ACADEMIC MONITORING

Grading Guidelines
In Early Childhood Education and Kindergarten, achievement is reported to parents as:
- S = Satisfactory
- P = Progressing
- R = Needs Reinforcement

In grades 1st thru 12th, achievement is reported to parents as:
- 90-100 = A
- 80-89 = B
- 75-79 = C
- 70-74 = D
- Below 70 = F

Elementary grades 1-5, PE/Health and Fine Arts grades are reported using:
- E = 95 (Excellent)
- S = 85 (Satisfactory)
- N = 75 (Needs Improvement)
- U = 65 (Unsatisfactory)

Grade Reporting and Progress Reports
Report cards are distributed after the end of each nine-week grading period to inform parents of the student's academic status. State law provides that a test or course grade issued by a teacher cannot be changed unless the Board of Trustees determines that the grade was arbitrary, contains an error, or the teacher did not follow the District's grading policy. The Board's decision may not be appealed. Teachers notify the parent if a student is failing or in danger of failing by sending home a progress report after the end of the third and sixth weeks of each grading period. Progress reports may also be issued any time a student's progress becomes unsatisfactory.

Promotion and Retention
A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards. In addition, students at certain grade levels will be required to pass the Texas Assessment of Knowledge and Skills (TAKS) as a further requirement for promotion:
- In order to be promoted to grade 4, students must have performed satisfactorily on the Reading section of the grade 3 assessment test in English or Spanish.
- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the Mathematics and Reading sections of the grade 5 state assessment in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the Mathematics and Reading sections of the grade 8 state assessment in English.

Parents of a student who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. Such students will have two additional opportunities to take the test. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year.

In addition, students in grades 3, 5, and 8 must meet promotion standards established by the District in order to be promoted. A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instructional program for the student. For additional information, see the school counselor.

Honor Rolls
Each grading period has a distinct honor roll listing. No honor roll is cumulative. Students must meet the criteria for both academic grades and Citizenship grades to earn placement on the honor rolls.

Conferences with Teachers or Administrators
The parent may make an appointment for a conference by contacting the school’s main office or by writing a note to the teacher, counselor, or administrator. Teachers have a conference period during the day, but if the parent cannot meet at that time, it is often possible to schedule appointments before or after school.
CURRICULUM

Early Childhood Education program is designed to promote children's knowledge and skills in all developmental area-cognitive, social/emotional, physical, and aesthetic- and to establish a foundation for lifelong learning through developmentally appropriate practices.

English (Spanish) Language Arts and Reading uses the Reading Comprehension Process and a literacy framework outlining instructional components, specified instructional strategies, a variety of required reading materials, and an assessment system. Writing instruction taught by using the writing process is provided daily with instructional expectations for modeled, guided, and independent writing.

Mathematics engages students in rigorous, high-quality mathematics instruction that builds new mathematical understandings through computational fluency, reasonable estimation and problem solving. Students are afforded opportunities to access manipulatives and new technologies that deepen students’ intellectual capacity to apply mathematics to “real-world” situations.

Science teaches through inquiry-based instruction and hands-on investigations. It is taught through classroom and field investigations following safety procedures. Students use the tools of science to develop critical thinking and scientific problem solving skills.

Social Studies builds a foundation in history, geography; economics, government, citizenship, culture, science, technology, and society; and social studies skills. During the designated CELEBRATE FREEDOM WEEK, the week of September 17th students in grades 3-12 study the Declaration of Independence and the U.S. Constitution. Students recite a portion of the Declaration during this week as required by law, unless parents submit a written request for their child to be excused. See the campus principal for additional information. The Social Studies department sponsors numerous academic contests including: San Antonio Regional History Fair; Economics Challenge; and programs such as National Mock Election.

Physical Education In accordance with policies EHAB, EHAC, and FFA, the district will ensure that students in kindergarten through grade 5 engage in moderate to vigorous physical activity at least 30 minutes per day or 135 minutes per week as part of the school district’s physical education curriculum. Because of block scheduling the district offers physical education to students in middle school or academies, grades 6th, 7th, & 8th to meet district physical education requirements of 225 minutes of moderate to vigorous physical activity per two week period. For additional information on the district’s requirements and programs regarding physical activity requirement, please see the campus principal.

The Commissioner of Education has adopted the FitnessGram assessment instrument to be used by Texas school districts in assessing student physical fitness as required by state law. Results are reported as a school district and do not have any bearing on the school district’s rating from TEA nor the individual student’s academic progress. Parents can request in writing your child’s physical fitness assessments results at the end of the school year.

Health Instruction in high school provides students with the health information and skills they need to become healthy adults. Beginning in 2008-09, all students in High School Health Class will receive Parenting and Paternity Awareness (P.A.P.A.) as required by state law.

English as a Second Language (ESL) emphasizes the development of English language proficiency and literacy through the language arts curriculum.

Languages Other Than English instruction (LOTE) emphasizes the development of communication skills in a language other than English along with an understanding and appreciation of the culture.

Fine Arts instruction focuses on student participation in all four fine arts disciplines: art, music, theatre, and dance.

INTERVENTION CURRICULA
The District also ensures that students not mastering the Texas Essential Knowledge and Skills (TEKS) in a standard educational setting are provided with interventions for remediation or credit accrual. Intervention curriculum is available in the following areas:
- Reading/English Language Arts
- Mathematics
- Science
- Social Studies

Parents are notified of the interventions provided for their child(ren), and documentation of services offered and provided is maintained at each campus. Student progress is monitored for placement and opportunities for earning credit are provided to meet individual student needs.

RESPONSE TO INTERVENTION (RTI)
Response to Intervention is designed as a school-wide, tiered model for identifying and providing early intervention to all students falling behind their grade-level peers in core academic subjects and behavior. RTI serves as a proactive, problem-solving pre-referral process that must be used before a student is referred for any assistance, support service or educational program. Each campus will have an RtI team that is organized with a coordinator, referring teacher, other campus personnel and the student’s parent/legal guardian. All additional support will be discussed and approved through the RtI process.

COMPUTERS AS AN INSTRUCTIONAL TOOL
Computers and the Internet are electronic tools to enhance student learning in all content areas. The purpose of using the Internet in our schools is to support research and education by providing access to unique resources and the opportunity to work
SPECIAL CURRICULUM PROGRAMS

Bilingual/Limited English Proficiency

Bilingual education is a program of instruction in pre-kindergarten through 5th grades that uses the student’s primary language as a tool for instruction while he/she learns English. Only students who have been identified as speaking little or no English and/or have not developed cognitive/academic language proficiency in English are offered this special approach. English as a Second Language (ESL) courses are offered in middle and high school to identified students who speak little or no English (limited English proficient). For further information, contact the Bilingual Department.

Career and Technology Programs

Career and Technology programs may include dual credit, Tech Prep, state articulated credit, and additional innovative programs. Opportunities are provided that identify the relationship between skills taught in the classroom and skills required for the workforce. Activities or resources may include career fairs, classroom presentations, field trips, library resources, career literature, youth leadership, business/industry tours, and appropriate shadowing and internship experiences.

The San Antonio Independent School District offers Career and Technology Programs in the following areas:

- Agriculture, Food & Natural Resources
- Architecture & Construction

Admission to these programs is based solely on the individual student’s career interests. In order for the student to attend they must inform their counselor of their desire to enroll. If the program the student chooses fits into his/her schedule, the student will be enrolled in the program. Students attending a particular SAISD campus are allowed to attend a Career and Technology Program taught at another campus, provided the program fits within the student’s class schedule. A student taking Career and Technical Education courses may be eligible based on demonstrated need to receive a subsidy for a certification examination for a license or certificate for a trade or occupation if the student successfully completes the career and technology program in which he receives training and instruction for employment in a certain trade or occupation and passes the examination.

It is the policy of the SAISD not to discriminate on the basis of race, color, national origin, sex, or handicap in its Career and Technology Programs, services, or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended. The campus counselor can provide additional information about meeting the program's eligibility requirements. Records of graduated students are kept at the high school for 6 months and then forwarded to PEIMS and Student Data Services.

**TESTING**

**State Testing**

The state-mandated Texas Primary Reading Inventory (TPRI) and the Tejas LEE are early reading instruments used to identify the reading and comprehension development of students in kindergarten-grade 3. Early identification of these skills helps the teacher to provide appropriate reading instruction. The state-mandated Texas Assessment of Knowledge and Skills (TAKS) measures student academic performance. Students must pass the 3rd grade reading TAKS and 5th and 8th grade reading and math in order to be promoted. Those students who do not pass the grade-level test are provided accelerated instruction and are given at least three opportunities to take the TAKS test. Grade placement committees will be formed to determine the accelerated instruction and make promotion or retention decisions for individual students.

Beginning with the 2008-09 school year, students must meet all state and district requirements including the Exit Level TAKS test in order to participate in graduation and receive a diploma, with the exception of students who are eligible for a Certificate of Attendance.

**SAT, ACT, and Other Standardized Tests**

Many colleges require additional standardized tests such as the Accuplacer, American College Test (ACT), or the Scholastic Aptitude Test (SAT) for admissions. Each college determines the levels of achievement needed for admissions. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam(s) to take; these exams are usually taken at the end of the junior year.

**TEXTBOOKS/LIBRARY BOOKS**

The student, or the student’s parent/guardian, is responsible for textbooks issued to the student, regardless of whether the textbook is lost, damaged, or stolen. The District shall allow a student who has lost, damaged, or has not paid for a textbook to use textbooks at school during each school day, but the student will not be allowed to take textbooks out of the classroom.

The District shall allow a student who has lost or damaged a library book, but has not paid for the library book to use library books and any other resources within the library during the school day and/or before or after school, but the student will not be allowed to check out library books from the school library or take them out of the library.
SECTION II: ADMISSIONS, ATTENDANCE, ABSENCES, RELEASE FROM SCHOOL, TRANSFERS, AND WITHDRAWAL INFORMATION

ADMISSION (AGE) REQUIREMENTS

Early Childhood/Pre-Kindergarten Program - A child must be three or four years of age on September 1 of the current school year and must be:

1. unable to speak and comprehend the English language;
2. economically disadvantaged; and/or
3. active military, including the child of a member who was hurt or killed on active duty
4. homeless, as defined by 42 U.S. C. S. Section 11302 (McKinney-Vento Homeless Assistance Act), regardless of residence of the child, of either parent of the child, or of the child’s guardian or other person having lawful control of the child.
5. or has ever been in the conservatorship of the Department of Family and Protective Services following an adversary hearing held as provided by Section 262.201, Family Code.

Kindergarten - A child must be age 5 on or before September 1st.

Upon enrollment in pre-kindergarten (PK) or kindergarten, a child must attend school. Texas Education Code states that PK and kindergarten students are subject to compulsory school attendance rules.

First Grade - A child must be age 6 on or before September 1st.

RESIDENCY REQUIREMENTS

Parents must submit proof of residence within District boundaries, such as a current home telephone bill, utility bill (e.g. a CPS, SAWS invoice), or an effective mortgage or lease contract if it includes the parent's name and the current address of their residence. If proof of residency in the District is not available, parents must complete the Student Residency Questionnaire to declare where the student is living. If the student is living in a shelter, in a motel, car, or campsite, the student may come under the McKinney-Vento Homeless Assistance Act.

A student who is living separate and apart from a parent, legal guardian, or other person having lawful control under a court order, or whose grandparents reside in the District and provide a substantial amount (as defined by the District’s Board) of after school care, may apply for admission. The District is not required to admit a student who has engaged in conduct within the preceding year that resulted in removal to a Disciplinary Alternative Education Program (DAEP) or expulsion, who has engaged in delinquent conduct or conduct in need of supervision, who is on probation, or who has been convicted of a criminal offense and is on probation or other conditional release. The principal shall refer these students, as needed, to the appropriate hearing officer.

Documentation

In addition to proof of residency, the parent will need to present the following documents/information to register a student:

NOTE: Required records are 1) an official birth certificate, 2) the child’s records from the school most recently attended, and 3) immunization records. Copies of the original Social Security card and birth certificate are required for the state of Texas education records.

1. Proof of child’s identity: official birth certificate, other demographic information required includes complete name, sex, and ethnicity, date of birth, home language, and migrant information. Parents are strongly urged to present the child’s Social Security card for enrollment. The child's Social Security number is important in ensuring that the correct information is received. It is an offense for a person to obtain, posses, transfer or use, with intent to harm or defraud another, the identifying information of another person without their consent or a child younger than 18 years old.

2. Academic information: A copy of the child’s records from the school the child most recently attended. Even if written documentation is not available at the time of registration, the parent must explain the following to school officials:
   a. Information regarding special education/Section 504 disabling condition and instructional setting.
   b. Information regarding disciplinary placement: placement in a DAEP, disciplinary transfers, expulsion, etc. Texas Education Code Section 37.008(j) stipulates that if a student was placed in a DAEP by another school district and has not completed the term of placement, our District shall continue the placement in a DAEP in our District until the term is completed by the student. Therefore, it is necessary that parents and students wishing to enroll clearly communicate such a placement to the school upon registration.

