From the Town Manager

Dear Reader:

Spring is in the air and new beginnings are around every corner. The DPW is starting their annual clean-up activities and economic activity is blooming all over town. We will look forward to watching things flourish as the season progresses.

We presented the Capital Improvements Plan to the Town Council on March 24th and the first public hearing is scheduled for April 7th. We will be submitting the Operating Budget to the Town Council in May.

Congratulations to the Barnstable Youth Commission on their successful Substance Abuse Prevention Forum and 2nd Annual Youth Summit. It is inspiring to see our youth taking a leadership role with such a challenging and life changing subject.

National Volunteer Week this year is recognized during April 10-16, 2016. This year’s theme is “Volunteers Our Greatest Natural Resource”. On behalf of the Town of Barnstable, I would like to publicly thank all of those volunteers who give countless hours to serve on our various boards, committees and commissions. And where would we be without the dedicated volunteers who work with our Recreation Division’s Beach Sticker/Parking Permit program? Or our Senior Services volunteers who do everything from greeting visitors at the front desk to helping prepare taxes during this time of year? Or those volunteers who work assisting our staff with our Shellfish propagation program? The Barnstable Police Department’s Volunteers in Police Service (VIPS) is widely recognized as an outstanding volunteer program with volunteers serving at the front desk and as couriers and they are a vital part of the Hyannis Main Street and West Villages Police Substations. Barnstable Public Schools have hundreds of volunteers on a daily basis. We are truly grateful for all of you who give back to your community and we hope that you will continue to do so. Thank you for your service!

Happy Spring!

Regards,

Tom Lynch

Friendly Reminder from the Town of Barnstable’s Five Fire Districts:

Here are some electrical safety tips:
- Replace or repair damaged or loose electrical cords.
- Avoid running extension cords across doorways or under carpets.
- In homes with small children, make sure your home has tamper-resistant (TR) receptacles.
- Consider having additional circuits or outlets added by a qualified electrician so you do not have to use extension cords.
- Avoid overloading outlets. Plug only one high-wattage appliance into each receptacle outlet at a time.

Be sure to check out the fun and exciting programs at the Hyannis Youth & Community Center. Visit the HYCC page at www.town.barnstable.ma.us or call 508-790-6345.
Superintendent's Corner

The Superintendent Academic Excellence Awards, sponsored by the Massachusetts Association of School Superintendents, are given to high school students who have distinguished themselves in pursuit of excellence during their high school careers. Criteria for the award include a student’s three-year cumulative average, rank in class, and personal selection by the superintendent among the top five percent.

On March 8, I had the pleasure of attending a dinner at Cape Cod Regional Technical High School to recognize the 2016 recipients of the Superintendent Academic Excellence Award in Barnstable, Cape Cod Tech, Dennis-Yarmouth, Mashpee, Monomoy, and Mashpee.

This year’s recipients of the Superintendent Academic Excellence Award in Barnstable are Alexander Damiecki and Norah Murphy. Congratulations to Alex and Norah for their academic achievements as well as their accomplishments in sports and community service.

**Alexander Damiecki** – Alex is a tremendous young man who has excelled throughout his life and at Barnstable High School. His strong work ethic, dedication to school, and willingness to help others have been a constant source of inspiration to his family, teachers and peers. Alex is a natural leader whose passion for learning is infectious. When Alex sets out a goal for himself he is determined to finish what he has envisioned. This tenacity drives this young man and accounts for his successes that he has earned throughout his life. Over the past four years, Alex has taken thirteen advanced placement courses, including six in his senior year while maintaining honor roll or high honor roll every term.

In addition to his academic prowess, Alex is also an athletic superstar. Alex has been a four year member of the high school’s swim team and Captain in his junior and senior years. In addition, he has been a four year all-star, a four year varsity letter winner and currently holds five out of thirteen swimming team records. While balancing sports, academics, volunteering, working, and trying to fit in some time to his social calendar, Alex was still looking for another opportunity to give back to his school in his senior year. Alex organized a tutoring service that helps his fellow peers. All they had to do was email him to set up a time and subject that they needed help in, and Alex would help them from there. Alex Damiecki is truly a renaissance man whose talents and skills will take him very far in life.

**Norah Murphy** – Dignified, Humble, Intelligent, Artistic are the words which first come to mind when thinking about Norah Murphy.

Within her academics, Norah has taken a highly competitive curriculum balancing a rigorous course selection while continuing with her artistic talents. Her academic accomplishments are endless, being recognized on local, state and national levels. Each year, she has placed either second or third in the state’s writing competition for Future Problem Solvers. In addition, she is recognized as an AP scholar with distinction. During her junior year, she was nominated for the National Merit Scholarship program. She is the current President of the National Honor Society and an active member of the National French Honor Society. She has earned the Academic Achievement Award each year for her high honor roll status and received a prestigious Academic Book Award last year.

Her accomplishments are not only in her academics. She has tremendous artistic talents. Whether she expresses herself through artwork, poetry competitions or playing the violin, Norah has talents which exceed the classroom. Norah has always had an interest in playing the violin. She took formal lessons for several years and played in school ensembles during elementary and middle school to eventually playing for the Cape Youth Symphony Orchestra. As the years went on, her passion for the violin started to fade. One summer, she was exposed to the Irish fiddle style of playing. This exposure reignited and inspired her passion to continue playing violin as she went from playing classical style pieces to rollicking jigs and reels.

In addition to her academics and her artistic talents, Norah is a leader within our school. She is extremely proud of her involvement with the Anti-Defamation League. During Norah’s sophomore year, she was approached to enroll in the program. She attended several trainings to strengthen her leadership skills and present awareness to freshman students. Norah is now training students to run the program within our school.

Norah has applied to some of the most distinguished colleges and universities in the country, and she is sure to be successful at whichever institution is fortunate enough to have her.
