Date: January 6, 2012

To All Prospective Bidders:

The Springfield Convention & Visitors Bureau (SCVB) is seeking a full-service advertising agency to assist with development and implementation of marketing programs including but not limited to: brand development, creative, media planning and placement, promotions, sponsorship opportunities and ROI. Many of these services are currently being done in-house or through existing relationships with several advertising agencies. We hope this process will develop a long-term partnership in an effort to maximize potential revenue for the City of Springfield and its residents.

The vision of the Springfield Convention & Visitors Bureau is to lead the area travel industry in promoting Springfield as a premier destination for leisure travelers and outdoor enthusiasts, a recognized and successful host city for meetings and conventions and a prominent and respected venue for sporting events. As such, the marketing programs managed by SCVB are critical to the success of Springfield as a travel destination.

The SCVB marketing department oversees the development, production and management of a variety of marketing programs including online and offline marketing, visitor publications, cooperative marketing programs, advertising sales and sponsorships, interactive and mobile marketing and public relations. The purpose of this RFP is to seek a full-service advertising agency with travel and tourism-related experience that offers outside, unbiased perspective on SCVB marketing programs and to assist, where needed, in developing and executing strategies to increase number of visitors and total visitor spending in the Springfield region. A proven history of effective travel and tourism-related marketing services is required to be considered as a viable candidate.

An important aspect of SCVB marketing plan and strategy is continued participation in the Missouri Division of Tourism’s Cooperative Marketing Program. This program contributes half of the overall advertising budget for SCVB and is critically important to the success of SCVB marketing programs. The agency selected will be required to gain a thorough working knowledge of the program, attend regional meetings to learn of changes in the program, and attend regular cooperative marketing meetings at the SCVB offices.

All interested parties should review the attached information carefully to ensure that you can meet or exceed the minimum requirements of the scope of work. All proposals will be carefully reviewed and evaluated based on the criteria noted in the enclosed document.

I look forward to hearing from you.

Sincerely,

Laura Whisler

This RFP provides prospective vendors with sufficient information to enable them to prepare and submit proposals for consideration by the Springfield, Missouri, Convention & Visitors Bureau to satisfy the needs as outlined in the information below.

Services Required:

SCVB staff has been conducting many of the proposed marketing services in-house or with the assistance of several advertising agencies. A partnership which allows SCVB and agency staff to work together to develop and implement these strategies is the desired outcome of the RFP process. The development of consumer promotions and experience in interactive, social and mobile applications is critical. In addition, SCVB relies on private revenue generation to increase marketing budgets each year. Creative agency fee structures, such as corporate strategic partnerships, could be developed to increase the marketing budget for subsequent years. Because SCVB does not seek an Agency of Record relationship, all items included in the proposal should be listed separately and fee structures should not be dependent on any other criteria not specifically mentioned in the proposal.

Desired services may include:

- Strategic planning to develop comprehensive, targeted marketing programs for leisure, convention and sports markets
- Creative direction and design production (online, print, video, radio, mobile, etc.) to support overall advertising strategy
- Media planning, purchasing and placement (online and offline)

  - Increase in total overnight visitation at Springfield hotels
  - Increased incremental trips, spending and overall ROI as reported by independent advertising effectiveness study
- Client management with in-person meetings, conference calls, presenting at board meetings, as needed, attendance at local, regional and national industry events and SCVB functions.