3. Up-to-date immunization record:
   a. Students who have never before been enrolled in a school in the United States - If the child is initially entering a public school (i.e., pre-kindergarten or kindergarten or coming from another country), immunization records are required before the student can be enrolled. [Texas Education Code Section 38.001(a)]. A student may be provisionally admitted if the student has begun the required immunizations, as verified by submitted records, and continues to receive the necessary immunizations as rapidly as is medically feasible.
   b. Students who are transferring from another school in the United States - The parent must present copies of the immunization record that establishes that the student’s immunizations are current. A grace period of thirty (30) calendar days may be allowed while the school awaits the transfer of written proof of the immunization which the child has been given prior to enrollment; this does NOT mean that the parent has thirty days to have the student immunized. The student may be provisionally admitted during the thirty-day grace period, or if the student has begun the required immunizations, as verified by submitted records, and continues to receive the necessary immunizations as rapidly as is medically feasible.
   c. Information in English and Spanish is available on an easy to read chart on the Department of Health website at www.dshs.state.tx.us/immunize/docs/school or you may acquire this information from a campus nurse. Additionally, go
to the District’s website for information regarding the following: (1) the immunizations required for admissions to public school; (2) any immunizations or vaccines recommended for public school students by the Department of State Health Services; (3) health clinics in the District known to the District that offer the influenza vaccine; and (4) a link to the Department of State Health Services Internet website.

In addition, the parent is required to complete various registration forms at the school, some of which will be the Student Registration Data card, the Federal Lunch Application form, and the Home Language Survey.

Should the parent not have written documentation of the above information at the time of registration, the written proof must be submitted within thirty (30) calendar days (except in 3 a. above and proof of residency which requires records upon enrollment). The student shall be enrolled by having the parent give the information verbally to school personnel or complete the Registration Questionnaire. If the documentation is not submitted within 30 days, the principal shall report to the proper authorities as required by law. It is vital that parents be aware of the importance of giving correct information and their legal obligation to do so.

**LEGAL SURNAME**
A student must be identified by the student’s legal surname, as it appears on the student’s birth certificate or other document suitable as proof of the student’s identify, or in a court order changing the student’s name.

**MULTIPLE BIRTH SIBLINGS**
Parents may request children who are multiple birth siblings (e.g., twins, triplets, etc) assigned to the same grade and campus, to be placed in the same or classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your child. [See FDB (LEGAL)]

**HOMELESS STUDENT SERVICES**
Liaison for Homeless Children and Youth, who coordinates services for homeless students: Estella Garza, Coordinator at (210) 227-1206, ext. 126.

**ARRIVAL AND DEPARTURE TIMES FOR STUDENTS**
Parents are responsible for ensuring that their children arrive on campus no earlier than 45 minutes prior to the start of the school day and depart from campus in a timely manner (generally within 30 minutes) following the students’ dismissal. The school day begins and ends as follows:

- **Elementary Schools**: 7:55 am to 2:55 pm
- **Middle Schools**: 8:25 am to 3:25 pm
- **High Schools**: as determined by each campus

It is imperative for safety reasons that students do not arrive before the specified time in the morning nor remain later than the expected time of departure in the afternoon or following an after-school event. Parents and students will be held responsible for cooperating with school personnel regarding compliance with these hours.

Individual campuses will determine the places and times where students will be permitted to assemble before and after school and will notify students and parents of these places and times. In addition, cafeterias are open before the start of the school day so that students may participate in the breakfast program.

**DIRECTORY INFORMATION**
The law permits the district to designate certain personal information about students as "directory information." This "directory information" will be released to anyone who follows procedures for requesting it. However, release of a student’s directory information may be prevented by a parent or an eligible student. This objection must be made by completing the form provided by the school at the start of the school year or at enrollment within ten school days of your child’s first day of instruction for this school year.

**DIRECTORY INFORMATION FOR SCHOOL-SPONSORED PURPOSES**
The district often needs to use student information for the following school or district-sponsored purposes: awards ceremonies, programs, newsletters, etc. For specific school-sponsored purposes, the district would like to use your child’s name, school, grade, date of birth, photograph, etc. Unless you object to the use of your child’s information for these limited purposes, the school/district will not need to ask your permission each time the school/district wishes to use this information for school/district-sponsored purposes.

**ATTENDANCE**
Regular school attendance is essential for the student to make the most of his or her education. It is also the law in Texas that:

1. A **student between the ages of 6 and 18 must attend school and District-required tutorial sessions unless the student is otherwise legally exempted or excused. Upon enrollment in pre-kindergarten or kindergarten, a child is also subject to the compulsory attendance law.** School employees must investigate and report violations of the state compulsory attendance law.

2. **State law requires attendance in an accelerated reading instruction program when kindergarten, first grade or second grade students are assigned to such a program.** Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of the reading diagnostic test. A student absent without permission from school, from any class, from required special programs, such as accelerated instruction assigned by the grade placement committee, basic skills for ninth graders, or from required tutorials will be considered in violation of the law and subject to disciplinary action.

3. A **court of law may also impose penalties against both the student and his or her parents if a school-age student is deliberately not attending school.** A complaint against the parent may be filed in court if the student:
   a. Is absent from school on ten (10) or more days within a six-month period in the same school year, or
4. To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered cannot receive credit for the class unless the Attendance Review Committee of the school finds that the absences are the result of extenuating circumstances.

5. A student age 18 or older shall attend school each school day for the entire period the program of instruction is offered. A student who voluntarily enrolls in school or voluntarily attends school after the person’s 18th birthday shall attend school each day for the entire period of program instruction is offered, and shall attend until the end of the school year. The District may revoke the enrollment for the remainder of the school year of a student age 18 or older who has more than five absences in a semester that are not excused. A student whose enrollment is revoked may be considered an unauthorized person on school District grounds for purposes of the trespass law.

School Attendance Review Committee
A student and the student's parent or guardian are given written notice prior to and upon a student's attendance in any class dropping below 90 percent of the days the class is offered. When a student's attendance drops below 90 percent of the days the class is offered, the student, parent, or representative may submit a written petition to the appropriate campus Attendance Review Committee requesting the awarding of credit. The campus Attendance Review Committee shall review the student's entire attendance record and reasons for absences and to determine whether to award credit. Petitions for credit may be filed at any time the student receives notice, but in any event no later than 30 days after the last day of classes.

ABSENCE PROCEDURES
1. When a student must be absent, the student, upon returning to school, must bring documentation that describes the reason for the absence. Documentation for all excused absences must be submitted within 48 hours after the absence has occurred. Parent notes may be used to excuse a total of 8 absences for the school year. Additional absences will only be excused by a doctor's note or other acceptable documentation approved by the principal. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older.
2. A student absent for any reason should promptly make up specific assignments missed. Absences made up during Saturday school, after school or credit recovery DO NOT make up the absences for the purpose of truancy court.
3. If a student has an appointment with a health care professional, the student may be counted present for the day if: the student attends class sometime during the day of the appointment, either before or after the appointment; the student sign-in/out sheet supports the appointment; and the student provides written documentation from the health care professional for his/her presence at the appointment. The student is responsible for completing any assignments missed.
4. A student who is tardy to class will be subject to the consequences established at each campus in accordance with the possible consequences in the SAISD Student Code of Conduct.
5. Students and parents should be aware of specific school procedures for contacting the Attendance Office at each school.
6. A student absent from school may not be allowed to participate in school-related activities on that day or evening.
7. Excessive absences may result in a violation of compulsory attendance laws and the Student Code of Conduct. Such violations may result in the loss of course/grade credit, court action, and/or monetary fines.

DRIVER LICENSE ATTENDANCE VERIFICATION
To obtain a driver license, a student between the ages of 16 and 18 must provide to the Texas Department of Public Safety a form obtained from the school verifying that the student has met the 90 percent attendance requirement for the semester preceding the date of application. The student can obtain this form at the campus school office.

TARDINESS
A student is considered tardy if:
- a. A student is not in their assigned area when the class bell rings and the teacher is unaware of the student’s whereabouts;
- b. An elementary/academy student departs from school earlier than the official dismissal time;
- c. A student enters their assigned area after the class bell rings.
All tardies will be recorded on the student grade card. Each campus has specific tardy consequences that are communicated to the parent/legal guardian.

RELEASE OF STUDENTS FROM SCHOOL
A student will not be released from school at times other than regular dismissal hours except with the permission of the principal/designee or according to the campus sign-out procedures. State law requires students to attend school each day for the entire period the program of instruction is provided.

State law allows a student to be excused from school attendance for a temporary absence for any reason acceptable to the teacher, principal, or superintendent. Additionally, students will be excused for the purpose of attending religious holy days, including travel for that purpose; temporary absences resulting from a visit to a health care professional if the student commences classes or returns to school on the same day of the appointment; and required court appearances including travel to and from the court appearance. Students being released from school for other reasons may receive an unexcused partial absence, which may be a violation of the compulsory attendance laws.

Person(s) who request a student's release MUST provide personal identification prior to the release of a student. A person picking up a student must wait in the office/clinic area for the student to be released.

A student who needs to leave school during the day must bring a note from his/her parent that morning. The note should include a telephone number or other method of contact during the day for verification by school staff.

A student who becomes ill during the day should, with the teacher's permission, report to the school nurse. The nurse will decide if the student is so ill the parent should be contacted to pick up the child from school. It is the responsibility of the parent and the student to provide at least one emergency telephone number so that parents can be notified immediately, if necessary.
STUDENT TRANSFERS WITHIN THE DISTRICT

Generally, a student is enrolled in the school designated for the student's attendance zone (i.e., the student's home school). The Superintendent's designee will consider a parent request for the transfer of any student from one school to another. The decision concerning any transfer shall be based upon various factors, and neither a student's national origin nor ancestral language shall be a basis for denial. A request may be denied or revoked on any reasonable basis determined by the District.

The Transfer Application is to be completed by parents who request a transfer for a child from their residential attendance zone to another school within the SAISD. Parents are asked to submit documentation to support a claim that a transfer, if granted, will alleviate or help alleviate an extremely serious or crisis situation. Such documentation is not required, but it will increase the chance of approval. Also, if the reason for the request is based upon the parent's complaint(s) against the campus pertaining to how the student has been handled or other issues, the principal shall not forward the application as a transfer request until the principal has attempted to resolve the complaint at the campus level.

The student shall be enrolled in the home school pending any decision regarding a transfer to another school. All requests for transfers shall only be made after the student is enrolled in the home school, except for those made in advance for the coming school year as explained in this section. Requests for transfers that are approved for the ensuing school year shall not require enrollment in the home school if the parent completes the entire transfer request process (Sections A, B, and C of the Transfer Application) by August 1st. Any transfer requests after August 1st for the current school year, will be handled on a case by case basis. The parent shall sign the Terms & Conditions when any transfer is granted.

1. Term of transfer: A transfer is considered valid as long as the student and parent comply with all of these conditions and the transfer is not revoked for any reason by the Superintendent's designee. The transfer does not need to be renewed at any time.
2. A transferred student must remain a student in good standing, maintaining satisfactory attendance and exhibiting satisfactory conduct, including dress code compliance; otherwise, the receiving principal may recommend that the transfer be revoked and that the student be returned to the home school at the end of the 1st, 2nd, or 4th grading periods.
3. Transfer approvals will be based on space availability, staffing ratios, or other District factors.
4. A transferred student shall be responsible for complying with the policies and rules in the SAISD Student Code of Conduct and the school rules of the receiving campus and shall be subject to disciplinary consequences as established in the SAISD Student Code of Conduct. Repeated or serious violations may be cause for revocation of a transfer.
5. A transferred student shall be responsible for maintaining attendance as required by law. The school shall take action against the parent and/or the student in accordance with compulsory attendance laws. Unsatisfactory attendance may be cause for revocation of a transfer.
6. In order to participate in University Interscholastic League (UIL) activities, the student must meet UIL eligibility requirements. A transfer to another campus may adversely affect the student's ability to participate in UIL sanctioned extracurricular activities.
7. Transportation for students receiving special education or Section 504 services will continue to be provided if the student's ARD/Section 504 Committee has previously determined that transportation is required as a related service for the student. Transportation shall NOT be provided by the District for other approved transfers.
8. A student will be allowed only one transfer by parent request during the school year.
9. The approval of a transfer for one student shall not be considered grounds for transfer of other family members.
10. Students who are victims of bullying, sexual assault, aggravated sexual assault, or continuous sexual abuse from another student may request inter-district transfers as provided by board policy. In such event, all or some of the transfer procedures may be suspended as appropriate.

Please note: The following placements are not considered transfers, and the transfer procedures do not apply: Students in bilingual/ESL programs whose home campus does not provide the program enroll automatically in the school providing the service; students admitted into a magnet program; students who are placed at another elementary school because the home elementary school is capped at the child's grade level.

STUDENT TRANSFERS FROM OTHER DISTRICTS (NONRESIDENTS)

SAISD does not allow students who do not reside within District boundaries to enroll in the District schools, except in certain circumstances. Board policy FDA (LOCAL) lists the following exceptions to the residency requirement:

1. Nonresident students who have been admitted to Magnet or Charter programs, following approval in accordance with Administrative Procedures;
2. Children of nonresident District employees, following approval in accordance with Administrative Procedures;
3. Resident students who become nonresidents during a semester may be permitted to continue in the District school for the remainder of the semester or term, following parent request and recommendation by the principal and approval in accordance with Administrative Procedures; and
4. Graduating seniors must have attended District schools for at least the two previous years, may be permitted to continue in the District for the remainder of the semester or term, following parent request and recommendation by the principal and approval in accordance with Administrative Procedures.

