ACKNOWLEDGMENTS

Much appreciation to the following individuals for their contributions to this Catalog:

Editor
Joumana McGowan

Editorial Assistants
Reyna Casas
Irene Inouye
Jamaika Fowler
Sally Fenton

Design & Production
Greg MacDonald, Chief Designer
John M. Lewallen, Covers
Linda Lundgren, Opening & Section Pages

Photographers
Mike Taylor, Chief Photographer
Jeffrey George

The Catalog is available in alternate formats (Braille, enlarged text, e-text, etc.) upon request. Please contact Disabled Student Programs & Services at (909) 274-4290.
Mt. San Antonio College is reviewed and accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges. This accreditation authorizes the College to offer courses that parallel the first two years of the curricula for state universities. The ACCJC can be contacted in writing at 10 Commercial Boulevard, Suite 204, Novato, California 94949 or by phone at (415) 506-0234.

Mt. San Antonio College has made every effort to ensure the accuracy of the information in this Catalog. Students and others should note that policies, rules, procedures, and regulations change and that these changes may alter the information in this publication. This Catalog is not intended to be a complete statement of policies, rules, procedures, and regulations. More current or complete information may be obtained from the appropriate administrative office and the online version of this Catalog.

The College reserves the right to change, without notice, any academic or other requirement, course offering, or course content contained in this Catalog.

The Catalog does not constitute a contract or terms of a contract between the student and the College.

Welcome to Mt. San Antonio College!

Your educational journey is one of the most important you will take in your lifetime. As you can see in the 2015-16 College Catalog, we are your unwavering partner in success. This catalog is a compilation of courses, programs, support services, degree offerings, and transfer information that you will need to chart your course to academic success. All of this represents our commitment to provide you the finest education and support services.

In this catalog, you will find more than 200 degree and certificate programs, as well as a full range of basic skills and personal development courses. I encourage you to use the catalog as your planning resource guide to explore the vast scope of opportunities, services, and programs that Mt. SAC offers.

You will find a rich array of university transfer, career, and degree programs that can empower you with the knowledge and skills needed to succeed in a diverse and interconnected world. Be assured that our curriculum is in step with the fast-changing needs of today’s dynamic employment sectors.

To the many freshmen who will enter Mt. SAC this fall, and to all returning students, we welcome you with open arms and wish you much success as you now become a part of our legacy of excellence.

Dr. William T. Scroggins

*Instructional programs and departments
SECTION 1

The College
Mt. San Antonio College (Mt. SAC) is a public community college that offers a diversified educational program designed to prepare students for success in today’s diverse economic, professional, technical and cultural sectors. The objectives of the education program are to:

- prepare students for transfer to baccalaureate-level colleges and universities;
- increase vocational competence resulting in usable and marketable occupational skills;
- provide a general education emphasizing basic skills and appreciation of our shared scientific, technological, historical and artistic heritage;
- promote continuing education and lifelong learning;
- assist the student through guidance to know and develop his/her abilities in relation to his/her potential; and
- provide community service and adult education.

The College offers courses of study through a semester system. Each semester, fall and spring, is 16 weeks in length, while summer and winter sessions are six weeks long. Many courses are offered in an accelerated mode.

Instruction at Mt. SAC is organized under a divisional structure with departments within each division. At present, the College has eight instructional divisions within which are 42 departments.

HISTORY

The Mt. San Antonio Community College District was created in December, 1945, when voters of four local high school districts approved the formation of a community college district. Initially known as Eastern Los Angeles County Community College, the institution was later renamed Mt. San Antonio College after the most visible snow-capped mountain (popularly known as Mt. Baldy) in the distance behind the campus.

The 421-acre campus was originally part of the 48,000-acre La Puente Rancho. During World War II, the facility was converted into an Army hospital and later a Navy hospital.

Mt. SAC opened in the fall of 1946 with 635 students occupying a few Spanish-tiled buildings and temporary Navy barracks clustered below the San Jose Hills. Walnut, not yet an incorporated city, consisted of very little except dirt roads, cacti, and grasslands covered in the spring with wild mustard grass.

Not surprisingly, the growth of Mt. SAC has mirrored that of the local area. The College now serves the communities of Baldwin Park, Bassett, Charter Oak, Covina, Diamond Bar, the southern portion of Glendora, Hacienda Heights, City of Industry, Irwindale, La Puente, La Verne, Pomona, Rowland Heights, San Dimas, Valinda, Walnut, and West Covina.

Mt. SAC has emerged as a leader in education not only in the San Gabriel Valley, but in the state. It is California’s largest, single-campus community college with a combined Credit, Continuing Education, and Community Service student enrollment of over 65,000. In 2015 Mt. SAC proudly celebrated 69 years of educational excellence. The College will continue to offer access to quality programs and services as well as provide an environment for educational excellence throughout the 21st Century.

MISSION, VISION AND VALUES

Mission

The mission of Mt. San Antonio College is to support all students in achieving their full educational potential in an environment of academic excellence.

Vision

Mt. SAC strives to be regarded as one of the premier community colleges in the nation. We will be viewed as a leader in community college teaching, programs, and services.

As a premier community college, we will provide access to quality, focusing on student success within a climate of integrity and respect. We will earn this reputation by consistently exceeding the expectations of our students, our staff, and our community.

Core Values

- INTEGRITY
  We treat each other honestly, ethically, and responsibly in an atmosphere of trust.

- DIVERSITY
  We respect and welcome all differences, and we foster equal participation throughout the campus community.

- COMMUNITY BUILDING
  We work in responsible partnerships through open communication, caring, and a cooperative spirit.

- STUDENT FOCUS
  We address the needs of students and the community in our planning and actions.

- LIFELONG LEARNING
  We promote the continuing pursuit of high educational goals through equal access to excellence in both teaching and support services.

- POSITIVE SPIRIT
  We work harmoniously, show compassion, and take pride in our work.

THE COLLEGE
INSTRUCTIONAL DIVISIONS

Arts Division

Dr. Sue Long, Dean
Mark Lowentrot, Associate Dean

The Arts Division is comprised of four educational departments offering numerous degrees and certificates that provide students with the knowledge and training necessary for transferring to a university or fulfilling career opportunities in the arts. The division houses an acclaimed art gallery and supports the new state-of-the-art Design Technology Center. The division offers 6 Associate in Science degrees, 2 Associate in Arts degrees, and 17 Certificates of Achievement. The Arts Division's educational departments and program areas are:

- Fine Arts (Drawing, Figure, Painting, Sculpture, Ceramics)
- Commercial & Entertainment Arts (Animation & Gaming, Graphic Design & Illustration, Photography, Radio & Television)
- Music (Theory, Choral, Instrumental)
- Theater (Acting, Design & Technical, Playwriting)
- Art Gallery (Gallery Design and Operations)

Business Division

Jennifer Galbraith, Dean
Vacant, Associate Dean

The Business Division's educational programs and services are designed to respond to the changing trends, needs, and job requirements of the community, state, and national economy while ensuring a high quality of education. The division offers 20 Associate in Science degrees, 2 Associate in Arts degrees, and 69 Certificates. The Business Division also includes the services of the new Child Development Center and the Center of Excellence.

The Business Division's educational departments and their program areas are:

- Accounting and Management (Accounting, Business Management, Business Office Communications, and Marketing & Sales)
- Business Administration (Paralegal Studies, Real Estate, Economics, and Business Law)
- Child Development

School of Continuing Education Division

Dr. Madelyn Arballo, Associate Dean
Dr. Liza Becker, Associate Dean

School of Continuing Education provides a variety of noncredit courses and certificates as well as an array of fee-based, not-for-credit community services classes and contract training. The Division offers 9 Certificate of Competency and 48 Certificates in Occupational Training. The division provides assessment for placement, orientation, registration, educational advising, and counseling services embedded within its programs.

School of Continuing Education programs include:

- Adult Basic Education
- Adult High School Diploma & GED
- Citizenship
- Education for Older Adults
- English as a Second Language
- Short-Term Vocational (Business, Health Careers, Technology, and other fields)

</table>
SECTION 2

Student Success and Support Programs
Step 1 – Apply to Mt. SAC
Complete and submit a Mt. SAC Admission Application at www.mtsac.edu/apply. Computers are available in the Student Services Center for your convenience. For further information, contact Admissions Office at (909) 274-4415 or visit www.mtsac.edu/admissions.

Step 2 – Apply for Financial Aid
Mt. SAC offers a variety of financial aid programs funded by federal and state agencies and private sources, including grants, fee waivers, work-study opportunities, scholarships, and loans. For further information, contact the Financial Aid Office at (909) 274-4450 or visit http://www.mtsac.edu/financialaid.

Step 3 – Attend Placement Test Information Sessions
The sessions will prepare students to take the required placement tests and provide an opportunity for students to ask questions regarding the tests. For further information, contact the Assessment Center at (909) 274-4265 or visit www.mtsac.edu/assessment.

Step 4 – Get Assessed
Students attending Mt. San Antonio College are required to participate in assessment. The assessment and placement process has been established to assure that students who attend a California Community College are given the best possible opportunity to succeed in accomplishing their academic goals. To accomplish this, the college will assure that appropriate services are provided to students to enhance their success. As a student, you must identify your academic goal and course of study as well as complete required core services including Assessment, Orientation and Educational Planning. Below are the important steps to follow to begin your academic career including information on the services you are required to participate in.

Step 5 – Attend New Student Orientation
At orientation, a counselor will review placement test scores and help you select your courses based on your test scores. Counselors will also review graduation and university transfer requirements. You will also create your Mountie Academic Plan (MAP). For further information, contact the Counseling Center at (909) 274-4380 or visit www.mtsac.edu/counseling/orientation.html.

Step 6 – Get Counseling
Counselors are available to help if you:

a. are undecided about your major or career goal,
b. need assistance in planning your educational and/or career goal,
c. need assistance in choosing a university or college for transfer, or
d. have personal problems that impact your college success.

For further information, contact the Counseling Center at (909) 274-4380 or visit www.mtsac.edu/counseling.

Step 7 – Register Online
Register online, based on your assigned registration date/time. Check your registration date on your portal account at https://my.mtsac.edu.

Step 8 – Pay Fees
You can pay your fees online with a credit card (MasterCard, Visa, Discover, American Express) or in person at the Bursars’s Office (Lower Level – Bldg 4). For further information, contact the Bursars’s Office at 909-274-4960 or visit www.mtsac.edu/bursars.

ADMISSION AND REGISTRATION

Admissions
Any person possessing a high school diploma or its equivalent is eligible for admission to Mt. San Antonio College. Admission to Mt. San Antonio College includes the filing of an application for admission by the student and the filing of transcripts from high school or college(s). It is the student’s responsibility to request official transcripts from the last high school attended and any college(s) attended. Transcripts will be reviewed to determine eligibility for courses at Mt. SAC.

Application to the College
All inquiries regarding admission to the college should be directed to the Admissions and Records Office. Admission is granted only by filing an application for admission using one of the following methods:

1. The application for admission of credit classes can be submitted online. To access the online application, visit the Mt. SAC Admissions Website at http://www.mtsac.edu/students/admissions and click on the online application link at the top of the web page.
2. Assistance is available in English, Spanish, Vietnamese, Chinese and Sign Language. Information is also available in alternative formats (Braille, enlarged text, e-text, etc.).

Residency Requirements (for fee purposes)

Residency Guidelines
This statement is a general summary of the principal rules of residency and their exceptions and should not be construed as the actual expression of the laws used by the Mt. San Antonio College Admissions Officer for residency determination. Reference should be made to Chapter 1 (commencing with Section 68000) of Part 41 of Division 5 of the California Education Code, regulations of the Board of Governors of the California Community Colleges in Chapter 5 (commencing with Section 54000) of Division 6 of Title 5 of the California Code of Regulations, and the regulations and guidelines available in the Admissions and Records Office. Students wishing to change their residency must submit a Residency Reclassification form to the Admissions & Records Office prior to the deadline listed in the Schedule of Classes.

Residence Classification
Each person enrolled in or applying for admission to Mt. San Antonio College will, for purposes of admission and/or tuition, be classified as a “resident,” or a “nonresident.”

1. Resident: A “resident” is a person who is eligible to establish California residency for tuition purposes or who has resided within California for at least one year and who has established a legal residence in California prior to the residency determination date.
2. Nonresident: A “nonresident” student is one who has not resided in the State for more than one year prior to the residency determination date and who has not established legal residence or who is not eligible to establish California residency for tuition purposes.

Criteria for Determination of Legal Residence
To determine a person’s place of residence, reference is made to the following:

1. Every person has, by law, a residence.
2. Every person who is married or 18 years of age or older, and under no legal disability to do so, may establish residence.
3. In determining the place of residence, the following rules are to be observed:
   a. There can be only one residence.
   b. A residence is the place where one remains when not called elsewhere for labor or other special or temporary purposes, and to which that person returns in seasons of repose.
   c. A residence cannot be lost until another is gained.
   d. The residence can be established and/or changed only by the union of act and intent.
Student Success and Support Program

Only college level courses may be taken as part of the Special Admit program. Students needing to make up a high school deficiency can apply to participate in the High School Referral Program. For more information, contact the Continuing Education Center at (909) 274-4937.

A parent/guardian approval form allowing the student to participate must be submitted as part of the application process. Parents must acknowledge that their student will be instructed in an adult environment and that the student will be expected to conform to all college policies.

Students who have previously enrolled and who have dropped their courses and/or have not made satisfactory progress will not be allowed to continue their participation in the Special Admit program.

Highly-gifted students enrolled in grades 9 and earlier may be considered for limited enrollment. To participate, students must meet all of the same criteria required for 10th, 11th and 12th grade Special Admit students.

All high school students will be required to attend a Special Admit orientation prior to being accepted for admission.

College credit will be earned as a result of taking courses at Mt. San Antonio College and those grades will become part of the student’s permanent college record. High school credit may be possible at the discretion of the receiving high school. Students are advised to contact their high school counselor.

Evaluation of Other College Coursework

Mt. San Antonio College reserves the right to evaluate work completed at other regionally accredited colleges and universities. Transfers with acceptable grades will be granted advanced standing insofar as the work corresponds with the curriculum of this institution or the lower-division work offered in accredited colleges or universities. Each applicant should file with Admissions and Records an official transcript of their records from all colleges and universities previously attended. For information regarding military credit, see Section 3 in this Catalog.

It is the student’s responsibility to request the evaluation of official transcripts from other colleges. Students will need to request an evaluation upon submission of their graduation petition. This may be accomplished by submitting a completed “Evaluation Request” form at Admissions and Records.

Students planning to use courses taken at other colleges for placement in Mt. San Antonio College courses who did not have transcripts sent to Admissions and Records must bring official copies of their transcripts prior to their registration appointment.

Transcripts submitted for admission become the property of Mt. San Antonio College and cannot be returned to the applicant or forwarded to other institutions.

Acceptance of Domestic Coursework from Accredited Colleges and Universities in the United States

The College will accept “degree appropriate” or “baccalaureate” level courses from accredited colleges and universities in the United States. These course units will, at a minimum, be granted “elective credit” status.

To determine General Education and/or Associate Degree equivalency and for granting of unit credit, the course must be easily identifiable as the same course taught at Mt. San Antonio College by a commonly used course prefix, title, and description. To be verified, sufficient information, including prerequisite information, must be available from the accredited college/university to substantiate granting course equivalency and course credit. The College reserves the right to deny acceptance of any course for the purpose of General Education, Associate Degree graduation requirements, or subject requirements. If denied, the student may petition for an in-depth evaluation but will be required to provide course information from the institution of record or from the college/university catalog.

To determine “subject” requirements for an established vocational program, the course must be evaluated by a representative from the respective academic department in which the major resides. If the course is determined acceptable as a substitution for a required course in the program, the department representative will complete a “variance” form verifying this acceptance and complete the paperwork at Admissions and Records.

Acceptance of International Coursework from Accredited Colleges and Universities outside the United States

Mt. San Antonio College may accept for equivalence, general education and courses that meet other local graduation requirements, that have been successfully completed at institutions of higher education outside the United States from international college and universities where the primary language of instruction is other than English, provided substantial documentation exists for the equivalences to be determined. The exceptions to this are courses to meet Area A: Communications in the English language and the Reading Competency requirement. These requirements must be fulfilled at a regionally accredited institution of higher education within the United States.

Students completing coursework at international higher education institutions in which English was the language of instruction may submit a petition for special review to the Admission Office to determine the equivalence of coursework in Area A and the Reading Competency. Mathematics course credit will only be granted for coursework completed at the level of Intermediate Algebra or higher. Official Transcripts must be accompanied by evaluation documents provided by an approved credential evaluation agency.
Articulation with High Schools, ROPs, and Adult Schools

Articulation Agreements with secondary schools (high schools, Regional Occupational Programs and Adult Education) are established annually during the fall and are valid for the current school year. Articulation is a faculty driven process with three possible methods of rewarding student achievement in the Career Technical Education courses taken at the secondary level. The three types of articulation include Project Credit, Course Equivalency and College Units of Credit.

Project Credit is the minimum level of articulation and results in a certificate to be submitted in a specified college course in lieu of a specific required project or projects. Course Equivalency recognizes the information gained from the secondary experience and allows students to use that experience to continue their career education by taking an advanced college level course. Project Credit and Course Equivalency articulation will not result in units of credit at the college.

College Units of Credit is the most common form of articulation between the college and secondary schools. Students participating in these agreements must meet an exam requirement as stated in California Code of Regulations, Title 5. Students that successfully meet the exam requirement and supply the correct paperwork will be awarded a grade and units of credit. The credits will appear with a notation of "by exam." Articulation with secondary programs is a time sensitive process. Secondary students must complete the required paperwork and pass required exams at the completion of their secondary course. If a course sequence is required at the secondary level, the student must request the units at the completion of the course sequence. The required paperwork must be submitted by the instructor of record on the Articulation Agreement within two months of course or sequence completion. Students may not seek college units retroactively.

Required paperwork includes:
- 2+2 Articulation Equivalency Form
- High School Transcript
- ROP/Adult Education Certificate of Completion

Forms are available from participating high school instructors. Secondary instructors submit all required paperwork to the Tech Prep office at Mt. San Antonio College. Articulation forms will be accepted from authorized secondary instructors only.

College credit issued by ROPs and/or Adult Education centers will be accepted if the issuing program is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) or the Senior College Commission, under the auspices of the Western Association of Schools and Colleges (WASC).

For more information on articulations with high schools, ROPs and adult schools, please contact the CTE Transitions Office, Bldg. 21D, at (909) 274-5252.

Admission of International Students

Mt. San Antonio College encourages applications from students holding or attempting to obtain the F-1 Visa. The following items are required from international applicants:
- Mt. SAC Application for Admission
- International (F-1 Visa) Student Application
- Application processing fee of $50.00 (Must be paid in U.S. currency (check or money order) made payable to Mt. San Antonio College. Personal checks must have the accountholder's name and address preprinted on them.
- Confidential Financial support documents
- Qualifying score on one of the following College approved tests:
  1) TOEFL (minimum score of 133 on the computer-based test, or 450 on the paper-based test, or a score of 45 on the Internet-based test). Information regarding TOEFL may be obtained at www.toefl.org. If you are mailing your score directly, our institution code is “4494”.
  2) IELTS (overall band score of 4.5 or higher). Information regarding IELTS may be obtained at www.ielts.org.
  3) Mt. SAC’s AWE (Assessment of Written English) - Placement in AMLA 41W or higher. Information regarding the AWE may be obtained at www.mtsac.edu/students/assessment.

Transcripts from high school and/or college attended
- TB (tuberculosis) test
- Proof of health insurance (prior to registration)

The following items are required for current F-1 Visa students transferring into Mt. SAC:
- Copy of I-20
- Copy of I-94
- Transfer form

The deadlines to apply for the school year are as follows:

<table>
<thead>
<tr>
<th>Application Deadline</th>
<th>Classes Begin</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Fall Semester</strong></td>
<td>Late August</td>
</tr>
<tr>
<td>First Monday of June</td>
<td></td>
</tr>
<tr>
<td><strong>Summer Intersession</strong></td>
<td>Late June</td>
</tr>
<tr>
<td>First Monday of April</td>
<td></td>
</tr>
<tr>
<td><strong>Spring Semester</strong></td>
<td>Late February</td>
</tr>
<tr>
<td>First Monday of November</td>
<td></td>
</tr>
</tbody>
</table>

F-1 Visa students can obtain all application materials from our College Website at http://www.mtsac.edu/international/index.html.

TOEFL scores, IELTS scores, admission applications (both college and International Student Application), and all supporting materials must be received on or before the term deadlines listed above. Students will be required to take the Assessment of Written English (AWE) when they arrive at Mt. San Antonio College. Applications received after the deadline will be considered for the following semester. The application fee must accompany the admission application. (AP 5010)

Registration

Registration for classes is conducted online via the web at http://my.mtsac.edu. Students who enrolled in the previous semester or session preceding the enrollment term are eligible to register for classes. Students may check their date and time to register at http://my.mtsac.edu.

Schedule of Classes

The Mt. SAC Schedule of Classes, which indicates intended course offerings and teaching assignments for credit, noncredit and continuing education courses, is available on the Mt. SAC website at www.mtsac.edu/schedule. The College reserves the right to cancel, reschedule or combine classes and to change professors where such action is deemed necessary.

Enrollment Fees and Expenses

Students are charged an enrollment fee of $46 per unit and a mandatory Health Services fee for each term at Mt. San Antonio College. A Student Representation fee and an optional Student Activities fee are collected for Fall and Spring semesters only. In addition to these fees, non-resident and international students also pay tuition of $227 per unit. Students wishing to park in the student parking lots are required to have a valid Student Parking Permit which can be purchased online through the student portal. Fees are subject to change. Financial aid, scholarships and Board of Governors Fee Waiver (BOGW) may be available to assist with fee payment. Please consult the Schedule of Classes online for current fees and related information. (BP 5030, AP 5030)

Students are responsible for purchase of their own textbooks and supplies. Costs for books and supplies for full-time students average $300-$600 per semester depending on the program of study selected.

Student Representation Fee

The Student Representation Fee is a mandatory fee that is collected during fall and spring registration for the purpose of providing Mt. SAC students the means to state their positions and viewpoints before city, county, district, and state government agencies. A student may choose not to pay the Student Representation Fee for political, religious, financial, or moral reasons. If a student chooses to opt-out of paying the fee for the stated reasons, then the student must: 1) visit the Student Life Office in Building 9C or http://as.mtsac.edu to get the opt-out form; 2) complete the form and; 3) return it to the Bursar’s Office prior to paying the college fees.
Student Success and Support Program

Refund of Fees
To be eligible for a refund, students must drop their classes by the refund deadline for that class. The deadline can be found on their Student Schedule/Receipt. If the student’s class has been officially dropped, or cancelled by the College, the student will receive a refund. Please see the current Schedule of Classes for refund information.

- Military Refund: In the case of students who are members of an active or reserve military unit and who receive orders compelling a withdrawal from courses, the College shall, upon petition by the affected student, refund the parking fee, health fee, materials fee, student activities fee, entire enrollment fee and non-resident tuition fee unless academic credit is awarded.

Cancelled Classes
Classes may be cancelled at the discretion of the College. Students enrolled in such a class will be permitted to enroll in other open classes. Students who have a class or classes cancelled by the College because of low enrollment and have paid their fees for those classes will receive a refund.

Student Obligations
Mt. San Antonio College will withhold grades, transcripts, diplomas, and registration privileges, or any combination thereof, from any student or former student who fails to pay a valid financial obligation to the College (e.g., returned check, unpaid enrollment fees, unpaid loan, equipment breakage, unpaid library fine, etc.). The hold shall be released when the student satisfactorily meets the financial obligation. When an outstanding financial obligation owed to the College is sent to our collection agency, the hold shall be released when the former student who fails to pay a valid financial obligation to the College is satisfactorily met. When an outstanding financial obligation owed to the College is sent to our collection agency, the hold shall be released when the former student who fails to pay a valid financial obligation to the College is satisfactorily met.

There is a processing fee of $25 for returned checks or stop payment of checks.

Any student having a disciplinary hold with the Student Life Office will not be allowed to transact College business until the hold is satisfied. (BP 5035, AP 5035)

ASSESSMENT AND PLACEMENT
Students attending Mt. San Antonio College are required to participate in assessment. The assessment and placement process has been established to enable all students an opportunity to achieve probable success in their course work. In addition, the process allows the faculty to instruct their courses at an appropriate level with the knowledge that students will be reasonably prepared. For more information, visit http://www.mtsac.edu/assessment

Placement Tests
Placement tests are required for appropriate course placement. Students take placement exams for Math, English, Chemistry and Reading courses. Advanced level math placement exams should be taken when applicable to the student’s academic background and intended program of study.

Test Information Sessions
The sessions will prepare students to take the English and Math placement test and provide an opportunity for students to ask questions. The information sessions will also provide strategies and resources. For further information, contact the Assessment Center at (909) 274-4265 or visit www.mtsac.edu/assessment

English Placement
The College utilizes the Assessment of Written English (AWE) to evaluate students’ writing skills. Most students are required to have their English competency assessed prior to registration. Students will be given a writing prompt and the writing sample will be evaluated by at least two faculty members. Based on the faculty evaluation of the student’s writing skills, they are placed in one of the following categories:

A. Eligible for English classes. Based on assessment results, students will be eligible for either ENGL 1A, 68, 67, or LERN 81.
B. Eligible for AMLA writing courses (designed for students who are not fluent in the English language). Students may enroll in AMLA writing courses and continue enrolling in AMLA writing courses until they are eligible for ENGL 67 or ENGL 68.
C. Eligible for ESL (English as Second Language) classes. Students may enroll in ESL adult education courses each semester until eligible for AMLA courses; then enroll in AMLA courses each semester until they are eligible for ENGL 67 or ENGL 68.

Students in any of the categories listed above may enroll in other courses for which they are eligible. Students with limited English skills are not prohibited from enrolling in vocational courses.

Math Placement
The College utilizes a selection of assessment instruments to place students into math courses. Students take one of the math placement exams commensurate with their most recent, successful completion of Pre-Algebra, Algebra, Intermediate Algebra or Pre-Calculus.

Reading Placement
The College utilizes the Degrees of Reading Power (DRP) and COMPASS/ESL reading tests to assess student reading skills. Based on the results of the reading test, the student will be placed in an appropriate reading course. Please be advised that the reading competency requirement for graduation can be met by attaining eligibility for READ 100.

Chemistry Placement
The College utilizes the California Chemistry Diagnostic Test to determine student readiness for Chemistry 50. Students who pass the chemistry placement test will not be required to take chemistry prior to enrolling in Chemistry 50.

Retest Policy
Students may repeat a test once every three months. Under certain extenuating circumstances and with approval of the Director of Assessment and Matriculation, a test may be repeated prior to the three-month limit.

Placement Test and Eligibility Time Limits
Placement test scores are valid for two years from the date the test was taken. Eligibility based on test placement is not valid after the two-year period. Eligibility based on previous coursework does not expire.

Test Scores and Placement from Other Colleges
Math and reading test scores will be accepted from other colleges if that college uses the same test as Mt. SAC. Test scores from other college English tests are not accepted. Mt. SAC does not accept placement granted at other colleges.

Appeals Process
Students may appeal their English and/or Math placement if they can demonstrate alternate proof of course equivalency or competency. If extenuating circumstances exist that may affect course placement, students may seek consultation in the appropriate division office. Students should be prepared to present documentation such as high school or college transcripts, additional test results, or work experience.

ORIENTATION – CREDIT STUDENTS
Orientation is required for all new students who are enrolling in Mt. San Antonio College. Orientation includes information regarding college programs, services, procedures, student responsibilities, and other related information.

The College has determined the importance of an orientation to college as a factor in success. Prospective students are urged to make an appointment for orientation immediately after filing an application and taking the necessary placement tests.

Visit http://mtsac.edu/counseling/orientation.html
CUNSELING/ADVICEEMENT
Counseling Center services are provided to enrolled students who are in need of additional assistance regarding course selection, major selection, and transfer information and planning. Students are encouraged to meet with a counselor during their first semester of enrollment to develop an Educational Plan. The Educational Plan lists the courses needed to complete a specific major, as well as identifying graduation and/or transfer requirements in general education.

Students who are undecided about their major and/or career and educational goals, should make an appointment with a counselor. Career counseling services are available to students at no cost, to assist students in making the most appropriate choices about their future.

EXEMPTION FROM ASSESSMENT, ORIENTATION, AND COUNSELING, ADVISING, OR EDUCATION PLAN DEVELOPMENT
A student is exempt from assessment, orientation, and counseling, advising, or education plan development if the student has:
1. completed an Associate degree or higher from a regionally accredited institution;
2. enrolled at the College for a reason other than career development or advancement, transfer, attainment of a degree, or certificate of achievement, or completion of a basic skills, or English as a Second Language course sequence;
3. completed these services at another community college within a time period identified by the College;
4. enrolled at the College solely to take a course that is legally mandated for employment as defined Section 55000 or necessary in response to a significant change in industry or licensure standards;
5. enrolled at the College as a special admit student pursuant to Education Code section 76001.

PREREQUISITES, COREQUISITES, AND ADVISORIES
Mt. SAC faculty have established prerequisites, corequisites and advisories for courses. If a student does not meet the prerequisite or corequisite requirements, the student will be blocked from enrolling in those courses. Transcripts and grade report cards from other colleges used to determine whether pre or corequisites have been met must be evaluated prior to registration.

Prerequisite
Prerequisites to a course are those courses which must have been taken previously as preparation for the course. To enroll in a class that has a prerequisite, the required preparation must have been completed prior to enrolling in the course. In some instances, English and Math prerequisites may be met by attaining eligibility through assessment. All course prerequisites listed must be completed with a grade of “C” or better, unless otherwise stated.

Corequisite
To enroll in a course that has a corequisite, the corequisite course must be taken concurrently. In some instances, a corequisite may have been taken previously.

Advisory
An advisory to a course is preparation which is highly recommended by faculty teaching the course. Although students may enroll in a course if they do not possess the advisory skills, they are encouraged to abide by an advisory whenever possible.

CHALLENGING PREREQUISITES AND COREQUISITES
In accordance with Title 5 Section 55003(p) and (q), Student Challenge of Prerequisites or Corequisites, students may challenge a prerequisite or corequisite for a course. A prerequisite or corequisite cannot be “waived,” but students have the ability to demonstrate that they meet the prerequisite or corequisite on the following criteria, and course eligibility may be granted. The challenge must be based on at least one of the following specific grounds:

- The College will accept prerequisite or corequisite courses from regionally accredited colleges and universities in the United States. (The student will meet with the appropriate department chair)
- A student may request a prerequisite or corequisite variance to demonstrate that the student has the knowledge or ability equivalent to the prerequisite or corequisite for the course in question, but has not formally met the established prerequisite or corequisite. (The student will meet with the appropriate department chair)
- The prerequisite or corequisite course has not been made reasonably available, and waiting until the prerequisite or corequisite is offered will create an undue delay in meeting educational goals. (The student will meet with the Director of Assessment and Matriculation)
- The prerequisite or corequisite is being applied in a discriminatory manner. (The student will meet with the Director of Assessment and Matriculation)
- The prerequisite violates the provisions of the State Education Code. (The student will meet with the Director of Assessment and Matriculation)
Academic Policies and Requirements
ACADEMIC POLICIES AND REQUIREMENTS

For detailed information regarding Mt. San Antonio College Board of Trustees Policies (BP) and Administrative Procedures (AP), go to http://www.mtsac.edu/governance/trustees/policies.html

ACADEMIC FREEDOM

It is the policy of Mt. San Antonio College to maintain and encourage freedom for its faculty, within the law, of inquiry, teaching and research, and the pursuit of knowledge. In the exercise of this right, the professor may discuss his/her subject or area of competence in the classroom, as well as other relevant matters, including controversial materials, so long as he/she distinguishes between personal opinions and what is contemporarily regarded as factual information by leading academicians in the discipline being discussed.

The professor shall use no material in any teaching assignment nor make any speech in order to incite students or others to unlawful acts or to create a clear and present danger to the students and/or the College and/or the community. Professors may not use the classroom to promote a particular religious belief. (BP 4030, AP 4030)

ATTENDANCE AND ENROLLMENT

Attendance

Students are expected to attend all class meetings. It is the students' responsibility to know the attendance and absence policies of their professors.

Professors may take attendance at all class meetings. It is the responsibility of each professor to inform his/her classes of the attendance and absence policies at the beginning of each semester.

It is the student's responsibility to officially drop a class whenever he or she determines that he or she can no longer attend the class. Failure to officially drop a class may result in a failing grade and/or a financial obligation to the college.

Professors may drop students from their classes and students may not drop themselves from any class or withdraw from the college after 60% of the class has elapsed. All students who are registered for a class after 60% of the class has elapsed shall receive an academic grade (A,B,C,D,F,P,NP) or an incomplete mark for the class.

A "W" Withdrawal mark shall not be assigned to any student enrolled after the last day to drop a class except in the case of an approved petition due to extenuating circumstances. A "W" Withdrawal remains a permanent part of a student's academic record.

Intersections and other short term classes

For short term classes, students who drop a class, withdraw from college or are dropped from a class by the professor prior to the conclusion of the first 20% of the class will not receive any mark or notation on their permanent record.

Students who drop a class, withdraw from the college, or are dropped by the professor after 20% of the class has elapsed will receive a mark of "W" (Withdrawal) on their permanent record.

Professors may not drop students from a class and students may not drop themselves from any class or withdraw from the college after 60% of the class has elapsed. All students who are registered for a class after 60% of the class has elapsed shall receive an academic grade (A,B,C,D,F,P,NP) or an incomplete mark for the class.

A "W" Withdrawal mark shall not be assigned to any student enrolled after the last day to drop a class except in the case of an approved petition due to extenuating circumstances. A "W" Withdrawal remains a permanent part of a student's academic record.

Student Unit Limits

Students may enroll in a maximum of 18 units each semester and up to seven units each summer and winter session. Students who have completed a minimum of 15 college units in a given semester with a grade point average of at least 3.0 and have a minimum cumulative grade point average of at least 3.0 may petition for permission to enroll in units above the maximum.

Students are required to see a counselor as part of the petition process. Petitions are available in the Counseling Office, located on the upper level of the Student Services Center.

Full 16-week courses

For 16 week courses, students who drop a class, withdraw from the college, or are dropped from a class by the professor by the Sunday at the end of the second week of classes will not receive any mark or notation on their permanent academic record.

Students who drop a class, withdraw from the college, or are dropped by the professor beginning Monday of the third week of a 16 week class will receive a mark of "W" (Withdrawal) on their permanent record.

Professors may not drop students from a class and students may not drop themselves from any class or withdraw from the college after 60% of the class has elapsed. All students who are registered for a class after 60% of the class has elapsed shall receive an academic grade (A,B,C,D,F,P,NP) or an incomplete mark for the class.

A "W" Withdrawal mark shall not be assigned to any student enrolled after the last day to drop a class except in the case of an approved petition due to extenuating circumstances. A "W" Withdrawal remains a permanent part of a student's academic record.

Basic Skills Limitations

Students are limited to completing no more than 30 units of courses identified as "Pre-collegiate Basic Skills" while enrolled at Mt. SAC. Courses in this category include pre-collegiate basic skills courses in Math, English, Reading, and Learning Skills. Students enrolled in the American Language program and students with learning disabilities are exempted from this policy. Waivers to exceed the 30 unit limit are available to students who show significant progress and will be limited to a specified period of time and/or number of units. Students requesting this waiver must submit a Petition for Exceptional Action to the Board of Appeals. Petitions are available in the Counseling Center and in Admissions & Records. Students who reach 30 units of pre-collegiate basic skills courses and who are not ready to pursue degree applicable courses are subject to remedial dismissal. (BP 4220, AP 4222)

Repeatable Courses

Certain courses may be taken more than once for credit. If the course is designated as repeatable, the course may be repeated for the number of times allowable.

The following types of courses may be repeatable:

a) Courses for which repetition is necessary to meet the major requirements of CSU or UC for completion of a Bachelor's degree.

b) Intercollegiate athletics courses in which student athletes are enrolled to participate in an organized competitive sport.

c) Intercollegiate academic or vocational competition courses that are designed specifically for non-athletic competitive events.

In some cases, a group of courses may carry a collective limitation on the number of allowed repetitions for that entire group/cluster of courses (for example, when a similar educational activity is offered in beginning and advanced course levels.) To determine whether a course is repeatable, refer to Section 10, Course Descriptions, in this Catalog.

Repeating Courses Previously Passed

Courses for which satisfactory grades of A, B, C, or Pass are received may not be repeated, according to current State regulations. Only upon extenuating circumstances will repetition in courses for which the student has satisfactorily passed be allowed. Students with extenuating circumstances may file a Petition for Exceptional Action form in the Admissions and Records Office. Students who repeat courses based on this provision will not earn additional units or grade points toward improving or changing the previous grade earned in the class or toward changing the overall grade point average.

Limitations on Repeating Courses

Students who have recorded a mark of W, D, F, No Credit or No Pass will only be allowed to repeat the same course two times, for a total maximum enrollment of three times. The student's permanent academic
Academic Policies and Requirements

record will be annotated such that all course work that has been taken and forgiven or repeated will remain eligible, insuring a true and complete academic history.

In cases in which the student's grade and/or withdrawal was the result of an extenuating circumstance, students may file a petition to repeat a class an additional time (whether the prior enrollment was due to a substandard grade or a withdrawal.) Extenuating circumstances are verified accidents, illnesses or other circumstances beyond the control of the student.

Petitions for Exceptional Action

Student Petitions for Exceptional Action forms are available from the Counseling Office and Admissions and Records Office in the Student Services Center. Students may complete these forms and submit them to Admissions and Records. Subsequent action on a petition will be taken either by the appropriate administrator or the Board of Appeals.

Definitions

Primary Term: A primary term is either the Fall or Spring semester. In contrast, both Winter and Summer intersessions are not considered to be primary terms.

Continuing Student:
- A continuing student is one who enrolls in at least one credit course and receives a grade (including a W) in any term during the academic year.
- A continuing student retains rights to follow graduation and/or certificate requirements for the year they entered or any catalog rights, as long as the student maintains in continuous enrollment.

Catalog Rights

A student may use that initial catalog year or any subsequent catalog until the student petitions for graduation, if the student has remained in continuous attendance.

Continuous attendance is enrollment and attendance in a class (past the census date) in one of the immediate prior two semesters.

In order to maintain catalog rights at Mt. SAC, based on the initial semester of enrollment, a student may:
1. Attend another regionally accredited post-secondary institution.
2. Maintain “continuous attendance” at a regionally accredited post-secondary institution while away from Mt. SAC.
3. Not be absent from Mt. SAC for four or more primary terms (two years).

CREDITS AND GRADES

Definition of a Unit of Credit

The standard “unit” represents one hour in class recitation and two hours of outside preparation per week or its equivalent for one semester. By this definition, “unit” is synonymous with “semester lecture hour.” In laboratory work and certain activity courses such as kinesiology, choir, drafting, etc., a greater number of in class hours per week is required for each unit of credit. During intersessions, one unit of credit represents three hours of lecture per week.

Classification of Students

Students at Mt. San Antonio College are classified as follows:

- Full-time — enrolled in 12 or more units in a fall or spring semester, or 4 or more units during a six-week summer or winter session
- Part-time — enrolled in less than 12 units during the fall or spring semester or less than 4 units during a six-week session.
- Freshman — a student who has completed less than 30 units of credit.
- Sophomore — a student who has completed 30 units of credit or more.

Grading System

Scholastic grades showing the academic achievement of students are issued at the end of each semester. Any student enrolled as of the first day of the fourth week in a full semester course for any semester shall receive one of the designated grading scale marks on his/her permanent records.

Incomplete

A student may request an Incomplete or the professor may initiate the petition on behalf of the student who is currently passing the class under the following circumstances: verifiable illness or emergency or verifiable work conflict. Incompletes may only be issued for requirements missed commencing the fourteenth (14) week of a regular semester class or after 85% of a short-term or summer or winter intersession class. Re-enrollment in the same course for purposes of making up the Incomplete is prohibited. The petition is subject to the approval of the professor. If granted, the student must complete all outstanding course requirements stipulated by the professor within one year, or the Incomplete will become a letter grade assigned by the professor.

IP — In Progress: The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. It indicates that work is “in progress,” but that assignment of a substantive grade must await its completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student’s record for the term in which the course is completed.

RD — Report Delayed: The “RD” symbol may be assigned only by the Admissions and Records Office. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. “RD” shall not be used in calculating grade point averages.

W — Withdrawal: Withdrawal from a class or classes shall be authorized through the last day of the 10th week of instruction of a regular semester-length class. No notation (”W” or other) shall be made on the academic record of the student who withdraws during the first three weeks of a regular semester-length class. Withdrawal between the first day of the 4th week and the last day of the 10th week of instruction shall be recorded as a “W” on the student’s record. The “W” shall not be used in calculating grade point averages, but excessive “W’s” shall be used as factors in probation and dismissal procedures. Withdrawal from short term classes of less than semester length, but greater than six weeks, is authorized for a period of time through 60% of the course, and a mark of “W” shall be made on the student’s academic record. No notation shall be made on the academic record of a student who withdraws from a short term class of less than semester length, but greater than six weeks, provided the student withdraws no later than the end of the first 20% of the course.

MW — Military Withdrawal: The “MW,” military withdrawal, mark shall be assigned only for students who are members of an active or reserve military unit, and who receive orders compelling a withdrawal from courses. Upon verification of such order, this symbol may be assigned at any time after the period established by the governing board during which no notation is made for withdrawals. The “MW” shall not be counted in determining registration priority, progress probation, and dismissal calculations. A “W” previously issued commencing January 1, 1990, and which meets the definition of “MW” may be changed to “W.” (AP 5013)

Final Examinations

A final examination shall be administered in all classes in compliance with the Final Exam Schedule prepared each term. If a student is unable
to attend a scheduled final examination, he/she must contact his/her instructor to make other arrangements. A student who does not take a final examination and who does not qualify for an “Incomplete” (see Grading System-Incomplete), shall be assigned the grade “F” or “Zero” for the examination, and this grade shall be averaged in determining the final course grade.

**Pass/No Pass Grades**

Some courses offered at Mt. San Antonio College are available to students on two different grading options: letter grade (A, B, C, D, F) or Pass/No Pass (Pass = A, B, or C; NP = D, F). A few classes are offered for Pass/No Pass only. These courses are designed to encourage students to explore areas outside their major field of study in order to broaden and enrich their collegiate experience, and to afford an opportunity for departments to offer courses in which there is diminished emphasis on grades. The Pass/No Pass grading option is not available for General Education courses or for courses used to meet major requirements. In courses offering the grading option, students are automatically registered on a letter grade basis at the time of registration. If a change is desired, the student can make the change on their student portal or in person with a picture ID at the Admissions and Records Office in the Student Services Center. The grading option may not be changed at a later date. Students enrolled in short-term courses of less than semester length, but greater than six weeks, must determine their grading option no later than the end of the first 30% of the course or 30% of the required hours of instruction listed in the description for an open-entry/open-exit course. In any short-term course of less than six weeks, students must determine their grading option at the time of registration.

Credit toward graduation by using Pass/No Pass classes is limited to a maximum of 16 units (AP 4232). Courses taken for Pass/No Pass are not counted in calculating grade point average, or in determining eligibility for the Dean’s List or President’s List, but such courses are considered in progress probation and dismissal procedures.

Students are cautioned that upon transfer to baccalaureate institutions, “NP” grades typically are considered to be “F” grades. (BP 4230, AP 4232)

**Credit by Examination**

The general philosophy of Mt. San Antonio College is that the interaction which takes place between the student and professor is of critical importance to the learning process. However, quality instruction places a premium on meeting individual student needs. Therefore, Mt. San Antonio College provides for credit by Examination enabling the student to accelerate his/her educational program by providing opportunity to obtain credit in those fields in which he/she has already achieved proficiency independently or by informal means. (BP 4235, AP 4235)

Pursuant to Section 55050 of Title 5 of the California Code of Regulations, students at Mt. San Antonio College may apply for Credit by Examination and such unit credit may be granted subject to the following rules and regulations:

### Rules and Regulations

1. **Credit by Examination** will be granted only for those courses which have been so designated by the departments.
2. Any grade received for Credit by Examination will be entered on the student’s permanent record with a notation of “Credit by Comprehensive Exam.”
3. A student may petition for Credit by Examination provided:
   a. The student has been registered at Mt. San Antonio College.
   b. The student has not already received credit nor is currently enrolled beyond six weeks in the same course or in a more advanced course (except for Advanced Placement Course Credit).
   c. The student has at least a 2.0 grade point average. This includes transfer/new students.
4. The student may obtain the petition for Credit by Examination from the Division Office.
5. The department will establish written guidelines by which the eligibility of a student to take such an examination is determined.
6. The Department will assign a grade depending on the results of the examination and the form “Petition for Credit by Examination” to Admissions and Records.
7. The student may not use Credit by Examination to satisfy the residency requirement for the degree.

A list of courses for Credit by Examination is available at each Division Office, the Instruction Office, and the Counseling Center.
Advanced Placement Credit for Mt. SAC General Education Requirements for the Associate Degree

Students who have a qualifying Advanced Placement (AP) test score (3 or above) may petition to utilize the results of their AP examinations to meet Mt SAC general education requirements in the areas identified in the table on page 14.

International Baccalaureate Credit for Mt. SAC General Education Requirements for the Associate Degree

Students completing all or portions of the International Baccalaureate (IB) program at their high school may petition to utilize the results of their IB examinations to meet Mt SAC general education requirements in the areas identified in the table. Only IB Higher Level (HL) certificate examinations with scores of 5, 6 or 7 will be honored.

Students who have both a qualifying Advanced Placement (AP) test score (3 or above) and a qualifying IB certificate exam score (5 or above) in the same examination area, or who have completed a college level course for credit, will only have the first completion counted for credit.

Credit for Extra Institutional Learning

Philosophical Basis

This policy of granting credit for extra-institutional learning is provided for students under special conditions in recognition of learning that has been attained outside the sponsorship of legally authorized and accredited post-secondary institutions. (AP 4285)

General Policy Statement

Credit for extra-institutional learning will be awarded to those students who have attained competency of subject matter through experiences outside of the sponsorship of legally authorized and accredited post-secondary institutions.

The College will accept the recommendations of the American Council on Education in reference to the Guide to the Evaluation of Educational Experiences in the Armed Services and the National Guide to College Credit for Workforce Training; The College Board in reference to its recommendation of Advanced Placement Examinations, and credit recommendations from other similar nationally recognized academic institutions, including Mt. San Antonio College's policy for comprehensive examinations.

Policy Regulations

- Of the 60 units required for the Associate Degree, at least twenty-four (24) units must be earned in courses that contribute to the grade point average.
- Extra-institutional learning credit will normally not be evaluated unless the credit is necessary for graduation.

*A score of 3 on the Calculus AB Advanced Placement Exam will earn a student three (3) degree applicable units, Math Competency and Eligibility for MATH 180.
Credit for non-collegiate courses will be awarded only for work applicable to the Associate Degree. Credit may be granted for upper division courses provided the student has earned less than 60 units at the time the upper division work is attempted.

To petition for extra-institutional learning credit, a student must have at least a 2.0 grade point average, not be on probation, and be in good standing.

The permanent academic record shall be annotated in such a manner to insure that a true and complete history of extra-institutional learning credit has been granted.

In cases where a student is seeking a degree/certificate from the College, all standard graduation and residency requirements apply and must be met by completing a minimum of 12 units earned from Mt. SAC courses.

Credit for Current License Holders
Mt. San Antonio College may grant units of credit toward an associate's degree to current license holders in the following areas: Emergency Medical Technology (Paramedics), Psychiatric Technology, and Radiologic Technology. The total number of units granted will be equal to the current total unit requirement for the equivalent program certificate. License holders must meet the college's residency requirements and complete an application to the college before the request for extra-institutional learning credit may be made. The application date will determine the catalog year.

The Department Chair from the appropriate program will validate the license and its currency. Admissions and Records will certify that the requirements have been met, grant the appropriate number of units, and apply extra-institutional learning credit toward the degree. (AP 4285)

Credit for Military Training
Mt. San Antonio College will grant four units of Baccalaureate level elective credits for military experience without regard to the field of service. Additional credit may be allowed for specific programs of training and credits earned through the United States Armed Forces Institute. (AP 4285)

Graduation Honors
Graduation honors are awarded as follows:

Academic Distinction
The "Academic Distinction Honor" designation is placed on the transcript and degree of the graduate who has achieved an overall grade point average (GPA) of 4.00.

Scholastic Honor
The "Scholastic Honor" designation is placed on the transcript and degree of the graduate who has achieved an overall grade point average (GPA) of 3.90 through 3.99.

With Honors
The "With Honors" designation is placed on the transcripts and degree of the graduate who has achieved an overall grade point average (GPA) of 3.75 through 3.89.

Honors Program
Building 26A-1680, Ext. 4528
Mt. San Antonio College offers an Honors Program for students who have demonstrated academic excellence. Honors courses are specially designed sections of transferable courses and, with a few exceptions, are part of the IGETC requirement list.

