### Practical Pediatrics CME Courses
- Designed for pediatricians, family physicians, nurses, nurse practitioners, physician assistants, and allied health professionals caring for children.
- Practical Pediatrics CME Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics.

### Subspecialty/Section CME Courses
- Appropriate for the pediatric subspecialist or the general pediatrician with a particular interest in the topic.

### National Conference & Exhibition (NCE)
- Features educational sessions in nearly 60 topic areas to suit a variety of learning styles. Home to the largest pediatric technical exhibit, the National Conference showcases the latest products and services, as well as AAP educational and professional resources and programs. From hot-topic plenary sessions to small interactive, hands-on workshops, this conference will offer you every opportunity to enhance your clinical skills and expand your appreciation of our wonderful profession. The AAP welcomes you to be an active part of what we hope will be an annual fall event—the AAP Experience!
