The National Conference on Wilderness Medicine

MEDICINE AND THE SPIRIT OF ADVENTURE

SANTA FE
May 25 - 29, 2016

Optional Pre-conference:
Global Health / Humanitarian Medicine Symposium
PROGRAM OBJECTIVES

1) Identify prevention and treatment of altitude illness based on an understanding of the underlying physiology
2) Recognize and properly manage frostbite in the field
3) Identify and treat hypothermia in the field
4) Identify fracture and dislocation in the wilderness
5) Identify the pathophysiology, and treatment of heat related illness

Target Audience:
Primary care physicians, nurses, physician assistants, and other health care providers who might encounter patients in remote settings or who may treat patients that develop medical problems after visiting remote areas. No outside commercial support has been received for this activity.

ACREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Center for Emergency Medical Education (CEME) and Wilderness and Travel Medicine, LLC.

The Center for Emergency Medical Education (CEME) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The Center for Emergency Medical Education (CEME) designates this Live activity for a maximum of 33.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is anticipated to offer up to 33.25 hours of AOA Category 2-A CME credit, pending approval by the AOA.

Disclosure: It is the policy of Center for Emergency Medical Education (CEME) to ensure balance, independence, objectivity, and scientific rigor in all its sponsored educational activities, and that all contributors present information in an objective, unbiased manner without endorsement or criticism of specific products or services and that the relationships that contributors disclose will not influence their contributions. Those in a position to control the content of this educational activity are required to disclose to learners all relevant financial relationships with any commercial interests prior to the beginning of the educational activity.

Resolution of Conflicts of Interest: In accordance with the ACCME Standards for Commercial Support of CME, the Center for Emergency Medical Education implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

AAFP: Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

ACEP: Approved by the American College of Emergency Physicians for a maximum of 33.25 hour(s) of ACEP Category 1 credit.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurse Credit: Under the new BRN guidelines, this course is also accredited for up to 33.25 hours of nursing credit.

Physician Assistants: The American Association of Physician Assistants accepts Category 1 CME approval from organizations accredited by the ACCME.
Welcome to Santa Fe - “Land of Enchantment”

Santa Fe is unlike any other destination in the country, and in fact, is nicknamed “The City Different.” There is a colorful, international-style charm about Santa Fe that has attracted people for almost 400 years. It is the oldest capital city in the United States, founded in 1607, and is unique in the blending of Native American, Hispanic, and Anglo cultures. The center of town is the Plaza, a tree-lined park surrounded by businesses and historic churches, much like in traditional European cities.

• SETTING/CLIMATE – Santa Fe is a place of enchanting beauty, set at 7,000 feet in the Rocky Mountain foothills. It has indescribable blue skies and boasts over 300 days of sunshine each year. As you experience its pure light, and feel its positive energy, you’ll understand why this city has attracted so many artists over the years and why it has become a major international art center. You can expect temperatures to range from 70º-85º during the day, 45º-50º at night.

• ART/CULTURE – Despite its small population of 56,000, Santa Fe has incredible cultural opportunities. At any time of year, visitors can enjoy noted music, theater, or dance performances. Santa Fe is indeed a city of museums including several that focus on art and others on Native American history and culture. More than 200 art galleries display a vast array of works.

• SHOPPING – Santa Fe is renowned world-wide as a shopper’s paradise—with good reason. Much of the merchandise is made in Santa Fe and the Southwest, including art, specialty food products, clothing, jewelry, woven and leather goods, pottery and wood furniture.

• INDIAN PUEBLOS – While touring the Santa Fe area, be sure to visit some of the nearby Indian Pueblos, among the oldest communities in America. Attend ceremonial dances and experience first-hand a way of life basically unchanged for hundreds of years.

To enhance your overall experience during this special week in Santa Fe, we are offering a variety of social and recreational activities that can be enjoyed individually or as a family. A brief outline follows, and detailed information can be found at www.mtnnreg.com/santafe or call A Meeting By Design at 888-995-3088.

Recreation Near Santa Fe

• REGIONAL EXCURSIONS - Santa Fe is a natural base for excursions into northern New Mexico. The area surrounding Santa Fe is dotted with hundreds of sites from early American cultures, such as those at Bandelier National Monument, Pecos National Historic Park and the Puye Cliff Dwellings.

