TSFX – Voted Number 1 for Excellence and Quality in HSC Programs

the school for excellence  a: po box r1407, royal exchange, sydney, nsw, 1225  p: 1300 364 173  f: 1300 364 065  e: admin@tsfx.com.au  w: www.tsfx.com.au
review examinable materials to examination standard across a 2 to 4 hour lecture.

For this reason, students attending our “Trial Exam Revision Lectures” will receive **at least 7 hours** of expert advice and instruction in each HSC subject.

Detailed A+ course notes will be provided in each subject.

**What Will Be Addressed at the Trial Exam Revision Lectures?**

During the course of our “Trial Exam Revision Lectures” students will obtain a complete and detailed coverage of examinable materials to **HSC examination standard**, as prescribed in each subject syllabus.

Each lecture will review and then extend on the knowledge taught at schools, exposing students to a large collection of questions (many of which are not typically accessible to students), as well as frequently overlooked tricks and traps that appear in examinations. Students will also learn how examination papers are marked and how answers must be presented if they are to be awarded full scores. Emphasis will be placed on the more challenging concepts, as well as the areas that have been poorly addressed in past trial and HSC examinations.

**Course Features (All Subjects)**

- Complete exam preparations with official HSC exam markers in a time efficient manner.
- Thoroughly review examinable materials to HSC examination standard, as prescribed in each subject syllabus.
- Gain a deeper knowledge of examinable materials.
- Improve on weak areas.
- Master the more difficult components of each course.
- Work through key HSC exam questions and develop effective and time-saving examination techniques.
- Learn how to dissect the requirements of examination questions.
- Learn how to set out answers in accordance with the marking schemes used by BOSTES exam markers.
- Learn effective methodologies that can be used to solve questions that students have never been exposed to.
- Develop stronger problem-solving/application skills.
- Discover the tricks and traps that appear in the exams.
- Learn how to avoid the errors made by past students.
- Receive detailed, comprehensive A+ notes and save time!
- Gain the skills and information that are required to perform to the highest possible standard in the examinations.

**NSW’s most trusted and comprehensive exam revision program.**

**The Ultimate Preparation Tool for the Trial (and Final) HSC Examinations!**

Our “Trial Exam Revision Lectures” have been strategically scheduled to enable critical revision and consolidation of course materials and to decrease study commitments in the lead up to the trial examinations. As materials will be addressed to HSC examination standard, these programs also offer students advance instruction and preparation for the **final HSC examinations**.

Each subject lecture offers students detailed and comprehensive coverage of examinable materials as well as **significantly more** examination hints, tricks and instruction than that offered by any other program provider.

These highly beneficial programs are the result of many years of collaborative effort involving dozens of teachers across the state, with each teacher adding their expertise to our courses and materials. This measure provides students with the **unique opportunity** to benefit from the advice and information being delivered in many top performing schools, preparing students to a standard that is seldom achieved by only attending school.

**Important Notes:**

To ensure that students are afforded every possible advantage in their examinations, our “Trial Exam Revision Lectures” are being prepared and delivered by qualified, currently practising HSC teachers and HSC markers, individuals who possess the knowledge and experience to demonstrate the means by which students can achieve the higher Band (and ATAR) scores.

As the volume of material that needs to be committed to memory for the HSC trial exams is substantial, it will **not be possible** to

---

**97% of past students indicated that the teachers raised important points that would improve examination marks**

**97% of past students indicated that the “Trial Exam Revision Lectures” were definitely worth the time and effort!**

---

“An essential pre-exam overview that is beneficial to all students.”

Student – Tara Anglican School For Girls
12 Powerful Reasons Why Students Should Attend

- **YOU WILL** derive immeasurable benefit from the advice, experience, insight and perspectives from select teachers from top ranking schools across NSW. Teachers and past students consistently rate the programs and materials developed by TSFX **Number One** for excellence and quality.

