</table>

**NOTE:**
- Daylight saving time will begin on March 20, 2016, and end on November 6, 2016.
- In the event that a public safety emergency occurs, the Division of Natural Resources (DNR) will issue an emergency order to close or restrict hunting.

**Spring East:**
- Duck hunting will be open from April 16 to May 15, 2016.
- Goose hunting will be open from April 16 to May 15, 2016.

**Fall East:**
- Duck hunting will be open from August 13 to September 12, 2016.
- Goose hunting will be open from August 13 to September 12, 2016.

**Winter:**
- Waterfowl hunting is restricted to the following areas:
  - Warden Lake Wildlife Management Area
  - South Branch Wildlife Management Area

**Summer:**
- Waterfowl hunting is restricted to the following areas:
  - Warden Lake Wildlife Management Area
  - South Branch Wildlife Management Area

**September 2015 – January 2016**
- Hunting hours for waterfowl will be from legal shooting to hour before sunrise to sunset.
- Hunting seasons run concurrently. The controlled dove hunting area will be from state-controlled hunting posts, in the area marked by signs and includes marked hunting posts.
- The remaining days of the season, Oct. 1-10, 2015, will include the waterfowl, at Warden Lake Wildlife Management Area.
- Any public waters, owned or controlled by the U.S. Fish and Wildlife Service may be used or be in the hunter’s possession, at Warden Lake Wildlife Management Area.
- The waterfowl season be open.

**WHAT’S NEW FOR 2015-2016**
- All licensed hunters (including lifetime and senior citizens) may not hunt or possess a firearm.
- Youth hunters must be accompanied by an adult who possesses a valid hunter education certification card.
- Youth license/permit is valid during regular business hours or 1-800-327-BAND (2263) during regular business hours or
- Deer Restrictions prohibit all hunting, including waterfowl, at Warden Lake Wildlife Management Area.

**Banded Birds**
- Many game birds are banded with leg bands and other markers annually in North America. Please report any such birds to the U.S. Fish and Wildlife Service at 1-800-677-BAND (2263) during regular business hours or online at www.reportband.gov.

**State Regulations**
- It is lawful to hunt waterfowl on major waterways, lakes, ponds or impoundments and private land in those counties where Sunday hunting has not been restricted.
- All waterfowl hunting area Oct. 1-10, 2015.
- The remaining days of the season, Oct. 1-10, 2015, will include the waterfowl, at Warden Lake Wildlife Management Area.
- Any public waters, owned or controlled by the U.S. Fish and Wildlife Service may be used or be in the hunter’s possession, at Warden Lake Wildlife Management Area.
- The waterfowl season be open.

(a) The daily bag limit for waterfowl is three (3) migratory game birds in the aggregate, and the possession limit is nine (9) migratory game birds in the aggregate.
(b) The bag limit for the youth days is the same as the daily limit of the regular duck and goose seasons.
(c) The daily bag limit of six (6) can include only two (2) pintails, four (4) long-tailed ducks, two (2) scaup, one (1) black duck, three (3) wood ducks, two (2) redheads, four (4) wigeon and two (2) canvasback and four (4) Scaup, one of which may be hen.
(d) The daily magerantor bag limit can include only two (2) hooded mergansers, with a possession limit of six (6). (e) In aggregate.

**Shooting Hours**

*Shooting hours for doves are from noon to sunset on opening day of the first segment and from one-half hour before sunrise to sunset during the remainder of the season. Shooting hours for rails, snipe, woodcock and waterfowl are from one-half hour before sunrise to one hour before sunset.*

**South Branch Wildlife Management Area**

Hunting in the controlled mourning dove hunting area is restricted to dove hunting from state-controlled hunting posts.

**National Wildlife Refuges**

- Canaan Valley NWR
  6263 Appalachian Highway - Davis, WV 26260 • (304) 866-3858
SUMMARY OF FEDERAL REGULATIONS

The following is a synopsis of Federal Regulations that pertain to the hunting of migratory game birds. Persons requiring more information should go to http://www.fws.gov/hunting/whats.jpg, where they will find a complete version of 50 CFR Part 20. When State law is different from the following Federal law the hunter must comply with the most restrictive law.

What terms do I need to understand?

Migratory Birds are birds protected by federal law as a result of treaties signed with other countries. Protected migratory birds are listed in the Migratory Bird Treaty Act Regulations, Section 10.3.

