RULES & REGULATIONS

1.0 INTRODUCTION:

1.1 Formation of Directorate of Technical Education:

Tamil Nadu gains its pride from the fact that the first engineering institution to come into being in the country was the Survey School established in 1794 at Madras by the East India Company. Out of this grew the reputed College of Engineering, Guindy, Chennai. The output of the engineering institutions was not commensurate with the demand in the then developing India and the industrialization all over India necessitated the expansion of technical institutions at all levels during the Five Year Plans.

The Engineering Colleges and Polytechnics were initially under the control of the Directorate of Public Instruction and the Directorate of Industries and Commerce respectively. The Directorate of Technical Education was formed with effect from 14th October 1957, consequent to the suggestions made by the State Standing Advisory Board of Technical Education.

1.2 Functions of the Department:

The Technical Education Department under the control of Higher Education Department of Tamilnadu State is a vast one dealing with Diploma, Post Diploma, Degree, Post Graduate Courses and Research Programmes in various fields; nearly in more than 50 disciplines. Apart from the above, it monitors the establishment and functioning of Engineering Colleges, Polytechnic Colleges, Special Institutions, Technical Institutions including Commerce Institutions such as Typewriting / Shorthand / Accountancy Institutes, Hotel Management & Catering Colleges etc. in the State.

The administrative chart, depicting the hierarchy of officers who administer the Directorate of Technical Education are enumerated in Annexure - I. The Director of Technical Education is the head of this Department by whom the overall administration is controlled. While the Examinations for the Under Graduate & Post Graduate Degree Courses, conducted in the Engineering Colleges...
governed by this Department, are being held by the Anna University, the
Examinations for all the Certificate, Diploma and Post Diploma Courses conducted
in the Polytechnics, Special Institutions, Commerce Institutes, Hotel Management

Multi Point Entry and Credit System:

To introduce flexibility into the system of Polytechnic Education for meeting the diverse manpower needs within and across disciplines, the Multi Point Entry and Credit System has been introduced from the academic year 1994-95 in ten Polytechnics (both Government and Government Aided) and they have been granted full autonomy for the effective implementation of Multi Point Entry and Credit System.

The target groups for this Multi Point Entry and Credit System have been identified as 10, (10 + ITI) and (10+2) students.

The branch allocation for Multi Point Entry and Credit System has been done at the time of admission itself and semester system is being followed for all the three years of study period.

To enable the student to choose different clusters of competencies as per his / her needs, credit system has been incorporated in the course structure. The Diploma programme under Multi Point Entry and Credit System has been categorized as foundation course, core course, applied course and diversified or advanced course. For these courses credits of 20%, 30%, 40% and 10% respectively of the total credit requirement of the Diploma programme have been allotted. The student shall earn the prescribed minimum credits of 165 for award of Diploma under this Multi Point Entry and Credit System.

Few of the Government and Government Aided Autonomous Polytechnic Colleges are running the Multi Point Entry and Credit System from 1994 - 95 onwards.
The allotment of seats are done in the following ratio:

- S.S.L.C. — 75%
- H.S.C. (A) — 10%
- H.S.C. (V) — 10%
- 10 + I.T.I. — 5%

Duration of Course: 3 Years

The Examinations for Multi Point Entry and Credit System are being conducted by the Institutions under semester pattern right from the first year Diploma Examinations.

Under this system, if a student get the specific number of credits prescribed even before completing the course duration he/she will be awarded the Diploma.

Those who had studied under old regulations (admitted prior to 1990 - 91) were permitted up to April 1997 irrespective of their year of admission, to write their arrear papers.

However, considering the plight of weak students, the Board may decide and give a maximum of two additional chances to the students, on exhausting the prescribed time limit and after stopping them for one or two examinations, to complete the arrear papers. The candidates, who do not pass in all their arrear papers even in the additional chances, so given, will not be permitted to appear for the examinations, afterwards.

2.9 Eligibility to continue in the next higher semester / year:

Runthrough system had been introduced for the Diploma / Post Diploma Courses from the year 1990 in which the students are being permitted to continue
their studies in the next higher semester/year even if they do not pass in the lower semester/year examinations. But,

(i) a student with enough attendance in a particular semester/year and who had registered himself/herself for the Board’s Examination by paying the fee on time and received the hall ticket from the Chairman’s office, has to necessarily appear for the Board’s Examination in at least one paper (Either Theory or Practical) of the concerned regular semester/year (not in supplementary paper of previous semester/year) in which he/she is studying to become eligible to continue his/her studies in the next semester/year, in the Institution.

(ii) A regular candidate who had received the Hall Ticket from the Chairman’s Office, but not appeared for the Board’s Examination at least in a single paper (Theory or Practical) of the current semester/year of study, shall not be permitted either to continue his/her studies in the next semester/year or to appear for the papers as arrears in the subsequent examinations. He/She will be considered as a discontinued candidate. Such candidates have to be re-admitted in the same semester/year in the next academic year and satisfy all the prescribed requirements with respect to attendance, payment of fees etc. to become eligible to write the Board’s Examinations. In any case, a candidate will not be permitted to appear afresh for the examinations of two semesters/years in the same sitting.
