Career Services, which is part of Counseling, Career and Disability Services at Lone Star College-Cy-Fair, provides Career Counseling and Job Development Assistance for students and community members:

Career Assessment and Counseling

Not sure what career direction to pursue?

Two (2) online assessments are available through the college. These programs help you to assess your strengths, the careers that match these strengths and find out more information about these careers:

Do What You Are (DWYA)

DWYA is an online personality and interest inventory and is based upon the Myers-Briggs Type Indicator (MBTI). It helps you to focus on career options by looking at careers that may match your personality and interests. A counselor must review your results with you. If interested, go to [www.collegescope.com/lonestar](http://www.collegescope.com/lonestar) to login and take the assessment. Once you have taken the assessment call (281) 290-3260 to go over the results.

CHOICES and CHOICES Planner

CHOICES and CHOICES Planner are computerized/internet career guidance systems that allows individuals to match interests and values to college majors and careers. You can also gain career information, compare careers, find out what majors to pursue for specific career paths, determine the schools that offer specific majors and investigate financial aid opportunities. Reports on occupations and schools can also be printed.

If interested, go to [www.bridges.com](http://www.bridges.com) and enter:

Career /Job Information

One on-line program helps to pin-point information about jobs.

**EMSI Career Coach** lets jobseekers explore local employment so they can get a better handle on job activity and target good careers, particularly those that are associated with LSC-CyFair majors. If interested, go to: [http://lonestarcyfair.emsicareercoach.com/ccindex.php](http://lonestarcyfair.emsicareercoach.com/ccindex.php)

Other career/job resources:
