The Guilford County Partnership for Exceptional Children recognizes that the use of labels to categorize students with special needs arouses mixed feelings. As parents and professionals invested in caring for exceptional students, we believe that diagnoses or conditions no more define a child than his/her hair color or height would. For the purpose of clarity, and to help you find the information most pertinent to your family’s needs, we have chosen to organize this directory using the Areas of Eligibility as defined within special education law. However, we wish to acknowledge that these labels represent only one trait in each unique and special individual.

Guilford County Council of PTA’s - School Based  PTA Volunteer Trained Advocates serve as a resource guide and support to parents of exceptional students at their school. Most advocates are parents of a special needs child. The purpose of this group of dedicated volunteers is to help inform parents of local and national news related to exceptional children (EC), and act as referral source to agencies or personnel within the school system and community. This volunteer may also promote education, awareness, and sensitivity to exceptional children needs and strengths within their school community as well as encourage positive parent advocacy. PTA EC Advocates also help to distribute six issues of the "EC Voice", a newsletter that provides information and resources regarding EC issues and concerns. Please see the website below for a list of the schools with an EC Advocate or to get a copy of the latest EC Voice.

Address: 501 S. Mendenhall St.
Greensboro, NC 27403

Parents as Teachers - Faith Community Network - is a parent education and family support program based on the philosophy that parents are their child's first and most influential teachers. It strengthens the home-school-community partnership through personal visits, parent group meetings, developmental screenings and a resource network. Involvement in this program helps parents acquire the knowledge and skills they need to make a positive impact during the early years that research indicates have the greatest rate of growth, prenatal to kindergarten entry. Participation in Parents as Teachers encourages parent/child relationships that establish a firm foundation for overall health and future academic success.

YMCA of High Point - Welcome to the YMCA of Greater High Point. We offer programs and activities for children of all ages (preschool, youth and teens), adults and seniors in the greater High Point, North Carolina area. Our programs include aerobics, cardiovascular exercising, adult sports, youth sports (including soccer, basketball and baseball), youth summer camps and swimming. One of the goals of our association is to help build strong kids, strong families, and strong communities. We are non-profit and we depend on the generosity of caring individuals to enhance our facilities and to help provide our services to those who are unable to pay.
**AUTISM / AU**

**Applied Behavioral Analysis Center of North Carolina** - ABC of NC is a private, not-for-profit, research-based provider of quality educational and behavioral services for young children with autism spectrum disorder. The organization uses the principles of applied behavior analysis (ABA) within a caring environment to help children develop their full potential.

A Bridge to Learning - The program encompasses all areas of functioning and is integrative. Target areas of appropriate behaviors include receptive and expressive language, toy play, peer play, socialization, abstract concepts, and self-help skills. Target areas of negative behaviors include, tantrums, self stimulatory behavior, and aggression to self and others. Teaching of appropriate behaviors proceeds in incremental, systematic steps in an effort to maximize a child’s success.

Frank Porter Graham Child Development Institute - FPG is a multidisciplinary institute at The University of North Carolina at Chapel Hill. The institute's mission is to cultivate and share the knowledge necessary to enhance child development and family well being. Through a variety of grants and contracts, we conduct research and provide outreach services. Most of the institute's work addresses young children ages birth to 8 years. We have a special focus on children who experience biological or environmental factors that challenge early development and learning. "FPG.Advancing Knowledge.Enhancing Lives." is the philosophy that guides our daily work.

Parents as Teachers - Faith Community Network is a parent education and family support program based on the philosophy that parents are their child’s first and most influential teachers. It strengthens the home-school-community partnership through personal visits, parent group meetings, developmental screenings and a resource network. Involvement in this program helps parents acquire the knowledge and skills they need to make a positive impact during the early years that research indicates have the greatest rate of growth, prenatal to kindergarten entry. Participation in Parents as Teachers encourages parent/child relationships that establish a firm foundation for overall health and future academic success.

YMCA of High Point - Welcome to the YMCA of Greater High Point. We offer programs and activities for children of all ages (preschool, youth and teens), adults and seniors in the greater High Point, North Carolina area. Our programs include aerobics, cardiovascular exercising, adult sports, youth sports (including soccer, basketball and baseball), youth summer camps and swimming. One of the goals of our association is to help build strong kids, strong families, and strong communities. We are non-profit and we depend on the generosity of caring individuals to enhance our facilities and to help provide our services to those who are unable to pay.
