## Examples of Smart Choices

These examples show how mailing services can be combined to meet your needs.

### Example 1: Sending a Valuable Item

Jane’s niece is getting married next month, and Jane wants to send a piece of heirloom jewelry to the bride. The jewelry has a lot of sentimental value, so Jane wants to be sure that it will arrive safely. Jane identifies three possible options:

#### Option A: Express Mail

Express Mail automatically includes insurance up to $100 and guarantees delivery to Jane’s niece in 1 to 2 days. Additional insurance may be purchased. Jane will also receive a mailing receipt and confirmation that the package has been delivered and has been signed for by her niece.

**Express Mail (3oz.) (to Zone 4)**

$18.50

#### Option B: First-Class Mail Package with Registered Mail

First-Class Mail offers delivery at a low cost and can be combined with Registered Mail, a service that provides the highest level of mail security during transit. Insurance can be purchased for items up to $25,000 in material, but not sentimental, value.

**First-Class Mail (3oz.)**

$1.56

**Registered Mail (For $325 Appraised Value)**

$13.10

**Total**

$14.66

#### Option C: First-Class Mail Package with Insurance

First-Class Mail offers delivery at a low cost and can be combined with insurance for up to $5,000. Insured Mail will cover the jewelry’s material value should the piece get lost or damaged, but it cannot cover its sentimental value.

**First-Class Mail (3oz.)**

$1.56

**Insurance (For $325 Appraised Value)**

$5.70

**Total**

$7.26

### Jane’s Decision

Jane decides that speed is less of a priority than security. Jane chooses First-Class Mail, and, because the jewelry has greater sentimental than monetary value, she decides to add Registered Mail service so she can feel confident that her heirloom will be as secure as possible during transit.
Example 2: Sending an Important Document

Maria recently sold her car and needs to transfer the title to the new owner. Maria wants to be certain that the new owner gets the title to complete the sale. Maria considers these options:

**Option A**  Express Mail

Express Mail will arrive at many locations the day after it is mailed. Express Mail also provides Maria with proof that she mailed the title, the ability to track it online or by phone, and notification that it was delivered. Maria can also request a copy of the recipient’s signature.

</tr>
<tr>
<td>(to Zone 4)</td>
<td></td>
</tr>
</tbody>
</table>

**Option B**  Priority Mail with Confirmation Service

Priority Mail will get the title to its destination in 2 to 3 days. Maria could add Delivery Confirmation, which lets her obtain delivery information online or by phone. If Maria uses Signature Confirmation she gets the same delivery information, plus she can request a copy of the recipient’s signature.

</tr>
<tr>

</tr>
<tr>
<td></td>
<td>$7.30</td>
</tr>
</tbody>
</table>

**Option C**  First-Class Mail with Certified Mail and Return Receipt

First-Class Mail will get the title to its destination in 1 to 3 days. Certified Mail with Return Receipt will give Maria proof that she mailed the title and will return a card to her with the date the title was delivered and the signature of the person who received it.

<table>
<thead>

<tr>

<td>+$2.30</td>
</tr>
<tr>
<td></td>
<td>$5.54</td>
</tr>
</tbody>
</table>

**Maria’s Decision**

Maria wants a copy of the signature returned to her to prove that the title was delivered, and she wants to get the lowest price she can. Maria decides that First-Class Mail with Certified Mail and Return Receipt is the best option.
Addressing Your Mail

The accuracy of the address affects the speed and handling of your mail.

**Recipient Name**
Print or type your address in the upper left corner on the front of the envelope.

**Name of Organization**

**Street Address**
Use a Post Office box or street address, but not both. If the address also has a directional (for instance, “NW” for Northwest), be sure to use it. There may be more than one Main Street.

**City, State, and ZIP Code**
To find the correct spelling of a city name or to find a ZIP Code, visit www.usps.com or call 1-800-ASK-USPS. Using the correct ZIP Code helps to direct your mail more efficiently and accurately.

**Apartment or Suite Number**
The correct apartment or suite number helps to ensure delivery to the right location.

**Extra Services**
Place labels for extra services above the delivery address and to the right of the return address, or to the left of the postage.

**Postage**
Use stamps, a postage meter, or a PC Postage system to affix the correct amount. You can calculate postage online at www.usps.com.
also see page 20 for prices
Envelopes
Letters, bills, greeting cards, and other documents can be sent in standard white, manila, or recycled paper envelopes. Items needing extra protection can be sent in bubble-lined, padded paper, or waterproof envelopes. These envelopes, along with stationery and prepaid First-Class Mail postcards and envelopes, can be purchased at the Post Office.

Express Mail and Priority Mail envelopes are available at your Post Office or visit www.usps.com for items sent using either of these services. You must use the USPS-provided address label for Express Mail.

Online Shipping Labels
Lower prices are available through online postage with Click-N-Ship™. Domestic Express Mail prices are lower than retail and Priority Mail prices are also lower when you print your postage online. Delivery Confirmation is provided for all domestic Priority Mail packages sent with Click-N-Ship postage at no additional cost. Most international postage may be purchased online for Global Express Guaranteed, Express Mail International, and Priority Mail International. You will receive an online discount on Global Express Guaranteed, Express Mail International and Priority Mail International shipments when printing and paying for postage using Click-N-Ship! You can arrange for a pickup online or give your prepaid package to your letter carrier, drop it in a nearby blue collection box, or take it to the Post Office. Learn more about Click-N-Ship at www.usps.com.

