TAI CHI FOR HEALTH AND FALL PREVENTION
The essence of Tai Chi practice is balance and harmony. Tai Chi allows us the opportunity to slow down and be present in a fast-paced and often stressful world. The slow, gentle, mindful way of moving imparts grace to the body, calmness to the mind and lifts the spirits. The movements translate well into our everyday activities making us more aware and confident of how we move through life. A centuries-old practice, Tai Chi is being recommended by health organizations around the world as an exercise which can improve balance and posture, prevent falls, build immunity, reduce stress and chronic pain and even promote cognitive function. The CDC and National Council on Aging recognize Tai Chi and an effective program for fall prevention. There are many forms of Tai Chi, but specially designed programs like Tai Chi for Health by Dr. Paul Lam have many advantages. Come join the movement! Class is limited to 20 participants and you must register before the first class in order to attend.

FREE to the public.

ZUMBA GOLD - THE FUN WORKOUT FOR ANYONE ANY AGE ANY ABILITY
Zumba Gold was designed for the older active adult, a person who hasn’t been exercising in a long time or individuals who may be limited physically. The biggest difference between Zumba Gold and Zumba basic is that Zumba Gold is done at a much lower intensity. It’s just as much fun, just not as fast! Zumba Gold utilizes the same great Latin styles of music and dance that are used in the Zumba basic program, including the Salsa, Cha-Cha, Rock ‘n Roll and Merengue. The Zumba Gold program strives to improve balance, strength, flexibility and most importantly, the heart. When you take the Zumba Gold class, be sure to wear comfortable workout clothing, take water and a towel, along with a “ready to party” attitude! FREE to the public.

ZUMBA GOLD FOR WHEELCHAIR/ WALKER USERS
Zumba movements are designed to mimic many typical Latin dance styles like salsa, rumba, and cumbia. Although traditionally many of these dances require use of your entire body, they can easily be adapted for people with mobility challenges. Many movements can be done with the upper body from a seated position in a wheelchair. Because so many different styles of music are usually incorporated into typical Zumba classes, participants join into the motions they feel most comfortable with. This class is a great way to strengthen the upper body as well as the lower extremities such as ankles and feet (if able). The class can be taken from your wheelchair or from a regular chair.

FREE to the public. Wheelchair participants will be given first priority. Chairs provided.

YIN YOGA FOR HEALTH AND HAPPINESS
Yin Yoga is a little different than the “typical” yoga class. It is a more passive yoga class where we learn to relax our muscles in order to improve the health of our joints, ligaments, fascia, and all connective tissues that normally are not exercised in traditional exercise. Please let the instructor know of any injuries or concerns as she may need to modify a pose to meet your specific needs. Yin Yoga is recommended highly if you are over the age of 35 as it helps to keep the connective tissues, joint, and other aspects of the body in proper alignment and good health as we age. Yin also teaches breathing techniques that help improve mood, sleep, and mobility. This is an all levels class from beginners to advanced. Please bring your own yoga mat and towel.

$5/class. Payable to INST.

READ AND REFLECT: BOOK CLUB FOR SENIORS
June 28 – All the Light We Cannot See by Anthony Doerr. Winner of the 2015 Pulitzer Prize for Fiction, All the Light We Cannot See is the story of a blind French girl and a German boy in occupied France during World War II. Doerr weaves their lives together in an ambitious, sweeping narrative stretches from the heart of Nazi Germany to the outskirts of Russia to the coast of France.

July 26 – The Great Gatsby by F. Scott Fitzgerald. Considered a classic of modern literature and a luminous portrait of the Jazz Age in America, The Great Gatsby tells the story of millionaire Jay Gatsby and his doomed love for the beautiful Daisy Buchanan. Whether revisiting it or reading it for the first time, the novel’s “complex picture of love, power, money, and hypocrisy” (Publishers Weekly) is still a powerful and stirring work of art.

