FLOOR PLAN OPTIONS

Addendums
1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.*
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
3. GCWR (Gross Combined Weight Rating) is the value specified by the motorhome manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Holiday Rambler and chassis manufacturer’s manuals for complete information.
4. Length measured from front bumper to rear bumper (excludes accessories).
5. Excludes safety equipment and awnings.
6. Motorhomes feature a body width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
7. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.
† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.
†† Minimum Towable Load is the available weight, up to GCWR, when the coach is fully loaded to maximum GVWR. However, if the coach is loaded to something less than maximum GVWR, that extra available weight can be added to your Towable Load. For example, if your coach is loaded to 1000lbs less than maximum GVWR, your Towable Load increases accordingly.
* UVW and OCCC are found on the label containing the federal certification tag in each RV.
WARRANTY INFORMATION:
Enjoy your next RV adventure with the peace of mind that comes with a 12 month/24,000 mile basic limited warranty; a 5 year/50,000 mile limited warranty on aluminum or steel frame structure. Review your coach’s limited warranty in full for complete terms and conditions.

CONTACT US
To locate a dealer near you, visit our website at www.holidayrambler.com or call (877) 466-6226. We can also be contacted at Holiday Rambler Customer Relations, P.O. Box 1007, Decatur, IN 46733.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.holidayrambler.com or contact your local Holiday Rambler dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Holiday Rambler has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.