Nontoxic Shot No person may take ducks, geese (including brant), or coots with any shot of a different material than that for which the gun is plugged with a one-piece plug or that for which a special non-toxic load is used. For a list of approved nontoxic shot, see www.fws.gov/migratory_birds/CurrentBirdIssues/nontoxic.html.

Opening Day of a Season No person on the opening day of the season shall possess any freshly killed migratory game birds in excess of the daily bag limit, or aggregate daily bag limit, whichever applies.

Field Possession Limit No person shall possess, in custody or transport more than the daily bag limit or aggregate daily bag limit, whichever applies, of migratory game birds, tagged or not tagged, at or between the place where taken and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

Tagging Requirement No person shall purchase or receive any migratory game bird at any place other than any licensed dealer or migratory game bird dealer in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of holding for temporary storage. No person may transport any such birds with a tag attached, signed by the hunter, stating his address, the total number of species, and of birds, and the date such birds were taken. No person may receive or possess in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

Custody of Birds of Another No person shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

Termination of Possession Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered to him by another person as a gift; or have been delivered by him to a post office, a common carrier, or a migratory bird preservation facility and consigned for transport by the Postal Service or a common carrier to some person other than the hunter.

Gift of Migratory Game Birds No person may receive, possess, or give to another, any freshly killed migratory game birds as a gift, except at the personal abode of the other or common carrier. The gift of such birds has a tag attached, signed by the hunter who took the birds, stating such hunter’s address, the total number and species of birds and the date such birds were taken.

Transportation of Birds of Another No person shall transport migratory game birds belonging to another person unless such birds are properly tagged.

Species Identification Requirement No person shall transport within the United States any migratory game bird unless the package or container in which such birds are transported has the name and address of the shipper and the consignee and an accurate statement of the numbers of birds and species of birds so transported, and the sex of birds so transported, clearly and conspicuously marked on the outside thereof.

Migratory Bird Hunting and Conservation Stamp The law requires that each waterfowl hunter 16 years of age and older must carry a Federal Waterfowl Stamp or a Duck Stamp in his possession while hunting waterfowl. The Duck Stamp is issued by the Federal Duck Stamp Program and is sold by the U.S. Post Office.

Wanton Waste of Migratory Game Birds No person shall kill or cripple any migratory game bird without due and reasonable effort to retrieve the bird and retain it in his actual custody, at the place where taken or between that place and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

What hunting methods are illegal?

No persons shall take migratory game birds:

• With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machinegun, fish hook, poison, drug, explosive, or stupefying substance;

• With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells.

• From or by means, aid, or use of a siren or any other type of low-flying device, having a depression affording the hunter a means of concealment beneath the surface of the water;

• From or by means, aid, or use of any motor vehicle, motor driven land conveyance, aircraft, or any kind, except that paraplegics and persons missing one or both legs may use a motor vehicle or stationary motor-driven land conveyance, where the person knows or has reason to know that the area is or has been baited.

• By the use or aid of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person, on any migratory waterfowl or any species of birds and the date such birds were taken.

• By the use or aid of recorded or electrically amplified bird calls, sounds, or recorded or electrically amplified imitations of bird calls or sounds;

• By means of any motor driven land, water, or air conveyance; or any motor boat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird;

• By aid of baiting, or, by or on any bated area, where a person knows or reasonably should know that the area is or has been baited.

It is illegal to take migratory game birds including waterfowl, coots, and cranes in or in front of the following areas or land that are not otherwise bated areas:

• Standing crops or flooded standing crops (including aquatics);

• Standing, flooded, or manipulated natural vegetation;

• Flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or natural soil stabilization practices;

• From a blind or other place of concealment camouflaged with natural vegetation;

• From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing, or otherwise feeding, or giving any other food or aid to such birds;

• Standing or flooded standing agricultural crops where grains is inadvertently scattered solely as a result of a hunter entering a hunting area, placing decoys, or retrieving drowned birds.

It is illegal to take migratory game birds, except waterfowl, coots and cranes, or any species or combination (aggregate) of birds that are not otherwise bated areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

Wanton Waste of Migratory Game Birds No person shall kill or cripple any migratory game bird without due and reasonable effort to retrieve the bird and retain it in his actual custody, at the place taken or between that place and either (a) his automobile or principal means of land transportation, or (b) his personal abode or temporary or transient place of lodging, or (c) a migratory bird preservation facility, or (d) a post office, or (e) a common carrier facility.

More restrictive regulations may apply to National Wildlife Refuges opened to public hunting. For additional information on refuge specific regulations see www.fws.gov/refuges/.