- **YOU WILL** eliminate the need to waste valuable study time preparing notes. Each student will receive a detailed and comprehensive set of **A+ notes** that include an abundance of worked examples, step-by-step instructions, exam watch-outs, as well as a large collection of examination-style questions to work through at home. **Note:** To date, **NO OTHER** education service provider has been able to match the quality and depth of materials that are issued to students who attend TSFX programs.

- **YOU WILL** receive intense revision and consolidation of examinable materials to **A+ standard** in a simple step-by-step manner. Our programs offer students the most detailed and comprehensive preparation for the exams (up to 12 hours in select subjects).

- **YOU WILL** strengthen your understanding of course materials and how information will be applied in the exams.

- **YOU WILL** receive the latest information regarding the HSC exams as well as BOSTES exam marker expectations.

- **YOU WILL** receive hundreds of examination style questions that have been tailored for this year’s exams!

- **YOU WILL** ensure that you have covered and **mastered** highly probable examination questions. Our teachers analyse examination trends so that students can optimally prepare for their exams.

- **YOU WILL** learn to interpret and solve those difficult analytical / problem-solving questions and master concepts that have been poorly addressed in past exams.

- **YOU WILL** significantly cut down on study time. You will cover 5 times more theory and absorb 5 times more information than if you were to work through the materials on your own!

- **YOU WILL** receive intense instruction regarding examination strategies, BOSTES marking schemes, exam tricks and potential sources of student errors, as well as proven strategies that will optimise examination marks.

- **YOU WILL** develop skills that will help you manage your time more effectively and complete tests and examination papers within the specified time.

- **YOU WILL** markedly improve examination performance and gain a distinct advantage over your HSC peers.

---

**PLEASE NOTE:** Many of these lectures will book out before the closing date. We therefore encourage students to finalise enrolments as soon as possible.

Section 2: Please enrol me into the following programs(✓):

English Advanced & Standard Courses

Exam Paper 1 Lectures (Wednesday 1 July 2015):

□ Section I – Unseen Texts ($45)  
□ Section II – Creative & Imaginative Writing ($45)

Exam Paper 2 Lectures (Thursday 2 July 2015) – English Advanced:

Module A:  
□ Julius Caesar & The Prince ($40)  
□ King Richard III & Looking for Richard ($40)  
□ Mrs Dalloway & The Hours ($40)  
□ Nineteen Eighty-Four & Metropolis ($40)  
□ Pride and Prejudice & Letters to Alice on First Reading ($40)  
□ The Great Gatsby & Sonnets from the Portuguese ($40)

Module B:  
□ Hamlet ($40)  
□ Speeches ($40)  
□ Poetry – TS Eliot ($40)  
□ Poetry – Yeats ($40)

Module C:  
□ Brave New World ($40)  
□ The Art of Travel ($40)  
□ Poetry – Judith Wright ($40)  
□ The Crucible ($40)  
□ Ten Canoes ($40)  
□ Wag the Dog ($40)

Exam Paper 1 Lectures – REPEAT Sessions (Sunday 12 July 2015):

□ Section I – Unseen Texts ($45) REPEAT  
□ Section II – Creative & Imaginative Writing ($45) REPEAT

Exam Paper 2 Lectures (Thursday 2 July 2015) – English Standard:

Module A:  
□ Distinctive Voices ($40)  
□ Distinctively Visual ($40)

Module B:  
□ Close Study of Text ($40)

Module C:  
□ Exploring Interactions ($40)  
□ Exploring Transitions ($40)

Mathematics Courses

□ General Maths 2 (Parts 1-4) ($220)  
□ Mathematics (Parts 1-4) ($220)  
□ Maths Extension 1 (Parts 1-4) ($220)  
□ Maths Extension 2 (Parts 1-4) ($220)

Science Courses

Biology Lectures:

□ Core (Parts 1, 2 & 3) ($165)  
□ Communication (Part 4) ($55)  
□ Genetics: The Broken Code? (Part 4) ($55)

Chemistry Lectures:

□ Core (Parts 1, 2 & 3) ($165)  
□ Forensic Chemistry (Part 4) ($55)  
□ Industrial Chemistry (Part 4) ($55)  
□ Shipwrecks/Corrosion (Part 4) ($55)

Physics Lectures:

□ Core (Parts 1, 2 & 3) ($165)  
□ Astrophysics (Part 4) ($55)  
□ From Quanta to Quarks (Part 4) ($55)  
□ Medical Physics (Part 4) ($55)

“Excellent presentation, choice of teacher, entertaining, concise and efficient. Most importantly, kept me interested and attentive. 5 stars!”
Student, Patrician Brothers

“I found the quality of the notes in this lecture, and every lecture that I attended at TSFX, to be absolutely superb.”
Student, Baulkham Hills High School

“A well thought out fail-safe course; excellent tools and resources provided in a short amount of time, better than most tutors. Would recommend to others. Well done!”
Student, East Hill Boys Technology High School

 enrrol online @ www.tsfx.com.au
English Advanced & Standard Courses

These highly beneficial lectures will provide specific and detailed instruction regarding the various components of the English examinations, as well as valuable insights into the conventions, exam questions, marking schemes, exam techniques and the Area of Study and Module rubric. In each case, students will work through sample scenarios to gain a better understanding of what is required to secure the higher Bands and learn how to avoid the errors made by students in past examinations. During the individual text lectures, students will be divided into groups so that they may benefit from close analysis and instruction specific to their chosen text(s). Please refer to the Application Form for further details.

EXAM PAPER 1 LECTURES
Wednesday 1 and Sunday 12 July 2015
9:00am - 11:30am Section I - Unseen Texts
12:30pm - 3:00pm Section II - Creative Writing
3:30pm - 5:30pm Section III - Discovery

EXAM PAPER 2 LECTURES
Thursday 2 July 2015
9:30am - 11:30am Module A Lectures
12:15pm - 2:15pm Module B Lectures
3:00pm - 5:00pm Module C Lectures

Mathematics Courses
(Total: 4 Parts – 12 Hours)

General Mathematics
These lectures offer detailed instruction in the key strands of Financial Mathematics, Data & Statistics, Measurement, Probability (including applications) and Algebra & Modelling. Emphasis will be placed on applications that will meet the expectations of HSC standard Focus Study questions. Head Teacher: Mr Adrian Kruse (Macarthur Anglican College).

Mathematics
In the Mathematics lectures, students will receive detailed instruction in the following key HSC topics: Exponential & Logarithmic Functions, Trigonometric Functions, Sequences & Series, Probability and Applications of Calculus to the Physical World. Each topic will be exemplified with past examination questions, highlighting areas of concern identified during the marking process. Head Teacher: Ms Jayanthi Viswanathan (Sydney Girls High School).

Mathematics Extension 1
These lectures offer students detailed instruction in the following topics: Polynomials, iterative methods, parametric equations, inverse trigonometric functions, logarithmic and exponential functions (including growth & decay), mathematical induction, geometrical applications of differentiation, rates of change, motion, projectile and simple harmonic motion, integration, circle geometry, binomial theorem and further probability. Head Teacher: Mr Steve Bastin (Manly Selective Campus).

Mathematics Extension 2
These lectures offer students detailed instruction in the following topics: Polynomials, complex numbers, curve sketching, conics, integration, volumes, mechanics (including resisted motion, circular motion, banked tracks, conical pendulum) and harder 3 Unit topics. Head Teacher: Mr Geoffrey McLauchlan (Queenwood School For Girls).

Science Courses
(Total: 4 Parts – 12 Hours)

Parts 1, 2 and 3 of each science course will concentrate on the Core topics. Students will then be divided into separate groups across the last session (Part 4) so as to obtain detailed instruction in their chosen Option.

