WORKERS' COMPENSATION COVERAGE

The Enterprise's Business.

Resale or rental sales tax-free when used in the normal course of rental. To purchase tangible personal property or services for selling tangible personal property and/or services for resale or rental. To purchase workers' compensation coverage the enterprise's business.

Public transportation assistance tax is a tax or fee imposed on each sale in Pennsylvania of new tires for highway use, on the lease or motor vehicles, and on the rental of motor vehicles. The tax is also levied on the state taxable value of utility reality of enterprises subject to the public utility railway tax and on petroleum revenue of oil companies.

Reporting and payment methods offer the taxpayer the ability to file certain taxes through electronic data interchange (EDI) and to make payment through electronic funds transfer (EFT). Unemployment compensation (UC) wages may be reported via a magnetic medium. In certain instances, an enterprise may elect to finance UC costs under a reimbursement method rather than the contributory method.

Sales tax is an excise tax imposed on the retail sale or lease of taxable, tangible personal property, and on specified services.

- Hotel occupancy tax is an excise tax imposed on every hotel or motel room occupancy less than thirty (30) consecutive days.
- Local sales tax may be imposed, in addition to the state sales and use tax, on the retail sale or use of tangible personal property and services and on hotel/motel occupancies in counties that have enacted such ordinances.

Sales tax exempt status for charitable and religious organizations is the qualification of an institution of purely public charity to be exempt from sales and use tax on the purchase of tangible personal property or services for use in charitable activity.

Small games of chance is the regulation of limited games of chance that qualified charitable and non-profit organizations can operate in Pennsylvania.

Transient vendor is any enterprise whose business structure is sole proprietor or partnership, not having a permanent physical business location in Pennsylvania, which sells taxable, tangible personal property or performs taxable services in Pennsylvania.

Unemployment compensation (UC) provides a fund from which compensation is paid to workers who have become unemployed through no fault of their own. Contributions are required to be made by all employers who pay wages to individuals working in PA and whose services are covered under the UC law. This tax may include employee contributions withheld by employers from each employee's gross wages. (See employer withholding definition)

- Application for PA UC experience record and reserve account balance enables the registering enterprise to benefit from a predecessor's reporting history. Refer to the instructions to determine if this is advantageous.

Use tax is an excise tax imposed on property used in Pennsylvania on which sales tax has not been paid.

- Use tax account

Vehicle rental tax is imposed on rental contracts by enterprises having available for rental: (1) 5 or more motor vehicles designed to carry 15 or less passengers, or (2) trucks, trailers, or semi-trailers used in the transportation of property. A rental contract is for a period of 29 days or less.

Wholesaler certificate permits an enterprise solely engaged in selling tangible personal property and/or services for resale or rental. To purchase tangible personal property or services for resale or rental sales tax-free when used in the normal course of the enterprise's business.

Workers' compensation coverage is mandatory and protects employees from liability for wage loss and medical benefits incurred as a result of employees' job related injuries or diseases. Enterprises who employ at least one employee who could be injured or develop a work related disease in PA or outside of PA while under a contract of hire made in PA, if the employment is principally localized in PA, not principally localized in any state, or principally localized in any state whose workers' compensation laws do not apply must insure their workers' compensation liability by purchasing a workers' compensation policy through an insurance company or by securing the authority to self-insure. Enterprises are excluded from the requirement to insure their workers' compensation liability if all workers employed by it fall into one or more of the exempt categories.

10. Describe the PA business activity(ies) that the registering enterprise acquired from the predecessor.

11. Check the appropriate box(es) to indicate the type(s) of assets acquired from the predecessor.

12. Enter the date the predecessor last paid wages in PA, if applicable.

SECTION 15 – APPLICATION FOR PA UC EXPERIENCE RECORD & RESERVE ACCOUNT BALANCE OF PREDECESSOR

If the registering enterprise is continuing essentially the same business activity as the predecessor, the registering enterprise may apply for a transfer in whole or in part of the predecessor’s Unemployment Compensation (UC) experience record and reserve account balance, provided that:

- The registering enterprise is continuing essentially the same business activity as the predecessor; and
- The registering enterprise’s risk of unemployment is related to the employment experience of the predecessor based upon the following factors:
  - Nature of the business activity of each enterprise
  - Number of individuals employed by each enterprise
  - Wages paid to the employees by each enterprise.

It is important to consider more than the predecessor’s existing rate. The benefit charges attributed to the business acquired from the predecessor may have an adverse effect on future rate calculations.

The basic contribution rate for a newly liable non-construction employer is 3.5 percent (.0350). The basic contribution rate for newly liable employers involved in the performance of a contract or sub-contract for the construction of new roads, bridges, highways, buildings, factories, housing developments, or other construction projects is 9.7 percent (.0970).

For any given calendar year, newly liable contribution rates are subject to a positive or negative surcharge according to Sections 301.5 and 301.7 of the PA UC Law.

To be considered timely, an Application for the Transfer of the Experience Record & Reserve Account Balance of a Predecessor must be filed prior to the end of the calendar year immediately following the year in which the transfer occurred.

1-2. Complete only to apply for the predecessor’s experience record and reserve account balance. The authorized signature should be that of the owner, general partner, or officer of the predecessor and the registering enterprise. Attach Power of Attorney document, if applicable. If the predecessor’s signature is unavailable, contact the nearest Department of Labor & Industry Field Accounting Service Office for additional information.
Complete this section if the registering enterprise acquired only part of the predecessor’s PA business operation and is making application for the transfer of a portion of the predecessor’s experience record and reserve account balance.

Contact the nearest Department of Labor & Industry Field Accounting Service Office for Replacement UC-2A for Partial Transfer (Form UC-252) or for more information on the Unemployment Compensation (UC) taxable wage base for a specific year. Refer to page 27 for a list of offices.

If the Department of Labor & Industry determines that a transfer of experience is mandatory, the registering enterprise will be required to complete this section and Form UC-252.

1. Enter the exact date wages were first paid in the part of the predecessor’s PA business operation that was transferred. This date must include any wages paid by known pre-predecessors; that is, any previous owners of the part transferred who had transferred their experience and reserve account balance to any successors, the last of which would be the current predecessor.

2. Identify the year(s) and calendar quarters in which contributions were payable to the PA UC Fund for taxable wages applicable to the part of the predecessor’s PA business operation that was transferred. Include any quarters applicable to known pre-predecessors.

3. Identify the year(s) and calendar quarters in which contributions were payable to the PA UC Fund for taxable wages applicable to any part of the predecessor’s PA business operation that was retained. Include any quarters applicable to known pre-predecessors.

4. For the three calendar year period prior to the year of transfer (4a) or for a lesser period (4b) from the date wages were first paid to the actual date of transfer (acquisition), enter the total amount of taxable wages applicable to the part of the predecessor’s PA business operation that was transferred.

5. Enter the total amount of taxable wages applicable to the predecessor’s entire PA business operation for the period that directly corresponds to the same period in item 4a or 4b.

6. Enter the total amount of taxable wages applicable to the predecessor’s entire PA business operation for the period from the beginning of the quarter the transfer occurred to the actual date of transfer.