Completion of the Honors Program makes a student eligible for priority admission consideration from the following universities: UCLA, UC Irvine, Chapman University, Pitzer College and Pomona College. In addition to an enhanced curriculum for motivated students, Honors Program students receive library privileges at UC Irvine and UCLA and an Honors Certificate and medal upon honors certification.

Entrance Requirements
- High School Students — Eligibility for ENGL 1A; 3.5 GPA; letter of recommendation; short essay
- Mt. San Antonio College Students — Nine transferable units; Eligibility for ENGL 1A; 3.2 GPA, short essay, letter of recommendation (Waivers can be obtained through the Honors Program Office for highly motivated students with a competitive GPA, an in-progress grade report and professor recommendation.)

Requirements for "Honors Scholar" Designation
- Complete 15 units of honors courses with a minimum 3.2 GPA for honors certification
- Maintain a 3.2 GPA
Eligibility for membership is established for the following:

- an international scholastic honorary organization for two-year colleges.

Mt. SAC sponsors the Alpha Omega Alpha Chapter of Phi Theta Kappa. Consult an Alpha Gamma Sigma Officer or an Alpha Gamma Sigma Advisor for further information and review of academic eligibility. Students should consult a Counselor or a Phi Theta Kappa advisor. Applications are available in the Honors Program office in Building 26A-1680.

### ACADEMIC STANDARDS

#### Probation and Dismissal

There are two forms of probation: Academic Probation and Progress Probation.

**Academic Probation**

A student is placed on Academic Probation when the student has:
1. attempted at least 12 units, and
2. earned a cumulative grade point average (GPA) below 2.00.

**Progress Probation**

A student is placed on Progress Probation when the student has:
1. enrolled in a total of at least 12 units, and
2. the cumulative percentage of all units in which the student has enrolled for which entries of "W", "I" and "NP" are recorded reaches or exceeds fifty percent.

Upon recording of Academic or Progress Probation, a student shall have their registration restricted, be required to participate in a prescribed counseling intervention and complete a contract for reinstatement, which shall include the number of units in which the student shall enroll. Failure to comply with the reinstated student shall be required to participate in a prescribed counseling intervention and complete a contract for reinstatement, which shall include the number of units in which the student shall enroll. If the student chooses not to make the request, or the request is denied, the student shall be dismissed for at least one semester.

For the purposes of this section, semesters shall be considered consecutive on the basis of the student’s enrollment, so long as the break in the student’s enrollment does not equal two primary terms or more.

#### Appeal of Dismissal

A student who is subject to dismissal may request an appeal of dismissal through the Counseling Department by the stated deadline prior to the beginning of the following semester. If approved, the student shall be required to participate in a prescribed counseling intervention and complete a contract, which shall include the number of units in which the student shall enroll. If the student chooses not to make the request, or the request is denied, the student shall be dismissed for at least one semester.

#### Reinstatement after Dismissal

A dismissed student may request reinstatement through the Counseling Center after an interval of one semester. Requests must be made NO LATER THAN TWO WEEKS BEFORE the beginning of the semester. Requests for reinstatement will not be allowed thereafter. If approved, the reinstated student shall be required to participate in a prescribed counseling intervention and complete a contract for reinstatement, which shall include the number of units in which the student shall enroll.

A reinstated student shall remain on a probationary, reinstated status until clearance of probation. A reinstated student shall also remain on contract until clearance of probation. Failure to comply with the terms and conditions of the contracts may result in subsequent dismissal.

### Phi Theta Kappa

Mt. SAC sponsors the Alpha Omega Alpha Chapter of Phi Theta Kappa, an international scholastic honorary organization for two-year colleges. Eligibility for membership is established for the following:

1. Full and part-time students who have completed 12 appropriate degree units with a 3.5 grade point average at an accredited institution.
2. Students who have maintained a 3.5 grade point average while a member.

There are several advantages which accompany this honor, including recognition at graduation and access to scholarships offered to members by more than 700 U.S. colleges and universities. For further information and review of academic eligibility, students should consult a Counselor or a Phi Theta Kappa advisor. Applications are available in the Honors Program office in Building 26A-1680.

#### Phi Theta Kappa

Mt. SAC sponsors the Alpha Omega Alpha Chapter of Phi Theta Kappa, an international scholastic honorary organization for two-year colleges. Eligibility for membership is established for the following:

1. Full and part-time students who have completed 12 appropriate degree units with a 3.5 grade point average at an accredited institution.
2. Students who have maintained a 3.5 grade point average while a member.

There are several advantages which accompany this honor, including recognition at graduation and access to scholarships offered to members by more than 700 U.S. colleges and universities. For further information and review of academic eligibility, students should consult a Counselor or a Phi Theta Kappa advisor. Applications are available in the Honors Program office in Building 26A-1680.

#### Probation and Dismissal Status

1. **Probation**
   - Academic Probation - occurs when the student in a second consecutive semester continues to have a cumulative grade point average below 2.0, or
   - Progress Probation - occurs when the student in a second consecutive semester continues to have a cumulative percentage of all units enrolled recorded as "W", "I" and "NP" at fifty percent or higher.

2. **Dismissal**
   - occurs after three consecutive semesters of Academic or Progress Probation. The student shall be dismissed for at least one semester. If the student has enrolled in the subsequent term before the Dismissal status has been determined through the posting of the previous semester’s grades, the student shall be dropped from all classes.

For the purposes of this section, semesters shall be considered consecutive on the basis of the student’s enrollment, so long as the break in the student’s enrollment does not equal two primary terms or more.

### Academic Policies and Requirements

**Academic Probation**

A student is placed on Academic Probation when the student has:
1. attempted at least 12 units, and
2. earned a cumulative grade point average (GPA) below 2.00.

**Progress Probation**

A student is placed on Progress Probation when the student has:
1. enrolled in a total of at least 12 units, and
2. the cumulative percentage of all units in which the student has enrolled for which entries of "W", "I" and "NP" are recorded reaches or exceeds fifty percent.

Upon recording of Academic or Progress Probation, a student shall have their registration restricted, be required to participate in a prescribed counseling intervention and complete a contract for reinstatement, which shall include the number of units in which the student shall enroll. Failure to comply with the reinstated student shall be required to participate in a prescribed counseling intervention and complete a contract, which shall include the number of units in which the student shall enroll. If the student chooses not to make the request, or the request is denied, the student shall be dismissed for at least one semester.

#### Reinstatement after Dismissal

A dismissed student may request reinstatement through the Counseling Center after an interval of one semester. Requests must be made NO LATER THAN TWO WEEKS BEFORE the beginning of the semester. Requests for reinstatement will not be allowed thereafter. If approved, the reinstated student shall be required to participate in a prescribed counseling intervention and complete a contract for reinstatement, which shall include the number of units in which the student shall enroll.

A reinstated student shall remain on a probationary, reinstated status until clearance of probation. A reinstated student shall also remain on contract until clearance of probation. Failure to comply with the terms and conditions of the contracts may result in subsequent dismissal.
Academic Policies and Requirements

RECORDS

Definition of Educational Records
Educational records consist of those files maintained by the following offices: Admissions and Records, Counseling, Assessment, Financial Aid, and those files maintained for individual students by departments.

Challenge of Educational Records
1. Any student may file a written request with the Records Officer of the District (Dean, Enrollment Management) to remove information recorded in the student's records which is alleged to be: 1) inaccurate; 2) an unsubstantiated personal conclusion or inference; 3) a conclusion or inference outside of the observer’s area of competence; or 4) not based on the personal observation of the named person with the time and place of the observation noted.
2. If the student is not satisfied with the determination made by the Dean, Enrollment Management, the student may utilize the existing college student grievance process. (AP 5045)

Academic Renewal
The Academic Renewal Policy is provided for students in specific circumstances where previously recorded substandard academic performance is not reflective of the student’s present demonstrated ability. Academic renewal applies only to substandard coursework completed at Mt. SAC. Students with substandard coursework at other colleges/universities need to contact those institutions to see if they are eligible for academic renewal under the provisions of academic renewal of said institution.

A. A maximum of twenty-four units may be alleviated.
B. Since completion of the work to be disregarded, the student’s cumulative grade point average for all units completed at the time of adjustment must be at least 3.0 for 18 semester units, 2.5 for 24 semester units, or 2.0 for 30 units. The cumulative grade point average may include coursework completed at Mt. San Antonio College and/or other accredited colleges or universities. Courses used to qualify for Academic Renewal which were completed at another college or university must be verified by official college transcripts.
C. A time period of at least two years must have elapsed since the end of the term of substandard work to be disregarded.
D. Academic renewal will apply only to substandard grades: D, F, and NP.
E. The permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history.
F. Mt. San Antonio College does not guarantee that academic renewal will be honored by institutions outside of the District. This determination will be made by the transfer institution.
G. Students requesting academic renewal should consult with a counselor to file a petition. (BP 4240, AP 4240)

Transcripts
Official transcripts of work completed at Mt. San Antonio College may be ordered online through http://my.mtsac.edu student portal. The first two requests for transcripts are free; subsequent standard transcript requests are $5.00 each. Unofficial/student copies of transcripts may be obtained at http://my.mtsac.edu. (AP 5040)

Further information regarding transcript services is available at http://www.mtsac.edu/students/admissions/transcripts.html
SECTION 4

Student Services and Student Life
### Student Services and Student Life

#### Student Services
Mt. San Antonio College provides a wide range of support services which are essential for success to assist a diverse student population in achieving their educational, career, personal and social goals.

**Admissions and Records**

Student Services Center, Ext. 4415  
[http://www.mtsac.edu/admissions](http://www.mtsac.edu/admissions)

Admissions and Records is usually the first office prospective students visit and the last office students visit before transferring or graduating. Some of the services provided:

1. Admission: All students must submit an application for admission in order to attend Mt. San Antonio College. The admission application generates a Permit to Register and establishes a historical student record for each student. Transcripts from other colleges must be submitted for prerequisite eligibility checks.
2. Course Registration: All registration is conducted online via the web at [http://my.mtsac.edu](http://my.mtsac.edu). Registration instructions can be found in the current Schedule of Classes or online at [http://my.mtsac.edu](http://my.mtsac.edu).
3. Admissions and Records is the official custodian of student records. This office maintains student demographic information such as name, address and Mt. SAC student identification number, student academic history, issues I-20's for International Students, processes Petitions for Exceptional Action, transcript and enrollment verification requests, graduation and certificate petitions and distributes diplomas and certificates.
4. Admissions and Records provides computers for student use located in the Student Services Building. These computers provide access to the student portal for students to print unofficial transcripts, final grades, and copies of the Permit to Register. All services are also available at [my.mtsac.edu](http://my.mtsac.edu). To use this service, students must have their Mt. SAC Student username.

The Aspire Program

Building 9D, Ext. 6396  
[http://www.mtsac.edu/aspire](http://www.mtsac.edu/aspire)

The Aspire Program is an academic student success program designed to enhance success among African-Americans and other students enrolled at Mt. San Antonio College. The program strives to achieve equity in academic success, access, retention, degree completion, and transfer.

The program aims to: develop a sense of community among African-American students, other students, faculty, staff and administrators; demonstrate culturally relevant connections between African-American students and the college; assist students in achieving academic success through progress monitoring, study groups, tutoring, counseling and advisement; and promote awareness of student services and leadership opportunities. The Aspire Learning Community classes provide a combination of English, Reading, Math and/or Counseling courses for students seeking a unique learning experience and a strong sense of community.

**Assessment Center**

Student Services Center, Ext. 4265  
[http://www.mtsac.edu/assessment](http://www.mtsac.edu/assessment)

Students may complete required English, Reading, and Math placement testing in the Assessment Center. Assistance in reviewing course placement is also provided.

The Bridge Program

Building 9D, Ext. 5392  
[http://www.mtsac.edu/bridge](http://www.mtsac.edu/bridge)

The Bridge Program is a learning community designed to increase student academic and personal success through the structuring of a personalized learning environment.

- Admission to the program is based on academic need. Students participating in Bridge are enrolled in linked classes that are taught in a cooperative environment between professors. In this group setting, students have an opportunity to learn about being successful college students and how to utilize college services. Students are supported by Bridge Program staff and counselors, financial aid advisors, as well as transfer and advising specialists.
- The Bridge Program is the right choice for students who find themselves undecided on career choices, have apprehensions about the transition to college and would like to make new friends. Bridge students share particular educational goals, common interests and similar backgrounds.
- As part of the Bridge Program, students can choose to be part of the Summer Bridge, English Bridge, Math Bridge and Reading Bridge.

**Bursar's Office**

Building 4, Lower Level, Ext. 4960  
[http://www.mtsac.edu/bursars](http://www.mtsac.edu/bursars)

The Bursar's Office is responsible for the collection of credit registration fees and other campus fees including parking permits, replacements, parking citation fees, enrollment verification and production cards. Student fees may be paid via the web at [http://my.mtsac.edu](http://my.mtsac.edu) or in person at the Bursar's Office.

**Career Services**

Student Services Center, Ext. 4755  
[http://www.mtsac.edu/caworks](http://www.mtsac.edu/caworks)

Career and Transfer Services helps students get from Mt. SAC to the next step in their educational journey whether that is a career or transfer to a four-year university. Career and Transfer Services provides a variety of activities, events and resources to help students transfer to universities, solidify career goals, sharpen job acquisition skills, and acquire part- and full-time employment.

**CARE (Cooperative Agencies Resources for Education)**

Student Services Center, Ext. 4500  
[http://www.mtsac.edu/care](http://www.mtsac.edu/care)

CARE is a supplemental program for EOPS students who are single head of household parents receiving TANF benefits. The program provides additional assistance to students who are:

- Eligible for EOPS
- Enrolled in at least 12 units upon acceptance
- Currently receiving AFDC/TANF assistance, with at least one child under 13 years of age
- At least 18 years old, single head of household
- Have applied for financial aid
- Pursuing a program at Mt. SAC which will lead to a certificate, degree or transfer

Students who believe they qualify for the program should visit the EOPS Office.

*Based upon adequate funding

For more information, visit [www.mtsac.edu/students/calworks](http://www.mtsac.edu/students/calworks)
1-1 assistance with resume preparation, interviewing techniques, and general job search

While Mt. SAC graduates may return to Career and Transfer Services for employment assistance, current students are strongly encouraged to visit Career and Transfer Services while still attending. For more information, please go to http://careerservices.mtsac.edu.

Transfer Services include:
- Library of career and college guidebooks and university catalogs
- Workshops on transfer topics
- University representative visits and appointments
- College fairs
- University tours
- Walk-in transfer advising
- Computers for career and transfer research, applications and more!

For more information, please go to http://transfer.mtsac.edu.

Counseling Center
Student Services Center, Ext. 4380
http://www.mtsac.edu/counseling

Students can take advantage of educational planning, career exploration and decision-making, and other services offered through the Counseling Center. Counselors are available to assist students who:
- are undecided about a major or career direction;
- need information about career and transfer options;
- are having difficulty in courses;
- need assistance with personal problems.

It is highly recommended that students visit a counselor during their first semester at Mt. SAC to develop a student educational plan. Counselors and educational advisors can also provide:
- information on course selection and planning for degree or certificate completion;
- information about major and transfer requirements to CSU, UC and private universities;
- general information about the College.

Disabled Student Programs & Services (DSPS)
Student Services Center, Ext. 4290
http://www.mtsac.edu/dspss

The DSPS office provides services to students who have professionally documented disabilities or medical conditions, and need special services to successfully attend classes at Mt. SAC. Students who suspect they might have a disability are welcome to apply for services and an eligibility determination will be made. Established programs and services offered, written documentation of disability must be provided by a physician or appropriate professional; the disability must present a limitation to a successful education; the student must demonstrate the ability to benefit from higher education; and self-management skills (mobility, eating and using restrooms without assistance) must be adequate, unless a personal care attendant is utilized. The College does not provide personal care attendants. Participation in DSPS and all student disability-related information is confidential. Services offered are based on disability-related needs. Some of the services offered by DSPS:
- Access to a computer lab with adaptive hardware and software
- Sign language interpreters
- Notetakers in the classroom
- Tram service on campus
- Priority registration
- Classroom testing accommodations
- Specialized counseling and advising
- Academic and career strategies classes
- Print material in alternate formats (i.e. Braille, e-text)

Students with a doctor’s verification which requires parking in zones designated as “handicapped parking,” must display on their vehicles a “Disabled Person” placard or “DP” license plate from the State of California Department of Motor Vehicles. Students with a current “Disabled Person” permit and placard or a “DP” license plate are not required to purchase a student parking permit and are allowed to park in any parking space designated as “handicapped parking,” any metered space (at no cost), or any time limited space (without having to observe the time limit specified). Students must ensure that the placard or license plate is displayed properly.

DSPS highly recommends that students visit the Department to determine if there are services that may be of assistance to them while attending Mt. San Antonio College.

Extended Opportunity Programs and Services (EOPS)
Student Services Center, Ext. 4500
http://www.mtsac.edu/eops

Extended Opportunity Programs and Services (EOPS) provides access to higher education for students with academic and financial disadvantages. The services offered are:
- Counseling
- Educational Planning
- Instructional Development and Services
- Tutoring
- Book Service Program
- Financial Assistance

To be eligible for the EOPS program, a student must:
- Be enrolled as a full-time student (12 units or more)
- Have fewer than 40 degree applicable units
- Qualify to receive a Board of Governors Enrollment Fee Waiver under Method A, B or 0 EFC

- Be educationally disadvantaged
- Be an emancipated Foster Youth

Financial Aid
Student Services Center, Ext. 4450
http://www.mtsac.edu/financialaid

Financial aid is available for students to assist with the costs associated with attending college. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Most financial aid programs were established to provide assistance for students with documented financial need.

The College provides financial assistance in the form of grants, loans, scholarships, and part-time employment for students who meet financial aid program eligibility requirements. Student financial aid awards are contingent upon continued funding from Federal and State government agencies.

Students eligible for financial aid typically receive a “package” of aid from two or more financial aid programs offered.

All students may be eligible for some form of assistance based on their financial need. The Financial Aid Office, located on the upper level of the Student Services Center building, administers aid programs for eligible applicants. Eligibility criteria for financial aid programs are subject to frequent change. Students may apply for aid by filing a Free Application for Federal Student Aid (FAFSA) form. A FAFSA worksheet is available in the Financial Aid Office for students interested in filing online at www.fafsa.gov.

The information reported on the FAFSA may be verified by the Financial Aid Office using a parent’s and/or student’s Internal Revenue Services Forms 1040, 1040A or 1040EZ. Other documents may also be requested such as a copy of the Social Security card, Alien Registration card (if applicable) or other types of documents needed to verify or resolve conflicting data.

Recipients of aid from Federal and State funded programs must be students enrolled in eligible programs of study for the purpose of obtaining a degree, an approved Title IV certificate, or transfer. In addition to financial need, other eligibility requirements for most Federal and State programs include:

1. Having a high school diploma or equivalent such as a GED
2. Being a U.S. citizen or eligible non-citizen
3. Maintaining satisfactory progress in accordance with the standards
4. Not be in default on a federal loan or grant overpayment
5. Be registered with the selective service, if required
6. Have a valid social security number

To be considered for financial aid, students must complete the Free Application for Federal Student Aid (FAFSA) or the renewal application. These applications are usually available beginning in January for the following academic year. If a student is interested in a State of California Grant, the FAFSA or a GPA verification form must be completed. The Cal Grant...
Program deadline is March 2nd of each year. For students who miss this deadline, there is a second opportunity for community college students to apply for Cal Grants. The second deadline is September 2nd. Additional information and eligibility requirements are available at [https://mygrantinfo.csac.ca.gov/logon.asp](https://mygrantinfo.csac.ca.gov/logon.asp).

The FAFSA is the application for the following Federal and State programs:
- Federal Perkins Loans
- Board of Governors Fee Waiver (BOGW)
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work-Study Program (FWS)
- Need-based scholarships
- State Cal Grants
- Chafee Grant (for Foster youth)
- Federal William D. Ford Direct Loan Program

Students who receive federal financial aid and do not attend any classes will be required to repay all of the funds they have received. Students who withdraw from all classes prior to completing more than 60% of the semester are subject to return of Title IV funds requirements, will have financial aid eligibility recalculated based on the percentage of the semester completed, and will be required to repay any unearned financial aid received. At Mt. SAC a student's withdrawal date is determined as follows:

1) the date the student officially notified the Admissions and Records Office of his or her intent to withdraw, or
2) the midpoint of the semester for a student who leaves without notifying the college, or
3) the student's last date of attendance at a documented academically-related activity, or
4) the date posted by the instructor indicating last day of attendance.

The California Community College Board of Governors Fee Waiver (BOGW) program is available to qualified California residents. Only the enrollment fee is waived, and the student is responsible for paying the additional fees assessed. There are three methods to qualify for a Board of Governors Fee Waiver: (1) Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), or General Relief recipient, or (2) Household size/family income, or (3) Financial need as determined by filing the Free Application for Federal Student Aid (FAFSA). In addition to the three methods, there are special classifications that qualify for an enrollment fee waiver, which is subject to certification and/or documentation. Refer to the BOGW Fee Waiver application for a list of these classifications. To apply, go to [http://www.cccapply.org/bog_waiver/](http://www.cccapply.org/bog_waiver/).

In addition, the college administers a variety of scholarship programs. Information about the College Scholarship Program can be obtained in the Financial Aid Office or visit [http://www.mtsac.edu/scholarships](http://www.mtsac.edu/scholarships).

**ABILITY TO BENEFIT**

Beginning on July 1, 2012, federal regulations will require all students applying for financial aid to have a high school diploma, GED or a certificate of high school proficiency. The Mt. SAC Assessment Center will no longer be offering the Ability To Benefit test to students. For further information regarding the federal government's Ability To Benefit regulations, contact the Financial Aid Office. Note: This rule change does not prevent students without a high school diploma, GED or certificate of high school proficiency to attend classes at Mt. SAC. This only affects students eligibility to receive financial aid.

**California Dream Act**

The California Dream Act of 2011 consists of two bills, Assembly Bill 130 (AB 130), signed into law by Governor Jerry Brown on June 25, 2011; and Assembly Bill 131 (AB 131) signed into law by Governor Brown on October 8, 2011. As a result of the California Dream Act, those students who are eligible for the non-resident tuition exemption (under Assembly Bill 540, or AB 540), but who are ineligible for federal financial aid are now eligible to receive grants and scholarships from the State of California and institutional sources, such as Board of Governor's Fee Waiver (BOGW), Cal Grant, and/or institutional scholarships.

Under AB 540, a student who is without a valid immigration status may request exemption from paying nonresident tuition if the student: Attended a California high school for 3 or more years, AND Graduated from a California high school or passed the GED or California High School Proficiency Exam.

Students who wish to qualify as AB 540 students must complete and submit a California Nonresident Tuition Exemption Request (sometimes referred to as an AB 540 Affidavit) with required documentation to the Admissions and Records Office at Mt. SAC.

The California Student Aid Commission’s Dream Act Application ([https://dream.csac.ca.gov/](https://dream.csac.ca.gov/)) is used to determine the financial eligibility of students who meet the qualifications of AB 540, and who are without a valid immigration status. The application collects basic personal and income information to determine student eligibility for funding under AB 131. Apply between January 1 and March 2 of each year for priority consideration.

Students will need to complete the Dream Application every year to determine eligibility for state and institutional aid. Students should complete and submit Mt SAC’s AB 540 Affidavit (California Non-Resident Tuition Exemption Request form) in order to begin a review of eligibility under AB 540.

**The International Student Center**

**Student Services Center, Ext. 5032**
[http://www.mtsac.edu/international/student-center.html](http://www.mtsac.edu/international/student-center.html)

The International Student Center, located on the upper level of the Student Services Center (9B), is a place where F-1 students can connect with one another and the international community. Students will find comfortable spaces to network with friends, computer stations available for their academic needs as well as referrals to student services and resources. Students with questions related to the College or a personal need will find friendly staff available to assist.

**International Student Programs**

**Student Services Center, Ext. 4415**
[http://www.mtsac.edu/international](http://www.mtsac.edu/international)

Mt. San Antonio College annually welcomes hundreds of international students on F-1 Visas to pursue a higher education. International students must complete and submit additional application materials and pay non-resident fees to study at the College. Specialized counseling assistance is available. Staff in Admissions and Records are available to assist international students.

**Public Safety Escort Service, Ext. 4233**
[http://www.mtsac.edu/safety](http://www.mtsac.edu/safety)

Mt. San Antonio College offers a Security Escort Service from 6:30 p.m. to 10:15 p.m., Monday - Thursday. Trained personnel will escort students safely to their car. Escorts are stationed at various locations on campus and can be identified by their yellow jackets and I.D. badges. Please refer to the map below to identify Escort locations. Students may also request a Security Escort by calling (909) 274-4233.

**Escort Location Map**

Campus escort locations are indicated on the map below with a white X.
limited prescription medication, immunizations, pregnancy testing and referrals. All credit students who are currently enrolled and attending classes are eligible. Part-time faculty are eligible for select services. Some fees may apply. Professional health services are provided primarily on an appointment basis. Same-day appointments are also available; call between 8:00 and 8:30 a.m. First aid services are provided for all students, employees and guests of the College.

Veterans Resource Center (VRC)
Building 16C, Ext. 4520
http://www.mtsac.edu/veterans/vrc.html

The Veterans Resource Center (VRC) establishes an innovative, collaborative effort to ease the transition for student Veterans to Mt. SAC. Student VRC services include: a student Veterans lounge; student Veteran computer stations; one-on-one FAFSA assistance; one-on-one scholarship research/essay assistance; DSPS Instructional Specialist; Educational/Career Counseling; one-on-one VA educational benefits assistance; one-on-one my.mtsac portal navigation assistance; and on and off-campus service referrals.

Veterans Service Center
Student Services Center, Ext. 4520
http://www.mtsac.edu/veterans

The Veterans Services Center, located on the upper level of the Student Services Center, provides assistance to Veterans and dependents seeking educational and/or vocational training under Title 38, United States Code. The College cooperates with the U.S. Department of Veterans Affairs (VA) and with the California Department of Rehabilitation in assisting Veterans with certification of benefit requests. The College maintains the Veterans Services Center to assist Veterans and/or dependents in all matters pertaining to Veterans educational benefits.

Veterans and dependents are required to comply with all applicable regulations that pertain to required attendance and progress and that the student (Veteran or dependent) must meet in order to receive educational benefits under Title 38, United States Code. “W’s,” “NC’s” and “F” grades are considered punitive grades. Adds, Drops, Withdrawals, and last day of attendance must be reported at once. The law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory progress toward completion of his or her training objective. Please refer to the Mt. San Antonio College Probation and Dismissal Policies in this Catalog. The Veteran or dependent has the responsibility to adhere to these standards of attendance and progress and to notify the Veterans Services Center of any change in status that would affect the collecting of Veterans educational benefits.

Veterans and/or dependents must submit a “Veteran’s Request for Active Educational Benefits” form each semester to the Veterans Services Center in order to request the continuance of VA educational benefits while attending Mt. SAC. Those eligible for priority registration consideration must submit a Discharge letter (DD Form 214 Member-4 or Service-2) to the Veterans Services Center. The VA requires all entering Veterans to be formally evaluated for military experience to prevent future interruption of educational benefits. All prior transcripts (College or Service) must be received and evaluated by the Mt. SAC Admissions and Records Office. Students must visit the Counseling Center for assistance in completing an educational plan.

For step-by-step instructions in claiming and utilizing educational benefits at Mt. SAC, Veterans and dependents should download the “Veterans Packet” and all required forms at www.mtsac.edu/students/veterans/

STUDENT LIFE
Student Life provides opportunities for participation in leadership programs, student government, clubs, and other social, personal growth and development experiences.

Associated Students (A.S.) Student Government
Building 9C, Ext. 4525
http://as.mtsac.edu

Associated Students serves as the representative voice for students on all College issues and provides students with an opportunity to develop leadership skills. There are seven A.S. executive officer positions and sixteen A.S. Senate positions available to students interested in becoming involved in making a positive difference on campus. The Senate allocates monies to support various College programs, events, and services. There are also opportunities for students to serve on College-wide committees to influence College policies and decision making. The SacBookRac sells A.S. discounted amusement park and movie tickets. Associated Students meetings are held every Tuesday in the Student Center, Building 9C, Room 5, from 3:00 p.m. - 5:00 p.m.

A.S. Student Activities Fee
The Student Activities Fee is an $11 fee collected every Fall and Spring Semester to provide numerous programs and services on campus including book grants, scholarships, cultural programs, speakers, social activities, and discounted amusement park and movie tickets. This fee is optional. Waiving this fee will exclude the student from taking advantage of these benefits. Students can waive this fee by visiting the Bursar’s Office. Refunds will only be issued during the first two weeks of the semester.

Student Representation Fee
The Student Representation Fee is a mandatory fee that is collected during fall and spring registration for the purpose of providing Mt. SAC students the means to state their positions and viewpoints before city, county, district, and state government agencies. A student may choose not to pay the Student Representation Fee for political, religious, financial, or moral reasons. If a student chooses to opt-out of paying the fee for the stated reasons, then the student must: 1) visit the Student Life Office in building 9C to get the opt-out form; 2) complete the form and; 3) return it to the Bursar’s Office prior to paying the college fees.

Student Clubs and Organizations
Building 9C, Ext. 4525
http://www.mtsac.edu/studentlife

More than 60 student clubs and organizations provide opportunities to make friends, enhance learning, build leadership skills and have fun. The Inter-Club Council (ICC) is comprised of one representative from each student club and meets regularly to discuss club activities and formulate procedures to better serve the campus community. Join-A-Club is a three-day event at the beginning of each semester for students to learn more about co-curricular campus involvement opportunities. A current listing of student clubs and organizations is available online at http://www.mtsac.edu/clubs.

Student Life Office/Student Center
Building 9C, Ext. 4525
http://www.mtsac.edu/studentlife

The Student Life Office is responsible for student involvement and leadership programs and serves as the hub for student activities at Mt. SAC. Information regarding the LEAD (Leadership Education and Development) Program, student leadership conferences, volunteer opportunities and other involvement opportunities are available in the Student Life Office. This office also handles lost and found items, approves and enforces all on-campus postings, and assists in contacting students in emergency situations. The Associated Students (AS) offices are located here.

Students who are involved in co-curricular activities are encouraged to complete the Activities Transcript (available online), which complements their academic transcript and verifies the student’s involvement in service and leadership activities outside of the classroom.

The Director of Student Life serves to counsel and discipline students based upon the College’s Student Discipline Policy. Students are assisted in understanding their due process rights and grievance procedures. The office responds to disciplinary issues and advises faculty and staff on issues related to discipline. Students who have complaints regarding their final grades or their experiences on campus can receive assistance in the Student Life Office.

Student Life Center
Building 9C, Ext. 5959
http://www.mtsac.edu/studentlife/studentlifecenter.html

The Student Life Center provides a relaxing area to lounge, watch TV, and play foosball, ping pong, a variety of board games, or video games. Students also have access to free wireless Internet. The Student Life Center creates an environment for students to socialize and connect with other students as well as serves as a meeting place for events, activities, clubs and student government. The Student Life Center is also the place to find information about off-campus housing.
CAMPUS FACILITIES

Art Gallery
Building 1B, Ext. 4328
http://www.mtsac.edu/artgallery

The Mt. San Antonio College Art Gallery has a long history of outstanding Gallery Exhibitions highlighting prominent international and national artists as well as outstanding faculty and student artists.

The Gallery offers four to five exhibitions per year. Among these are the Faculty Exhibition featuring the works of Mt. San Antonio College faculty artists and the annual Student Exhibition featuring student work from the fine arts, animation, advertising design, illustration, and photography.

Athletic Facilities, Ext. 4630

Hilmer Lodge Stadium, a 13,500-seat football and track facility, is located in the southeast section of the College campus. This is the home of the world famous “Mt. SAC Relays.” Other athletic facilities include tennis courts, volleyball courts, cross-country course, baseball field, softball field, soccer field, a 1,500-seat gymnasium, wrestling gym, strength-training facilities, an Olympic size swimming pool, and an Exercise Science/Wellness Center.

Bookstore (SacBookRac)
Building 9A, Ext. 4475
http://bookstore.mtsac.edu

SacBookRac offers textbooks, school supplies, Mt. SAC apparel, general trade and paperback books, gift items, greeting cards, Metro and Foothill bus passes and houses the Mt. SAC photo ID area. SacBookRac also provides ordering and distribution of faculty caps and gowns.

Students are responsible for obtaining their own textbooks and supplies. Costs for books and supplies for a full-time student average $300-$600 per semester, depending upon the program of study. Students are encouraged to purchase books early, especially to save money by purchasing used books. Books are sold on a first-come, first-served basis. Students may order books online at http://bookstore.mtsac.edu. Orders can be picked up at the bookstore or shipped to the student’s home.

Refund Policy

Refunds are allowed within a limited time period when classes are changed and officially dropped. The refund policy is posted and available in the bookstore and printed on a bookmark given at the time of purchase.

Child Development Center
Buildings 70-73, Ext. 4920
http://www.mtsac.edu/cdc

Admission Policy
Childcare and education services for children from 3 months through 5 years of age are provided between the hours of 7:00 a.m. and 7:00 p.m., Monday through Thursday and 7:00 a.m. until 5 p.m. on Fridays for student-parents, staff and faculty, and community parents. The Child Development Center welcomes all children regardless of sex, ethnicity, religion, or physical handicap.

According to State Law, children must meet general health requirements to enroll/attend. Parents requesting funding assistance for full-time services must demonstrate a basic need for care.

Types of Funding Assistance Available

State Preschool Program

State Preschool Program funding is available for eligible student-parents of 3 and 4 year old children (4 year-old children have priority). A minimum daily fee, established by the State, may apply.

General Childcare Funding

General Childcare funding is available for income and need eligible families. This funding applies to infants up to 3-year-olds and before/after school kindergarten. A minimum daily fee, established by the State, may apply.

Child Care Access Grant Funding

Student-parents who receive or are eligible to receive a Pell Grant may qualify for this childcare/early education funding. Funds are limited to Mt. SAC students only.

Alternative Payment Program (CalWORKS)

The Child Development Center accepts “Alternative Payments” or fees from community agencies and programs such as CalWORKS for childcare. Interested parents must inquire with their individual CalWORKS Eligibility Worker or GAIN Worker.

Fee Program

Families ineligible for childcare/early education subsidies may enroll in the Fee-based program. The fee schedule is available by contacting the Child Development Center at Ext. 4920

Enrollment

Formal application must be made in person at the Child Development Center. Final acceptance into the program will be determined when eligibility has been established, all paperwork has been completed, and all applicable fees are paid. State law requires that an orientation be completed.

For further information, contact the Center by phone or visit the website.

Farm

F Buildings, Ext. 4540

The Farm is located in the northeast area of campus, near the intersection of Bonita and Walnut Drives. The Farm offers an unrivaled opportunity for student learning serving as a laboratory and supervised farm. Students interested in stock breeding, veterinary science, agri-business, horse production, field crop production, horticulture, or farm products gain valuable experience by working with their own animals and crops while attending Mt. SAC. Contact the Campus Events office at Ext. 4794 for information on guided tours.

Food Services
http://www.mtsacdining.com

The Food Services Department provides the campus community with a cafeteria, coffeehouse, and four convenience stores.

Campus Café
Building 8, Ext. 5284

The Campus Café is located on the west side of campus next to the SacBookRac. Catering is available for small meetings and large banquets. Subversions — sub sandwiches, soups, wraps, healthy options, and daily specials.

Castillo’s Mexican Grill — fresh tacos, burritos, and salads.

Simply to Go — made fresh “in-house” sandwiches, salads, wraps, healthy snacks, and cookies.

Chef’s Corner — daily fresh breakfast and lunch menu.

Pizza Stop — individual pizzas, flatbread pizza, and fresh made pasta bowls.

Common Grounds featuring Starbucks — we proudly brew hot and cold coffee drinks, frappuccino, fresh baked muffins, scones, and brownies.
WOW at Mountie Grill
Building 19C, Ext. 4624
WOW Cafe and Wingery - breakfast, wings, chicken, hamburgers, salads and rice bowls.

Convenience Stores
All stores offer a variety of snack foods, beverages and school and test supplies.

Mountie Stop
Building 9A

Express Stop
Building 16A

Prime Stop
Building 61

Short Stop
Building 66

Vending Machines
Buildings 2, 3, 9C, 23, 26, 28, 30, 31, 40, 45, 47, 50G, 60, 67, 80

Performing Arts Center
Building 2, Ext. 2050

The Mt. San Antonio College Performing Arts Center is a 66,770 square foot facility that provides instructional and performance accommodations to the three main discipline areas of Theatre, Music, and Dance. The Performing Arts Center is designed as a technological, state-of-the-art instructional facility to prepare Mt. San Antonio College students for careers in the performing arts.

The Sophia B. Clarke Theater is a formal 415-seat, full proscenium theater that wraps the audience around a performance. By providing a circular form and box seats at the perimeter, audience intimacy with the stage is maximized. The stage and fly tower are at a professional scale and contain equipment equal to the finest state-of-the-art theaters both regionally and internationally.

The Music Recital Hall provides for intimate musical performances. The Recital Hall is a 250-seat space richly articulated with reflective surfaces of maple wood and acoustical plaster; it is acoustically shaped with a 43’ high ceiling. Sound reflectors above the stage further support acoustical distribution.

The Studio Theater adjacent to the Clarke Theater is surrounded by a scene shop, costume shop, dressing rooms, and faculty offices. The 40’ x 50’ x 40’ theater allows for total dramatic performance flexibility. An 18’ lighting grid allows light and scene flexibility. The Studio Theater is such a flexible facility that it can accommodate most any seating and scene configuration.

The Dance Studio is a 56’ x 85’ x 30’ high mirrored room that allows for a grand level of physical movement. With its ceiling and upper walls painted white and bathed in natural lighting, it is an appealing and brilliant space.

Each venue is designed to provide state-of-the-art acoustical quality and technical performance capabilities that put the Mt. SAC Performing Arts Center on a level with the finest theaters in the region.

Performing Arts Center Box Office
Box Office Phone: (909) 274-2050
Box Office Fax: (909) 274-2055
https://tickets.mtsac.edu

The Mt. San Antonio College Performing Arts Center Box Office is located in the Performing Arts Center Complex adjacent to the Sophia B. Clarke Theater. The current season of events is available on the Box Office website. Ticket orders are accepted online, by telephone or in person. Major credit cards are accepted. All sales are final. Ticket exchanges may be available depending upon the event.

Randall Planetarium
Building 26C, Ext. 4425
http://www.mtsac.edu/instruction/sciences/planetarium/
The Randall Planetarium offers instructional support for college classes as well as a wide variety of public programs on a regular basis. The Planetarium facility has a 35-foot-diameter hemispherical dome and seating for up to 75 people.

Wellness Center
Building 27A, North Door, Ext. 4625
This modern, multi-dimensional facility offers health and lifestyle screening, health, fitness, and performance physical fitness assessments, all levels of aerobic exercise, circuit/strength training and cardiorespiratory exercise.

Programs and services include stress management, nutrition, diet/weight control, metabolic testing, athletic performance testing, individual health/fitness programming. Activities are offered for all age groups.

Offerings will be provided to graded students and for staff and faculty through the Employee Wellness Program. Please see http://www.mtsac.edu/wellness/ for more information and course offerings.

Wildlife Sanctuary, Ext. 4425
This ten-acre parcel, located on the southwestern portion of the Mt. San Antonio College campus includes a stream, lake, pond, swamp, meadow, and woodland. The sanctuary has been set aside as a place where plants and animals exist in a natural balance. Paths through the sanctuary provide access for visitors. For guided tours, contact the Campus Events office at Ext. 4794.
The Office of Instruction provides a wide range of services essential to student success in an environment of academic excellence.

Language Learning Center (LLC)
Building 6, Room 264 South Entrance, Upper Level, (909) 274-4580
The Language Learning Center (LLC) offers computer, web, and other media resources for students learning English as another language (ESL and AMLA) as well as those studying sign language (ASL) and foreign languages.

Math Activities Resource Center (MARC)
Building 61 - Room 1318, Ext. 5014
The MARC offers free math tutoring to Mt. SAC students currently enrolled in Math 50 through Math 71. Resources for checkout include videos, calculators, textbooks and solutions manuals.

Transfer Math Activities Resource Center (T-MARC)
Building 61 - Room 1314, Ext. 5389
The T-MARC offers free math tutoring to Mt. SAC students currently enrolled in Math 100 and above. A variety of resources for in-lab and take-home use are available.

Work Experience Education, Ext.4204
Occupational work experience education is supervised work activity extending classroom-based occupational learning at an on-the-job learning station (work site) related to the student’s occupational goal. This is guided by a written agreement between the College, the work site, and the student, providing the learner with adequate equipment, materials, and facilities to support the learning objectives specified within the agreement.

Student Qualifications
Students participating in Work Experience Education must:
1. Have the approval of the assigned work experience professor.
2. Have an occupational or educational goal to which, in the opinion of the professor, the work experience chosen will contribute.
3. Pursue a planned program of work experience education based on written, measurable learning objectives which are directly related to the student’s educational program and which, in the opinion of the professor, include new or expanded responsibilities or learning opportunities beyond those experienced during previous employment. Repetition of experiences in an ongoing job does not permit continued eligibility for the program.
4. Meet the following condition if self-employed: Identify a person who is approved by the professor to serve as a designated employer representative. This representative shall agree, in writing, to accept the following employer responsibilities:
   a. Assist the student in identifying new or expanded on-the-job learning objectives.
   b. Assist in the evaluation of the student’s identified on-the-job learning objectives.
   c. Validate hours worked.

Credits
For the satisfactory completion of work experience education, the College will grant credit to a student in an amount not to exceed four (4) units per semester, with a maximum total of sixteen (16) units during the student’s enrollment at the College. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester of supervised work is required for each one unit of credit.

The student must be, as verified by the supervising professor, enrolled in an occupational program directly related to the work experience assignment.

The student enrolled in the work experience education program shall assume and comply with the following responsibilities:
1. Unless otherwise determined, develop measurable learning objectives approved by the professor and work site supervisor.
2. If under the age of 18, obtain the written permission of their parents.
3. Faithfully discharge the duties of the on-the-job assignment.
4. Notify the professor of any work site problems or change in status of duties.
5. Try at all times to represent themselves and the College positively while at the work site.
6. If, prior to enrolling in work experience education, the student is already employed full-time by the work site where the work experience will take place, the student must write a report concerning a learning objective that extended beyond the duties of the regular job.

The Writing Center
Building 26B - Room 1561A, Ext. 5325
The Writing Center offers free services to all students. The Center provides one-on-one tutoring in writing for any course at the College. CRLA certified tutors and at least one English professor is present at all times. In addition, the Writing Center offers workshops to help students with common writing issues, such as sentence level errors, thesis statements, essay planning and organization, and beginning college research. The Center also houses a computer lab that is available for student use to work on papers, conduct library and internet research, and develop grammar and writing skills using self-directed educational software. Professional software is loaded on all the computers to allow students to create presentations. Printing (black and white or color), scanning and technical assistance is also available.

Library and Learning Resources

Distance Learning Program, Ext.5658
Distance Learning means taking classes that are conducted partially or entirely off-campus “at a distance.” Students and professors communicate with each other using a variety of technologies.

Distance Learning (DL) courses have the same content and academic rigor as regular courses; the only difference is the delivery method. Students should expect to spend as much time, sometimes more depending on the subject matter, reading, writing, and studying for DL courses as they would in regular courses.

In addition, students who manage their time well, log into DL courses regularly, submit completed work on time, and meet course expectations would do well in any course, but especially in DL courses. Communicating with the professor in a timely manner when there are questions or problems is also critical to student success.

Learning Assistance Center
Building 6, South Entrance, Lower Level,
Learning Technology Center, Ext.4300
The Learning Assistance Center (LAC) helps students succeed in college. The LAC offers instruction to review pre-collegiate skills in math, reading, and writing. Courses in study techniques are also available. Tutorial Services in the Learning Assistance Center provides free tutoring to all Mt. San Antonio College students on a drop-in basis, in study groups, and by appointment. Tutors assist students with course work in most subject areas and with study skills. The Learning Lab computers and audio visual materials are available to all current registered Mt. SAC students. Students can use the Learning Lab for research, word processing, multimedia assignments, online course work, and to supplement classroom instruction.

Library
Building 6, North Entrance, Upper Level,
Learning Technology Center, Ext.4260
The Library offers students, faculty, and staff a wide variety of information resources for their research needs.

In addition to the thousands of books already in circulation, the Library is in the process of making hundreds of closed-captioned DVDs available for circulation as well, to allow students easier access to the Library’s media collection. Beyond traditional resources such as books, journals, newspapers, videos, career guides, and college catalogs, researchers may also search numerous full-text article databases and access nearly 25,000 full-text books. Reserves allow faculty to provide continuous access to course materials free of charge to students.

The library faculty teach information competency through courses, customized classes, drop-in workshops and individualized instruction at the reference desk. The librarians at the library information desk can assist with all aspects of the research process from choosing a topic to searching for and evaluating information in print and electronic formats.
Mt. San Antonio College currently offers 85 Associate and Transfer Degrees and 130 Certificates of Achievement and Skills Certificates in a wide range of academic, career and technical areas. These programs of study appeal to a diversity of interests reflecting industry needs and career trends to provide students with the skills and knowledge needed to earn a degree, transfer to a four-year college/university or prepare for employment.

This table presents a current listing of Mt. SAC degrees and certificates. Detailed information regarding each credit program of study can be found in Section 7 and Section 8 of this catalog.

Programs of Study Leading to a Certificate
Mt. San Antonio College offers two different types of certificates for credit programs of study:

- **Skills Certificates** are lower-Unit certificates in various occupational areas. Although the awarding of Skills Certificates is not noted on a student's official transcript, the student may apply for and receive a documentation certificate from the college that may be of value in documenting knowledge and skills to potential employers. In many cases, entry-level Skills Certificates may be part of a ladder-track of increasing levels of preparation in an occupational area, and courses used to complete them may form a core of requirements that are augmented as students pursue higher levels of proficiency toward a Certificate of Achievement. Certificates which are part of a ladder-track are identified throughout this section by a ladder icon (Π).

- **Certificates of Achievement** are awarded for completion of an approved program of study meeting certain requirements of the California Community College Chancellor's Office in terms of total Unit values and other criteria. The possession of such a certificate is favorably recognized by business and industry and is frequently a requirement for professional advancement. The awarding of all Certificates of Achievement is noted on a student's official transcript.

**Requirements for all certificates include the following:**

- At least 1/2 of the credits earned toward the certificate must be completed at Mt. San Antonio College.
- A grade of “C” or better must be earned in each course to be applied to the certificate.

Mt. San Antonio College also awards Certificates of Competency and Occupational Training Certificates of Completion for certain non-credit programs of study. Information on these certificates may be found in Section 11 - Continuing Education.

| Section 7 | 33 |
Administrative Assistant - Level I

Business Division
Certificate E0516

The Level I Certificate prepares students for entry-level clerical positions where keyboarding and basic office skills are the primary functions.

Required Courses:
- CISB 10 Office Skills 3.0
- CISB 15 Microcomputer Applications 3.5
- CISB 31 Microsoft Word 3.0

Total Units 9.5

# Administrative Assistant Level II (L0594), Level III (T0517)

Animal Science Fundamentals

Natural Sciences Division
Certificate E0360

This certificate program is designed for students to acquire basic knowledge in the fundamentals of Animal Science. This can be utilized to gain entry level employment on farms, ranches and in agricultural sales and services. It is also the first step in the pathway to a career in becoming an educator in Agricultural Sciences. All courses are applicable for degree requirements.

Required Courses:
- AGAN 1 Animal Science 3.0
- AGAN 2 Animal Nutrition 3.0
- AGAN 51 Animal Handling and Restraint 3.0
- AGAN 94 Animal Breeding 3.0
- AGLJ 96 Animal Sanitation and Disease Control 3.0

Total Units 15.0

Animation - Tradigital Level I

Arts Division
Certificate E0337

This multi-level certificate program prepares students to enter the field of architecture and related areas. The student is provided with an option of direct employment in the field or preparation for transfer to a professional school of architecture. This multi-level certificate program prepares students to enter the field of architecture and related areas. The student is provided with an option of direct employment in the field or preparation for transfer to a professional school of architecture.

Required Courses:
- ANIM 101A Drawing - Gesture and Figure 3.0
- ANIM 111A Animal Drawing 1.5
- ANIM 115 Storyboarding 3.0
- ANIM 116 Character Development 1.5
- ANIM 104 Drawing Fundamentals 3.0
- ARTD 15A Drawing: Beginning 3.0

Total Units 15.0

Architecture Foundational Skills

Technology and Health Division
Certificate E0387

This multi-level certificate program prepares students to enter the field of architecture and related areas. The student is provided with an option of direct employment in the field or preparation for transfer to a professional school of architecture. The Architecture Foundational Skills Certificate provides a basic overview of the fundamental skills essential to the field, suitable for entry-level employment as an office assistant.