Out of District transfer students must re-apply before each school year. Parents must complete a Nonresident Transfer Application and submit it to the principal, who shall forward it to the Admissions and Hearing Office for review.

WITHDRAWAL FROM SCHOOL

A parent wishing to withdraw a student from school should notify or call the school at least 24 hours prior to withdrawal for information on specific procedures and times for withdrawals. The principal or other administrator will verify the information when the parent arrives to provide the name of the new school, new home address, and phone number if applicable to the withdrawal. The formal withdrawal request must be signed for use as documentation that the students will continue to be enrolled in a school as required by the compulsory attendance laws.
SECTION III: HEALTH AND MEDICAL INFORMATION

HEALTH SERVICES AND MEDICAL TREATMENT

Contagious Diseases

A contagious disease is one that may be passed directly or indirectly from one person to another. The principal shall exclude from attendance any student suffering from a contagious disease, as defined by the Texas Board of Health, until one of the criteria for re-admittance is fulfilled. Conditions for which children may be excluded include, but are not limited to, hepatitis A, chickenpox, pediculosis (head lice), scabies, and impetigo, ringworm of the scalp, bacterial meningitis and infectious forms of conjunctivitis (pink eye). Students excluded due to a contagious disease shall be readmitted by one or more of the following methods:

1. Written medical clearance from the student’s physician;
2. Readmission permit from the local health authority (San Antonio Metropolitan Health District); or
3. After the disease is no longer contagious, as established by the Texas Commissioner of Health.

For more information please contact Student Health Services at (210) 224-1823.

Emergency Medical Treatment

If a student should have a medical emergency at school or at a school-related activity when the parent cannot be reached, the school must have written parental consent to obtain emergency medical treatment. Therefore, parents are asked to complete the consent portion of the Student Registration Data form, an official registration document. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies to medications, etc.) Please contact the school nurse to update any information. If, in the opinion of the campus administrator or school nurse, a life-threatening emergency occurs, EMS will be called.

At least one automated external defibrillator will be made available on each campus in the district as well as Alamo Stadium and the Spring Sports Complex and in compliance with UIL regulations. For more information regarding the requirements and rules regarding automated external defibrillators on a school district campus, contact the campus administration.

Health/Accident Insurance for Students

If a student is injured at school or at a school-related activity when the parent cannot be reached, the District is not responsible for medical expenses associated with the student’s injury. The District does make available after the school year begins, an optional, low-cost student accident insurance program to assist parents. Information about this program may be obtained at the school office or by contacting the SAISD Employee Benefits & Risk Management Department at (210) 299-5645.

Also, a student whose family earns too much to qualify for Medicaid but still cannot afford health insurance may be eligible for subsidized health insurance through a state program called CHIP (Children’s Health Insurance Program). Parents may contact the school nurse for information.

Immunizations

A student is required to present proof of immunizations as required by Texas State law for school attendance. Proof of immunization may be personal records from a licensed health care provider or public health clinic validated by signature or stamp.

Information in English and Spanish is available on an easy to read chart on the Department of State Health Services website at www.dshs.state.tx.us/immunize/docs/school/6-14.pdf or you may acquire this information from a campus nurse. Additionally, go to the District’s website for information regarding the following: (1) the immunizations required for admissions to public school; (2) any immunizations or vaccines recommended for public school students by the Department of State Health Services; (3) health clinics in the District known to the District that offer the influenza vaccine; and (4) a link to the Department of State Health Services Internet website.

Required immunizations are: diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, varicella (chicken pox), Hepatitis A, Hepatitis B, Haemophilus influenzae type B, and pneumococcal conjugate.

Exemptions from compliance are allowed for an individual by obtaining an exemption for medical reasons or reasons of conscience, including religious beliefs. To obtain a medical exemption, the student must present a statement signed by a health care provider licensed to practice medicine in the United States that indicates the immunization required would be harmful to the health and well being of the student or a member of the student’s family or household. Unless a lifelong condition is specified, the exemption is valid for one year from the date signed by the health care provider and must be renewed every year for the exclusion to remain in effect. To obtain an exemption due to reasons of conscience, including religious beliefs, the parent or guardian must request the exemption by submitting an official Department of State Health Services affidavit form that has been notarized. Written requests for the official affidavit form must be submitted through the U.S. Postal Service, commercial carrier, fax, or by hand-delivery to:

Department of State Health Services
Immunization Branch (MC 1946)
1100 West 49th Street
Austin, TX 78756.
Fax number is (512) 458-7544.
The official Texas Department of State Health Services affidavit form must be notarized and submitted to school officials within 90 days from the date it is notarized. The exemption is good for two years from the date notarized. Students who had a religious exemption on file before September 1, 2003 do not need a new vaccine exemption affidavit form.

**Mandated Screenings**
The school nurse conducts vision and hearing screenings as required by the Special Senses and Communication Disorders Act for all students in PK, K, 1st, 3rd, 5th, and 7th grades. Additionally, the school nurse conducts vision and hearing screenings for students at all other grade levels upon referral by the parents, school staff, or self-referral by the student. The school nurse is required to conduct spinal screening as required in grades 6th and 9th. The school nurse conducts screening for Acanthosis Nigricans as required for students in grades 1st, 3rd, 5th, and 7th.

Requirements for all screenings are met if the parent provides the results of the screening conducted by a state-licensed health care provider to the school nurse.

**Medicine at School**
The parent must submit a written request when a student must take medicine during the school day, along with the medicine, in its original, properly labeled container, to the school nurse. Such written permission is required for both prescription and non-prescription medication, regardless of the length of time the medication is to be taken. Forms are available from the school nurse. Medication to be taken for more than ten days requires a doctor's signature on the form. Medications not listed by the U.S. Pharmacopeia and approved by the FDA may not be administered at school. The school nurse conducts vision and hearing screenings for students at all other grade levels upon referral by the parents, school staff, or self-referral by the student. Students who do not pass the screening tests are referred to a health care provider for further testing. It is the parent’s responsibility to select a provider of their choice and to pay for the professional services.

**Bacterial Meningitis**
Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the more common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

What are the symptoms? Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms. Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.
How serious is bacterial meningitis? If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread? Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes). The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body’s immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented? Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

What should you do if you think you or a friend might have bacterial meningitis? You should seek prompt medical attention.

Where can you get more information? Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the Web sites for the Center for Disease Control and Prevention, http://www.cdc.gov, and the Texas Department of Health, http://www.tdh.state.tx.us.
SECTION IV: PARENTAL/GUARDIAN RIGHTS AND RESPONSIBILITIES

CAMPUS STUDENT HANDBOOKS
Each SAISD campus has the option of distributing a student handbook with specific guidelines and rules of operation pertaining to a particular campus. A campus student handbook, while separate and distinct from the SAISD Student Code of Conduct, must be consistent with the SAISD Student Code of Conduct. If a question arises concerning whether a provision of a student handbook is consistent with the SAISD Student Code of Conduct, the Superintendent or designee shall review the provision in question and make a determination.

COMPLAINTS/CONCERNS OF PARENTS OR STUDENTS
Usually student or parent complaints or concerns can be addressed simply – by a phone call or a conference with the teacher, counselor, or other staff member. If a conference is preferred, the parent should make an appointment with the appropriate teacher or other campus staff member to discuss the concern. Each parent conference or meeting will begin with establishing ground rules. If the concern remains unresolved following the discussion with the teacher or other staff member, the parent or student shall discuss the situation with the campus principal within fifteen (15) days of the time the student or parent knew or should have known of the event causing the concern.

Although in most cases, parent and student concerns are resolved at the campus level, the District has adopted a standard policy that outlines the steps to be taken if the situation is unresolved after a discussion with the principal. The parent or student shall contact the office of Parent, Community, and Business Partnerships Department within ten District work days following receipt of a response from the principal or if no response is received within ten days of the response deadline.

The Director of Parent, Community, and Business Partnerships Department, or designee, will attempt to resolve the complaint prior to a formal conference with the parent or student. However, if a formal conference between the Director and the parent or student is necessary, either before or during the conference, the parent or student shall submit a written complaint to the Director. This written complaint must explain the complaint, any evidence in its support, the solution sought, and the date of the conference with the principal, and the signature of the person presenting the complaint.

If the parent or student remains dissatisfied with the decision, he/she may request a conference with the Superintendent/designee within ten (10) District workdays following receipt of a response from the Director or if no response is received within ten days of the response deadline. Either before or during the conference, the parent or student shall submit a written complaint to the Superintendent/designee that explains the complaint, any evidence in its support, the solution sought, and the date of the conference with the Director, and the signature of the person presenting the complaint.

Following the response from the Superintendent/designee, the parent or student may appeal that decision to the Board of Trustees following the procedure outlined in policy FNG (LOCAL).

FIRE DRILLS
Fire drills are conducted with the suggestions from the San Antonio Fire Department and in cooperation with the state organization for fire prevention. The drills are a precautionary measure for the safety of the students. Instructions are posted in each room to provide guidance. Students will leave the building in a manner prescribed for each classroom. When an alarm is sounded, all students should immediately leave the room as directed by the teacher and proceed to the designated exit. They should walk in an orderly manner without talking or pushing. When the students reach the safety zone, they should turn and face the building while remaining in line. In case of an obstructed fire drill in which an exit is blocked, the students should then proceed to an alternate exit. In doing so, care should be taken to stay in line. Students will be instructed at their campus as to what signals indicate a fire alarm.

TORNADO/DISASTER DRILLS
Tornado/disaster drills are conducted at the schools for the safety of the students. Strict discipline will be enforced during these drills. During drills, students are to go to a designated area away from windows and doors. Students will be instructed in the proper position after reaching the designated area.

LOCK DOWN DRILLS
Lock-down drills may be conducted to prepare schools for emergency situations when students and staff may be in imminent danger of serious bodily injury. Each campus has a lock-down procedure specific to that campus. This procedure is communicated to appropriate personnel at each campus.

EMERGENCY SCHOOL CLOSINGS
When weather or another emergency makes it necessary to close schools, information on school closings will be communicated through the District parent notification system, broadcast on late night or early morning radio and television.

INSTRUCTIONAL MATERIALS AND SURVEYS
The Board of Trustees has guidelines to ensure that written consent is obtained from the parent/legal guardian entitled to enroll a student to participate in those activities for which the District requires parental consent.

The Protection of Pupil Rights Act sets forth requirements regarding inspection of instructional materials and limitations on surveys and evaluations. These requirements are:
1. Inspection of instructional materials by parents or guardians: All instructional materials, including teacher’s manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of
any applicable program would be available for inspection by the parents or guardians of the children.

2. Limits on survey, analysis, or evaluations: No student shall be required, as part of any applicable program, to submit to a survey, analysis, or evaluation that reveals information concerning:
   a. Political affiliations or beliefs of the student or student’s parents;
   b. Mental and psychological problems potentially embarrassing to the student or his family;
   c. Sex behavior and attitudes;
   d. Illegal, anti-social, self-incriminating and demeaning behavior;
   e. Critical appraisals of other individuals with whom respondents have close family relationships;
   f. Legally recognized privileged relationships, such as those of lawyers, doctors, and ministers;
   g. Income, other than that required by law to determine eligibility for participation in a program to receive financial assistance under such program;
   h. Religious beliefs, affiliations, or beliefs of the student or student’s parents; or
   Other matters that of a personal or family nature without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an un-emancipated minor, without the prior written consent of the parent.

MUTUAL RESPECT OF RIGHTS
Members of the SAISD community must respect the rights of each other. SAISD officials, teachers, parents, and students will not retaliate, intimidate, interrogate or harass any other member of the District community for exercising their rights.

NONDISCRIMINATION POLICY
It is the policy of San Antonio Independent School District not to discriminate on the basis of race, religion, color, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended, Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

1. San Antonio Independent School District will take steps to assure that the lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.
2. For information about your rights or grievance procedures, you may contact the following people:
   a. Allegations of discrimination on the basis of sex or allegations of sexual harassment: Title IX Coordinator, Sylvia Rendon, Director of Student Services/Guidance and Counseling, at 406 Barrera, San Antonio, TX 78210, (210) 223-1506; or
   b. Allegations of discrimination because of a disability: Dyslexia Coordinator and Section 504 Supervisor, Leticia Carrasco. She may be contacted at 406 Barrera, San Antonio, TX 78210, (210) 354-3635.

PARENTAL CONSENT
SAISD requires consent for certain activities. An employee of the District must obtain the written consent of a child’s parent before the employee may:
1. Conduct a psychological examination, test, or treatment, unless the examination, test, or treatment is required under Texas Education Code Section 38.004 or state or federal law regarding requirements for special education.
2. Make or authorize the making of a videotape of a child or record or authorize the recording of a child’s voice.

An employee is not required to obtain the consent of a child’s parent before the employee may make a videotape of a child or authorize the recording of a child’s voice if the videotape or voice recording is to be used only for:
1. Purposes of safety, including the maintenance of order and discipline in common areas of the school or on school buses;
2. A purpose related to a co-curricular or extracurricular activity;
3. A purpose related to regular classroom instruction; or
4. Media coverage of the school.

The District shall obtain parental consent to display your child’s artwork, special projects, photographs taken by your child, and the like on the District’s Web site, in printed material, by video, or by any other method of mass communication.