Biology – Parts 1, 2 & 3
Topics that will be addressed include: Blueprint of Life (evolution, inheritance, chromosomal theory, DNA, mutation, one-gene one-protein theory, reproductive technologies); Maintaining a Balance (homeostasis, temperature/waste product/water/salt level regulation, transport systems, the kidney & circulatory system, hormones); The Search for Better Health (health & disease’ gene expression, maintenance/repair of body tissues, disease and disease causing organisms, antibiotics, lines of defence, vaccines, immune suppression, controlling and preventing disease). Head Teachers: Ms Deborah Delaney (Sydney Grammar School), Ms Mia Sharma (International Grammar School) and Mr Justin Varjavandi (St Aloysius’ College).

Chemistry – Parts 1, 2 & 3
Topics that will be addressed include: Production of Materials (polymisation, properties and uses of ethanol, heat of combustion, electrochemistry, nuclear chemistry); The Acidic Environment (equilibrium, acidic oxides, pH, titrations, esterification); Chemical Monitoring and Management (the Haber process, identification of ions, human impact on the atmosphere and hydrosphere). Head Teacher: Mr Scott Hazelton (St Columba Anglican School).

Physics – Parts 1, 2 & 3
Topics that will be addressed include: Space (Gravitational fields, potential energy, projectile and circular motion, ether concept, special relativity), Motors and Generators (D.C. motor effect/applications, Faraday’s induction, generators, transformers and other devices, transmission of electrical power), Ideas to Implementation (Electric fields, cathode rays, the reconceptualisation of the light model (radio waves, blackbody radiation, photoelectric effect), semiconductor devices and their applications, X-ray diffraction and superconductors/applications). Head Teachers: Mr Greg Nunan and Andrew Timmis (Knox Grammar School).

Other Courses

Business Studies
These lectures will provide a comprehensive review of the four Core topics: Operations, Marketing, Finance and Human Resources. Both lectures will include referrals to business cases and a step-by-step guide to answering a variety of HSC style questions. Head Teacher: Mr Greg Hannelly (St Edward’s College).

Economics
Part 1 will concentrate on Topic 1 (The Global Economy) and Topic 2 (Australia’s Place in the Global Economy) whereas Part 2 will focus on Topic 3 (Economic Issues) and Topic 4 (Economic Policies and Management). Emphasis will be placed on examination technique as well as examiner expectations. Head Teachers: Mr Matt Bookallil (Knox Grammar School) and Mr Neil Townley (Sydney Grammar School).

Legal Studies
Part 1 of this program offers students a highly comprehensive review of the Core topics – Crime and Human Rights. Parts 2 and 3 provide instruction on the Options selected by students (refer to the Application Form). Emphasis will be placed on literacy and examination techniques and HSC marker expectations. Head Teacher: Ms Gauri Gupta (Loreto Normanhurst).

Ancient History
Part 1 will provide students with a solid review of the Core Study: Cities of Vesuvius - Pompeii and Herculaneum, whereas Part 2 will address the Spartan society to the Battle of Leuctra 371 BC. Emphasis will be placed on examination technique as well as examiner expectations. Head Teacher: Ms Brígida Zagora (Dominremy College).

Modern History
Our Modern History lectures offer students the opportunity to benefit from in-depth coverage of the Core Unit as well as specific instruction on a variety of different personalities and studies (refer to the Application Form). Emphasis will be placed on examination technique as well as examiner expectations. Head Teachers: Mr Frank Federico (James Ruse Agricultural High School), Mr Alan Pollock (Hurststone Agricultural High School) and Mr Scott Baker (Tara Anglican School).