Required Courses:
- ARCH 101 Design I - Elements of Design 4.0
- ARCH 141 Design Drawing and Communication 4.0
- ARCH 121 CADD and Digital Media Level I 4.0

Total Units 12.0

Athletic Trainer Aide I

Kinesiology & Athletics Division
Certificate E0802

The Athletic Trainer Aide I Certificate provides minimal experience necessary to assist High School Athletic Trainers and Athletic Health Care Providers in the community. Students desiring a Bachelor's Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Required Courses:
- KIN 3 First Aid and CPR 3.0
- KIN 5 Advanced First Aid/CPR/Emergency Response 3.0
- KIN 19 Introduction to Care/Prevention of Activity/Sports-Related Injuries 3.0
- KIN 34 Fitness for Living 3.0
- KIN 92 Work Experience - Athletic Training 2.0 - 3.0

Total Units 11.0 - 12.0
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

### Business: Management - Level I

**Business Division Certificate E0525**
The Business Management - Level I Certificate is designed to introduce the student to the role of management in business. Management is the efficient use of human and capital resources to accomplish organizational objectives. Students will be exposed to the terms, trends, organizational structure, and opportunities inherent in business management. Upon completion of the Business: Management - Level I Certificate students may qualify for an entry-level management position in California’s diverse economy.

**Required Courses:**
- BUSM 20 Principles of Business 3.0
- BUSM 61 Business Organization 3.0
- BUSM 62 Human Resource Management 3.0

**Total Units** 9.0

**Special Information:**
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

### Business: Retail Management - Level I

**Business Division Certificate E0500**
This introductory certificate exposes students to the business world and the role of retail distribution. Students become familiar with careers in retail management, as well as the latest trends in this fast changing field. This certificate may aid the student’s search for an entry-level job in retail management.

**Required Courses:**
- BUSO 25 Business Communications 3.0
- CISB 15 Microcomputer Applications 3.5
- FASH 62 Retail Buying and Merchandising 3.0
- BUS 36 Principles of Marketing 3.0
- BUS 36 Retail Store Management and Merchandising 3.0

**Total Units** 9.5

**Special Information:**
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

### Business: Small Business Management - Level I

**Business Division Certificate E0529**
Small Business has been described as the engine of change within the economy. The Business: Small Business Management - Level I Certificate exposes students to the fundamentals of managing and planning a small business. Upon completion students may qualify for an entry-level management position in a small business. Entrepreneurs may use this certificate as a means to plan and develop new business ventures.

**Required Courses:**
- BUSM 20 Principles of Business 3.0
- BUSM 66 Small Business Management 3.0
- BUSS 36 Principles of Marketing 3.0

**Total Units** 9.0

**Special Information:**
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

### Children’s Program Certificate: General - Level I

**Business Division Certificate E1326**
The Children’s Program Certificate: General - Level I is designed for the student who desires general knowledge about the foundations of child development and who has an interest in teaching young children. This certificate meets the Title 22 education requirements for a fully qualified teacher. In Title 5 programs, this certificate meets the educational requirements for an Assistant/Aide position. This certificate includes the identified core courses for the Associate Teacher Child Development Permit. Fifty (50) days of experience is required to complete the permit requirements.

**Required Courses:**
- CHLD 1 Child, Family, School and Community 3.0
- CHLD 5 Principles and Practices in Child Development Programs 3.0
- CHLD 6 Survey of Child Development Curriculum 3.0
- CHLD 11 Child and Adolescent Development 3.0

**Total Units** 12.0

**Special Information:**
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

### CIS Professional Certificate in C++ Programming

**Business Division Certificate E0714**
The CIS Professional Certificate in C++ Programming prepares students for a career in computer programming. It is intended for returning CIS professionals with several years of experience or current students who have completed several CIS courses. Emphasis is placed on object-oriented programming, database programming and developing a graphical user interface. Students will demonstrate the ability to create business-oriented applications using both the C++ and Visual C++ programming languages; demonstrate effective object-oriented design techniques; write effective program documentation, and demonstrate problem troubleshooting skills. Opportunities available after the
Programs of Study Leading to a Certificate

Completion of this certificate include programming for standalone applications, games and databases.

Required Courses:
- CISP 10 Principles of Object-Oriented Design 2.0
- CISP 31 Programming in C++ 3.0
- CISP 31L Programming in C++ Laboratory 0.5
- CISP 34 Advanced C++ Programming 3.0
- CISP 34L Advanced C++ Programming Laboratory 0.5

PLUS
- CISD 11 Database Management - Microsoft Access 3.0
- CISD 11L Database Management - Microsoft Access 0.5 Lab
- CISD 21 Database Management 3.0
- CISD 21L Database Management - Microsoft SQL Server
- CISD 31 Database Management - Oracle 3.0
- CISD 31L Database Management - Oracle Laboratory 0.5

Total Units 12.5

CIS Professional Certificate in C++ Programming

Business Division
Certificate E0230

This certificate in C++ Programming is designed to prepare students for a career in the computer programming field. Emphasis is placed on object-oriented programming techniques. Students will demonstrate understanding of the topics via projects utilizing various real-world workbooks and databases. Opportunities available after the completion of this certificate include, but are not limited to, administrative aides, database administrators, and database systems analysts. In addition, courses help prepare students to take the Microsoft MOS certification exam in Access and Excel.

Required Courses:
- CISP 10 Principles of Object-Oriented Design 2.0
- CISP 21 Programming in Java 3.0
- CISP 21L Programming in Java Laboratory 0.5
- CISP 24 Advanced Java Programming 3.0
- CISP 24L Advanced Java Laboratory 0.5

Total Units 13.0

CIS Professional Certificate in Java Programming

Business Division
Certificate E0700

The Java programming certificate is designed to prepare students for a career in computer programming. The certificate offers a balanced set of classes that prepares students to create and operate Linux workstations, servers and networks used by industry. Emphasis is placed on configuring a Linux distribution to workstations with client applications; email, file, FTP, DNS and other servers; and routers, firewalls and other network services. Special attention is given to security concepts and tools and their implementation in a Linux system. Students will acquire the skills to utilize network protocol analyzers, to troubleshoot network problems, deploy intrusion prevention systems, configure firewall security appliances and Virtual Private Network (VPN), and assess network vulnerabilities and implement countermeasures.

Individual courses will help students prepare for industry certification exams such as Certified Ethical Hacker (CEH), Cisco Firewall Specialist, and Cisco IPS Specialist. Opportunities available upon completion of the certificate program include Network Security Analyst, Junior Network Security Engineer, Network Vulnerability Management, and Network Security Architect.

Required Courses:
- CISN 31 Linux Operating System 3.0
- CISN 31L Linux Operating System Laboratory 0.5
- CISN 34 Linux Networking and Security 3.0
- CISN 34L Linux Networking and Security Laboratory 0.5
- CISW 31 Secure Web Servers 3.0
- CISW 31L Secure Web Servers Laboratory 0.5

Total Units 10.5

CIS Professional Certificate in Network Security

Business Division
Certificate E0721

The CIS Professional Certificate in Network Security program is designed to prepare students for a career in the computer network security industry. The certificate offers a balanced set of classes that prepare students to design, implement, manage and secure the heterogeneous corporate network. The security management courses emphasize firewall security appliances, network protocol analysis, Linux network, Snort intrusion detection, intrusion prevention, and vulnerability management.

Students will acquire the skills to utilize network protocol analyzers, to troubleshoot network problems, deploy intrusion prevention systems, configure firewall security appliances and Virtual Private Network (VPN), and assess network vulnerabilities and implement countermeasures.

Individual courses will help students prepare for industry certification exams such as Certified Ethical Hacker (CEH), Cisco Firewall Specialist, and Cisco IPS Specialist. Opportunities available upon completion of the certificate program include Network Security Analyst, Junior Network Security Engineer, Network Vulnerability Management, and Network Security Architect.

Required Courses:
- CID 11 Database Management - Microsoft Access 3.0
- CID 11L Database Management - Microsoft Access 0.5 Lab
- CID 21 Database Management - Microsoft SQL Server 3.0
- CID 21L Database Management - Microsoft SQL Server Laboratory 0.5
- CID 31 Database Management - Oracle 3.0
- CID 31L Database Management - Oracle Laboratory 0.5

Total Units 12.5

CIS Professional Certificate in LINUX

Business Division
Certificate E0796

The CIS Certificate in Linux prepares student to install, manage, program and troubleshoot Linux operating systems. The certificate offers a balanced set of classes that prepares students to create and operate Linux workstations, servers and networks used by industry. Emphasis is placed on configuring a Linux distribution to workstations with client applications; email, file, FTP, DNS and other servers; and routers, firewalls and other network services. Special attention is given to security concepts and tools and their implementation in a Linux system. Students will also learn to configure and install an Apache web server in a Linux system to access a MySQL database using PHP programs. Opportunities available after the completion of this certificate include system or network administration, web server, and database programmers. The certificate covers the major topics of an industry standard certification exam for Linux.

Required Courses:
- CISS 23 Network Analysis, Intrusion Detection/Prevention Systems 3.0
- CISS 23L Network Analysis, Intrusion Detection/Prevention Systems Lab 0.5
- CISS 25 Network Security and Firewalls 3.0
- CISS 25L Network Security and Firewalls Lab 0.5
- CISS 27 Defending Computer Systems 1.0

Total Units 11.5
CIS Professional Certificate in Networking

**Business Division Certificate E0716**

The CIS Professional Certificate in Networking program is designed to prepare students for a career in the computer networking industry. The certificate offers a balanced set of classes that prepare students to design, implement, and manage the heterogeneous corporate network. The network administration courses emphasize network operating systems, network infrastructure, and data communications.

Student will acquire the skills to install and administer a Windows network, Virtualization, Active Directory, group policy, file system security, DNS, DHCP, Linux Networking, Cisco routers, switches, network infrastructure, access control list, Virtual LAN (VLAN) and VLAN routing. Individual courses will help students prepare for related industry certification exams such as Network+, Microsoft MCITP, Cisco CCNA and Red Hat RHCSA. Opportunities available upon completion of this certificate include entry-level and mid-management positions in Network Administration.

CIS Professional Certificate in Object-Oriented Design & Programming

**Business Division Certificate E0723**

The CIS Professional Certificate in Object-Oriented Design and Programming prepares students for a career in computer programming. The certificate offers a balanced set of classes that provides students the skills to design and develop business applications using the Unified Modeling Language (UML) and an object-oriented programming language. Students will demonstrate the ability to design and implement business environment applications that will contain the front end user interface and back end database.

Students in this program select one of the following three programming language concentrations: Visual Basic.NET, Java or C++. Career opportunities available after the completion of this certificate include programming for systems, mobile devices, device drivers and software engineering.

CIS Professional Certificate in SQL

**Business Division Certificate E0730**

The SQL Server certificate is designed to prepare students for a career in database administration using SQL. The certificate offers a balanced set of classes that provides students skills in database design, data retrieval and database programming. Emphasis is placed on building databases; retrieving data; creating and maintaining database objects; writing stored procedures, functions and triggers for reusable software components. Students will demonstrate the ability to view and update databases and develop programs to automate database functions. Opportunities available after the completion of this certificate include SQL Server report writer, SQL Server developer and software engineer.

CIS Professional Certificate in Visual Basic Programming

**Business Division Certificate E0719**

The CIS Professional Certificate in Visual Basic Programming is designed to prepare students for a career in computer programming. The certificate offers a balanced set of classes that provides students client, server and database programming skills required by industry. Emphasis is placed on object-oriented programming applications, web based applications and implementing ASP.NET, ADO.NET and .NET Framework for reusable software components. Students will design the ability to design and implement a Visual Basic application that contains the client interface, the server implementation and the database. Opportunities available after the completion of this certificate include programming for systems, mobile applications, integration of systems and web applications.

CIS Professional Certificate in Telecommunications

**Business Division Certificate E0718**

The CIS Professional Certificate in Telecommunications program is designed to prepare students for a career in the computer networking industry. The certificate offers a balanced set of classes that prepares students to design, implement and manage the heterogeneous corporate network.

The network administration courses emphasize network operating systems, network infrastructure and data communications. Students will acquire the skills to install and administer a Windows network, Virtualization, Active Directory, group policy, file system security, DNS, DHCP, Cisco routers, switches, network infrastructure, access control list, Virtual LAN (VLAN) and VLAN routing. Individual courses will assist students in preparing for industry certification exams such as Network+, Microsoft MCITP and Cisco CCNA. Opportunities available upon completion of the certificate program include entry-level and mid-management positions in Network Administration.

**Total Units:** 14.0
## CIS Professional Certificate in Web Programming
### Business Division Certificate E0713
The CIS Professional Certificate in Web Programming provides students with the programming skills to create effective web pages and web sites. The certificate offers a balanced set of classes that prepares students to design, debug and implement both client-side and server-side web programs. Emphasis is placed on acquiring programming skills in various web programming, scripting or markup languages such as JavaScript, HTML, DHTML, XHTML, XML, CSS, ASP.NET, AJAX, SQL and Perl. Students will also learn to configure and install an Apache web server in a Linux or Windows system and access a MySQL database using PHP programs. Opportunities available after the completion of this certificate include web programming or web and database server administration.

### Required Courses:
- CISW 17: HTML, CSS & JavaScript Programming (3.0 Units)
- CISW 31: Secure Web Servers (3.0 Units)
- CISW 31L: Secure Web Servers Laboratory (0.5 Units)

**Total Units: 12.5**

### CIS Professional Certificate in Windows Operating System Administration

#### Business Division Certificate E0720
The CIS Professional Certificate in Windows Operating System Administration is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This certificate will prepare students for technical support jobs for companies using Windows operating systems. The certificate will provide students with the skills to install, manage/monitor and troubleshoot Microsoft Windows workstations and Microsoft server operating systems. The courses in this certificate cover the major topics of industry standard certification exams. Opportunities available upon completion of the certificate program include entry-level and mid-level help desk and Windows Administrative positions.

### Required Courses:
- CISN 21: Windows Operating System (3.0 Units)
- CISN 24: Windows Server Network and Security Administration (3.0 Units)
- CISN 24L: Windows Server Network and Security Administration Laboratory (0.5 Units)

**Total Units: 6.5**

### Select one combination of lecture-lab courses (3.5 Units)
- CISW 21: Secure Web Programming with ASP.NET (3.0 Units)
- CISW 21L: Secure Web Programming with ASP.NET Laboratory (0.5 Units)

### Total Units: 10.0

#### Exit Requirement: First Aid and CPR Certification

### Coaching

#### Kinesiology, Athletics and Dance Division Certificate E0904
This certificate program is intended to prepare students for employment as high school (walk-on) coaches, but is appropriate for coaches at various levels.

**Required Courses:**
- KIN 13: Sports Officiating (3.0 Units)
- KIN 34: Fitness for Living (3.0 Units)
- KIN 44: Theory of Coaching (3.0 Units)
- KIN 81: Work Experience for Coaching (2.0 Units)

**Total Units: 11.0**

### Culinary Arts

#### Business Division Certificate E0373
The program prepares students for entry level career opportunities in restaurants, catering, hotels, theme parks and other food service businesses. Students gain practical training in the use of commercial equipment and acquire the skills necessary to be successful in the field of culinary arts such as: knife skills, food production, presentation, menu development, portion control, and nutrition. Students who successfully complete the requirements for this certificate will also earn the Food Protection Manager Certification from the National Restaurant Association upon passing the ServSafe Exam.

**Required Courses:**
- HRM 52: Food Safety and Sanitation (1.5 Units)
- HRM 54: Basic Cooking Techniques (3.0 Units)
- HRM 81: Garde Manager (3.0 Units)
- HRM 82: Baking and Pastry (3.0 Units)
- HRM 83: International Cuisines (3.0 Units)

**Plus one (1) of the following: (3 Units)**
- NF 10: Nutrition for Personal Health and Wellness (3.0 Units)
- NF 20: Principles of Foods (3.0 Units)
- NF 25: Essentials of Nutrition (3.0 Units)

**Total Units: 16.5**

### Consumer Relations

#### Business Division Certificate B0326
This program is intended to prepare students for entry level positions in non-profit agencies, government, education, or business such as utilities, telecommunications, and finance. Positions include, but are not limited to: consumer affairs representatives, client related government jobs, and community attitudes.

**Required Courses:**
- FCS 41: Life Management (3.0 Units)
- FCS 80: Personal Financial Planning (3.0 Units)
- BUSA 71: Personal Financial Planning (3.0 Units)
- FCS 51: Consumer Skills, Issues, and Strategies (3.0 Units)
- BUSO 25: Business Communications (3.0 Units)
- BUSO 26: Oral Communications for Business (3.0 Units)

**Total Units: 15.0**

### Dance Teacher

#### Kinesiology, Athletics and Dance Division Certificate E0313
The Dance Teacher Certificate is intended to prepare students for careers as dance instructors in private dance studios, recreation centers and K-12 dance programs. Focus is on the genres of Ballet, Jazz and Modern Dance with pedagogical principles that can be applied to other dance forms. This certificate may aid the student's search for an entry-level job in the dance teaching world.

**Required Courses:**
- DNCE 28: Ballet II (0.5 Units)
- DNCE 4: Choreography (0.5 Units)
Domestic Violence Certification
Technology and Health Division
Certificate O0366

Required Courses:
- AD 4 Issues in Domestic Violence (3.0 units)

Total Units: 3.0

Electronic Assembly and Fabrication
Technology and Health Division
Certificate E0929
The Electronic Assembly and Fabrication Certificate is intended to prepare students to enter the electronics field as assembly and fabrication technicians. The program provides a series of courses to meet the needs of industry in assembly, soldering/de-soldering skills and fabrication for both through-hole and surface mount devices (SMD). Included are skills for various types of cabling and connections.

Electronic fundamentals (test instruments, basic electrical measurements, color-codes, schematic symbols, device outlines, etc.) are provided in the introductory courses. Complete surface mount technology (SMT) skills are taught with a culmination in the IPC7711/IPC7721 rework and repair of electronic assemblies certification. Recertification is required every two years.

Required Courses:
- ELEC 50A Electronic Circuits - Direct Current (DC) (4.0 units) or
- ELEC 50B Electronic Circuits (AC) (4.0 units)
- EST 50 Electrical Fundamentals for Cable Installations (4.0 units)
- ELEC 61 Electronic Assembly and Fabrication (3.0 units)
- ELEC 62 Advanced Surface Mount Assembly and Rework (2.0 units)

Total Units: 13.0

Emergency Medical Technician
EMT 90
Technology and Health Division
Certificate E0378
Approved by the Los Angeles County and State Departments of Health. Emphasizes the development of skills to recognize symptoms of illnesses and injuries as well as the proper procedures of pre-hospital emergency care. Awards an EMT Course Completion Certificate necessary for many jobs in emergency care and is prerequisite for entry into a Paramedic program or most fire department jobs.

Required Courses:
- EMT 90 Emergency Medical Technician (8.0 units) or
- EMT 90-A Introduction to EMS System (2.0 units)

Total Units: 10.0

Special Information:
To remain in the program, student must maintain a grade of "C" or better in the course. EMT 90-A is a mandatory pre-requisite to EMT 90.

Completion of the required course, which includes both written and practical qualifying examinations, will award the student an EMT Course Completion Certificate. Students are then eligible for certification by taking and passing the National Registry EMS certifying exam. This course is a prerequisite for the Paramedic Program and is required by most fire departments before the student may be hired as a firefighter.

Application Requirements and Selection Procedures
Application Requirements:
- Applicant must be 18 years of age upon entrance into the course.
- High school graduate or equivalent.
- File a college application and be accepted as a student at Mt. San Antonio College.
- A physical examination, proof of certain immunizations, current certification in CPR, and a criminal background check are required of all students prior to entrance into the clinical setting. Forms and information will be provided upon entry into the course.

Selection Procedure:
The course is open to all students who meet the application requirements. All applicants are required to meet the Essential Functions in the Emergency Medical Technician Program.

Physical Demands:
- Perform prolonged, extensive or considerable standing/walking, lifting, positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heavy effort (lift and carry at least 125 pounds)
- Perform considerable reaching, stooping, bending, kneeling and crouching

Sensory Demands:
- Color vision: ability to distinguish and identify colors (may be corrected with adaptive device)
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationship
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

Working Environment:
- May be exposed to infectious and contagious diseases, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
Programs of Study Leading to a Certificate

- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions related to end of life issues
- Exposure to products containing latex

English Language Skills:
Although proficiency in English is not a criterion for admission into the EMT program, students must be able to speak, write and read English to ensure patient safety and to complete classes successfully.

Emergency Medical Technician
EMT 95
Technology and Health Division
Certificate E0367
Approved by the Los Angeles County and State Departments of Health. Emphasizes the development of skills to recognize symptoms of illnesses and injuries as well as the proper procedures for pre-hospital emergency care. Awards an EMT Course Completion Certificate necessary for many jobs in emergency care and is prerequisite for entry into a Paramedic program or most fire department jobs.

Required Courses:
- EMT 95 EMT for Fire Technology 8.0

Total Units 8.0

Special Information:
To remain in the program, student must maintain a grade of “C” or better in the course.
Completion of the required course, which includes both written and practical qualifying examinations, will award the student an EMT Course Completion Certificate. Students are then eligible for certification by taking and passing the National Registry EMT certifying exam. This course is a prerequisite for the Paramedic Program and is required by most fire departments before the student may be hired as a firefighter.

Fashion Computer Aided Design
Business Division
Certificate E0383
The Fashion Computer Aided Design Certificate consists of apparel design courses that offer students a basic understanding of clothing construction, patternmaking, technical design, and patternmaking software. In addition, students become proficient in creating technical drawings and retail planograms using CAD software.

Required Courses:
- FASH 15 Aesthetic Design in Fashion 3.0
- FASH 23 Patternmaking II 3.0
- FASH 24 Fashion Patternmaking by Computer 3.0
- FASH 25 Fashion Computer-Assisted Drawing 3.0
- FASH 66 Visual Merchandising Display 3.0

Total Units 15.0

Fire Officer Certification
Technology and Health Division
Certificate E0381
The Fire Officer Certificate is intended for in-service firefighters preparing for promotion. It meets the prerequisite educational requirements for fire officer promotional exams.

Required Courses:
- FIRE 100 Fire Prevention 1: Company Officer's 1.5 Fire & Life Safety Inspections
- FIRE 104 Training Instructor 1A: Cognitive 1.5 Lesson Delivery
- FIRE 105 Training Instructor 1B: Psychomotor 1.5 Lesson Delivery
- FIRE 106 Fire Investigation 1A: Fire Origin and Cause Determination 1.5
- FIRE 107 Fire Management 1: Management/Supervision for Company Officers 1.5
- FIRE 108 ICS 300: Advanced Incident Command 1.0

Total Units 13.0

Fitness Specialist/Personal Trainer
Kinesiology, Athletics and Dance Division
Certificate E0808
The Fitness Specialist/Personal Trainer Certificate prepares students for careers as personal trainers, health/fitness professionals in corporate fitness facilities, wellness centers and public/private health clubs. The Fitness Specialist/Personal Trainer Certificate curriculum is designed to prepare students who wish to take exams offered by the American Council on Exercise (ACE), the American College of Sports Medicine (ACSM) and other nationally recognized organizations. Technical skills necessary for implementation of a safe, effective and motivational physical fitness program are presented.

Required Courses:
- NF 10 Nutrition for Personal Health and Wellness 3.0
- KIN 15 Administration of Fitness Programs 2.0
- KIN 24 Applied Kinesiology 2.0
- KIN 38 Physiology of Exercise for Fitness 3.0
- KIN 39 Techniques of Fitness Testing 2.0
- KIN 40 Techniques of Teaching 2.0 Cardiovascular Exercise
- KIN 41 Techniques of Teaching Weight Training 2.0
- KIN 85 Fitness Specialist Work Experience 1.0

Total Units 17.0

Recommended Electives:
- DNCE 39A Alignment and Correctives I 0.5
Gallery Design/Operation and Art Profession

Arts Division
Certificate E1020
This certificate is designed to provide students with the necessary theoretical and practical knowledge and skills to display their artistic work and develop a career-oriented artistic perspective. Students will acquire the knowledge of various/diverse artistic media and develop a career-oriented artistic perspective.

Required Courses:
- ARTG 20 Art, Artists and Society 3.0
- ARTG 21A Introduction to Exhibition Production 3.0
- ARTG 21B Intermediate Exhibition Production 3.0

The following course to be taken twice - once as an off-campus experience and once as an on-campus experience (2 Units)
- ARTG 22A Exhibition Design and Art Gallery Operation Work Experience 1.0

PLUS select one (1) course from:
- AHIS 5 History of Western Art: Renaissance Through Modern 3.0
- AHIS 6 History of Modern Art 3.0

Total Units 17.0

Game Programming Development

Business Division
Certificate E0380
This curriculum is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This certificate will give students skills that are necessary to obtain jobs in game programming. Students will learn different software packages for developing games as well as general programming skills.

Required Courses:
- CISP 10 Principles of Object-Oriented Design 2.0
- CISP 31 Programming in C++ 3.0
- CISP 31L Programming in C++ Laboratory 0.5
- CISP 61 Introduction to Game Programming 3.0
- CISP 61L Introduction to Game Programming Laboratory 0.5

Total Units 11.0

CISP 62 Introduction to OpenGL 3.0
CISP 62L Introduction to OpenGL Laboratory 0.5
Total Units 12.5

Graphic Design Level I

Arts Division
Certificate E0341
This multi-level certificate program is designed to prepare students for careers in the Graphic Design Field of Communication Art. Students are given creative design and technology skills necessary to develop successful graphic design for print, web, and other media. This Graphic Design Level I certificate offers the essential skills required for entry-level employment opportunities as a production artist, interface or content designer, publication artist, print advertising artist, or desktop publisher. The production software reflects industry standards and course content is driven by industry needs.

Required Courses:
- ARTC 100 Graphic Design I 3.0
- ARTC 120 Graphic Design II 3.0
- ARTC 140 Graphic Design III 3.0
- ARTC 200 Web Design 3.0
- PHOT 5 Digital Cameras and Composition 1.0
- ARTD 20 Design: Two-Dimensional 3.0

Total Units 16.0

Hospitality: Event Planning and Catering

Business Division
Certificate E0379
The Catering Certificate prepares students for entry-level positions in catering companies, banquet facilities, hotels, convention centers, fairgrounds and event planning companies. Students gain practical and management training in: food safety and sanitation, food production, menu development, developing catering business plans, client meeting techniques, contract creation and banquet event order development. Students who successfully complete the requirements for this certificate will also earn the Food Protection Manager Certification from the National Restaurant Association upon passing the ServSafe Exam.

Required Courses:
- HRM 51 Food Safety and Sanitation 1.5
- HRM 54 Basic Cooking Techniques 3.0
- HRM 61 Menu Planning 3.0
- HRM 62 Event Planning and Catering 3.0

Total Units 10.5

Hospitality: Food Services

Business Division
Certificate E1390
This certificate prepares the holder to enter the food service field as a skilled food service worker in either food preparation or service.

Required Courses:
- HRM 51 Introduction to Hospitality 3.0
- HRM 52 Food Safety and Sanitation 1.5
- HRM 53 Dining Room Service Management 3.0

Total Units 7.5

Hospitality: Restaurant Management - Level I

Business Division
Certificate E1332
The Hospitality: Restaurant Management - Level I Certificate prepares students for entry-level positions in the hospitality industry. Students receive training in dining room service management and lodging operations. Students who successfully complete the requirements for this certificate will also be required to complete a minimum of 60 non-paid or 75 paid hours of work experience in the hospitality industry.

Required Courses:
- HRM 51 Introduction to Hospitality 3.0
- HRM 52 Food Safety and Sanitation 1.5
- HRM 53 Dining Room Service Management 3.0
- HRM 91 Hospitality Work Experience 1.0

Total Units 10.0

Hospitality: Restaurant Management - Level II (L1325)

Required Courses:
- HRM 51 Introduction to Hospitality 3.0
- HRM 52 Food Safety and Sanitation 1.5
- HRM 53 Dining Room Service Management 3.0
- HRM 91 Hospitality Work Experience 1.0

Total Units 8.5

Hospitality: Restaurant Management Level II

Business Division
Certificate E0343
The Hospitality: Restaurant Management - Level II Certificate prepares the holder for an entry-level position within a restaurant.

Required Courses:
- HRM 51 Introduction to Hospitality 3.0
- HRM 52 Food Safety and Sanitation 1.5
- HRM 53 Dining Room Service Management 3.0
- HRM 91 Hospitality Work Experience 1.0

Total Units 8.5
Programs of Study Leading to a Certificate

Hospitality: Restaurant Management - Level II
Business Division
Certificate E0343
The Restaurant Management - Level II Certificate prepares students for mid-level or Manager-In-Training positions in restaurants, catering, hotel food and beverage outlets, theme parks and other food service businesses. Students gain practical and management training in: food safety and sanitation, food production, dining room service management, menu development and cost volume analysis. Students who successfully complete the requirements for this certificate will also earn the Food Protection Manager Certification from the National Restaurant Association upon passing the ServSafe Exam.

Required Courses:
- HRM 51 Introduction to Hospitality: 3.0
- HRM 52 Food Safety and Sanitation: 1.5
- HRM 53 Dining Room Service Management: 3.0
- HRM 54 Basic Cooking Techniques: 3.0
- HRM 57 Hospitality Cost Control: 3.0
- HRM 61 Menu Planning: 3.0
- HRM 91 Hospitality Work Experience: 1.0
- Total Units: 17.5

Information and Operating Systems Security
Business Division
Certificate E0731

The Information and Operating Systems Security certificate provides students the skills to analyze security risks to a computer network and select and deploy countermeasures to reduce the network’s exposure to such risks. The certificate offers a balanced set of classes that provides students the skills to identify network threats and protect the system against them. Students will demonstrate the ability to create a secure computer system and utilize security tools to protect it from security threats. Although this certificate, by itself, may not qualify a student for a career in network security, it would ideally compliment other network security certificates and/or degrees within the CIS program.

Required Courses:
- CISS 11 Practical Computer Security: 2.0
- CISS 13 Principles of Information Systems Security: 4.0
- CISS 15 Operating Systems Security: 3.0
- Total Units: 9.0

Interior Design: Level I
Business Division
Certificate E0364
Interior Design: Level I Certificate is designed to prepare students with a broad overview and solid foundation in the area of interior design and related fields. This certificate may lead to new opportunities and provide students with the groundwork upon which to build a career.

Required Courses:
- ID 10 Introduction to Interior Design: 2.0
- ID 10L Introduction to Interior Design Laboratory 1: 1.0
- ID 12 Materials and Products for Interior Design: 3.0
- ID 14 History of Furniture and Decorative Arts: 3.0
- Total Units: 9.0

Introduction to Computer Information Technology
Business Division
Certificate E0712
The Introduction to Computer Information Technology certificate is designed to prepare students for careers that require the understanding and use of computer technology. This certificate offers a balanced set of classes that enables students to become proficient with business software such as Word, Excel and Access; implement security techniques to protect computer systems from malware; maintain a computer using utility programs, and create web sites. Emphasis is placed on developing formatted documents; using spreadsheets to enter, calculate and graph data; using a database to store and retrieve data and to create forms, reports and queries; protecting a computer’s hardware and software, and using HTML and web page editors to create and publish multimedia web sites. Students will demonstrate the ability to use software to solve business problems and create commercial web sites. Although the completion of this certificate may not qualify a student for a job in the computer industry, it would complement a degree such as business or engineering that requires computer skills.

Required Courses:
- CISB 11 Computer Information Systems: 3.5
- CISB 15 Microcomputer Applications: 3.5
- Total Units: 7.0

Livestock Production Management
Natural Sciences Division
Certificate E0363
This certificate program is designed to give students basic skills in livestock production management for employment opportunities in farms, ranches, and agriculture sales and services. All courses are applicable for degree requirements.

Required Courses:
- AGLI 14 Swine Production: 3.0
- AGLI 17 Sheep Production: 3.0
- AGLI 30 Beef Production: 3.0
- AGLI 34 Livestock Judging and Selection: 2.0
- AGLI 97 Artificial Insemination of Livestock: 2.0
- Total Units: 13.0

LVN 30-Unit Option – Career Mobility Track

Technology and Health Division
Certificate E1202
In keeping with Section 1429 of the Board of Registered Nursing Rules and Regulations, completion of this certificate program entitles the student to apply for examination for licensure as a Registered Nurse in the State of California. This option is specifically designed for California licensees. Other states do not have this provision in their laws; therefore, endorsement for licensure may not be granted.

A certificate of completion is awarded at the end of the course of study. The student who elects to complete the 30-Unit Option track is not a graduate of the Associate in Science Degree Nursing Program at Mt. San Antonio College. Individuals who complete this track are not eligible to return to the college at a later date to complete a degree in nursing. LVN applicants must declare their educational goal at the time of application (30-Unit or Associate Degree). This decision is not subject to change at a later date.

Prerequisite Courses:
1. Human Anatomy, including a laboratory component, a minimum of four (4) semester units.
2. Human Physiology, including a laboratory component, a minimum of four (4) semester units.
3. Microbiology, including a laboratory component, a minimum of four (4) semester units.

Non-course requirements:
1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology and Microbiology prerequisite courses with no grade less than a “C” for each course and no more than one repetition of any one of these courses.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for Math 51
4. High school graduation or GED or academic degree from an accredited college/university in the United States.
5. Possess a current, active California Licensed Vocational Nurse license.
6. A physical examination, including specific immunizations is required of all candidates prior to the beginning of nursing classes.
7. Current Healthcare Provider CPR certification
8. Criminal background check and drug screening must be completed prior to any patient contact
9. Nursing 70: Role Transition must be completed with a credit grade prior to entrance into the program.
10. NURS 70: Role Transition – Due to the clinical component of NURS 70, applicants must submit their names to the Nursing Office for approval prior to enrollment in this course. Applicants must have completed all prerequisite courses prior to taking NURS 70. Applicants must provide proof of current Vocational Nurse License, physical, CPR card, Background Check, and drug testing prior to the start of class.)

Required Courses:
- NURS 5 Psychiatric Nursing: 3.0
- NURS 8 Medical-Surgical Nursing: 5.0
- Circulation and Oxygenation: 4.0
Students should also be aware that once they have first served basis. to requesting an appointment for certifying readiness Students must complete all course prerequisites prior to attending the program. Once eligibility has been established and the Admission Assessment Test has been passed, students will enter on a first come first served basis. 1. Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor. 2. Students who have completed coursework at other colleges must bring the following information to their eligibility appointment: a. Official transcripts of all college work completed at all colleges. b. If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus. c. Students completing college coursework outside of the United States will need to have their transcripts evaluated by an approved international transcript evaluation agency and must bring the final evaluation to their appointment (students may be able to obtain a list of agencies from the Admissions & Records Office). d. Due to specific college deadlines for International Student application, please inform the Counseling/ Educational Advisor that this applies to you. e. All students will need to bring official proof of high school graduation, GED, or college graduation from an accredited institution in the United States. Students should also be aware that once they have been admitted to the Nursing program and before begining the clinical portion of the program, they will need to be able to pass both a criminal background check, including a screening by the Office of Inspector General for welfare or Social Security fraud, as well as testing negative for drug use. All applicants are required to meet the essential functions for success in the Nursing Program. Physical Demands: • Perform prolonged, extensive, or considerable standing/ walking, lifting positioning, pushing, and/or transferring patients • Possess the ability to perform fine motor movements with hands and fingers • Possess the ability for extremely heavy effort (lift/ carry 50 lbs. or more) • Perform considerable reaching, stooping, bending, kneeling, and crouching Sensory Demands: (may be corrected with adaptive device) • Color vision: ability to distinguish and identify colors • Distance vision: ability to see clearly 20 feet or more • Depth perception: ability to judge distance and space relationships • Near vision: ability to see clearly 20 inches or less • Hearing: able to recognize full range of tones Working Environment: May be exposed to infectious and contagious disease, without prior notification • Regularly exposed to the risk of blood borne diseases • Exposed to hazardous agents, body fluids and wastes • Exposed to odorous chemicals and specimens • Subject to hazards of flammable, explosive gases • Subject to burns and cuts • Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of hands circumstances • Handle emergency or crisis situations • Subject to many interruptions • Requires judgment/action which could result in death of a patient • Exposed to products containing latex English Language Skills: Although proficiency in English is not a criterion for admission into the Nursing program, students must be able to speak, write and read English to ensure patient safety and to complete classes successfully.

### Microcomputer Productivity Software

#### Business Division

**Certificate E0936**

The Microcomputer Productivity Software certificate is designed to prepare students for careers that require extensive knowledge of business-related productivity software. The certificate offers a balanced set of classes that enable students to maintain and troubleshoot a Windows operating system, learn advanced features of Excel, Access and PowerPoint software; and create commercial Web sites. Emphasis is placed on customizing, optimizing and securing a Windows-based computer; developing spreadsheet pivot tables and macros; using Access to create and maintain database tables, forms, reports and queries; creating and manipulating PowerPoint slide shows with multimedia content; and using HTML and web page editors to create and publish Web sites. Students will demonstrate the ability to use software to store and retrieve data, solve business problems and create commercial Web sites. Opportunities available after the completion of this certificate include systems analyst, administrative assistant and office manager.

Programs of Study Leading to a Certificate

Nutrition
Business Division
Certificate E0353
This certificate is designed to give students basic knowledge and skills in nutrition science, food science, food preparation, and food safety and sanitation. These core courses provide the necessary skills for those seeking entry-level employment as nutrition assistants or dietary service workers in hospital or school food service or with community agencies such as The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) and Head Start.

Required Courses:
- HRM 52 Food Safety and Sanitation 1.5
- NF 1 Introduction to Nutrition as a Career 1.5
- NF 20 Principles of Foods 3.0
- NF 25 Essentials of Nutrition 3.0
- or
- NF 25H Essentials of Nutrition - Honors 3.0

Total Units 9.0

Recommended Elective:
- NF 91 Work Experience in Nutrition and Dietetics 1.0 - 3.0

Programming in Visual Basic
Business Division
Certificate E0335
The Programming in Visual Basic Certificate is designed to prepare students for a career in computer programming. The certificate offers a balanced set of classes that provides students the client, server and database programming skills required by industry. Emphasis is placed on object-oriented programming applications, web based applications, and implementing ASP.NET, ADO.NET and .NET Framework for reusable software components. Students will demonstrate the ability to design and implement a Visual Basic application that contains the client interface, the server implementation and the database. Opportunities available after the completion of this certificate include programming for systems, mobile applications, integration of systems and web applications.

Required Courses:
- CISP 11 Computer Information Systems 3.5
- CISO 11 Database Management 3.0
- - Microsoft Access 0.5
- CISO 11L Database Management Lab 0.5
- CISM 11 Systems Analysis and Design 3.5
- CISP 11 Programming in Visual Basic 3.0
- CISP 11L Programming in Visual Basic Lab 0.5
- CISP 14 Advanced Visual Basic .NET 3.0
- CISP 14L Advanced Visual Basic .NET Laboratory 0.5

Total Units 17.5

Radio Broadcasting:
Behind-the-Scenes - Level I
Arts Division
Certificate E0372
This multi-level certificate program prepares students to enter the field of broadcasting in a behind-the-scenes capacity. The Level I Radio Broadcasting Behind-the-Scenes Certificate provides an overview of the fundamental skills essential to the field as well as the business and legal aspects of the industry.

Required Courses:
- R-TV 01 Introduction to Electronic Media 3.0
- R-TV 09 Broadcast Sales and Promotion 3.0
- R-TV 10 Radio Programming and Producer Techniques 3.0
- R-TV 11A Beginning Radio Production 3.0
- R-TV 15 Broadcast Law and Business Practices 3.0

Total Units 15.0

Radio Broadcasting:
On-Air - Level I
Arts Division
Certificate E0371
This multi-level certificate program prepares students to enter the field of on-air broadcasting and related areas. The Level I Radio Broadcasting On-Air Certificate provides an overview of fundamental skills essential to the field as well as the business and legal aspects of the industry.

Required Courses:
- R-TV 01 Introduction to Electronic Media 3.0
- R-TV 02 On-Air Personality Development 3.0
- R-TV 05 Radio-TV Newswriting 3.0
- R-TV 11A Beginning Radio Production 3.0
- R-TV 15 Broadcast Law and Business Practices 3.0

Total Units 15.0

Real Estate Sales Certificate
Business Division
Certificate E0342
Prior to taking the California Real Estate Salespersons Examination, an applicant must complete three (3) college level courses specified by the California Department of Real Estate. Two of these classes are mandated: Real Estate Principles (BUSR 50) and Real Estate Practice (BUSR 52). The third class may be any real estate or real estate related course specified by the California Department of Real Estate. The Real Estate Sales Certificate includes these three classes for a total of 9 Units needed to apply for the California Real Estate Salesperson's Examination.

Required Courses:
- BUSR 50 Real Estate Principles 3.0
- BUSR 52 Real Estate Practice 3.0
- or
- BUSR 51 Real Estate Principles - Honors 3.0

Total Units 9.0 - 11.0
**Welding**

**Technology and Health Division**  
**Certificate E0919**

This program is designed to prepare the student for employment in the broad field of welding and (1) leads to occupations in manufacturing and repair; and (2) helps prepare the student for positions in supervision.

Courses in the welding curriculum prepare students for welding certificates. The College is a testing agency for the City of Los Angeles, and is authorized to administer the performance test for the Structural Welding certificate. There is a $50 charge for students and $60 for nonstudents to take this test. Topics of the written portion of the test which is administered by the City are reviewed in various welding courses offered by the College.

**Required Courses:**
- WELD 40 Introduction to Welding  2.0
- WELD 70A Beginning Arc Welding  3.0
- WELD 70B Intermediate Arc Welding  3.0

**Total Units**  8.0

**Recommended Electives:**
- WELD 60 Print Reading and Computations  3.0  
- WELD 70C Certification for Welders  3.0

Note: Any higher level welding courses may be substituted for WELD 70A.

---

**Accounting**

**Business Division**  
**Certificate L0374**

The Accounting Certificate provides basic accounting skills and knowledge combined with in-depth training in a variety of accounting concepts, preparing the student for entry-level positions and/or professional advancement in a wide selection of accounting jobs. These jobs include general accounting, cost accounting, payroll, inventory management, asset management, accounts receivable, accounts payable, budgets and forecast, financial analysis, etc.

**Required Courses:**
- BUSA 7 Principles of Accounting - Financial  5.0
- BUSA 21 Cost Accounting  4.5
- BUSA 58 Federal Income Tax Law  3.0
- BUSA 52 Intermediate Accounting  3.0
- BUSA 75 Using Microcomputers in Financial Accounting  1.0
- BUSA 76 Using Microcomputers in Managerial Accounting  1.0
- BUSM 20 Principles of Business  3.0

**Total Units**  21.0 - 22.5

**PLUS select a minimum of 7.5 Units from the following:**
- BUSA 16 Macintosh Applications  2.0
- BUSA 21 Microsoft Excel  3.0
- BUSA 31 Microsoft Word  3.0
- BUSA 51 Microsoft PowerPoint  3.0
- CISD 11 Database Management  3.0
- CISD 11L Database Management - Microsoft Access Lab  0.5
- CISS 11 Practical Computer Security  2.0

**Total Units**  18.0 - 20.0

---

**Accounting - Computerized**

**Business Division**  
**Certificate L0503**

The Accounting - Computerized Certificate provides basic accounting skills and knowledge combined with additional training in computer applications common to the accounting industry. This certificate program prepares the student for an entry-level position as an accounting clerk that requires computer skills in areas such as utilization of accounting software, accounts receivable, accounts payable, inventory tracing/reporting, bank reconciliation, expense reporting and account analysis.

**Required Courses:**
- BUSA 7 Principles of Accounting - Financial  5.0
- BUSA 72 Bookkeeping - Accounting  5.0
- BUSA 75 Using Microcomputers in Financial Accounting  1.0
- BUSA 76 Using Microcomputers in Managerial Accounting  1.0
- BUSA 68 Business Mathematics  3.0
- CISB 15 Microcomputer Applications  3.5

**Total Units**  18.0 - 22.5

**Accounting - Financial Planning**

**Business Division**  
**Certificate L0599**

The Accounting - Financial Planning Certificate provides basic accounting skills and knowledge combined with specialized training in financial planning, preparing the student for entry-level positions and/or professional advancement in their current accounting jobs. Students completing this certificate will be able to perform duties in the areas of budget analysis, variance analysis, budget preparation, expense reporting, account analysis, and preparation of various internal reports to assist management in their decision making.

**Required Courses:**
- BUSA 7 Principles of Accounting - Financial  5.0
- BUSA 21 Cost Accounting  4.5
- BUSA 52 Intermediate Accounting  3.0
- BUSA 58 Federal Income Tax Law  3.0
- BUSA 76 Using Microcomputers in Managerial Accounting  1.0

**Total Units**  18.5

---

**Administrative Assistant - Level II**

**Business Division**  
**Certificate L0594**

The Level II Certificate prepares students for clerical positions where, in addition to general office skills, written communication and advanced word processing skills are needed.

**Required Courses:**
- BUSA 7 Principles of Accounting - Financial  5.0
- BUSA 8 Principles of Accounting - Managerial  5.0
- BUSA 21 Cost Accounting  4.5
- BUSA 52 Intermediate Accounting  3.0
- BUSA 58 Federal Income Tax Law  3.0
- BUSA 76 Using Microcomputers in Managerial Accounting  1.0

**Total Units**  18.5

---

**Accounting - Managerial**

**Business Division**  
**Certificate L0533**

The Accounting - Managerial Certificate provides basic accounting skills and knowledge combined with specialized training in managerial accounting, preparing the student for entry-level positions in accounting and/or professional advancement in their current accounting jobs. Students completing this certificate will be able to perform duties in the areas of cost analysis, variance analysis, budget preparation, expense reporting, account analysis, and preparation of various internal reports to assist management in their decision making.

**Required Courses:**
- BUSA 7 Principles of Accounting - Financial  5.0
- BUSA 8 Principles of Accounting - Managerial  5.0
- BUSA 21 Cost Accounting  4.5
- BUSA 52 Intermediate Accounting  3.0
- BUSA 58 Federal Income Tax Law  3.0
- BUSA 76 Using Microcomputers in Managerial Accounting  1.0

**Total Units**  18.5
Programs of Study Leading to a Certificate

Administrative Assistant - Level III
Business Division
Certificate T0382
The Level III Certificate prepares students for administrative assistant positions where a variety of skills are needed.

Required Courses:
Completion of the Administrative Assistant - Level I coursework as follows: (9.5 Units)
CISB 10 Office Skills 3.0
CISB 15 Microcomputer Applications 3.5
CISB 31 Microsoft Word 3.0
Completion of the Administrative Assistant - Level II coursework as follows: (9 Units)
BUSO 25 Business Communications 3.0
CISB 21 Microsoft Excel 3.0
CISB 51 Microsoft PowerPoint 3.0
PLUS the level III coursework as follows:
CISB 16 Macintosh Applications 2.0
BUSO 26 Oral Communications for Business 3.0

and
Select one (1) course or any one (1) combination lecture-lab course from the following:
CISD 11 Database Management 3.0
CISD 11L Database Management - Microsoft Access 0.5
or
CISN 21 Windows Operating System 3.0
or
CISS 11 Practical Computer Security 2.0
or
CISW 15 Web Site Development 3.5
Total Units 25.5 - 27.5

Air Conditioning and Refrigeration
Technology and Health Division
Certificate T0909
This program is designed to prepare the student for employment in the broad field of air conditioning, heating, and refrigeration. It leads to occupations in design, manufacturing, operation, sales, distribution, installation, maintenance, and repair. Students desiring a Bachelor’s Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Required Courses:
AIRC 10 Technical Mathematics in Air Conditioning and Refrigeration 2.0
AIRC 11 Welding for Air Conditioning and Refrigeration 2.0
AIRC 12 Air Conditioning Codes and Standards 3.0
AIRC 20 Refrigeration Fundamentals 4.0
AIRC 25 Electrical Fundamentals 5.0
AIRC 26 Gas Heating Fundamentals 2.0
AIRC 30 Heat Load Calculations & Design 4.0
AIRC 31 Commercial Electrical 4.0
AIRC 32A Air Properties and Measurement 1.5
AIRC 34 Advanced Mechanical Refrigeration 4.0
Total Units 31.5

Aircraft Powerplant Maintenance Technology - Day
Certificate T0982
Technology and Health Division
This program prepares students to enter employment as a certified powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various powerplants and their components. Completion of this program leads to an Associate in Science Degree or a Certificate. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

This program offers a day or evening program option. The only difference between the two options is the course numbering and time required to complete the program. Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 95A, 95B, 96A, 96B, 97A, 97B, 98A, and 98B. Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 90A, 90B, 91A, 91B, 92A, 92B, 93A, and 93B.