SAISD policy requires that the School District shall obtain, and keep as part of the student’s permanent record, written consent of the parent or legal guardian if required by law. The consent form shall include specific information on the content of the program and the types of activities in which the student is involved.

PARENTAL RIGHTS
1. Parents may by written petition either request the assignment or transfer of their child(ren) to a designated school or to a school to be designated by the board, and file an objection to the assignment of their child(ren) to the school to which the student has been assigned. A parent is entitled to petition the board, pursuant to Administrative Procedure, designating the school in the District that the parent’s child will attend;
2. Parents are allowed reasonable access to the school principal, or a designated administrator, with the authority to reassign a student, or to request a change in the class or teacher to which their child(ren) has/have been assigned;
3. Parents may request:
   a. the addition of an academic class to their child’s curriculum in keeping with the required curriculum (there must also be sufficient interest shown to make it economically practical to offer the class),
   b. that their child(ren) be allowed to attend a class for credit above their child(ren)’s grade level (unless a representative of the Board of Trustees expects that the child cannot perform satisfactorily in the class),
   c. that their child(ren) be allowed to graduate from high school earlier than the child(ren) would have graduated (provided that their child(ren) has/have completed all graduation requirements), and
   d. to have a child who graduates early, as provided above, participate in graduation ceremonies at the time the child graduates.

(The decision of the Board of Trustees concerning a request described in 2 or 3 is final and may not be appealed.)
4. Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential education records. Release is restricted to:
a. Parents, whether married, separated, or divorced- unless the school is given a court order terminating parental rights. Federal law requires that, as soon as a student becomes 18 or is emancipated by a court, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes.

b. Records accessible by a parent include: Test scores, grades, disciplinary records, counseling records, psychological records, applications for admission, health and immunization information, teacher and counselor evaluations; and reports of behavioral patterns. Parents must follow procedures under Student Records to request access to those records.

5. Parents may have access to a copy of each published state assessment instrument administered under Texas Education Code Section 39.023 to their child(ren);

6. Parents may have the opportunity to review:
   a. All teaching materials, textbooks, and other teaching aids used in the classroom of their child(ren);
   b. Each test administered to their child(ren), after the test has been administered;

7. Parents may have access to any meeting of the San Antonio Independent School District Board of Trustees, except those meetings that are closed to the public under the provisions of the Texas Open Meetings Act;

8. Parents may receive full information regarding school activities of their child(ren), unless the District is directed otherwise in the course of a law enforcement investigation into child abuse.

9. A parent may remove their child(ren) temporarily from a class or other school activity that conflicts with the parent’s religious or moral beliefs provided that the parent present or deliver to their child(ren)’s teacher a written statement authorizing the removal of their child(ren) from the class or other activity. This right does not allow the parent to remove their child(ren) from a class or other school activity to avoid a test or to prevent their child(ren) from taking a subject for an entire semester. *These rights are set forth in the Texas Education Code, Sections 25.033 and 26.001 to 26.012.*

10. Parents of children receiving special education services receive a Procedural Safeguards pamphlet that describes their rights and due process.

11. To request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the state flag, the request must be in writing. State law does not allow your child to be excused from participation in the required moment of silence or silent activity that follows.

12. To request that your child be excused from reciting a portion of the text of the Declaration of Independence during Celebrate Freedom Week, the request must be in writing. State law requires the recitation as part of social studies classes in grades 3-12 unless (1) you provide a written statement requesting that your child be excused and (2) the District determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity.

13. As a parent, you also have the right to receive notice and opt your child out of participating in:
   a. Any survey concerning private information as listed in the Instructional Materials and Survey section.
   b. School activities involving collection, disclosure, or use of personal information collected from your child for the purpose of marketing or selling that information.
   Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, scoliosis, or Acanthosis screenings, or any physical exam or screening permitted or required under state law. See policies EF and FFAA.

14. Not later than the 14th days after the first day of enrollment, the parent of multiple birth siblings may request in writing that the school place the siblings in the same or separate classrooms. A parent’s request will be honored unless it requires school to add an additional class to the grade level. However, the principal may change the classroom after the first grading period if after consultation with the teacher of each classroom the placement is deemed “disruptive to the school.” This right does not affect the decision of Admissions, Review, and Dismissal Committee regarding placement under federal special education laws or the teacher’s right to remove student under state disciplinary laws. For more information regarding this option, contact the campus principal.

**SCHOOL FACILITIES**  
**Pest Control Information**  
In accordance with Board policy and the Texas Structural Pest Control Act, Article 135b-6, the San Antonio Independent School District hereby notifies parents, guardians, and managing conservators of students that pesticides are periodically applied at District facilities and that information about the application of pesticides is available upon request through the school principal.

**Asbestos Management Plan**  
As required by Environmental Protection Agency regulation 40 CFR Part 763.93, the San Antonio Independent School District hereby notifies parents, guardians, and managing conservators of students that an Asbestos Management Plan is available for review through the administrative office of each school. Plans will be maintained in the professional collection section of each campus library. Periodic inspections of school buildings containing asbestos are made every six months, and re-inspections are made at least once every three years.

**DATING VIOLENCE**  
The District has a dating violence policy that includes the intentional use of physical, sexual, verbal, or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship (as defined in Family Code 71.0021) and addresses safety planning and enforcement of protective order, school-based alternatives to protective orders, training for teachers and administrators, counseling for affected students, and awareness education for students and parents. See a school counselor for more information regarding dating violence.

**SEXUAL HARASSMENT COMPLAINTS**  
A parent or a student that has any concerns about possible sexual harassment, the parent or student should first speak with the principal or Title IX Coordinator about the situation. The District has designated the following individual as Title IX Coordinator to
comply with Title IX of the Education Amendments of 1972, which pertains to sexual discrimination claims: Sylvia Rendon, Director of Guidance and Counseling, 406 Barrera, San Antonio, TX 78210, (210) 223-1506.

STUDENT ASSISTANCE OPTIONS AND REQUIREMENTS FOR LEARNING DIFFICULTIES
If your child is experiencing learning difficulties, the parent/legal guardian may contact the person listed below to learn about the District’s overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensator, and other support services that are available to all students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the District must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The District must complete the evaluation and the report within 60 calendar days from the date of the District receiving the written consent. The District must give a copy of the report to the parent.

If the District determines that the evaluation is not needed, the District will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights if they disagree with the District. Additionally, the notice will inform the parent how to obtain a copy of the Notice Of Procedural Safeguards-Rights of Parents of Students with Disabilities.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is your child’s school counselor or Vangie Aguileria, Executive Director of Special Education at 225-2406.

EXTRACURRICULAR ACTIVITIES, CLUBS, ORGANIZATIONS, AND HONORARY PRIVILEGES
Participation in school and school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students. Participation in extracurricular or school-related activities/events is an honorary privilege. The privilege to participate is granted by the school or district and participation may be denied based upon student violations of any rules, procedures, or policies of the district. Honorary privileges are granted for school activities such as, but not limited to prom, graduation ceremonies, senior trips, non-instructional field trips, etc. In addition, participation in school clubs and organizations, which are not governed by UIL, require parent permission. Many of the activities are governed by the University Interscholastic League (UIL) – a statewide association of participating districts. However, eligibility for participation in many of these activities is also governed by state law, District policies, student code of conduct, as well as UIL rules. Please note: some organizations and performing groups, such as the drill team or pep squad, may establish and enforce standards of behavior – including consequences for misbehavior that are stricter than those for students in general or provided in the SAISD Student Code of Conduct (for instance, merits and demerits may be established). Such standards of behavior are hereby recognized and approved by the District. If a violation is also a violation of school rules, the consequences specified by the SAISD Student Code of Conduct, by local procedure, or policy will apply in addition to any consequences by the organization. All such behavior codes are approved by the Superintendent and Board of Trustees. Parents may consult with the sponsor or principal when questions arise.

FOOD SERVICES
At registration or on the first day of school, each parent must provide income information on the Federal Lunch Program Application form in order to determine qualifying status for the federal breakfast and lunch program. All meals and snacks provided by the District will comply with the Foods of Minimal Nutritional Value guidelines required by the Department of Agriculture and policy CO. For further information regarding the guidelines, please contact your campus principal.

PARENTAL INVOLVEMENT/VOLUNTEERS/MENTORS
Both experience and research tell us that a child’s education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. Your involvement in this partnership may include:
- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects, comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child’s school activities and with the academic programs. If your child is entering ninth grade, review the requirements of the graduation programs with your child. Monitor your child’s academic progress and contact teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed.
- Becoming a school volunteer. School volunteers receive a volunteer handbook that outline numerous ways you can volunteer at a campus. All volunteers must complete a Criminal History Background Check. The volunteer forms are available through the school office. (See policy GKG.)
- Participating in the campus parent organization(s).
- Serving as a parent representative on the District-level or campus-level planning committees assisting in the development of educational goals and plans to improve student achievement. For more information see the section on Site-Based Decision Making in this handbook. (See policies BQA and BQB.)
- Serving on the School Health Advisory Council that assists the District in ensuring local community values are reflected in health education instruction. This committee met six times in the 2007-2008 school year. For more information review the information in the Health and Medical Section of the Student/Parent Handbook. (See policies BDF and EHAA.)
- Participating in specific outside organizations that focus on parent involvement that are approved by the District, such as San Antonio Fighting Back, United Way Mappers, etc.

SCHOOL PARTIES, CELEBRATIONS, AND DELIVERIES
There are three designated months in which campuses may select to have school or class parties. The three months are October, December, and June. The guidelines for providing refreshments on these three designated dates include:
- All snacks/refreshments shall be store bought.
- All snacks/refreshments shall be individually wrapped or packaged.
- Snacks/refreshments that do not meet nutrition guidelines may only be provided on the three designated school celebration days.

In order to honor instructional time and to minimize classroom interruptions, we request that student deliveries of items such as flowers, cookie bouquets, etc. not be made to campuses.

SITE-BASED DECISION-MAKING
District policies, in response to legal mandates, establish teams at the overall District level and the campus level to act in an advisory capacity on educational goals and objectives.

Campus Leadership Team (CLT)
Every school has a Campus Leadership Team (CLT) that is composed of parents, community and business representatives, classroom teachers, other professional, paraprofessional, and classified staff members, and students (grades four and above). The CLT meets regularly and serves as an advisory group to the principal on matters related to development of the Campus Improvement Plan - planning, budgeting, staffing patterns, curriculum, and organization. Although employees are elected to the CLT, parents, students, and community and business members are drawn from the names of those who volunteer to serve. Parents also have an opportunity to serve on the Area Leadership Team and the District Leadership Team as a parent representative from the Campus Leadership Team. Parents are encouraged to contact the principal for information about involvement in the CLT.

STUDENT EDUCATIONAL RECORDS
Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential education records. Release is restricted to:

a. Parents, whether married, separated, or divorced- unless the school is given a court order terminating parental rights. Federal law requires that, as soon as a student becomes 18 or is emancipated by a court, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes.

b. District staff members who have what federal law refers to as "legitimate educational interest" in a student’s records. “Legitimate educational interest” in a student’s records includes working with the student: considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities, compiling statistical data; or investigating or evaluating programs. Such persons would include school officials, school staff members, or an agent of the district or working on behalf of the district. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

c. Various governmental agencies.

d. Individuals granted access in response to a subpoena or court order.

e. A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she subsequently enrolls.

Release to any other person or agency- such as a prospective employer or for a scholarship application- will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. Records may be inspected by a parent or eligible student during regular school hours. If circumstances prevent inspection during these hours, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records.

A parent (or eligible student) may inspect the student’s records and request a correction if the records are considered inaccurate or otherwise in violation of the student’s privacy rights. If the district refuses the request to amend the records, the requestor has a right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student’s record. Although improperly recorded grades may be challenged, contesting a student’s grade in a course is handled through the general complaint process found in policy FNG (LOCAL).

Copies of student records are available at a cost of ten cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

Parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue S.W., Washington, DC 20202-4605.

VEHICLES ON CAMPUS
Student vehicles parked on school property are under the jurisdiction of the school. The school may search any vehicle any time there is reasonable cause to believe that the vehicle contains articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their vehicles parked on school property. (See Section III of the SAISD Student Code of Conduct).
A student has full responsibility for the security of his or her vehicle and must make certain that it is locked and that the keys are not given to others. The District is not responsible for damaged or stolen vehicles. Additionally, a person who violates a district rule providing for the operation and parking of vehicles on school property can be charged with a Class C misdemeanor.

**VIDEO CAMERAS**
For safety purposes, video/audio equipment may be used to monitor student behavior on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal/designee will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the *Student Code of Conduct*. Video/audio tapes are subject to release or viewing in compliance with Family and Educational Rights and Privacy Act.

**VISITORS**
To maintain the safety and security of the campus for the students and staff, the District requires that all visitors, including parents, first report to the main office where they will be asked to sign in, declare their purpose for the visit, and obtain authorization for the visit. School officials shall prohibit and, if appropriate, remove any unauthorized person from the campus.

Visits to classrooms during instructional time are permitted only with approval of the principal/designee and teacher, so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Visits to other areas, such as the cafeteria during lunch, are also subject to approval by the principal/designee, and visitors are required to report to the main office to sign in and receive authorization prior to entering these areas. At the conclusion of the visit, the visitors must return to the main office and sign out.

