TO: S&H Officers, S&H Committee Members, HR and Training Managers

OSH (Classification, Labelling & Safety Data Sheet of Hazardous Chemicals) CLASS Regulations 2013

- May 21, 2014 (Wednesday)  8.30 am – 4.30 pm
- FMM Institute (Level 5) South, Wisma STA, No.26, Jalan Datuk Abang Abdul Rahim

The NEW OSH (Classification, Labelling and Safety Data Sheet of Hazardous Chemicals) CLASS Regulations 2013 has been gazetted on 11th October 2013.

The CLASS Regulations, promulgated under the OSH Act 1994, has replaced the OSH (Classification, Packaging and Labelling of Hazardous Chemicals) Regulations 1997 (CPL Regulations). The main objective of the CLASS Regulations is to ensure chemicals supplied provide sufficient information on hazards of chemicals, so as to mitigate the risk of accidents happening at the workplace.

With the adoption of the Globally Harmonized System of Classification and Labelling of Chemicals (GHS) worldwide, Malaysia has taken proactive measures to implement GHS through the promulgation of the CLASS Regulations to replace the current CPL Regulations.

In line with this NEW Regulation, FMM Institute is organising a 1-Day comprehensive Seminar to enable participants to acquire knowledge and implementation details of the NEW CLASS Regulations. In addition, Chemical related topics such as GHS, Industry Code of Practice, CLASS Regulations and CIMS will also be presented.

We invite you to read the brochure printed overleaf for more details. As seats are limited, S&H Officers, S&H Committee Members, ERT Members, Fire & Rescue Squad Members and other personnel’s are advised to register on or not later than May 14, 2014 to avoid disappointment.

For further information, please feel free to contact Cik Cecilia / Cik Beatrice / Encik Farrez at FMM Institute. Tel: 082-332784/7 or email cecilia@fmm.org.my, beatrice@fmm.org.my, farrez@fmm.org.my

(By Mr Ramesh Zakir Shamsul, Deputy Director Chemical Management Division, DOSH)

OBJECTIVES
- Acquire knowledge and practical know how in conforming to the NEW CLASS Regulations.
- Acquire knowledge on various other Chemical related Regulations and Codes.
- Advise management on implementation steps required in order to adhere to the NEW CLASS Regulations

SPEAKERS
1. Mr Ramesh Zakir Shamsul is currently the Deputy Director (Chemical Management) at DOSH, Ministry of Human Resources, Malaysia. He has been with DOSH since 1992 where industrial hygiene constitutes a major part of his activities, although he has working experience in occupational safety. He is also involved in various working committees drafting codes of practices and guidelines, among others, on confined space and chemical health risk assessment. Regularly speaks in seminars, conferences and courses presenting topics on the CPL and other laws on chemical safety management, the GHS and CLASS Regulations 2013.
2. Mr Chan Tein Kee was a competent Safety and Health Officer registered with DOSH. He was previously attached to Malayan Adhesive & Chemicals Sdn Bhd as the Manager of Safety & Quality systems. He had been involved in various working committees drafting codes of practices and guidelines, among others, on chemical safety management, the GHS and CLASS Regulations 2013.
