, Virginia, just minutes outside the United States capital city of Washington, DC. George Mason is the largest public research university in Virginia with more than 33,000 students enrolled in more than 200 bachelor’s, master’s, and doctoral programs. Students from all 50 states and more than 120 countries call Mason their home, giving the university one of the most diverse student populations in the United States.

Mason Facts
- Established in 1972
- Undergraduate enrollment is more than 22,000 and graduate enrollment is more than 12,000
- Student/faculty ratio is 16:1
- Average class size ranges from 25 to 35 students
- More than 200 different clubs and organizations are available
- Over 6,000 students live on campus in state-of-the-art residence hall
- #59 among top 100 world universities under 50 years old (Times Higher Education, 2015)

Degree Programs
- Mason offers bachelor’s, master’s, and Ph.D. programs in over 200 areas of study. Most popular undergraduate majors include Business, Computer Science, Engineering, Economics, Political Science, Global Affairs, Biological Sciences, Arts and Psychology.

Teaching Periods
- Spring: January – May
- Fall: August – December
- Summer: Limited course availability

Tuition Fees
- Estimated undergraduate expenses for the 2015-2016 academic year:
  - Tuition & Fees: US $29,914
  - Living Expenses: US $15,987
  - Required Medical Insurance: US $2,532
  - Total (as appears on I-20): US $48,433

GAC GPA Required
- 3.0 (GAC GPA) and 3.0 for secondary (high school) coursework
- Transfer credit may be awarded for select GAC courses.

Minimum English Proficiency
- TOEFL (iBT): 80 with no subsection less than 18
- IELTS: 6.5 with no subsection less than 6.0
- ACT English: 20 or higher

How to Apply
- Students may apply online at admissions.gmu.edu/applynow. Official transcripts, test scores, and other supplemental documentation should be sent directly to the George Mason University Office of Admissions. The application deadline for the fall semester is January 15 and October 1 for spring.

George Mason University is ranked #59 among top 100 world universities under 50 years old (Times Higher Education, 2015).

#70 Top Public School in National Universities ranking (U.S. News & World Report, 2015)
#78 University in the United States and 176 worldwide (Academic Ranking of World Universities, 2013)
Top 40 most diverse public universities in the United States (U.S. News & World Report, 2013)
The School of Business is #72 in the 2013 list of Best Undergraduate Business Programs according to U.S. News and World Report.
Mason’s School of Law is ranked #42 in the latest U.S. News and World Report, the youngest law school in the United States in the top 50.

George Mason University also has an exciting global campus located just 25 miles from Seoul. George Mason Korea offers students world-class teaching facilities, a library with state-of-the-art technology, a performing arts center, and comfortable dormitories. Undergraduate programs for 2016 include Accounting, Finance, Management, Global Affairs, and Economics.
Humboldt State University (HSU) is the northernmost California State University campus. Every year, students from around the world come to HSU for a high quality education and to live in a friendly, safe, and welcoming environment. HSU is renowned nationally and internationally for its academic excellence, intensive research, and unique programs. Our small class sizes allow students and faculty to work closely together, and for students to receive personalized attention and support. HSU has outstanding Natural Science and Resources programs, and also excels in the areas of Business, Humanities and Liberal Arts. HSU consistently ranks among the top regional colleges in publications such as U.S. News & World Report. The Princeton Review ranks Humboldt State a Best Western College.

As an international student, you can explore this unique area and enjoy a vibrant college town located in the heart of California’s beautiful northern coast. Our beautiful location, safe campus, and academically excellent programs make HSU one of the most appealing schools in California. We invite you to take a closer look.

Quick Facts
- The California State University (CSU) System’s northernmost campus
- 8,600 students
- Over 180 student clubs
- 54% female, 46% male
- 23:1 student to faculty ratio
- Fully accredited
- 44 undergraduate majors, 73 undergraduate minors, 12 graduate programs
- Other acceptable proof of English language proficiency.

Credits and Scholarships
HSU will accept up to 36 semester credits in transfer from the GAC program. Students may apply for an International Merit partial tuition scholarship.

How to Apply
- Fill out the Undergraduate application
- Submit transcripts
- Submit the HSU application fee
- Submit the Certification of Financial Support
- Submit proof of English proficiency

Accounting, Business Analytics & Information Systems, Economics, Finance, Management and Marketing. U.S. News & World Report rank this college as the 22nd Best Public Business Program in the country and has held AACSB accreditation since 1923. 93 percent of students are employed or enrolled in graduate or professional school within six months of graduation.

The College of Engineering:
Biomedical, Chemical & Biochemical, Civil & Environmental, Electrical & Computer, Industrial, and Mechanical Engineering with specialized tracks within each. U.S. News & World Report ranks the college in the top 20 percent of engineering programs worldwide.

Teaching Periods
The University of Iowa accepts students year-round. Sessions start in August, January, and June of each year.

Tuition Fees
• US $27,000 for most programs

GAC GPA Required
• GPA 3.0 High School or 2.6 GAC for admission;
• GAC 2.6 for credit transfer / Up to 33 credit points;
• ACT Test score is required.

Minimum English Proficiency
• TOEFL (iBT): 80 with no subscore lower than 17;
• IELTS: 6.5 with no subscore lower than 6.0; OR
• ACT English: 21 or higher

Credits and Scholarships
• Merit-based awards for outstanding students ranging from US $2,000–$17,000 per year. For more information visit: admissions.uiowa.edu/finances/scholarships-international-students
• The Summer Hawk Tuition Grant lets international students pay resident tuition for up to 12 credits during a single summer.
• Credit will be awarded for GAC courses with a 2.6 grade point average or above. Refer to: admissions.uiowa.edu/academics/gac

How to Apply
Please visit admissions.uiowa.edu/apply to apply online with official transcripts, and test scores. The application deadline is March 1 for fall admission and October 1 for spring.

The way we LEARN. The way we LIVE. The way we WORK. The way we PLAY. The HAWKEYE WAY.

The University of Iowa is a public university enrolling more than 32,000 students each year, including more than 4,000 students from over 100 countries. Located in the heart of downtown Iowa City, Iowa, the university offers a comfortable yet energetic living and learning environment in a low crime, affordable, and friendly community. The University of Iowa has a reputation for excellence:
• U.S. News & World Report ranks the University of Iowa as the 34th best public university in the country.
• Iowa ranks in the top 5% among all universities worldwide by the Times Higher Education World University Rankings.
• The American Institute for Economic Research’s College Destination Index lists Iowa City as one of the top five college towns in America.

Kiplinger’s Personal Finance magazine ranks Iowa among the 100 best value in higher education.

Iowa City was designated by UNESCO as the world’s third City of Literature. Iowa has cultural resources with missions centered on supporting students from all ethnic backgrounds and helping them feel at home. Iowa also offers extracurricular options including nearly 500 student groups, study abroad options for credit internships, Honors Program, and opportunities to work with faculty research scholars.

You will find the Top 25 Most Amazing Campus Student Recreation Centers ranked the University of Iowa's center as #3, giving access to an Olympic-sized swimming pool, lazy river, hot tub, indoor track, 50-foot rock climbing wall, workout equipment, saunas, personal training rooms, and more.

Iowa State University, one of the nation’s leading land-grant institutions, has a national reputation for its commitment to integrating science and technology throughout its academic programs.

Iowa State is an international, prestigious university with a friendly welcoming personality. More than 36,000 students choose from over 100 majors, study with world-class scholars and engage with fellow classmates in more than 850 student organizations. In the book, Involving Colleges, Iowa State, the oldest land-grant university in the United States, is recognized for offering its students one of the best out-of-classroom learning and leadership experiences in the United States.

The College of Business undergraduate program ranked 80th among 501 (top 20%) business programs accredited by The Association to Advance Collegiate Schools of Business. The Gerdin Business Building is equipped with state-of-the-art technology.

The College of Design programs continue to be among the nation’s best, according to DesignIntelligence. The undergraduate architecture and landscape architecture programs are consistently ranked in the top 20 in the nation. It is one of the few design schools in the United States where disciplines – Architecture, Art and Design, Community and Regional Planning, Design, Graphic Design, Industrial Design, Interior Design, Landscape Architecture and Studio Arts – are housed together.

Faculty at the College of Engineering includes world-renowned researchers in Wind Power, High Performance Commuting, Product Design, Virtual Reality, Bio-renewable Fuels and Chemicals, and other fields that are critical to our future. The undergraduate engineering program is one of the 10 largest in the United States, and its graduates are highly valued by employers. Iowa State’s undergraduate engineering program is currently ranked 36th of all institutions that have ABET accreditation. The college hosts the nation’s largest indoor career fair.

The College of Agriculture and Life Sciences is second in the nation in the number of undergraduates in study abroad programs, and a leader in entrepreneurial skills. Genetics, Microbiology, Biotechnology, Environmental Sciences, Biology, Agricultural Business and more prepare students to address challenges in Food Security, Food Safety, Climate Change, Environmental Stewardship, Renewable Energy and Human Health. Agriculture and Forestry is currently ranked 8th in the world by the QS World Rankings.

The College of Human Sciences brings together scholars who work to improve peoples’ lives by advancing Health and Wellness, Education and Human Development, Science and Technology. The Hospitality Management program is counted among the world’s best – and was recently ranked among the top 15 by the Journal of Hospitality & Tourism Research.

The College of Liberal Arts and Sciences is diverse with 50 undergraduate majors in the Sciences, Humanities, Social Sciences, Communications and Math disciplines, with poets and physicists and chemists and anthropologists sharing creative space. There’s also an open options program. The Greenlee School of Journalism is one of the nation’s longest continuously accredited journalism schools.

Teaching Periods
- Fall: August to December
- Spring: January to May

Tuition Fees
- Undergraduate: US $20,856 per year

GAC GPA Required
- 2.75 Engineering
- 2.3 all others

Minimum English Proficiency
- TOEFL (IBT): 71 (speaking/writing 17+)
- IELTS: 6.0 (no subscore <5.5)

For full information on entry requirements, please visit our website at www.admissions.iastate.edu/intl/requirements.php
Lewis-Clark State College (LCSC) is located in Lewiston, Idaho at the junction of two rivers close to beautiful national parks. The Lewis-Clark (LC) valley is known as one the premier outdoor recreation locations in the United States. Lewiston has the benefit of being only a one-hour plane flight from Seattle.

With a population of around 55,000, students experience the friendliness of a small American community. Located in a river valley, students will experience the turning of the seasons, autumn’s bright colors, mild winter snows on nearby mountains, beautiful spring flowers and summer’s warm sun. LCSC’s location in a residential area and the local community allow for easy access to a wide variety of activities on and off campus.

LCSC offers a wide variety of four-year and two-year college degree programs on a beautiful campus. Programs include Business Administration, Sports Administration, Accounting, Management, Communication, Natural Sciences, Psychology, Nursing, Education and many more. All classes are taught by professors so LCSC can readily proclaim that all your teachers know who you are!