• RAFTING - The most popular trip on the Rio Grande is the nearby ½ day “Racecourse”. An excellent class II & III whitewater rapid, perfect for first time or experienced paddlers. Beautiful canyon, and a snack along the banks of the Rio make this a great afternoon.

• HIKING - Bandelier National Monument - The park harbors Anasazi (early Pueblo Indian) ruins and cliff dwellings among deep canyons and cliffs on the edge of one of the largest inactive volcanoes in the world. Join us for a trip to the ruins of prehistoric Tyuonyi Village and see how families lived 2000 years ago.

• HISTORIC SANTA FE TOUR - The Santa Fe Historic Walk; Art and Shopping Introduction; View historic buildings, get restaurant information and location of museums. Tours are guided and last around 2½ hours.

• WINE TASTING OF SANTA FE - Enjoy a private guided wine tasting tour of Santa Fe. Four hours.

To Register, Call 888-995-3088 or register online at www.wilderness-medicine.com
**WILDERNESS SURVIVAL  
“COME BACK ALIVE”**

**Wednesday, May 25  9:00 am – 4:00 pm**

A dynamic hands-on survival training program designed to provide attendees with real skills and experience in a short time. Howard Donner, MD, a renowned expedition physician, and Kyle Allred, PA-C will teach practical, hands-on techniques and demo equipment to help you survive a wilderness survival emergency. This exciting, all day workshop is conducted both in the classroom and outdoors at our local field site. Limited enrollment register early! Topics and experiences include:

- Basics of travel safety
- Personal protective clothing
- Building micro-survival kits
- Emergency shelter building
- Building fires
- Improvisation skills

**Faculty:**
Howard Donner MD and Kyle Allred PA-C

**Includes:**
- Howard Donner, MD World renowned Expedition physician

**$135**

---

**WILDERNESS NAVIGATION**

**Wednesday, May 25  9:00 am – 4:30 pm**

Enhance your safety in the wilderness! You will always know how to get back to the trailhead or your car when you learn the critical skills of map and compass navigation. Learn how to use GPS and plot a UTM coordinate to safely navigate and explore your favorite wilderness environment. Course includes: syllabus, map, use of compass and GPS unit.

**Faculty:** Sheryl Olson, RN, BSN

**$135**

---

**PRACTICAL WILDERNESS MEDICINE SKILLS**

**Wednesday, May 25  8:00 am – 4:00 pm**

This intensive and fast paced workshop will include:

- Improvised evacuation
- Litter packaging
- Small group rescue techniques
- Improvised splinting and traction
- Field management of spine injuries
- And much more

Includes all equipment, critiqued scenarios and simulations. **Faculty:** Carl Gilmore

**$135**

---

**THE PROGRAM**

**Wednesday, May 25, 2016**

4:00-7:00 pm Registration & Welcome Reception

- Live music and refreshments

7:00 pm Setting the Stage:
- Introduction to Wilderness Medicine
- Gene Allred, MD

7:10 pm Traveler’s Illnesses / Preparing for Foreign Travel
- Phil Rasori, MD

8:00 pm Altitude Illness:
- Advances in Prevention and Treatment
- Howard Donner, MD

9:00 pm Special Evening Program (Guests Welcome)
- Everest: The Death Zone
- Howard Donner, MD

**Thursday, May 26, 2016**

7:00 am Late Registration / Continental Breakfast / Exhibits

8:00 am Surviving the Unexpected Night Out:
- Planning a Survival Kit
- Brian Horner

8:50 am Snakebites
- Tim Erickson, MD

9:40 am Coffee Break

9:55 am Malaria, Dengue, and Other Mosquito Borne Diseases
- Phil Rasori, MD

10:45 am Wilderness Dermatology
- Jeri Mendelson, MD

11:30 am Ebola Update: What You Need to Know
- Tim Erickson, MD

12:15 pm Free Time - Enjoy Santa Fe (See recreation/workshops)

7:00 pm Fracture and Dislocation Management in the Backcountry
- Joseph B. Serra, MD

8:00 pm Special Evening Program (Guests Welcome)
- Wild Animal Attacks: Patterns and Prevention
- Brian Horner