PDHPE
During the course of Part 2, students will benefit from an in-depth review of the Core topics – Health Priorities in Australia and Factors Affecting Performance. Students will be divided into separate groups for Parts 1 and 3 so that they may obtain instruction specific to their chosen Options (refer to the Application Form). Emphasis in these lectures will be placed on examination technique and examiner expectations. Head Teachers: Mr Wayne Adams (Sydney Grammar School) and Mr Wayne Donley (MLC School).
Section 2 Continued: Please enrol me into the following programs(✓):

**Other Courses**
- [ ] Business Studies ($120)
- [ ] Economics ($120)
- [ ] PDHPE:
  - [ ] Core (Part 1) ($70)
  - [ ] Core (Part 2) ($70)
  - [ ] Improving Performance (Part 1) ($30)
  - [ ] Sports Medicine (Part 3) ($30)
- [ ] Ancient History:
  - [ ] Core (Part 1) ($65)
  - [ ] Core (Part 2) ($55)
  - [ ] Sparta (Part 2) ($55)

**Legal Studies:**
- [ ] Core (Part 1) ($85)
- [ ] Family (Part 2) ($30)
- [ ] Consumers (Part 3) ($30)
- [ ] Workplace (Part 3) ($30)
- [ ] World Order (Part 3) ($30)

**Modern History:**
- [ ] Part 1: Core Study: WW1 ($40)
- [ ] Part 2: Germany ($40)
- [ ] Part 3: Conflict in Europe ($40)
  - OR [ ] Conflict in Indochina ($40)
  - OR [ ] Conflict in the Pacific ($40)
- [ ] Part 4: Albert Speer ($25)
  - OR [ ] Leni Riefenstahl ($25)
  - OR [ ] Leon Trotsky ($25)

Section 3: Please enrol me into “Mastering the Exams”. This lecture is FREE OF CHARGE* to all students.

- [ ] 10am – 2pm, Sunday 31 May 2015 (Session 1)
- [ ] 10am – 2pm, Saturday 13 June 2015 (Session 2)

Note that Sessions 1 and 2 are identical. Please choose ONE session only.

**Mastering the Exams - FREE Lecture!**

“Mastering the Exams” is a unique lecture designed to provide students with the best opportunities to maximise examination marks. During the course of this program, students will learn vital skills that will help optimise examination performance, as well as strategies that will maximise learning and cut down on study time. In addition, the following key topics will be addressed:

- The fastest way of preparing for the exams.
- Key strategies used by average students to obtain high ATAR scores.
- Planning and executing effective exam study timetables.
- The most effective (and time saving) learning techniques.
- Techniques to enhance concentration and memory.
- Setting out answers so as to optimise examination marks.
- Errors made by past students and how to avoid these.
- Maximising how much of each examination paper is answered correctly.
- Combating “panic attacks” and “mind blanks”.
- On day exam strategies that have been proven to improve examination marks.

**Dates:**
- 10am – 2pm, Sunday 31 May 2015 (Session 1)
- 10am – 2pm, Saturday 13 June 2015 (Session 2)

**Cost:**
- Valued at over $200, this program is FREE OF CHARGE.

Students are, however, required to make a “minimum $10 donation to The Fred Hollows Foundation representatives on the day.

**Total Donated to Charity to Date:** $281,725.35

---

**Please Note:** Do not send cash in the mail. Please make cheques/money orders payable to “The School For Excellence”. Please do not submit more than one copy of your application form.

Please use ONE form per student. Additional application forms are available at www.tsfx.com.au.

Conditions of Enrolment: Confirmation of your enrolment will be sent by email following the receipt of your application. Admission documents, maps and final confirmations will be sent by regular mail from 10 days before your first lecture. At TSFX, candidates accept any responsibility for tickets that have been lost in the mail, students who have NOT received their tickets by 12 noon two days prior to the first enrolled lecture MUST contact our office to confirm their enrolment and arrange admission (10am to 5pm Mon–Fri). The Closing Date for postal applications is 5pm three business days prior to the first enrolled lecture. Applications after this date must be by telephone/facsimile, in person or online form. Cancellations MUST be submitted in writing and received three business days before the first enrolled lecture, and will incur a $10 service charge per subject. No refunds or credits will be issued for cancellations made after each closing date. The School For Excellence reserves the right to alter the advertised program details.

---

Total Donated to Charity to Date: $281,725.35
