B rated - 46 Energy Performance Asset Rated
GreenSpace Eco Mobile Welfare Unit

The latest concept in 12 Volt technology delivers cost effective and environmentally friendly, robust & easy to use Groundhog Mobile Welfare Units.

The GreenSpace ECO Mobile Welfare Unit offers the robustness and ease of use of the standard Groundhog GP360 whilst offering a green environmental solution. Giving savings by way of reduced fuel usage, 60% reduction in generator servicing, longer generator life, fewer breakdowns and massively reduced noise pollution.

The GreenSpace ECO Mobile Welfare Unit is extremely well equipped and seats up to six people. The heating control and battery indicator are both operated from the central controls inside the canteen.

GreenSpace ECO Mobile Welfare Unit additional key features over GP360D:

• 12 Volt L.E.D. Light c/w P.I.R. Sensor
• Generator auto-timed control
• 12 Volt L.E.D. lighting
• Diesel powered heating system
• 6kVA super silenced diesel generator with exhaust venting through roof
• 12 Volt mini handwash

C rated - 73 Energy Performance Asset Rated

The GreenSpace ECO Mobile Welfare Unit has been Energy Performance Asset Rated which indicates the energy efficiency of the building fabric, heating, cooling, lighting and ventilation systems, making it exceptionally Eco friendly.

Value Proposition
Potential yearly savings for the range
(based on units running 8 hour day and 5 day week)

✓ Fuel savings of up to £2,000
✓ CO2 emissions saving of over 17,335 KGs
✓ Reduced costs from breakdowns
✓ Low noise pollution

Dimensions: 3655mm (L) x 2284mm (W)

Easily towed, one man operation, secured and manoeuvred on site in less than 3 minutes.
This more compact Secure Welfare Unit has an open plan area providing an office, canteen and drying area.

Wernick Hire Welfare Units allow work on site to commence immediately. They are completely independent of mains services and provide ‘start-up’ facilities from day one.

They are typically equipped with:
- Super silenced 10kVA diesel generator
- Open plan office/canteen/drying area with water heater
- Separate WC with chemical toilet

Specifications
- Dimensions: 6100mm (L) x 2400mm (W)

- Hot and cold water supply
- Electric lighting and heating
- Microwave
Wernick Hire’s 7.2m Secure Welfare Unit provides on-site welfare facilities where mains services are not available. It fully complies with Health & Safety site welfare directives and is equipped with an integral generator which allows continuous operation, if required.

They are typically equipped with:
- A super silenced 15kVA generator with RCD protection and remote start
- Separate drying room with ceramic flushing WC and instant water heater
- Office/canteen including fixed bench seating, sink, microwave and refrigerator

Specifications
- Dimensions: 7200mm (L) x 2700mm (W)

For more information call 0800 51 55 55
The 7.2m Secure Unit with office has many applications. Like other welfare units in the Wernick Hire range, it is of all-steel anti-vandal construction and fully insulated with separate canteen and office areas.

They are typically equipped with:
- An integral super silenced 10kVA generator with RCD protection
- Separate WC with chemical toilet and hot and cold water supply
- Separate office

They also come with:
- Canteen with sink, hot and cold water supply and microwave
- Electric lighting and heating

Specifications
- Dimensions: 7200mm (L) x 2700mm (W)

Specialist Units also available

Also available:
- Rail specific Site Access Control (SAC) units with two doors allowing 'sign in-sign out' safety system