**WAIVER OF FEES/FINES**
If a student and his/her parent can present evidence of inability to pay a fee or deposit required by the school, the student and parent must present this evidence to the principal for consideration of a fee waiver. Upon receipt by the District of reliable proof that a student and parent are unable to pay, the principal shall waive the fee, fine or deposit. [Board policy FP (LOCAL)]
SECTION V: STUDENTS’ RIGHTS AND RESPONSIBILITIES

STUDENT PUBLICATIONS OR MATERIALS

School-Sponsored Publications
The District’s professional employees shall exercise editorial control over style and content of student speech in school-sponsored expressive activities, so long as their actions are reasonably related to legitimate pedagogical concerns. The District may refuse to disseminate or sponsor student writings or speech that:
1. Might reasonably be perceived to advocate drug or alcohol use, inappropriate and irresponsible sexual behavior, or conduct otherwise inconsistent with the shared values of a civilized social order.
2. Is inappropriate for the level of maturity of the listeners and readers.
3. Does not meet the standards of the professional employees who supervise the production of the publication.
4. Can be reasonably interpreted to associate the school with any position other than neutrality on matters of political controversy.

Non-School Publications
The District's classrooms during the school day are provided for the limited purpose of delivering instruction to students in the courses and subjects in which they are enrolled. Classrooms shall not be used for distribution of any materials over which the school does not exercise control. Hallways in school buildings are provided for the limited purpose of facilitating the movement of students between classes and allowing access to assigned lockers. Hallways shall not be used for the distribution of any materials over which the school does not exercise control.

Distribution of such materials may be restricted, subject to the following guidelines:
1. Distribution may be limited in order to prevent material and substantial interference with normal school operations in circumstances where there is evidence that reasonably supports a forecast that disruption will likely result directly from the distribution.
2. Reasonable administrative regulations as to the time, place, and manner of distribution shall promote orderly administration of school activities by preventing disruption, but shall not be designed to stifle expression.
3. Content of the non-school-sponsored materials to be distributed shall conform to the following standards:
   a. Materials that are obscene or sexually inappropriate for the age and maturity of the audience or that endorse actions endangering the health and safety of students shall not be distributed.
   b. Material may not be forbidden if the portions or specific language objected to may also be found in material that is made available to students through school facilities, i.e., the school library or readings assigned by teachers.
   c. Libelous material is prohibited for distribution. Libelous material includes defamatory falsehoods about public figures or governmental officials, which are made with knowledge of their falsity or reckless disregard for truth.
   d. Publications that criticize Board members or school officials or advocate violation of school rules are prohibited if they fall within the disruption standard described at item 1 above. Advocacy directed toward inciting or producing imminent lawless or disruptive action and that is likely to incite or produce such action shall be restricted.
   e. Hate literature that attacks ethnic, religious, or racial groups, and similar irresponsible publications aimed at creating hostility and violence, are prohibited if they fall within the disruption standard described at item 1 above.
   f. Materials that promote the illegal use of drugs, alcohol or any other controlled substance.

Prior Review Of Non-School Materials
All written material that is not a District- or school-sponsored publication, but that is intended for distribution to students, shall be submitted for prior review according to the following procedures:
1. Material shall be submitted to the school principal or a designee for review.
2. The principal or a designee shall approve or disapprove submitted material within 48 hours of the time the material is received. Failure to act within the two-day period shall be interpreted as disapproval.
3. The student may appeal disapproval to the Superintendent, who shall decide the appeal within three days of its receipt. Failure of the Superintendent to act within the two-day period shall be interpreted as disapproval.
4. If the request to distribute material was initiated by a student, disapproval may be appealed to the Board under FNG (LOCAL), beginning at Level Four. If the request to distribute material was initiated by someone other than a student, disapproval may be appealed to the Board under GF (LOCAL), beginning at Level Four.

STUDENTS’ RIGHTS AND RESPONSIBILITIES
All students are entitled to enjoy the basic rights of citizenship recognized and protected by law for persons of their age and maturity. Students are expected to respect the rights and privileges of other students, teachers, and District staff. Students shall exercise their rights responsibly, in compliance with rules established for the orderly conduct of the District’s educational mission. Student responsibilities for maintaining a positive learning environment at school or school-related activities include:
1. Treating other students and the adults in the school with courtesy and respect.
2. Accepting responsibility for their actions and behavior and being accountable for the consequences.
3. Actively supporting and assisting the school in maintaining a campus free from drugs, alcohol, weapons, and gang activity, by:
   a. Cooperating with staff in investigations of disciplinary cases and volunteering information within the student's knowledge relating to a serious offense;
   b. Responsibly informing staff of conduct violations by others; and
c. Immediately submitting any prohibited items to staff or informing staff of location of prohibited items immediately upon discovery.

4. Attending all classes regularly and on time.
5. Being prepared for each class with appropriate materials and assignments.
6. Dressing and grooming appropriately as described in this document.
7. Paying debts in a timely manner, unless these are waived.
8. Seeking changes in school policies and regulations in an orderly and responsible manner, through appropriate channels.
9. Respecting the property of others, including District property and facilities.
10. Refraining from violations of the SAISD Student Code of Conduct, and obeying all campus and classroom rules, including safety rules. The District may impose campus or classroom rules in addition to those found in the SAISD Student Code of Conduct. These rules may be listed in the campus student handbook or posted in classrooms, and violations of such rules may or may not constitute violations of the SAISD Student Code of Conduct.
11. Reciting the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag each day is required by Texas law. A minute of silence will follow recitation of the pledges. The student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others.
12. Reciting a quoted portion of the Declaration is required for students in grades 3-12 by the authority of the State Board of Education.
13. Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not require, encourage, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.
14. The District will not treat a student’s otherwise permissible voluntary expression of a religious viewpoint in any other manner than it treats the student’s otherwise permissible expression on a secular or other viewpoint. The administration at each high school campus has information pertaining to the District’s limited public forum policy governing voluntary religious expression.

13. Participation in school and school-related activities is an excellent way to develop talents, receive individual recognition, and build strong friendships with other students. Participation in extracurricular or school-related activities/events is an honorary privilege. The privilege to participate is granted by the school or district and participation may be denied based upon student violations of any rules, procedures, or policies of the district. Honorary privileges are granted for school activities such as, but not limited to prom, graduation ceremonies, senior trips, non-instructional field trips, etc. In addition, participation in school clubs and organizations, which are not governed by UIL, require parent permission. Many of the activities are governed by the University Interscholastic League (UIL) – a statewide association of participating districts. However, eligibility for participation in many of these activities is also governed by state law, District policies, student code of conduct, as well as UIL rules. Please note: some organizations and performing groups, such as the drill team or pep squad, may establish and enforce standards of behavior – including consequences for misbehavior- that are stricter than those for students in general or provided in the SAISD Student Code of Conduct (for instance, merits and demerits may be established). Such standards of behavior are hereby recognized and approved by the District. If a violation is also a violation of school rules, the consequences specified by the SAISD Student Code of Conduct, by local procedure, or policy will apply in addition to any consequences by the organization. All such behavior codes are approved by the Superintendent and Board of Trustees. Parents may consult with the sponsor or principal when questions arise.

STUDENT SPEAKERS
The District has created a limited public forum for student speakers at specific school events, at which a student is to publicly speak. The list of events at each campus shall be made available, by posting or otherwise, to the students attending the campus. Students are eligible if they: are in the highest two grade levels of the school, volunteer and have complied with FNA (LOCAL) policy, and are not in and have never been assigned to an alternative disciplinary placement. Details regarding student speakers may be found in FNA (LOCAL) policy.

VEHICLES ON CAMPUS
Student vehicles parked on school property are under the jurisdiction of the school. The school may search any vehicle any time there is reasonable cause to believe that the vehicle contains articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their vehicles parked on school property. (See Section III of the SAISD Student Code of Conduct).

A student has full responsibility for the security of his or her vehicle and must make certain that it is locked and that the keys are not given to others. The District is not responsible for damaged or stolen vehicles. Additionally, a person who violates a district rule providing for the operation and parking of vehicles on school property can be charged with a Class C misdemeanor.
SECTION VI: DRESS CODE

In General
Students shall be dressed and groomed in a manner that is clean and neat and that will not be a health or safety hazard to themselves or others.

School Uniforms
The Board has determined that the use of school uniforms will improve the learning environment at the District and has adopted the use of student uniforms as specified in the rules. Uniforms are defined in this policy as one or more specific kinds of articles of clothing, commonly available at a variety of retail outlets, which are required to be worn by students during normal school hours or while attending school-sponsored or school-related activities on or off school property.

Uniforms made up of khaki shorts, skirts, skorts, jumpers, and trousers (including Capri/cropped pants) and white long- and short-sleeved blouses and shirts with collars shall be worn by all students enrolled in each SAISD school, with the exception of the Young Women’s Leadership Academy (see below). In addition, an alternate shirt/blouse that conforms to the uniform standards may be selected by each school. The Young Women’s Leadership Academy shall have a specified uniform as approved in accordance with the guidelines established for the academy.

Uniform Specifications

- Khaki pants (including Capri/cropped pants), shorts, skirts and jumpers must fit well and not be oversized or undersized. Pants and shorts must fit at the waist and must not "sag."
- Uniform pants must be straight-legged, and pockets must be the standard front pockets. No "baggies" or loose-fit pants are permitted. Cargo pants (with pockets on the side of the leg), overalls, bell-bottom, or wide-leg styles are not uniform pants and are not permitted.
- Shorts, skirts and skorts must be no shorter than three inches above the knee. For enforcement purposes, pockets on shorts, skirts, or skorts must also be standard front pockets; no "cargo" styles are permitted. Also, to be considered shorts rather than pants, the length cannot extend below the knee.
- No manufacturers’ logos or brand names may be visible. If visible when purchased, they must be removed.
- No visible drawstrings on pants (including Capri/cropped pants), shorts, or skorts.
- All clothing must be hemmed. No cut-offs or rolled-up cuffs. Cuffs must be tailored and tacked/sewn at the seams.
- Shirts must fit well and not be oversized or undersized. Shirts must have collars, and may be polo-style or dress-style.
- All shirts must be tucked in, except for those with a wide (approximately three-inch) band at the bottom that are meant to be worn out.

Students wearing uniforms and uniform components must also conform to the other dress code requirements stated below.

DRESS CODE

- Skirts, dresses, jumpers, shorts and skorts must be no shorter than three inches above the knee.
- Appropriate footwear must be worn; footwear which has toes reinforced with steel, hard plastics or similar materials is specifically prohibited, as are thongs, beach sandals or other open-toed shoes that do not have straps to secure them.
- Unconventional colors or hairstyles (e.g., Mohawks, spiked hair or designs) causing distractions are not permitted.
- Headwear shall not be worn in buildings. For enforcement purposes, headwear worn as legitimate religious attire may be considered as an exception following a conference with the principal.
- Any clothes that are suggestive or indecent or which cause distraction are prohibited. Specifically, tank tops, muscle shirts, halter-tops, spaghetti straps, exposed backs or midriffs, and see-through garments without a shell or shirt worn under the garments are prohibited.
- Indecent/inappropriate patches, writings, or drawings on clothing or body are prohibited. Clothing with inappropriate advertising or announcements that are lewd, offensive, vulgar, obscene or inflammatory (e.g., alcoholic beverages, sex, tobacco, drugs, gangs, etc.) are also prohibited.
- Oversized clothing shall not be worn to school. Specifically, "bagging" or "sagging" pants are prohibited. All pants are to be worn at the waist. Tight-fitting pants (e.g., tights, bicycle pants, Spandex) are also prohibited. Extra-long belts are prohibited. Belts must be put through the belt loops on the pants.
- All shirts, including any type of jersey, must be tucked in at all times. Sweatshirts, sweaters, shirts or blouses designed to be worn out are the only exceptions.
- Dangling key rings and chains will not be permitted. This includes chains attached to wallets, footwear and backpacks.
- Visible body piercing jewelry is prohibited, except for ear piercing.
- No gang-related attire will be permitted. This will be designated by individual campuses. For enforcement purposes, gang-related attire may be identified by specific colors. Principals shall work with SAISD Police to identify gang-related attire and shall communicate to students and parents what attire is considered gang-related in the school and community to prevent these violations.

These rules apply to all SAISD campuses and facilities and to any locations off-campus where SAISD students are receiving classroom instruction (e.g., official class field trips, internships, or other programs hosted at facilities other than SAISD).

Extracurricular Activities
The principal, in cooperation with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity. Students who violate dress and grooming standards established
for such an activity may be removed or excluded from the activity for a period determined by the principal or sponsor and may be subject to other disciplinary action. [FNCA (LOCAL)].

**Dress for Special Occasion Days**
The principal has the authority to allow all or part of the student body to vary from the uniform and establish a particular mode of attire for special occasion days or for particular school-sponsored or school-related activities.

**Uniform Options for Outerwear**
Cold classroom and cold weather clothing must support the SAISD uniform policy by:
1. Providing the necessary warmth;
2. Maintaining visibility of the required uniform components;
3. Allowing students flexibility to add or remove an extra article of clothing (layering);
4. Complementing the required uniform components and being neat and clean;
5. Being the correct size (not oversized);
6. Complying with specific school guidelines addressing gang-related attire as determined by the principal;
7. Being appropriate to wear in a classroom for an entire school day;
8. Allowing flexibility for extreme weather conditions; and
9. Maintaining school safety – long coats extending below mid-thigh, including but not limited to trench coats, shall not be permitted.