---

**Special Pre-Conference Workshops**

Howard Donner, MD
World renowned Expedition physician
Friday, May 27, 2016

7:00 am Coffee Service / Films / Exhibits
8:00 am Wilderness 911: Trauma Management and Improvised Care
   Eric Weiss, MD
9:00 am Diving and Marine Medicine
   Karen Van Hoesen, MD
9:45 am Coffee Break
10:00 am Medical Legal Issues in Wilderness Medicine: Avoiding Lawsuits
   Valerie Dobiesz, MD
10:45 am Bites and Stings – Arthropod Envenomations
   Tim Erickson, MD
11:30 am Hypothermia – Current Management
   Eric Weiss, MD
12:15 pm Free Time - Enjoy Santa Fe (See recreation) or attend an Optional Workshop
7:00 pm Avalanche Survival, Safety, and Rescue
   Lanny Johnson, FNP/PA
8:00 pm Shark Attacks and Dangerous Marine Animals
   Karen Van Hoesen, MD
8:50 pm Special Evening Program (Guests Welcome)
   Polar Scuba Diving in Antarctica – A Photographic Journey
   Karen Van Hoesen, MD

Saturday, May 28, 2016

7:00 am Coffee Service / Films / Exhibits
8:00 am Planning Medical Kits for Different Adventures – From the Tundra to the Tropics
   Howard Donner, MD
9:10 am Lyme Disease and Other Tick Borne Diseases
   Jeri Mendelson, MD
10:00 am Coffee Break
10:15 am Is There a Doctor on Board? Emergent Medical Care at 30,000 feet!
   Howard Donner, MD
10:50 am Whitewater Medicine, Safety and Rescue
   Kyle Allred, PA-C
11:40 am Mountain Search and Rescue: Decision Making in the Backcountry
   Lanny Johnson, FNP/PA
12:30 pm Free Time - Enjoy Santa Fe (See recreation) or attend an Optional Workshop
7:00 pm Banquet & Special Presentation (Guests Welcome)
8:00 pm “The Spirit of Adventure Travel” – A Multimedia Presentation
8:20 pm Special Evening Program (Guests Welcome)
   Expedition Medicine – from the Himalayas to the NASA Space Program
   Howard Donner, MD

Note: Time, topics and speakers may vary somewhat from published brochure and syllabus.
* Banquet is optional. Tickets are $52. Located at Eldorado Hotel.
ABOUT OUR WORLD-CLASS FACULTY

8:00 am - 1:00 pm Participants may attend 5 different workshops of their choice. (One hour each - listed below.) The workshops below are included in your course tuition, and do not require pre-registration.

1. "RESCUE ME!": Life-saving new technologies for remote environments. A discussion of new technologies useful in wilderness medicine and rescue including devices useful for "staying found".
   Howard Donner, MD

2. FRACTURE & DISLOCATION MANAGEMENT: Methods for recognizing, and treating fractures and dislocations in the backcountry will be demonstrated.
   Joseph B. Serra, MD

3. TAKING CHILDREN SAFELY INTO THE WILDERNESS: Learn how to maximize enjoyment, appreciation, and safety on family wilderness trips.
   Karen Van Hoesen, MD

4. BACKCOUNTRY WATER PURIFICATION: How to effectively purify and disinfect surface water. Participants may have the opportunity to test different water purifiers and learn about chemical and natural water purification techniques. Important for health care providers in third world and wilderness environments.
   Howard Donner, MD

5. AVALANCHE AWARENESS: Minimizing risks in avalanche terrain. Practice use of beacons for locating victims.
   Lanny Johnson, FNP/PA

   Sheryl Olson, RN, BSN

7. FROSTBITE–CURRENT MANAGEMENT: A review of the prevention and field treatment of frostbite and other cold injuries.
   Howard Donner, MD

8. WILDERNESS SURVIVAL – SURVIVING AN UNEXPECTED NIGHT OUT: Description of wilderness survival skills important for medical personnel in remote locations. This includes improvising shelter, procuring water, basic navigation, basic signaling.
   Kyle Allred, PA-C

9. LEARN TO READ A TOPO MAP: An important component for navigation, learning to read a topographical map is a critical skill for enhancing one’s safety in the wilderness.
   Sheryl Olson, RN, BSN

10. PRACTICAL SPLINTING SKILLS: Learn techniques for immobilizing fractures, C-spine injuries, sprains and strains in remote environments using SAM splints and improvised materials.
    Howard Donner, MD

11. ASSESSMENT AND IMPROVED TREATMENT AND PACKAGING OF TRAUMA PATIENTS: Participants will practice utilizing improvised and specialized rescue equipment to splint, stabilize and transport trauma victims.
    Carl Gilmore

12. WHITewater MEDICINE, SAFETY & RESCUE: A review and demonstration of whitewater safety, accident prevention, common injuries, and swift water crossing and rescue.
    Kyle Allred, PA-C

Michael J. Vanrooyen, MD, MPH, FACEP: Director, Harvard Humanitarian Initiative; Director, Vice Chairman, Dept. of Emergency Medicine, Brigham and Women’s Hospital; Professor of Medicine, Harvard Medical School and Harvard School of Public Health.