Addressing

Placement
Print the delivery and return addresses on the same side of your envelope or card. The addresses should be written parallel to the longest side.

Addressing Letters
Print or type clearly with a pen or permanent marker so the address is legible from an arm’s length away. Do not use commas or periods.

Return Address
A return address is required on most mail.

Express Mail®
For Express Mail, you must use the address labels provided by the Post Office.

Military Mail
Military addresses must show the full name with middle name or initial and the PSC number, unit number, or ship name. Replace the city name with “APO,” “FPO” or “DPO,” and the state with “AA,” “AE,” or “AP,” and use a special ZIP Code.

Prefering Packages

Careful preparation of your package helps to ensure safe delivery.

The Box
Choose a box with enough room for cushioning material around the contents. Sturdy paperboard or corrugated fiberboard boxes are best for weights up to 10 pounds. If you are reusing a box, totally remove or obliterate all previous labels and markings with heavy black marker.

Where to Find Boxes
You can purchase boxes and tubes of various sizes at most Post Offices. Express Mail and Priority Mail boxes are available free at the Post Office for items sent using either of these services. While you are not required to use the free packaging for these services, you must use the address label provided by the Post Office for Express Mail. To order Express Mail or Priority Mail boxes at no extra charge, call 1-800-222-1811 or visit www.usps.com and click on 'supplies' under 'Shipping Tools'.

Cushioning
Place the cushioning all around your item or items. You can use newspaper, “foam peanuts,” or shredded paper. Close and shake the box to see if you have enough cushioning. If you hear items shifting, add more cushioning. Placing an extra address label with the delivery and return addresses inside the package will ensure that the item can be delivered in case the outside label becomes damaged or falls off.

Mailing Fragile Items
Use foamed plastic or padding to protect your items, placing the cushioning inside hollow items as well. Mark the package “Fragile” or mark “Perishable” on packages that contain food or other items that can spoil. Careful packaging is the best way to safeguard your valuable items against damage.

Mailing Heavy Items
If you are mailing a very heavy or very dense item, start with a sturdy box, pack the contents securely with a strong material for bracing to prevent shifting, and tape all the edges with reinforced tape. Packages heavier than 70 pounds cannot be mailed.

Sealing
Tape the opening of your box and reinforce all seams with 2-inch-wide tape. Use clear or brown packaging tape, reinforced packing tape, or paper tape. Do not use cord, string, twine, masking or cellophane tape.
Place a strip of clear packaging tape over your label to prevent the address from smearing.
**Return Address**
Print or type your address in the upper left corner on the same side of the package as the delivery address.

**Delivery Address**
Print or type the delivery address parallel to the longest side of the package. Print or type clearly with a pen so that your address is legible from an arm’s length away. Do not use commas or periods.

**Confirmation Services**
Labels for Delivery Confirmation or Signature Confirmation are placed to the left of the address label.

**Extra Services**
Place labels for extra services above the delivery address and to the right of the return address, or to the left of the delivery address.

**City, State, and ZIP Code**
To find the correct spelling of a city name and state abbreviation or to find a ZIP Code, visit www.usps.com or call 1-800-ASK-USPS. Using the correct ZIP Code helps direct your mail more efficiently and accurately.

**Drop Off**
If your mail item weighs 13 ounces or less, and you have affixed correct postage, you can drop it into a blue collection box. If your item weighs more than 13 ounces, and you have affixed postage stamps, you must take it to the Post Office.

**Postage**
Use stamps, a postage meter, or a PC Postage system to affix the correct amount. You can calculate and purchase postage online at www.usps.com.
Tips and Tools for Measuring

Use these rulers and guide boxes to measure the shape and size of your mail.

Length = longest side of the box
Girth = measurement around the thickest part of the box perpendicular to the length

For Parcel Post, the maximum length + girth is 130".
For other services, the maximum length + girth is 108".
Oversized prices may apply.
Once a piece of mail exceeds the maximum length, height, or thickness of one shape, it automatically gets classified as the next largest shape.

**Unusual Shapes and Sizes**

Sometimes a piece of mail requires additional postage because it is a certain shape or size that is difficult to process on mail sorting machines. To make sure you’re paying the correct postage, visit [www.usps.com](http://www.usps.com) or call 1-800-ASK-USPS. These are examples of mail that could require additional postage:

- **Square envelopes**
  - Packages larger than 34 inches long, 17 inches wide, or 17 inches high
  - Packages weighing more than 35 pounds
- **Envelopes on which the address is written parallel to the shorter edge**
  - Books or printed material weighing more than 25 pounds
  - Large, lightweight Priority Mail and Parcel Post packages.
- **Tubes and rolls**
Sending and Receiving Mail

Here are some useful mailing hints for senders and recipients.