**Exemptions**
A parent or guardian who requests that a child be exempted from the uniform requirement must submit a written statement that explains a religious or philosophical objection to the uniform requirement. Each campus shall provide forms for this purpose (Form F28-A). District or campus personnel shall not discriminate against any student who has been exempted from the mandatory use of uniforms because of religious or philosophical objections.

**Uniform Assistance Program**
Uniform assistance will be provided for families that qualify. For information, contact the school principal or designee.

**Dress Code Violations**
If the principal determines that a student's grooming or clothing violates the dress code, the student shall be given an opportunity to correct the problem at school if the occurrence is the first or second offense during the school year. If not corrected, or if the violation is a third offense within the school year, the student shall be assigned appropriate discipline consequences as determined by the principal. Repeated dress code offenses may result in more serious disciplinary action, and may constitute a Level I or Level II offense. Appropriate discipline procedures shall be followed in all cases. [FNCA (LOCAL)].

**VALUABLE/PERSONAL ITEMS**
Students are responsible for their own personal belongings while on campus or a school-related or school-sponsored event. Students are discouraged from bringing or wearing valuable items such as jewelry/watches, cameras, cell phones, ipods, MP3 players, other electronic devices, expensive jackets or clothing, etc. SAISD is not responsible for personal items that are lost, damaged, or stolen.
SECTION VII: STUDENT CODE OF CONDUCT

To promote and maintain a safe environment for students and adults, and to provide an appropriate environment for the educational process, the San Antonio Independent School District has adopted this SAISD Student Code of Conduct. The District recognizes that the foundation of an orderly and positive environment is a climate of mutual respect for the rights of all persons. To that end, all members of the learning community – students, parents, and District employees – are expected to treat all persons with the respect, dignity, good manners and civility demanded of a civilized nation.

A – JURISDICTION AND AUTHORITY

JURISDICTION/AUTHORITY
This Code of Conduct applies to all students in the San Antonio Independent School District, regardless of age or grade level, and regardless of whether a student commits an offense on his/her home campus, on another SAISD campus, or away from any SAISD campus while at a school-related function. The District has jurisdiction over its students, for discipline purposes, during the regular school day, during lunch (whether on or off school campus), and while students are going to and from school (regardless of mode of transportation). The District's authority includes any activity during the school day on school grounds, attendance at any school-related activity, regardless of time or location, and any school-related misconduct, regardless of time or location. The District also has jurisdiction if a student remains on campus to participate in an after-school program, even if SAISD is not responsible for the operation of that program (e.g., Challenge program, YMCA, etc.). In addition, the District has jurisdiction over a student when retaliation against a school employee is involved, either on or off school property, or when a student commits a felony as provided by Texas Education Code Section 37.006 or 37.0081, or when criminal mischief is committed on or off school property or at a school-related event or when a student is required to register as a sex offender. Students shall comply with the SAISD Student Code of Conduct at all times while they are under the jurisdiction of the School District. Students who violate the rights of others or who violate District or school rules shall be subject to disciplinary measures designed to correct the misconduct and to promote adherence by all students to the responsibilities of citizens in the school community.

PUBLICATION AND AUTHORITY OF SAISD STUDENT CODE OF CONDUCT
The SAISD Student Code of Conduct is designed to be in harmony with Board policy and Texas and federal laws. Changes in policy or law that affect this document will supersede the provisions found in this code. Any changes affecting the Code of Conduct will usually be communicated by newsletters and other communications to students and parents. Once the SAISD Student Code of Conduct is promulgated, any subsequent changes or amendments must be approved by the SAISD Board of Trustees.

POSTING AND DISTRIBUTION OF SAISD STUDENT CODE OF CONDUCT
The SAISD Student Code of Conduct shall be made available for review on the District web site. SAISD students may request a copy of this SAISD Parent-Student Handbook, which includes the SAISD Student Code of Conduct, at the beginning of the school year. The SAISD Student Code of Conduct is be provided to all teachers, new professional employees, students who are enrolled after the beginning of the school year, any parent, and any other person upon request. Each student, teacher, and parent annually is expected to sign a statement that they have read and have access to the SAISD Student Code of Conduct and acknowledge the rules and responsibilities outlined therein.

B – INAPPROPRIATE BEHAVIOR

LEGAL REQUIREMENTS
When a student commits an offense, the student is subject to disciplinary action by school officials. Texas law requires schools to report certain administrative actions taken against students for violations of the Student Code of Conduct. The code numbers for the offenses correspond to offense code numbers that school personnel submit to the Texas Education Agency for this purpose (please note that some codes are intentionally not used).

In addition, the student may also be subject to arrest and criminal prosecution for certain offenses. When administration determines that a student may have committed a criminal offense, the school official shall notify law enforcement officers because Texas law requires schools to refer students to other governmental agencies and law enforcement officials when they commit certain offenses.

TEACHER REPORTS AND PARENT NOTIFICATION
When a teacher believes that a student has committed a violation of this Student Code of Conduct, the teacher is required by Texas law to submit a written description of the student’s actions to the principal/administrator. The principal/administrator is then required to provide the parent with a copy of this written description. The report is an allegation that the student may have committed one or more of the following specific offenses, and it forms the basis for the administrator’s investigation, which may lead to disciplinary action against the student.

TRANSPORTATION RULES
Students are to follow these general rules when they are on school buses or other public transportation (e.g., VIA buses) which may carry students to and from school:
1. Follow the driver's instructions at all times.
2. Do not engage in any conduct that may distract or harm the driver, or otherwise cause the driver to be unable to operate the vehicle safely.
3. Board and leave the bus in an orderly manner at the designated bus stop.
4. Remain seated when the bus is in motion. Utilize seat bests if they are available on the bus.
5. Keep books, band instrument cases, feet, and other objects out of the aisle of the bus.
6. Keep the vehicle clean; do not deface or vandalize the bus and/or its equipment.
7. Maintain safety near windows: do not extend head, hand, arm, or leg out of the window nor hold any object out of the window.
8. Do not throw any objects within or out of the bus.
9. Upon leaving the bus, use caution before crossing streets.
10. Comply with all other behavior expectations in the SAISD Student Code of Conduct.

**Bus Behavior Violations**

Violations may result in the withdrawal or restriction of bus privileges or other disciplinary consequences as listed in this SAISD Student Code of Conduct. Note: A change in transportation services for a student with a disability requires ARD committee action; a change in transportation services for Section 504 students requires Section 504 committee action. For further information, contact the District’s Transportation Department at (210) 223-9792.

**LEVEL I – Serious Offenses**

The following offenses are prohibited on District property, at school, or at school-related activities, including on buses or other public transportation that carry students to or from school or activities, and may be punishable by suspension, in-school suspension, detention, Saturday school, assignment of school duties other than class tasks, withdrawal of extracurricular or honorary privileges, or any other discipline management techniques listed in Section C of this Code, as determined by the campus principal. Students who commit serious offenses will be assessed discipline penalties commensurate with the offense. In some cases, the offenses in this section may also meet the definition of conduct which warrants more severe discipline, Disciplinary Alternative Education Program (DAEP) placement, or expulsion. If this occurs, the offense in question is elevated to a Level III or IV offense.

**LEVEL II – Major Offenses**

The following actions are so objectionable that they are termed “major offenses.” These offenses are prohibited on District property, at school or at school-related activities, including on buses or other public transportation that carry students to or from school or activities, and are punishable by suspension, detention, in-school suspension, Saturday school, assignment of duties other than class tasks, withdrawal of extracurricular or honorary privileges, or any other discipline management techniques listed in Section C of this Code, as determined by the campus principal. These offenses are considered to be more offensive than Level I – Serious Offenses. Thus, in most cases, the offenses listed in this section will warrant greater consequences than those listed in the Level I – Serious Offenses section. (Example: major offenses should warrant a greater number of days spent in in-school suspension than serious offenses). In some cases, the offenses listed in this section may also meet the definition of conduct that warrants DAEP placement (Level III) or expulsion (Level IV). If this occurs, the offense in question is elevated to a Level III or IV offense, and the campus administration may consider DAEP placement or expulsion, as warranted.

Appeal:
Placement Review After One Semester
Students Under Court Supervision

Each school year, the placement committee must meet and make its determination and recommendation again. If a student who is not under any form of court supervision, including probation, community supervision, or parole, is not in the best interests of the district's students. If the student is under any form of court supervision, including probation, community supervision, or parole, must be placed for at least one semester in a disciplinary alternative education program or the district's juvenile justice alternative education program. If a student under court supervision is placed in the disciplinary alternative education program or the district's juvenile justice alternative education program and transfers, the student may be required to complete an additional semester in an alternative placement in the new school district without a committee conducting a placement review as described below or the enrolling district may count the time spent by the student in the former district toward the required placement time.

Students Who Are Registered Sex Offenders

Upon receipt of notification that a student is a registered sex offender, a decision regarding the placement of the student into a disciplinary alternative education program or the district’s juvenile justice alternative education program will be made according to the following guidelines:

The placement decision will be based upon whether the student is a registered sex offender. Students who are no longer required to register as a sex offender; or who receive early termination of the obligation to register are not considered registered sex offenders. Placement into an alternative disciplinary program under this section supersedes all other legal provisions pertaining to alternative disciplinary placement. Additionally, students who are placed in an alternative setting under this provision must still maintain and comply with any other court ordered requirements relating to sex offender registrant status.

Students Under Court Supervision: A student who is under any form of court supervision, including probation, community supervision, or parole, must be placed for at least one semester in a disciplinary alternative education program or the district’s juvenile justice alternative education program. If a student under court supervision is placed in the disciplinary alternative education program or the district’s juvenile justice alternative education program and transfers, the student may be required to complete an additional semester in an alternative placement in the new school district without a committee conducting a placement review as described below or the enrolling district may count the time spent by the student in the former district toward the required placement time.

Students Who Are Not Under Court Supervision: A student who is not under any form of court supervision, may be placed in a disciplinary program or in the regular classroom unless the board’s designee determines that the student’s presence threatens the safety of other students or teachers; will be detrimental to the educational process; or is not in the best interests of the district’s students.

Placement Review After One Semester: A committee must be convened after the student is placed for one semester to review the student’s placement. The committee must be composed of (1) a classroom teacher from the campus to which the student would be assigned were the student not in the alternative program; (2) the student’s parole or probation officer or a representative of the local juvenile probation department; (3) an instructor from the alternative education program to which the student is assigned; (4) a school district designee selected by the board or its designee; and (5) a counselor employed by the school district. The committee must vote to determine whether the student should remain in the alternative setting or be returned to the regular classroom. The recommendation must then be made to the board or its designee. The Board of Trustees must honor the committee recommendation unless one of the following: recommended regular classroom placement but board’s designee determines that the student’s presence threatens the safety of other students or teachers; will be detrimental to the educational process; or is not in the best interests of the district’s students OR recommended continued alternative setting but the board’s designee determines that the student’s presence threatens the safety of other students or teachers; will not be detrimental to the educational process; or is not contrary to the best interests of the district’s students. If the recommendation is to continue the alternative setting and the board determines that this will occur then before the beginning of each school year, the placement committee must meet and make its determination and recommendation again.

Student Receiving Special Education Services: A placement for a student with a disability receiving special education services must be made in compliance with IDEA (20 USC § 1400 et seq.). If a student receiving special education services is placed into an alternative setting for more than one semester, the placement review as described above must be made by the student’s Admissions, Review, and Dismissal (ARD) Committee. The ARD Committee can request that a placement committee with the members described be convened in order to assist them in conducting the placement review.

Appeal: A student or parent or guardian may appeal a placement as a registered sex offender by requesting a conference among the board or its designee, the parents or guardian and the student. This conference will be limited to the factual question of whether the student is required to register as a sex offender under Ch. 62 of the Code of Criminal Procedure. If the determination is made that student is required to register as a sex offender, the student is subject to placement in an alternative education program. The decision made by the board of trustees or its designee is final and may not be appealed.
STUDENT ACCEPTABLE USE POLICY (AUP) FOR THE ELECTRONIC COMMUNICATION SYSTEM

The San Antonio ISD has established a District-wide electronic communications system to facilitate the educational process. Along with this resource are associated responsibilities. Though all training in the use of the District’s telecommunications network emphasizes the ethical use of this resource, it is possible that your child may come across some materials you might find unacceptable. While the District takes reasonable steps to prevent access to such material through electronic filtering and classroom management, it is not possible for the District to guarantee that it can completely prevent such access. The rules below are for appropriate use and are expected to be followed at all times while accessing the District’s electronic communications system. Students are expected to:

Safety of Self and Others
• Report to their teachers or other school personnel any message received that is inappropriate or makes them uncomfortable;
• Not reveal personal information about themselves or others;
• Not agree to meet with someone they met online without parental knowledge and participation;
• Not use the system to threaten others;
• Use appropriate language for the educational environment and for the educational activity in which they are currently involved (no swearing, vulgarity, ethnic or racial slurs, or any other inflammatory or threatening language);
• Not transmit or send obscene pictures or messages; or
• Not participate in cyber-bullying.

Access and Uses
• Not send messages under a false identity;
• Not access e-mail, files, and/or other documents of other users without permission;
• Not access websites that contain inappropriate or illegal material, including those that contain content that is pornographic or sexual in nature, from any computer or other technological device on school property;
• Not use the internet for financial gain, political or commercial activity; or
• Not use the system for purchasing products or services.