Successful completion of this program enables students to take the FAA examination in General and Powerplant. Passing the General Exam plus the Airframe and/or Powerplant Exam provides certification as an Aircraft Maintenance Technician which is required for employment in this field. Students desiring a Bachelor’s Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Required Courses:
AIRM 65A Aircraft Powerplant Maintenance Technology 13.0
AIRM 65B Aircraft Powerplant Maintenance Technology 13.0
AIRM 70A Aircraft Maintenance Electricity and Electronics 3.0
AIRM 70B Aircraft Maintenance Electricity and Electronics 3.0
AIRM 71 Aviation Maintenance Science 6.0
AIRM 72 Aircraft Materials and Processes 1.5
AIRM 73 Aircraft Welding 1.5
Total Units 41.0

Recommended Electives:
AIRM 74 Aircraft Maintenance Technology - Work Experience 2.0
AIRM 80 Lab Studies in Aircraft Maintenance Technology 0.5
PHYS 1 Physics 4.0

Aircraft Powerplant Maintenance Technology - Evening
Certificate T0952
Technology and Health Division
This program prepares students to enter employment as a certified powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various powerplants and their components. Completion of this program leads to an Associate in Science Degree or a Certificate. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

This program offers a day or evening program option. The only difference between the two options is the course numbering and time required to complete the program. - AIRM 90A Airframe Maintenance Technology 3.0
- AIRM 90B Airframe Maintenance Technology: Structure and Design 3.0

Alcohol/Drug Counseling Technology and Health Division
Certificate T2101
Upon completion of the required courses with a grade of "C" or better, a Certificate in Alcohol/Drug Studies will be awarded by the Technology and Health Division.

Required Courses:
- AIRM 91A Airframe Maintenance Technology 3.0
- AIRM 91B Airframe Maintenance Technology: Aluminum Repair 3.0
- AIRM 92A Airframe Maintenance Technology: Hydraulics & Pneu 3.0
- AIRM 92B Airframe Maintenance Technology: Systems 3.0
- AIRM 93A Airframe Maintenance Technology: Fire Suppression 3.0

Total Units 39.0

Recommended Electives
- AIRM 74 Aircraft Maintenance Technology 2.0
- AIRM 80 Lab Studies in Aircraft Maintenance Technology 0.5
- PHYS 1 Physics 4.0

Select two (2) courses from:
- CHLD 10 Child Growth and Lifespan Development 3.0
- CHLD 10H Child Growth and Lifespan Development - Honors 3.0
- PSYC 1A Introduction to Psychology 3.0
- PSYC 1AH Introduction to Psychology – Honors 3.0
- PSYC 19 Abnormal Psychology 3.0
- SOC 1 Sociology 3.0
- SOC 1H Sociology – Honors 3.0
- SOC 14 Marriage and the Family 3.0
- SOC 14H Marriage and the Family – Honors 3.0
- SOC 15 Child Development 3.0

Total Units 41.0

Selection Procedure
All classes are open to all students who meet admission requirements and course prerequisites.

Special Instructions
Restricted Electives must be taken prior to enrollment in Field Experience and can be taken in conjunction with core and skills courses.

Working Environment:
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions related to end of life issues
- Exposed to products containing latex

English Language Skills:
Although proficiency in English is not a criterion for admission, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and others.
### Programs of Study Leading to a Certificate

#### Animation – 3D and CG Gaming
**Arts Division Certificate T0302**
The Animation – 3D and CG Gaming Certificate provides training in 3D animation including character modeling, character rigging, lighting, texture, environment and visual effects that lead to creative careers in film, television and the video game industry.

The Animation Program offers an integrated/interdisciplinary approach to prepare students to meet current and future job market demands. The student will be given a balanced blend of art and technology-based skills which are essential for today's careers in animation.

**Required Courses:**
- ANIM 101A Drawing - Gesture and Figure 3.0
- ANIM 104 Drawing Fundamentals 3.0
- ANIM 108 Principles of Animation 3.0
- ANIM 115 Storyboarding 3.0
- ANIM 116 Character Development 1.5
- ANIM 130 Introduction to 3D Modeling 3.0
- ANIM 131 Introduction to Gaming 3.0
- ANIM 132 Intermediate 3D Modeling 3.0
- ANIM 136 Animation Environment and Level Design 3.0
- ANIM 145 Advanced 3-D Modeling 3.0
- ANIM 148 Demo-Reel 3.0
- ARTC 100 Graphic Design I 3.0

**Required Electives**
Select one (1) of the following: (3 Units)
- ANIM 146 Advanced 3-D Animation 3.0
- ANIM 149 3-D Character Rigging 3.0

**Total Units** 37.5

**Recommended Electives**
- ANIM 109 Advanced Principles of Animation 3.0
- ANIM 137A Work Experience in New Digital Media 1.0
- ANIM 172 Motion Graphics, Compositing and Visual Effects 3.0
- ANIM 175 Web Animation With Flash 3.0
- ARTC 290 Portfolio 3.0
- ARTD 17A Drawing: Life 3.0
- ARTD 20 Design: Two-Dimensional 3.0
- PHOT 10 Basic Digital and Film Photography 3.0

#### Animation – Game & Interactive Multimedia Design Level II
**Arts Division Certificate L0340**
This multi-level certificate program offers skills needed for creative careers that integrate animation with gaming, video, audio, graphics, and special effects for the Web, broadcast, film, presentation, or mobile content. The Animation – Game & Interactive Multimedia Design Level II certificate provides additional expertise for employment opportunities in areas of game design, digital animation, motion graphics, and special effects.

**Required Courses:**
- Completion of the Animation – Tradigital Level I coursework (12 Units)
  - ANIM 101A Drawing - Gesture and Figure 3.0
  - ANIM 108 Principles of Animation 3.0
  - ANIM 111A Animal Drawing 1.5
  - ANIM 115 Storyboarding 3.0
  - ANIM 116 Character Development 1.5
  - ANIM 104 Drawing Fundamentals 3.0
  - or
  - ARTD 15A Drawing: Beginning 3.0
  - PLUS the following Level II coursework (9 Units)
  - ANIM 175 Web Animation With Flash 3.0
  - ANIM 148 Demo Reel 3.0

**Recommended Electives:**
- ANIM 137A Work Experience in New Digital Media 1.0
- ARTD 17A Drawing: Life 3.0
- ARTD 16 Drawing: Perspective 3.0

**Total Units** 24.0

#### Animation – Tradigital Level II
**Arts Division Certificate L0338**
This multi-level certificate program prepares students for employment as an office assistant.

#### Architectural Design Concentration Level II
**Technology and Health Division Certificate T0385**
This Level II Design Concentration Certificate focuses upon studio design, drawing, and presentation skills, including model-making, sketching and computer applications. The student will prepare a portfolio of creative design assignments. The Level II Design Concentration Certificate prepares students for employment as a design assistant or presentation specialist.

**Required Courses:**
- Completion of the Architectural Technology Level I coursework (20 Units)
- ARCH 101 Design I - Elements of Design 4.0
- ARCH 102 Design II - Architectural Design 4.0
- ARCH 121 CADD and Digital Media I 4.0
- ARCH 122 Architectural Presentations 4.0
- ARCH 141 Design Drawing and Communication 4.0

**Plus the following courses: (11 Units)**
- ARCH 142 Architectural Materials and Specifications 4.0
- ARCH 201 Design III - Environmental Design 4.0
- ARCH 250 World Architecture I 3.0

**Total Units** 31.0
Architectural Design
Concentration Level III
Technology and Health Division
Certificate T0386

The Level III Design Concentration Certificate provides additional expertise in portfolio development and professional practice. The Level III Design Concentration Certificate prepares students for employment as an intermediate design assistant or presentation specialist.

Required Courses:
Completion of the Architectural Technology Concentration Level I and Level II coursework: (31 Units)
ARCH 101 Design I Elements of Design 4.0
ARCH 121 CADD and Digital Media Level I 4.0
ARCH 141 Design Drawing and Communication 4.0
ARCH 142 Architectural Materials 4.0
ARCH 143 and Specifications 4.0
ARCH 102 World Architecture I 3.0
ARCH 201 Design III Environmental Design 4.0
PLUS the following courses: (10 Units)
ARCH 202 Design IV Advanced Project 4.0
ARCH 221 Architectural Illustration 3.0
ARCH 251 World Architecture II 3.0
Total Units 41.0

Architectural Technology Concentration Level II
Technology and Health Division
Certificate T0389

The Level II Technology Concentration Certificate provides additional expertise in advanced CADD applications and professional practice. The Level II Technology Concentration Certificate prepares students for employment as an intermediate CADD operator or production specialist.

Required Courses:
Architectural Technology Concentration Level I coursework (28 Units)
ARCH 101 Design I - Elements of Design 4.0
ARCH 121 CADD and Digital Media Level I 4.0
ARCH 141 Design Drawing and Communication 4.0
ARCH 142 Architectural Materials 4.0
ARCH 143 and Specifications 4.0
ARCH 144 Architectural CAD and BIM 3.0
ARCH 145 Building and Zoning Codes 3.0
ARCH 247 Architectural CAD Working Drawings 3.0
INS 70 Elements of Construction 3.0
PLUS the following courses: (9 Units)
ARCH 146 Architectural Drawings and Fabrications 3.0
EDT 26 Civil Engineering Technology and CAD 3.0

Architectural Design
Concentration Level III
Technology and Health Division
Certificate T0386

The Level III Design Concentration Certificate provides additional expertise in portfolio development and professional practice. The Level III Design Concentration Certificate prepares students for employment as an intermediate design assistant or presentation specialist.

Required Courses:
Completion of the Architectural Technology Concentration Level I and Level II coursework: (31 Units)
ARCH 101 Design I Elements of Design 4.0
ARCH 121 CADD and Digital Media Level I 4.0
ARCH 141 Design Drawing and Communication 4.0
ARCH 142 Architectural Materials 4.0
ARCH 143 and Specifications 4.0
ARCH 102 Design II Architectural Design 4.0
ARCH 122 Architectural Presentations 4.0
ARCH 142 Architectural Materials 4.0
ARCH 250 World Architecture I 3.0
ARCH 201 Design III Environmental Design 4.0
PLUS the following courses: (10 Units)
ARCH 202 Design IV Advanced Project 4.0
ARCH 221 Architectural Illustration 3.0
ARCH 251 World Architecture II 3.0
Total Units 41.0

Business: Human Resource Management - Level III
Business Division
Certificate L0535

Students completing the Level III Certificate will have knowledge and practical experience in business communications and computer use. Successful completion of this certificate prepares students to handle the increasing diversity and complexity of modern human resource management. Completing the advanced certificate will help those working in the human resource field to prepare for professional certification by the Human Resource Certification Institute.

Required Courses:
Completion of Business: Human Resource Management - Level I and Level II coursework: (24.5 Units)
BUSA 70 Payroll and Tax Accounting 3.0
BUSM 60 Human Relations in Business 3.0
BUSO 25 Business Communications 3.0
Total Units 24.5
Programs of Study Leading to a Certificate

Special Information:
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

Business: International - Level II
Business Division
Certificate L0597
In the Business: International - Level II Certificate students will learn methods and approaches to managing the complexities of doing business in an international environment. Students acquire both theoretical knowledge and practical skills related to managing and marketing within the global arena. Students active in the workforce will acquire new skills that are highly desirable in a fast-paced dynamic global environment, with an emphasis on the small business perspective.

Required Courses:
Completion of the Business: International - Level I coursework as follows: (9 Units)
BUSM 20 Principles of Business 3.0
BUSM 51 Principles of International Business 3.0
BUS 36 Principles of Marketing 3.0

Plus Level II as follows: (6 Units)
BUSM 61 Business Organization and Management 3.0
BUSM 66 Small Business Management 3.0
PLUS Select one (1) course from: (4 Units)
CHIN 1 Elementary Chinese 4.0
FRCH 1 Elementary French 4.0
GERM 1 Elementary German 4.0
ITAL 1 Elementary Italian 4.0
JAPN 1 Elementary Japanese 4.0
SPAN 1 Elementary Spanish 4.0
PLUS Additional required courses: Level III as follows: (9 Units)
BUSL 20 International Business Law 3.0
BUSM 50 World Culture: A Business Perspective 3.0
or
ANTH 22 General Cultural Anthropology 3.0
BUSM 52 Principles of Exporting and Importing 3.0
Total Units 30.0

Special Information:
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

Business: Management - Level II
Business Division
Certificate L0586
This certificate builds upon the Level I Certificate to provide students with proven business tools that will enhance their management careers. Students will be exposed to projects and business simulations that will lead to measurable successes. Business presentations, business planning, team building, conflict resolution, and computer use are core skills developed in this certificate.

Required Courses:
Completion of Business: Management - Level I coursework as follows: (9 Units)
BUSM 20 Principles of Business 3.0
BUSM 61 Business Organization and Management 3.0
BUSM 36 Principles of Marketing 3.0
PLUS the Level II courses as follows: (9.5 Units)
BUSM 60 Human Relations in Business 3.0
BUSM 62 Human Resource Management 3.0
CISB 15 Microcomputer Applications 3.5
Total Units 18.5

Special Information:
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

Business: Retail Management - Level II
Business Division
Certificate L0591
This intermediate certificate builds upon the Level I Certificate to expose students to the various functions of managers in retail positions. Fundamentals of business organization, retail marketing and staffing provide the student a solid foundation from which to build a career in retail management.

Required Courses:
Completion of the Retail Management - Level I coursework as follows: (9.5 Units)
BUSO 25 Business Communications 3.0
BUSO 50 Retail Store Management and Merchandising 3.0
FASH 62 Retail Buying and Merchandising 3.0
CISB 15 Microcomputer Applications 3.5
Plus the Level II courses as follows: (12 Units)
BUS 11 Fundamentals of Accounting 3.0
BUSM 61 Business Organization 3.0
BUSM 62 Human Resource Management 3.0
BUS 36 Principles of Marketing 3.0

Total Units 21.5

Special Information:
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

Business: Small Business Management - Level II
Business Division Certificate L0588
The Business: Small Business Management - Level II Certificate provides students with practical small business tools. This certificate focuses on issues such as motivation, teamwork, and leadership skills that lead to enhanced productivity through the development of people. Completion of this certificate will lead to new career opportunities for those currently employed in the small business arena.

Required Courses:
Completion of Business: Small Business Management - Level I coursework as follows: (9 Units)
BUSM 20 Principles of Business 3.0
BUSM 66 Small Business Management 3.0
BUS 36 Principles of Marketing 3.0

Plus the Level II courses as follows: (9 Units)
BUSM 60 Human Relations in Business 3.0
BUSM 61 Business Organization and Management 3.0
BUSM 62 Human Resource Management 3.0

Total Units 18.0

Special Information:
Students receiving financial aid need to declare the Level II Certificate as their goal to meet Financial Aid requirements.

Business: Small Business Management - Level III
Business Division Certificate T0590
Upon completion of the Business: Small Business Management - Level III Certificate, students will have built a foundation of management strategies and practices which will enable them to prosper in an ever-changing small business environment. Computer skills applicable to small business will be developed. Students will have a strategic perspective across all small business functions. Students will acquire the skills and abilities necessary to build a successful small business career.

Required Courses:
Completion of Business: Small Business Management - Level I coursework as follows: (9 Units)
BUSM 20 Principles of Business 3.0
BUSM 66 Small Business Management 3.0
BUS 36 Principles of Marketing 3.0

Completion of Business: Small Business Management - Level II coursework as follows: (9 Units)
BUSM 60 Human Relations in Business 3.0
BUSM 61 Business Organization and Management 3.0
BUSM 62 Human Resource Management 3.0

Total Units 18.0

Special Information:
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

Children's Program Certificate: Administration
Children's Program Certificate: Administration Certificate T1313
The Children's Program Certificate: Administration Specialization is designed for the student who desires general knowledge about Early Childhood Development and skills in administering programs for young children. This certificate meets or exceeds Title 22 education requirements for Center Director. Direct experience with children is highly recommended to complete preparation to be an effective administrator.

Required Courses
Completion of Childrens Program Certificate: General - Level II as follows: (19 Units)
CHLD 1 Child, Family, School and CommUnity 3.0
CHLD 5 Principles and Practices in Child Development Programs 3.0
CHLD 6 Survey of Child Development 3.0

or

CHLD 10 Child Growth and Lifespan Development 3.0

CHLD 10H Child Growth and Lifespan Development - Honors 3.0
CHLD 64 Health, Safety and Nutrition of Young Children 3.0
CHLD 68 Children With Special Needs 3.0
CHLD 84 Guidance and Discipline in Child Development Settings 1.0

PLUS Select three (3) courses from: (9 Units)
CHLD 61 Language Arts and Art Media for Young Children 3.0
CHLD 62 Music and Motor Development for Young Children 3.0
CHLD 63 Creative Sciencing and Math for Young Children 3.0
CHLD 73 Infant/Toddler Care and Development 3.0

PLUS Additional required courses: (11 Units)
CHLD 50 Teaching in a Diverse Society 3.0
CHLD 71A Administration of Child Development Programs 3.0
CHLD 71B Management/Marketing/Personnel for ECD Programs 3.0
**Programs of Study Leading to a Certificate**

**Children's Program Certificate: Teaching**

**Business Division Certificate L1327**

The Children's Program Certificate: Teaching specialization is designed for the student who desires knowledge about Early Childhood Development and skills for teaching young children. This certificate contains two laboratory and one fieldwork component emphasizing working with children. This certificate exceeds Title 22 education requirements for fully qualified teachers. With 175 days of experience and the completion of 16 specific G.E. Areas A, B, C and D, this certificate meets Title 5 education requirements for a fully qualified teacher.

**Required Courses:**

- CHLD 1 Child, Family, School and Community: 3.0 units
- CHLD 5 Principles and Practices in Child Development Programs: 3.0 units
- CHLD 6 Survey of Child Development: 3.0 units
- CHLD 11 Child and Adolescent Development: 3.0 units
- CHLD 64 Health, Safety and Nutrition of Young Children: 3.0 units
- CHLD 68 Children With Special Needs: 3.0 units
- CHLD 84 Guidance and Discipline in Child Development Settings: 1.0 unit

**Total Units: 28.0**

**Required Electives**

Select two (2) courses from: (6 Units)

- CHLD 51 Early Literacy in Child Development: 3.0 units

**Total Units: 29.0 - 29.5**

**Computer and Networking Technology - Level I**

**Technology and Health Division Certificate L0795**

The Computer and Networking Technology Level I and II certificate programs prepare students to become computer and networking service technicians. Courses required for the Level I certificate provide foundations in basic electricity and electronics, operating systems, computer service and troubleshooting, and preparation for the A+ certification examination sponsored by CompTIA and offered at testing centers throughout the country. Level I certificate students learn to install, configure, maintain, troubleshoot, and repair computers and networks. With further preparation leading to the Level II certificate, students will ready themselves for the CompTIA Network+, Server+, and Security+ certification tests. These industry certifications are recognized worldwide as benchmarks for the computer and networking technician. Further, students will have requisite skills upon which to seek additional I.T. certifications available for the computer and networking fields.

**Required Courses:**

- CNET 50 PC Servicing: 4.0 units
- CNET 52 PC Operating Systems: 4.0 units
- CNET 54 PC Troubleshooting: 4.0 units
- CNET 60 A+ Certification Preparation: 2.0 units
- CNET 61 Technical Applications: 3.0 units

**Total Units: 29.0 - 29.5**
Computer and Networking Technology - Level II
Technology and Health Division
Certificate T0726
The Computer and Networking Technology Level I and II certificate programs prepare students to become computer and networking service technicians. Courses required for the Level I certificate provide foundations in basic electricity and electronics, operating systems, computer service and troubleshooting, and preparation for the A+ certification examination sponsored by CompTIA and offered at testing centers throughout the country. In addition to the Level I certificate requirements, students seeking the Level II certificate cover computer networks, servers, and customer relations, and will take preparatory courses for the CompTIA Network+, Server+, and Security+ certification exams. These industry certifications are recognized worldwide as benchmarks for the computer and networking technician. Further, students will have requisite skills upon which to seek additional I.T. certifications available for the computer and networking fields.

Required Courses:
Completion of the Computer and Networking Technology - Level I coursework as follows:
(29.0-29.5 Units)
- CNET 50 PC Servicing 4.0
- CNET 52 PC Operating Systems 4.0
- CNET 54 PC Troubleshooting 4.0
- CNET 60 A+ Certification Preparation 2.0
- ELEC 11 Technical Applications in Microprocessors 3.0
- CISB 15 Microcomputer Applications or 3.5
- ELEC 50A Electronic Circuits - Direct Current (DC) 4.0
- ELEC 50B Electronic Circuits (AC) 4.0
- ELEC 56 Digital Electronics 4.0

Plus the Level II courses as follows: (12 Units)
- CNET 56 Computer Networks 4.0
- CNET 62 Network+ Certification Preparation 2.0
- CNET 64 Server+ Certification Preparation 2.0
- CNET 66 Security+ Certification Preparation 2.0

Total Units 41.0 - 41.5

Recommended Electives:
- ELEC 51 Semiconductor Devices and Circuits 4.0
- ELEC 74 Microcontroller Systems 4.0
- EST 54 Cabling and Wiring Standards 4.0

Computer Systems Technology
Technology and Health Division
Certificate L0924
In addition to courses in electronics fundamentals, the Computer Systems Technology certificate encompasses advanced coursework in computer systems circuitry, including microcontrollers and microprocessors. This advanced certificate is one of three available for students who do not complete all second-year systems courses at once, or who complete them one at a time. Two other certificate programs are also available: a one-year certificate in Electronics Technology, and a two-year certificate having the same title as the A.S. degree. A.S. degree recipients are automatically eligible to receive, without further examination, a 3rd class Technician License from the National Association of Radio and Telecommunications Engineers (N.A.R.T.E.), while students completing certificate programs are automatically eligible for the N.A.R.T.E. 4th Class Technician license.

Required Courses:
- ELEC 11 Technical Applications in Microprocessors 3.0
- ELEC 12 Computer Simulation and Troubleshooting 2.0
- ELEC 50A Electronic Circuits - Direct Current (DC) 4.0
- ELEC 50B Electronic Circuits (AC) 4.0
- ELEC 51 Semiconductor Devices and Circuits 4.0
- ELEC 56 Digital Electronics 4.0
- ELEC 61 Electronic Assembly and Fabrication 3.0
- ELEC 74 Microcontroller Systems 4.0
- TECH 60 Customer Relations for the Technician 2.0

Total Units 30.0

Construction Inspection
Technology and Health Division
Certificate L0920
This program is intended to prepare students for employment following completion of courses. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Required Courses:
- ARCH 142 Architectural Materials and Specifications 4.0
- ARCH 145 Building and Zoning Codes 3.0
- INS 17 Legal Aspects/Construction Management 3.0
- INS 70 Elements of Construction 3.0
- INS 71 Construction Estimating 3.0
- INS 87 Fund Construct Inspect 3.0
- MATH 51 Elementary Algebra 4.0

Total Units 23.0

Recommended Electives:
- ARCH 141 Architectural Drafting 4.0
- ARCH 146 Architectural Drawings 3.0
- ELEC 26 Civil Engineering Technology and CAD 3.0
- INS 67 Reading Construction Drawings 3.0

Dance Teacher
Kinesiology and Athletics Division
Certificate L0355
The Dance Teacher Certificate is intended to prepare students for careers as dance instructors in private dance studios, recreation centers, and K-12 dance programs. Focus is on the genres of Ballet, Jazz and Modern Dance with pedagogical principles that can be applied to other dance forms. This certificate may aid the student’s search for an entry-level job in the dance teaching world.

Required Courses:
- DN-T 20 History and Appreciation of Dance 3.0
- DN-T 38 Dance Teaching Methods 3.0
- DNCE 28 Ballet II 0.5
- DNCE 4 Choreography 0.5
- DNCE 11A Social Dance Forms I 0.5
- DNCE 12B Modern II 0.5

Total Units 29.0 - 29.5

Recommended Electives:
- DNCE 61 Electronic Assembly and Fabrication 3.0
- ELEC 62 Advanced Surface Mount Assembly and Rework 2.0

Electronic Systems Technology
- Level II
Technology and Health Division
Certificate L0928
The Level II certification (14 Units) adds customer relations skills and the installation, calibration, setup maintenance and troubleshooting of home theater, home automation, and home security systems. Either a course on preparing for the C-7 license or troubleshooting digital TV with LCD, plasma and DLP video displays is included.

Required Courses:
- ELEC 11 Technical Applications in Microprocessors 3.0
- CISB 15 Microcomputer Applications 3.5
- EST 50 Electrical Fundamentals 4.0
- EST 52 Fabrication Techniques for Cable Installations 4.0
- EST 54 Cabling and Wiring Standards 4.0
- EST 56 Home Theater, Home Integration, & Home Security Systems 4.0
- EST 62 Electronic Troubleshooting I 4.0
- EST 64 Electronic Troubleshooting II 4.0
- TECH 60 Customer Relations for the Technician 2.0

Total Units 29.0 - 29.5
Programs of Study Leading to a Certificate

Electronics and Computer Engineering Technology

Certificate T0906

The Electronics and Computer Engineering Technology (ECT) certificate program prepares individuals either for initial employment or for enhancement of existing skills in the electronics field, or for transfer into B.S. programs in Electronics Technology or Industrial Technology offered in the CSU system. Required courses for the certificate — many of which articulate directly to their equivalents at the CSUs are the same as for the ECT A.S. degree program except for the college General Education requirement. In addition to exposing students to core topics such as components and circuits, the program includes coursework in advanced areas including microcontrollers and interfacing, communications, and industrial electronics. Nearly all laboratories have new, state-of-the-art equipment to provide students with quality, hands-on learning experiences.

Students completing the ECT certificate program possess ample skills to make them versatile employees. Typical technician-level job classifications include field service technician, field engineer, computer service technician, customer service technician, communications technician, maintenance technician, and electronics technician. All students completing the certificate program are automatically eligible to receive, without further examination, a 3rd class Technician License from the National Association of Radio and Telecommunications Engineers (N.A.R.T.E.), while students completing certificate programs are automatically eligible for the N.A.R.T.E. 4th Class Technician license.

**Required Courses:**

- ELEC 12: Radio and Telecommunications Engineering Technician License from the National Association of Radio and Telecommunications Engineers (N.A.R.T.E.)
- ELEC 50B: Semiconductor Devices and Circuits
- ELEC 51: Communication Systems
- ELEC 55: Microwave Communications
- ELEC 56: Digital Electronics
- ELEC 61: Assembly and Fabrication
- TECH 60: Customer Relations for the Technician

**Total Units:** 45.0

**Recommended Electives:**

- CISP 11: Programming in Visual Basic
- ELEC 62: Advanced Surface Mount Assembly and Rework
- ELEC 76: FCC General Radiotelephone Operator License Preparation
- PHYS 2AG: General Physics

**Electronics Communications Technology and Health Division Certificate T0904**

In addition to courses in electronics fundamentals, the Electronics Communications certificate program encompasses the study of both wire-based and wireless forms of analog and digital communications systems. Among the topics covered are amplitude and frequency modulation, multiplexing, antennas, transmission lines, and radio-wave propagation, as well as microwave systems, including radar and satellite operations.

This advanced certificate is one of three available for students who do not complete all second-year systems courses at once, or who complete them one at a time. Two other certificate programs are also available: a one-year certificate in Electronics Technology, and a two-year certificate having the same title as the A.S. degree. A.S. degree recipients are automatically eligible to receive, without further examination, a 3rd class Technician License from the National Association of Radio and Telecommunications Engineers (N.A.R.T.E.), while students completing certificate programs are automatically eligible for the N.A.R.T.E. 4th Class Technician license.

**Required Courses:**

- ELEC 11: Technical Applications in Microcomputers
- ELEC 50A: Electronic Circuits - Direct Current (DC)
- ELEC 50B: Electronic Circuits (AC)
- ELEC 51: Semiconductor Devices and Circuits
- ELEC 53: Communication Systems
- ELEC 54A: Industrial Electronics
- ELEC 54B: Industrial Electronic Systems
- ELEC 56: Digital Electronics
- ELEC 61: Assembly and Fabrication
- TECH 60: Customer Relations for the Technician

**Total Units:** 45.0

**Electronics Technology**

**Technology and Health Division Certificate L0905**

This one-year program covers the fundamentals of electronics technology. Core courses provide the necessary skills for those seeking entry-level employment as electronics technicians without areas of specialization. Also included is a course in customer-relations training.

**Required Courses:**

- ELEC 11: Technical Applications in Microcomputers
- ELEC 50A: Electronic Circuits - Direct Current (DC)
- ELEC 50B: Electronic Circuits (AC)
- ELEC 51: Semiconductor Devices and Circuits
- ELEC 53: Communication Systems
- ELEC 56: Digital Electronics
- ELEC 61: Assembly and Fabrication
- TECH 60: Customer Relations for the Technician

**Total Units:** 30.0

**Electronics: Industrial Systems**

**Technology and Health Division Certificate T0908**

In addition to courses in electronics fundamentals, the Industrial Systems curriculum encompasses advanced coursework in industrial electronics, including electronic devices for industrial and motor controls. The curriculum culminates in the study of programmable logic controllers (PLCs) using the Allen-Bradley series of PLCs running Windows ladder logic software.

This advanced certificate is one of three available for students who do not complete all second-year systems courses at once, or who complete them one at a time. Two other certificate programs are also available: a one-year certificate in Electronics Technology, and a two-year certificate having the same title as the A.S. degree. A.S. degree recipients are automatically eligible to receive, without further examination, a 3rd class Technician License from the National Association of Radio and Telecommunications Engineers (N.A.R.T.E.), while students completing certificate programs are automatically eligible for the N.A.R.T.E. 4th Class Technician license.

**Recommended Electives:**

- ELEC 11: Technical Applications in Microcomputers
- ELEC 50A: Electronic Circuits - Direct Current (DC)
- ELEC 50B: Electronic Circuits (AC)
- ELEC 51: Semiconductor Devices and Circuits
- ELEC 53: Communication Systems
- ELEC 56: Digital Electronics
- ELEC 61: Assembly and Fabrication

**Total Units:** 24.0

**Emergency Medical Technician - Paramedic (EMT-P)**

**Technology and Health Division Certificate T1281**

This Paramedic Program is accredited by CAAHEP (Committee on Accreditation of Allied Health Education Programs) and approved by the Los Angeles County Department of Health Services as meeting and exceeding the minimum standards as specified in Title 22 of the California Code of Regulations and the federal Department of Transportation national standard curriculum. It is designed to train paramedics to work on ambulances and in the fire service.

The Emergency Medical Technician-Paramedic (EMT-P) is an individual who is educated and trained during an intensive (32-hours per week) didactic program lasting 16 weeks. This is followed by five (5) weeks of Clinical Internship in a hospital (40-hours per week),
and then eight (8) weeks of Field Externship as a practicing Paramedic under the guidance and supervision of a Paramedic Field Preceptor.

**Required Courses:**
- EMS 10 Anatomy and Physiology 2.0 for Paramedics
- EMS 20 Emergency Cardiac Care 1.5 for Paramedics
- EMS 30 Pharmacology for Paramedics 2.5
- EMS 40 Cardiology for Paramedics 5.0
- EMS 50 Paramedic Skills Competency 5.0
- EMS 60 EMS Theory for Paramedics 8.5
- EMS 70 Paramedic Clinical Internship 4.0
- EMS 80 Paramedic Field Externship 9.5

**Total Units:** 38.0

**Recommended Electives:**
- ADJU 1 The Administration of Justice System 3.0
- FINE 1 Fire Protection Organization 3.0
- PSYC 1A Introduction to Psychology 3.0
- or
- PSYC 1AH Introduction to Psychology - Honors 3.0
- SOC 1 Sociology 3.0
- or
- SOC 1H Sociology - Honors 3.0

The Emergency Medical Services faculty recommend that you complement your studies with selected elective courses chosen from the list above. You should meet with a professor of Emergency Medical Services to help you determine which of those electives would best suit your career plans.

**Special Information:**
To remain in the program, students must maintain a grade of “C” (80 percent) or better in all courses and receive a grade of “C” (80 percent) or better on all final exams, per state regulations. Before starting in clinical rotations, students must pass a criminal background check. Upon successful completion of the required courses, students are given a certificate documenting completion of the Emergency Medical Technician - Paramedic (EMT-P) program. Students are then eligible for licensure by taking and passing both the National Registry Exam and County Paramedic accreditation exam.

**EMT Program Readmission Policy**
If the student fails any of the co-requisite courses, EMS 10 - EMS 60, he/she will be dropped from the program. If the student wishes to repeat the program, a Success Plan and Contract will be developed with the faculty to increase the student's chances of success prior to re-entry. If the student withdraws or is dismissed from the program a second time, he/she will not be allowed to re-enter the Paramedic program at Mt. SAC.

**Application Requirements:**
In addition to meeting the Mt. San Antonio College's academic standards for admission, applicants must be in good standing and satisfy the following requirements:

1. Be an EMT-I, currently certified in California.
2. Submit a letter on official stationery from a recognized EMS agency verifying completion of six (6) months of pre-hospital field experience as an EMT-I (approximately 1,200 hours) within the last 2 years.
3. File a College application and be accepted as a student at Mt. San Antonio College.
4. Submit an application for the Paramedic Program to the Health Science Programs Office (909) 274-7500, Ext. 4750. All applications are dated upon receipt in the Health Science Programs Office. The Paramedic Program begins three (3) times per year, in August, January, and May. All applications must be received upon acceptance into the clinical setting. Forms and information will be provided upon acceptance into the program. In addition, drug testing may be required as part of the physical examination and/or requested by the college or its agents.
5. Take the Assessment of Written English, the Math Placement Test and Degrees of Reading Power test at least 10 working days before the start of the pre-courses EMS 1 and EMS 2. Placement examinations will be individually assessed to determine eligibility for the pre-courses. The placement tests are administered by the Assessment Center, located in the Student Services Center.
6. Successful completion of EMS 1, Paramedic Fundamentals and Selection and EMS 2, Preparation for Paramedic Program.
7. Forward two (2) official transcripts of all coursework completed (high school, EMT-I, Fire Science and college work other than Mt. San Antonio College courses). One transcript must be sent to the Health Science Programs Office; the other to the Admissions and Records Office. For students who possess a college degree, the English placement examination is not required. However, it will be necessary for students to obtain two (2) official copies of the college transcript showing the degree issued. One official transcript must be sent to the Health Science Programs Office; the other to the Admissions and Records Office. NOTE: If the course(s) were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts.

**Work Experience:**
1. Experience within the field of Emergency Medical Services is encouraged, but not required. All applicants are encouraged to work in a related field.

**AIDS/HIV:**
All applicants are required to have taken the AIDS/HIV course as part of the health certificate.

**Sensory Demands:**
- Color Vision: ability to distinguish and identify colors (may be corrected with adaptive devices)
- Distance Vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near Vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

**Working Environment:**
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Handle emergency or crisis situations
- Subject to many interruptions
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities and under a wide variety or circumstances
- Requires decisions/actions related to end of life issues
- Exposure to products containing latex

**English Language Skills:**
Although proficiency in English is not a criterion for admission into the EMT-P program, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and others.
Programs of Study Leading to a Certificate

Fashion Design - Level I
Business Division
Certificate L1397
The Fashion Design Level I Certificate consists of basic apparel design courses that prepare students for entry level work in the fields of apparel manufacturing, production, and technical design. Upon completion of the certificate, students will have a basic understanding of clothing construction and patternmaking. In addition, students will develop CAD skills for technical drawing and computerized patternmaking.

Required Courses:
- FASH 10 Clothing Construction I 3.0
- FASH 12 Clothing Construction II 3.0
- FASH 17 Textiles 3.0
- FASH 21 Patternmaking I 3.0
- FASH 24 Fashion Patternmaking by Computer 3.0
- FASH 25 Fashion Computer-Assisted Drawing 3.0

Plus the Level II coursework as follows: (6 Units)
- FASH 22 Fashion Design By Draping 3.0
- FASH 23 Patternmaking II 3.0

Total Units 18.0

# Fashion Design Level II (L0377)

Fashion Design - Level II
Business Division
Certificate L0314
The Fashion Design Level II Certificate builds upon the Fashion Design Level I Certificate to provide students with a basic understanding of clothing construction and patternmaking. The courses emphasize the business of fashion, wholesale merchandise planning, apparel technology, retailing, and brand targeting specific markets. Upon completion of the certificate, students will be able to develop marketing strategies, create promotional campaigns, understand the buying process, and analyze retail businesses.

Required Courses:
- FASH 8 Introduction to Fashion 3.0
- FASH 17 Textiles 3.0
- FASH 21 Patternmaking I 3.0
- FASH 24 Fashion Patternmaking by Computer 3.0
- FASH 25 Fashion Computer-Assisted Drawing 3.0

Total Units 18.0

Fashion Merchandising - Level I
Business Division
Certificate L0314
The Fashion Merchandising Level I Certificate offers students courses specializing in apparel retailing, advertising, textiles, and CAD technical drawing. The courses emphasize the business of fashion, wholesale merchandise planning, apparel technology, retailing, and brand targeting specific markets. Upon completion of the certificate, students will be able to develop marketing strategies, create promotional campaigns, understand the buying process, and analyze retail businesses.

Required Courses:
- FASH 9 History of Costume and Fashion 3.0
- FASH 62 Retail Buying and Merchandising 3.0
- BUSS 50 Retail Store Management and Merchandising 3.0
- FASH 63 Fashion Promotion 3.0
- BUSS 33 Advertising and Promotion 3.0
- FASH 66 Visual Merchandising Display 3.0

Total Units 18.0

Recommended Electives:
- FASH 81 Work Experience in Fashion Merchandising and Retail 1.0

Fire Technology
Technology and Health Division
Certificate L2105
The Fire Science Certificate has been developed to offer pre-employment education for the undergraduate who desires to enter the field of fire science. It also provides the employed firefighter an opportunity for a professional education. Students intending to pursue a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Required Courses:
- FIRE 5 Fire Behavior and Combustion 3.0
- FIRE 13 Principles of Fire and Emergency Services Safety and Survival 3.0
- KINF 51 Agility Testing Preparation for Administration of Justice and Fire Technology 1.0
- KINF 52 Fitness and Conditioning for Administration of Justice, Fire Technology, and Forestry 1.0

Total Units 23.5 - 37.0

Graphic Design Level II
Arts Division
Certificate T0369
This multi-level certificate program is designed to prepare students for careers in the Graphic Design field of Communication Art. Students are given a balanced blend of creative, design, and technology skills necessary to develop successful graphic design for print, web, and other media channels. This Graphic Design Level II certificate offers additional expertise necessary for employment opportunities in the field of Graphic Design. The production software reflects industry standards and course content is driven by industry needs.

Required Courses:
- FASH 81 Work Experience in Fashion Merchandising and Retail 1.0
- ARTD 20 Design: Two-Dimensional 3.0
- ART 100 Graphic Design I 3.0
- ART 120 Graphic Design II 3.0
- ART 140 Graphic Design III 3.0
- ART 200 Web Design 3.0
- KINF 52 Fitness and Conditioning for Administration of Justice, Fire Technology, and Forestry 1.0

Total Units 18.0
Horticulture Science
Natural Sciences Division
Certificate L0394
This certificate is designed to give students basic knowledge and skills pertaining to horticulture science.
Required Courses:
AGOR 1 Horticultural Science 3.0
AGOR 24 Integrated Pest Management 3.0
AGOR 29 Ornamental Plants - Herbaceous 3.0
AGOR 30 Ornamental Plants - Trees and Woody Shrubs 3.0
AGOR 39 Turf Grass Production and Management 3.0
AGOR 50 Soil Science and Management 3.0
Total Units 18.0

Hospitality: Hospitality Management - Level II
Business Division
Certificate L1325
The Hospitality Management - Level II Certificate prepares students for mid-level or Manager-In-Training positions in the hospitality industry. Students gain practical and management training in: dining room service management, supervision, financial accounting, lodging management, and hospitality law. Students who successfully complete the requirements for this certificate will also be required to complete a minimum of 60 non-paid or 75 paid hours of work experience in the hospitality industry.
Required Courses:
HRM 51 Introduction to Hospitality 3.0
HRM 53 Dining Room Service Management 3.0
HRM 56 Hospitality Supervision 3.0
HRM 64 Hospitality Financial Accounting 3.0
HRM 66 Hospitality Law 3.0
HRM 70 Introduction to Lodging 3.0
HRM 91 Hospitality Work Experience 1.0
Total Units 19.0

Industrial Design Engineering - Level I
Technology and Health Division
Certificate L0327
This program is designed to prepare the student for a career in a wide range of industries including product and industrial design firms and fabrication and manufacturing companies. Students are introduced to product development from design through prototyping and fabrication for manufacturing. Portfolio or prototype development is required on each of the semester levels.
Required Courses:
IDE 110 Design Foundation-Visual Literacy 3.0
IDE 120 Introduction to CAD 3.0
IDE 130 Shop Processes 3.0
IDE 150 Design Foundations 3.0
IDE 160 Intermediate CAD 3.0
IDE 170 Introduction to Prototyping 3.0
Total Units 18.0
Recommended Electives:
ELEC 52A Electronic Circuits - Direct Current (DC) 4.0
ELEC 80 Laboratory Studies in Electronics 1.0
MATH 51 Introduction to Linear Algebra 4.0
PHYS 1 Physics 4.0
WELD 30 Metal Sculpture 2.0
WELD 40 Introduction to Welding 2.0

Industrial Design Engineering - Level II
Technology and Health Division
Certificate L0329
This program is designed to prepare the student for a career in a wide range of industries including product and industrial design firms and fabrication and manufacturing companies. Students are introduced to product development from design through prototyping and fabrication for manufacturing. Portfolio or prototype development is required on each of the semester levels. In the Level Three certificate, this will culminate in a final “senior project,” which is a portfolio that includes two and three-dimensional design, documentation (accountability measures), presentation, and fabrication. This project will demonstrate the student’s mastery of the concepts and methodologies learned during the program.
Required Courses:
IDE 110 Design Foundation-Visual Literacy 3.0
IDE 120 Introduction to CAD 3.0
IDE 130 Shop Processes 3.0
IDE 150 Design Foundations 3.0
IDE 160 Intermediate CAD 3.0
IDE 170 Introduction to Prototyping 3.0
IDE 210 Advanced Media 3.0
IDE 220 Advanced CAD 3.0
IDE 230 Introduction to Mechanical Principles 3.0
### Infant/Toddler Development

**Business Division**

**Certificate T3138**

The Infant/Toddler Certificate provides specialized skills and knowledge for working with infants and toddlers. This certificate exceeds Title 22 requirements for a fully qualified teacher of infants/toddlers by including the specified 3 Units related to infant care. With 350 days of experience, the completion of 16 specified G.E. Units in Areas A, B, C, D and 2 adult supervision Units; this certificate meets Title 5 education requirements for the Master Teacher Level Permit. This permit authorizes the holder to provide service in the care, development and instruction of children and serve as a coordinator of curriculum and staff development.

### Landscape and Park Maintenance

**Natural Sciences Division**
**Certificate L0357**
This certificate program is designed to give students basic skills in the maintenance and landscape of parks. All courses are applicable for degree requirements in Ornamental Horticulture, Parks and Sports Turf Management, and Integrated Pest Management.

**Required Courses:**
- AGOR 1: Horticultural Science 3.0
- AGOR 24: Integrated Pest Management 3.0
- AGOR 30: Ornamental Plants - Trees and Woody Shrubs 3.0
- AGOR 49: Landscape Irrigation 3.0
- AGOR 71: Landscape Construction Fundamentals 3.0
- AGOR 75: Urban Arboriculture 3.0

**Total Units:** 18.0

### Landscape Design – Level I

**Natural Sciences Division**
**Certificate L0368**
This certificate program is designed to give students basic skills needed as a landscape designer. All courses are applicable for degrees in Ornamental Horticulture, Parks and Sports Turf Management, and Integrated Pest Management.

**Required Courses:**
- AGOR 1: Horticultural Science 3.0
- AGOR 13: Landscape Design 3.0
- AGOR 29: Ornamental Plants - Herbaceous 3.0
- AGOR 30: Ornamental Plants - Trees and Woody Shrubs 3.0
- AGOR 50: Soil Science and Management 3.0
- AGOR 71: Landscape Construction Fundamentals 3.0

**Total Units:** 18.0

### Landscape Equipment Technology

**Natural Sciences Division**
**Certificate L0358**
This certificate program is designed to give students basic skills to seek employment in equipment repair at golf courses, rental yards, and small equipment repair shops. All courses are applicable to the Equipment Technology Degree.

**Required Courses:**
- AGOR 52: Hydraulics 3.0
- AGOR 53: Small Engine Repair I 3.0
- AGOR 54: Small Engine Repair II 3.0
- AGOR 55: Diesel Engine Repair 3.0
- AGOR 56: Engine Diagnostics 3.0
- AGOR 57: Power Train Repair 3.0

**Total Units:** 18.0

### Landscape Irrigation

**Natural Sciences Division**
**Certificate L0110**
This certificate program is designed to give students basic skills in irrigation design, repair, installation, water management, and troubleshooting. A student could seek employment with a landscape contractor, schools, parks, and cities. All courses are applicable for degree requirements in Ornamental Horticulture, Parks and Sports Turf Management, and Integrated Pest Management.

**Required Courses:**
- AGOR 1: Horticultural Science 3.0
- AGOR 51: Tractor and Landscape Equipment Operations 3.0
- AGOR 52: Landscaping Laws, Contracting, and Estimating 3.0

**Total Units:** 18.0
Programs of Study Leading to a Certificate

Manufacturing Technology

- Technology and Health Division
- Certificate T0918
  The primary purpose of this program is to emphasize the manipulative skills required to enter the field of machine metal worker, machine operator, production machinist, mechanical technician, or machinist.
- Required Courses:
  - EDT 16 Basic CAD and Computer Applications 4.0
  - EDT 18 Engineering CAD Applications 4.0
  - MFG 10 Mathematics & Blueprint Reading 3.0 for Manufacturing
  - MFG 11 Manufacturing Processes I 2.0
  - MFG 12 Manufacturing Processes II 2.0
  - MFG 38 MasterCAM I 2.0
  - MFG 38B MasterCAM II 2.0
  - MFG 85 Manual Computerized Numerical Control (CNC) Programming 2.0
  - WELD 40 Introduction to Welding 2.0
  - Total Units 23.0

Marketing Management

- Business Division
- Certificate L0510
  Students completing this Marketing Management certificate will have gained practical world business knowledge and experience. In addition, completers of the certificate will have learned to use some of the latest business computer software.
- Required Courses:
  - BUSM 20 Principles of Business 3.0
  - BUSM 61 Business Organization and Management 3.0
  - BUSS 35 Professional Selling 3.0
  - BUSS 36 Principles of Marketing 3.0
  - BUSS 50 Retail Store Management and Merchandising 3.0
  - BUSS 79 Work Experience in Marketing Management 1.0
  - BUSS 85 Special Issues in Marketing 2.0
  - CISB 15 Microcomputer Applications 3.5
  - Total Units 21.5

Mental Health Technology

- Psychiatric Technician
- Technology and Health Division
- Certificate T1279
  Upon completion of the required courses, a Certificate in Psychiatric Technician will be awarded. In addition, it prepares the student to take the California State Board Examination for Psychiatric Technicians.
- Required Courses:
  - MENT 40 Introduction to Interviewing and Counseling 3.0
  - MENT 56 Medical-Surgical Nursing for Psychiatric Technicians 9.0
  - MENT 56L Medical-Surgical Clinical Experience 4.0
  - MENT 58D Advanced Medical-Surgical Nursing and Pharmacology for PT 4.0
  - MENT 58L Advanced Medical-Surgical Nursing for Psychiatric Technicians Clinical 1.5
  - MENT 70 Introduction to Psychiatric Technology 1.5
  - MENT 70L Intro Psy Tech Clinical 2.0
  - MENT 72 Nursing Care of the Developmentally Disabled Person 7.0
  - MENT 72L Nursing Care of the Developmentally Disabled Person - Clinical 5.5
  - MENT 73L Psychiatric Nursing for Psychiatric Technicians Clinical 5.5
  - MENT 73T Psychiatric Nursing for Psychiatric Technicians 6.0
  - PSYC 1A Introduction to Psychology 3.0
  - PSYC 1AH Introduction to Psychology – Honors 3.0
  - Total Units 52.0

Special Information:

- To remain in the program, students must maintain a "C" or better grade in all courses. The student will qualify to take the California State Board Examination upon completion of all the above courses.
- Entrance Requirements:
  - In addition to meeting Mt. San Antonio College's academic standards for admission, applicants must be in good standing and satisfy the following requirements:
    a) Be a high school graduate or equivalent. (All students who have taken coursework outside of the United States must have their transcript evaluated. Foreign transcripts will not be accepted without the evaluation.)
    b) Be 18 years of age.
    c) File a college application and be accepted as a student at Mt. San Antonio College.
    d) Submit an application for the Mental Health Psychiatric Technician Program to the Technology and Health Division Office (909) 274-7500, ext. 4750. All applications are dated upon receipt in the Technology and Health Division Office. A program begins each fall and spring semester.
    e) Take the required English Placement Test (AWE). Eligibility for ENGL 68 is advised. If you have already taken a college placement exam within the past two years at another school, arrange to have your test scores forwarded to the Technology and Health Division Office. (If you were tested at Mt. San Antonio College, the office will obtain the test scores as long as an “Application for Admission” is on file with the Admissions and Records Office.) Testing is administered by the Assessment Center, located in the Student Services Center. Arrangements should be made with them to schedule a day and time to take the English Placement Test, if required. The Assessment Center is open Monday through Friday. You may contact them at (909) 274-7500, ext. 4265.
    f) Forward two official transcripts of all coursework completed (high school, nursing school, and other than Mt. San Antonio college courses.) One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.
    g) For students who possess a college degree, the English Placement Test is not required. However, it will be necessary for a student to obtain two official copies of the college transcript showing the degree issued. One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.

