The family contribution of an independent or self-supporting student means the amount of money which reasonably may be expected from the student and spouse to meet the student's cost of education.

(10) Family Status of Eligible Students: The Alabama Student Assistance Program provides a supplemental source of financial assistance to students with an established financial need following a determination of the student's family status—i.e., dependent or self-supporting.

(11) Financial Need: An applicant's financial need is the difference between the applicant's available financial resources, as defined in 04(12), and the applicant's anticipated educational cost, including tuition and fees applicable to such student together with the institution's estimate of other expenses reasonably related to cost of attendance at such institution, including, but not limited to, the cost of room and board, transportation costs, and costs for books and supplies. (b) A student is to be considered matriculated and eligible only if the courses pursued by the student are fully recognized at that time as contributing toward fulfillment by the student of the requirements for completion of the program. That the student may be required to complete certain courses to make up deficiencies in background or training does not necessarily negate the student's status as an enrolled and recognized degree candidate, so long as acceptance and credit are not contingent upon additional and special requirements designed to establish his/her qualifications to pursue the program successfully. If credit toward the degree is conditional upon satisfactory completion of additional special requirements, then the student must be considered not fully matriculated and ineligible for assistance during his/her present program of study.

(c) A student who meets all eligibility requirements for the Alabama Student Assistance Program and who is permitted to enroll in an eligible postsecondary educational institution on an early admission basis is eligible to receive a State grant.

(22) Public or Private Nonprofit Institution of Higher Education: A "public or private nonprofit institution of higher education" is: an educational institution which (a) is in Alabama; (b) admits as regular students only persons who have a high school diploma, or have the recognized equivalent of a high school diploma, or are beyond the age of compulsory school attendance in Alabama, and have the ability to benefit from the training offered; (c) is legally authorized to provide an educational program beyond secondary education and is physically located in Alabama; (d) provides an educational program for which it awards an associate, baccalaureate, graduate, or professional degree, or at least a two-year program which is acceptable for full credit toward a baccalaureate degree, or at least a one-year training program which leads to a certificate or diploma and prepares students for gainful employment in a recognized occupation; and (e) is accredited by a nationally recognized accrediting agency or association or, if not accredited, is approved by the State Department of Education, if the institution is a public postsecondary vocational institution, or is an institution which has satisfactorily assured the U.S. Secretary of Education it will meet the accreditation standards of an approved agency or association within a reasonable time, considering the resources available to the institution, the period of time it has operated and its efforts to meet accreditation standards, or an institution whose credits are determined by the U.S. Secretary to be accepted on transfer by at

(b) Whenever an institution refunds monies to the Alabama Student Assistance Program, the institution must provide to the Alabama Student Assistance Program the refund amount and the institution must maintain with the student's records documentation listing (a) the date the student withdrew, (b) the net institutional charges to the student for the period of the student's attendance, (c) the amount of the student's grant award, and (d) the amount of refund due the Alabama Student Assistance Program.

(24) State Student Incentive Grant Program: The SSIGP is a federal grant made to the several states by the U.S. Department of Education to encourage creation and/or expansion of state student assistance programs. Federal funds must be matched with at least an equal amount of state funding. All federal funds received plus the state matching funds must be returned to students. Administrative cost of the program must be borne entirely by state appropriations and/or institutional funds. Federal regulations require that a single agency designated by the state shall administer the program.

(25) Student Application Procedure: Each Alabama Student Assistance program applicant must submit a financial statement utilizing a need analysis system approved by the U.S. Secretary of Education. Award priorities will be given to completed need analysis reports in accordance with dates established by the individual eligible institutions.

period of enrollment is calculated according to the institution's refund policy.

(c) The portion of the refund that the institution shall return to the Alabama Student Assistance Program is the lesser of,

1. The amount of assistance received under the Alabama Student Assistance Program for the payment period; or

(a) If a student officially withdraws, drops out, or is expelled on or after his or her first day of class of a payment period, the institution shall determine what portion, if any, of the Alabama Student Assistance Program assistance received for that payment period by the student for noninstitutional costs is an overpayment that must be repaid by the student.
