A CONTRIBUTION REMEMBERED AND APPRECIATED

Artist Stacey Howell (left), wife of Rotarian John B. Howell, and Kay Owen, owner of A Place Remembered, recently organized a First Friday event at Owen’s shop on De La Mar Street. The fundraising effort featured several Point Clear Rotary members who displayed their art work and shared their portion of the sales with the Fairhope / Point Clear Rotary Youth Club. In addition, A Place Remembered contributed the full price of one piece of art. Mrs. Owen and Mrs. Howell presented the check at the May 22nd meeting.

Is it the Truth? Is it Fair to all concerned?
Will it build Goodwill & Friendship?
Is it Beneficial to all concerned?

LAST WEEK’S SPEAKER
Rotarian Ferd Zundel was host to last week’s speaker, Phil Otts, former Operations Officer of the Central Intelligence Agency. Otts, whose father-in-law was a lifelong Rotarian, served for years in the Russian Office of the CIA. In explaining many aspects of US relationships with foreign nations, and especially Russia, Otts asked Rotarians to consider those things that make America unique. He stressed that the American “rule of law” is one of the most distinguishing characteristics of our nation. He also told Rotarians of the importance of America’s trust in that rule of law. Otts explained that in many foreign countries, the government operates more like a criminal organization than a trusted form of leadership. He noted that nearly all business transactions, especially those in Russia, feature bribery and corruption of government officials. Otts noted that Vladimir Putin was selected by the Russian Oligarchy for his strength and ruthlessness. Putin’s iron-handed management helps to keep Russia’s corruption manageable. The collapse of the USSR resulted in a spirit of defeat in Russia much like the end of Nazi Germany. The difference was that the Nazi regime was held accountable for their actions in WWII and some sense of closure was achieved. The Russian populace never achieved that closure and the result is a simple-minded sense of Nationalism. Otts went on to suggest that the US follow a pragmatic international policy featuring support of NATO, the countries surrounding Russia and, especially, support of Ukrainian Nationalism. The speaker was gracious and candid in his response to questions after the presentation.
