2013-2014 REVENUE AND EXPENSES __21
Dear Winston School Family and Friends,

As we close out the 2013-2014 school year, our entire community is feeling the excitement of this past year’s accomplishments and we are all looking forward to the potential of the upcoming school year and new season with Rebbie Evans leading The Winston School.

Each year I have enjoyed describing our continuous growth and showcasing our success in palpable ways as I look to demonstrate our annual accomplishments. This past year, “changing of the guard” captures our actions and becomes a metaphor for all of our students as they develop and achieve academically, socially and emotionally. This metaphor is a unique way for The Winston School community to share the accomplishments of our students, staff, and families with our community at-large throughout the transition to new leadership.

*Changing of the guard* has been described as “a shift in institutional leadership for the future.” At The Winston School our students, staff and families *have had an integral role in the search for Winston’s next leader*. We are proud to demonstrate how our students take an active role in their academic, social and emotional growth as well as shaping the future of the School through change and forward movement. These unique opportunities also shine through as our community develops and shapes our academic programs, sports teams, drama productions and visual arts as they navigate new learning and redefine their personal and academic dreams at Winston.

The Winston School is blessed with a dedicated Board and an extended group of families, alumni and community members who understand and believe in our mission. The Winston School continues to thrive with the caring support of all members of our community and the generous personal donations of time, energy and monetary support. Without question, our students are impacted every day by the generosity of our community at large. All of your contributions are essential to our mission; a mission that teaches *bright students who learn differently*. Your generosity helps us open endless possibilities to students who, in other environments, often lose their “passion” for learning.

Within our community you will find evidence of not only students who have changed, but teachers who have been there encouraging their growth through efforts that are further supported through the tremendous hours of commitment to our students and their families.

This past year the dedicated staff continued to work with each student individually so they could meet their goals as they progress through our three divisions and are ready for their college and post Winston experiences.

Our continued goal is to enhance all student learning experiences while simultaneously helping students learn self-advocacy skills and prepare them for their college experiences as they individually *change and grow*. As I say good-bye to Winston, I know that Winston is lucky to have the *changing of the guard* to be Rebbie Evans. I am confident that Winston will continue to change, grow and offer the best experience for students who learn differently. I wish you all the best and look forward to hearing the great things that are yet to come.

Thank you for all your support to the Annual Fund,

Polly Peterson, Ph.D.

The Winston School relies on the generosity of its parents, grandparents, alumni, faculty, staff, and friends to make a Winston education possible, as tuition alone does not cover all costs associated with providing a quality education. Annual Fund donations have a direct impact on school programs, faculty enrichment, extra-curricular activities and special events.

A special thank you is extended to those who contributed gifts of $1,500 or more to the Winston School Annual Fund. These donors provide the foundation for the school’s success.