With students from over 30 countries, international students experience a wide range of cultures and activities. There are many opportunities for community service activities. The International Programs Office (IPO) offers a ‘One-Stop Shop’ for international students, and helps students through all the steps from applications (internationaladmissions@lcsc.edu) to the four-day New Student Orientation to registration for classes, and then providing ongoing support until graduation. The IPO also helps students with internship opportunities during the degree (CPT) and post-degree (OPT).

Credits and Scholarships
LCSC offers up to 42 credits for GAC courses. At LCSC, a degree requires 120 credits.

GAC GPA Required
• 2.0

Minimum English Proficiency
• IELTS 6.0
• ACT English: 18

Tuition Fees
• Tuition: US $17,000 for 12–19 credits per semester
• Student fees: Included in the tuition
• Textbooks: US $1,632 (estimate; can buy used or rent to reduce costs)
• Health insurance: US $684 (estimate based on plan)
• Room and board: US $6,570
• Airport pickup: Free
• Total on I-20: US $27,386

• Less scholarship: $3,500 for GPA 2.5 and above.
• Can rise up to $5,000 per year based on GPA after 1 semester at LCSC.

Total US $23,886

Idaho is a low-cost state and LCSC has affordable tuition and living costs. LCSC also offers guaranteed $3,500 scholarships to all international students with GPA 2.5. Scholarships can increase up to $5,000 per year after the first semester at LCSC based on GPA. LCSC also offers athletic scholarships for tennis, golf, baseball, women’s volleyball, men and women’s basketball, track and field, and cross country running.

For more information, check out our website www.lcsc.edu/international

How to Apply
To apply, download application form or apply online at www.lcsc.edu/international/apply-now/admissions/
A world-class research institution, the University of Missouri fosters discovery and interdisciplinary collaboration in all academic fields.

Founded in 1839, the University of Missouri (“Mizzou” or “MU”) is a major, comprehensive research university. Mizzou has a diverse enrollment with 35,000 students from every state in the United States and more than 120 countries. MU has formal agreements with more than 200 universities and government agencies around the world, and is one of the top universities in the United States for sending students abroad on exchange, research, and internship programs. Mizzou is classified with American universities that offer the most educational opportunities and the highest level of instruction and is one of only 62 universities to be granted membership in the Association of American Universities (AAU) which recognizes top-tier institutions for outstanding teaching and research endeavors. The University of Missouri’s internationally recognized programs in Agriculture and Natural Resources, Business, Engineering, and Journalism contribute to Mizzou’s consistent top-tier rankings as one of the top 50 public universities.

Degree Programs
Mizzou offers over 280 degree programs from 14 different Schools and Colleges. The student/faculty ratio of 20:1 allows Mizzou’s faculty of nationally prominent scholars and scientists to directly involve students in research. The university’s internationally-ranked School of Journalism’s “Missouri Method” calls for students at MU to practice what they learn through on-campus research, internship, practicum, and service.

The university is located in Columbia, Missouri, which is consistently recognized as one of the best places to live within the United States. The campus is located in the downtown area, which is filled with cafés, shops, musical venues, theaters, and restaurants. The city plays host to annual festivals for film, music, and food. Outdoor enthusiasts have access to many parks and trails for biking, walking, or hiking.

Teaching Periods
New students may be admitted and enroll in each of the three terms: Fall (August), Spring (January), and Summer (June).

Tuition Fees
International student tuition starts at US $20,460 annually.

GAC GPA Required
- Mizzou requires students to have a 2.5 GAC GPA.

Minimum English Proficiency
- TOEFL (iBT): 61 with all parts 15 or higher
- IELTS: 6.5 with all bands 6.0 or higher

Students who do not meet the English proficiency requirement are automatically considered for conditional admission.

Credits and Scholarships
- The University of Missouri offers up to 29 semester credit hours for GAC coursework.
- MU is pleased to offer three renewable scholarships to incoming international students:
  - International Merit Scholarship: US $5,000 per year
  - International Honors Scholarship: US $10,000 per year & admission to MU Honors College
  - Global Heritage Scholarship: Waives all non-resident tuition fees (currently around US $14,000 per year)
- Please visit [financialaid.missouri.edu/types-of-aid/scholarships/international.php](http://financialaid.missouri.edu/types-of-aid/scholarships/international.php) for more information.

How to Apply
Please visit our website at [admissions.missouri.edu/international/](http://admissions.missouri.edu/international/) for a full description of the application process and a link to our online application. As Mizzou works on a rolling admission, we are typically able to give students an admission decision within just a few days of receiving the required documentation.
The New York Film Academy College of Visual & Performing Arts was founded on the philosophy that “learning by doing” combined with best industry practices is more valuable than years of theoretical study for filmmakers, actors, and visual artists. This educational model allows students to achieve more, in less time, than at all other visual and performing arts schools in the world.

Degree Programs
The New York Film Academy College of Visual & Performing Arts offers accelerated three-year Bachelor of Fine Arts (BFA) degree programs in Filmmaking, Acting for Film, Photography, Producing, Screenwriting, Animation and Game Design, Graphic Design, and Illustration, a Bachelor of Arts (BA) in Media Studies, and two-year Associate of Fine Arts (AFA) degrees in Filmmaking, Acting for Film, Producing, Screenwriting and Game Design.

Each program is structured for students who want intensive training from award winning faculty using professional facilities and equipment starting their first day of classes; better preparing them for a career in the motion picture and entertainment industries. For example, in the first year of any of our filmmaking programs each student will write, direct, shoot, and edit eight films and work as crew on 28 more!

Teaching Periods
Intakes in January, May, and September. BFA program lengths vary from eight to nine semesters over three years. AFA program lengths vary from four to six semesters over two years.

Tuition Fees
BFA tuition varies based on the subject from US $10,875 to US $14,420 per semester. AFA tuition varies based on the subject from US $14,000 to US $20,000 per semester.

Talent-Based and Need-Based Tuition Discounts
All international students are eligible for financial aid from NYFA in the form of talent and/or need-based tuition discounts. Talent based discounts are based on a review of the creative portfolio submission. Information about need-based financial aid can be found at www.nyfa.edu/admissions/financial_aid.php

GAC GPA Required
- 2.0 GAC GPA for admission

Minimum English Proficiency
- TOEFL (iBT): 68
- IELTS: 5.5

A student scoring lower than the minimum requirement can request a language assessment interview, or conditional admission.

How to Apply
You can apply online from the NYFA website at www.nyfa.edu/applications/. An admissions representative will be assigned to assist you with the admissions process. Be ready for the most challenging and rewarding experience of your life. Gain unsurpassed real world experience to prepare you for a career in the visual and performing arts.

Register in any of our world-class programs and get the experience you need to excel in your field.

The New York Film Academy is considered the best hands-on film school in the world by many of today’s top filmmakers. Our student body is remarkably diverse. Across our Los Angeles and South Beach campuses, our students represent over 100 different nationalities; this diversity adds to the creative atmosphere and fosters the development of a unique artistic community.

www.nyfa.edu
Oklahoma State University (OSU) is a public research institution. OSU has a total enrollment of 25,000 students. It has over 2,000 international students from over 115 countries. 45 percent of the students live in college-owned, -operated, or -affiliated housing and 55 percent of students live off campus.

Through leadership and service, OSU is preparing students for a bright future and building a brighter world for all. As Oklahoma's only university with a statewide presence, OSU improves the lives of people in Oklahoma, the nation, and the world through integrated, high-quality teaching, research, and outreach.

Degree Programs
The student-faculty ratio at Oklahoma State University is 20:1, and the school has 35.3 percent of its classes with fewer than 20 students. The most popular majors at Oklahoma State University include: Business, Management, Marketing, and Related Support Services; Agriculture, Agriculture Operations, and Related Sciences; Engineering and Architecture; Family and Consumer Sciences/Human Sciences; and Education. OSU is a three-semester institution: Fall (August), Spring (January) and Summer (June).

The Office of International Students and Scholars is here to assist the university and its international community in the appropriate application of federal regulations that affect this constituency and to facilitate the education and personal development of international students and scholars and to assist with culture exchange and enrichment at Oklahoma State University and the Stillwater community.

To enrich your college life and help you developing leadership skills, OSU has more than 400 student organizations that students can join, meet people, and have fun. CampusLink helps you find out what student organizations are available on campus.

GAC GPA Required
• GAC graduates are transfer students; 2.25 for credit transfer (2.7 Engineering)

Refer to this link for more information on Admission Requirements: admissions.okstate.edu/admission-requirements

Minimum English Proficiency
• Refer to iss.okstate.edu/admission-faqs

Scholarships
• financialaid.okstate.edu/financial-aid-process
• iss.okstate.edu/undergraduate-application

How to Apply
When applying to Oklahoma State University, it's important to note the application deadline is rolling; however, early applicants have a better opportunity in receiving their I-20's, visa appointments and therefore valid visas to attend the University. The international application fee at Oklahoma State University is US $75.
**Degree Programs**

As a comprehensive liberal arts university, PLU offers many areas of study at the bachelor's level. [www.plu.edu/admission/majors/](http://www.plu.edu/admission/majors/)

The “Fast Track” master’s degree option in Business Administration, Finance and Marketing Research is available to all graduating PLU international bachelors’ students regardless of their major. Most admission requirements such as GRE, TOEFL, etc. are waived for the Fast Track students. More details are at [www.plu.edu/busfa/fasttrack/](http://www.plu.edu/busfa/fasttrack/)

**Teaching Periods**

Semester System: New students can begin in Fall (September) or Spring (February). Summer and winter sessions are available for returning students for free or at a reduced tuition cost.

**Tuition Fees**

US $39,100 (2016–2017). Actual tuition fee is lower for most students as a large majority of international students receive a financial aid from the university. Financial aid amount is confirmed at the time of admission.

**GAC GPA Required**

- 2.6

**Minimum English Proficiency**

- TOEFL (IBT): 79
- IELTS: 6.5 or
- PTE: 56

**Credits and Scholarships**

Most admitted international students qualify for scholarships. Most scholarships are awarded automatically upon admission, and no separate scholarship application is required. More information is available at [www.plu.edu/admission-international/documents/](http://www.plu.edu/admission-international/documents/). Up to 24 GAC credits may be accepted.

**How to Apply**

Please visit [www.plu.edu/admission-international/apply/](http://www.plu.edu/admission-international/apply/). It is free to apply (undergraduate program only). After completing online application, all supporting documents should be emailed to intl@plu.edu. Official final school credentials must be mailed in a sealed envelope after admission decision is made (no later than the first day of classes).