Sending Mail
You can send mail by:
- Dropping it into a blue collection box
- Leaving it in your home mailbox
- Taking it to a Post Office

If your mail item weighs 13 ounces or less, and you have affixed correct postage, you can drop it into a blue collection box. If your item weighs more than 13 ounces, and you have affixed postage stamps, you must take it to the Post Office.

Scheduling a Pickup
Whether it’s Carrier Pickup™ or time-specific Pickup On Demand®, USPS pickup options make shipping your packages quick and convenient.

Carrier Pickup is the easy, convenient way to send packages. Just submit your request online and have your Express Mail, Priority Mail or international packages, with postage affixed, ready before your carrier arrives. It’s that simple!

Pickup On Demand allows you to schedule time-specific pickups within a 2-hour time frame. A letter carrier will make a special trip to your home for a fee of $15.30, to pick up qualifying packages, including domestic and international Express Mail and Priority Mail, that have postage affixed. There is no additional charge for picking up multiple pieces of mail. Visit www.usps.com/pickup or call 1-800-222-1811 for additional information including qualifying packages or to schedule a pickup.

Holding Mail
If you plan to be out of town on business or vacation, you may want to temporarily stop delivery of your mail. To have the Postal Service hold your mail up to 30 days, visit www.usps.com, call 1-800-ASK-USPS, or fill out a “Hold Mail” form at the Post Office. When you return, you can either pick up your mail from the Post Office or have it delivered to your home.

Change of Address and Mail Forwarding
Before you move, get a copy of the Mover’s Guide from your Post Office and return the completed form to your letter carrier or your Post Office. The Mover’s Guide includes postcards to help you contact banks, utility companies, and magazine publishers with your new address. You can also save a trip to the Post Office by visiting www.usps.com to change your address online. Fast and easy—takes less than five minutes.

Notify your Post Office at least one month before you move to ensure uninterrupted mail service. Express Mail, Priority Mail, and First-Class Mail will be forwarded at no charge for one year. Magazines and newspapers will be forwarded for 60 days.

Premium Forwarding Service
Going away for a while? Have all your mail sent to you at your temporary location.

Premium Forwarding Service (PFS) is a domestic service that forwards ALL of your mail from your permanent address to a temporary address.

Your mail will be forwarded to you on a weekly basis for a minimum of two weeks up to one year. You do not miss important mail while you are away—all your mail reaches you. One flat fee for each weekly Priority Mail shipment plus an application fee.

If you are a snowbird, college student, executive, individual with an extended family care situation, or away on extended vacation, all are possible candidates for Premium Forwarding Service.

Never again miss a mail delivery when you’re away from home. It is easy to enroll in Premium Forwarding Service. Visit your local Post Office to enroll.
Signing for Mail
Some pieces of mail require a signature from the recipient at the time of delivery. This includes items sent with Express Mail, Certified Mail, COD, Insured Mail, (over $200) Registered Mail, Return Receipt, and Signature Confirmation.

Recipient Responsibilities
When you sign for a piece of mail, you acknowledge delivery. The Postal Service’s liability ends when you sign for the mail. You may ask the letter carrier for the sender’s name and address before you accept the mail. You may not open the mail, but you may look at it as long as the letter carrier is holding it before you choose to sign for it.

Delivery If Recipient Is Not Home
If no one is home when the letter carrier attempts delivery, the letter carrier will leave a notice and return the item to the Post Office. Check the notice for specific instructions or call 1-800-ASK-USPS to have the mail redelivered. If the sender has not asked for Restricted Delivery, the carrier may deliver the mail to anyone who receives mail at that address.

Confirming Delivery
Visit www.usps.com or call 1-800-222-1811 to get delivery information on Express Mail and mail with extra services. You will need the item number from your mailing receipt or label.

Restricting Delivery
Restricted Delivery service ensures that only a specified person (or the person’s authorized agent) will receive a piece of mail. This service costs $4.50. Restricted Delivery is available only if you also purchase Certified Mail, Insured Mail (for more than $200 coverage), COD, or Registered Mail.

Filing a Claim
You can file a claim for compensation for loss or damage of Insured Mail, Registered Mail, and Express Mail. A claim form can be downloaded from www.usps.com or picked up at any Post Office and mailed, along with the evidence of value, to Postal Service Accounting Services in St. Louis, MO. Visit www.usps.com or contact your local Post Office for additional information on how to file a claim.

Perishable Items
Some items require special packaging or special permission to be mailed. Call 1-800-ASK-USPS or visit your Post Office to find out how to mail these items:
- Live animals
- Fresh fruits and vegetables
- Plants

Keep the Mail Safe: Hazardous and Restricted Materials
Some things cannot be mailed or can be mailed only in small quantities for safety and legal reasons. Some items have restrictions on how they can be mailed, including:
- Aerosol cans
- Firearms
- Flammable materials
- Liquids and powders
- Lottery tickets
- Poisons

Some items, however, are not permitted in the mail, including:
- Alcoholic beverages
- Ammunition
- Drug paraphernalia
- Fireworks and other explosives

Call 1-800-ASK-USPS or visit your Post Office if you have questions about the item you want to mail.