- Indicate in the mailing address the program for which your transcript is being sent to the Technology and Health Division Office.

EXAMPLE:

- Mt. San Antonio College Technology and Health Division Psychiatric Technician Program
  1100 North Grand Avenue
  Walnut, CA 91789-1399

- h) A physical examination, including specific immunizations, and consent/disclaimer for Hepatitis A/B vaccine is required of all candidates prior to beginning classes. Students must provide proof that he/she does not have tuberculosis. These requirements are in accordance with the healthcare agency policy that insures that students are in good health and free from communicable disease and able to perform their training functions. Drug testing may also be required as part of this physical examination. Proof of high school graduation and malpractice insurance are required of all candidates upon acceptance.

- i) Certain convictions may prevent a candidate from being licensed as a Psychiatric Technician.

- j) All students will be required to pass a background check prior to entering the clinical education phase.

Selection Procedure:

- In determining eligibility of an applicant, consideration will be given to satisfactory scores on the English Placement Test. The College will make every effort to notify the applicant of acceptance by mail no less than two months prior to the beginning of a program. All applicants are required to meet the Essential Functions for Success in the Mental Health Technology Psychiatric Technician Program.

Physical Demands:

- Perform prolonged, extensive, or considerable standing/walking, lifting, positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heaving effort (lift and carry at least 125 pounds)
- Perform considerable reaching, stooping, bending, kneeling and crouching
Sensory Demands:
- Color vision: ability to distinguish and identify colors (may be corrected with adaptive device)
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

Working Environment:
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimen
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions related to end of life issues
- Exposure to products containing latex

English Language Skills:
Although proficiency in English is not a criterion for admission into the Mental Health Technology - Psychiatric Technician program, students must be able to speak, write and read English to complete classes successfully and to ensure patient safety.

Nursery Management
Natural Sciences Division
Certificate L0107
This certificate program is designed to give students skills in production and marketing of plants and dry goods in the wholesale and retail nursery industry. All courses are applicable for degree requirements in Ornamental Horticulture, Park and Sports Turf Management, Equipment Technology, and Integrated Pest Management.

Required Courses:
AGOR 1 Horticultural Science 3.0

AGOR 2 Plant Propagation/Greenhouse Management 3.0
AGOR 29 Ornamental Plants - Herbaceous Management 3.0
AGOR 32 Landscaping and Nursery Management 3.0
AGOR 50 Soil Science and Management 3.0
AGOR 64 Landscape Irrigation - Drip and Low Volume 3.0

Total Units 18.0

Photography - Level I
Arts Division
Certificate L0348
This multi-level certificate program is designed to prepare students for employment in the field of photography. The Photography Level I offers the core skills necessary for employment as an entry-level Photography Assistant.

Required Courses:
ARTC 100 Graphic Design I 3.0
PHOT 9 Digital Image Editing for Photographers 3.0
PHOT 10 Basic Digital and Film Photography 3.0
PHOT 11 Intermediate Photography 4.0
PHOT 14 Commercial Lighting 3.0
PHOT 12 Photographic Alternatives 3.0
PHOT 16 Fashion Photography 3.0
PHOT 18 Portraiture and Wedding Photography 3.0
PHOT 20 Color Photography 3.0

Total Units 19.0

Photography - Level II
Arts Division
Certificate T0349
This multi-level certificate program is designed to prepare students for employment in the field of photography. This Photography Level II certificate offers additional expertise for students to develop specific skills needed for employment in photography, art, cinema/animation, communications, industrial arts, graphics, and journalism.

Required Courses:
ARTC 100 Graphic Design I 3.0
PHOT 12 Photographic Alternatives 3.0
PHOT 18 Portraiture and Wedding Photography 3.0
PHOT 20 Color Photography 3.0

Total Units 35.0

Recommended Electives:
ARTB 1 Understanding the Visual Arts 3.0
PHOT 15 History of Photography 3.0
Programs of Study Leading to a Certificate

Photography Digital Technician
Arts Division
Certificate L0351
This certificate program is designed to give students specific skills to prepare them for employment in the commercial photographic industry as a digital technician, digital assistant, digital imaging specialist, or photography assistant.

Required Courses:
ARTC 100 Graphic Design I

PHOT 9 Digital Image Editing

PHOT 10 Basic Digital and Film Photography

PHOT 11 Intermediate Photography

PHOT 14 Commercial Lighting

PHOT 19 Digital Color Management

PHOT 20 Color Photography

PHOT 24 Advanced Digital Image Editing

Total Units 22.0

Recommended Elective:
PHOT 29 Studio Business Practices

for Commercial Artists

Programming in C++
Business Division
Certificate L0794
The Programming in C++ Certificate prepares students for a career in computer programming. The certificate offers a balanced set of classes that provides students the skills to create business-oriented applications in C++, maintain a Microsoft Access database, and learn the tools and techniques required of a systems analyst. Emphasis is placed on object-oriented programming techniques; creating database tables, forms, reports, and queries; and implementing a computer system using the system development life cycle methodology. Students will demonstrate the ability to create business applications; write effective program documentation; demonstrate problem troubleshooting skills; and build a computer system using the steps of the system development life cycle. Career opportunities after the completion of this certificate include programmer and systems analyst.

Required Courses:

- CISB 11 Computer Information Systems 3.5
- CISS 11 Database Management 3.0
- CISS 11L Database Management 0.5
- CISM 11 Systems Analysis and Design 3.5
- CISS 21 Windows Operating System 3.0
- CISP 31 Programming in C++ 3.0
- CISP 31L Programming in C++ Laboratory 0.5
- CISP 34 Advanced C++ Programming 3.0
- CISP 34L Advanced C++ Programming Laboratory Total Units 20.5

Public Works/Landscape Management
Natural Sciences Division
Certificate B0120
This program is a partnership between Mt. San Antonio College and Citrus College, with course requirements that must be taken at each college (courses in Public Works are offered through Citrus, while horticulture/landscape courses are offered at Mt. SAC). Upon completion of the requirements, students may apply for and receive a Certificate of Achievement from either of the two colleges.

Required Courses:
- Offered at Citrus College
  - PUB 150 Public Works I 3.0
  - PUB 158 Municipal and Urban Tree Care 3.0
- Offered at Mt. San Antonio College:
  - AGOR 1 Horticultural Science 3.0
  - AGOR 39 Turf Grass Production and Management 3.0

Total Units 12.0

Radio Broadcasting: On-the-Air
Arts Division
Certificate L0350
The Radio Broadcasting On-the-Air Certificate of Achievement provides expertise in a variety of on-air specialties. Students gain practical hands-on experience in the broadcasting industry through an off-campus internship at a radio station, production studio or other broadcasting facility.

Required Courses:
- R-TV 01 Introduction to Electronic Media 3.0
- R-TV 10 Radio Programming and Producer Techniques 3.0
- R-TV 11A Beginning Radio Production 3.0
- R-TV 11B Advanced Radio Production 3.0
- R-TV 15 Broadcast Law and Business Practices 3.0
- R-TV 96A Campus Radio Station Lab: Station Procedures and Equipment Operations 1.0
- R-TV 96B Campus Radio Station Lab: Campus Radio Station Lab: Hosting and Management Skills 1.0
- R-TV 96C Campus Radio Station Lab: Radio/Entertainment Industry Seminar 1.0
- R-TV 97A Radio/Entertainment Industry Seminar 1.0
- R-TV 97B Radio/Entertainment Industry Work Experience 1.0

Required Electives
Plus a minimum of 3 units from the following courses: (3 Units)
- R-TV 05 Radio-TV Newswriting 3.0
- R-TV 09 Broadcast Sales and Promotion 3.0
- R-TV 17 Internet Radio and Podcasting 3.0
- R-TV 31 History of Radio DJs 3.0
- R-TV 32 Radio - TV Internet Applications 3.0
- R-TV 35 Pop Culture in the Media 3.0
- R-TV 99 Radio/TV Special Projects 2.0
- R-TV 101 Work Experience in Broadcast Entertainment 1.0

Total Units 23.0

Real Estate Broker Certificate
Business Division
Certificate L0352
Prior to taking the California Real Estate Broker’s License Exam, the applicant must have completed five (5) required courses: Legal Aspects of Real Estate (BUSR 51), Real Estate Practice (BUSR 52), Real Estate Finance (BUSR 53), Real Estate Appraisal (BUSR 81) and either Real Estate Economics (BUSR 55) or Fundamentals of Accounting (BUSA 11). In addition, the applicant must...
take three (3) additional courses approved by the California Department of Real Estate: Real Estate Principles (BUSR 50), Income Tax Aspects of Real Estate (BUSR 57), Real Estate Property Management (BUSR 59), Real Estate Investment Planning (BUSR 60), Mortgage Loan Brokering and Lending (BUSR 62), Escrow Procedures I (BUSR 76), Business Law (BUSL 18), Landlord/Tenant Law (PLGL 40), Real Estate Economics (BUSR 55) if not taken in the mandatory category above or Fundamentals of Accounting (BUSA 11) not taken in the mandatory category above for a total of eight (8) courses. The Real Estate Broker Certificate contains all eight courses necessary to satisfy the educational requirements to take the California Real Estate Broker Examination.

**Required Courses:**
- BUSR 51 Legal Aspects of Real Estate 3.0
- BUSR 52 Real Estate Practice 3.0
- BUSR 53 Real Estate Finance 3.0
- BUSR 55 Real Estate Economics 3.0
- BUSR 76 Escrow Procedures I 3.0
- BUSL 18 Business Law 3.0
- BUSL 18H Business Law - Honors 3.0
- BUSR 50 Real Estate Principles 3.0
- BUSR 57 Income Tax Aspects of Real Estate Investments 3.0
- BUSR 59 Real Estate Property Management 3.0
- BUSR 60 Real Estate Investment Planning 3.0
- BUSR 62 Mortgage Loan Brokering and Lending 3.0
- BUSR 66 Business Law - Honors 3.0
- BUSR 76 Escrow Procedures I 3.0
- BUSL 18 Business Law 3.0
- BUSL 18H Business Law - Honors 3.0
- BUSR 50 Real Estate Principles 3.0
- BUSR 57 Income Tax Aspects of Real Estate Investments 3.0
- BUSR 59 Real Estate Property Management 3.0
- BUSR 60 Real Estate Investment Planning 3.0
- BUSR 62 Mortgage Loan Brokering and Lending 3.0
- BUSR 66 Business Law - Honors 3.0
- BUSR 76 Escrow Procedures I 3.0
- BUSL 18 Business Law 3.0
- BUSL 18H Business Law - Honors 3.0
- BUSR 50 Real Estate Principles 3.0
- BUSR 57 Income Tax Aspects of Real Estate Investments 3.0
- BUSR 59 Real Estate Property Management 3.0
- BUSR 60 Real Estate Investment Planning 3.0
- BUSR 62 Mortgage Loan Brokering and Lending 3.0
- BUSR 66 Business Law - Honors 3.0

**Required Electives:**
- PLUS select one (1) course:
  - LERN 49 Math Skills Review 3.0
  - MATH 50 Pre-Algebra 3.0
- PLUS select one (1) course:
  - ENGL 64 Writing Effective Sentences 1.0
  - ENGL 65 Grammar Review 1.0
  - LIT 40 Children's Literature 3.0

**Total Units:** 21.0 - 21.5

---

**School Age Child - Specialization**

**Business Division**

**Certificate T1314**

The School Age Child-Specialization Certificate provides specialized skills and knowledge for working with school age children. This certificate exceeds the Title 22 requirements for a fully qualified teacher in school age programs. This skill set also prepares the student for positions as elementary tutors or classroom aides in public school districts.

**Required Courses:**
- CHLD 1 Child, Family, School and CommUnity 3.0
- CHLD 5 Principles and Practices in Child Development Programs 3.0
- CHLD 6 Survey of Child Development Curriculum 3.0
- CHLD 10 Child Growth and Lifespan Development 3.0
- CHLD 10H Child Growth and Lifespan Development - Honors 3.0
- CHLD 11 Child and Adolescent Development 3.0
- CHLD 50 Teaching in a Diverse Society 3.0
- CHLD 51 Early Literacy in Child Development 3.0
- CHLD 62 Music and Motor Development for Young Children 3.0
- CHLD 64 Health, Safety and Nutrition of Children 3.0
- CHLD 74 Program Planning for the School Age Child 3.0

**Required Electives:**
- PLUS select one (1) course:
  - LERN 49 Math Skills Review 3.0
  - MATH 50 Pre-Algebra 3.0
- PLUS select one (1) course:
  - ENGL 64 Writing Effective Sentences 1.0
  - ENGL 65 Grammar Review 1.0
  - LIT 40 Children's Literature 3.0

**Total Units:** 31.0 - 33.0

---

**Sign Language/Interpreting**

**Humanities and Social Sciences Division**

**Certificate T0801**

The Mt. San Antonio College Interpreter Training Program is designed to prepare individuals for careers as Sign Language Interpreters. Interpreters are needed wherever communication happens between the hearing commUnity and the Deaf and hard-of-hearing commUnity. There are an endless number of settings in which this communication takes place. Interpreters are employed by school districts, cruiseship companies, corporations, government agencies, hospitals, colleges and universities, and a vast number of other organizations and private businesses.

Program Preparation: Preparation for the program includes fluency in American Sign Language demonstrated by the completion of SIGN 104, American Sign Language 4, (or the equivalent skill) and English fluency demonstrated by the completion of ENGL 1A.

National Certification: There are many specialties within the field of Sign Language Interpreting, but the focus of this program is on preparing the interpreter generalist. Although requiring some type of certification is becoming more common in California, there are still many job opportunities for the precertified interpreter.

Completing the certificate in Sign Language/Interpreting does not make one a “Certified Interpreter”; however, graduates of this program are encouraged to apply for National Interpreting Certification (NIC) through the Registry of Interpreters for the Deaf (RID) at www.rid.org

**Required Courses:**
- SIGN 105 American Sign Language 5 4.0
- SIGN 106 Fingerspelling 2.0
- SIGN 101 Introduction to Deaf Studies 3.0
- SIGN 202 American Deaf Culture 3.0
- SIGN 210 American Sign Language Structure 3.0
- SIGN 220 Translation: American Sign Language/English 3.0
- SIGN 223 Principles of Interpreting 3.0
- SIGN 225 Ethical Decision Making for Interpreters 2.0

**Total Units:** 42.0 - 42.5

---

**Sports Turf Management**

**Natural Sciences Division**

**Certificate L0112**

This certificate program is designed to provide skills required for students interested in employment at golf courses, race tracks, athletic fields and stadiums, and other high use turf areas. All courses are applicable for degree requirements in Ornamental Horticulture, Park and Sports Turf Management, Equipment Technology, and Integrated Pest Management.

**Required Courses:**
- AGOR 24 Integrated Pest Management 3.0
- AGOR 39 Turf Grass Production and Management 3.0
- AGOR 40 Sports Turf Management 3.0
- AGOR 50 Soil Science and Management 3.0
- AGOR 62 Landscape Irrigation - Design and Installation 3.0
- AGOR 63 Landscape Irrigation Systems Management 3.0

**Total Units:** 18.0
Television Crew

Arts Division
Certificate L0618

This program is designed to provide students with a combination of design and technical skills necessary for entry-level employment as a Web page designer.

**Required Courses:**
- ANIM 172 Motion Graphics, Compositing and Visual Effects 3.0
- ARTC 200 Web Design 3.0
- ARTC 220 Graphic Design IV 3.0
- ARTD 20 Design: Two-Dimensional 3.0

**Total Units:** 21.0

Tree Care and Maintenance

Natural Sciences Division
Certificate L0111

This certificate program is designed to give students basic skills in the repair and maintenance of trees. All courses are applicable for degree requirements in Ornamental Horticulture, Park and Sports Turf Management, Equipment Technology, and Integrated Pest Management.

**Required Courses:**
- AGOR 1 Horticultural Science 3.0
- AGOR 24 Integrated Pest Management 3.0
- AGOR 30 Ornamental Plants - Trees and Woody Shrubs 3.0
- AGOR 50 Soil Science and Management 3.0
- AGOR 51 Tractor and Landscape Equipment Operations 3.0
- AGOR 75 Urban Arboriculture 3.0

**Total Units:** 18.0

Web Design

Arts Division
Certificate L0618

This program is designed to provide students with a combination of design and technical skills necessary for entry-level employment as a Web page designer.

**Required Courses:**
- ANIM 172 Motion Graphics, Compositing and Visual Effects 3.0
- ARTC 200 Web Design 3.0
- ARTC 220 Graphic Design IV 3.0
- ARTD 20 Design: Two-Dimensional 3.0

**Total Units:** 21.0

Welder - Gas Tungsten Arc Welding

Technology and Health Division
Certificate T0932

This program is designed to prepare students for entry-level employment as a licensed welder with additional skills development and theory in gas tungsten ARC welding. Coursework prepares students for industry licensing with emphasis on competencies required for certification in aluminum, CRES, mild steel and selected exotic metals with specialty skills in gas tungsten ARC welding.

**Required Courses:**
- WELD 40 Introduction to Welding 2.0
- WELD 50 Oxyacetylene Welding 2.0
- WELD 51 Basic Electric Arc Welding 2.0
- WELD 53A Welding Metallurgy 3.0
- WELD 60 Print Reading and Computations for Welders 3.0
- WELD 70B Intermediate Arc Welding 3.0
- WELD 70C Certification for Welders 3.0
- WELD 80 Construction Fabrication and Welding 3.0
- WELD 81 Pipe and Tube Welding 3.0
- WELD 90A Gas Tungsten Arc Welding 3.0

**Total Units:** 27.0

Note: Any higher level welding courses may be substituted for WELD 40.

Welder - Semiautomatic Arc Welding

Technology and Health Division
Certificate T0933

This program is designed to prepare students for entry-level employment as a licensed welder with additional skills development and theory in semiautomatic ARC welding. Coursework prepares students for industry licensing with emphasis on competencies required for certification in structural steel welding and specialty skills in semiautomatic ARC welding.

**Required Courses:**
- WELD 40 Introduction to Welding 2.0
- WELD 50 Oxyacetylene Welding 2.0
- WELD 51 Basic Electric Arc Welding 2.0
- WELD 53A Welding Metallurgy 3.0
- WELD 60 Print Reading and Computations for Welders 3.0
- WELD 70B Intermediate Arc Welding 3.0
- WELD 70C Certification for Welders 3.0
- WELD 80 Construction Fabrication and Welding 3.0
- WELD 81 Pipe and Tube Welding 3.0
- WELD 90B Semiautomatic Arc Welding Process 3.0

**Total Units:** 30.0

Note: Any higher level welding courses may be substituted for WELD 40.
Mt. San Antonio College offers both Associate in Science (A.S.) and Associate in Arts (A.A.) degrees. In general, the Associate in Science degrees are two-year occupational degrees that prepare students for a variety of career and technical fields. The Associate in Arts degrees, while not intended specifically for transfer, are two-year degrees in Liberal Arts and Sciences that provide for broad exploration of a specific area of emphasis. In many cases and with appropriate academic advising, students obtaining the Associate in Arts degree will find that they have a solid foundation for further postsecondary study should they wish to transfer at a later date. The Associate in Arts for Transfer and Associate in Science for Transfer degrees are designed to provide students with a seamless transition for transfer with junior standing somewhere in the CSU system.

GENERAL REQUIREMENTS FOR AN ASSOCIATE DEGREE

Application for Graduation

The Application for Graduation is the student’s notification to Admissions and Records that he or she has completed all requirements and would like to receive a degree. The Application for Graduation form is available in the Admissions and Records office or online at [www.mtsac.edu/students/admissions/gradp.html](http://www.mtsac.edu/students/admissions/gradp.html). Students should meet with a Counselor to discuss their Education Plan prior to submitting the Application for Graduation.

All students intending to receive a degree must file an Application for Graduation with the Admissions and Records office and have on file all required documents and official transcripts. The deadline dates for submitting the Application for Graduation are as follows:

- **Fall:** Deadline to apply for fall graduation is the end of the ninth week.
- **Winter:** Deadline to apply for winter graduation is the end of the ninth week of the fall semester.
- **Spring:** Deadline to apply for spring graduation is the end of the ninth week.
- **Summer:** Deadline to apply for summer graduation is the end of the ninth week of the spring semester.

Students should check the Schedule of Classes in the Key Dates section for specific deadline dates for any given semester. Applications received after the deadline will be processed with the next graduation cycle. Students may apply for graduation one semester prior to completing all required coursework. Once the degree has been conferred, the degree will be posted to the student’s academic record and will appear on the transcript. Students will also receive their diplomas in the mail thereafter. If a student is denied graduation, he or she will be informed in writing.

Multiple degrees

The Associate in Science degree shall be awarded to those graduates who majored in one of the occupational programs at Mt. San Antonio College. Students may be awarded both an Associate in Science degree and an Associate in Arts degree with the 60 Units required for an Associate degree if they have met the requirements for both within the 60 Units of earned credit. Each additional degree requires 18 Units of coursework beyond the 60 Units required for the first degree(s), and must include the satisfactory completion of all the required courses in the additional major. Students awarded additional degrees must meet or complete the current general education requirements in effect at the time of re-entry.

Residency Requirement

The Residency Requirement for Mt. San Antonio College can be met in either of two ways:

1. 12 Units in residence and enrollment in the last semester, or
2. 45 Units in residence if the last semester is not at Mt. SAC.

GENERAL EDUCATION REQUIREMENTS

Philosophy Statement

General education is the distinguishing feature of higher education. It is a broadly-based core of humanistic knowledge and abilities, the acquisition of which is the distinctive characteristic of the educated person. General education courses emphasize the ability to reason, to examine issues from different perspectives, to challenge authority, and to communicate ideas logically and confidently. They instill open-mindedness, respect for differences among people, and knowledge of self. By exposing students to different fields of study, general education courses provide an understanding of the human condition and of human accomplishments and encourage a lifelong interest in learning. Together with other Mt. San Antonio College degree requirements, the general education component of the associate degree prepares students to:

- Transfer to and function successfully in a baccalaureate degree-granting institution;
- Enter the work force as a competent, productive citizen;
- Live a richer, more rewarding life.

General education courses are not primarily skills-based, nor are they limited to, or more appropriate for, majors in a specialized field of study. Courses that fulfill general education requirements must:

1. Require post-secondary level skills in reading, writing, quantitative reasoning, and critical thinking.

NOTE: All courses used for the A.A. degree majors may be double counted toward the Mt. San Antonio College General Education requirements.

GRADUATION REQUIREMENTS FOR 2015-16

The following requirements apply to both Associate in Science (A.S.) and Associate in Arts (A.A.) degrees:

**Unit Requirement:** Sixty (60) degree-appropriate Units. A letter grade of “C” or better is required for each course required for graduation.

**General Education Requirements:** At least 24 Units are required which shall include courses in each of the General Education areas, A through E (see pages 68-69). All courses must be completed with a grade of “C” or better.

**Physical Well-Being Requirement:** Complete at least one of the physical education activity courses with the following prefixes: DNCE, KINA, KINF, KINL, KINS, KINX with a grade of “C” or better or “CR”.

**Reading Competency:** This requirement is met by attaining eligibility for READ 100. Eligibility for READ 100 can be acquired by completing one of the following with a grade of “C” or better:

- READ 90  Reading College Texts
- AMLA 33R  American Language Advanced Reading

or by obtaining eligibility for READ 100 on the Reading Placement Test.

**Math Competency:** This requirement is met by completing one of the following with a grade of “C” or better:

1. Math 71  Intermediate Algebra, or
   Math 71B  Intermediate Algebra - Second Half, or
   Math 71X  Practical Intermediate Algebra
2. Completing a more advanced college level mathematics course.
3. Obtaining a satisfactory score on the Intermediate Algebra Competency Examination.

**GPA Requirement:** A Mt. San Antonio College “degree” total grade point average, and “all college” total grade point average of 2.0.

**Residency Requirement:** The residency requirement for Mt. San Antonio College can be met in either of two ways:

1. 12 Units in residence and enrollment in last semester, or
2. 45 Units in residence if last semester is not at Mt. SAC.

**Additional Requirements for the Associate in Science degree**

Students must complete all required courses in an approved occupational major with a minimum grade of “C” in all courses. See pages 68-91 for listings of the Associate in Science degree majors.

**Additional Requirements for the Associate in Arts degree**

Students must complete a pattern of 18 or more Units from the courses identified within a specific area of emphasis with a minimum grade of “C” in all courses. See pages 96-101 for listings of the Associate in Arts Degree in Liberal Arts & Sciences with areas of emphasis.
2. Improve students’ abilities to:
   - communicate oral and written ideas effectively;
   - define problems, design solutions, critically analyze results;
   - use available media to access and retrieve reliable information for data gathering and research;
   - work effectively, both cooperatively and independently;
   - develop and question personal and societal values, make informed choices, and accept responsibility for their decisions;
   - function as active, responsible, ethical citizens;
   - acquire the curiosity and skills essential for lifelong learning.
3. Impart understanding, knowledge, and appreciation of:
   - our shared scientific, technological, historical, and artistic heritage, including the contributions of women, ethnic minorities, and non-Western cultures;
   - the earth’s ecosystem, including the processes that formed it and the strategies that are necessary for its maintenance;
   - human social, political, and economic institutions and behavior, including their interrelationships;
   - the psychological, social, and physiological dimensions of men and women as individuals and as members of society.

Courses that fulfill general education requirements must fall into one of the content categories listed below:

A. Communication and Critical Thinking
B. Science and Math
C. Arts and Humanities
D. Social Sciences
E. Lifelong Understanding and Self-Development

Criteria for inclusion in each of the above categories are itemized below:

A. Communication and Critical Thinking
   These courses emphasize both the content and form of communication. They teach students the relationship of language to logic, as well as how to analyze, criticize, and advocate ideas; to reason deductively and inductively; and to reach sound conclusions. Courses fulfilling this requirement:
   - provide understanding of the psychological and social significance of communication;
   - illustrate how communication operates in various situations;
   - focus on communication from the rhetorical perspective: reasoning, advocacy, organization, accuracy, the discovery, critical evaluation, and reporting of information; reading, listening, speaking, and writing effectively;
   - provide active participation and practice in written and oral communication.

B. Science and Mathematics
   These courses impart knowledge about living and non-living systems, and mathematical concepts and quantitative reasoning with applications. Courses fulfilling this requirement:
   - promote understanding and appreciation of the methodologies and tools of science;
   - emphasize the influence of scientific knowledge on the development of civilization;
   - impart appreciation and understanding of basic concepts, not just skills;
   - offer specific inquiry into mathematical concepts, quantitative reasoning and application. (See Mt. SAC degree competency requirements.)

C. Humanities
   These courses cultivate intellect, imagination, sensibility and sensitivity. They encourage students to respond subjectively as well as objectively and to develop a sense of the integrity of emotional and intellectual responses. Courses fulfilling this requirement:
   - study great work of the human imagination;
   - increase awareness and appreciation of the traditional humanistic disciplines such as art, dance, drama, literature, and music;
   - impart an understanding of the interrelationship between creative art, the humanities, and the self;
   - provide exposure to both Western and non-Western cultures;
   - may include a foreign language course that contains a cultural component as opposed to a course that focuses solely on skills acquisition.

D. Social Sciences
   These courses explore, at the micro and macro-level, the social, political, and economic institutions that underpin society. Courses fulfilling these requirements:
   - promote understanding and appreciation of social, political, and economic institutions;
   - probe the relationship between these institutions and human behavior;
   - examine these institutions in both their historical and contemporary context;
   - include the role of, and impact on, non-white ethnic minorities and women;
   - include both Western and non-Western settings.

E. Lifelong Understanding and Self-Development
   These courses facilitate an understanding of human beings as integrated physiological, social and psychological organisms. Courses fulfilling this requirement:
   - provide selective consideration of human behavior, sexuality, nutrition, health, stress, implications of death and dying, and the relationship of people to the social and physical environment.

GENERAL EDUCATION OUTCOMES (GEOS)
GEOs are statements that define the knowledge, skills, and perspectives acquired by students who satisfy our general education requirements. It is through the assessment of GEOS that the Mt. SAC general education curriculum will be evaluated for improvements. GEOS have been determined and will be assessed by faculty who teach courses within Areas A-E of our general education pattern. The GEOS for Mt. SAC can be found at: [http://www.mtsac.edu/instruction/generaled/geos_mtsac.html](http://www.mtsac.edu/instruction/generaled/geos_mtsac.html)

PROGRAM AND COURSE STUDENT LEARNING OUTCOMES (SLOS)
Program and course student learning outcomes are statements that define the knowledge, skills, and perspectives acquired by students who satisfy program and course requirements. It is through the assessment of SLOs that the curriculum will be evaluated for improvements. SLOs will be assessed by faculty who teach courses and oversee programs. The SLOs can be found at [http://www.mtsac.edu/instruction/outcomes/sloinfo.html](http://www.mtsac.edu/instruction/outcomes/sloinfo.html)

### Programs of Study Leading to an Associate Degree

#### ALPHABETICAL LISTING — ASSOCIATE IN SCIENCE DEGREE (A.S.)

Mt. San Antonio College offers two year occupational degrees in the following section of this Catalog. To qualify for the degree, students must complete the required courses for the major as shown, plus additional general education courses as listed on pages 65-66. For further information, please consult with the Counseling Center.

| A | Accounting | 71 |
|   | Administrative Assistant | 71 |
|   | Agri-Technology | 71 |
|   | Air Conditioning and Refrigeration | 71 |
|   | Airframe and Aircraft Powerplant | 71 |
|   | Maintenance Technology – Day | 71 |
|   | Airframe and Aircraft Powerplant | 71 |
|   | Maintenance Technology – Evening | 72 |
|   | Alcohol/Drug Counseling | 72 |

**Accounting**

**Business Division**

**Degree S0502**

The Accounting Program provides many opportunities for students to design a plan for their individual goals through certificate and degree achievements. The associate degree in accounting is intended to prepare students for employment following graduation. The student will learn basic accounting skills combined with an in-depth training in a variety of accounting concepts, preparing the student for entry-level positions, professional advancement in their current job or transfer to a university to pursue a bachelor’s degree in accounting.

Earning an Accounting Associate of Science degree will provide the knowledge and skills necessary for accounting jobs in general accounting, cost accounting, payroll, inventory management, asset management, accounts receivable, accounts payable, budgets and forecasting, financial analysis, etc. Students who wish to transfer and obtain a bachelor’s degree should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**

- BUSA 7 Principles of Accounting - Financial 5.0
- BUSA 8 Principles of Accounting - Managerial 5.0
- BUSA 21 Cost Accounting 4.5
- BUSA 58 Federal Income Tax Law 3.0
- BUSA 52 Intermediate Accounting 3.0
- BUSA 75 Using Microcomputers in Financial Accounting 1.0
- BUSA 76 Using Microcomputers in Managerial Accounting 1.0
- BUSM 20 Principles of Business 3.0
- Total Units 21.0 - 22.5

**Administrative Assistant**

**Business Division**

**Degree S0514**

This program is intended to prepare students for employment following graduation as administrative assistants, executive assistants, office managers, or other clerical and support staff. Training in a variety of computer and clerical skills is emphasized. Students desiring a bachelor’s degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**

- BUSO 26 Business Communications 3.0
- BUSO 26L Oral Communications for Business 3.0
- CISB 10 Office Skills 3.0
- CISB 15 Microcomputer Applications 3.5
- CISB 16 Macintosh Applications 2.0
- CISB 21 Microsoft Excel 3.0
- CISB 31 Microsoft Word 3.0
- CISB 51 Microsoft PowerPoint 3.0

**Select one (1) course or any one (1) combination lecture-lab course from:**

- CISD 11 Database Management 3.0
  - Microsoft Access
- CISD 11L Database Management 0.5
  - Microsoft Access Laboratory
- CISN 21 Windows Operating System 3.0
- CISS 11 Practical Computer Security 2.0
- CISW 15 Web Site Development 3.5
- Total Units 25.5 - 27.0

**Agri-Technology**

**Natural Sciences Division**

**Degree S0101**

The program of courses in Agriculture is designed to enable students to prepare for a career in this essential and diverse profession. The department offers a comprehensive Agricultural Sciences program and is unique in that most courses provide hands-on experiences designed to give the students a combination of practical skills and technical knowledge.

The following programs list all courses needed to satisfy major requirements. Students may obtain certificates upon completion of required courses listed. Additional courses needed for completion of the Degree are listed in this catalog. It is recommended that all students consult with their department chairperson, faculty advisor, or counselor to file an educational plan.

These programs are intended to prepare students for employment following graduation. Students desiring a bachelor’s degree should consult with the department chairperson, counselor or advisor to discuss transferability of courses. The curriculum is flexible in nature to allow for previous experience and specialization in a given area of agriculture and agricultural business.

**Required Courses:**

- AGAG 1 Agricultural Calculations 3.0
- AGAN 1 Animal Science 3.0
- AGOR 1 Horticultural Science 3.0
- AGOR 32 Landscaping 3.0
- AGOR 56 Engine Diagnostics 3.0
- AGOR 71 Landscape Construction Fundamentals 3.0

**PLUS select three (3) courses from:**

- AGLI 14 Swine Production 3.0
- AGLI 16 Horse Production and Management 4.0
- AGLI 17 Sheep Production 3.0
- AGLI 30 Beef Production 3.0
- AGOR 24 Integrated Pest Management 3.0
- AGOR 62 Landscape Irrigation - Design and Installation 3.0
- AGPE 70 Pet Shop Management 3.0
- AGPE 71 Canine Management 3.0
- Total Units 30.0 - 31.0

**Airframe and Aircraft Powerplant**

**Maintenance Technology - Day**

**Technology and Health Division**

**Degree S0911**

This program prepares students to enter employment as a certified airframe and powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various airframes and powerplants and their components. Completion of this program leads to an Associate in Science degree. Two state-awarded certificates are also available upon successful completion of this program - on certificate in Airframe Maintenance Technology and Health Division.
Programs of Study Leading to an Associate Degree

Technology and one certificate in Aircraft Powerplant Maintenance Technology. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

This program offers a day or evening program option. The only difference between the two options is the course numbering and time required to complete the program.

Day program courses AIRM 65A and 65B are equivalent to evening program courses AIRM 95A, 95B, 96A, 96B, 97A, 97B, 98A, and 98B. Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 90A, 90B, 91A, 91B, 92A, 92B, 93A, and 93B. The evening program courses are offered in 9-week modules.

Successful completion of this program enables students to take the FAA examinations in Airframe, General, and Powerplant. Passing the General Exam plus the Airframe and/or Powerplant Exam provides certification as an Aircraft Maintenance Technician, which is required for employment in this field. Students desiring a bachelor’s degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**

- AIRM 65A Aircraft Powerplant Maintenance Technology 13.0
- AIRM 65B Aircraft Powerplant Maintenance Technology: Reciprocating & Turbine 13.0
- AIRM 66A Aircraft Airframe Maintenance Technology: Structures 13.0
- AIRM 66B Aircraft Airframe Maintenance Technology 13.0
- AIRM 70A Aircraft Maintenance Electricity and Electronics 3.0
- AIRM 70B Aircraft Maintenance Electricity and Electronics 3.0
- AIRM 71 Aviation Maintenance Science 6.0
- AIRM 72 Aircraft Welding 1.5
- AIRM 73 Aircraft Maintenance Technology - Structure and Design 1.5
- AIRM 74 Aircraft Welding 1.5
- AIRM 75 Aircraft Powerplant Maintenance Technology: Hydraulics & Pneu 3.0
- AIRM 76 Aircraft Powerplant Maintenance Technology: Systems 3.0
- AIRM 77 Aircraft Powerplant Maintenance Technology: Fuel Meter Systems 3.0
- AIRM 78 Aircraft Powerplant Maintenance Technology: Ignition Systems 3.0
- AIRM 79 Aircraft Powerplant Maintenance Technology: Turbo Engines 3.0
- AIRM 80 Lab Studies in Aircraft Maintenance Technology - Work Experience 2.0
- AIRM 81 Lab Studies in Aircraft Maintenance Technology 0.5
- PHYS 1 Physics 4.0
- AIRM 82 Aircraft Welding 1.5

**Recommended Electives:**

- AIRM 70A Aircraft Maintenance Electricity and Electronics 3.0
- AIRM 70B Aircraft Maintenance Electricity and Electronics 3.0

**Total Units** 63.0

**Alcohol/Drug Counseling Technology and Health Division Degree S2101**

In this program the student integrates theory and practical experience in developing skills necessary to work with the alcohol and drug abuse population as well as families and employers of chemically-dependent persons. The curriculum is designed to meet the credentialing requirements of the California Association of Alcohol/Drug Educators. Students who complete this option qualify for employment in a variety of chemical-dependant settings.

**Required Courses:**

- AD 1 Alcohol/Drug Dependency 3.0
- AD 2 Physiological Effects of Alcohol/Drugs 3.0
- AD 3 Chemical Dependency: Intervention, Treatment and Recovery 3.0
- AD 4 Issues in Domestic Violence 3.0
- AD 5 Chemical Dependency: Prevention and Education 1.5
- AD 6 Dual Diagnosis 3.0

**Required skill courses:**

- AD 8 Group Process and Leadership 3.0
- AD 9 Family Counseling 3.0
- AD 10 Client Record and Documentation 1.5
- AD 11 Techniques of Intervention and Referral 3.0

**Required field work courses:**

- AD 13 Internship/Seminar 4.0
- AD 14 Advanced Internship/Seminar 4.0

**Select two (2) courses from:**

- CHLD 10 Child Growth and Lifespan Development 3.0
- PSYC 1A Introduction to Psychology - Honors 3.0
- CHLD 10H Child Growth and Lifespan Development - Honors 3.0
- PSYC 1AH Introduction to Psychology – Honors 3.0
- PSYC 19 Abnormal Psychology 3.0
- SOC 1 Sociology 3.0
- SOC 1H Sociology – Honors 3.0
- SOC 14 Marriage and the Family 3.0

**Programs of Study Leading to an Associate Degree**

Airframe and Aircraft Powerplant Maintenance Technology - Evening Technology and Health Division Degree S0951

This program prepares students to enter employment as a certified airframe and powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various airframes and powerplants and their components. Completion of this program leads to an Associate in Science degree. Two state-awarded certificates are also available upon successful completion of this program - one certificate in Airframe Maintenance Technology and one certificate in Aircraft Powerplant Maintenance Technology. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate. This program offers a day or evening program option. The only difference between the two options is the course numbering and time required to complete the program. Day program courses AIRM 65A and 65B are equivalent to evening program courses AIRM 95A, 95B, 96A, 96B, 97A, 97B, 98A, and 98B. Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 90A, 90B, 91A, 91B, 92A, 92B, 93A, and 93B. The evening program courses are offered in 9-week modules.

Successful completion of this program enables students to take the FAA examinations in Airframe, General, and Powerplant. Passing the General Exam plus the Airframe and/or Powerplant Exam provides certification as an Aircraft Maintenance Technician, which is required for employment in this field. - SOC 1H Sociology – Honors 3.0
- SOC 14 Marriage and the Family 3.0
Students are encouraged to be able to admit English Language Skills:
which can be stressful intense.

- Exposed to highly charged emotional environment
- Requires decisions/actions related to end of life issues
- Subject to burns and cuts
- Exposed to odorous chemicals and specimens
- May be exposed to hazardous agents, body fluids and wastes
- May be exposed to the risk of blood borne diseases

For questions, call the division office at (909) 274-7500, ext. 4750

d) Refer to Schedule of Credit Classes for sequence of courses

d) For questions, call the division office at (909) 274-7500, ext. 4750

Working Environment:
- May be exposed to infectious and contagious disease, without prior notification
- May be exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions related to end of life issues
- Exposed to products containing latex
- Exposed to highly charged emotional environment which can be stressful intense

English Language Skills:
Although proficiency in English is not a criterion for admission, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and others.

### Programs of Study Leading to an Associate Degree

#### Animation

**Arts Division**
**Degree S1006**
The Animation Program offers an integrated/interdisciplinary approach to prepare students to meet current and future job market demands. The student will be given a balanced blend of art and technology-based skills essential for today's careers in animation. The program offers both an A.S. degree and certificates. Course content is driven by industry needs in order to provide the student with the best possible preparation for a career in animation or for transfer to an institution of higher learning. This Animation A.S. Degree provides expertise leading to employment opportunities as junior animators, character designers, storyboard artists, 3D modelers and game designers.

**Required Courses:**

- **ANIM 100** Digital Paint and Ink 3.0
- or
- **ARTC 100** Graphic Design I 3.0
- **ANIM 101A** Drawing - Gesture and Figure 3.0
- **ANIM 104** Drawing Fundamentals 3.0
- or
- **ARTD 15A** Drawing: Beginning 3.0
- **ANIM 108** Principles of Animation 3.0
- **ANIM 115** Storyboarding 3.0
- **ANIM 116** Character Development 1.5
- **ANIM 130** Introduction to 3D Modeling 3.0
- **ANIM 131** Introduction to Gaming 3.0
- **ANIM 148** Demo Reel 3.0
- or
- **ARTC 290** Portfolio 3.0
- **ARTD 17A** Drawing: Life 3.0

**Required Electives**

Select one (1) course from the following:

(3 Units)
- **ANIM 109** Advanced Principles of Animation 3.0
- **ANIM 132** Intermediate 3D Modeling 3.0
- **ANIM 141** 2D Game Level Design 3.0
- **ANIM 151** Game Prototype Production 3.0
- **ANIM 172** Motion Graphics, Compositing and Visual Effects 3.0

- **ANIM 175** Digital Animation 3.0
- **ARTD 16** Drawing: Perspective 3.0

**Total Units:** 31.5

**Recommended Electives:**

- **AHIS 4** History of Western Art: Prehistoric Through Gothic 3.0
- **AHIS 4H** History of Western Art: Prehistoric Through Gothic - Honors 3.0
- **AHIS 5** History of Western Art: Renaissance through Modern 3.0
- **AHIS 5H** History of Western Art: Renaissance through Modern - Honors 3.0
- **ANIM 111A** Animal Drawing 1.5
- **ANIM 111B** Animal Drawing 1.5
- **ARTD 20** Design: Two-Dimensional 3.0

**Applied Laboratory Science Technology (ALST)**

**Natural Sciences Division**
**Degree S0307**
This program provides theoretical and technical training to prepare students for employment as entry-level chemical technicians in fields such as chemical quality control, chemical process control, analytical chemistry, water quality, and research and development. The program includes a broad-based overview of workforce options and emphasizes development of analytical skills, instrument proficiency, critical thinking, and troubleshooting of experimental designs and outcomes.

**Required Courses:**

- **BUSB 10** Principles of Continuous Quality Improvement 3.0
- or
- **CHEM 20** Introductory Organic and Biochemistry 5.0
- **CHEM 50** General Chemistry I 5.0
- or
- **CHEM 50H** General Chemistry I - Honors 5.0
- **CHEM 51** General Chemistry II 5.0
- **PLUS select (6-7) six or seven Units from:**
  - **MICR 22** Microbiology 4.0
  - **PHIL 12** Introduction to Ethics 3.0
  - or

**Architectural Design Concentration**

**Technology and Health Division**
**Degree S0390**
This program prepares students to enter the field of architecture and related areas. The student is provided with an option of direct employment into the field or preparation for transfer to a professional school of architecture. The Design Concentration focuses upon studio-based design projects, drawing, and presentation skills. The student will develop a portfolio of work relevant to their concentration.

**Required Courses:**

- **ARCH 101** Design I - Elements of Design 4.0
- **ARCH 102** Design II - Architectural Design 4.0
- **ARCH 121** CADD and Digital Media Level I 4.0
- **ARCH 122** Architectural Presentations 4.0
- **ARCH 141** Design Drawing and Communication 4.0
- **ARCH 142** Architectural Materials and Specifications 4.0
- **ARCH 201** Design III - Environmental Design 4.0
- **ARCH 202** Design IV - Advanced Project 4.0
- **ARCH 221** Architectural Illustration 3.0
- **ARCH 222** Advanced Digital Design, Illustration and Animation 3.0
- **ARCH 250** World Architecture I 3.0
- **ARCH 251** World Architecture II 3.0

**Total Units:** 44.0

ENGL 1C, MATH 150, and PHYS 2AG are typically required for transfer to a professional school of architecture. Verify all requirements with the transfer institution.
# Programs of Study Leading to an Associate Degree

## Architectural Technology Concentration

### Technology and Health Division

**Degree S0392**

This program prepares students to enter the field of architecture and related areas. The student is provided with an option of direct employment into the field or preparation for transfer to a professional school of architecture. The Technology Concentration focuses upon building and construction technology, documentation, codes, and computer applications. Current technology and computer (CAD) skills are integrated into the program.

**Required Courses:**

An advanced MATH course and PHYS 2AG typically are required for transfer to a professional school of architecture. Verify all requirements with the transfer institution.

## Aviation Science

### Technology and Health Division

**Degree S0910**

This curriculum meets the requirements of the Federal Aviation Administration Air Traffic Collegiate Training Initiative (AT-CTI). Under an educational partnership agreement with the FAA, this CTI program prepares students for broad-based aviation careers. Students completing this CTI program may be recommended by the college for hiring by the FAA as air traffic controllers. There are no prerequisites or enrollment limitations.

Child Development

Business Division
Degree S1315

This program provides a theoretical framework and practical experience developing skills necessary to work directly in preschool classrooms. Graduates can be employed at the teacher or master teacher level. The program develops students' skills and abilities in observation and assessing, planning and executing activities, and classroom management based on developmentally appropriate practices. Degree requirements exceed the identified eight (8) courses for transfer by requiring additional practical experience and curriculum courses.

Commercial Flight

Technology and Health Division
Degree S0912

The Commercial Flight curriculum prepares students for careers as aircraft pilots as well as related ground occupations in aviation. Students have the opportunity for optional flight training with commensurate college credit. The pilot license is not required for graduation but it is desirable for career advancement.

This program prepares students for military and civilian aviation careers through flight programs to bachelor's degree aviation curricula throughout the nation. With concurrent flight training, students may achieve the commercial pilot certificate and instrument rating simultaneously with the A.S. degree.

Required Courses:

Computer - Database Management Systems

Business Division
Degree S0706

The A.S. Degree in Database Management Systems is a two-year program designed to prepare students for careers in database management systems. The degree offers a balanced catalog of classes that prepares students to work with both small and enterprise-level computer databases required by industry. Emphasis is placed on current techniques used in relational database management systems, including creating and maintaining table data, setting appropriate relationships between tables, querying needed information, creating additional objects needed for the dissemination of information from the database and setting properties to help ensure the security of data. In addition, VBA (Visual Basic for Applications) programming is covered. The enterprise level also concentrates in SQL development. In addition, the degree covers the theory of database design, including normalization and other current database topics. Student wishing a bachelor's degree (transfer program) should meet with a professor of commercial flight to recommend the appropriate courses chosen from the list above. Students should meet with a professor of commercial flight to help them determine which electives would best suit their career plans.

Total Units: 26.5 - 29.0

Computer and Networking
Technology

Technology and Health Division
Degree S0725

The Computer and Networking program prepares students to become computer and networking service technicians. The program provides foundational knowledge in basic electricity and electronics, operating systems, computer service and troubleshooting, and customer relations, as well as more advanced training in networks, servers, and security. Students learn to install, configure, maintain, troubleshoot, and repair computers and networks. Students will become fully prepared to take the A+, Network+, Server+, and Security+ certification tests sponsored by CompTIA and offered at testing centers throughout the country. These industry certifications are recognized worldwide as benchmarks for the computer and networking technician. Further, students will have requisite skills upon which to seek additional I.T. certifications available for the computer and networking fields. Two certificate programs in Computer and Networking Technology are also available. Please see the “Certificates” section of the college catalog for descriptions and course requirements.
Required Courses:
CNET 50  PC Servicing  4.0  
CNET 52  PC Operating Systems  4.0  
CNET 54  PC Troubleshooting  4.0  
CNET 56  Computer Networks  4.0  
CNET 58  Server Systems  4.0  
CNET 60  A+ Certification Preparation  2.0  
CNET 62  Network+ Certification Preparation  2.0  
CNET 64  Server+ Certification Preparation  2.0  
CNET 66  Security+ Certification Preparation  2.0  
ELEC 11  Technical Applications  3.0  

or

CISS 15  Microcomputer Applications  3.5  
ELEC 50A  Electronic Circuits - Direct Current (DC)  4.0  
ELEC 50B  Electronic Circuits (AC)  4.0  
ELEC 56  Digital Electronics  4.0  
TECH 60  Customer Relations for the Technician  2.0  

Total Units  45.0 - 45.5

Recommended Electives:
ELEC 51  Semiconductors and Devices  4.0  
ELEC 74  Microcontroller Systems  4.0  

Computer Network Administration and Security Management

Business Division
Degree S0701

Computer Network Administration and Security Management is a two-year program leading to the Associate in Science (A.S.) degree. It prepares individuals for employment in the computer/information technology field in such areas as network administrator and security management administrator. The curriculum is intended to help students develop skills to design, administer and manage the heterogeneous corporate network with security emphasis. Course examine and illustrate network security with various industry-leading network operating systems. Individual courses will assist students in preparing for related industry certification exams.