Ramapo College of New Jersey (RCNJ) is a public college enrolling 6,000 students each year, including students from 59 countries. Located in suburban Mahwah, NJ (SafeWise Award as New Jersey’s safest community) only 30 miles from New York City, Ramapo offers the beauty and safety of a suburban campus and the limitless opportunities available in close by New York City all for the value of a public college. Ramapo College has been recognized many times for excellence:

- U.S. News & World Report ranked RCNJ 5th in the public Northern Regional Colleges and Universities category in its “Best Colleges” 2014 publication.
- Kiplinger’s named RCNJ to the Kiplinger’s Personal Finance’s List of 100

Degree Programs
Ramapo offers 38 undergraduate majors, nine joint BS programs in the medical professions, seven graduate degree programs, programs leading to certification in Teacher Education, and two post-master’s certificates.

The Anisfield School of Business (ASB) is AACSB accredited and features a state-of-the-art Global Financial Market Trading Laboratory. Business students have completed internships at companies like Gucci, Ernst and Young, Mercedes Benz and Merrill Lynch.

The School of Contemporary Arts (CA) features faculty members that are known for their personal achievements receiving honors and awards from major funding sources such as The National Endowment for the Arts, John Simon Guggenheim Memorial Foundation and The Kellogg Foundation.

The Salameno School of Humanities and Global Studies (SSHGS) features co-curricular and scholarly projects such as the Salameno Center for British Studies, the Gross Center for Holocaust and Genocide Studies and The Jane Addams Papers Project.

The School of Social Science and Human Services (SSHS) features majors in areas like Psychology, Social Work, Environmental Studies, Law and Society and Sociology.

Teaching Periods
Ramapo College of New Jersey accepts students for the Fall (September) and Spring (January) semesters.

Tuition Fees
- Per Academic Year:
  - Tuition and Fees approximately US $22,500
- Room and Board approximately US $11,000*

*Accepted F1 students automatically receive a US $6,000 International Student Housing Grant which lowers this cost to approximately US $5,000.

GAC GPA Required
Each application is reviewed individually but most accepted students will have a minimum of a 3.0 GPA from high school or at least a 2.3 from the GAC program.

Minimum English Proficiency
- TOEFL 550, TOEFL (iBT) 79
- IELTS 6.0 or
- ELS – Completion of Intensive English Program Level 112

Credits and Scholarships
Ramapo College of New Jersey offers Merit Scholarships to high achieving students, SAT or ACT required. For more information visit: www.ramapo.edu/admissions/tuition-financial-aid-scholarships.html

Prior college credit should be evaluated by World Education Services (wes.org) and official transcripts should be sent. Up to 80 credits may be accepted from prior bachelor’s degree granting colleges/universities.

How to Apply
Ramapo College is a proud member of the Common Application. Visit www.ramapo.edu/apply or commonapp.org

Learn in Small Classes … Succeed in Big Ways

- The John Templeton Foundation named RCNJ to its Honor Roll for Character Building Colleges.
- CollegesOfDistinction.com featured RCNJ on its website dedicated to honor schools nationwide for their excellence in student-focused higher education.
The University of Redlands is located in southern California an hour from the beach, mountains, desert, and the city of Los Angeles. You will have the opportunity to live and learn in a true community of dedicated professors, small class sizes and engaged students. We blend a consistently high-ranked education in the Arts and Sciences with hands-on experiential learning to produce the most effective education for today’s world and the future. It’s why our students are accepted to top graduate schools and launch satisfying careers upon their graduation.

Forbes places Redlands in the top five percent of all colleges in the nation for the great career prospects for our alumni, our high graduation rates, competitive national post-graduate awards, and the low levels of debt for our graduates. In addition, the University of Redlands is ranked #11 on U.S. News and World Report’s “America’s Top Colleges” list.

Degree Programs
49 academic programs are offered within the Liberal Arts and Sciences including Biochemistry and Molecular Biology, Business Administration, Computer Science, Global Business, and International Relations. We also offer a pre-professional advising program for students interested in the medical field or in law school.

Teaching Periods
• We offer a fall and spring semester as well as a May term (one month).

Tuition and Fees
• For the 2015-2016 school year:
  • Tuition: US $44,550
  • Room and Board (double occupancy, standard meal plan) US $13,090
  • Not included in the above costs are student fees, books and supplies, travel costs or medical insurance.

GAC GPA Required
• We look at applicants holistically, therefore we do not have a required GPA. Admitted students range from a 3.3–3.6 GPA. Students are also required to submit SAT or ACT scores.

Minimum English Proficiency
• TOEFL (IBT): 80
• IELTS: 6.5

PTE–Academic, iTEP, or Cambridge English–Advanced are also accepted as proof of English proficiency.

Credits and Scholarships
International students are eligible for merit scholarships that can range up to US $25,000.

How to Apply
Students may apply to the university by using the Common Application at www.commonapp.org and paying the application fee. Applicants must submit all academic records to include a high school transcript and college level coursework (if applicable). Academic records must have an official English translation. Also required are two letters of recommendation (guidance counselor or advisor, and an academic teacher), SAT or ACT test scores, English Language Proficiency test results as above. International students who will be requesting a student visa will need to provide a copy of the first page of their passport, certificate of finances, and a bank statement if admitted and enrolling in the university.

“Why Redlands? ... The nice small classes that encourage more interactions with professors, the high quality of the business program, the friendly environment…” – Nancy Ye ’16 (Beijing, China)
USF offers unlimited opportunities to discover and pursue your passion. Find your place here.

WKU has Fall, Winter, Summer, and Spring terms. It is recommended that international students start in the Fall (end of August) or Spring (end of January).

Tuition Fees

Estimated Cost of Attendance for International Undergraduate Students (2015-2016):

- Tuition: US $24,780
- Housing: US $4,300
- Health Insurance: US $1,600
- Books, Food, and Expenses: US $6,000
- Total Estimated Billed & Unbilled Costs: US $36,680

GAC GPA Required

- 2.5

Minimum English Proficiency

- Undergraduate: IELTS 6.0, TOEFL 71 or SAT Verbal score of 450

Credits and Scholarships

National/International Academic Scholarship (NIAS) reduces tuition by 45%. Eligible students include:

- Beginning Freshmen with 3.4 GPA and ACT 24 or SAT 1090 (Critical Reading and Math), and
- Transfer students with at least 24 earned hours and 3.4 GPA.

Students are also eligible for additional departmental scholarships.

How to Apply

- Fill out our online application – www.wku.edu
- Submit official transcripts & certified English translation
- Submit TOEFL score of at least 71 or IELTS score of at least 6.0.

More detailed information can be found at: www.wku.edu/international/
Australia is the third most popular international student destination in the world after the United States, despite having a population of only 23 million. According to QS Best Student Cities 2015, five Australian cities rank in the top 30 globally for students (Melbourne, Sydney, Canberra, Brisbane, and Adelaide).

Australian universities are widely recognized for excellence in many disciplines, and institutions deliver practical and career-oriented training, ensuring graduates have the skills demanded by employers in the 21st century. Australian universities are major participants in international education and research projects and initiatives. They recruit academic staff who are leading experts in their fields from around the world.

Higher education in Australia is made up of two sectors: the university sector and the vocational education (VET) sector, both comprising public and private institutions. Each of Australia’s universities and vocational colleges has its own strengths and areas of specialization, giving you a wide choice and access to the latest technology and research in your chosen field. You can choose from traditional academic areas of learning and research or more practical courses. Bachelor’s degrees generally take three years to complete, although specialized degrees such as Medicine or Engineering can take from four to six years.

International students are required to study full-time under the Australian government’s student visa regulations and are also eligible to work for up to four years after the completion of their university course (Temporary Graduate Visa, Post Study Work stream).

In Australia, students take an active role in the learning process. Universities place great importance on developing the ability to think creatively and independently, read widely and critically, participate in debates and function in teams. These skills will give you an edge in a competitive and ever-changing world.

Australian students enjoy balancing study commitments with leisure time spent outdoors enjoying the fresh air and often-warm weather. The rewards of studying at an Australian university are endless. Develop your potential in an innovative, flexible, yet supportive learning environment while you enjoy Australia’s unique environment.

Gain an internationally recognized qualification that will open doors for your future. Australian universities will challenge and reward you academically, personally and professionally. For more information, visit: www.studyinaustralia.gov.au

Deakin University – Let us help you realise your ambitions

Deakin University, Australia, is a top-rated university with world-class graduates. Industry-focused degree programs and a strongly international outlook mean that Deakin graduates are ready for the global workplace. Deakin is ranked in the top 3% of universities worldwide and was named the 2014 International Educator of the Year by the Government of the Australian State of Victoria.

Deakin offers many degree programs across four faculties, 17 schools and a range of research institutes and strategic centers. A variety of courses are offered in numerous disciplines ranging from Science to Arts, and Business to Health. And be it the Sciences at our innovative nanotechnology facilities, or the Arts at one of the world’s largest motion capture labs, Deakin brings together the latest in technology to complement learning.

Degree Programs
Deakin offers undergraduate and postgraduate degrees in a range of disciplines such as:
• Media, Communication and Journalism
• Information Technology
• Education and Training
• Business and Accounting
• Education and Teaching
• Nursing and Health Science
• Public Health
• Environment
• International Studies
• Nutrition and Dietetics
• Medicine
• Nursing and Midwifery
• Civil and Mechanical Engineering
• Politics and Policy
• Psychology
• Science
• Sport

Teaching Periods
Deakin operates across trimesters.
• Trimester 1 – March until June
• Trimester 2 – July until October
• Trimester 3 – November until February the following year.

Tuition Fees
Deakin’s tuition fees are calculated on the degree program you enrol in. Visit www.deakin.edu.au/study-at-deakin/fees/course-fees-for-international-students for more information.

GAC GPA Required and Minimum English Proficiency
• The minimum grade required for admission into an undergraduate degree is a GPA of 2.3.
• Please note that some courses will need a higher GPA for entry.

Credits and Scholarships
Deakin offers a range of scholarships: www.deakin.edu.au/study-at-deakin/international-students/apply/step-4-check-costs-and-scholarships

How to Apply
You can apply to Deakin in eight easy steps: www.deakin.edu.au/study-at-deakin/international-students/apply

Deakin's practical approach to learning puts emphasis on real-world experience and professional practice. In many degree programs, students get practical experience right away in the first year of study – our engineering students build, our education students teach. Deakin also places a premium on work experience and internships to improve student employability. As a result, Deakin graduates are job-ready and equipped with the skills sought by employers in an increasingly competitive global workplace.

Deakin University has four modern campuses that are deeply connected to their surrounding communities. Each campus offers a unique and stimulating teaching, learning, and research environment. Students have access to state-of-the-art learning resources, and an excellent student support network to assist them in every step of their learning journey and beyond.
Macquarie University: Your future starts here

A world of opportunities opens up when you’re taught by researchers ranked in the top one percent globally and you’re given the chance to get real, practical experience before you leave university.