August 30 – Stumbling on Happiness by Daniel Gilbert. Harvard psychologist Daniel Gilbert, using extensive research from psychology, neuroscience, and economics, examines some of the most peculiar aspects of human behavior. Gilbert pays special attention to the limitations of the human imagination, with the premise that “just as we err in remembering the past, so we err in imagining the future.”

The Curious Savage, written by John Patrick, is a comedic play about Ethel P. Savage, an elderly woman whose husband recently died and left her approximately ten million dollars. Contrasting the kindness and loyalty of psychiatric patients with the avarice and vanity of “respectable” public figures, it calls into question conventional definitions of sanity while lampooning celebrity culture. The cost of this trip includes transportation and admission. Please bring extra money for dinner. $15. Payable to the AAB.

50+ FIELD TRIPS:

JUNE 30TH: SOUTHEASTERN RAILWAY MUSEUM, DULUTH, GA
The Southeastern Railway Museum occupies a 25-acre site in Duluth, Georgia, in northeast suburban Atlanta. In operation since 1970, SRM features about 90 items of rolling stock including historic Pullman cars and classic steam locomotives. Ride in restored cabooses behind restored antique diesel locomotives, stand next to the massive driving wheels of the locomotive that once pulled passenger trains to Key West on the “railroad that went to sea,” tour the business car that helped bring the Olympics to Atlanta, pose on the platform of the private car once used by President Warren G. Harding, and see how green Southern Railway can be as you walk the length of the diesel-electric locomotive that ran the point on the last Crescent before AMTRAK assumed control of the famous train. The cost of this trip includes transportation and museum admission. Please bring extra money for lunch. $15. Payable to the AAB.

JULY 8TH: THE NATIONAL INFANTRY MUSEUM, FT. BENNING, GA

The National Infantry Museum emphasizes the values that define the Infantrymen, as well as the nation he protects: Loyalty, Duty, Respect, Selfless Service, Honor, Integrity, and Personal Courage. It preserves and displays one of the greatest collections of military artifacts in the world, but it is a museum of people, not things. The 100,000-square-foot museum opened in June 2009 on a 200-acre tract of hardwoods and pines just outside the gates of the Fort Benning Maneuver Center of Excellence. It is one of the Army’s largest installations, the home of the Infantry. We will have a total museum experience complete with a guided tour of the museum grounds and all the inside galleries as well as a chance to use the same rifle simulators as our U.S. troops. We will also be provided popcorn and a drink during the documentary film. The cost of this trip includes transportation and admission. Be prepared for a lot of walking. Please bring extra money for lunch. $35. Payable to AAB.

JULY 22ND: SWAN HOUSE AND SMITH FAMILY FARM, ATLANTA, GA

Join us as we visit two outstanding attractions at the Atlanta History Center. Swan House, traditionally known as one of the most recognized and photographed landmarks in Atlanta, is an elegant, classically styled mansion built in 1928 for the Edward H. Inman family, heirs to a cotton brokerage fortune. The Smith Family Farm includes the Tullie Smith House, a plantation-plan house built in the 1840s by the Robert Smith family. Originally located east of Atlanta, outside the city limits, the house survived the destruction in and around Atlanta during the Civil War. We will also enjoy lunch at the Swan Coach House Restaurant which is located on the grounds and originally served as the garage at Swan House. GOLF LESSONS
Indian Pines Golf Course, located at 900 Country Club Drive, is an 18-hole public golf course located in Auburn and adjacent Opelika. In 2005, the course was cited by Golf Digest in their rating of Auburn as the “best golf city in America”. It is a par 70 course with summer bermuda grass and a bentgrass/ryegrass mix in the winter. Indian Pines was originally constructed in 1946 as the Saugahatchee County Club, a nine-hole course, with the first tournament being held on July 4, 1947. The back nine holes, designed by Eddie Loos, were built in 1951. In 1976, the course was sold to the cities of Auburn and Opelika, which have operated it as a municipal course since. The course was redesigned in 1999. After fire destroyed the old clubhouse, a new clubhouse was constructed in 2006. Indian Pines hosts the Indian Pines Invitational, an amateur tournament drawing 200 participants and sponsored by Miller Lite. Indian Pines is the home course of the Auburn High School Tigers golf team.
Golf lessons are taught by two professionals on site: Fred Holton, PGA General Manager/Professional and Jerry Bavaro, PGA Head Golf Professional. Golf lesson rates for Adults are $75/hr. or $45/half hour and rates for junior golf lessons are $65/hr. or $35/half hour. To register for golf lessons or questions, please contact (334) 821-0880. EAST ALABAMA BIRTH VILLAGE BI-MONTHLY BREASTFEEDING SUPPORT GROUP