The main objective of the degree is to prepare students for employment following graduation. Students wishing a bachelor's degree should meet with a counselor or advisor to discuss transferability of courses.

Required Courses:
CISP 11  Programming in Visual Basic  3.0  
CISP 11L Programming in Visual Basic Laboratory  0.5  
CISP 21  Programming in Java  3.0  
CISP 21L Programming in Java Laboratory  0.5  
CISP 31  Programming in C++  3.0  
CISP 31L Programming in C++ Laboratory  0.5  

or

CISP 41  Programming in C#  3.0  
CISP 41L Programming in C# Laboratory  0.5  
CISP 13  Principles of Information Systems Security  4.0  
CISP 15  Operating Systems Security  3.0  
CISP 27  Defending Computer Systems  1.0  

Total Units  23.0 - 26.0

Computer Programming

Business Division
Degree S7302

The A.S. Degree in Computer Programming is designed to prepare students for a career in computer programming. The degree offers a balanced set of classes that provides students with client, server and database programming skills required by the industry. Emphasis is placed on object-oriented programming applications, configuring servers, creating and navigating databases, and reusable software components. Students will demonstrate the ability to design and implement business environment applications that will contain the front end user interface and back end database. Student in this program select one of the following three programming language concentrations: C++, Visual Basic.NET or Java. Career opportunities available after the completion of this degree include programming for systems, mobile devices, device drivers and software engineering.

Students wishing a bachelor's degree (transfer program) should meet with a counselor or advisor to discuss transferability of courses.

Required Courses:
CISP 11  Computer Information Systems  3.5  
CISP 21  Windows Operating System  3.0  
CISP 31  Linux Operating System  3.0  
CISP 31L Linux Operating System Laboratory  0.5  
CISP 34  Linux Networking and Security  3.0  
CISP 34L Linux Networking and Security Laboratory  0.5  
CISP 31L Programming in Visual Basic Laboratory  0.5  
CISP 21L Programming in Java Laboratory  0.5  
CISP 31L Programming in C++ Laboratory  0.5  

or

CISP 10  Principles of Object-Oriented Design  2.0  
BUSM 20  Principles of Business  3.0  
CISD 11  Database Management  3.0  
CISD 11L Database Management Laboratory  0.5  
CISD 21  Database Management  3.0  
CISD 21L Database Management Laboratory  0.5  
CISD 31  Database Management - Oracle  3.0  
CISD 31L Database Management - Oracle Laboratory  0.5  

Required Electives (7 Units)

PLUS one of the following concentrations:

C++:
CISP 31  Programming in C++  3.0  
CISP 31L Programming in C++ Laboratory  0.5  
CISP 34  Advanced C++ Programming  3.0  
CISP 34L Advanced C++ Programming Laboratory  0.5  

Visual Basic:
CISP 11  Programming in Visual Basic  3.0  
CISP 11L Programming in Visual Basic Laboratory  0.5  
CISP 14  Advanced Visual Basic .NET  3.0  
CISP 14L Advanced Visual Basic .NET Laboratory  0.5  

Java:
CISP 21  Programming in Java  3.0  
CISP 21L Programming in Java Laboratory  0.5  
CISP 24  Advanced Java Programming  3.0  
CISP 24L Advanced Java Laboratory  0.5  

Total Units  29.0 - 31.5

### Educational Paraprosfessional (Instructional Assistant)

**Humanities and Social Sciences Division**

**Degree S0375**

This degree program prepares paraprofessionals to work with children in a variety of ways that enhance learning. Graduates will be able to assist classroom teachers in working with K-12 students, including students with special needs. This associate degree certifies that paraprofessionals are “highly qualified” as specified by federal legislation.

### Electronics and Computer Engineering Technology

**Technology and Health Division**

**Degree S0906**

The Electronics and Computer Engineering Technology (ECET) certificate program prepares individuals either for initial employment or for enhancement of existing skills in the electronics field, or for transfer into B.S. programs in Electronics Technology or Industrial Technology offered in the CSU system. Required courses for the certificate — many of which articulate directly to their equivalents at the CSUs are the same as for the ECET A.S. degree program except for the college General Education requirement. In addition to exposing students to core topics such as components and circuits, the program includes coursework in advanced areas including microcontrollers and interfacing, communications, and industrial electronic controls. Nearly all laboratories have new, state-of-the-art equipment to provide students with quality, hands-on learning experiences. Students completing the ECET certificate program possess ample skills to make them versatile employees. Typical technician-level job classifications include field service technician, field enginee
Programs of Study Leading to an Associate Degree

Paramedic Program

Application Requirements:
In addition to meeting Mt. San Antonio College academic standards for admission, applicants must be in good standing and satisfy the following requirements:
1) Be an EMT-I currently certified in California.
2) Submit a letter on official stationery from a recognized EMS agency verifying completion of six (6) months of pre-hospital field experience as an EMT-I (approximately 1,200 hours) within the last two years.
3) File a college application and be accepted as a student at Mt. San Antonio College.
4) Submit an application for the Paramedic Program to the Technology and Health Division Office. The Paramedic Program begins two times per year and runs for 29 weeks.
5) Take the Assessment of Written English, Math Placement test, and Degrees of Reading Power tests at least ten working days before the start of the pre-course EMS 1 and EMS 2. Placement examinations will be individually administered to determine eligibility for the pre-courses. The placement tests are administered by the Assessment Center in the Student Services Center.
6) Successful completion of EMS-1, Fundamentals for Paramedics and EMS 2, Preparation for Paramedic Program.
7) Forward two official transcripts of all coursework completed (high school, EMT-I, Fire Science, and other than Mt. San Antonio College courses). One transcript must be sent to the Technology and Health Division Office, the other to the Admissions and Records Office.

Special Information
To remain in the program, students must maintain a grade of “C” (80%) or better in all courses, per state regulations. Before starting clinical rotations, students must pass a criminal background check. Upon successful completion of the required courses, students are granted a certificate documenting completion of the Paramedic Program. Students are then eligible for licensure by taking and passing both the National Registry Exam and County Paramedic accreditation exam.

Required Courses:
- EMS 10 Anatomy and Physiology for Paramedics 2.0
- EMS 20 Emergency Cardiac Care for Paramedics 1.5
- EMS 30 Pharmacology for Paramedics 2.5
- EMS 40 Cardiology for Paramedics 5.0
- EMS 50 Paramedic Skills Competency 5.0
- EMS 60 EMS Theory for Paramedics 8.5
- EMS 70 Paramedic Clinical Internship 4.0
- EMS 80 Paramedic Field Internship 9.5

Total Units 38.0

Recommended Electives:
- ADJI 1 The Administration of the Justice System 3.0
- FIRE 1 Fire Protection Organization 3.0
- PSYC 1A Introduction to Psychology 3.0
- SOC 1 Sociology 3.0

The Emergency Medical Services faculty recommends that students complement their studies with selected elective courses chosen from the list above. Students should meet with a professor of Emergency Medical Services to help them determine which electives would best suit their career plans.

Physical Demands:
- Perform prolonged, extensive, or considerable standing/walking, lifting, positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heavy effort (lift and carry at least 125 pounds)
- Perform considerable reaching, stooping, bending, kneeling, and crouching

Sensory Demands:
- Color vision: ability to distinguish and identify colors (may be corrected with adaptive devices)
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

Working Environment:
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, cultural, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions related to end of life issues
- Exposed to products containing latex

English Language Skills:
Although proficiency in English is not a criterion for admission into the EMS program, students must be able to speak, write and read English to ensure patient safety and to complete classes successfully.

Equipment Technology
Natural Sciences Division
Degree S0118

The courses in equipment technology are designed to enable students to prepare for a career in this essential and diverse profession. This degree is part of our comprehensive Agricultural Sciences program. Our program is unique in that most courses provide hands-on experience and are designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should meet with a counselor or advisor to check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which courses are offered.

This program is intended to prepare students to become technicians for entry level positions or skills enhancement in the operation, service, maintenance and repair of industrial and agricultural power equipment.

Listed below are the courses needed to satisfy major requirements. It is recommended that students consult with the department chairperson, counselor or advisor to file an educational plan. For additional information, contact the Agricultural Sciences Department, ext. 4540 or visit the Mt. SAC Web site at www.2015-16 Mt. San Antonio College Catalog

**Business Division**

**Degree S1308**

The A.S. Degree in Fashion Merchandising is designed to prepare students for entry-level careers in the apparel industry in Southern California. This A.S. program also offers students courses specializing in apparel retailing, advertising, textiles, and visual communications.

The course emphasizes the business of fashion, wholesale merchandise planning, and apparel branding targeting specific markets. Upon completion of the program, students will be able to develop marketing strategies, create promotional campaigns, understand the buying process, and analyze retail businesses.

Entry-level employment opportunities available after completion of this program may include retail sales, small store merchandising and showroom assisting.

**Required Courses:**

- FASH 8 Introduction to Fashion 3.0
- FASH 10 Clothing Construction I 3.0
- FASH 15 Aesthetic Design in Fashion 3.0
- FASH 17 Textiles 3.0
- FASH 25 Fashion Computer-Assisted Drawing 3.0
- FASH 62 Retail Buying and Merchandising 3.0
- FASH 63 Fashion Promotion 3.0
- FASH 66 Visual Merchandising Display 3.0

**Total Units: 33.0**

**Fire Technology**

**Technology and Health Division**

**Degree S2105**

The Fire Science major has been designed to offer pre-employment education for the undergraduate who desires to enter the field of fire science. It also provides the employed firefighter an opportunity for a professional education. Students intending to pursue a bachelor's degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**

- FIRE 1 Fire Protection Organization 3.0
- FIRE 2 Fire Prevention Technology 3.0
- FIRE 3 Fire Protection Equipment and Systems 3.0
- FIRE 4 Building Construction for Fire Protection 3.0
- FIRE 5 Fire Behavior and Combustion 3.0
- FIRE 6 Principles of Fire and Emergency Services Safety and Survival 3.0

**Recommended Electives:**

- BUSA 7 Principles of Accounting - Financial 5.0
- BUSA 72 Bookkeeping - Accounting 5.0

**Total Units: 41.5**

**Graphic Design**

**Arts Division**

**Degree S0318**

This program is designed to provide students with a combination of creative, design, problem solving, and technical skills necessary for entry-level employment as a Graphic Designer in the Commercial Art industry. Students completing this program are eligible for advanced training or transfer to a college or university for further study.

**Required Courses:**

- ARTC 100 Graphic Design I 3.0
- ARTC 120 Graphic Design II 3.0
- ARTC 160 Typography 3.0
- ARTC 165 Illustration 3.0
- ARTC 290 Portfolio 3.0
- ARTD 15A Design: Beginning 3.0
- ARTD 17A Drawing: Life 3.0
- ARTD 20 Design: Two Dimensional 3.0

**Total Units: 41.5**
Programs of Study Leading to an Associate Degree

**Required Courses:**
- ARTD 25A Beginning Painting I 3.0
- Plus select (1) course from: (3 Units)
- AHIS 5 History of Western Art: Renaissance Through Modern 3.0
- AHIS 5H History of Western Art: Renaissance Through Modern – Honors 3.0
- AHIS 6 History of Modern Art 3.0
- AHIS 6H History of Modern Art - Honors 3.0
- Total Units 30.0

**Recommended Electives:**
- AHIS 4 History of Western Art: Prehistoric Through Gothic 3.0
- ANIM 172 Motion Graphics, Compositing and Visual Effects 3.0
- ANIM 175 Web Animation With Flash 3.0
- ARTC 140 Graphic Design III 3.0
- ARTC 299 Graphic Design Internship 1.0
- ARTD 16 Drawing: Perspective 3.0
- ARTD 45A Printmaking: Introduction to Screenprinting 3.0
- ARTS 22 Design: Three-Dimensional 3.0
- PHOT 10 Basic Digital and Film Photography 3.0

**Histologic Technician Training**

**Natural Sciences Division**

**Degree S1211**

This program provides on-campus and on-site technical training in the field of histotechnology, focusing on routine tissue sample preparation, special stains and techniques such as immunohistochemistry, and in situ hybridization. Training on campus will utilize samples routinely prepared in both clinical and research facilities. As part of their formal training, students of histotechnology will work through study guides provided by the American Society of Clinical Pathologists (ASCP) for their certification examination. Partnerships with local facilities will allow for work experience and internship sites, required for certification of histotechnology graduates, and will provide further training for those interested in research and/or careers in the private sector.

**Required Courses:**
- ANAT 108 Introductory Human Physiology 4.0
- or
- ANAT 36 Human Physiology 5.0
- or
- MICR 26 Introduction to Immunology 3.0
- ANAT 35 Human Anatomy 5.0
- or
- CHEM 10 Chemistry for Allied Health Majors 5.0
- or
- CHEM 40 Introduction to General Chemistry 5.0
- or
- CHEM 50 General Chemistry I 5.0
- or
- CHEM 50H General Chemistry I – Honors 5.0
- or
- HT 1 Introduction to Histotechnology 1.0
- or
- HT 2 Scientific Basics for Histologic Technicians 3.0
- or
- HT 10 Histology 3.0
- or
- HT 12 Beginning Histotechniques 5.0
- or
- HT 14 Advanced Histotechniques 5.0
- or
- HT 16 Histochemistry/Immunohistochemistry 4.0
- or
- HT 17 Work Experience in Histotechnology 4.0
- or
- MICR 1 Principles of Microbiology 5.0
- or
- MICR 22 Microbiology 4.0
- Total Units 42.0 - 45.0

**Horse Ranch Management**

**Natural Sciences Division**

**Degree S0102**

Horse Ranch Management offers students a look into the science, breeding, management and training of horses using a hands-on approach. It helps to prepare students for a variety of jobs in the horse industry and is molded around a core of horse science, agriculture, and general education courses. This program is intended to prepare students for employment following graduation. Students desiring a Bachelor’s Degree (transfer) program should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**
- (Complete three (3) Units of Work Experience-AGAG 59)
- AGAG 59 Work Experience in Agriculture 1.0
- AGAN 2 Animal Nutrition 3.0
- AGAN 94 Animal Breeding 3.0
- AGLI 16 Horse Production and Management 4.0
- AGLI 18 Horse Ranch Management 4.0
- AGLI 19 Horse Hoof Care 2.0
- AGLI 20 Horse Behavior and Training 2.0
- AGLI 96 Animal Sanitation and Disease Control 3.0
- AGLI 97 Artificial Insemination of Livestock 2.0

**Required Electives**

**Select six (6) Units from:**
- AGOR 51 Tractor and Landscape Equipment Operations 3.0
- AGOR 53 Small Engine Repair I 3.0
- AGOR 71 Landscape Construction Fundamentals 3.0
- BUSM 20 Principles of Business 3.0
- BUSM 66 Small Business Management 3.0
- WELD 40 Introduction to Welding 2.0
- Total Units 32.0

**Hospitality and Restaurant Management**

**Business Division**

**Degree S1307**

This Associate of Science in Hospitality and Restaurant Management prepares students for mid-level or Manager-In-Training position in the hospitality industry. Students gain practical and management training in: food safety and sanitation, food production, dining room service management, supervision, cost control, financial accounting, lodging management, and hospitality law. Students who successfully complete the requirements for this degree will also earn the Food Protection Manager Certification from the National Restaurant Association upon passing the ServSafe Exam. This program is designed to articulate with the Collins College of Hospitality Management at Cal Poly Pomona as well as other universities. Students wishing to transfer should consult with Hospitality Management Coordinator to discuss transfer options.

**Required Courses:**
- HRM 51 Introduction to Hospitality 3.0
- HRM 52 Food Safety and Sanitation 1.5
- HRM 53 Dining Room Service Management 3.0
- HRM 54 Basic Cooking Techniques 3.0
- HRM 56 Hospitality Supervision 3.0
- HRM 57 Hospitality Cost Control 3.0
- HRM 64 Hospitality Financial Accounting 3.0
- HRM 66 Hospitality Law 3.0
- HRM 70 Introduction to Lodging 3.0

**PLUS one of the following (3 Units):**
- HRM 61 Menu Planning 3.0
- HRM 62 Event Planning and Catering 3.0
- or
- HRM 91 Hospitality Work Experience 1.0

**Total Units 28.5**

**Human Resource Management**

**Business Division**

**Degree S0530**

The Human Resource Management degree is intended to prepare students to enter the business world in the dynamic environment of human resources. Students become familiar with various approaches to business organization and the strategic nature of human resource management. Studies in human resource law, compensation systems, training, and development will provide the student a solid foundation from which to build a career in human resource management. Transfer students will gain a strong human resource management business elective base initiating further study in a variety of fields. Students active in the work arena will acquire new skills that are highly desirable in a fast-paced work force.

**Required Courses:**
- ANTH 22 General Cultural Anthropology 3.0
- BUSA 70 Payroll and Tax Accounting 3.0
- BUSL 19 Advanced Business Law 3.0
- BUSM 20 Principles of Business 3.0
- BUSM 60 Human Relations in Business 3.0
- BUSM 61 Business Organization and Management 3.0
- BUSM 62 Human Resource Management 3.0
- BUSO 25 Business Communications 3.0
- CISB 15 Microcomputer Applications 3.5
- Total Units 27.5
**Integrated Pest Management**

**Natural Sciences Division**

**Degree S0311**

The Integrated Pest Management Program is part of the Agricultural Science Program and prepares students to design and implement comprehensive integrated pest management programs for private or public entities. It qualifies students to take the Pest Control Advisor (PCA) exam administered by the California Department of Pesticide Regulation. Pest Control Advisers provide written recommendations for the application of pesticides. Students learn how to design, install, and manage irrigation systems, set up and implement fertilizer and pest management programs, and properly identify and maintain trees, shrubs, and turf grasses. Students also learn personal management and budgeting skills. Most courses in the program provide hands-on experiences designed to give students a combination of practical skills and technical knowledge. Students who intend to transfer should meet with a counselor or advisor to review lower-division requirements of the college or university they plan to attend.

**Total Units:** 50.0

**Interior Design - Kitchen and Bath**

**Business Division**

**Degree S1302**

The Interior Design: Kitchen and Bath A.S. degree provides students with specialized skills in the area of Kitchen and Bath Design and is accredited by the National Kitchen and Bath Association. Students will strengthen career perspectives and develop work to incorporate into a professional portfolio.
This certificate may aid in the student's search for an intermediate position as an assistant to a kitchen and bath designer. Students completing this program and meeting the eligibility requirements will qualify to sit for the academic portion of the Certified Kitchen Designer (CKD) and Certified Bath Designer (CBD) upon graduation to earn the Associate Kitchen and Bath Designer (AKBD) designation.

**Required Courses:**
- ID 10: Introduction to Interior Design 2.0
- ID 10L: Introduction to Interior Design Laboratory 1.0
- ID 12: Materials and Products for Interior Design 3.0
- ID 14: History of Furniture and Decorative Arts 3.0
- ID 20: Color and Design Theory I 3.0
- ID 21: Color and Design Theory II 3.0

### International Business

**Business Division**

**Degree S0507**

This program is intended to prepare students for employment following graduation. Students desiring a bachelor's degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**
- BUSL 20: International Business Law 3.0
- BUSM 20: Principles of Business 3.0
- BUSM 50: World Culture: A Business Perspective 3.0
- BUSM 61: Business Organization and Management 3.0
- BUSM 66: Small Business Management 3.0
- BUSS 36: Principles of Marketing 3.0

**PLUS select one (1) course (4 Units)**

- CHIN 1: Elementary Chinese 4.0
- FRCH 1: Elementary French 4.0
- GERM 1: Elementary German 4.0
- ITAL 1: Elementary Italian 4.0
- JAPN 1: Elementary Japanese 4.0
- SPAN 1: Elementary Spanish 4.0

**Total Units:** 28.0

**Recommended Electives:**
- BUSM 81: Work Experience in Business 1.0
- BUSM 85: Special Issues in Business 2.0
- BUSS 85: Special Issues in Marketing 2.0

---

### Law Enforcement

**Technology and Health Division**

**Degree S2102**

This program is intended to prepare students for employment following graduation. Students desiring a bachelor's degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**
- ADJU 1: The Administration of Justice System 3.0
- ADJU 2: Principles and Procedures of the Justice System 3.0
- ADJU 3: Concepts of Criminal Law 3.0
- ADJU 4: Legal Aspects of Evidence 3.0
- ADJU 5: Community Relations 3.0
- ADJU 68: Administration of Justice Report Writing 3.0

**Recommended Electives:**
- PLUS select four (4) courses from the following (12 Units)

  - ADJU 6: Concepts of Enforcement Services 3.0
  - ADJU 13: Concepts of Traffic Services 3.0
  - ADJU 20: Principles of Investigation 3.0
  - ADJU 38: Narcotics Investigation 3.0
  - ADJU 59: Gangs and Corrections 3.0
  - ADJU 74: Vice Control 3.0
  - CORS 10: Introduction to Correctional Sciences 3.0
  - SOC 1: Sociology 3.0
  - SOC 1H: Sociology - Honors 3.0
  - SOC 5: Introduction to Criminology 3.0
  - SOC 5H: Introduction to Criminology - Honors 3.0

**Total Units:** 30.0

---

### Licensed Vocational Nurse to RN

**Technology and Health Division**

**Degree S1201**

The Mt. San Antonio College Nursing Program, approved by the California Board of Registered Nursing, is a two-year program designed to prepare men and women to give direct nursing care to clients in various practice settings. The program consists of course work in nursing, science, general education, and clinical nursing practice at local hospitals and health agencies. Graduates of the program receive an Associate in Science Degree in Nursing and are eligible to take the NCLEX-RN examination leading to licensure as a Registered Nurse.

The Licensed Vocational Nurse is provided career mobility in the Nursing Program. The Licensed Vocational Nurse may choose between earning an Associate in Science Degree in Nursing or completing the LVN-30 Unit Option track which leads to a certificate, not a degree.

**Prerequisite Courses**

1. Human Anatomy, including a laboratory component, a minimum of four (4) semester units.
2. Human Physiology, including a laboratory component, a minimum of four (4) semester units.
3. Microbiology, including a laboratory component, a minimum of four (4) semester units.
4. English 1A (Writing Composition), minimum of three (3) semester units with a minimum grade of C.
5. PSYC 1A (Introduction to Psychology), minimum of three (3) semester units.
6. CHLD 10 (Child Growth & Lifespan Development) or PSYC 14 (Developmental Psychology), minimum of three (3) semester units.

PSYC 1A must be completed prior to entrance into NURS 5: Psychiatric Nursing.

CHLD 10 or PSYC 14 must be completed prior to entrance into NURS 6: Pediatric Nursing.
Non-course requirements:
1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology and Microbiology prerequisite courses with no grade less than a “C” for each course and no more than one repetition of any one of these courses.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for MATH 71 Intermediate Algebra (Preferably MATH 71 or a college level math course completed).
4. High school graduation or GED or academic degree from an accredited college/university in the United States.
5. Possess a current, active California Licensed Vocational Nurse license.
6. A physical examination, including specific immunizations is required of all candidates prior to the beginning of nursing classes.
8. Criminal background check and drug screening is required of all candidates prior to taking NURS 70. Applicants must have completed all prerequisite courses prior to taking NURS 70. Applicants to the program. (NURS 70: Role Transition – Due to the clinical component of NURS 70, applicants must bring the final evaluation to their transcripts evaluated by an approved international transcript evaluation agency and drug testing prior to the start of class).
9. Nursing 70: Role Transition must be completed with a credit grade prior to entrance into the program. (NURS 70: Role Transition – Due to the clinical component of NURS 70, applicants must submit their names to the Nursing Office for approval prior to enrollment in this course. Applicants must provide proof of current Vocational Nurse License, physical, CPR card, Background Check, and drug testing prior to the start of class).

REQUIREMENTS FOR THE ASSOCIATE DEGREE
Students must develop an education plan with a counselor or educational advisor to complete college academic requirements for the AS degree. Contact the Counseling Department or Advising Center to schedule an appointment.

SELECTION PROCESS
Students applying for admission to the Nursing Program are required to see either a counselor or educational advisor to verify their eligibility to enter the Nursing program.

Procedure:
Students must complete all course prerequisites prior to requesting an appointment for certifying readiness to enter into the Nursing program. Once eligibility has been established and the Admission Assessment Test has been passed, students will enter on a first come first served basis.

The Eligibility Appointment:
1. Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor.
2. Students who have completed coursework at other colleges must bring the following information to their eligibility appointment:
   a. Official transcripts of all college work completed at all colleges.
   b. If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus.
   c. Students completing college coursework outside of the United States will need to have their transcripts evaluated by an approved international transcript evaluation agency and must bring the final evaluation to their appointment (students may be able to obtain a list of agencies from the Admissions & Records Office).
   d. Due to specific college deadlines for International Student application, please inform the Counseling/Educational Advisor that this applies to you.
   e. All students will need to bring official proof of high school graduation, GED, or college graduation from an accredited institution in the United States.

Students should also be aware that once they have been admitted to the Nursing program and before beginning the clinical portion of the program, they will need to be able to pass both a criminal background check, including a screening by the Office of Inspector General for welfare or Social Security fraud, as well as testing negative for drug use.

ALL APPLICANTS ARE REQUIRED TO MEET THE ESSENTIAL FUNCTIONS FOR SUCCESS IN THE NURSING PROGRAM.

Physical Demands:
• Perform prolonged, extensive, or considerable standing/walking, lifting positioning, pushing, and/or transferring patients
• Possess the ability to perform fine motor movements with hands and fingers
• Possess the ability for extremely heavy effort (lift/carry 50 lbs. or more)
• Perform considerable reaching, stooping, bending, kneeling, and crouching

Sensory Demands: (May be corrected with adaptive devices)
• Color vision: ability to distinguish and identify colors
• Distance vision: ability to see clearly 20 feet or more
• Depth perception: ability to judge distance and space relationships
• Near vision: ability to see clearly 20 inches or less
• Hearing: able to recognize a full range of tones

Working Environment:
• May be exposed to infectious and contagious disease, without prior notification
• Regularly exposed to the risk of blood borne diseases
• Exposed to hazardous agents, body fluids and wastes
• Exposed to odorous chemicals and specimens
• Subject to hazards of flammable, explosive gases
• Subject to burns and cuts
• Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
• Handle emergency or crisis situations
• Subject to many interruptions
• Requires judgment/action which could result in death of a patient
• Exposed to products containing latex

English Language Skills:
Although proficiency in English is not a criteria for admission into the nursing program, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and for others.

Required Courses: (28.0 Units)

**Special Information:**

Additional general education courses needed for completion of the Degree requirements are listed in the Mt. San Antonio College Catalog, but are not
required to qualify the student for the California State Board Examination. To remain in the program, students must maintain a “C” or better grade in all courses. The student will qualify to take the California State "C" or better grade in all courses. The student will qualify to take the California State Board Examination upon completion of all the above courses, except MENT 82.

**Entrance Requirements:**

In addition to meeting Mt. San Antonio College's academic standards for admission, applicants must be in good standing and satisfy the following requirements:

- a) Be a high school graduate or equivalent. (All students who have taken coursework outside of the United States must have their transcript evaluated. Foreign transcripts will not be accepted without the evaluation.)
- b) Be 18 years of age.
- c) File a college application and be accepted as a student at Mt. San Antonio College.
- d) Submit an application for the Mental Health/Psychiatric Technician Program to the Technology and Health Division Office (909) 274-7500, Ext. 4750. All applications are dated upon receipt in the Technology and Health Division Office. A program begins each fall and spring semester.
- e) Take the required English Placement Test (AWE). Eligibility for ENGL 68 is advised. If you have already taken a college placement exam within the past two years at another school, arrange to have your test scores forwarded to the Technology and Health Division Office. (If you were tested at Mt. San Antonio College, the office will obtain the test scores as long as an “Application for Admission” is on file with the Admissions and Records Office. Testing is administered by the Assessment Center, located in the Student Services Center. Arrangements should be made with them to schedule a day and time to take the English Placement Test, if required. The Assessment Center is open Monday through Friday. You may contact them at (909) 274-7500, Ext. 4265.
- f) Forward two official transcripts of all coursework completed (high school, nursing school, and other than Mt. San Antonio college courses. One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.
- g) For students who possess a college degree, the English Placement Test is not required. However, it will be necessary for a student to obtain two official copies of the college transcript showing the degree issued. One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office. NOTE: Concerning Entrance Requirements ‘e’ and ‘f’; if the courses were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts. Indicate in the mailing address the program for which your transcript is being sent to the Technology and Health Division Office. EXAMPLE: Mt. San Antonio College Technology and Health Division Psychiatric Technician Program 1100 North Grand Avenue Walnut, CA 91789-1399
- h) A physical examination, including specific immunizations, and consent/disclaimer for Hepatitis A/B vaccine is required of all candidates prior to beginning classes. Students must provide proof that he/she does not have tuberculosis. These requirements are in accordance with the healthcare agency policy that insure that students are in good health and free from communicable disease and able to perform their training functions. Drug testing may also be required as part of this physical examination. Proof of high school graduation and malpractice insurance are required of all candidates upon acceptance.
- i) Certain convictions may prevent a candidate from being licensed as a Psychiatric Technician.
- j) All students will be required to pass a background check prior to entering the clinical education phase.

**Selection Procedure:**

In determining eligibility of an applicant, consideration will be given to satisfactory scores on the English Placement Test. The College will make every effort to notify the applicant of acceptance by mail no less than two months prior to the beginning of a program. ALL APPLICANTS ARE REQUIRED TO MEET THE ESSENTIAL FUNCTIONS FOR SUCCESS IN THE MENTAL HEALTH TECHNOLOGY - PSYCHIATRIC TECHNICIAN PROGRAM.

**Physical Demands:**

- Perform prolonged, extensive, or considerable standing/walking, lifting, positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heaving effort (lift and carry at least 125 pounds)
- Perform considerable reaching, stooping, bending, kneeling and crouching

**Sensory Demands:**

- Color vision: ability to distinguish and identify colors (may be corrected with adaptive device)
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

**Working Environment:**

- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to a hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances

**English Language Skills:**

Although proficiency in English is not a criterion for admission into the Mental Health Technology - Psychiatric Technician program, students must be able to speak, write and read English to complete classes successfully and to ensure patient safety.

**Nursing Technology and Health Division Degree ST203**

The Mt. San Antonio College Nursing Program, approved by the California Board of Registered Nursing, is a two-year program designed to prepare men and women to give direct nursing care to clients in various practice settings. The program consists of course work in nursing, science, general education, and clinical nursing practice at local hospitals and health agencies. Graduates of the program receive an Associate in Science Degree in Nursing and are eligible to take the NCLEX-RN examination leading to licensure as a Registered Nurse.

Enrollment in the Mt San Antonio Registered Nursing Program — Generic Option — is open to persons regardless of sex, age, marital status, disability, ethnic group, religion or national origin. Applications are accepted twice a year for the Fall and Spring semesters via on-line application process.

**Prerequisite courses:**

1. Human Anatomy, including a laboratory component, a minimum of four (4) semester units.
2. Human Physiology, including a laboratory component, a minimum of four (4) semester units.
3. Microbiology, including a laboratory component, a minimum of four (4) semester units.
4. English 1A (Writing Composition) minimum of three (3) semester units with a minimum grade of C.

**Enrollment Information:**

- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions related to end of life issues
- Exposure to products containing latex

## Nursing ADN Program

### Requirements for Admission to the ADN Program

- A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
- Eligibility for MATH 71 Intermediate Algebra (Preferably MATH 71 or a college level math course completed).
- High school graduation or GED or academic degree from an accredited college/university in the United States.
- A physical examination, including specific immunizations is required of all candidates prior to the beginning of nursing classes.
- Criminal background check and drug screening must be completed prior to any patient contact.
- The California Board of Registered Nursing (BRN) protects the consumer by screening applicants for licensure in order to identify potentially unsafe practitioners. The BRN may deny applications for interim permits, temporary licenses, and permanent licensure, if the applicant has been found guilty of dishonesty, fraud or deceit, felony child abuse, sex offender crimes, acts involving narcotics, dangerous drugs or devices, assault and/or battery, and other crimes. Applicants who have questions regarding limitations related to licensure, should contact the California Board of Registered Nursing at (916) 322-3350 or access its website at www.rn.ca.gov.

## Non-course requirements:

1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology and Microbiology prerequisite courses with no grade less than a "C" for each course and no more than one repetition of any of these courses.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for MATH 71 Intermediate Algebra (Preferably MATH 71 or a college level math course completed).
4. High school graduation or GED or academic degree from an accredited college/university in the United States.

### Requests for Equivalency

Request for equivalency for core sciences: courses must meet or exceed the 4.0 unit minimum with a laboratory component, as required by the California Community College Chancellor's office. If you are uncertain whether a course taken inside or outside the California Community College system is equivalent to the Mt. SAC course, please contact the Counseling Department at (909) 274-4380 to schedule an appointment.

### Foreign Course Work

Course work completed in another country may be accepted to satisfy requirements for graduation. Foreign transcripts must be evaluated by a recognized foreign evaluation service. If you are selected as a candidate for the Nursing Program, please submit an official, sealed copy of the foreign evaluation during your counseling appointment.

### High School Education or Equivalent

Applicants must provide proof of graduation from:

1. An accredited high school in the United States by transcripts or diploma or;
2. Documentation of a passing score on the General Education Development (GED) exam or;
3. An associate degree, or Baccalaureate degree from an accredited institution of higher education in the United States or;
4. Official evaluation of international diploma/degree

### Program Overview

- Nursing 1A: The Nursing Process I, 5.0 units CSU
- Nursing 1B: The Nursing Process II, 5.0 units CSU
- Nursing 2: Pharmacology, 2.0 units CSU
- Nursing 3: Medical-Surgical Nursing: Locomotion/Sensation/Integument/Oncology/Immunology, 3.5 units CSU
- Nursing 4: Maternity Nursing, 3.0 units CSU
- Nursing 5: Psychiatric/Mental Health Nursing, 3.0 units CSU
- Nursing 6: Pediatric Nursing, 3.0 units CSU
- Nursing 7: Medical-Surgical Nursing: Nutrition/Elimination/Surgical Asepsis, 7.0 units CSU

- Nursing 9: Leadership, 1.0 unit CSU
- Nursing 10: Medical-Surgical Nursing: Integration/Regulation, 4.0 units CSU
- Nursing 11: Preceptorship in Nursing, 2.0 units CSU

Total Units: 43.5 units
NURSING PROGRAM.

ESSENTIAL FUNCTIONS FOR SUCCESS IN THE

ALL APPLICANTS ARE REQUIRED TO MEET THE

1. Your Mt. SAC ID number is required to apply to the RN program. If you are a current or returning student and already have an ID number you do not need to apply again.
2. Prerequisites and general education requirements. Prerequisites must be completed prior to applying to the Nursing Program. Due to the intensity of the Nursing Program, it is highly recommended that all general education requirements also be completed prior to entry.
3. Review the multi-criteria screening process grid. This will help you determine your eligibility to enter the Nursing Program at Mt. SAC.
4. Take the HESI A2 Assessment Test. Students who have taken the HESI at any location other than Mt. SAC can contact Elsevier Customer Services to request that their official HESI A2 results be sent directly to Mt. SAC’s Nursing Program.
5. Gather ALL required documents. Using the multi-criteria screening form, compile all required supporting documentation. Documents need to be in PDF format or you may use an iPhone/iPad to upload pictures of documents.
6. Apply online during the open application filing period. The online link will only be available during the application period. Please check on-line at http://www.mtsac.edu/nursing for the application period. Applications will only be accepted during this time frame. You will need to upload your supporting documentation. Before submitting your application, you must review all uploaded documents to verify that the documents are legible and clear. Unreadable or inaccurate documents will result in the rejection of your application.
7. Counseling Appointment: If you are selected as a candidate for the Nursing Program, you will need to make an appointment with a designated Nursing Educational Advisor or Counselor. During this appointment you will need to bring your official sealed transcripts for review.

ALL APPLICANTS ARE REQUIRED TO MEET THE ESSENTIAL FUNCTIONS FOR SUCCESS IN THE NURSING PROGRAM.

Physical Demands:
- Perform prolonged, extensive, or considerable standing/walking, lifting, positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heavy effort (lift/carry 50 lbs. or more)
- Perform considerable reaching, stooping, bending, kneeling, and crawling.

Sensory Demands: (May be corrected with adaptive devices)
- Color vision: ability to distinguish and identify colors
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

Working Environment:
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids, and wastes
- Exposed to odoriferous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires judgment/action which could result in death of a patient
- Exposed to products containing latex

English Language Skills:
Although proficiency in English is not a criteria for admission into the nursing program, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and for others.

The courses in ornamental horticulture are designed to enable students to prepare for exciting careers in the essential and diverse horticulture profession.
Careers in nursery management, retail garden centers, landscaping, installation and maintenance, arboretum and botanic gardens, arboriculture, interior landscaping, education, and research are just some of
### Programs of Study Leading to an Associate Degree

#### Natural Sciences Division

##### Degree S0116

The courses in park and sports turf management are designed to enable students to prepare for a career in this essential and diverse profession. This degree is part of our comprehensive Agricultural Sciences Program and is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should meet with a counselor or advisor to check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which courses are offered.

Listed below are the courses needed to satisfy major requirements. It is recommended that students consult with the department chairperson, advisor or counselor to file an educational plan. For additional information, please call the Agricultural Sciences Department, ext. 4540, or visit the Mt. SAC Web site at www.mtsac.edu/instruction/sciences/agriculture.

#### Paralegal/Legal Assistant

##### Business Division

**Degree S0310**

The paralegal program is intended to prepare students for employment as paralegals in both private and public sectors following graduation. The American Bar Association (ABA) By-Laws Section 21.12 uses the terms paralegal and legal assistant interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance, under the direction and supervision of an attorney, of specifically delegated substantive legal work. Paralegals/legal assistants must comply with the legal restrictions in the practice of law by nonlawyer. The California Business & Professions Code, Section 6450 et seq, governs paralegals in California. The paralegal program is intended to prepare students to manage a park or sports facility and also for employment following graduation. Students will learn how to design, install and manage irrigation systems, set up and implement fertilizer and pest management programs, design and properly install a complete landscape (including all plants and hardcape), and properly identify and maintain trees, shrubs and turf grasses. In addition, students will learn about personnel management, budgeting and other management topics.

**Psychiatric Technician to RN**

**Technology and Health Division**

**Degree S1209**

The Mt. San Antonio College Nursing Program, approved by the California Board of Registered Nursing, is a two-year program designed to prepare men and women to give direct nursing care to patients in various practice settings. The program consists of course work in nursing, science, general education, and clinical nursing practice at local hospitals and health agencies. Graduates of the program receive an Associate in Science Degree in Nursing and are eligible to take the NCLEX-RN examination leading to licensure as a Registered Nurse.

The Licensed Psychiatric Technician is provided career mobility into the Nursing Program to earn as Associate Degree in Nursing.

**Prerequisite Courses:**

1. Human Anatomy, including a laboratory component, a minimum of four (4) semester units.
2. Human Physiology, including a laboratory component, a minimum of four (4) semester units.
3. Microbiology, including a laboratory component, a minimum of four (4) semester units.
4. English 1A (Writing Composition) minimum of three (3) semester units with a minimum grade of C.
5. PSYC 1A (Introduction to Psychology), minimum of three (3) semester units
6. CHILD 10 (Child Growth & Lifespan Development) or PSYC 14 (Developmental Psychology), minimum of three (3) semester units

**Non-course requirements:**

1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology, and Microbiology prerequisite courses with no grade less than a “C” for each course and no more than one repetition of any one of these courses.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for MATH 71 Intermediate Algebra (Preferably MATH 71 or a college level math course completed).
4. High school graduation or GED or academic degree from an accredited college/university in the United States.
5. Possess a current, active California Psychiatric Technician License.
6. Criminal background check and drug screening must be completed prior to any patient contact.
7. A physical examination, including specific immunizations is required of all candidates prior to the beginning of nursing classes.
8. Current Healthcare Provider CPR certification
9. Nursing 70: Role Transition must be completed with a credit grade prior to entrance into the program. (NURS 70: Role Transition – Due to the clinical component of NURS 70, applicants must submit their names to the Nursing Office for approval prior to enrollment in this course. Applicants must have completed all prerequisite courses prior to taking NURS 70. Applicants must...
Programs of Study Leading to an Associate Degree

Requirements for the Associate degree
Students must develop an education plan with a counselor or educational advisor to complete college academic requirements for the A.S. degree. Contact the Counseling Department at (909) 274-4380 to schedule an appointment.

Selection Process
Students applying for admission to the Nursing Program are required to see either a counselor or educational advisor to verify their eligibility to enter the Nursing program.

Procedure:
Students must complete all course prerequisites prior to requesting an appointment for certifying readiness to enter into the Nursing program. Once eligibility has been established and the Admission Assessment Test has been passed, students will enter on a first come first served basis.

The eligibility appointment:
1. Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor.
2. Students who have completed coursework at another college must bring the following information to their eligibility appointment:
   a. Official transcripts of all college work completed at all colleges.
b. If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus.
c. Students completing college coursework outside of the United States will need to have their transcripts evaluated by an approved international transcript evaluation agency and must bring the final evaluation to their appointment (students may be able to obtain a list of agencies from the Admissions & Records Office).
d. Due to specific college deadlines for International Student application, please inform the Counseling/Educational Advisor that this applies to you.
e. All students will need to bring official proof of high school graduation, GED, or college graduation from an accredited institution in the United States. Students should also be aware that once they have been admitted to the Nursing Program and before beginning the clinical portion of the Program, they will need to be able to pass both a criminal background check, including a screening by the Office of Inspector General for Welfare or Social Security fraud, as well as testing negative for drug use.

ALL APPLICANTS ARE REQUIRED TO MEET THE ESSENTIAL FUNCTIONS FOR SUCCESS IN THE NURSING PROGRAM.

Physical Requirements:
• Perform prolonged, extensive, or considerable standing/ walking, lifting positioning, pushing, and/or transferring patients
• Possess the ability to perform fine motor movements with hands and fingers
• Possess the ability for extremely heavy effort (lift/carry 50 lbs. or more)
• Perform considerable reaching, stooping, bending, kneeling, and crouching

Sensory Demands: (May be corrected with adaptive devices)
• Color vision: ability to distinguish and identify colors
• Distance vision: ability to see clearly 20 feet or more
• Depth perception: ability to judge distance and space relationships
• Near vision: ability to see clearly 20 inches or less
• Hearing: able to recognize a full range of tones

Working Environment:
• May be exposed to infectious and contagious disease, without prior notification
• Regularly exposed to the risk of blood borne diseases
• Exposed to hazardous agents, body fluids and wastes
• Exposed to odorous chemicals and specimens
• Subject to hazards of flammable, explosive gases
• Subject to burns and cuts
• Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
• Handle emergency or crisis situations
• Subject to many interruptions
• Requires judgment/action which could result in death of a patient
• Exposed to products containing latex

English Language Skills:
Although proficiency in English is not a criteria for admission into the nursing program, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and for others.

### Radio Broadcasting: Behind the Scenes

**Arts Division**

**Degree S0605**

The Radio Broadcasting Behind-the-Scenes degree is designed for students who are interested in the non-performance side of the broadcasting industry. Instruction prepares students for entry-level jobs including production, promotion, copywriting, and management. Students also receive instruction in the business side of the industry and can further customize their program by selecting from a variety of courses. Practical hands-on experience is available at the campus radio stations.

**Required Courses:**
- R-TV 01 Introduction to Electronic Media 3.0
- R-TV 09 Broadcast Sales and Promotion 3.0
- R-TV 10 Radio Programming and Producer Techniques 3.0
- R-TV 11A Beginning Radio Production 3.0
- R-TV 11B Advanced Radio Production 3.0
- R-TV 15 Broadcast and Business Practices 3.0
- R-TV 96A Campus Radio Station Lab: Studio 1.0
- R-TV 96B Campus Radio Station Lab: Disc Jockey & News Anchor/Reporter Skills 1.0
- R-TV 96C Campus Radio Station Lab: Hosting and Management Skills 1.0
- R-TV 97A Radio/Entertainment Industry Seminar 1.0
- R-TV 97B Radio/Entertainment Industry Work Experience 1.0
- **Total Units** 29.0

### Radio Broadcasting: On the Air

#### Arts Division

**Degree S0606**

The Radio Broadcasting On-The-Air degree is designed to prepare students for an entry-level job in performance areas of the broadcasting industry, including disc jockey, news anchor, sportscaster, and commercial voice-overs. Students also receive instruction in the business side of the industry and can further customize their program by selecting from a variety of courses.

**Required Courses:**
- R-TV 05 Radio-TV Newswriting 3.0
- R-TV 06 Broadcast Traffic Reporting 1.5
- R-TV 17 Internet Radio and Podcasting 3.0
- R-TV 31 History of Radio DJs 3.0
- R-TV 32 Radio - TV Internet Applications 3.0
- R-TV 35 Pop Culture in the Media 3.0
- R-TV 99 Radio/TV Special Projects 2.0
- R-TV 101 Work Experience in Broadcast Entertainment 1.0
- **Total Units** 32.0

### Radiologic Technology

#### Technology and Health Division

**Degree S1206**

The Radiologic Technology program, which is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), is designed to prepare students to function as certified radiologic technologists. Students will gain knowledge and understanding of the diagnostic uses of x-ray, as well as the technical skills to use x-ray equipment in both laboratory and clinical settings. The courses are developed to enable students to operate x-ray equipment, assist in the diagnosis of disease, and to observe proper medical ethics. Students will learn the nature of radiation, the principles of electricity, the structure of x-ray machines, and the operation of a clinical x-ray department.

To remain in the program, students must maintain a grade of “C” or better in all courses.

Upon completion of the Associate in Science degree in Radiologic Technology, graduates are eligible to apply for the registry examination through the American Registry of Radiologic Technologist and the California Certification of Radiologic Technology. This is a licensed profession, and a valid Social Security number is required to obtain state certification and national licensure.

**Required Courses:**
- R-TV 03 Sportscasting and Reporting 1.5
- R-TV 04 Broadcast News Field Reporting 3.0
- R-TV 06 Broadcast Traffic Reporting 1.5
- R-TV 09 Broadcast Sales and Promotion 3.0
- R-TV 10 Radio Programming and Producer Techniques 3.0
- R-TV 11 Advanced Radio Production 3.0
- R-TV 11B History of Radio DJs 3.0
- R-TV 32 Radio-TV Internet Applications 3.0
- R-TV 35 Pop Culture in the Media 3.0
- R-TV 99 Radio/TV Special Projects 2.0
- R-TV 101 Work Experience in Broadcast Entertainment 1.0
- **Total Units** 7.5

**Additional Notations**

**Admission Requirements:**
In addition to meeting Mt. San Antonio College's academic standards for admission, applicants must be in good standing and satisfy the following requirements:

- a) File a college application and be accepted as a student at Mt. San Antonio College.
- b) Take the college placement examination which is used as an indicator. If you have already taken a college placement test exam within the past two years at another school, arrange to have your scores forwarded to the Technology and Health Division Office. (If you were tested at Mt. San Antonio College, the Technology and Health Division Office will obtain the test scores as long as an “Application for Admission” is on file with the Admission and Records Office.)
Programs of Study Leading to an Associate Degree

Programs of Study Leading to an Associate Degree

should be made with the Service Center to Schedule a date and time to take the college placement examination if required. The Assessment Center is open Monday through Friday. You may contact them at (909) 274-7500 ext. 4265. For students who possess a college degree, the English placement test is not required, however, it will be necessary for a student to obtain two official copies of the college transcript showing the degree issued. One official transcript must be sent to Technology and Health Division Office and the other to Admission and Records. If the courses were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts. Request the transcript for the Division Office be addressed as follows: Mt. San Antonio College Technology and Health Division Radiologic Technology Program 1100 North Grand Avenue Walnut CA 91789-1299
c) Forward two official transcripts of all coursework completed (high school, and other than Mt. San Antonio College courses). One transcript must be sent to Technology and Health Division Office and the other to Admission and Records.
d) Submit an application for the Radiologic Technology Program to the Technology and Health Division Office (909) 274-7500 ext. 4750. All applications are dated upon receipt in the Technology and Health Division Office. A program begins each summer intersession.
e) Applicant must be 18 years of age upon entrance into the program.
f) High school graduate or equivalent. Please provide copy of diploma as proof of high school completion.
g) Possess a valid Social Security Card. This is a licensed profession, and a valid Social Security Number is required to obtain state certification and national licensure.
h) Complete all AS degree General Education requirements to include program prerequisites listed below (i) before admission to the program. Students are required to make an appointment with an educational advisor to review general education requirements for graduation.
i) Complete the following prerequisite courses with a minimum grade of “C” in each course. Students must complete prerequisite courses before admission to the program. Students may seek variances for courses completed at other institutions. Course must be an equivalent course or higher to the courses listed below and transcripts/course outlines must be reviewed by the Department Chair of the appropriate department to seek approval.
   1. ANAT 10A Introductory Human Anatomy or ANAT 35 Human Anatomy
   2. ANAT 10B Introductory Human Physiology or ANAT 36 Human Physiology
   3. PHYS 1 Physics
   4. MEDI 90 Medical Terminology

Acceptance Requirements:

a) A mandatory orientation meeting with the Radiologic Technology Department will be held during the spring semester. You will be contacted with date and time of orientation once you have been accepted.
b) A physical examination, including certain immunization and drug testing is required as part of the physical examination for all radiologic technology students before entrance into the clinical setting. Forms and information will be provided at time of orientation.
c) All students will be required to pass a criminal background check prior to entering the clinical education phase (a valid Social Security number is required to complete this process.)