That’s exactly what we offer at Macquarie University. From our beginning, we’ve nurtured the brightest minds to reach their full potential. We pioneered interdisciplinary learning and welcomed students from diverse backgrounds long before other universities saw their potential.

Today, we partner with global companies in dynamic sectors including Information Technology and Health Care to expand our students’ opportunities beyond the classroom through internships and executive training. That means for you is that at every step of your journey with us, you’ll be encouraged to question the norm and empowered to break new ground. You’ll be supported by world-leading academics as you reach your own potential – and exceed it.

Macquarie is a training ground for new generations. We help our students grow into well-rounded world citizens and future leaders.

Macquarie at a glance
- Five QS STARS rating in the categories of: teaching, employability, research, internationalization, facilities, innovation, access and specialist subjects.
- Among the top two percent of universities in the world.
- Nine subjects ranked in the top 100 globally according to QS World University Rankings by subject.
- More than 39,000 students from more than 100 countries.
- 9,400 students in our practical experience program since its inception.
- More than 300 companies on campus or in the adjacent high-tech precinct, providing access to internship and job opportunities.
- The only Australian university with a private hospital and train station on campus.

Degree Programs
Macquarie University offers a wide range of courses in various areas of study at undergraduate, postgraduate and high degree research level. For more information on all of our courses, visit www.courses.mq.edu.au

Teaching Periods
- Session 1 runs between February and June.
- Session 2 runs between August and November.
- Session 3 is intensive and runs between December and February.

Tuition Fees
- Visit our website for up-to-date information: www.mq.edu.au/international-fees

GAC GPA Required
- A GAC GPA of 2.30–2.60 will be required for entry to most Business and Arts programs.

Minimum English Proficiency
- All applicants need to provide evidence of English proficiency. Different courses will have different English requirements. For more information, visit: www.mq.edu.au/study/international-students/how-to-apply/english-language-requirements

Credits and Scholarships
Macquarie University seeks to recognize your prior learning experiences for both entry into and credit towards its degrees.

For more information, visit: www.mq.edu.au/study/international-students/how-to-apply/recognition-of-prior-learning

With more than 100 scholarships for international students, Macquarie University has one of the most generous scholarship programs in Australia. For more information, visit: www.mq.edu.au/study/international-students/scholarships

How to Apply
For detailed information on how to apply for our courses, visit: www.mq.edu.au/study/international-students/how-to-apply
RMIT is a global university of technology, design and enterprise. We offer undergraduate, postgraduate and vocational programs and courses that are global in focus and practical in application.

RMIT is a global university of technology, design and enterprise with a reputation for excellence in leadership and innovation, with the advantages of:

- internationally recognized programs
- state-of-the-art technology and facilities
- international study exchanges across 41 countries
- opportunities for work-integrated learning.

Our courses are constantly updated to meet the changing needs of business and the broader community, and to provide students with specialized content to ensure professional and personal success in a rapidly-changing world.

RMIT prides itself on the strong industry links it has forged over its 128-year history. Collaboration with industry is integral to the University’s leadership in applied research and education, and to the development of highly skilled, globally focused graduates. As a result, RMIT graduates are valued by employers around the world for their leadership skills and work readiness.

Importantly, we also offer financial support, scholarships, and grants to support you in your overseas study and travel adventures.

RMIT uses the latest teaching technologies to make a difference in the lives of students and the University community. We have teaching spaces that engage you in active learning and innovative curriculums and help you to become a work-ready graduate. Pathways between vocational and higher education offer flexible entry, or the option of qualifications that combine the best of both.

Our work integrated learning opportunities allow you to put theory into practice. Our excellent teachers are recognized through national and discipline teaching awards. RMIT offers a transformative educational experience through its links with industry and global partners.

Student Life in Melbourne

RMIT is conveniently located near Melbourne’s social, cultural, arts, sporting and transportation hubs and right by the city’s main recreation centers, food courts, tram lines and train stations – all within walking distance. This also means casual and part-time jobs are available nearby, enabling students to concentrate on academic tasks as well as help with any financial concerns they may have.

At RMIT we recognize that as well as academic responsibility, university life is also about making friends, developing skills, connecting to the community, having fun, and enjoying a memorable life experience. This is why we offer a full and diverse program of social, cultural, sporting, fitness and recreation activities: from gym and sporting facilities, to cultural and social trips and experiences.
Ranked in Top 3 universities in Melbourne, Australia (Academic Ranking of World Universities, 2014)

Swinburne is ranked one of the top 100 young universities in the world by the 2015 Times Higher Education 100 Under 50 and top 3 in Melbourne by the 2014 Academic Ranking of World Universities.

We can help students to reach their study and career goals through a wide range of courses and pathways. Students receive individual attention, and attend small, interactive classes. Students will enjoy an exciting and dynamic experience, whether studying at our modern campuses, in the workplace or online.

Our impressive network of industry links informs our programs, and provides students with valuable work experience opportunities. For over 50 years, Swinburne has been partnering with leading Australian and global organizations to offer students authentic workplace experiences. We are a progressive university with a focus on innovative research that has real impact and is recognized internationally.

Why Swinburne?
• Progressive university leading in Science, Technology, Innovation, Business and Design
• Highly ranked amongst top research-intensive universities
• Over 100 years history in education
• Work-integrated learning options to improve career prospects

Degree Programs
• Arts and Social Sciences
• Aviation
• Business and Management
• Design
• Education
• Engineering
• Environment and Sustainability
• Film and Television
• Games and Animation
• Health
• Information and Communications Technology
• Law
• Media and Communications
• Psychology
• Science

Teaching Periods
• Semester 1 – February until June
• Semester 2 – July until November
• Summer – November until February

GAC GPA Required
1. For Bachelor’s degrees
Minimum Overall GAC Grade Point Average 2.6+
for undergraduate programs.

2. For Pathway/Diploma/Associate degrees
Minimum Overall GAC Grade Point Average 2.0+

Minimum English Proficiency
• Overall requirements only, check websites for further details.
• TOEFL (IBT) 79 (18); IELTS: 6.5 (no band less than 6.0)

How to Apply
Refer to www.swinburne.edu.au/study/international/
Australia’s global university

UNSW Australia is Australia’s global university. We have been at the forefront of clever ideas and ground-breaking discoveries since 1949. Our focus is on transforming these ideas and discoveries into activities that lead to social progress and economic prosperity. Our university attracts over 52,000 high-achieving students from more than 120 countries.

Australia’s Global University
- We are ranked 48th in the world in the QS World University Rankings (2015/16) and 82nd in the world in the Times Higher Education World University Rankings (2015/16).
- We are ranked 22nd in the world for employer reputation and 42nd for academic reputation (QS 2015/16).
- We are partnered with over 200 partner universities in 35 countries.
- We are a member of the Group of Eight (Go8) in Australia, the Association of Pacific Rim Universities (APRU), Universitas 21 (U21) and the Global Alliance of Technological Universities (GlobalTech).
- Our alumni community is 250,000 strong with graduates working for some of the biggest and best companies in the world like Google, Penguin, Ernst & Young, PayPal, Rio Tinto, HSBC, NASA and Oxfam.

Degree Programs
UNSW offers a wide range of degree programs across various disciplines. The GAC is accepted for admission to degrees in Art & Design; Arts and Social Sciences; Built Environment; and Science. For further details please visit our website www.international.unsw.edu.au/

Teaching Periods
We have two teaching semesters; Semester One runs from February to June and Semester Two from July to November. Our Summer Term runs from November to February. For further details refer to student.unsw.edu.au/calendar.

Tuition Fees
Head to www.unsw.edu.au/fees for up-to-date information.

GAC GPA Required
Entry requirements are different for each degree and GAC graduates will be considered on a case-by-case basis. Further information is available on our website www.international.unsw.edu.au/entry-requirements.

Minimum English Proficiency
All applicants need to provide evidence of English language proficiency. Requirements are available at www.unsw.edu.au/english-requirements-policy#english-language-tests. We also offer English language programs through our UNSW Institute of Languages. For further details, please visit www.languages.unsw.edu.au/

Credits & Scholarships
UNSW offers a range of scholarships, details are available at scholarships.online.unsw.edu.au/index.html.

How to Apply
You can apply online at www.apply.unsw.edu.au.

Focused on Your Career
Our world-class programs have been designed to match global career opportunities. Our teaching methods are progressive and are award-winning because they prepare you for life in the workplace. And our facilities are state-of-the-art. At UNSW, you will get the competitive edge you need to succeed.

A Culture of Innovation
We believe innovation is a way of thinking and that everyone has the potential to change things, big or small, for the better. We recently launched the Michael Crouch Innovation Centre, the first of its kind in Australia. We have one of the country’s largest research communities with over 4,300 dedicated research students working to create a better future for society.

Support for International Students
We have the second largest population of international students of any university in the world. We have dedicated staff and events to help students progress their career thinking, network with companies, make new friends and adapt to student life in Australia.
Canada’s largest cities have been recognized as world-class cities in which to live and work for their cleanliness and safety, for their cultural activities, and for their attractive lifestyles.

Canadians place great importance on learning, and have developed a first-rate education system with high standards. According to Universitas21, Canada has replaced the United States as the country with the largest total expenditure (public plus private) on higher education as a percentage of GDP.

Canadians enjoy a standard of living that is among the highest in the world. Canada continues to be the 11th best country in the world to live in, according to the United Nations E-government survey. Canada earned particularly high marks for its access to education, high life expectancy (due to a universal health care system), and low crime and violence rates.

Canada’s largest cities, Vancouver, Toronto and Montreal, have been recognized as world-class cities in which to live and work for their cleanliness and safety, for their cultural activities, and for their attractive lifestyles. A wide range of cultural activities are available, including museums, galleries, live theatre, dance and music performances, and concerts.

Canada has traditionally been a country of immigrants and has a policy of encouraging multicultural diversity. In this vibrant setting, different perspectives are respected and learning together is encouraged. Almost all of the world’s ethnic groups are represented in Canada. As a result, most ethnic foods and recreational activities associated with specific cultures are available in Canada. Organized clubs, informal clubs and associations representing a multitude of ethnic backgrounds are also easily accessible. There are two official languages in Canada, English and French, with English dominating in all provinces except for New Brunswick, according to the Huffington Post.

Students who come to Canada will witness one of the most beautiful, natural environments in the world. Canadian cities provide numerous parks, gardens and beaches for public use, as well as excellent sports and recreation facilities. There are four distinct seasons in most of Canada. Daytime summer temperatures can rise to 35°C and higher, while lows of -15°C are not uncommon in winter.

