Finishing
Trace and cut out the shape of one of the mouth sides on cardboard 2 times. With whip stitch, sew the two flat edges of the mouth halves together.
Line up the corner of the mouth halves with the corner in the yellow body. Sew bottom half of mouth along the edge of the body.
Place cardboard cut out flat against the bottom of the mouth inside PacMan’s body and stuff the bottom of the body so that it holds the cardboard flush against the bottom of the mouth. Sew on black button eyes as shown in picture. Stuff the rest of the body and place second cardboard cutout so that it will be flush with the where the top of the mouth will be. Then sew top of mouth to the body. Weave in ends.

Ghost

Note: There are four Pac-Man ghost, for main color use pink, cyan, orange or red yarn. Ghosts are worked in spirals, place marker in first stitch of each row in order not to lose your place.