Copyright Laws
• Will comply and be aware of all copyright laws and follow the copyright laws.

Illegal Activities
• Not use the system for illegal purposes or any other activity prohibited by District policy.

System Security
• Not attempt to harm equipment, materials, or data;
• Not knowingly infect a computer or network with a virus;
• Not knowingly disrupt the network;
• Not provide passwords to other users; and
• Always report any violations of the SAISD Acceptable Use Guidelines to a teacher or administrator.

Respect for System Limitations
• Not download large files unless absolutely necessary.

C – CONSEQUENCES OF INAPPROPRIATE CONDUCT

DISCIPLINE MANAGEMENT TECHNIQUES

Discipline management techniques are always available when assessing penalties for violations of the SAISD Student Code of Conduct, regardless of the offense, except as otherwise required by law. Discipline management techniques may include:
1. Seating changes in the classroom.
2. Reassignment to another classroom.
3. Counseling by teachers, counselors, special services, or administrative personnel.
5. Cooling-off or time-out.
7. Participation in peer conflict resolution proceedings.
8. Assigned school duties other than class tasks.
9. Verbal correction.
10. Withdrawal of privileges, including, but not limited to, participation in extracurricular activities and eligibility for seeking or holding honorary positions.
11. Sending the student to the office or other assigned areas.
12. Detention.
13. School-defined and -imposed probation.
14. Withdrawal of rewards and incentives.
15. Demerits.
16. Referral to outside agency or authority, including school-community programs.
17. Confiscation of items that disrupt the educational process.
18. Fines (for cell phone/electronic devise violations only).
19. Grade reductions as permitted by Board Policies EIA (LOCAL) and FO (LOCAL).
20. Withdrawing or restricting bus privileges.
22. In-school suspension.
24. Disciplinary transfer to another campus, to be determined by the Superintendent’s designee.
25. Removal to a Discipline Alternative Education Program.
27. Age appropriate techniques to address conduct involving bullying, harassment, or making hit lists.

CELL PHONES/ELECTRONIC DEVICES
The use of cell phones and other electronic devices, such as MP3 players is a violation of the Student Code of Conduct. For safety purposes, the district permits students to possess cell phones, however, all cell phones must remain turned off during school hours, including during all testing. The use of cell phones in locker rooms or restroom areas at any time while at school or at a school-related or school-sponsored event is strictly prohibited. Any violations will be in accordance with the Student Code of Conduct and will include the confiscation of the device.

Each school will determine the appropriate set of consequences for cell phone/electronic device violations.
All fine assessments will be in compliance with policy FP.

PHYSICAL RESTRAINT
Any District employee may, within the scope of the employee’s duties, use and apply appropriate physical restraint to a student that the employee reasonably believes is necessary in order to:
1. Protect a person, including the person using physical restraint, from physical injury.
2. Obtain possession of a weapon or other dangerous object.
3. Prevent a student from fleeing when fleeing would put the student or others in danger.
4. Protect property from serious damage.
5. Remove from a specific location a student refusing a lawful command of a school employee, including from a classroom or other school property, in order to restore order or impose disciplinary measures. (However, an employee is not allowed to use physical restraint as a disciplinary measure; corporal punishment is prohibited)
6. Restrain an irrational student.

GENERAL GUIDELINES FOR ASSESSING DISCIPLINE PENALTIES
When imposing discipline, District personnel shall adhere to the following general guidelines:
1. Discipline shall be administered when necessary to protect students, school employees, or property, maintain essential order and discipline, and to teach students proper conduct.
2. Students shall be treated fairly and equitably. Discipline and the length of removal or expulsion shall be based on a careful assessment of the circumstances of each case. Factors to consider shall include:
   a. Seriousness of the offense;
   b. Self defense;
   c. Student’s age;
   d. Grade level;
   e. Student’s disciplinary history;
   f. Student’s conduct;
   g. Intent or lack of intent at the time the student engaged in the conduct;
   h. Student’s attitude;
   i. Potential effect of the misconduct on the school environment;
   j. Statutory requirements; and
   k. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct
3. Each disabled student’s Individual Education Plan (IEP)/ Individual Accommodation Plan (IAP) shall address the student’s specialized needs on discipline, including which of the discipline management techniques can appropriately be used with the student.
4. A student enrolled in a special education program under Subchapter A, Chapter 29, Texas Education Code, may not be disciplined for conduct involving bullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct.

Because of these factors, discipline for a particular offense (unless otherwise specified by law) may bring into consideration varying techniques and responses. Generally, academic sanctions shall not be used as discipline. However, when the disciplinary infraction is academically related, such as cheating or plagiarism, academic sanctions determined by the teacher may be imposed.

Credit During Disciplinary Process
Students shall receive full credit for assignments completed in a DAEP, including in-school suspension or on-campus intervention.

Students suspended from school are entitled to make up assignments or tests, regardless of the reason for the suspension. Teachers are to inform students of the time allotted for completion of the work. Students are responsible for obtaining the assignments and completing the work within the time allotted, and students are allowed to make up both class work and homework.

Students who are placed in the Bexar County Juvenile Justice Academy following expulsion are eligible to receive credit for course work completed during the placement. Students with disabilities will receive educational services during expulsion as determined by the Admission, Review, and Dismissal (ARD)/Section 504 committee.

DETENTION
For infractions of the Student Code of Conduct or other policies and regulations, teachers may detain students after school hours. Before assigning students to detention, the teacher shall inform the student of the conduct that allegedly constitutes the violation, and the student shall be given an opportunity to explain his or her version of the incident.
When detention is used, notice shall first be given to the student's parent or legal guardian to inform the parent of the reason for the detention and permit arrangements for the necessary transportation of the student. Except in the case of a student who is 18 or older living apart from parents and emancipated minors, the detention shall not begin until the parent has been notified. The student's parent or guardian, if the student is a minor, may be required to provide transportation when the student has been assigned to detention.

IN-SCHOOL SUSPENSION/ON-CAMPUS INTERVENTION

Students may be placed in in-school suspension or on-campus intervention for engaging in any serious [Level I] or major [Level II] offenses as described and set forth in this SAISD Student Code of Conduct. Additionally, students may be placed in in-school suspension or on-campus intervention pending DAEP placement or expulsion.

Before placing a student in in-school suspension or on-campus intervention, the principal or designee shall consider reasonable alternatives, including appropriate discipline management techniques. If the principal or designee determines that in-school suspension or on-campus intervention is the most appropriate alternative, no other disciplinary action need precede the placement in in-school suspension or on-campus intervention.

TEACHER REMOVAL

A teacher may send a student to the principal's office with appropriate documentation in order to maintain effective discipline in the classroom. The principal or designee shall respond by employing appropriate discipline management techniques consistent with this SAISD Student Code of Conduct and local policy.

A teacher may remove from class a student who (1) has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or (2) whose behavior the teacher determines is so unruly, disruptive or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the student's classmates to learn.

The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities.

Conference and Review Requirements for Students Removed from Class

Not later than the third class day after the day in which the student is removed from the class by the teacher under Texas Education Code Section 37.002(b) or (d), or by the principal or other appropriate administrator under Texas Education Code Section 37.006, the principal or other appropriate administrator shall schedule a conference with a parent or guardian of the student, the teacher removing the student from class, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The principal will notify the student of the consequences of the Student Code of Conduct violation. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not all requested parties are in attendance after valid attempts to require their attendance, the principal shall order the placement of the student as provided by Texas Education Code Section 37.002 or 37.006, as applicable, for a period consistent with the SAISD Student Code of Conduct.

A student removed from the regular classroom to in-school suspension, on-campus intervention or another setting, other than DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The District may provide the opportunity by any method available, including correspondence course, distance learning, or summer school.

Students and their parents are encouraged to discuss the option with the teacher or counselor to ensure the student completes all work required for the course or grade level.

Students with disabilities may not be removed in violation of specific IEP/IAP provisions or for more 10 school days in a school year without ARD/ Section 504 Committee approval.

The principal may not return the student to the classroom of the teacher who removed the student without the teacher's consent unless the Placement Review Committee determines that such placement is the best or only alternative available. However, if the teacher removed the student because the student committed assault with bodily injury, aggravated assault, sexual assault, or aggravated sexual assault against the teacher, the student may not be returned without the teacher's consent.

SUSPENSION (OUT OF SCHOOL)

Students may be suspended for a period not to exceed three school days for engaging in any Serious [Level I] or Major [Level II] offenses as described and set forth in this SAISD Student Code of Conduct. Additionally, students may be suspended pending DAEP placement or expulsion.

A principal or other appropriate administrator may suspend a student prior to (but not in lieu of) placement in a DAEP or prior to (but not in lieu of) expulsion, where a student's conduct requires such placement or expulsion.

Before suspending a student, the principal or designee shall consider reasonable alternatives, including appropriate discipline management techniques. If the principal or designee determines that a suspension is the most appropriate alternative, no other disciplinary action need precede the suspension.

Conference with Student

Before suspending a student, the principal or designee shall conduct an informal conference, at which:

1. The student is advised of the conduct with which he or she is charged.
2. The student is given the opportunity to explain his or her version of the incident.

**Notice to Parents**

A student's parent shall be notified by telephone, or other appropriate means, as soon as reasonably practicable, of a suspension. Parents of students who have been suspended shall be advised that it is their responsibility to provide adequate supervision for the student during the period of suspension. Furthermore, the student is not allowed on the home campus or any other school campus or at any school-related activity during the period of suspension. If a student violates this prohibition, the student can be charged with illegal trespass, a Class C Misdemeanor.

**DISCIPLINARY ALTERNATIVE EDUCATION PROGRAMS (DAEP)**

The District shall provide for the continuing education of a student placed in a DAEP by transferring the student to one of the District campuses designated as a DAEP campus. However, a student younger than 6 years of age may not be removed and placed in a DAEP.

A student removed to a DAEP during the school year will have an opportunity to complete a course needed to fulfill the student's high school graduation requirements before the beginning of the next school year. The District may provide the opportunity to complete the coursework through any method available, including a correspondence course, distance learning, or summer school. The District will not charge the student for any method of completion provided by the District.

Students and their parents are encouraged to discuss the option with the teacher or counselor to ensure the student completes all work required for the course or grade level.

The terms of a placement under this section shall prohibit the student from attending or participating in school-sponsored or school-related activities, including, but not limited to, extracurricular activities or any honorary privileges.

**Transfer or Withdrawal from a DAEP**

If a student transfers into SAISD from another school district in which the student was placed in a DAEP, SAISD shall continue the DAEP under the terms of the order provided by the sending school district.

Students who transfer out of SAISD to another public or private institution, including students who withdraw from SAISD for the purpose of home schooling, and students who do not attend the DAEP for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under SAISD policy), shall be required, upon return to SAISD, to complete the number of days missed in the DAEP before being allowed to return to the regular campus.

**Placement of Students with Disabilities**

The placement of a student with a disability may only be made following a manifestation determination review ARD/Section 504 meeting which determines that the misconduct was not related to the student’s disability. The review must be conducted no later than ten (10) school days following the incident. A student with a disability who receives special education services may not be placed in DAEPs solely for educational purposes if the student has not also committed one of the offenses warranting placement in the DAEP. [Texas Education Code Section 37.004]

A student with a disability may be removed to an interim alternative educational setting for not more than 45 school days without regard to whether the misconduct is determined to be a manifestation of the student's disability in cases where the student:

- carries or possesses a weapon at school, on school premises, or at a school function under the jurisdiction of the school district;
- knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the school district; or
- has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the school district.

If the student's behavior described above is determined NOT to be a manifestation of the student's disability, the student may be placed in a disciplinary setting to the same extent as a non-disabled student.

**Emergency Placement in an DAEP**

The principal or the principal's designee may order the immediate placement of a student in the DAEP if the principal or the principal's designee reasonably believes the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity.

At the time of the emergency placement, the student shall be given oral notice of the reason for the action. Within a reasonable time after the emergency placement, the student shall be accorded the appropriate due process. Students with disabilities are subject to applicable federal and state law regarding the term of a student’s emergency placement.

**Hearing**

Following an initial determination by the principal or investigating administrator that a student has committed an offense that requires or allows placement in a DAEP, a hearing will be scheduled with a District hearing officer who shall determine whether placement is warranted. The student’s parent or guardian will be notified of the alleged violation of the code of conduct. If the School District makes a good faith effort to inform the student and the student’s parent or guardian of the time and place of the hearing, the District may hold the hearing, regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.
Duration of Placement in a DAEP
The duration of a student's placement in the DAEP shall be determined by the District hearing officer. The length of placement shall be expressed in a specific number of days that the student must successfully complete in the DAEP prior to returning to the home campus. That decision shall be final, unless the duration of the placement is to extend beyond the end of the next grading period. If the student's placement is to extend beyond the end of the next grading period, the student or the student's parent or guardian is entitled to participate in a proceeding before the Board of Trustees or the Board's designee. Any decision of the Board or the Board's designee is final and may not be appealed.

Before the District may place a student in a DAEP for a period that extends beyond the end of the school year, the Board or Board's designee must determine that:
1. The student's presence in the regular classroom or at the student's regular campus presents a danger of physical harm to the student or to another individual; or,
2. The student has engaged in serious or persistent misbehavior that violates this SAISD Student Code of Conduct.