Timothy B. Erickson, MD, FACEP, FACMT, FAACMT: Director, Center for Global Health; Professor, Department of Emergency Medicine; Director, Division of Medical Toxicology; University of Illinois College of Medicine, Chicago.

Valerie Dobiesz, MD, FACEP: Professor of Emergency Medicine and Associate Program Director, Department of Emergency Medicine; Director of Global Health Education and Humanitarian Relief Efforts within the Center for Global Health, University of Illinois Medical Center, Chicago.

Howard J. Donner, MD: Member 1997 NOVA Everest Expedition; NASA consultant; expedition physician, 1988 Kangchenjunga (28,121’) Expedition; medical officer, Denali Medical Research Project; Co-author of Field Guide to Wilderness Medicine.

Joseph B. Serra, MD: Founding Member of the Wilderness Medical Society; Orthopedic Surgeon, Stockton, California; 25 year member, National Ski Patrol; Rotary International to Africa.

Jeri Mendelson, MD: Dermatologist, Medford, Oregon; Formerly Wildlife Biologist with Smithsonian in Thailand.

Lanny Johnson, FNP/PA: Medical director for Jackson Hole Ski Patrol; mountaineering guide for over 20 years; former climbing park ranger and medical advisor, Grand Teton National Park.

Sheryl Olson, RN, BSN: Outdoor survival and navigation instructor; flight nurse; wilderness safety instructor; back-pack and adventure trip guide; Manitou Springs.

Scott Kupiers: Wilderness Survival Skills Instructor; professional tracker and guide.

Carl Gilmore: University of New Mexico Paramedic Instructor Coordinator; Wilderness Medicine Instructor, Taos, NM.

Brian Horner: President, Learn To Return, Anchorage, Alaska; USAF SERE; US Army SF Survival Instructor; Denali National Park High Altitude Rescue; Wilderness, SRT and Tactical Medicine Instructor; crash and fire fighting instructor; expeditionary medical and guide.

Phil Rasori, MD: Medical director of Village Hopecore International; travel medicine and global health consultant; formerly Assistant Clinical Professor of Medicine UCSF.

Karen Van Hoesen, MD, FACEP: Associate Professor of Emergency Medicine, UCSD School of Medicine; Director, UCSD Diving Medicine Center.

Kyle Allred, PA-C: Professional expedition and whitewater guide. Has guided extensively in Africa (Kilimanjaro), South America (Inca Trail, Aconcagua), Asia (Everest region), and Europe. Co-owner of Adventure Whitewater, a whitewater river guide service.

Gene Allred, MD: Ashland, Oregon; Emergency Physician; whitewater guide for over 20 years; swiftwater rescue instructor; avid backpacker, canyoneering, backcountry skier, scuba diver, sea kayaker. Has taught wilderness medicine on six continents. Director of National Conference on Wilderness Medicine.

Erica Weisz, MD, FACEP: Professor of Emergency Medicine, Medical Director, Office of Emergency Management, Director, Wilderness Medicine Fellowship, Stanford University School of Medicine; Author of A Comprehensive Guide to Wilderness and Travel Medicine.

(In accordance with ACCME Standards and CEME policy, all faculty are required to disclose to the program audience any real or apparent conflict(s) of interest related to the content of their presentation(s).)
Ropes and Knots for Wilderness Medicine and Rescue: This workshop will teach you how to use ropes and tie knots for high angle rescue, swift water rescue, and improvised medical care. Thursday, May 26, 1:30 - 3:30 pm. $40

Wilderness Survival: This workshop is a hands-on skill building experience. Learn how to take basic skills and apply them to modern wilderness survival scenarios. Learn how to construct shelters, obtain food and water, build fires with primitive tools, signal, track, and improvise clothing. Also covers recommended survival kits and “how to be found.” Thursday, May 26 or Friday, May 27, 1:00 - 4:30 pm. $75