Canada is a stimulating environment in which to do business and to learn, thanks to the contributions of many bright and talented scientists, researchers and entrepreneurs. The country is an international leader in computer and information technologies and has a reputation for excellence in such sectors as telecommunications, transportation and engineering; and specifically, aerospace, urban transport, microelectronics, medical devices, advanced software, hydroelectric and nuclear power, lasers and optoelectronics, biotechnology, food and beverage processing, geomatics; and ocean and environmental industries. For more information, visit: www.studyincanada.com/

* Correct at time of publishing and subject to change. Universities change their admissions policies from time to time, and also reserve the right to refuse admission due to lack of course availability. GAC graduates may also apply to ANY university with their GAC transcript and may be accepted.

Note that students with a lower level of English proficiency may be offered conditional admission.
AACSB-accredited, the John Molson School of Business has an international reputation for high quality business education, winning case competition teams, and formal paid-internship programs.

Located in the vibrant heart of downtown Montreal, Concordia University’s John Molson School of Business (JMSB) is one of the leading business schools in Canada, with a growing international reputation for high quality undergraduate education, experience-based learning and tremendous student-run leadership opportunities. JMSB is AACSB-accredited and ranked among the top 100 business schools (The Economist) in the world. The school’s state-of-the-art facilities form the landmark center of Concordia’s downtown campus, the Quartier Concordia. JMSB students benefit from an ever expanding global network of over 50,000 alumni, and get to network with up to 9,000 other business students on campus, yet the classroom experience is mostly limited to rooms with a capacity of 35–65 students. Additionally, JMSB attracts students from over 170 different countries worldwide and sends students on exchange to partner universities around the globe.

**Degree Programs**
JMSB offers two university degrees, the Bachelor of Administration (BAdmin) and the Bachelor of Commerce (BComm). The BAdmin is a generalist business degree, whereas the BComm program allows you to choose a specialization from among nine different majors.

**Teaching Periods**
- Fall: September – December
- Winter: January – April
- Summer: May – June, July – August, and/or May – August

**Tuition Fees**
Course fees depend on your immigration status in Canada and are approximately CAN $21,000 for full-time international students.

**GAC GPA Required**
- GAC GPA of 3.00 (Equivalent to a B) as well as a B average in mathematics.

**Minimum English Proficiency**
- TOEFL IBT: Overall score of 75 with a minimum average score of 34 for Speaking and Writing.
- IELTS: Overall score of 6.0 with no component score under 5.5.

Check our website for details.

**Credits and Scholarships**
Upon acceptance to the John Molson School of Business, GAC graduates may be granted up to 12 transfer credits.
Most entrance scholarships are awarded automatically based on academic merit, though you may be eligible to apply for some awards and bursaries directly.

**How to Apply**
Apply on our website for either the Fall (deadline September 1) or Winter (deadline February 1) semester.
Degree Programs
UVic offers a broad range of degree programs in nine different faculties and two divisions. You have the opportunity to choose from a variety of combined studies and interdisciplinary programs, off-campus field-school adventures and international exchange and study abroad choices to complement your studies.

Teaching Periods
• Fall: September–December
• Spring: January–April
• Summer: May–June/July/August

Tuition Fees
Based on eight months of study, with five courses per term, tuition fees are CAN $17,027 based on 2015/16 rates. The fees may vary depending on course load and degree program. uvic.ca/annual-costs

Scholarships
Entrance scholarships of CAN $10,000 are available for academically outstanding international students. Documents and transcripts must be received by February 28 to be considered. www.uvic.ca/registrar/safa/entrance-scholarships/

GAC GPA Required
Varies by program. Applicants are required to submit proof of language proficiency and must have completed twelve years of accepted academic preparation. Chinese curriculum students will require a minimum 85% overall average for Senior Years 1, 2 and 3.

Minimum English Proficiency
• TOEFL (iBT): 90 with no section less than 20, or PBT 575
• IELTS: 6.5 with no component less than 6.0

How to Apply
uvic.ca/apply

Ranked in the top one percent of the world’s best universities, the University of Victoria (UVic) is renowned for inspiring teaching, research excellence, civic engagement and experiential learning opportunities. UVic offers all the benefits of a large research university with the close-knit feel of a smaller student-centered campus.

Surrounded by natural forest, the Salish Sea and rugged mountains, UVic’s picturesque campus is located in Victoria, British Columbia, on Canada’s scenic West Coast. Consistently rated as one of the most livable, safe, and welcoming cities in the world, Victoria is known for its mild climate, friendly people and creative forward thinking.

UVic is an active and diverse community of more than 21,000 students including 3,100 international students from over 100 countries, and is widely recognized for its strengths in Business, Engineering, and Earth and Ocean Sciences. Undergraduate students have the opportunity to work closely with their professors, participate directly in research and gain valuable paid work experience through a world-class co-operative education program.

Faculties and Divisions
Business, Education, Engineering, Fine Arts, Human and Social Development, Humanities, Medical Sciences, Law, Science, Social Sciences and Continuing Studies
Global thinking, shaped here.

At York, you’ll find the right program to build a foundation for all the amazing things you’ll do in your life. Our 11 Faculties — including the Schulich School of Business, the Lassonde School of Engineering and the School of the Arts, Media, Performance & Design — are leaders in academic excellence and ground breaking teaching and research. We’re known for Business Administration, Art and Arts Education, International Studies, Engineering, Psychology, Social Work, the Life Sciences, Environmental Studies and the Humanities, and we draw students and professors from all points of the compass.

Degree Programs
For a complete listing of our degree programs available, visit futurestudents.yorku.ca/

Teaching Periods
We offer three main entry periods to begin studies:
• Fall (September start),
• Winter (January start) and
• Summer (May start).
Some programs offer September start only – check our website for details.

Tuition Fees
Tuition fees vary by program. Professional programs such as Business Administration, Design and Engineering have higher tuition fees. Most programs at York cost CAN $21,419 in tuition fees for Fall/Winter 2015–16. For the most up-to-date course and program fees, visit http://sfs.yorku.ca/fees/courses

GAC GPA Required
GPA requirement varies per program. York University will consider for admission any student who satisfies all admission requirements of the University and who have successfully completed the GAC program.

Minimum English Proficiency
Our Office of Admissions accepts the Test of English as a Foreign Language (TOEFL) and the International English Language Testing Service (IELTS) Academic test to demonstrate English language proficiency. See futurestudents.yorku.ca/ for minimum scores required, by program.

Credits and Scholarships
Applicants to York are automatically considered for some scholarships and awards, while other awards may require an application. Award values range from CAN $100 to $112,000. You do not need an offer of admission to apply for entrance scholarships and awards. Available awards and application deadlines are listed on our Scholarships, Awards & Bursaries web page at http://futurestudents.yorku.ca/

How to Apply
Apply through the Ontario Universities’ Application Centre at ouac.on.ca. International applicants not attending an Ontario high school should use the OUAC 105F application.
Submit your application for admission and fee by the deadlines listed at go.yorku.ca/deadlines for guaranteed consideration in your desired program. Also, make sure to use a valid email address — this is how we will communicate with you.
Once you have submitted your application, be sure to send us any required documents. This may include transcripts, language test results, supplementary information/evaluation and more. For full application instructions and required documentation, visit futurestudents.yorku.ca/
Check the status of your application on MyFile to make sure your documents have been received and for updates about your application for admission. futurestudents.yorku.ca/
A United Kingdom qualification is recognized and respected throughout the world. United Kingdom universities offer a vibrant, creative and challenging environment in which students can develop their potential, providing a solid base for building their future career. Student satisfaction in the United Kingdom is higher than ever, with more than 88% of international higher education graduates satisfied with their learning experience.

In an increasingly globalized world economy, people need special skills and qualities to succeed. Employers want employees who can think effectively, creatively and independently. This is an essential part of the United Kingdom university experience.

While studying a degree, students are encouraged to read widely and discuss openly their ideas in seminars and tutorials. Career-based degrees are designed to equip you for specific roles in the modern workplace. Quality standards for United Kingdom universities are among the best in the world. Institutions continually have to prove that their courses meet strict government standards.

The United Kingdom offers you a wide variety of specialist degrees. For example, you can specialize in anything from computer game design, ocean engineering, biotechnology, anthropology, accounting, economics, international finance, law and medicine. There are many other options.

A United Kingdom degree allows you to acquire the kind of proactive, problem solving skills sought after by today’s companies. United Kingdom companies are also among the most innovative in the world in developing digital learning resources to support learning. United Kingdom degrees are internationally recognized qualifications acknowledged to be of the highest academic standard. A degree from the United Kingdom will be invaluable for your future career.

The United Kingdom is a cosmopolitan country in which to live and has been welcoming international students for generations. More than 435,000 international students are already studying at United Kingdom universities according to UKCISA, creating a richly diverse, multicultural society.

United Kingdom degrees average three years in duration compared to four-year degrees in the United States. This means you will save on both tuition fees and living costs – and you will be able to start working and earning money sooner. For more information, visit: www.educationuk.org

*Correct at time of publishing and subject to change. Universities change their admissions policies from time to time, and also reserve the right to refuse admission due to lack of course availability. GAC graduates may also apply to ANY university with their GAC transcript and may find it accepted as a Foundation Studies course. No credits apply in the United Kingdom.*

Note that students with a lower level of English proficiency may be offered conditional admission.
See things differently. Study at a successful, specialist university offering professionally relevant degrees.

Abertay is a successful, specialist university offering professionally relevant degrees in a supportive, friendly community on a modern city center campus in Scotland. Our location, facilities, reputation for innovative employment-relevant courses, and our friendly, supportive environment are just some of the reasons why international students choose to study with us year after year.

Abertay is a small university, on a compact campus in the center of the city of Dundee, Scotland. Most classes are small, and your teachers are accessible. Our award-winning Bernard King Library and the Student Center, with its social and cultural facilities, are right next to the teaching buildings. There is a real 'Abertay family' feel to the campus.

Degree Programs
With a reputation for developing innovative, exciting courses Abertay has become well-known internationally in the fields of Computer Games, Computer Arts, and Ethical Hacking. Abertay offers a wide range of courses in fields as diverse as Business, Psychology, Biomedical Science, Forensic Science, Civil Engineering, Mental Health Nursing and Sport across four academic schools: Art, Media and Computer Games; Dundee Business School; Science, Engineering and Technology; and Social and Health Sciences.

Teaching Periods
• Semester 1: September–January
• Semester 2: February–June

GAC GPA Required
To be considered for entry, students must have achieved an overall GAC Grade Point Average of 2.6 or better. All applications are considered on an individual basis.

Minimum English Proficiency
• IELTS 6.0 (no individual band less than 5.5) or equivalent

Credits and Scholarships
To find out what assistance is available visit www.abertay.ac.uk/applying/overseas/scholarships

How to Apply
Apply online at www.ucas.com or through your school or college.

We have a particular focus on preparing our students for the world of work through our unique approach to studio-based learning, in which our students tackle real-world challenges alongside experienced practitioners and researchers.