The East Alabama Birth Village is a community support group open to all families. We strive to re-create the village support network that existed in ancient cultures when women gave birth. We connect mothers-to-be and new moms, and their families, with local birth professionals, birth supporters, and family resources. This group meets on the 1st and 3rd Tuesdays of each month from 6:00 - 7:30 p.m. It is open to all breastfeeding mothers, pumping mothers, and mothers-to-be. Volunteer EAMC Breastfeeding Counselors will staff the group, and periodically the lactation staff from EAMC will attend. There is typically a scale to weigh your baby. Research demonstrates in-person support helps mothers reach their breastfeeding goals. Come experience community breastfeeding support. Visit us on the web at www.birthvillage.org. FREE to the public.

program registration begins may 2
The Auburn Parks and Recreation Therapeutics Program offers recreational activities, programs/leagues, social activities and field trips for citizens who have mental and physical disabilities. We provide an opportunity for children and adults to build friendships in a fun and encouraging environment. The programs are designed to strengthen and “show off” the participants’ abilities, rather than their disabilities. All programs are free, unless otherwise noted. The Therapeutics Program also supports and works with the Lee County and State of Alabama Special Olympics programs. If you are interested in finding out more information regarding our Therapeutics Program, please contact Dana Stewart at (334) 501-2939.

For the Summer Quarter, the Therapeutics Program will offer the following activities:

### AACT SUMMER PRODUCTION: MONTY PYTHON’S SPAMALOT

Find your grill! Lovingly ripped off from the classic film comedy “Monty Python and the Holy Grail,” “Spamalot” retells the legend of King Arthur and his Knights of the Round Table, and features a bevy of showgirls, not to mention cows, killer rabbits and French people. The 2005 Broadway production won 3 Tony Awards, including Best Musical. Come audition for the Lady of the Lake & the Laker Girls, the French tauntings, Not Dead Fred, Minstrels, Knights, the Historian, Tim and Sir Arthur’s horse. Auditions are open to adults 18 and up. Please prepare 60 seconds of a song, and be prepared to learn a short dance sequence. Production volunteers are also encouraged to attend auditions.

Suddenly he meets a peasant who looks just like him! They concoct a plan to trade places for three days. But when the King dies and Prince Tut must ascend the throne, their plan goes terribly awry.

This is a seven week summer day camp designed for young adults with various disabilities (e.g., autism, cerebral palsy, Down syndrome, developmental delays, hearing impairments, vision impairments). The Summer Camp is a joint project created and sponsored by Auburn Parks and Recreation and the Exceptional Outreach Organization. The Therapeutic Summer Camp’s curriculum program includes life skills training such as handling money, team work, social skills, Zumba, swimming, and other physical recreation activities (e.g., basketball, bowling, volleyball). The campers also participate in cultural experiences, such as going to the Blue Bell Ice Cream plant in Sylacauga, AL to see how the ice cream is made and of course taste it, and we have fun at the Wild Animal Safari, Pine Mountain, GA learning about all kinds of different animals. One of their favorite community experience field trips was taking a river boat cruise on the Harriett II, where they thoroughly enjoyed relaxing on the boat and learning about river life. Last year’s camp was a huge success and this year’s camp will be even better! Registration packets will be available March 28 at the Harris Center. All packets and registration fees must be turned in by 5 p.m. on Friday, May 6. Campers will be evaluated on an individual basis. $150, each additional sibling $95. Payable to COA.
