God Multiplies Blessings

Twin boys Joe and Jacob Sakala were born in South Africa, where their parents had gone in search of a better life. The twins each weighed just over 5 pounds. Tragically, the joy of the twins’ birth was to last for little more than a week. Just eight days later, their mother collapsed and died from a rare and undetected heart condition. The sudden loss understandably left the young father distraught, and the twins helpless and hopeless. From great joy, he was plunged into deep sorrow.

After their mother’s death, the twins were taken back to Malawi. The extended family members wondered what to do with the babies, as no one was able to provide enough help, food, or support to the father.

At the right time, God intervened and provided for the twins through the Mzuzu Crisis Nursery. Members of the nursery

Another Scholarship Success Story

Born in the Kachedwa village, Potipher Chimbalanga comes from a family of seven children. He began receiving assistance from Ministry of Hope in 2005 after his father died. The following year, Potipher received Christ when someone shared the gospel with him while he was lying on a sick bed.

With scholarship assistance from Ministry of Hope, Potipher attended Chibanzi primary and secondary schools before being accepted to Phwezi Technical College, where he has been studying to be a plumber. Potipher has been an outstanding student, repeatedly placing well on examinations.

Potipher was recently offered a full time job at the Dwangwa Sugar Corporation, the largest sugar company in Malawi, and will pursue this opportunity as soon as he graduates from school. Potipher is one of many MoH sponsored scholarship students. Through this program, underprivileged children receive the gift of education, spiritual nurture, and mentoring so that they are prepared for a productive and independent life in the future.

Potipher is grateful to God and to MoH for the rare privilege of educational support, which has enabled him to reach this far. No one else from his family has gone so far in school. He is a shining example of a humble, dedicated young man who works hard to be an example to many in his community.

Twins - continued from page 1

Staff were alerted to the situation and came to the remote village to pick up the children and bring them back to Mzuzu, where they were given baths, new clothes, and food.

Within the safe and nurturing environment of the nursery, the twins thrived. Devoted caregivers sang to them, fed them, played with them, and loved them.

Joe and Jacob were cared for at the Crisis Nursery until there were able to eat solid foods and walk, a year and a half after being admitted. They came tiny, hopeless, and with nothing; but now were going home healthy, happy, and covered in prayer. At the time of being discharged, the twins each weighed about 23 pounds.

On March 5, 2013 these precious boys were reunited with their beloved relatives and returned home. Hope had been restored. Everyone was filled with joy and appreciation for the excellent care of the Crisis Nursery staff, and praised God for His goodness and mercy.