The University traces its roots back to 1888, when it was founded as Dundee Technical Institute with the aim of giving access to higher education to anyone who would benefit, regardless of background. The subjects we teach have changed dramatically from those early days, but our mission remains the same. Today, our graduates, in the fields of Science, Technology, Business and the Arts are still contributing directly to the economy and to society at large, not just in Dundee but in communities across the world.
Top 10 UK university for “student satisfaction” – NSS 2015

Founded in 1884, dedicated to academic excellence for more than 130 years, Bangor University is one of the oldest and most prestigious degree-awarding institutions in the United Kingdom.

We have over 11,000 students and over 650 teaching staff, based in 23 Academic Schools and grouped into five Colleges.

Bangor University is in the top 40 in the United Kingdom for research (excluding specialist institutions and single-submission universities). Our research has a major impact around the world according to the latest assessment of research quality, the Research Excellence Framework (REF) 2014. The REF recognized that more than three-quarters of Bangor’s research is either world-leading or internationally excellent, ahead of the average for United Kingdom universities. Over half of Bangor’s academic Schools have been ranked in the United Kingdom top 20 for quality of research. The latest National Student Survey (NSS) results reflects the University’s focus on overall student experience. The results – released August 2015 – place Bangor amongst the United Kingdom’s top 10 universities for student satisfaction (excluding specialist institutions). The University is also top in Wales for overall student satisfaction as well as quality of teaching.

The What Uni Student Choice Awards 2015 placed Bangor University top in the United Kingdom for Clubs & Societies and 3rd overall for Accommodation. The Times Higher Education Student Experience Survey placed Bangor within the top 15 universities in the United Kingdom for student experience.

The Study Skills Centre provides help with the transition to university and ongoing support with academic progression. The support provided by the Centre includes help with academic writing, reading and exam skills, mathematics and statistics, team work, presentation skills, and project-planning. Other learning resources include a £1.5M MRI scanner, a multimedia language center, a natural history museum and a £3.5 million research vessel, The Prince Madog.

The construction of the Pontio Arts & Innovation Centre is currently underway, which is set to become a new social hub for students as well as an internationally significant center for learning, innovation and the performing arts. The building will be a world-class center for innovation in science, technology and the creative arts. In addition to being a new home for our Students’ Union, it will include a theater, studio theater, cinema, lecture theaters, exhibition spaces, bar and café.

We have excellent sports and recreation facilities, made even better by a recent multi-million pound investment program, which saw the Canolfan Brailsford Sports Centre completely redeveloped.

The University is rated amongst the top 55 universities in the United Kingdom, according to The Times and The Sunday Times Good University Guide 2016.

Bangor has been described as “one of the cheapest places in Britain” to be a student (The A-Z of Universities and Higher Education Colleges) and is consistently ranked as one of the most economical places to study in the United Kingdom in various cost-of-living surveys.

Consistently top 10 for student satisfaction

With students from over 130 nationalities, Essex is the world in one place. We’re among the top 30 most international universities in the world, and our students become part of a global community.

We’re rated 2nd in the United Kingdom for student satisfaction due to our excellent student support network. There’s dedicated international careers support and welfare services, peer tutoring and buddy systems available to all students. We also offer health services and counseling right on our campuses.

On-campus accommodation is guaranteed for all international students throughout their studies with us, and our accommodation is ranked top 10 in the United Kingdom.

Degree Programs

The range of courses available at Essex is constantly evolving to ensure that everything you study here is relevant and innovative. We offer a range of undergraduate courses within our three faculties of Social Sciences, Science and Health, and Humanities. Our Social Sciences research is ranked among the world elite and our Politics department has topped the United Kingdom rankings for a decade.

Popular subjects at undergraduate level include Business, Economics, Politics, Computer Science, Sociology, and Psychology, although you’ll have over 400 course options to choose from across our departments. Our degrees offer an interdisciplinary approach with options to combine two or more subjects, and most degrees offer work placement year and study abroad options at no additional cost. A full course list is available at www.essex.ac.uk/coursefinder

Teaching Periods

• We operate on a three-term system.
• The terms run from October to December, January to March, and April to June each year.

Tuition Fees

• Undergraduate degrees: £12,950–£14,950

Credits and Scholarships

We offer a range of scholarships at undergraduate level. The full list of scholarships available for 2016 entry can be found on our website: http://www.essex.ac.uk/fees-and-funding/scholarship-finder/default.aspx

How to Apply

Applications for our International Diploma and all of our undergraduate courses can be made through UCAS: www.ucas.com.

UWE Bristol is one of the United Kingdom’s largest universities with over 27,000 students studying a range of courses such as Business, Law, Media and Journalism, Computer Science, Engineering, and Technology. UWE Bristol understands that the world is changing fast and we are passionate about embracing new opportunities and taking the lead. We will help you realise your full potential and give you all the support you need to kick start your career. We provide real-world experiences and opportunities which have resulted in our excellent achievement of 95 percent of graduates being in work or further study six months after graduating (DLHE 2015).

Bristol is the ideal place to live and study, with a rich history, vibrant culture and nearby countryside and coast. It is a top retail destination, with its great selection of independent shops, cafes, and restaurants, and it has the advantage of being only a 90-minute train ride to London. Bristol has been voted the best city to live in the United Kingdom by The Sunday Times 2014.

We are dedicated to providing students with a first-class learning experience, reinforced by a £220m investment providing state-of-the-art facilities and services, such as the £50 million Business and Law building and a brand new Students’ Union. We have 60 computer rooms and a large library which is open 24/7. Overall 86 percent of students are satisfied with the quality of their program (Student Experience Survey 2014).

At UWE Bristol we offer over 500 programs in faculties including Business and Law, Health and Science, Engineering and Technology, and Arts and Creative Industries.

Teaching Periods
The terms generally run from October through to June for undergraduate students and are proceeded with an international orientation and airport pickup.

Tuition Fees
Tuition fees will vary but are generally found to be around £11,750 per year.

GAC GPA Required
2.6 for entry into the majority of the UWE Bachelor degrees. Specific programs may have their own additional subject requirements.

Minimum English Proficiency
A valid and in date English Language qualification is required for entry into every program and can vary by program. Typically, IELTS 6.0 with no element below 5.5 is required for undergraduate study.

How to Apply
You can apply via UCAS or via a UWE in-country agent. You will need to submit your academic transcripts, English Language qualification, one reference letter and a personal statement. Once you have been accepted into the University with an offer to study, you will then be invited to apply for any available scholarships which can all be found on the website: www1.uwe.ac.uk/students/feesandfunding/fundingandscholarships/internationalstudentfunding/internationalscholarships.aspx
Europe offers more than 1,000 educational institutions with high-quality study programs in an international environment. In fact, Germany and France are the third and fourth most popular destinations for international students after the United States and the United Kingdom, according to International Trends in Higher Education 2015. The advantages in studying in Europe include high quality programs, cutting-edge facilities, internationally-recognized degrees and value for money. In Germany for example, tuition is free at all public higher education institutions.

Following the Global Economic Crisis, there has been an increasing emphasis on encouraging the internationalization of higher education, work experience and training in the European Union. The European Higher Education Area (EHEA) launched in 2010 harmonizes higher education systems across 48 states in Europe, and aims to increase student mobility in higher education to 20% by 2020 according to the British Council. Belgium, the Netherlands, Spain, Denmark and Portugal have all benefitted from significant increases in the number of international students between 2008 and 2012 and the trend is continuing.

Testimonials from international students show that Switzerland, in particular, is held in high regard as a European study destination. More than 7,000 international students assessed their experience in the StudyPortals International Student Satisfaction Awards 2014 and allocated Switzerland an excellent satisfaction rating of 8.9 out of 10. Switzerland is the first European country to recognize the Global Assessment Certificate program, and we hope this trend continues with other popular European destinations.

Located in a mountainous region, Switzerland is one of the world’s wealthiest and most productive countries and it hosts many important international organizations, such as the Red Cross, the International Olympic Committee and the World Economic Forum. The official languages of Switzerland are German, French and Italian. However, there are also an increasing number of higher education courses taught in English. Although Switzerland is not a member of the European Union, it allows EU residents the opportunity to travel without additional visas.

Specialises in Hospitality, Tourism and Entrepreneurship

Over the past 30 years, César Ritz Colleges has built a trusted reputation delivering courses in tourism and hospitality management. César Ritz Colleges takes pride in offering an education based on quality and excellence. The school adopts a student-centred approach, fostering personal development and business entrepreneurship.

César Ritz Colleges offers qualifications ranging from Diploma to Master’s level. Bachelor’s students earn a double Swiss and American degree through a unique partnership with the University of Washington (USA). At Master’s level, the University of Derby (United Kingdom) validates the academic programs.

César Ritz Colleges has three stunning campuses located in both French- and German-speaking Switzerland. The Le Bouveret and Lucerne campuses are also home to the Culinary Arts Academy, an internationally renowned institute for culinary education.

The three sites are:
• Le Bouveret Campus: Located on the shores of Lake Geneva, the campus offers study options up to higher diploma level.
• Lucerne Campus: Located in the centre of the world-renowned city, the campus offers study options up to higher diploma level.
• Brig Campus: The University Centre is situated in the heart of the German-speaking city of Brig, with courses at the Bachelor’s, Master’s and Postgraduate Diploma levels.

Degree Programs

César Ritz Colleges offers the following programs:
• Swiss Higher Diploma in Hotel and Tourism Management (2 years)
• César Ritz Bachelor of International Business in Hotel and Tourism Management (3 years)
• Washington State University Bachelor of Arts in Hospitality Business Management (3 years)
• Master of Arts in International Business in Hotel and Tourism Management (2 years)
• Master of Science in International Hospitality Management (2 years)

**Caux, Leysin – Specialises in Hospitality, Events, Resort & Spa**

Since its establishment in 1992, the Swiss Hotel Management School (SHMS) has earned a distinguished reputation, offering a world-class hotel management education based on Swiss hospitality traditions. Students can choose from programs focusing on hotel operations, events, food and beverage and resort and spa management.

SHMS offers a broad range of undergraduate and postgraduate programs. BA and MSc students earn a dual degree accredited by the University of Derby (United Kingdom). The Master of International Business in Hotel, Resort and Spa Management has been developed with the support of Corinthia Hotels, InterContinental Hotels Group (represented by InterContinental Malta), Old Edwards Inn and Spa, and Six Senses Resorts & Spas.

The school’s two campuses are located in French-speaking Switzerland in Caux and Leysin.

Caux campus: Housed in the historic Caux Palace, one of the first palace hotels in Switzerland, the Caux campus is steeped in the heritage of Swiss hospitality traditions and offers a truly memorable experience. Close to Montreux, it enjoys spectacular views on Lake Geneva.

Leysin campus: Located in a well-known ski resort, the Leysin campus is housed in two former hotels, the Mont-Blanc Palace and the Belvédère, linked by a private sky train. Surrounded by the Swiss Alps, Leysin offers students a peaceful atmosphere in which to study and live.

Education is among the top priorities for the 5.399 million people of Singapore. Mandatory schooling is enforced for six years of primary school and four years of secondary school. There are 34 universities in Singapore, of which six are national, and the Singapore government is committed to funding a strategic expansion of its education system, according to University World News.

Singapore's private education institutions (PEIs) attract a high percentage of international students who are drawn to the offer of an extensive range of high quality educational programs and the promise of a safe, cosmopolitan environment. The PEIs are regulated by the Council for Private Education (CPE). Together, these public and private campuses form an education hothouse that is envied throughout the region. The city of Singapore is also ranked 15th globally in the QS Best Student Cities 2015 index.

Since Malaysia gained independence in 1957, it has evolved into a high technology nation and experienced steady economic progression and rapid infrastructure development of which Malaysians are truly proud. Dubbed ‘Mini Asia’, Malaysia is a multi-racial and multi-ethnic country where the major groups are Malays, Chinese and Indians. Foreign campuses such as Curtin, Swinburne, Monash and Nottingham are entrenched in Malaysia. There are currently 20 public universities, 40 private universities, and five foreign university branch campuses in Malaysia, overseen by the Ministry of Higher Education (MOHE).

Singapore and Malaysia have coupled diverse Asian school systems with Western-styled education practices in the creation of a truly global education hub, where students have the best institutions in the world within reach.

Curtin Sarawak: Offering the perfect combination of location, education quality and affordability

Located in Miri, Sarawak on the exotic island of Borneo, Curtin Sarawak, the largest international campus of Australia’s Curtin University, is a globally-focused institution with students from more than 45 countries. Highly-qualified teaching staff from some 15 countries, many of whom hold PhDs in their fields, further strengthen its international outlook.

Curtin Sarawak is the first and largest offshore campus of Curtin University in Perth, Western Australia, and the first foreign university to be established in East Malaysia in partnership with the Sarawak State Government.

In 2010, Curtin Sarawak was granted self-accreditation status by the Malaysian Qualifications Agency (MQA), which in addition awarded Curtin Sarawak a Tier Five or Excellent Rating in its 2009, 2011 and 2013 SETARA Rating for institutions of higher learning, placing Curtin Sarawak among the premier universities in Malaysia.

Degree Programs
In addition to experiencing a unique cross-cultural learning environment in Malaysia, you will study courses identical to those at other Curtin campuses, and also enjoy an undifferentiated learning experience and similar student support mechanisms. All the campuses follow the same academic calendar, and share the same course structure and curriculum for each program.

Furthermore, the degree you earn will be conferred directly by Curtin University’s main campus in Perth, Western Australia.

Completing a degree at Curtin Sarawak is currently around a third the cost of completing exactly the same degree in Australia, a crucial consideration for both domestic and international students considering the rising cost of tertiary education across the world.

Curtin Sarawak offers a wide range of Curtin courses in Business, Humanities, Engineering and related Sciences at both undergraduate and postgraduate levels.

Teaching Periods
Semester 1: 29 February to 25 March, 4 to 15 April and 25 April to 3 June
Semester 2: 1 to 26 August, 5 to 23 September and 3 October to 4 November

GAC GPA Required
• 2.6 (Bachelor of Commerce only)

Minimum English Proficiency
Please email to intl.admissions@curtin.edu.my to check if other English language competency tests or school results satisfy our entry requirements.
• TOEFL (IBT): 79
• IELTS: 6.5
• ‘O’ Level: C
• ‘A’ Level: E

Tuition Fees
Bachelor of Commerce
2016 Course Fee (RM) International
26,016 per annum

SIM’s approach towards a holistic education is to support our intended student outcome – to develop students with a global edge having the ability and adaptability skills for employability anywhere.

The Singapore Institute of Management (SIM Group), founded in 1964 under the initiation of the Economic Development Board, is the leading provider of higher education and professional training in Singapore. The SIM Group offers services through SIM University, SIM Professional Development, and SIM Global Education.

SIM Global Education (SIM GE) offers high-quality overseas degree programs through its partnerships with established international universities and institutions from the United States, United Kingdom, and Australia. With a student enrolment of 22,000 including international students from over 40 countries, SIM GE is a dynamic melting pot of learners from all cultures.

With the completion of a $300 million development plan in 2014, SIM has doubled its campus size to 119,000 m². The four blocks of facilities now include a sports hub, performing arts theater, well-appointed lecture theaters, seminar rooms, and computer laboratories, and a real-time financial training center.

With the GAC, you can choose to pursue the following full-time degree programs at SIM GE in Singapore through these universities:

**RMIT University**

RMIT University is Australia’s largest and most internationalised tertiary institution with more than 82,000 students. RMIT has a 5-Star QS ranking for excellence in higher education and is ranked amongst the top 15 universities in Australia in the 2015 QS World University Rankings.

Since its original establishment in 1887, RMIT has developed a worldwide reputation for excellence in professional and vocational education. SIM GE is RMIT’s oldest and largest offshore partner, with a history of collaboration spanning 28 years. RMIT offers a range of business programs in partnership with SIM.

**Degree Programs**

- Bachelor of Business
  - Accountancy
  - Economics and Finance
  - Logistics and Supply Chain Management
  - Management
  - Marketing
- Bachelor of Communication (Professional Communication)

**University of Wollongong**

The University of Wollongong (UOW) is a leading Australian university with an international reputation for academic excellence. UOW was placed in the top two percent of universities in the world by its performance in the QS World University Rankings 2015/2016 and Times Higher Education World University Rankings 2015/2016. These prestigious rankings compare universities across a range of important criteria, including research excellence. The 2015 Good Universities Guide marks the 15th year in a row that UOW has scored five stars in the categories of Student Retention, Getting a Full-Time Job and Teaching Quality within NSW. This shows UOW is a place where students not only get a five-star education, but a five-star chance of gaining a job at the end of their degree.

**Degree Programs**

- Bachelor of Communication (Professional Communication)

**Minimum English Proficiency**

- IELTS: 6.5 with no individual band less than 6.0

**GAC GPA Required**

- Overall GAC GPA 2.6

**Minimum English Proficiency**

- Computer Science: IELTS 6.0 with at least 6.0 in Reading and Writing, and at least 5.0 in Speaking and Listening
- Psychology: IELTS 6.5 with no individual band less than 6.0

**Credits and Scholarships**

Please refer to [www.simge.edu.sg](http://www.simge.edu.sg) for information on scholarships.

**How to Apply**

Visit: [www.simge.edu.sg](http://www.simge.edu.sg) for details on application procedures.
An increasingly popular option for students from Southeast Asia and China, and even for some students from Western countries, is to study in Indonesia, Thailand, Cambodia or Vietnam. These wonderfully historical, cultural and traditional countries also boast some of the fastest growing economies in the world. In each country, our Pathway Universities offer high-quality education and world-class technology in courses from all major fields. Some offer courses in the native language, and others use English entirely.

At foreign campuses in Vietnam, students can complete one or more years of an international degree from high-ranking Australian universities such as RMIT, with two campuses in Vietnam. In most cases, students will complete at least the final year of their degree in the Pathway University’s home campus in Australia. While foreign universities are forbidden to establish campuses in Indonesia, it is still possible to start a world-class degree in Jakarta from an international university, such as Deakin University (Melbourne), by enrolling in a twinning program conducted at a local university.

International campuses in Thailand are located across the country, from Bangkok to Chiang Mai, and from Khon Kaen to Phuket. Quality local and western universities offer degrees in English, German, Chinese and Arabic. In order to name themselves a university and issue internationally recognized qualifications, universities must be accredited by the Government of the Kingdom of Thailand. Also, students – and, particularly, parents – will greatly appreciate the savings in the cost of university education by studying in Southeast Asia compared with the cost of studying in the United States, the United Kingdom, Australia or Singapore. Students from Indonesia, Thailand, Cambodia or Vietnam can live at home while starting their international degree. Students from other countries in the region can study in a nearby country with a low cost of living. Of course, students can take advantage of the obvious benefits of living in a modern Asian city, while still enjoying a traditional way of life.

Students that choose to study at a foreign campus and then at an Australian university will be best prepared to bridge both the East and the West. They will be armed with an internationally recognized qualification, and loaded with the vital critical skills and independence taught in a Western university or campus. Refer to: studyinthailand.org/

Armed with an internationally recognized qualification, and loaded with the vital skills taught in a western university or campus, students will be extremely well prepared to enter the workforce in the East or the West.

Your success begins at KMUTT’s International Engineering program!

King Mongkut’s University of Technology Thonburi (KMUTT) has gradually made its impact felt on a global scale over the past years. It banked on its Global Player strategy to partner with several universities and attract international students to study in the university. KMUTT also provides an avenue for students to not just get quality education, but also develop the necessary life skills they can use once they are out of the university. KMUTT believes that these graduates can be a part of a modern and highly skilled workforce. To achieve these goals, KMUTT works hard on getting more international students, fostering an international atmosphere on campus, and on developing programs that will improve the English communication skills and English proficiency of our students. KMUTT understands that an international education cannot be achieved without giving students the opportunity to gain international experiences. This is why several international activities were organized to expose the students to international cultures and perspectives. These activities were designed to allow students to reach their maximum potential.

Degree Programs
Through the International Program offered by the Faculty of Engineering, you can choose to study one of the six fields of Engineering, nearly all of which will be taught by foreign nationals or Thais who finished their doctoral courses overseas.

The fields offered are Chemical Engineering, Civil Engineering, Computer Engineering, Control System and Instrumentation Engineering, Environmental Engineering and Electronics and Telecommunication Engineering.

Teaching Periods
• Semester 1: August to mid-December
• Semester 2: January to mid-May

Tuition Fees
Tuition and fees are approximately 56,000 Baht for one semester (112,000 Baht per year), with each academic year comprising two semesters. Tuition and fees do not include the payment for non-credit English courses.

GAC GPA Required
• GAC GPA of 2.75–3.00 is required depending on each department’s requirements.

How to Apply
There are two ways to apply for the program. Students may apply directly at the KMUTT Admission and Recruitment Division (admission.kmutt.ac.th). Students may also apply through the selection process of the Ministry of Education via the Central University Admission Systems (CUAS) exam and must follow the procedures and examination requirements accordingly for each academic year.
RMIT University is a global university of technology, design and enterprise.

RMIT University Vietnam is the Asian campus of Melbourne-based RMIT University. RMIT Vietnam offers programs in the business, technology and creative areas, and boasts an impressive range of extra-curricular activities that encourage students to break new ground in their areas of interest. Almost 8,300 students from more than 60 countries in the world who have graduated from RMIT Vietnam are highly sought after, have started their own company, or have gone on to further studies.