Selection Procedure:

Selection of students is based upon the completion of the above admission requirements and date of application. The Department will make every effort to notify the applicant of the acceptance by mail no less than one month prior to beginning of a program.

Program Completion Requirements:

a) All students entering the Radiologic Technology Program MUST complete all the major course requirements and the general education requirements necessary to complete the Associate degree before a certificate documenting completion in Radiologic Technology will be given. This certificate will permit the student to apply for the registry exam through the American Registry of Radiologic Technologist and the California Certification of Radiologic Technology.
b) In addition to the major requirements and general education, students must also complete a course in venipuncture for radiographers. This course is offered through Continuing Education but may be taken elsewhere with prior approval from the department.
c) A course in mammography is also offered in the final semester for graduate students and licensed radiographers. This course is optional.

Working Environment:

- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agent, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires decisions/actions critical to patient safety
- Exposed to products containing latex
- Exposed to infectious and contagious disease, without prior notification

Required Skills and Physical Abilities:

In order to ensure student and patient safety and welfare, the radiologic technology student must have sufficient strength, motor coordination, manual dexterity, intellectual capacity, and sensory functions to be able to:

a) Transport, move, lift, or transfer patients from a wheelchair or gurney to an x-ray table or to a patient bed.
b) Lift arms above the head to move the x-ray tube assembly.
c) Move, adjust, and manipulate portable and fluoroscopic equipment according to established procedures and standards of speed and accuracy while conducting radiographic examinations.
d) Maneuver well enough to physically protect himself or herself from injury caused by patients exhibiting aggressive behaviors.
e) Physically place patients in the proper positions for the examination according to established procedures and standards of speed and accuracy.
f) Rapidly respond to situations involving the health and safety of patients, providing physical and emotional support to the patient during radiographic procedures, providing basic first aid and emergency care in the absence of or until a physician arrives.
g) Function adequately under stressful situations related to technical and procedural standards of patient care situations.
h) Hear well enough (average 30 decibels for both ears) to respond to directions or calls for help from individuals remote from the location of the student.
i) Speak English clearly enough to explain and direct procedural information to patients, and to communicate with physicians, technical staff, and faculty. Students for which English is a second language may be required to complete a verbal communication assessment prior to entering the program.
j) Calculate and select proper technical exposure factors according to the individual needs of the patient’s condition and requirements of the procedure with speed and accuracy.
k) View and evaluate the recorded images of a radiograph for the purpose of identifying proper patient positioning, accurate procedural sequencing, proper exposure (and/or “s” number), and other established technical qualities.

English Language Skills:

Although proficiency in English is not a criterion for admission into the Radiologic Technology Program, students must be able to speak, read and write English to ensure patient safety and to complete classes successfully.
**Real Estate**

**Business Division**

**Degree S0512**

This program prepares students for employment following graduation. Students wishing a bachelor's degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses. The requirements for a degree in real estate include the eight classes needed prior to applying to take the Real Estate Broker License Exam as well as several additional classes designed to strengthen the skills needed to succeed in a career in real estate.

**Required Courses:**

- BUSR 50 Real Estate Principles 3.0
- BUSR 51 Legal Aspects of Real Estate 3.0
- BUSR 52 Real Estate Practice 3.0
- BUSR 52D Real Estate Practice Work Experience 3.0
- BUSR 53 Real Estate Finance 3.0
- BUSR 55 Real Estate Economics 3.0
- BUSR 81 Appraisal: Principles and Procedures 3.5
- CISB 15 Microcomputer Applications 3.5

**PLUS Group A** Select two (2), three (3) or four (4) courses from:

- BUSR 57 Income Tax Aspects of Real Estate 3.0
- BUSR 59 Real Estate Property Management 3.0
- BUSR 60 Real Estate Investment Planning 3.0
- BUSR 62 Mortgage Loan Brokering and Lending 3.0
- BUSR 76 Escrow Procedures I 3.0

**PLUS Group B** Select zero (0), one (1) or two (2) courses from:

- BUSA 7 Principles of Accounting - Financial 5.0
- BUSA 11 Fundamentals of Accounting 3.0
- BUSA 72 Bookkeeping - Accounting 5.0
- BUSL 18 Business Law 3.0

**or**

- BUSL 18H Business Law – Honors 3.0
- BUSM 20 Principles of Business 3.0

**Registered Veterinary Technology**

**Natural Sciences Division**

**Degree S0105**

The Registered Veterinary Technology Program, which is accredited by the American Veterinary Medical Association, is designed to enable students to prepare for a career in this essential and diverse profession. The department offers a comprehensive agricultural sciences program and is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and theoretical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they plan to attend and also the semester and year in which courses are offered.

These programs are intended to prepare students for employment following graduation. Students desiring a bachelor's degree (transfer program) should consult with the Program Director, counselor or advisor to discuss transferability of courses.

This degree is designed to prepare students for careers as Registered Veterinary Technicians who will work under the supervision of licensed private organizations including veterinary hospitals, research vivariums, animal shelters, and other animal care agencies. Students who satisfactorily complete the requirements of this program are eligible to take the appropriate licensing exam to become a Registered Veterinary Technician.

Students wishing to be admitted into the second-year courses will need to meet with the Program Director one semester prior to fill out application and to make sure all program requirements have been met.

**Required Courses:**

**Required courses 1st year: (25 Units)**

- AGAN 1 Animal Science 3.0
- AGAN 2 Animal Nutrition 3.0
- AGHE 51 Animal Handling and Restraint 3.0
- AGHE 54 Veterinary Office Procedures 3.0
- AGHE 64 Veterinary Pharmacology 3.0
- AGHE 79 Laboratory Animal Medicine and Care 3.0
- AGHE 86 Anatomy and Physiology of Domestic Animals 4.0
- AGLI 96 Animal Sanitation and Disease Control 3.0

**Required courses 2nd year: (20 Units)**

- AGHE 60 Medical Nursing and Animal Care 4.0
- AGHE 61 Surgical Nursing 4.0
- AGHE 62A Clinical Pathology 4.0
- AGHE 62B Clinical Pathology 4.0
- AGHE 65 Veterinary Radiography 2.0
- AGHE 84B Applied Animal Health Procedures 1.0
- AGHE 85 Seminar in Registered Veterinary Technology (Complete four (4) Units of work experience - AGHE 83A)

**AGHE 83A Work Experience in Animal Health** 1.0

**Required Electives:**

Select six (6) Units from the following:

- AGAN 94 Animal Breeding 3.0
- AGLI 12 Exotic Animal Management 3.0
- AGLI 14 Swine Production 3.0
- AGLI 16 Horse Production and Management 4.0
- AGLI 17 Sheep Production 3.0
- AGLI 18 Horse Ranch Management 4.0
- AGLI 19 Horse Hoof Care 2.0
- AGLI 30 Beef Production 3.0
- AGPE 70 Pet Shop Management 3.0
- AGPE 71 Canine Management 3.0
- AGPE 72 Feline Management 3.0
- AGPE 73 Tropical and Coldwater Fish Management 2.0
- AGPE 74 Reptile Management 2.0
- AGPE 76 Aviculture - Cage and Aviary Birds 3.0

**Total Units** 55.0

**Respiratory Therapy**

**Technology and Health Division**

**Degree S1205**

The Respiratory Therapy Program, which is accredited by the Committee on Accreditation for Respiratory Care (COARC), is designed to train students to function as Respiratory Therapists.

Respiratory Therapy is the application of technical skills involving a complete understanding of cardio-pulmonary physiology and recognition of various pathological conditions that alter the patient’s ability to breathe effectively.

By applying medical gases under pressure - i.e., compressed air, oxygen, and other mixtures - to the airways through the use of various kinds of equipment, the therapist, under the direction of the physician, treats the diseased or ineffective respiratory system.

Some mechanical aptitude and the ability to perform fine motor movements with hands and fingers is required in learning the operation of specialized equipment. This includes diagnostic apparatus which aids the physician in detecting cardiorespiratory diseases.

**Required Courses:**

- RESD 50 Theory and Principles of Respiratory Therapy 2.0
- RESD 51A Respiratory Therapy Science 4.0
- RESD 51B Respiratory Therapy Science 4.0
- RESD 52 Pulmonary Anatomy and Physiology 3.0
- RESD 53 Cardiopulmonary Pathophysiology 3.0
- RESD 55 Adult Respiratory Intensive Care 3.0
- RESD 56A Techniques of Respiratory Therapy 2.5
- RESD 56B Techniques of Respiratory Therapy 6.0
- RESD 56C Techniques of Respiratory Therapy 2.5
- RESD 56D Techniques of Respiratory Therapy 6.0
- RESD 57A Special Procedures for Respiratory Care 1.5
- RESD 57B Special Procedures for Respiratory Care 1.5
- RESD 58 Neonatal Intensive Care 3.0
- RESD 59 Respiratory Therapeutic Modalities 3.0
- RESD 60 Comprehensive Pulmonary Assessment 2.0
- RESD 61 Current Issues in Respiratory Care 3.0
- RESD 62 Pharmacology for Respiratory Care 1.5

**Total Units** 51.5

**Entrance Requirements:**

In addition to meeting Mt. San Antonio College’s academic standards for admission, applicants must be in good standing and satisfy the following requirements:

1) Applicants must be at least 18 years of age upon entrance into the program and must be...
Programs of Study Leading to an Associate Degree

A.S. degree Requirements
All students entering the Respiratory Therapy Program MUST complete all the major course requirements and the general education requirements necessary to complete the Associate degree before a certificate documenting completion in Respiratory Therapy will be given. This certificate will permit the student to sit for all National Board for Respiratory Care (NBRC), Incorporated, examinations.

Other Requirements:
RESD 50 pre-requisites ANAT 10A/B, CHEM 10, MATH 51 and MEDI 90 must be completed prior to entering the program.

All students will be required to complete a background check prior to entering the clinical education phase. A physical examination, including specific immunizations, is required of all candidates prior to beginning classes. These requirements are in accordance with healthcare agency policy that insures that students are in good health and free from communicable disease and able to perform their training functions. Drug testing is required as part of this physical examination. All applicants are required to meet the Essential Functions for Success in the Respiratory Therapy Program.

Physical Demands:
• Perform prolonged, extensive, or considerable standing/walking, lifting, positioning, pushing, and/or transferring patients
• Possess the ability to perform fine motor movements with hands and fingers
• Possess the ability for extremely heavy effort (lift and carry at least 50 pounds or more)
• Perform considerable reaching, stooping, bending, kneeling, and crouching

Sensory Demands:
• Color vision: ability to distinguish and identify colors (may be corrected with adaptive devices)
• Distance vision: ability to see clearly 20 feet or more
• Depth perception: ability to judge distance and space relationship
• Near vision: ability to see clearly 20 inches or less
• Hearing: able to recognize a full range of tones

Working Environment:
• May be exposed to infectious and contagious disease, without prior notification
• Regularly exposed to the risk of blood borne diseases
• Exposed to hazardous agents, body fluids and wastes
• Exposed to odorous chemicals and specimens
• Subject to burns and cuts
• Contact with patients having different religious, culture, ethnicity, race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
• Handle emergency or crisis situations
• Subject to many interruptions
• Requires decisions/actions related to end-of-life issues
• Exposed to products containing latex

English Language Skills:
Although proficiency in English is not a criterion for admission into the Respiratory Therapy Program, students must be able to speak, write and read English to ensure patient safety and to complete classes successfully.

Special Information
The completion of the Respiratory Therapy Program and receipt of a certificate documenting completion of required courses requires completion of the Associate degree. The student may elect to pursue either the Associate in Science or Associate in Arts degree. All students entering the program must submit an educational plan showing the major course requirements for the degree.

To remain in the program, students must maintain a “C” or better grade in all courses. To remain in the program, students must maintain a “C” or better grade in all courses.

Readmission Policy
To remain in the program, students must maintain a “C” or better grade in all courses. Students who are dropped, failed, or withdrew from the program may request readmission for the following year in the semester in which they were stopped or may re-start the program. Students who re-start the program will be required to retake all Respiratory Therapy courses even if satisfactory grades were received. Re-entry may occur only one time.

Sign Language/Interpreting
Humanities and Social Sciences Division
Degree S0801
The Mt. San Antonio College Interpreter Training Program is designed to prepare individuals for careers as Sign Language Interpreters. Interpreters are needed wherever communication happens between the hearing community and the Deaf and hard-of-hearing community. There are an endless number of settings in which this communication takes place. Interpreters are employed by school districts, cruiseship companies, corporations, government agencies, hospitals, colleges and universities, and a vast number of other organizations and private businesses.

Program Preparation: Preparation for the program includes fluency in American Sign Language demonstrated by the completion of ENGL 1A. National Certification: There are many specialties within the field of Sign Language Interpreting, but the focus of this program is on preparing the interpreter generalist. Although requiring some type of certification is becoming more common in California, there are still many job opportunities for the precertified interpreter.

Completing the certificate in Sign Language/Interpreting does not make one a “Certified Interpreter”; however, graduates of this program are encouraged to apply for National Interpreting Certification (NIC) through the Registry of Interpreters for the Deaf (RID) at www.rid.org.
Students who complete the required courses listed below and who also complete the graduation requirements of Mt. San Antonio College will be awarded the Associate in Science degree in Sign Language/Interpreting.

### Required Courses:
- SIGN 105 American Sign Language 5 4.0
- SIGN 108 Fingerspelling 2.0
- SIGN 201 Introduction to Deaf Studies 3.0
- SIGN 202 American Deaf Culture 3.0
- SIGN 210 American Sign Language Structure 3.0
- SIGN 220 Translation: American Sign Language/English 3.0
- SIGN 223 Principles of Interpreting 3.0
- SIGN 225 Ethical Decision Making for Interpreters 2.0
- SIGN 227 Cognitive Processing for Interpreters 4.0
- SIGN 231 Interpreting 4.0
- SIGN 232 Advanced Interpreting 4.0
- SIGN 239 Applied Interpreting 2.0

### Required Electives
Select three (3) courses from: (5-5.5 Units)
- SIGN 239
- SIGN 232
- SIGN 231
- SIGN 227
- SIGN 225
- SIGN 220
- SIGN 223
- SIGN 225

### Recommended Electives:
- BUSM 85 Special Issues in Business 2.0
- BUSM 85 Special Issues in Marketing 2.0
- BUSM 85 Special Issues in Business 2.0
- BUSM 85 Special Issues in Marketing 2.0

The Small Business Management faculty recommends that students complement their studies with selected elective courses chosen from the list above. Students should meet with a professor of Small Business Management to help them determine which electives would best suit their career plans.

---

### Small Business Management

**Business Division**

**Degree S0508**

This program is intended to prepare students for employment following graduation. Students wishing a bachelor’s degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**
- BUSM 10 Principles of Business 3.0
- BUSM 20 Principles of Business 3.0
- BUSM 60 Human Relations in Business 3.0
- BUSM 61 Business Organization and Management 3.0
- BUSM 62 Human Resource Management 3.0
- BUSM 66 Small Business Management 3.0
- BUSM 36 Principles of Marketing 3.0
- CISB 15 Microcomputer Applications 3.5

**Total Units**: 29.5

**Recommended Electives:**
- BUSM 81 Work Experience in Business 1.0
- BUSM 85 Special Issues in Business 2.0
- BUSM 85 Special Issues in Marketing 2.0

**Total Units**: 42.0 - 42.5

---

### Television Production

**Arts Division**

**Degree S0602**

The Associate in Science degree in Television Production is designed to prepare students for entry-level jobs in the Television industry in a variety of areas including narrative, remote and studio production, writing, preproduction, editing, and finance.

**Required Courses:**
- R-TV 01 Introduction to Electronic Media 3.0
- R-TV 28 Introduction to Writing for Electronic Media 3.0

**PLUS 12 units from the following courses, or any of the above courses not taken:**
- R-TV 18 Introduction to Screenwriting 3.0
- R-TV 19A Beginning Video Production 3.0
- R-TV 19B Advanced Video Production 3.0
- R-TV 20 Television News Production 3.0
- R-TV 21 Remote Multicamera Production 3.0
- R-TV 22 Editing for Film and Television 3.0
- R-TV 23 Reality Show Production 3.0
- R-TV 24 American Film History 3.0
- R-TV 25 World Cinema 3.0
- R-TV 100 Work Experience in Film and TV 1.0

**Total Units**: 18.0

---

### Welding – Semiautomatic Arc Welding

**Technology and Health Division**

**Degree S0919**

This program is designed to prepare the student for employment in the broad field of welding. It leads to occupations in manufacturing and repair and helps prepare the student for positions in supervision.

Courses in the welding curriculum prepare students for welding certification. The college is a testing agency for the City of Los Angeles and is authorized to administer the performance test for the Structural Welding Certificate. There is a $50 charge for students and $60 for non-students to take this test. Topics of the written portion of the test which is administered by the city are reviewed in various welding courses offered by the college. This program is intended to prepare students for employment following graduation. Students desiring a bachelor’s degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

**Required Courses:**
- WELD 40 Introduction to Welding 2.0
- WELD 50 Oxyacetylene Welding 2.0
- WELD 51 Basic Electric Arc Welding 2.0
- WELD 53A Welding Metallurgy 3.0
- WELD 70A Beginning Arc Welding 3.0
- WELD 70B Intermediate Arc Welding 3.0
- WELD 70C Certification for Welders 3.0
- WELD 80 Construction Fabrication and Welding 3.0

**Total Units**: 21.0

**Recommended Electives:**
- BUSM 61 Business Organization and Management 3.0
- WELD 30 Metal Sculpture 2.0
- WELD 60 Print Reading and Computations for Welders 3.0
- WELD 81 Pipe and Tube Welding 3.0

---

### Programs of Study Leading to an Associate Degree

This section provides an overview of various programs of study leading to an Associate Degree, including Small Business Management, Television Production, and Welding – Semiautomatic Arc Welding. Each program is detailed with specific courses, units, and requirements tailored to prepare students for their respective fields of interest.
Associate in Arts degree in Liberal Arts and Sciences

Emphasis in Business

Degree A8981

An emphasis in Business provides the student with an understanding of business and its role in society. Students will have knowledge of various business functions and economic analysis. Upon completion of this degree, students will be prepared for an entry level job in the business world.

Required Courses:

- BUSC 1A Principles of Economics
- BUSC 1AH Principles of Economics - Honors
- BUSC 1B Principles of Economics
- BUSC 1BH Principles of Economics - Honors
- CISB 11 Microcomputer Applications
- CISB 15 Computer Information Systems

Plus select a minimum of three (3) courses from the following which should be selected in consultation with a counselor or educational advisor.

- BUSA 7 Principles of Accounting - Financial
- BUSA 8 Principles of Accounting - Managerial
- BUSC 17 Applied Business Statistics
- BUSL 18 Business Law
- BUSL 18H Business Law - Honors
- BUSM 20 Principles of Business
- BUSO 25 Business Communications

Total Units: 18.5 - 22.5

for Area of Emphasis

ASSOCIATE IN ARTS DEGREE (AA) WITH EMPHASES

Liberal Arts and Sciences with area of emphasis in one of the following:

<tr>
<td>Emphasis in Information Technology</td>
<td>98</td>
</tr>
<tr>
<td>Emphasis in Kinesiology and Wellness</td>
<td>99</td>
</tr>
</tbody>
</table>

Mt. San Antonio College’s Associate in Arts degrees are designed to meet the needs of students interested in graduating with a two-year college degree by studying in a specific area of emphasis. These students are not intending to pursue a specific occupational major, nor are they necessarily planning to transfer. However, careful educational planning with a counselor or an educational advisor will help ensure that, if a student subsequently decides to transfer at a later date to a four-year college or university, he or she would have a solid foundation in the transfer process.

To qualify for an Associate in Arts degree, students must complete all the graduation requirements as listed on page 66 of this catalog. In addition, students choose one of eleven “areas of emphasis” and complete the appropriate requirements as shown in this section. Courses listed within an area of emphasis may also be used to satisfy general education requirements, with additional elective courses chosen by the student to complete the 60-unit degree requirement. The printed degree and transcript notation will read “Associate in Arts in Liberal Arts and Sciences, Emphasis in (specific area).”

Note: Students wishing to transfer to the California State University system may be required to select additional General Education courses from either the CSU General Education pattern found on page 110 of this catalog or from the Intersegmental General Education Transfer Core Curriculum (IGETC) pattern listed on page 115 of this catalog.

Students wishing to transfer to the University of California system may be required to select additional General Education courses only from the Intersegmental General Education Transfer Core Curriculum (IGETC) pattern listed on page 115 of this catalog.

All students wishing to transfer are strongly advised to meet with a counselor or educational advisor to determine the most effective selection of general education courses to facilitate transfer to either the California State University system or to the University of California in specific majors.

Required Courses:

- Core/Required Courses (7 Units)
  - SPCH 1A Public Speaking 4.0
  - SPCH 1AH Public Speaking - Honors 4.0
  - SPCH 2 Fundamentals of Communication 4.0
  - SPCH 26 Interpersonal Communication 3.0
  - SPCH 26H Interpersonal Communication - Honors 3.0
  - PLUS Select eleven (11) Units from the following:
    - SPCH 1A Public Speaking 4.0
    - SPCH 1AH Public Speaking - Honors 4.0
    - SPCH 1B Intermediate Public Speaking 3.0
    - SPCH 2 Fundamentals of Communication 4.0
    - SPCH 3 Voice and Diction 3.0
    - SPCH 4 Performance of Literature 3.0
    - SPCH 6 Group Communication 3.0
    - SPCH 7 Intercultural Communication 3.0
    - SPCH 7H Intercultural Communication Honors 3.0
    - SPCH 8 Professional and Organizational Speaking 4.0
    - SPCH 8H Professional and Organizational Speaking - Honors 4.0
    - SPCH 15 Forensics: Fundamentals of Contest 2.0
      - Speech and Debate
    - SPCH 16 Forensics: Individual Event Team 3.0
    - SPCH 17 Forensics: Debate Team 3.0
    - SPCH 18 Forensics: Reader’s Theater Team 3.0
    - SPCH 20 Argumentation and Debate 3.0
      - SPCH 20H Argumentation and Debate - Honors 3.0
    - SPCH 30 Gateway to Communication Studies 3.0
    - SPCH 99 Special Projects in Speech 2.0
    - JOUR 100 Introduction to Mass Media 3.0
    - JOUR 101 Beginning Newswriting 3.0
    - JOUR 102 Intermediate Newswriting 3.0
    - JOUR 111 Broadcast News Writing 3.0
    - PHOT 10 Basic Digital and Film Photography 3.0
      - R-TV 01 Introduction to Electronic Media 3.0
    - R-TV 10A Beginning Radio Production 3.0
    - R-TV 19A Beginning Video Production 3.0
    - R-TV 99 Radio/TV Special Projects 2.0

Total Units: 18.0

for Area of Emphasis

Associate in Arts degree in Liberal Arts and Sciences

Emphasis in Fine Arts

Degree A8983

An emphasis in Fine Arts provides the student with an understanding of the practices and theories of traditional and contemporary two and three-dimensional studio arts and an introduction to the history of Western art. In addition to the foundation courses, students select 12 Units from the list of approved electives.
Required Courses:

Associate in Arts degree in Liberal Arts and Sciences Emphasis in Humanities Degree A8984

An emphasis in Humanities provides the student with an understanding of the interrelationship between art, religion, history, music, literature and the dramatic arts, and philosophical and political thought. This emphasis also strengthens the understanding of other cultures through the study of a foreign language. Students must select a total of 18 to 20 Units choosing courses from at least 5 of the following 7 categories:

<table>
<thead>
<tr>

Associate in Arts degree in Liberal Arts and Sciences

Emphasis in Information Technology Degree A8985

The A.A. Degree in Liberal Arts and Sciences with an emphasis in Information Technology is designed to prepare students for a career in Information Technology. The degree offers a balanced set of classes that enables students to maintain and secure a computer, create and modify computer applications and databases, create customized reports, and use productivity software to solve business problems. Emphasis is placed on developing object-oriented, business-related applications, creating and maintaining a database, and utilizing operating system utilities to optimize, maintain and secure a computer. Career opportunities available after the completion of this degree include technical support and systems analyst. Students wishing a bachelor's degree (transfer program) should meet with a counselor or advisor to discuss transferability of course.

Required Courses:

Information Technology Basics (7 Units)
CISB 11 Computer Information Systems 3.5
CISP 15 Microcomputer Applications 3.5

Software Development (3.5 Units)
CISP 11 Programming in Visual Basic 3.0
CISP 11L Programming in Visual Basic Laboratory or

CISP 21 Programming in Java 3.0
CISP 21L Programming in Java Laboratory or

CISP 31 Programming in C++ 3.0
CISP 31L Programming in C++ Laboratory or

CISP 41 Programming in C# 3.0
CISP 41L Programming in C# Lab or

CISP 52 Mobile Device Programming 3.0
CISP 52L Mobile Device Programming Laboratory or

CISW 21 Secure Web Programming with ASP.NET 3.0
CISW 21L Secure Web Programming with ASP.NET Lab or

CISW 24 Secure Server Side Web Programming 3.0
CISW 24L Secure Server Side Web Programming Lab or

Database Technology (3.5 Units)
CISD 11 Database Management - Microsoft Access 3.0
CISD 11L Database Management - Microsoft Access Lab or

CISD 21 Database Management - Microsoft SQL Server 3.0
CISD 21L Database Management - Microsoft SQL Server Laboratory or

CISD 31 Database Management - Oracle 3.0

CISD 31L Database Management - Oracle Laboratory 0.5

Operating Systems and Networking (3.0-3.5 Units)
CISN 11 Telecommunications - Networking 3.0
CISN 11L Telecommunications - Networking Lab 0.5
or
CISN 21 Windows Operating System 3.0
or
CISN 31 Linux Operating System 3.0
CISN 31L Linux Operating System Laboratory 0.5
or
CISN 61 Virtualization Technology 3.0

Security (3.0-4.0 Units)
CISS 13 Principles of Information Systems Security 4.0
or
CISS 15 Operating Systems Security 3.0
CISS 21 Network Vulnerabilities and Countermeasures 3.0
CISS 21L Network Vulnerabilities and Countermeasures Lab 0.5
Total Units 20.0-21.5

Recommended Electives:

BUSM 20 Principles of Business 3.0
BUSA 7 Principles of Accounting - Financial 5.0
BUSA 25 Business Communications 3.0
BUSS 36 Principles of Marketing 3.0
CISB 31 Microsoft Word 3.0
CISB 51 Microsoft PowerPoint 3.0
CISM 11 Systems Analysis and Design 3.5
R-TV 17 Internet Radio and Podcasting 3.0
SPCH 26 Interpersonal Communication 3.0
or
SPCH 26H Interpersonal Communication - Honors 3.0
## Associate in Arts degree in Liberal Arts and Sciences

### Emphasis in Kinesiology and Wellness

**Degree A8986**

An emphasis in Kinesiology and Wellness provides the student with an understanding of kinesiology, health promotion, and the mechanics of human bodily movement. In addition to the foundational physical education and movement courses, students select courses from a scientific and nutrition and behavioral development and diversity cluster.

### Required Courses:

**Kinesiology, Movement, and Health Promotion**

Select a minimum of 6 Units from the following:
(6 Units)

### Additional Units

Students pursuing an AA degree with an emphasis in Language Arts are required to take additional units in clusters 1-3 above for a total of at least 18 Units.
Programs of Study Leading to an Associate Degree

Associate in Arts degree in Liberal Arts and Sciences
Emphasis in Mathematics
Degree A8989

An emphasis in Mathematics provides the student with an understanding of college level mathematics. In addition to the foundational calculus courses, students may select from computer science programming options.

Required Courses:
(Minimum 18 Units selected from the following with at most two CSCI courses)

- MATH 130 College Algebra 4.0
- MATH 140 Calculus for Business 4.0
- MATH 150 Trigonometry 3.0
- MATH 160 Precalculus Mathematics 4.0
- MATH 180 Calculus and Analytic Geometry 4.0
- MATH 181 Calculus and Analytic Geometry 5.0
- MATH 245 A Transition to Advanced Mathematics 3.0
- MATH 280 Calculus and Analytic Geometry 5.0
- MATH 285 Linear Algebra & Diff Equations 5.0
- CSCI 110 Fundamentals of Computer Science 3.5
- CSCI 140 C++ Language & Objects 4.0
- CSCI 145 Java Language and Object Oriented Programming 4.0

Total Units: 18.0

Recommended Electives:

- MATH 100 Survey of College Mathematics 3.0
- MATH 110 Elementary Statistics 3.0
- MATH 110H Elementary Statistics - Honors 3.0
- MATH 115 Statway II 5.0
- MATH 120 Finite Mathematics 3.0
- CHEM 50 General Chemistry I 5.0
- CHEM 50H General Chemistry I - Honors 5.0
- PHYS 4A Engineering Physics 5.0
- PHYS 4B Engineering Physics 5.0
- PHYS 4C Engineering Physics 5.0

Total Units: 18.0

Associate in Arts degree in Liberal Arts and Sciences
Emphasis in Music
Degree A8990

An emphasis in Music provides the student with an understanding of music theory, harmony and the history of western music. In addition to the foundational Music courses, students select courses in piano and a performance ensemble.

Required Courses:

- MUS 2 Music Theory 3.0
- MUS 3A Harmony - Diatonic 3.0
- MUS 5A Musicianship - Ear Training and Sight Singing 1.0
- MUS 5B Musicianship - Diatonic 1.0
- MUS 11A Music Literature Survey 3.0
- MUS 16 Individual Instruction 0.5
- MUS 22 Conducting 1.5

Piano

Select two (2) Units from the following courses:

- MUS 17A Elementary Piano 1.0
- MUS 17B Intermediate Piano 1.0
- MUS 18 Advanced Piano 1.0

Performance Ensemble

Select from the following courses:

- MUS 27 Chamber Music 1.5
- MUS 30 Collegiate Chorale 1.0
- MUS 31 Concert Choir 1.5
- MUS 34 Women's Vocal Ensemble 2.0
- MUS 36 Wind Symphony 1.0
- MUS 38 Ensemble 0.5
- MUS 39 Laboratory Band 2.0
- MUS 44 Vocal Jazz Ensemble 2.0
- MUS 45 Chamber Singers 2.0
- MUS 47 Jazz Ensemble 2.0
- MUS 48 Men's Vocal Ensemble 2.0
- MUS 49 Wind Ensemble 2.0

Total Units: 18.0 - 20.0

for Area of Emphasis

Strongly Recommended Electives:

- MUS 11B Music Literature Survey 3.0
- MUS 16 Individual Instruction 0.5
- MUS 9 Introduction to Music Technology 3.0

Associate in Arts degree in Liberal Arts and Sciences
Emphasis in Natural Sciences
Degree A8988

An emphasis in Natural Sciences provides the student with an understanding of living and non-living systems and promotes an appreciation of the methodologies and tools of science. Students may select courses that focus on a specific major and then select complementary courses to strengthen their selected focus or they may select courses that strengthen and broaden their overall understanding of the Natural Sciences.

Required Courses:

Select a minimum of 18 Units from the following with at least one GE lab from each group.

Group 1: Physical Sciences

- ASTR 5 Introduction to Astronomy 3.0
- ASTR 5H Introduction to Astronomy - Honors 3.0
- ASTR 7 Geology of the Solar System 3.0
- ASTR 8 Introduction to Stars, Galaxies, and the Universe 3.0
- CHEM 80 Organic Chemistry 5.0
- CHEM 81 Organic Chemistry II 5.0
- GEOG 1 Elementary of Physical Geography 3.0
- GEOG 1H Elements of Physical Geography - Honors 3.0
- GEOL 7 Geology of California 3.0
- GEOL 8 Earth Science 3.0
- GEOL 8H Earth Science - Honors 3.0
- GEOL 9 Environmental Geology 3.0
- GEOL 10 Natural Disasters 3.0
- GEOL 24 Geologic Field Studies: Central California 4.0
- GEOL 25 Geologic Field Studies: Southern California 4.0
- METO 3 Weather and the Atmospheric Environment 3.0
### Group 1: Physical Sciences GE Labs: Select at least one (1)

- ANTH 1L Biological Anthropology Laboratory 1.0
- BIOL 1 General Biology 4.0
- BIOL 2 Plant & Animal Biology 4.0
- BIOL 3 Ecology & Field Biology 4.0
- BIOL 4 Biology for Majors 4.0
- BIOL 4H Biology for Majors - Honors 4.0
- BIOL 6L Humans & the Environment Laboratory 2.0
- BIOL 8 Cell & Molecular Biology 4.0
- BIOL 21 Marine Biology Laboratory 1.0
- BIOL 34L Fundamentals of Genetics Lab 1.0
- MICR 1 Principles of Microbiology 5.0
- MICR 22 Microbiology 4.0

**Total Units:** 18.0

### Group 2: Life Sciences GE Labs: Select at least one (1)

- BUSC 18H Principles of Economics - Microeconomics - Honors 3.0
- HIST 1 History of the United States 3.0
- HIST 7 History of the United States 3.0
- HIST 7H History of the United States - Honors 3.0
- POLI 1 Political Science 3.0
- POLI 1H Political Science - Honors 3.0
- PSYC 1A Introduction to Psychology 3.0
- PSYC 1AH Introduction to Psychology - Honors 3.0
- SOC 1 Sociology 3.0
- SOC 1H Sociology - Honors 3.0

**PLUS one of the following:**

- MATH 110 Elementary Statistics 3.0
- MATH 110H Elementary Statistics - Honors 3.0
- PSYC 10 Statistics for the Behavioral Sciences 3.0

**Required Courses:**

**Foundation (minimum of 6-7 Units from the following courses):**

- ANTH 1 Biological Anthropology 3.0
- ANTH 1H Biological Anthropology - Honors 3.0
- BUSC 1A Principles of Economics - Macroeconomics 3.0
- BUSC 1AH Principles of Economics - Macroeconomics - Honors 3.0
- BUSC 1B Principles of Economics - Microeconomics 3.0
- BUSC 18H Principles of Economics - Microeconomics - Honors 3.0
- HIST 1 History of the United States 3.0
- HIST 7 History of the United States 3.0
- HIST 7H History of the United States - Honors 3.0
- POLI 1 Political Science 3.0
- POLI 1H Political Science - Honors 3.0
- PSYC 1A Introduction to Psychology 3.0
- PSYC 1AH Introduction to Psychology - Honors 3.0
- SOC 1 Sociology 3.0
- SOC 1H Sociology - Honors 3.0
- PSYC 10 Statistics for the Behavioral Sciences 3.0

**Associate in Arts degree in Liberal Arts and Sciences**

**Emphasis in Social & Behavioral Sciences Degree A8991**

An emphasis in Social & Behavioral Sciences provides the student with an understanding of social, cultural & gender diversity, the development of the person, biology as it relates to behavior or society, and the historical and political implications on society.

**Required Courses:**

**Foundation (minimum of 6-7 Units from the following courses):**

- ANTH 1 Biological Anthropology 3.0
- ANTH 1H Biological Anthropology - Honors 3.0
- BUSC 1A Principles of Economics - Macroeconomics 3.0
- BUSC 1AH Principles of Economics - Macroeconomics - Honors 3.0
- BUSC 1B Principles of Economics - Microeconomics 3.0
- BUSC 18H Principles of Economics - Microeconomics - Honors 3.0
- HIST 1 History of the United States 3.0
- HIST 7 History of the United States 3.0
- HIST 7H History of the United States - Honors 3.0
- POLI 1 Political Science 3.0
- POLI 1H Political Science - Honors 3.0
- PSYC 1A Introduction to Psychology 3.0
- PSYC 1AH Introduction to Psychology - Honors 3.0
- SOC 1 Sociology 3.0
- SOC 1H Sociology - Honors 3.0
- PSYC 10 Statistics for the Behavioral Sciences 3.0

**Associate in Arts in Art History for Transfer**

**Humanities and Social Sciences Division**

**Degree AA330**

The academic discipline of Art History involves the study of visual objects as both works of art and as artifacts of the historical and cultural contexts in which they were created. The Associate in Arts in Art History for Transfer (AA-T) will provide the student with a solid foundation in both European and non-European art and visual culture from the periods of pre-history through modern. The degree program requires students to critically analyze visual objects from a variety of perspectives, utilizing various modes of analysis.

To earn an Associate in Arts in Art History for Transfer a student must complete 60 semester Units that are eligible for transfer to the CSU that consist of: IGETC or CSU GE breadth, and a major or area of emphasis of at least 18 Units. Students must have a minimum GPA of 2.0 to receive an associate degree for transfer. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

**IGETC Pattern**

Courses may be double-counted with either CSU-GE or IGETC.

**Degree Total** 60.0

---

Recent legislation requires that all California Community Colleges create associate degrees for transfer. To earn an “associate degree for transfer” a student must complete 60 semester Units that are eligible for transfer to the CSU that consist of: IGETC or CSU GE breadth, and a major or area of emphasis of at least 18 Units. Students must have a minimum GPA of 2.0 to receive an associate degree for transfer. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

### Required Courses: Core Courses: (9 Units)

- AHIS 4 History of Western Art: Prehistoric Through Gothic
- AHIS 4H History of Western Art: Prehistoric Through Gothic - Honors

### List A select one: (3 Units)

- AHIS 5 History of Western Art: Renaissance Through Modern
- AHIS 5H History of Western Art: Renaissance Through Modern - Honors
- AHIS 9 History of Asian Art and Architecture
- AHIS 11 History of African, Oceanic, and Native American Art
- AHIS 12 History of Pre Columbian Art and Architecture
- AHIS 12H History of Pre Columbian Art and Architecture - Honors

### List B select one: (3 Units)

- ARTD 15A Drawing: Beginning
- ARTD 17A Drawing: Life
- ARTD 20 Design: Two-Dimensional
- ARTG 20 Art, Artists and Society
- ARTS 22 Design: Three-Dimensional
- ARTS 30A Ceramics: Beginning I
- ARTS 40A Sculpture: Beginning II

### List C: select two courses from the following or any course not selected from List A: (6 Units)

- AHIS 3 History of Women and Gender in Art
- AHIS 3H History of Women and Gender in Art - Honors
- AHIS 6 History of Modern Art
- AHIS 6H History of Modern Art - Honors
- AHIS 8 History of Medieval Art and Architecture
- AHIS 10 A History of Greek and Roman Art and Architecture
- AHIS 14 Rome: The Ancient City
- AHIS 15 The Culture and Art of Pompeii

### Total Units for Major

CSU General Education: 39.0 - 42.0

or IGETC Pattern

Courses may be double-counted with either CSU-GE or IGETC.

Degree Total 60.0
**Associate in Arts in Communication Studies for Transfer**

**Humanities and Social Sciences Division**

**Degree A0325**

Communication Studies is a broad-based discipline with foundational coursework in oral communication theory and skills development, augmented with course options that add dimension and depth to the student’s understanding of the discipline — such as interpersonal, group, organizational and intercultural communication, argumentation, journalism, forensics, and communication research methods.

The degree program requires students to critically analyze information and arguments, select and research an appropriate topic and thesis, and logically organize the supporting material into a well-crafted presentation. Students will employ appropriate verbal and nonverbal delivery skills and visual aids to present a message to an audience in a conversational and confident manner; and formulate communication solutions to problems in a range of contexts. Students will create messages appropriate for diverse audiences and listeners and develop an improved understanding of themselves as communicators.

To earn an Associate in Arts in Communication Studies for Transfer a student must complete 60 semester units that are eligible for transfer to the CSU that consist of: IGETC or CSU GE breadth and a major of at least 18 units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

**Required Courses:**
- **Core Courses:** (4 Units)
  - SPCH 1A Public Speaking 4.0
  - SPCH 1AH Public Speaking - Honors 4.0

- **List A:** Select any 2 courses from the following: (6 Units)
  - SPCH 6 Group Communication 3.0
  - SPCH 20 Argumentation and Debate 3.0

- **List B:** Select any 2 courses from the following or any course not selected from List A (6-7 Units)
  - SPCH 20H Interpersonal Communication - Honors 3.0
  - SPCH 26H Interpersonal Communication - Honors 3.0

**List C:** Select at least 1 course from the following or any course not selected from List A or List B: (3 Units)
- JOUR 100 Introduction to Mass Media 3.0
- SPCH 15 Forensics: Fundamentals of Content 2.0
- Speech and Debate
- SPCH 16 Forensics: Individual Event Team 3.0
- SPCH 17 Forensics: Debate Team 3.0
- SPCH 18 Forensics: Reader’s Theater Team 3.0
- or
- SPCH 7H Intercultural Communication Honors 3.0

**Limit of three (3) Units from:**
- LIT 10 Introduction to Literary Types 3.0
- ENGL 1A English - Introduction 4.0
- JOUR 101 Beginning Newswriting 3.0
- SPCH 3 Voice and Diction 3.0
- SPCH 8 Professional and Organizational Speaking 4.0
- or
- SPCH 8H Professional and Organizational Speaking - Honors 4.0
- SPCH 30 Gateway to Communication Studies 3.0

**Total Units for Major** 18.0

**CSU General Education or IGETC Pattern**

Courses may be double-counted with either CSU-GE or IGETC.

**Degree Total** 60.0

**Associate in Arts in English for Transfer**

**Humanities and Social Sciences Division**

**Degree A0332**

The Associate in Arts in English for Transfer introduces students to Literature written in English and gives them the option of studying creative writing. Completion of the degree provides students with the core skills and knowledge needed to pursue a baccalaureate degree in English. Those core skills and knowledge include the ability to analyze literature and the ability to write researched analytical papers. Students who earn this degree will be able to write a literary analysis, analyze major themes and concerns in literature, and identify the influence of culture on human expression.

To earn an Associate in Arts in English for Transfer a student must complete 60 semester Units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

**Required Courses:**
- **Core Courses:** (7 Units)
  - ENGL 1B English - Introduction to Literary Types 3.0
  - or
  - ENGL 1BH English - Introduction to Literary Types - Honors 3.0
  - or
  - ENGL 1C Critical Thinking and Writing 4.0
  - or
  - ENGL 1CH Critical Thinking and Writing - Honors 4.0

- **List A:** Select two: (6 Units)
  - LIT 1 Early American Literature 3.0
  - LIT 2 Modern American Literature 3.0
  - or
  - LIT 6A Survey of English Literature 3.0

**Degree Total** 60.0

**Associate in Arts in Geography for Transfer Degree**

**Humanities and Social Sciences Division**

**Degree A0356**

Geography is a diverse discipline, with foundational coursework in both Earth and Social Sciences. Such foundational courses are augmented by coursework that applies geographic principles to particular world regions and by courses that explore the fundamental
### Programs of Study Leading to an Associate Degree

To earn an Associate in Arts in Geography for Transfer degree, a student must complete 68 semester Units that are eligible for transfer to the CSU system that consist of the IGETC pattern or CSU GE breadth and a major of a minimum of 18 Units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

### Associate in Arts in History for Transfer

#### Humanities and Social Sciences Division

**Degree A0334**

History is a broad-based academic discipline with foundational coursework in both World History and The History of the United States, augmented with course options that add dimension and depth to the student’s understanding of the discipline—such as history courses outside of the Western World, courses in the humanities or social sciences (including history) that address any historically under-represented group or non-western subject matter fulfilling transfer level GE categories and courses in foreign languages.

The degree program requires students to critically analyze material from a variety of sources and to develop links and connections in abstracting fundamental meaning of historical data. The course distribution of the degree will expose the students to the complexity and diversity of the historical past, thus placing the present day issues and problems within a meaningful historical context.

To earn an Associate in Arts in History for Transfer a student must complete 68 semester Units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

</table>
Music is a broad-based academic discipline with foundational coursework in theory and performance. By providing a theoretical understanding of the development and creation of music, along with requisite technical proficiency, it is expected that these skills will be used to demonstrate musical sensitivity and creativity as a soloist or in the context of a musical ensemble. To further foster these skills, optional courses in the areas of piano and music history should also be taken. The degree requires four semesters of theory, four semesters of applied music (lessons), and four semesters of musical ensemble to provide the skills necessary for transferring to a 4-year institution to pursue a degree in music, including composition, performance, and/or music education.

To earn an associate degree for transfer, a student must complete 60 semester Units that are eligible for transfer to a CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

**Required Courses:**

- **Theory & Musicianship (16 Units):**
  - MUS 2 Music Theory 3.0
  - MUS 5A Musicianship - Ear Training 1.0
  - MUS 5B Musicianship - Chromatic I 1.0
  - MUS 5C Musicianship - Chromatic II 1.0
  - MUS 5D Musicianship - Chromatic III 1.0
  - MUS 6A Musicianship - Harmony I 1.0
  - MUS 6B Musicianship - Harmony II 1.0

- **Applied Music: 4 semesters, 0.5 units each (2 Units):**
  - MUS 16 Individual Instruction 0.5

**Ensemble: 6 units or 4 semesters, variable 1.5 - 2.0 units each (5-8 Units):**

- MUS 27 Chamber Music 1.5
- MUS 31 Concert Choir 1.5
- MUS 34 Women’s Vocal Ensemble 2.0
- MUS 39 Laboratory Band 2.0
- MUS 45 Chamber Singers 2.0
- MUS 47 Jazz Ensemble 2.0
- MUS 48 Men’s Vocal Ensemble 2.0
- MUS 49 Wind Ensemble 2.0

**Associate in Arts in Political Science for Transfer**

**Humanities and Social Sciences Division**

**Degree A0345**

Political Science introduces students to political science theories and methodologies used in the scientific study of political institutions and behavior. The Associate in Arts in Political Science for Transfer degree will provide students with the foundational knowledge necessary to identify research and statistical methods appropriate to political science, to compare and contrast the major theoretical perspectives in political science, and synthesize the analysis of institutions and individuals. The Associate in Arts in Political Science for Transfer degree is designed to assist students in seamlessly transferring to a CSU major in Political Science.

To earn an associate degree for transfer, a student must complete 60 semester Units that are eligible for transfer to a CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

**Required Courses:**

- **Core course: (3 Units):**
  - POLI 1 Political Science 3.0

- **or POLI 1H Political Science - Honors 3.0**

- **List A select three: (9-10 Units):**
  - MATH 110 Elementary Statistics 3.0
  - MATH 110H Elementary Statistics – Honors 3.0

### Associate in Arts in Psychology for Transfer

**Humanities and Social Sciences Division**

**Degree A0324**

The Associate in Arts in Psychology for Transfer introduces students to the psychological principles and methodologies used in the scientific study of mental processes and behaviors. Students will acquire the foundational knowledge necessary to pursue post-secondary degrees in psychology and a variety of specialization in the field. The goals of this degree are to prepare students to identify research and statistical methods appropriate to psychology, to compare and contrast the major theoretical perspectives in psychology, and synthesize the relationships between biological and behavioral functions.

To earn an associate degree for transfer, a student must complete 60 semester units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

### Associate in Arts in Studio Arts for Transfer

**Humanities and Social Sciences Division**

**Degree A0395**

The Associate in Arts in Studio Arts for Transfer is designed to facilitate successful transfer to baccalaureate art degree programs. This degree provides students with the lower division breadth and depth of the field of art. This degree exposes students to the core principles and practices in the field. Students will learn to visually express personal experience and thought with skill and clarity. Students will acquire fundamental visual experiences and concepts basic to many forms and fields of art, animation and design.

To earn an Associate in Arts in Studio Arts for Transfer (AA-T) a student must complete 60 semester units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 units.

Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

Associate in Arts in Theater Arts for Transfer
Arts Division
Degree A0346
The Associate in Arts in Theater Arts for Transfer develops confidence, improves communication skills and provides experiences to work in a collaborative endeavor. In each course, students learn to perfect the skills needed for the discipline of theater while learning to work cooperatively with others in theater-related disciplines. The program emphasizes self-reliance and creative problem solving along with personal artistic development. To earn an Associate in Arts in Theater, a student must complete 60 semester Units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. The degree allows students the flexibility to pursue a particular area of interest, however, any student who completes the AA-T in Theater Arts will be prepared to pursue an emphasis in acting, technical theater, design, playwriting or general theater. The degree has been designed to assist students who wish to obtain an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

Required Courses:
Core Courses: (9 Units)

THTR 10  Principles of Acting I  3.0
THTR 11  History of Theater Arts  3.0

THTR 15  Play Rehearsal and Performance 1.0 - 3.0
THTR 16  Theatrical Make-Up  3.0

List A: Select three courses (9 - 9.5 Units)

THTR 18  Technical Theater Practicum  1.0
THTR 19  Theatrical Costuming  3.0

Total Units for Major  18.0 - 18.5
CSU General Education or IGETC Pattern
Courses may be double-counted with either CSU-GE or IGETC.
Degree Total  60.0

Associate in Science in Administration of Justice for Transfer
Technology and Health Division
Degree S0362
The Associate in Science in Administration of Justice for Transfer provides a broad base of education in the discipline. Students will acquire the ability to identify and apply legal precedents in field work, be prepared to understand the use of criminal codes in the investigation and documentation of crime, and become familiarized with the social factors that involve police interaction within the community. The degree will support students interested in branching out into undergraduate studies in the social sciences.