GPS Navigation: Don’t get lost using a GPS! Learn how GPS satellites can increase your navigation accuracy and orienteering confidence off the trail. You will also learn to use the UTM position format used by SAR teams worldwide. A GPS and map are provided for each person during this indoor and outdoor class. Saturday, May 28, 1:00 - 5:00 pm. $75

Tracking Workshop Learn the lost art of animal and human tracking from a veteran tracker. Friday, May 27 or Saturday, May 28, 1:00 - 4:30 pm. $75

Map and Compass Navigation for the Backcountry: Become confident in orienteering! Learn and practice essential map reading and compass use skills to enhance route finding and safety when adventuring on and off the trail. Thursday, May 26 or Friday, May 27, 1:30 - 5:30 pm. $75

Wilderness Wound Management: A practical workshop on cleaning and suturing a lac- eoration in a non-sterile environment. Participants will have the opportunity to practice suturing, stapling, taping, and tissue gluing techniques on pig limbs. All supplies provided. Saturday, May 28, 3:30 - 5:30 pm. $60

Wilderness Wisdom for Women: This seminar will address the 7 P’s unique to women adventuring in the out of doors. This knowledge will enhance a woman’s comfort, safety, and enjoyment when traveling in the wilderness or remote environments. Friday, May 27, 12:30 - 1:30 pm. $40

Practical Wilderness Medicine Skills: Learn the art and skill necessary to perform effective backcountry assessment of an injured patient. Participants will also learn and practice improvised splinting techniques using materials commonly found in the back- country and packaging and transportation skills. Friday, May 27 or Saturday, May 28, 1:30 - 3:30 pm. $60

Predator Attacks Workshop- Causes, Avoidance, and Survival: Brian Horner, survival expert from Alaska, will teach how to better avoid animal attacks and what to do in case of attack. The program has “hands-on sessions dealing with use of bear spray and other deterrent devices and survival techniques. Thursday, May 26, 1:00 - 5:00 pm. $75

Urban Survival Workshop: A detailed and practical session on survival skills for the urban environment. Topics include: being taken hostage, protecting your family, surviving aircraft crashes, surviving an earthquake, and equipment/supplies used for disaster management. Friday, May 27, 1:00 - 5:00 pm. $75

Fire Building for Survival: From Stoves, to friction to using the sun! This workshop gives participants hands-on experience in generating heat in every emergency and every environment. Survival expert Brian Horner takes students out doors and concentrates on actively allowing students to practice building fires from the ground up. Saturday, May 28, 1:00 - 5:00 pm . $75

Testimonials

“Blew me away! Incredibly inspirational, high-quality education. Surpassed my expectations.”
Jennifer Cramer, RN - Salt Lake City, Utah

“This is the one CME course I try not to miss. Always fantastic and inspirational.”

Optional Pre-Conference: Global Health / Humanitarian Medicine Symposium

Wednesday May 25, 2016

Symposium concept:
This optional workshop is accredited for 8.5 additional hours of CME credit. Humanitarian Medicine overlaps in a significant way with Wilderness Medicine because both involve rendering health care in remote or austere environments with minimal equipment and supplies. The symposium will focus on ways to improve the effectiveness of humanitarian strategies for relief, protection and prevention. Global health plays an increasingly crucial role in global security. The symposium addresses critical global health threats and how we might respond to some of the complex health issues that challenge us all.

This optional symposium which precedes the National Conference on Wilderness Medicine is co-sponsored by the Harvard Humanitarian Initiative and the University of Illinois Center for Global Health. It brings together several well-known authorities in Global Health / Humanitarian Medicine.

Schedule for Optional Pre-Conference Symposium on Global Health / Humanitarian Medicine
Co-sponsored by Harvard Humanitarian Initiative and University of Illinois Center for Global Health

7:30 am Registration and Coffee
8:00 am Global Health & Humanitarian Perspectives: Setting the Stage
Tele-conference from the 2016 World Humanitarian Summit in Istanbul, Turkey
Mike Van Rooyen, MD, MPH

8:30 am Challenging Cases in Global Health, the Wilderness & Beyond: Lessons Learned from the Field
Tim Erickson, MD

9:30 am Climate Change and Global Health
Gene Allred, MD

10:30 am Global Women’s Health: Awareness and Call to Action
Valerie Dobiesz, MD, MPH