Our campuses are located in the country’s two major cities, Hanoi and Ho Chi Minh City. We are able to provide an international-standard education to Vietnamese students as well as students from other Asian countries, Europe, the United States and Australia who are also attracted to study here because of a uniquely diverse learning experience in a vibrant and culturally rich country.

International students at RMIT Vietnam enjoy a range of flexible study and program options, world-class facilities, enthusiastic staff and a host of student clubs and activities that create an unforgettable experience. RMIT Vietnam Exchange Program is also available for students wishing to study one or two semesters cross-campus study at RMIT Melbourne. Alternatively, this program allows students to study at one of more than 195 partner institutions with which RMIT University has a reciprocal agreement.

Degree Programs

Undergraduate programs
- Bachelor of Business (Accountancy)
- Bachelor of Business (Economics and Finance)
- Bachelor of Business (Business Information Systems)
- Bachelor of Business (Entrepreneurship)
- Bachelor of Business (International Business)
- Bachelor of Business (Marketing)
- Bachelor of Communication (Professional Communication)
- Bachelor of Design (Digital Media)
- Bachelor of Information Technology
- Bachelor of Engineering (Electrical and Electronics)
- Bachelor of Engineering (Software Engineering)
- Bachelor of Fashion (Merchandise Management)

Teaching Periods
RMIT Vietnam has three semesters per calendar year, with intakes each semester for academic programs in February, June, and October. Each semester lasts for 15 weeks, usually involving 12 weeks of classes plus assessment and exam periods.

Tuition Fees
Please visit our website www.rmit.edu.vn for updated tuition rates.

GAC CPA Required
Varies according to course. Please visit our website for individual program and admission requirements at www.rmit.edu.vn.

Minimum English Proficiency
- IELTS: 6.5 or above (no band below 6.0); or
- TOEFL (iBT): 92 (no band below 20) or
- Successful completion of RMIT Vietnam English Advanced Plus (Level 7).

TOEFL and IELTS are recognized for two years from the test date. RMIT English results are only recognized for one year from the test date.

Credits and Scholarships
Students who wish to apply for credits for previous studies should contact RMIT Vietnam Student Recruitment at enquiries@rmit.edu.vn for further details.

Scholarships cover tuition fees to study programs at RMIT Vietnam. Scholarships are awarded on the basis of academic excellence as well as demonstration of leadership potential. Please visit our website www.rmit.edu.vn/scholarships to explore scholarship opportunities.

How to Apply
Please visit our website www.rmit.edu.vn for details of application procedure, or contact us for consultation.
Zaman University aspires to be a bold and dynamic community, with an unparalleled sense of commitment, striving for positive influence and impact on Cambodia and the world through education, research, and service. Every member of our university enjoys diverse opportunities for intellectual, personal, and professional growth. Zaman University will be home to an academic community that will in turn promote outstanding individuals to succeed in our fast-changing world.

Mission
To discover, preserve, and disseminate knowledge, produce creative work, and promote a culture of broad inquiry throughout and beyond the Zaman community.

Degree Programs
• Bachelor of Science in Civil Engineering
• Bachelor of Science in Architectural Engineering
• Bachelor of Science in Computer Science
• Bachelor of Science in Management of Information Systems
• Bachelor of Arts in Digital Arts and Design
• Bachelor of Arts in Banking and Finance
• Bachelor of Arts in Business Administration
• Bachelor of Arts in Political Science and International Relations

For more information, please visit https://www.zamanu.edu.kh/academics

Teaching Periods
• Semester 1: Early October to mid-February
• Semester 2: Late February to late June

Duration of degree programs is eight semesters (four years), including internship opportunities at prestigious companies in Cambodia and Europe.

For more information, please visit www.zamanu.edu.kh/calendar/academic-calendar

Tuition Fees
• Annual Registration Fee: US $500

Ranging between US $1,250 and US $2,000 per semester, different tuition fees apply for each undergraduate degree program. For more information, please visit www.zamanu.edu.kh/content/tuition-fees

GAC GPA Required
• 2.0 GPA is required

Minimum English Proficiency
• TOEFL (iBT): 61; IELTS 5.0
• Applicants without a TOEFL or IELTS test score have to pass the Zaman University English Proficiency Test.

Credits and Scholarships
Zaman University offers a number of tuition fee scholarships both for international and local students who are successful in the Zaman Scholarship Exam held in every September. Scholarships are in the form of full (100%) or partial (25%, 50%, 75%) tuition fee waivers valid for four years. For more information please contact the university. Completion of 150 credits in engineering programs and 132 credits in other programs with minimum 2.0 CGPA are required for graduation. For credit transfer, a CC grade or over is acceptable.

How to Apply
Applications for admission are accepted throughout the year. You can either apply individually on campus or online.
• For admission requirements, please visit www.zamanu.edu.kh/content/admission-requirements-undergraduate-programs
• For online application, please visit: www.zamanu.edu.kh/content/online-application-0
Mexico is the third largest country in Latin America and boasts the largest population of Spanish speakers in the world. With over 125 million people, Mexico is a multicultural society that has been able to retain its culture and history while absorbing and integrating western contemporary styles. The contrasts are vivid – you may see a young boy with baggy pants and a skateboard sitting at a computer terminal in an Internet café in a remote village while his mother, in traditional Mayan clothing, waits outside.

Mexicans are deeply passionate about their country and their flag holds deep significance for them. Based on the legend of how Mexico City, the country’s capital, was founded, the colors of the flag are meaningful: green represents hope and victory, white stands for unity and the purity of Mexican ideals, and red brings to mind the blood of the nation’s heroes.

Located in an area known as the Pacific ‘Ring of Fire,’ Mexico is characterized by active volcanoes and frequent seismic activity. The highest point in the country, Citlaltepetl (also called Orizaba) and the active volcano Popocatepetl are among the many volcanic peaks in Mexico.

In Mexico today, education plays an increasingly important role in society. As Mexico has developed economically, so too have the opportunities for education for all its citizens. Mexico’s education system has been defined by its growth at all levels from primary through to university. Along with this growth, there has been a focus on quality improvement in the standard of education offered.

Higher education consists of four types: universities, technical institutes, technological universities and teacher training institutes. Universities (known as licenciatura) offer four-year degrees, while the technical institutes offer a three-year program in management and engineering. Teacher training colleges offer bachelor degrees in education. Technological universities provide a two-year program which prepares students to become technicians for universities. There are private and public institutions of all four types.

Degrees awarded in Mexico are equivalent to those awarded in the United States at the corresponding level. Most degrees are offered in Spanish, however there are many institutions offering degrees in English. Our Pathway Universities in Mexico recognize the GAC when studied in Mexico, and Spanish is a prerequisite.

If you study in Mexico, you will not only obtain a valuable degree but will experience a unique culture and develop life-long friends. For more information on study in Mexico, visit: www.studyabroad.com/programs/north-america,mexico/default.aspx OR find the same link at: www.tinyurl.com/7opbtxs

The experience of a lifetime: Studying at Ibero Puebla offers you the opportunity of getting to know a wonderful culture, magnificent places and the warmth of Mexican people.

The Universidad Iberoamericana Puebla is a Jesuit university located in Puebla, Mexico, offering a large number of programs, both undergraduate and graduate. Its mission is to contribute, in an environment of responsible participation, openness, liberty, respect, and critical thinking, to the development of professionals and researchers with human and academic quality, highly committed with service to others, in pursuit of a more free, productive, and supportive society.

For more than 450 years, Jesuit education has had a profound influence on our world. Since the creation of the first Jesuit school in Italy in 1548, Jesuits have been at the center of the intellectual world, beginning a long tradition of leadership in education.

Ibero Puebla, as it is also known for short, is part of this tradition and philosophy, forming part of the large international network of Jesuit institutions, with a presence in more than 60 countries all around the world. It is located in Puebla, the fourth largest city in Mexico, well known for its architecture, gastronomy, mild climate and excellent location. It has approximately 5,000 students coming from various parts of Mexico and the world. The experience of studying in Mexico, whether it is for a single term or a complete program, is full of surprises: great places to visit, an ancient culture to discover, colorful holidays, the warmth of Mexican people and a university that provides all services and academic excellence.

Create currents of thought and form leaders that transform society.

Founded in 1973, UPAEP was established at the request of the people of Puebla in order to serve the people of the community. The University is noted for its academic excellence and the number of accredited programs as well as for its institutional development strength. The total university-level (undergraduate) enrollee population is 9,079 students. Puebla is known as the city of the student and UPAEP is a university that welcomes students from different states of the country, mainly from the southeast as well as international students. This has created a very diverse and attractive student life.

UPAEP is located just two blocks from popular Juarez Avenue and a few blocks from Puebla's historic downtown, which is considered a UNESCO World Heritage Site for its colonial architecture. Our campus has a very attractive urban location; it is located in the middle of the city, just a few blocks from the historic downtown. This is ideal for the student who wants to be close to or get to know the real and daily Mexican life. Also, the UPAEP campus is near public transportation to different parts of the city.

There are many shopping centers, movie theaters, and night clubs nearby. UPAEP's campus has much to offer to local and international students including cultural and sports activities. Campus facilities include a fully equipped computer center, library, conference room, language center, bank, cafeteria, film center, gymnasium, outdoor pool, and other sports facilities. The university is renowned for its basketball and soccer teams, and student groups are active in theater, dance, chorus, speech, debate, photography, and animation.

Degree Programs

**Arts:** Architecture, Art History, Design & Advertising, Graphic Design, Film Studies and Audiovisual Production.

**Business:** Business Administration and Logistics, Economics, International Trade, Hospitality Management, Marketing, Finance, Accounting, Culinary Art.

**Health Sciences:** Dentistry, Medicine, Nursing, Occupational Therapy, Nutrition.

**Social Sciences:** Communications, Journalism, Law, Political Science, International Relations.

**Humanities:** Pedagogy (Education), Philosophy, Psychology, Educational Psychology, Humanities, Literature and History.

Courses taught in English

These vary from one semester to another. Examples of courses taught in English in the past include: Sustainable Architecture; European Studies; North American Studies; Comparative Business Law; Asian, African and Middle Eastern Studies; Information Systems; Systems of Government; Consumer Behavior; Quantitative Research; Seismic Engineering; Nutritional Evaluation; Introduction to Nutrition; Psychiatry; International Private Law; Judicial Topics in Mexico; Legal System in Mexico; European Law; Asian Studies; Political History of North America; Aesthetics of Documentary Films; Campaign Evaluation; Promotional Advertising Strategies.

Teaching Periods

- **Semester 1:** January to May
- **Semester 2:** August to December

Tuition Fees

Check: [www.upaep.mx](http://www.upaep.mx) for further information.

GAC GPA Required

- **2.3**

Minimum English Proficiency

- Spanish as a second language: Level DELE B2.
- Most of the courses are held in Spanish;
- TOEFL PBT 530; Further proof of English not required.
