Your assignment, shown above, is one of the following:

- **FLEX**, for flexible rules. This is the intervention arm in which schedules will be constrained by 3 rules (all averaged over 4 weeks):
  - Maximum 80h per week
  - 1 day off in 7
  - Call no more frequent than q3

- **CURR**, for current rules. This is the "control" arm constrained by the current ACGME-mandated duty hour standards.
  As a member of the iCOMPARE Research Group, you will be receiving additional materials about the project beginning in December 2014.