11:30 am Clean Water in a Contaminated World
Howard Donner, MD

12:30 pm Lunch Break

1:30 pm The Global Impact of Water-Borne Illnesses
2:30 pm Global Threats and Bioterrorism
Jeri Mendelson, MD

3:30 pm Global Health & Humanitarian Medicine in the 21st Century: Village Hopecore in Africa
Phil Rasori, MD

4:30 pm Panel Discussion - Avenues for Getting Involved in Global Health and Humanitarian Medicine: Individuals Making a Difference
V Dobiesz, T Erickson, G Mendelson, P Rasori

SYMPOSIUM CO-DIRECTORS
Michael J. Van Rooyen, MD, MPH, FACEP: Director, Harvard Humanitarian Initiative; Director, Vice Chairman, Dept. of Emergency Medicine, Brigham and Women’s Hospital; Professor of Medicine, Harvard Medical School and Harvard School of Public Health.
Timothy B. Erickson, MD, FACEP, FACMT, FAACMT: Director, Center for Global Health; Professor, Department of Emergency Medicine; Director, Division of Medical Toxicology; University of Illinois College of Medicine, Chicago.
Remainder of faculty listed on faculty page.

Cost of symposium (includes lunch) $150
(All profits donated to Harvard Humanitarian Initiative and University of Illinois Center for Global Health)

This optional workshop is accredited for 8.5 additional hours of CME credit.
A wide selection of hotel rooms and condominiums have been reserved for conference participants. Please make your reservations as early as possible – May is “prime time” in Santa Fe. Group rates are only available through the conference booking agent A Meeting by Design: to MAKE LODGING RESERVATIONS CALL 888-995-3088 or online at www.wilderness-medicine.com.

LAS PALOMAS DE SANTA FE – Nestled in a tree covered compound just 3 blocks from Santa Fe’s Historic Plaza, you will find the charm, elegance, and ambiance that makes this such a special place. Studio rates beginning at $119 per night, plus tax and 1 bed room at $179 per night, plus tax.

ELDORADO HOTEL – The conference will take place at the Eldorado Hotel. Our host hotel is located only footsteps from the Plaza, and surrounds its guests with the charm of Santa Fe and the luxury of a grand hotel. Enjoy all the amenities including the renowned Nidah Spa, 4 star dining, and rooftop pool & fitness center. Group Room Rate: $189 per night; suites available on request.

HOTEL SANTA FE – Unique accommodations feature amenities in the authentic flavor of Santa Fe and the traditional Native American hospitality. Hotel Santa Fe suites start at $149, plus tax.

ZONA ROSA – These condominium units are a perfect choice for families or people looking for a kitchen facility. 2 Bedroom rate: $299 per night, plus tax; 3 bedroom rate: $399 per night, plus tax.

LAS PALOMAS DE SANTA FE – Nestled in a tree covered compound just 3 blocks from Santa Fe’s Historic Plaza, you will find the charm, elegance, and ambiance that makes this such a special place. Studio rates beginning at $119 per night, plus tax and 1 bedroom at $179 per night, plus tax.

TRAVELING TO SANTA FE

Albuquerque has excellent air service, and is easy to get to from any major city in the USA. The official agent for the Wilderness Medicine conference is A Meeting By Design. In addition to handling all your conference requirements A Meeting By Design offers true “one-stop shopping” for all your travel needs. A Meeting By Design has operated conference flights for over 10 years and provides a 24 hour answering service for travel emergencies. Their agents specialize in finding the lowest fares available and the cost of using this service is often less than booking reservations on the internet.

DISCOUNT CAR RENTAL rates are available for service to Albuquerque through A Meeting By Design. Register online at www.wilderness-medicine.com or call 888-995-3088.

ENROLLMENT Advance registration is required and attendance will be limited. Tuition includes syllabus, reception and continental breakfast. REFUNDS must be requested by April 25, 2016, and will be subject to a $75 service charge. After that date, no refunds will be given. Sponsors cannot be responsible for travel difficulty due to road or weather conditions. We strongly recommend the purchase of travel insurance when you register. To register, please fill out the application below and mail with payment or go to www.wilderness-medicine.com.

“TEAM” (group) DISCOUNTS – 3 or more participants from the same institution can sign up simultaneously for a 20% discount on each registration fee. All group members must register by April 25, 2016.
