Goals and Competencies

The purpose of the plan and its relationship to student learning is to provide a series of planned experiences, activities, and studies designed to increase the beginning or new district teacher’s knowledge and improve his/her teaching skills; thereby, facilitating an orderly and successful passage for that teacher through his/her initial teaching period.

The objectives for the Inductee include:

1. Becoming acclimated to the Ferndale Area School District policies and procedures.
2. Becoming familiar with state and federal regulations and guidelines as they pertain to their assignment.
3. Implementing appropriate instructional techniques, plans and methods consistent with current effective teaching methods, and the goals of the Ferndale Area School District.
4. Establishing a collegial relationship with peers.
5. Growing and developing professionally.

Assessment Processes

1. First-year professionals develop behaviors in classroom organization, planning, and management which become predictors of their future performance.
2. The beginning educator entering a new social system has to learn the role and expectations in that system, and the ways of acting and relating to students, non-professionals, parents, community and other professionals.
3. Beginning professionals need to have individuals on whom they can rely for assistance, guidance, confidentiality and support during their first year. The mentor will serve as one of these individuals.

Mentor Selection

A. The following guidelines are recommended to be used to select mentors:

1. Permanent Pennsylvania certification.
2. Five years of successful teaching experience.
3. Same subject area or grade level appropriate to inductee.
4. Willingness to serve.
5. One mentor per inductee.
B. Selection Procedures:

1. Letter of interest must be made to the superintendent or designee when position occurs.
2. Mentors must have board approval.

C. Change of Mentors:

1. There will be a change of mentor if either party expresses dissatisfaction.
2. The change will be subject to the review of the administration.
3. Salary will be prorated in such cases.

Activities and Topics

The Ferndale Area School District is a member of the Appalachia Intermediate Unit 08 (IU08) Teacher Induction Program. It conducts specific professional development activities for first year teachers in collaboration with other districts in the IU08. The goals of the consortium plan are organized into four major categories, and are reflective of the Pennsylvania Department of Education’s 12 high-leverage practices:

1. Quality Teaching
2. Quality Leadership
3. Artful Use of Infrastructure
4. Continuous Learning Ethic

Specific workshops include grade appropriate (elementary/secondary) sessions on teacher certification, reading strategies, differentiated instruction, and classroom management.

1st YEAR TEACHER - ELEMENTARY LEVEL DATE-SAVER
(The cost of the program will continue to be $150.00 per participant)

The Appalachia Intermediate Unit 08 Teacher Induction Consortium Program is a process to help beginning teachers function more effectively and grow professionally during their first year in the teaching profession.

The induction experience is one of the requirements for permanent certification. Newly employed professional personnel with prior school teaching experience may be required by the school environment to participate in an induction program.

A series of teacher induction workshops and seminars have been designed to address some of the general concerns faced by all beginning teachers. All workshops and seminars count towards the Act 48 requirements. These sessions include:
