STUDY TOOLS

Endorsed by the NSNA, Delmar’s NCLEX-RN® Review Online with CAT Logic is an online NCLEX-RN® test preparation and review course that provides nearly 5000 NCLEX-style questions that test all core areas covered on the licensure exam. This unique exam preparation tool provides content review with full-color illustrations, practice subject area tests and full-length mock exams that simulate Computerized Adaptive Testing (CAT logic) used in the actual NCLEX-RN® examination. Track your progress and pinpoint areas for improvement using the detailed performance dashboard.

• Create your own customized practice tests - choose the subject areas to test on, set the length of time, and whether or not you see immediate feedback after each question.
• Review your practice tests and mock exams after you’ve completed them. Rationales for each question are provided along with direct links back to the subject area content review for easy remediation.
• Additional tools include a calculator, a timer that can be turned on and off to practice time management and an option to print.

What are students saying about Delmar’s NCLEX-RN® Review Online with CAT Logic?

“I love this product. Often times NCLEX review products are not compatible with apple products, however, with this I am able to receive NCLEX review on the go with my laptop and my iPad. I love the content that is available through Delmar’s NCLEX-RN® Review Online with CAT Logic. The questions are realistic and approach each topic in an easy and understandable way. The mock exams have given me the confidence I need to pass my boards! Thanks Delmar!”

- Amy Olenick – Student, Farmingdale State College

“I found this product extremely helpful!! The ability to experience CAT LOGIC style questions really prepared me for class, and tests. It really helped build my confidence in being ready for the NCLEX!! This product would be very helpful to any student who is unaware of NCLEX style questions, or be ready for the questions being done on the computer like the actual test!”

- Matthew Hickling – Student, Russell Sage College
