Engage Audiences with High-Impact Web Events

Reach sales prospects and employees across the country or around the world without travel and venue expenses. Cisco WebEx® Event Center helps you market your products and services more effectively with real-time online events and webinars. You can also use Event Center to take your meetings and corporate events online to reach more attendees, reduce costs, and boost attendance. Or generate revenue by accepting credit card or PayPal payments to access events and recordings, and encourage faster adoption with promotion code discounts.

Online, Multimedia Events Extend Your Reach and Impact
Cisco WebEx Event Center makes it easy to cost-effectively enhance your reach and effectiveness with online events and meetings. Communicate with internal and external audiences on a larger scale and at a lower cost. Support your sales and marketing efforts with tools for tracking, engaging, and following up with prospects. Presenters can use multimedia to engage audiences and create memorable events, including sharing presentations, demonstrating products, and streaming video files. Speakers can also interact with participants in real time using polling, chat, and threaded Q&A. Cisco WebEx Event Center features high-quality (360p) video to allow participants to see presenters and panelists in high resolution.

Manage Campaigns and Events from Start to Finish
Take advantage of a full array of tools to manage events from start to finish. Improve attendance using automated email invitations, confirmations, and reminders.

Add attendance security to internal meetings with single sign-on (SSO) options that range from easily tagging participants to providing invitation-only access. Register attendees with customized forms, and automatically score incoming leads with integrated lead management tools. During an event, presenters can monitor participants’ attention using the attention indicator tool and identify high-value attendees. After the event, you can forward the event recording link to attendees, and upload valuable registration and attendee information to your customer relationship management (CRM) and marketing automation systems.

Count on Cisco for Secure, Scalable Cisco WebEx Service
Cisco WebEx Event Center is easy to use and requires no new software or hardware, making it simple to implement and scale as your needs change. Cisco WebEx services are delivered on demand over the Cisco® Collaboration Cloud, a global high-performance network. The Cisco Collaboration Cloud employs a robust, multilayer security model, which includes the use of 128-bit Transport Layer Security (TLS) and 256-bit Advanced Encryption Standard (AES) for data encryption, along with granular policy controls. Security processes are stringently audited with compliance details provided in a Statement on Standards for Attestation Engagements (SSAE) report.

Plan and Promote

Automated Email Management with Personalized Templates
Send out invitations, confirmations, reminders, and follow-ups automatically. Take advantage of customizable templates for HTML or text emails.

Custom Registration Questions and Lead Scoring
Capture all registrant information, and automatically assign lead quality scores based on your own criteria.

Promotions Throughout Your Touch Points
Make the most of every opportunity to connect with your prospects by making promotional materials available at registration and through pre- and post-event communications.

Registration Management with Attendance Control
Save time and create a smooth registration experience with automated registrant approval and customized filters. Engage your audience with high-quality video and compelling multimedia content. Maintain continuous interaction through threaded Q&A, chat, polls, and surveys.

Revenue Generation and Discounts
Generate revenue by requiring credit card or PayPal payments during registration to attend events or access recordings, and encourage faster adoption with promotion code discounts.

Present

High-Quality Video and Active Speaker
Display up to five high-quality (up to 360p) videos of the presenter and panelists. Active Speaker technology automatically displays the current speaker in the main video, or you can choose to lock in on a specific panelist. Support up to 3000 participants in a non-video-enabled session and up to 500 in a video-enabled session.

Private Preparation Room
Provide a virtual private room in the session for presenters and panelists to practice before the event starts.

Multimedia Content
Speakers can share presentations, applications, whiteboards, and streaming video files, and annotate shared content in real time. Show preloaded content and play hold music while attendees wait for the event to begin.

Flexible, Integrated Audio
Choose from toll or toll-free global teleconference, two-way voice over IP (VoIP), or audio broadcast. With integrated audio, the host can control participants' audio and everyone can see who is speaking.

Threaded Q&A, Chat, Polling, and Attention Monitoring
Track and answer incoming questions from the audience using the threaded Q&A feature. Chat privately or publicly with panelists or attendees during the event. Monitor interest with real-time polls and the attention indicator tool.

Follow Up and Cultivate

Post-Event Destination URL
Direct attendees to a marketing URL or other destination to view or download additional product information or to contact sales.

Post-Event Surveys and Follow-Up Email Messages
Automatically send email messages with links to the event recording and post-event survey. View survey results in one highly secure location.

Score and Analyze Custom and Standard Reports
See registration and attendance information, lead scores, duration of attendance, and more using standard or customized reports. Use lead source tracking to identify your most effective sources for attendance.

Export to CRM and Marketing Automation Systems
Speed sales follow-up by uploading event data, such as survey answers and registration information, to CRM and marketing automation systems, including Salesforce.com, Oracle On-Demand CRM, and Eloqua.