Assessment for Student Placed in a Disciplinary Alternative Education Program for 90 Days or More
All students placed into a disciplinary alternative education program for 90 days or more shall be assessed upon initial placement and subsequently on the date that the students’ departs from the program or as near to that date as possible. The assessment instrument will measure basic skills in reading and math Student must complete assessments required of all public school students.

Beyond End of School Year
Before a student may be placed in a DAEP for a period that extends beyond the end of the school year, the board or designee must make one of the following determinations:
1. The student’s presence in the regular classroom or at the student’s regular campus poses a danger of physical harm to the student or another individual;
2. The student has engaged in serious or persistent misbehavior that violated the district’s Student Code of Conduct.

REVIEW OF STUDENT’S STATUS IN A DAEP (FOR STUDENTS PLACED IN AN DAEP FOR 120 DAYS OR MORE)
A student placed in a DAEP shall be provided a review of his/her status, including a review of his/her academic status, by the Board's designee at intervals not to exceed 120 days. In the case of a high school student, the Board's designee, with the student's parent or guardian, shall review the student's progress toward meeting high school graduation requirements and shall establish a specific graduation plan for the student. The District is not required under this subsection to provide, in the District's DAEP, a course not specified under Section 37.008(a) of the Texas Education Code. At the review, the student, parent or guardian must be given an opportunity to present arguments for the student's return to the regular classroom or campus.

NO APPEAL

EXPULSION
Expulsion of Students under 10 Years of Age
No student under the age of 10 shall be expelled by the District EXCEPT in the case of a student who brings a firearm to school pursuant to Section 37.007(e) of the Texas Education Code. The District shall provide educational services to an expelled student in a DAEP if the student is younger than 10 years of age on the date of expulsion.

Firearm Violations
State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by Federal law, to school. However, the Superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis. The District may provide services to an expelled student who is older than ten years of age in a DAEP.

Expelled Transfer Students
If an expelled student from another school district applies to enroll in SAISD, the district that expelled the student shall provide to SAISD, at the same time other records of the student are provided, a copy of the expulsion order and the referral to the authorized officer of the Juvenile Court. SAISD may continue the expulsion under the terms of the order, may place the student in a DAEP for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion.

Emergency Expulsion
A principal or the principal's designee may order the immediate expulsion of a student if the principal or the principal's designee reasonably believes that action is necessary to protect persons or property from imminent harm.

At the time of the emergency expulsion, the student shall be given oral notice of the reason for that action. Within a reasonable time after the emergency expulsion, the student shall be accorded the appropriate due process. Students with disabilities are subject to applicable federal and state law regarding the term of a student’s emergency expulsion.

Expulsion of Special Education Students
A student with a disability may be expelled for engaging in conduct that would warrant such action for a student without a disability only if a manifestation determination review ARD Committee determines that that the misconduct was not a manifestation of the student's disability. The ARD Committee may determine that the conduct was a manifestation of the student’s disability only if the ARD Committee determines the following:
- the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- the conduct in question was the direct result of the District's failure to implement the IEP.

If the ARD Committee determines that the behavior of the student was not a manifestation of the student's disability, the student may be expelled but must be provided a free appropriate public education. The ARD Committee shall determine the services necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the student's IEP goals during the time of expulsion.

If the ARD Committee determines that the student's misconduct was a manifestation of the disability, the student shall not be expelled. If the ARD Committee determines that the student's placement and/or IEP is inappropriate, the misconduct must be considered a manifestation of the student's disability and the student must not be expelled. The ARD Committee may propose changes in the student's placement (other than expulsion), and/or changes in the student's IEP, including the student's behavioral intervention plan as appropriate.

**Expulsion of Section 504 Students**

A student who is disabled according to Section 504 shall not be expelled unless the Section 504 committee first determines that the student's misbehavior was not a manifestation of the student's disability. The Section 504 committee must review current evaluation data and the student's current placement. If the Section 504 committee determines that the student's misconduct was not a manifestation of the student's disability, the student shall not be expelled. However, if the Section 504 committee determines that the student’s misconduct was related to the student's disability, the student must not be expelled.

**All Students: Representation During the Expulsion Hearing**

At a hearing on expulsion, the student may be represented by the student's parent or guardian or another adult who can provide guidance to the student. The student and student's representative shall be notified in writing of the date, time, and place of the expulsion hearing prior to the hearing.

If the student has been removed under the emergency expulsion provision pending the expulsion hearing, the District shall obtain the parent's written agreement if the student will be excluded from the school setting for more than ten consecutive school days before the hearing is conducted. If the parent's agreement cannot be obtained, the District shall return the student to school or ensure that the expulsion hearing is conducted in a timely manner so that the student is not excluded from school for more than ten consecutive days without an opportunity for a due process hearing.

**DUE PROCESS**

Before a student is expelled, the Board or its designee shall provide the student an opportunity for a hearing at which the student is afforded due process, which shall include the following:
1. Prior notice of the charges to the student’s parent or guardian and the proposed sanctions so as to afford a reasonable opportunity for preparation.
2. Right to a full and fair hearing before the Board or its designee.
3. Right to an adult representative or legal counsel.
4. Opportunity to testify, present evidence, and witnesses in his or her defense.
5. Opportunity to examine the evidence presented by the school administration and, minimally, an opportunity to view the identity of the District’s witnesses and the oral or written report of the facts to which each District witness testifies.

If the School District makes a good faith effort to inform the student and the student’s parent or guardian of the time and place of the hearing, the District may hold the hearing, regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

The notice shall be in writing and shall give information about the nature of the evidence to be used against the student. The District may rely on the hearsay evidence of school administrators who investigate discipline infractions. The decision shall be based exclusively on evidence presented at the hearing. The final decision shall be communicated promptly to the student and parent.

If the Board’s designee conducts the hearing, a tape recording or transcript of the proceeding shall be made for the Board’s review on appeal, in the event the matter is appealed to the Board.

**Placement in a Juvenile Justice Alternative Education Program**

Students who are expelled are referred for enrollment in the Bexar County Juvenile Justice Academy (BCJJA), the school for expelled students.

**D – SEARCHES, QUESTIONING OF STUDENTS, AND POLICE INTERVENTION**

**SEARCHES**

Students shall have a diminished expectation of privacy while under the jurisdiction of the District. School administrators may search a student’s outer clothing, pockets, or property by establishing reasonable suspicion or securing the student’s voluntary consent. Vehicles on school property are also subject to search.

Areas such as lockers, which are owned by the District and jointly controlled by the District and student, may be searched, and school administrators may routinely conduct blanket locker searches. Students shall not place, keep, or maintain any article or material in school-owned lockers that is forbidden by this SAISD Student Code of Conduct, District policy, or municipal, state, or...
federal laws that would lead school officials to reasonably believe that it would cause a substantial disruption on school property or at a school-sponsored function.

Students are responsible for any prohibited items found in their possession, in their lockers, or in vehicles parked on school property, and shall be subject to appropriate school disciplinary action in accordance with this SAISD Student Code of Conduct and/or prosecution.

RANDOM DRUG SEARCHES
In order to ensure a drug-free learning environment, the District conducts random drug searches of the school facilities. During these random drug searches, lockers, hallways, unoccupied classrooms, grounds, vehicles, etc. are subject to drug checks by trained dogs. If a dog alerts to a locker, a vehicle, or an item in a classroom, that locker, vehicle, or item may be searched by school officials.

QUESTIONING OF STUDENTS
Students are expected to cooperate with administrative staff in the investigation of disciplinary cases and to volunteer information within the students’ knowledge relating to violations of the SAISD Student Code of Conduct. Administrators, teachers, and other professional personnel have the right to question students regarding their conduct or the conduct of others. Students may be requested to submit a written statement describing their knowledge of an incident.

POLICE QUESTIONING OF STUDENTS OR TAKING STUDENTS INTO CUSTODY
When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:
- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school;
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises reasonable valid objections;
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

State law requires the district to permit a student to be taken into legal custody:
To comply with an order of the juvenile court;
To comply with the laws of arrest;
By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision;
By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court;
By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety; and/or, to comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identify and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify their supervisor and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

SAISD POLICE DEPARTMENT
SAISD has its own police force, which is in operation 24 hours a day. The officers work closely with the San Antonio Police Department to assist at all SAISD campuses and school-related functions. They will investigate acts of vandalism, burglary, disruption, or any act that would be considered a violation of the law or harmful to SAISD schools, staff or students. The SAISD police officers are commissioned and have authority to arrest violators of the law, both on and off campuses. They may also issue citations for violations of the Texas Penal Code. When a student is arrested or receives a citation, that student may be required to appear in court and may receive other consequences imposed by the legal system as a result of these events.

SAISD encourages parents and students to call the SAISD Police (210) 271-3124 to report any suspicious activity concerning students or SAISD property, especially regarding gangs, drugs, weapons, or threats. The call may be anonymous.

STUDENT RELEASED FROM CUSTODY
If a student is brought to a school campus by a law enforcement officer who requests that the child will be released into the custody of the campus principal, the campus principal, his or her designee, or the peace officer assigned to the school campus can agree to assume responsibility for the student for the remainder of the school day. A reasonable attempt to notify the parent or guardian of the circumstances under which the student was brought to school will be made; however, a school official is not required to assume such responsibility or to notify the parents or guardian of this fact.

VOLUNTARY DRUG TESTING
The District will offer voluntary drug testing to students in grades 7-9 with parental consent as part of a comprehensive drug prevention plan. If a student tests positive, no punitive measures will be taken toward the student resulting from the drug test. Counseling and drug prevention assistance will be provided to the student by the school counselors or referral will be made to an
appropriate agency. Participation is strictly voluntary and shall not be required as a condition of attending school or enrolling in any class or extra curricular program.

A student who engages in conduct that constitutes criminal mischief (vandalism), if the conduct is punishable as a felony (i.e., if the cost of the damage in question is $1,500.00 or more) then he or she has committed a Level IV Offense which may result in expulsion.

Lock blade knives, if the blade is 5 ½ inches or less in length, are included in this category. The administrator determines the consequence based upon the size of the knife and the student's actions regarding the knife (such as, whether the student was possessing or was also displaying the knife.) [See TERRORISTIC THREAT] School personnel shall take all threats seriously, whether toward a person or a group or a school, and take disciplinary action. In most cases, threats constitute Level III Offenses and can result in DAEP placement.

**TITLE 5 FELONY OFFENSES:** Title 5 of the Texas Penal Code identifies "offenses against the person" which include, but are not limited to, such serious crimes as murder, capital murder, manslaughter, criminally negligent homicide, aggravated kidnapping, indecency with a child; sexual assault, aggravated assault, aggravated sexual assault, injury to a child, elderly individual or disabled individual, and abandoning or endangering a child. For a complete listing and explanation, see Texas Penal Code.

**TRESPASSING:** A person entering or remaining on property or in a building without effective consent and the person had notice that the entry was forbidden or received oral or written notice to depart but failed to do so.

**TRUANCY:** Failure of a student to attend school or class when the student's absence has not been excused by the District.

**VANDALISM:** Destruction or damage to property. Parents or guardians of students guilty of damaging school property shall be liable for damages in accordance with law, and may be subject to criminal penalties. (See also CRIMINAL MISCHIEF, GRAFFITI)

**VOLATILE CHEMICALS:** Harmful chemicals such as chloroform, acetone, ketone, methanol, toluene, etc. (See Texas Health and Safety Code Section 484).

**WEAPON:** Any device, such as a gun, club or knife, which can be used to inflict bodily harm upon a person.
The San Antonio Independent School District is committed to the safety and security of students, employees and visitors at all of our campuses. In support of that commitment, the SAISD Emergency Operations Plan will be followed in the event of a crisis situation. The objective of this plan is to ensure the health, safety and welfare of students and staff in the event of an emergency.

Although it is impossible to foresee all the potential emergencies, we have researched the most effective way to use our resources to respond immediately to those emergencies that cannot be avoided. The responsibilities are shared between school administrators and parents. Incidents or crises on our campuses can be minimized, and a positive outcome reached, through shared cooperation between parents of our students and SAISD administration.

Most emergencies can be safely dealt with by one of the following methods:

1. **Evacuation:** the removal of all persons from the building to a safe distance or an alternate location.
2. **Lockdown:** to secure the building, keeping all persons safely inside, while restricting the movement of any persons in or out of the building.

*SAISD will use the Parent and Employee Notification System (PENS) to alert and notify parents when situations present themselves or conditions exists that require such communication.*

We ask you to follow this procedure if you hear rumors of any school emergency:

1. **TUNE TO LOCAL RADIO OR TELEVISION STATIONS.** In the event of school emergency, our Community Information Office will contact the media for the purpose of broadcasting vital information.
2. **PLEASE DO NOT TELEPHONE THE SCHOOL.** We have limited phone lines. These must be used to respond to the emergency.
3. **PLEASE DO NOT COME TO THE SCHOOL.** Emergencies involving schools will mean that emergency vehicles (Police, Fire, EMS) must have immediate access to the building. Crowded conditions will slow the process. If Containment is initiated, access will be given only to Emergency Responders.
4. **AWAIT FURTHER INFORMATION.** Stay tuned to local stations for updated information regarding the status of the emergency and what actions should be taken.