To earn an associate degree for transfer, a student must complete 60 semester Units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. Students must have a minimum GPA of 2.0 in all major requirements to receive an Associate in Arts in Theater, a student must complete 60 semester Units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 Units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

Required Courses:
Core Courses: (14 Units)

THTR 10  Principles of Acting I  3.0
THTR 11  History of Theater Arts  3.0
THTR 12  Principles of Acting II  3.0
THTR 14  Stagecraft  3.0
THTR 15  Play Rehearsal and Performance 1.0 - 3.0
THTR 16  Theatrical Make-Up  3.0

List A: Required Courses: (6 Units)

ADJU 1  The Administration of Justice System  3.0
ADJU 3  Concepts of Criminal Law  3.0

List B Choose any two of the following courses (6 Units)

ADJU 2  Principles and Procedures of the Justice System  3.0
ADJU 4  Legal Aspects of Evidence  3.0
ADJU 5  Community Relations  3.0
ADJU 20  Principles of Investigation  3.0

ADJU 50  Introduction to Forensics for Criminal Justice  3.0

List C Choose any two of the following courses (6 Units)

MATH 110  Elementary Statistics  3.0
or
MATH 110H Elementary Statistics - Honors  3.0
PSYC 1A  Introduction to Psychology  3.0
or
PSYC 1AH  Introduction to Psychology - Honors  3.0
SOC 1  Sociology  3.0
or
SOC 1H  Sociology - Honors  3.0

Total Units for Major  18.0
CSU General Education or IGETC Pattern
Courses may be double-counted with either CSU-GE or IGETC.
Degree Total  60.0

Additional Notations
In addition to List C, any CSU transferable Administration of Justice lower division course or courses outside the Administration of Justice discipline that are articulated as lower division major preparation for the Criminal Justice or Criminology Major at any CSU.

Associate in Science in Mathematics for Transfer
Natural Sciences Division
Degree S0333
Upon successful completion of Mt. San Antonio College’s Associate in Science in Mathematics for Transfer degree requirements, the student will have demonstrated understanding of differential and integral calculus of one and several variables including infinite series, vector analysis, partial derivatives and transcendental functions, as well as demonstrating knowledge of linear algebra and differential equations. This coursework will satisfy the lower division mathematics requirements at the California State University. Guaranteed admission with junior status to the CSU system will be granted in mathematics (or possibly statistics).
### Associate in Arts in Journalism for Transfer

**Humanities and Social Sciences Division**

**Degree A0400**

The Associate in Arts in Journalism for Transfer provides a broad base of education in the discipline and introduces students to journalism and multimedia. It gives students the option of studying journalistic writing for traditional and online media. Completion of the degree provides students with the core skills and knowledge needed to pursue a baccalaureate degree in Journalism. Students who earn this degree will be able to transfer to university or enter the local job market. In this program, students will gain hands-on experience with all aspects of news gathering, organizing, writing, and disseminating information.

To earn an Associate in Arts degree for Transfer a student must complete 60 semester units that are eligible for transfer to the CSU that consist of: IGETC pattern or CSU GE breadth and a major of at least 18 units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

### Associate in Science in Early Childhood Education for Transfer Degree

**Business Division**

**Degree S0401**

The Associate in Science in Early Childhood Education for Transfer requires students to critically analyze child development theory, developmentally appropriate approaches, and instructional strategies that positively influence children’s learning and development. Students explore the importance of developmental domains and use their knowledge to design, implement, and evaluate meaningful curriculum and environments that promote comprehensive developmental learning outcomes for children. Child observation, documentation, and assessment are explored as essential practices in order to develop effective curriculum and interventions. The California Title 22 regulations, standards, and policies required for early care and education programs are examined. Ethical guidelines, professional practices, and advocacy are assessed to inform future practitioners of standards in the early childhood profession. The Associate in Science in Early Childhood Education for Transfer degree qualifies students for transfer to a California State University (CSU) to complete a Baccalaureate degree in Early Childhood Education or related majors.

To earn an Associate in Science in Early Childhood Education for Transfer degree, a student must complete 60 semester units that are eligible for transfer to the CSU including only CSU GE breadth and a major of at least 24 units. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning an associate degree for transfer will not be required to complete any other local graduation requirements.

**Degree Total**  60.0
Transferring to Four-Year Colleges and Universities
THE CALIFORNIA STATE UNIVERSITY

Upper Division Transfer Admission Requirements
Students are eligible for admission with 60 or more transferable semester units (90 quarter units) if they:
- Have a college grade point average of 2.00 or better (2.40 for non-California residents) in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., are eligible to re-enroll.
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of “C” or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics.
- Students are advised to complete major preparation classes prior to transfer. For some majors/campuses, these courses may be required for admission. Consult university websites, counselors/advisors, and visit Mt. SAC Transfer Services for more information. Also, visit www.assist.org to find community college courses that fulfill major requirements.

Note: These are the minimum admission standards. Many campuses and majors are impacted (more competitive) and may require a higher GPA and/or completion of specific courses for admission.

Lower Division Transfer Admission Requirements
Please be aware that most CSU campuses do not admit lower-division transfer students. California residents may be eligible for CSU admission with fewer than 60 transferable semester units (90 quarter units) if they:
- Have a college grade point average of 2.00 or better in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., eligible to re-enroll.
- Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies from high school if the student did not complete the 15-unit pattern of college preparatory subjects.
- Meet the eligibility index required of a freshman.

Some campuses may require lower-division transfer students to have completed English composition and general education mathematics prior to transfer. Contact the transfer campus of choice to determine whether there are admission limits on the number of lower-division transfer students.
Transferring to Four-Year Colleges and Universities

The requirements listed below are for the 2015-2016 academic year and are based upon information available at the time of catalog publication.

Forty-eight units of general education are required to graduate from campuses of the CSU system. A maximum of 39 units may be certified by community colleges; nine units must be taken at the upper division level. Acceptable courses are grouped in five areas, A through E. A maximum of 30 units may be certified from Areas B through D collectively. The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet General Education-Breadth Requirements will be honored if they are on the list during the year taken.

The following program is structured so that a student who completes the program will be assured of properly meeting the General Education-Breadth Requirements of CSU. Area A and Mathematics must be completed with a minimum grade of “C.” Students who have attended other colleges are urged to consult with a counselor or educational advisor for advice on satisfying General Education-Breadth Requirements. Students beginning Fall 2015 must follow 2015-2016 CSU GE—Breadth requirements. Courses are approved for the academic year in which they were completed.

#### D-3: Ethnic Studies
- **HIST 30**: History of the African American — 1619 - 1877
- **HIST 31**: History of the African American
- **HIST 40**: History of the Mexican American
- **HIST 44**: History of Native Americans

#### D-4: Gender Studies
- **PSYC 25**: The Psychology of Women

#### D-5: Geography
- **GEOG 2**: Human Geography
- **GEOG 2H**: Human Geography — Honors
- **GEOG 3**: World Regional Geography
- **GEOG 8**: The Urban World
- **GEOG 30**: Geography of California
- **GEOG 30H**: Geography of California — Honors

#### D-6: History
- **HIST 1**: History of the United States
- **HIST 3**: World History: Prehistoric to Early Modern
- **HIST 3H**: World History: Prehistoric to Early Modern — Honors
- **HIST 4**: World History: Early Modern to the Present
- **HIST 4H**: World History: Early Modern to the Present — Honors
- **HIST 7**: History of the United States to 1877
- **HIST 7H**: History of the United States to 1877 — Honors
- **HIST 8**: History of the United States from 1865
- **HIST 8H**: History of the United States from 1865 — Honors
- **HIST 10**: History of Premodern Asia
- **HIST 11**: History of Modern Asia
- **HIST 19**: History of Mexico
- **HIST 30**: History of the African American — 1619 - 1877
- **HIST 31**: History of the African American
- **HIST 35**: History of Africa
- **HIST 36**: Women in American History
- **HIST 39**: California History
- **HIST 40**: History of the Mexican American

#### D-7: Interdisciplinary Social or Behavioral Science
- **CHLD 10**: Child Growth and Lifespan Development
- **CHLD 10H**: Child Growth and Lifespan Development — Honors
- **CHLD 11**: Child and Adolescent Development
- **FASH 14**: Dress, Culture, and Identity
- **HIST 16**: The Wild West — A History, 1800-1890
- **SPCH 7**: Intercultural Communication
- **SPCH 7H**: Intercultural Communication — Honors
- **SPCH 26H**: Interpersonal Communication
- **SPCH 26H**: Interpersonal Communication — Honors
- **SPCH 30**: Gateway to Communication Studies

#### D-8: Political Science, Government, and Legal Institutions
- **POLI 1**: Political Science
- **POLI 1H**: Political Science — Honors
- **POLI 2**: Comparative Politics
- **POLI 5**: Political Theory I — Ancient to Contemporary
- **POLI 7**: Political Theory II — Early Modern to Contemporary
- **POLI 9**: Introduction to International Relations
- **POLI 10**: Environmental Politics
- **POLI 25**: Latino Politics in the United States
- **POLI 35**: African American Politics

#### D-9: Psychology
- **PSYC 1**: Introduction to Psychology
- **PSYC 1H**: Introduction to Psychology — Honors
- **PSYC 14**: Developmental Psychology
- **PSYC 15**: Introduction to Child Psychology
- **PSYC 19**: Abnormal Psychology
- **PSYC 25**: The Psychology of Women

#### Lifelong Understanding & Self Development (3 Units)
Select at least one course.

- **AD 3**: Chemical Dependency: Intervention, Treatment and Recovery
- **BIOL 5**: Contemporary Health Issues
- **BIOL 13**: Human Reproduction, Development and Aging
- **BIOL 15**: Human Sexuality
- **BIOL 15H**: Human Sexuality — Honors
- **BIOL 24**: Introduction to Public Health
- **CHLD 10**: Child Growth and Lifespan Development
- **CHLD 10H**: Child Growth and Lifespan Development — Honors
- **CHLD 11**: Child and Adolescent Development
- **COUN 5**: Career/Life Planning
- **FCS 41**: Life Management
- **KIN 34**: Fitness for Living
- **LEAD 55**: Exploring Leadership
- **NF 10**: Nutrition for Personal Health and Wellness
- **NF 12**: Sports Nutrition
- **NF 25**: Essentials of Nutrition
- **NF 25H**: Essentials of Nutrition — Honors
- **NF 28**: Cultural and Ethnic Foods
- **PSYC 14**: Developmental Psychology
- **PSYC 15**: Introduction to Child Psychology
- **PSYC 25**: The Psychology of Women
- **PSYC 26**: Psychology of Sexuality
- **PSYC 33**: Psychology for Effective Living
- **SCHL 15**: Child Development

#### CSU AMERICAN INSTITUTIONS & U.S. HISTORY GRADUATION REQUIREMENT:

**Option 1:**

- **HIST 7**: History of the United States to 1877 — Honors
- **HIST 8**: History of the United States from 1865

**Option 2:**

- **Completion of one course from U.S. History plus one course from American Institutions:**
  - **United States History:**
    - **HIST 1**: History of the United States to 1877 — Honors
    - **HIST 7**: History of the United States from 1865
  - **American Institutions:**
    - **HIST 30**: History of the African American — 1619 - 1877
    - **HIST 31**: History of the African American

The two courses from Option 1 or Option 2 may be used as part of the 9 units for AREA D.
Upper Division Transfer Admission Requirements
The vast majority of transfer students come to UC at the junior level from California community colleges. To be considered for UC admission as a junior, you must fulfill both of the following:

- Complete 60 semester (90 quarter) units of transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents). No more than 14 semester (21 quarter) units may be taken Pass/Not Pass.
- Complete the following course pattern requirements, and earn a grade of C or better in each course:
  - Two transferable college courses (3 semester or 4-5 quarter units each) in English composition
  - One transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning
  - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas:
    - Arts and Humanities
    - Social and Behavioral Sciences
    - Physical and Biological Sciences

Note: Meeting these minimum requirements does not guarantee admission to the campus or major of your choice. Many campuses and majors receive more applications than they have spaces available. To be competitive, you should work toward meeting the specific requirements for the campuses and majors that interest you. Consult university websites, counselors/advisors, and visit Mt. SAC Transfer Services for more information. Also, visit www.assist.org to find community college courses that fulfill major requirements.

Lower Division Transfer Admission Requirements
While all UC campuses welcome a large pool of junior-level transfers, most admit only a very limited number of lower-division transfers (students with fewer than 60 units). You may establish eligibility for lower division transfer:

- If you were eligible for admission to UC when you graduated from high school, meaning you satisfied the subject, examination and scholarship requirements, you are eligible for transfer if you have a 2.0 GPA in your transferable college coursework (2.8 GPA for nonresidents). Visit the UC admissions website for more information about these requirements: www.universityofcalifornia.edu/admissions.

If you met the scholarship requirement in high school, but did not satisfy the 15-course subject requirement, you must take transferable college courses in the missing subjects, earn a grade of C or better in each required course and have an overall 2.0 GPA in all transferable coursework to be eligible to transfer (a 2.8 GPA is required for nonresidents).
Transferring to Four-Year Colleges and Universities

### Area 1

#### English Communication
Select one course from each group:

<table>
<thead>
<tr>
<th>Group A: English Composition</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 1A Freshman Composition</td>
</tr>
<tr>
<td>ENGL 1AH Freshman Composition – Honors</td>
</tr>
</tbody>
</table>

#### Group B: Critical Thinking – Composition

</tbody>
</table>

*POL 5 Political Theory I – Ancient to Contemporary |
*POL 7 Political Theory II – Early Modern to Contemporary |

The requirements listed must be completed in their entirety for full certification to the UC and CSU. For students who have completed coursework at multiple campuses, the campus of last attendance prior to transfer to UC or CSU will certify the coursework. Mt. SAC will certify coursework from other campuses according to the IGETC list of the originating campus. A minimum grade of “C” is required in each course. (A grade of “C-” is not acceptable.) Students beginning Fall 2015 must follow 2015-2016 IGETC requirements. Courses are approved for the academic year in which they were completed.

**UC REQUIREMENT ONLY**

**Language other than English:**

The minimum proficiency required is met by completing one of the courses listed below or by completion of two years of high school study in the same language.

| ARAB 1 Elementary Arabic | JAPN 1 Elementary Japanese |
| CHIN 1 Elementary Chinese | LATN 1 Elementary Latin |
| FRENCH 1 Elementary French | SIGN 101 American Sign Language 1 |
| GERM 1 Elementary German | SPAN 1 Elementary Spanish |
| ITALI 1 Elementary Italian | SPAN 11 Spanish for the Spanish Speaking |

**CSU GRADUATION REQUIREMENTS ONLY IN U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS:**

**Note:** UCSC requires a college-level U.S. history or governance course.

**Option 1:** HIST 7 (or 7H) + HIST 8 (or 8H) |

**Option 2:** Completion of one course from U.S. History plus one course from American Institutions. See the categories below under United States History and American Institutions.

**United States History:**

| HIST 1 History of the United States | HIST 36 Women in American History |
| HIST 7 History of the United States to 1877 | HIST 40 History of the Mexican American |
| HIST 7H History of the United States to 1877 – Honors | American Institutions: |

| POLI 1 Political Science | POLI 1H Political Science – Honors |
| HIST 8 History of the United States from 1865 | POLI 25 Latino Politics in the United States |
| HIST 8H History of the United States from 1865 – Honors | POLI 35 African American Politics |
| HIST 30 History of the African American 1619-1877 | HIST 31 History of the African American |

**Notes:**

UC limits transfer credit for some courses. Students may review the UC Transfer Course Agreement (TCA) with an educational advisor or counselor in the Student Services Center. Students must see an educational advisor or counselor for preliminary IGETC certification. For IGETC certification, the course must be on the list during the year taken. Students from non-English speaking countries should see an educational advisor or international student counselor for language proficiency equivalences.
## Transferring to Four-Year Colleges and Universities

### ADVANCED PLACEMENT EXAMINATIONS IN CSU/UC GENERAL EDUCATION

#### – BREADTH CERTIFICATION

Advanced Placement examinations may be incorporated into certifica—tion of completion of CSU/UC General Education—Breadth requirements by any participating institution. Students must have scored 3, 4, or 5 on an Advanced Placement examination listed on the table to receive the credit indicated. All CSU/UC campuses will accept the minimum units shown on the table toward fulfillment of the designated General Education—Breadth area if the examination is included in a full or subject-area certification; individual CSU/UC campuses may choose to accept more units than those specified towards completion of General Education—Breadth requirements. The CSU/UC campus to which the student is transferring determines the total number of units awarded for successful completion of an Advanced Placement examination and the applicability of the examination to other graduation. A table that lists how Advanced Placement is accepted for Mt. San Antonio College General Education is available in Section 3 (page 15) of this catalog.

### CSU/UC CROSS ENROLLMENT

California resident students at Mt. San Antonio College may enroll in one undergraduate course per term at a participating CSU or UC campus without formal admission and without payment of state university fees/tuition. To be eligible for cross-enrollment, students must: have completed at least one term at Mt. SAC; have at least a 2.0 GPA in all coursework; have satisfied prerequisites(s) of the class in which they plan to enroll at CSU/UC; and be enrolled in at least six units at Mt. SAC; and have paid their registration fees. To apply for CSU/UC Cross Enrollment, students must complete the CSU/UC Cross Enrollment application. The form is available in the Transfer Center and online at [http://transfer.mt sac.edu](http://transfer.mt sac.edu).

### CALIFORNIA INDEPENDENT COLLEGES AND UNIVERSITIES

California’s fully-accredited independent colleges and universities provide many options at the undergraduate, graduate, and professional levels for students planning to continue their education beyond the community college. Admission requirements vary and are listed in the catalogs of the various universities and colleges.

For more information about California Independent Colleges and Universities, visit college/university websites, [www.aiccu.edu](http://www.aiccu.edu), or Mt. SAC Transfer Services.

### OUT-OF-STATE COLLEGES AND UNIVERSITIES

Students may also consider transferring to colleges and universities in other states. Admission requirements vary by school. For more information, visit college/university websites or Mt. SAC Transfer Services.

---

1) If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.
2) Students who pass AP Chemistry earn 6 units of credit. Tests prior to Fall 2009 may apply 4 units to area B1+E3 of GE Breadth. Tests after Fall of 2009 may apply 6 units to area B1+B3.
3) Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1 or B3 or B2+B3 of GE Breadth. Fall 2009 or later: these credits may only apply to B1+B3.
4) Students who pass AP French Language, German Language, Spanish Language, and Spanish Literature earn 6 units of credit. Tests prior to Fall of 2009 may apply 4 units to area C2 of GE Breadth. Tests after Fall 2009 may apply 3 units to area C2.
5) Students seeking certification in GE Breadth prior to transfer must have passed the test before Fall 2009.
6) Students seeking certification in GE Breadth prior to transfer must have passed the test prior to Fall 2010.
7) If a student passes more than one AP exam in physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth. Students who pass AP Physics B earn 6 units of credit. Tests prior to Fall 2009 may apply 4 units to area B1+B3 of GE Breadth. Tests after Fall of 2009 may apply 6 units to area B1+B3.
8) At UC campuses, a maximum of 2 or 3 quarter units are allowed in each of the following areas: Art (Studio), English, Mathematics, Music and Physics. A maximum of 4 quarter units are allowed in Computer Science.
9) Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive UC credit for the Calculus BC examination, even if they do not receive a score of 3 or higher on the BC examination.
10) The UC will grant credit for the full Music Theory exam. Students who earn only a subscore will not receive exam credit.
DEFINITIONS OF TERMS

Course Identification Numbering System (C-ID)
The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example ENGL 100, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID ENGL 100 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors are also available in the Counseling Center to help students interpret this information.

CSU Transfer
Courses designated “CSU” are baccalaureate level and will transfer to all of the California State Universities and count toward graduation at Mt. San Antonio College.

UC Transfer
Courses designated “UC” are baccalaureate level and will transfer to all of the University of California campuses and California State Universities, and will count toward graduation at Mt. San Antonio College.

UC Credit Limitation
UC limits credit for some courses. Students contemplating transfer to UC should consult with a counselor or advisor and review www.assist.org for course credit limitations and changes.

UC Credit for Kinesiology Activity Courses
A maximum of four semester units of UC credit will be awarded for Kinesiology Activity courses. Courses of a vocational nature will not be awarded UC credit.

Eligibility
In listing a prerequisite for enrolling in a course, an “eligibility” may also be listed. An eligibility requirement specifies the course level the student must qualify to enroll in-not that the course has to be completed prior to enrollment. For example, the prerequisite “eligibility for English 68” requires that the student must qualify to enroll in English 68 in order to enroll in the particular course.

Prerequisite
A prerequisite is a course which must be taken as preparation for enrolling in another course.

Corequisite
A corequisite is a course which is required to be taken simultaneously in order to enroll in another course.

Advisory
An advisory is a course which is advised, but not required, to be taken either before or in conjunction with enrollment in a course.

Not Degree Applicable
Courses designated “Not Degree Applicable” are college level classes which are neither a part of an associate degree or certificate program nor transferable to four-year colleges and universities.

Degree Applicable
Courses designated “Degree Applicable” are college-level classes which are a part of an associate degree or certificate program.

Course Descriptions

- **AGHE 65 — Veterinary Radiography** 2 Units  
  Degree Applicable, CSU  
  18 hours lecture  
  54 hours lab  
  Prerequisite: AGHE 60 and formal admittance to the registered veterinary technology program  
  Concepts and skills of veterinary positioning of canine, feline, avian, reptilian species, and livestock for radiography; processing of the radiograph; radiation safety; technique and instrumentation; contrast radiography, dental radiology and advanced imaging such as ultrasound, MRI, CT scan, nuclear isotopes scans. Emphasizes performance of x-ray procedures for the veterinary practitioner.

- **AGHE 79 — Laboratory Animal Medicine and Care** 3 Units  
  Degree Applicable, CSU  
  36 hours lecture  
  54 hours lab  
  Laboratory animal medicine, care and procedures, rules and regulations governing laboratory animals.

- **AGHE 83A — Work Experience in Animal Health** 1 to 2 Units  
  Degree Applicable, CSU  
  (May be taken for Pass/No Pass only)  
  75 to 150 hours lab  
  Prerequisite: AGAN 51 and Compliance with Work Experience regulations as designated in the College Catalog  
  This course is designed to provide Registered Veterinary Technician majors with actual on-the-job experience at an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Instructor approval required.

- **AGHE 84B — Applied Animal Health Procedures** 1 Unit  
  Degree Applicable  
  54 hours lab  
  Prerequisite: Formal Admittance to the Registered Veterinary Technology Program  
  A field study course that emphasizes practical experience in applied clinical procedures and techniques, including treatments, preventive health care and minor surgical procedures with school owned domestic farm animals. Experiences with animals will vary due to seasonal changes and different husbandry practices during fall and spring.

- **AGHE 85 — Seminar in Registered Veterinary Technology** 1 Unit  
  Degree Applicable  
  18 hours lecture  
  Prerequisite: AGHE 60 and completion of the Registered Veterinary Technology program.  
  Prepares students for national and state veterinary technician registration examinations. Includes exposure to the types of questions encountered in registration examinations, question analysis strategies, and review of important anatomical, physiological, and nursing concepts.

- **AGHE 86 — Anatomy and Physiology of Domestic Animals** 4 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  54 hours lab  
  Advisory: BIOL 1  
  Analyzes the body structures and systems, comparing domestic animals commonly found in veterinary medicine. The physiology section will emphasize functions of internal organs and body systems.

Agriculture: Animal Science General

- **AGAN 1 — Animal Science** 3 Units  
  Degree Applicable, CSU, UC  
  54 hours lecture  
  Prerequisite: Eligibility for MATH 51  
  Fundamental problems and essential concepts of animal production. Types of domestic animals and their utilization by humans.

- **AGAN 2 — Animal Nutrition** 3 Units  
  Degree Applicable, CSU, UC  
  54 hours lecture  
  Composition of feeds and their utilization by domestic animals, including digestive physiology, animal assessment, feed appraisal and compiling of rations.

- **AGAN 51 — Animal Handling and Restraint** 3 Units  
  Degree Applicable, CSU  
  36 hours lecture  
  54 hours lab  
  Methods of proper handling for large and small animals, including chemical and physical techniques of restraint. Field trip required.

- **AGAN 54 — Animal Breeding** 3 Units  
  Degree Applicable  
  54 hours lecture  
  The science of animal breeding, including fundamentals of inheritance, reproduction and breeding systems for domestic animals. Artificial insemination, embryo manipulation and current topics in reproductive biotechnology will also be included.

AGAN 84 — Animal Breeding

- **AGAG 91 — Agricultural Calculations** 3 Units  
  Degree Applicable  
  54 hours lecture  
  Prerequisite: Eligibility for MATH 51  
  Calculating the proper dosages of veterinary drugs, application rates of farm and horticultural chemicals inclusive of fertilizer and pesticide materials, feed rations, land area and volume measurements, calibrating application equipment, plotting production rates and feed conversion, determining proper concentrations and dilutions.

AGAG 99 — Special Projects in Agriculture

- **AGAG 99 — Special Projects in Agriculture** 2 Units  
  Degree Applicable, CSU  
  38 hours lecture  
  Prerequisite: Formal Admittance to the Registered Veterinary Technology Program  
  In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration.

</tr>
</tbody>
</table>
Course Descriptions

**AGOR 57 — Power Train Repair** 3 Units
Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Service, maintenance, and repair of power trains. Includes clutches, transmissions, differentials, power take-off units, and final drives used to transmit power on tractors and other outdoor power equipment.

**AGOR 62 — Landscape Irrigation - Design and Installation** 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Design and installation of turf and ornamental irrigation systems. Design techniques, sprinkler system components and hydraulic principles used in nursery management, interior design, residential and commercial landscaping. Special emphasis is given to water conservation incorporating controlled flow technologies.

**AGOR 63 — Landscape Irrigation Systems Management** 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Systematic approach to water conservation in landscapes. Repair techniques that will allow a current system to efficiently operate to its initial design. Trouble shooting procedures including field testing of valves and controllers. Irrigation efficiency testing will be incorporated to demonstrate proper methods of water audits and system evaluation.

**AGOR 64 — Landscape Irrigation - Drip and Low Volume** 3 Units
Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Conservation of water in landscapes by utilization of drip and low-flow irrigation practices. Design, installation techniques, operation and maintenance of drip and low-flow irrigation systems, including determination of irrigation requirements, selection of emitters and low-flow devices, and uniformity of water distribution. Includes hands-on experience in design and installation techniques.

**AGOR 71 — Landscape Construction Fundamentals** 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Construction techniques and tools used in landscaping with construction projects that include surveying techniques, utilities (gas, water, and electricity), woodworking, and masonry.

**AGOR 72 — Landscape Hardscape Applications** 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Landscape construction pertaining to hardscape featured in the landscape. Estimation and installation of fences, walks, planters, patios, lighting, barbecues, gazebos, decks, ponds, spas, fountains and pools. Students will gain hands-on experience in the laboratory activities.

**AGOR 73 — Landscaping Laws, Contracting, and Estimating** 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Landscape laws, contracting, and estimating as they pertain to landscape construction. Information covered will be helpful for the Landscape Contractors (C-27 classification) licensing exam administered by the state of California. Off campus assignments required.

**AGOR 75 — Urban Arboriculture** 3 Units
Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Care and management of ornamental trees. Includes pruning techniques, fruit tree care, bracing, cabling, and pest control. Safe practices in the use of equipment including the use of ropes, chippers, boom trucks, chain saws, and identification and evaluation of common trees. Prepares students for the tree worker and arborist certification exams.

**AGOR 76 — Aviculture — Cage and Aviary Birds** 3 Units
Degree Applicable
54 hours lecture
Cage and aviary birds marketed in the wholesale and retail pet trade. Identification, nutrition, breeding, disease prevention and control, aviary construction. Psittacines, soft bills, finches, game birds, poultry and ornamental waterfowl.

</table>
AIR TRAFFIC CONTROL

- **AIRT 151 — Aircraft Recognition and Performance**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: AERO 23 or AERO 100  
  Formerly AIRT 41.  
  Designed for students who want to become air traffic controllers for the Federal Aviation Administration (FAA). Students will learn to recognize the distinctive features of aircraft, identify types of aircraft, classify aircraft as to FAA category and class, and analyze aircraft for performance characteristics required for air traffic control separation. Commercial Pilot majors are encouraged to take the class as an elective course.

- **AIRT 201 — Terminal Air Traffic Control**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: AERO 23 or AERO 100 and AIRT 41 or AIRT 151  
  Formerly AIRT 42A.  
  Designed for students who want to become air traffic controllers for the Federal Aviation Administration (FAA). Students will learn about aircraft operation in the National Airspace System, control tower operations, terminal radar control, radio communication techniques and phraseology, and responding to emergencies.

- **AIRT 201L — Air Traffic Control Laboratory**  
  1 Unit  
  Degree Applicable  
  54 hours lab  
  Advisory: AERO 100  
  Formerly AIRT 51.  
  Concepts, procedures, and skills related to air traffic control. Microphone technique, voice control, phraseology, facility and interfactivity coordination, strip markings, airport traffic control, weather observing, and control tower functions.

- **AIRT 203 — Enroute Air Traffic Control**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: AERO 23 or AERO 100 and AIRT 41 or AIRT 151  
  Formerly AIRT 42B.  
  Enroute air traffic control operations in the National Airspace System. Includes radar and non-radar separation rules, enroute air traffic control clearances, emergencies and search and rescue, and future air traffic control technologies. This course is designed for students who want to become air traffic controllers for the Federal Aviation Administration (FAA).

AIR TRAFFIC CONTROL

- **AIRT 203L — Enroute Radar Laboratory**  
  1 Unit  
  Degree Applicable  
  54 hours lab  
  Advisory: AERO 100  
  Formerly AIRT 55.  
  Simulation of an air traffic control radar facility concentrating on air route traffic control, and approach and departure procedures using appropriate phraseology, flight progress strip markings and radar separation standards.

- **AIRT 251 — Air Traffic Control Team Skills**  
  1.5 Units  
  Degree Applicable, CSU  
  27 hours lecture  
  Advisory: AIRT 201 or AIRT 42A  
  Formerly AIRT 43.  
  Leadership skills for aviation professionals, with emphasis on FAA Crew Resource Management. This course will introduce students to the skills required to work in an aviation group environment. Students will be able to identify personality types and temperaments, analyze skills necessary to manage and improve individual performance, work effectively in the team environment, and recognize human factors that affect air traffic control, identify “threat and error” countermeasures.

- **AIRT 253 — Work Experience in Air Traffic Control**  
  1 Unit  
  Degree Applicable  
  (May be taken for Pass/No Pass only)  
  75 hours lab  
  Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
  Formerly AIRT 47.  
  On-the-job experience in an approved FAA work station. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester.

AIR TRAFFIC CONTROL

- **AIRM 65A — Aircraft Powerplant Maintenance**  
  13 Units  
  Degree Applicable, CSU  
  108 hours lecture  
  376 hours lab  
  Advisory: AIRM 70A and AIRM 71  
  Electrical theory, series and parallel circuits, batteries, and electrical measuring instruments. Required for Federal Aviation Administration (FAA) certification.

- **AIRM 65B — Aircraft Powerplant Maintenance**  
  13 Units  
  Degree Applicable, CSU  
  108 hours lecture  
  376 hours lab  
  Prerequisite: AIRM 65A or (AIRM 90A and AIRM 90B and AIRM 96A and AIRM 96B)  
  Reciprocating and turbine engine systems and components. Approved and required for the Federal Aviation Administration (FAA) powerplant certification and Airframe and Aircraft Powerplant Maintenance Technology major.

- **AIRM 66A — Aircraft Airframe Maintenance Structures**  
  13 Units  
  Degree Applicable, CSU  
  108 hours lecture  
  376 hours lab  
  This course is approved by the Federal Aviation Administration (FAA) and required for all Aircraft Powerplant and Airframe Maintenance Technology majors. Topics span aerodynamics, design theory, construction, inspection, maintenance, repair and alteration of aircraft airframe structures.

AIR TRAFFIC CONTROL

- **AIRM 66B — Aircraft Maintenance Technology: Reciprocating and Turbine**  
  13 Units  
  Degree Applicable, CSU  
  108 hours lecture  
  376 hours lab  
  Prerequisite: AIRM 66A OR (AIRM 90A and AIRM 90B and AIRM 91A and AIRM 91B)  
  Airframe systems and components. Approved and required for the Federal Aviation Administration (FAA) and required airframe certification and the Airframe and Aircraft Powerplant Maintenance Technology major.

- **AIRM 70A — Aircraft Maintenance Electricity and Electronics**  
  3 Units  
  Degree Applicable  
  36 hours lecture  
  71 hours lab  
  Advisory: AIRM 71  
  Electrical theory, series and parallel circuits, batteries, and electrical measuring instruments. Required for Federal Aviation Administration (FAA) certification.

- **AIRM 70B — Aircraft Maintenance Electricity and Electronics**  
  3 Units  
  Degree Applicable  
  36 hours lecture  
  71 hours lab  
  Advisory: AIRM 70A and AIRM 71  
  Principles of alternating current electricity with emphasis on components and circuits. Required for FAA certification.

<td>72 hours lecture</td>
<td>Prerequisite: Satisfactory score on the English Placement Test or successful completion of AMLA 41W or noncredit ESL Level 5 or 6 or VESL</td>
<td>Intermediate grammar and writing for non-native speakers.</td>
</tr>
<tr>
<td>AMLA 43W</td>
<td>American Language Advanced Writing</td>
<td>4</td>
<td>Not Degree Applicable</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>72 hours lecture</td>
<td>Prerequisite: Satisfactory score on the English Placement Test or successful completion of AMLA 42W</td>
<td>Advanced grammar and writing for non-native speakers.</td>
</tr>
<tr>
<td>AMLA 56</td>
<td>American Language Nouns and Articles</td>
<td>1</td>
<td>Not Degree Applicable</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>18 hours lecture</td>
<td></td>
<td>Concentrates on count and non-count nouns, article usage and other determiners for non-native learners of English. Writing practice and exercises will emphasize correct usage of these structures in writing and speaking.</td>
</tr>
<tr>
<td>AMLA 57</td>
<td>American Language Verb Review I</td>
<td>1</td>
<td>Not Degree Applicable</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>18 hours lecture</td>
<td></td>
<td>Concentrates on verb tense, form, and use for non-native learners of English. Practice in present, past, and future verb tense forms, meaning, and use in both spoken and written English, with special emphasis on writing for college courses.</td>
</tr>
<tr>
<td>AMLA 58</td>
<td>American Language Verb Review II</td>
<td>1</td>
<td>Not Degree Applicable</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>18 hours lecture</td>
<td></td>
<td>Advanced work on modals, passive voice, passive modals, and conditionals for non-native English students. Exercises and writing practice will emphasize improved verb usage in writing.</td>
</tr>
<tr>
<td>AMLA 59</td>
<td>American Language Prepositions</td>
<td>1</td>
<td>Not Degree Applicable</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>18 hours lecture</td>
<td></td>
<td>Spoken and written practice in prepositions for non-native English learners. Students will analyze prepositions and idiomatic expressions through reading and will apply their knowledge to written work.</td>
</tr>
<tr>
<td>AMLA 60</td>
<td>American Language Verb Review III</td>
<td>1</td>
<td>Not Degree Applicable</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>18 hours lecture</td>
<td></td>
<td>Advanced work on gerunds, infinitives and participles for non-native English students. Exercises and writing practice will emphasize improved verb usage in writing.</td>

</table>
ANTH 30 — The Native American 4 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Advisory: Eligibility for READ 100
Prehistory and history of Native Americans. Overview of the classification system used to organize particular groups into culture areas related to adaptive strategies. Identification of world contributions and contemporary issues for modern Native Americans.

ARCH 101 — Design I - Elements of Design 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Formerly ARCH 10.
Investigations will stress symbolic expression, aesthetics, craftsmanship, technical skills, vocabulary and physical object making through the design of multi-family residential, institutional and cultural buildings. Field trips are required.

ARCH 102 — Design II - Architectural Design 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Corequisite: ARCH 122 or ARCH 23
Advisory: ARCH 10 and ARCH 11 or ARCH 101 and ARCH 141
Second level architectural design studio with a focus on site analysis, design conceptualization, form making, program development and presentation. Emphasis is on critical thinking and problem solving integrated with the artistic design process. Investigations will stress symbolic expression, aesthetics, craftsmanship, technical skills, vocabulary and physical object making through the design of multi-family residential, institutional and cultural buildings. Field trips are required.

ARCH 121 — CADD and Digital Design Media Level I 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Formerly ARCH 16.
CADD Level I (Computer Aided Design and Drafting) and computer application in architecture, engineering and related fields, including spreadsheet, CAD, and presentation application. Field trips required.

ARCH 122 — Architectural Presentations 4 Units
Degree Applicable, CSU
54 hours lecture
54 hours lab
Corequisite: ARCH 21 or ARCH 102
Advisory: ARCH 10, ARCH 11 or ARCH 101, ARCH 141
Formerly ARCH 23.
Analysis and presentation of architectural presentation projects, including schematic and final design, architectural models, oral presentation techniques, board layouts using hand-drawn and computer-aided techniques, and development of project portfolio. Field trips required.

ARCH 141 — Design Drawing and Communication 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Formerly ARCH 11.
Architectural drawing techniques including graphic standards, scales, orthographic, paraline, and perspective projections. Field trips required.

ARCH 142 — Architectural Materials and Specifications 4 Units
Degree Applicable, CSU
54 hours lecture
54 hours lab
Advisory: Eligibility for MATH 51
Formerly ARCH 12.
Building materials and specifications used in architecture and construction. Includes a lab component of common building material applications. Field trips required.

ARCH 145 — Building and Zoning Codes 3 Units
Degree Applicable, CSU
54 hours lecture
Advisory: ARCH 141 or ARCH 11
Formerly ARCH 14.
Building and zoning codes, including code requirements related to architectural design and construction documentation. Process of obtaining design approvals and building permits from proper authorities having jurisdiction.

ARCH 146 — Architectural Drawings and Fabrications 3 Units
Degree Applicable, CSU
36 hours lecture
71 hours lab
Advisory: ARCH 141 (formerly ARCH 11)
Formerly ARCH 15.
Architectural working drawings and construction documents for light frame construction. Field trips required.

ARCH 147 — Architectural CAD and BIM 3 Units
Degree Applicable, CSU
36 hours lecture
71 hours lab
Advisory: ARCH 141 or ARCH 11, or ARCH 121 or ARCH 16
Formerly ARCH 18.
3-D Computer Aided Design and Drafting (CAD) and Building Information Modeling (BIM) for architectural design and design development. Portfolio of 3-D building models and extracted 2-D drawings will be produced. Field trips required.

ARCH 201 — Design III - Environmental Design 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Advisory: ARCH 21, ARCH 23 or equivalent experience
Formerly ARCH 27.
Theory and principles of environmental design as applied to architecture, landscape architecture, urban design, urban planning and (civil) engineering. Portfolio will be produced. Field trips required.

</thead>
<tbody>
<tr>
<td>ANIM 100 — Digital Paint and Ink</td>
<td>3</td>
<td>Degree Applicable, CSU</td>
<td>36 hours lecture</td>
<td>Illustration skills used in digital animation and game production. Focuses on digital illustration tools, including painting and drawing using vector and bitmap for animation environments.</td>
</tr>
<tr>
<td>ANIM 101A — Drawing - Gesture and Figure</td>
<td>3</td>
<td>Degree Applicable, CSU</td>
<td>36 hours lecture</td>
<td>Contemporary and traditional approaches to sketching objects and the human figure using drawing techniques for rapid visualization. Emphasizes and develops perceptual and technical skills for capturing basic visual mechanics of motion and gesture.</td>
</tr>
<tr>
<td>ANIM 101B — Figure Gesture - Design</td>
<td>3</td>
<td>Degree Applicable</td>
<td>36 hours lecture</td>
<td>Contemporary and traditional approaches to sketching the human figure using drawing techniques for rapid visualization. Emphasizes and develops personal interpretation, individual expression, and media exploration.</td>
</tr>
<tr>
<td>ANIM 104 — Drawing Fundamentals</td>
<td>3</td>
<td>Degree Applicable, CSU</td>
<td>36 hours lecture</td>
<td>Emphasizes creative expression through the use of drawing media and techniques. Emphasis is placed on use of construction, light logic, atmospheric and linear perspective, and gesture directed toward animation. Includes basic drawing skills and methods of achieving compositional integrity through objective analysis and synthesis. May require off-campus assignments.</td>

</tbody>
</table>
| ANIM 107    | Figure in Motion                                 | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 101A or ARTD 17A  
Drawing human figures in motion. Anatomical landmarks, proportion, light and shadow, line composition, figure-ground relationship, the interaction of form and content, and the expressive potential of the human figure will be explored. |
| ANIM 108    | Principles of Animation                          | 3     | Degree Applicable, CSU                                                                                                                        | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 108  
Principles of drawing for traditional animation concentrating on the mechanics of movement, timing, and emotion for the creation of expressive line drawings. |
| ANIM 109    | Advanced Principles of Animation                 | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 108  
Advanced principles of animation including mechanics of motion, weighted movement, lip sync and expression applied to story, staging, and character development. Focus will be on the animated film process from script to storyboards, timing sheets, key posing, inbetweening and clean-up through the completion of a final animation. |
| ANIM 110    | Animal Drawing                                   | 1.5   | Degree Applicable                                                                                                                                  | 18 hours lecture 36 hours lab  
Prerequisite: ARTD 15A or ANIM 104  
Explores traditional and contemporary approaches to sketching and drawing animals. Gesture, anatomical structure, proportion, line and action analysis will be explored. Requires several off-campus field trips. |
| ANIM 111A   | Animal Drawing                                   | 1.5   | Degree Applicable                                                                                                                                  | 18 hours lecture 36 hours lab  
Prerequisite: ANIM 110  
Contemporary and traditional approaches to sketching animals using drawing techniques for rapid visualization. Emphasizes and develops elements of design for the purposes of visual communication and storytelling Requires several off-campus field trips. |
| ANIM 115    | Storyboarding                                    | 3     | Degree Applicable, CSU                                                                                                                        | 36 hours lecture 71 hours lab  
Prerequisite: ARTD 15A or ANIM 104  
Storyboarding with emphasis on storytelling, cinematography, drawing, and notation as it relates to the animation industry. |
| ANIM 116    | Character Development                            | 1.5   | Degree Applicable                                                                                                                                  | 18 hours lecture 36 hours lab  
Prerequisite: ARTD 15A or ANIM 104  
Drawing and development of characters for animation. Observation of details for character attitude, personality, movement, posing, dialogue, mouth positions, body language, and consistent drawing techniques for model sheets will be explored. |
| ANIM 117    | Animation Background Layout                      | 3     | Degree Applicable, CSU                                                                                                                        | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 115 or ARTD 16  
Drawing and painting techniques as applied to layout and background design. |
| ANIM 120    | Introduction to 3D Modeling                      | 3     | Degree Applicable, CSU                                                                                                                        | 36 hours lecture 71 hours lab  
Corequisite: ANIM 100 (May have been taken previously)  
Introduction to 3D modeling techniques using animation and gaming industry-standard software. |
| ANIM 130    | Introduction to Gaming                           | 3     | Degree Applicable, CSU, UC                                                                                                                      | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 130  
Prerequisite: ANIM 132  
(May be taken for option of letter grade or Pass/No Pass)  
The field of game design including the principles, tools, and strategies for designing various types of games. |
| ANIM 131    | Advanced 3-D Modeling                            | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Advisory: ANIM 132  
3-D modeling with a focus on designing and rigging a character for animation. Includes UV texture mapping, character control for animation, and facial expressions using blend-shape animation. |
| ANIM 132    | Intermediate 3D Modeling                         | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 130 and ANIM 100  
Advisory: ANIM 104  
3D modeling and texturing methods used in the film and game industries using Maya software. Topics covered include UV unwrapping, Photoshop texture painting, and organic modeling techniques. |
| ANIM 135    | Animation Environment and Level Design           | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 130 and ANIM 132  
3D digital environment including designing, modeling, texturing, and lighting for computer graphic games, television programs, or films. Includes environment levels for computer graphic games. |
| ANIM 137A   | Work Experience in New Digital Media             | 1-3   | Degree Applicable                                                                                                                                  | 75 to 225 hours lab  
(May be taken for Pass/No Pass only)  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog AND ANIM 132  
This course provides college credit and instructional guidance in conjunction with work experience in areas of New Digital Media at an approved work site related to a certificate or degree program of study. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit. Instructor approval required. |
| ANIM 141    | 2D Game Level Design                             | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 131  
Design of game levels based upon storytelling, platform and theme. Includes asset development of background, user interface, and character art. |
| ANIM 145    | Advanced 3-D Modeling                            | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 130  
Advisory: ANIM 132  
3-D modeling with a focus on designing and rigging a character for animation. Includes UV texture mapping, character control for animation, and facial expressions using blend-shape animation. |
| ANIM 146    | Advanced 3-D Animation                           | 3     | Degree Applicable                                                                                                                                  | 36 hours lecture 71 hours lab  
Prerequisite: ANIM 130  
Advisory: ANIM 132  
3-D character animation principles and procedures used in computer graphics, games, film, and television. Includes walk, run, and action sequences for rigged characters using graph editor. |

</table>
Graphic design concepts, theories, and strategies for the design and layout of printed commercial art. Covers typical printed products including advertisements, flyers, brochures, posters, newsletters, books, and catalogs. Focuses on using Adobe InDesign with additional exposure to Photoshop and Illustrator.

**ARTC 120 — Graphic Design II**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 100
Corequisite: ARTD 20 (May be taken previously)
Graphical design concepts, theories, and strategies for the design and layout of printed commercial art. Covers typical printed products including advertisements, flyers, brochures, posters, newsletters, books, and catalogs. Focuses on using Adobe InDesign with additional exposure to Photoshop and Illustrator.

**ARTC 140 — Graphic Design III**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 100 and ARTD 20
Digital illustration, design, skills, and concepts working primarily with vector art. Focuses on using Adobe Illustrator as the primary development tool.

**ARTC 160 — Typography**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 100 and ARTD 20
Design and use of basic letterforms, type families, characteristics, history, and principles of typography in graphic design. Traditional and digital skills for the art of typeface design, typographic layout, expressive typography, and conceptual thinking.

**ARTC 163 — Dynamic Sketching**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTD 15A or ANIM 104
Essential tools to conceptualize, communicate, and express creative ideas dynamically through the art of sketching. Emphasis on problem solving through the sketching process for illustrators, animators, entertainment designers, and fine artists.

**ARTC 165 — Illustration**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTD 15A or ANIM 104
Corequisite: ARTD 20 or ARTD 21 or ARTD 17A or ANIM 101A (any of which may have been taken previously)
Contemporary illustration with an emphasis on story, editorial, and advertising applications. Proper use of illustrative rendering techniques in traditional drawing and painting media, paper, and their integration to electronic media. Using professional illustration software, peripherals, and color laser printing, students advance to produce more complex illustrations.

**ARTC 166 — Visual Development**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 163 or (ANIM 101A AND ARTD 16)
Development of visual concepts and storytelling for entertainment illustration through use of value, design, color and composition as symbolic tools for communication. Students cannot receive credit for both ARTC 167 and ANIM 167.

**ARTC 168 — Conceptual Illustration**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTD 15A and (ARTD 25A or ARTC 165)
Advisory: ANIM 101A
Development of visual concepts and vocabulary to create unique and provocative editorial illustration interpretations based on social, cultural, and political issues. Exploration of personal style and media with emphasis on contemporary art trends.

**ARTC 200 — Web Design**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 100 and ARTD 20
Design, usability, production and marketing of web sites using contemporary development methods including HTML 5 and CSS 3.

**ARTC 215 — Motion Graphics, Compositing and Visual Effects**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 100 or ANIM 100
Intermediate to advanced graphic design concepts, composition, photo editing, and photo retouching. Focuses on using Adobe After Effects and other industry standard software. ANIM 172 and ARTC 272 cannot both be taken for credit.

**ARTC 220 — Graphic Design IV**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: ARTC 100 and ARTD 20
Advisory: ARTC 140
Elements of motion graphics and visual effects including design, typography, animation, compositing, and editing in a production environment (i.e. TV, Film, DVD, or Web). Focuses on using Adobe After Effects and other industry standard software. ANIM 172 and ARTC 272 cannot both be taken for credit.

**ARTC 280 — Commercial Art Studio**
- 3 Units
- 36 hours lecture
- 71 hours lab
Collaborative and interdisciplinary teams will research, design, produce, and deliver commercial art projects. Projects will be “real world” and complex in scope, typically involving clients from the college or community. Professor approval required.

**ARTC 289 — Portfolio**
- 3 Units
- 36 hours lecture
- 71 hours lab
Prerequisite: Completion of a minimum of 15 semester units in one of the following programs: Graphic Design, Illustration, Animation and Gaming, Architectural Design, Art, Fashion Merchandising, Industrial Design, Interior Design, or Photography.
Selection, preparation, and assembly of a portfolio, book, or package of works of art, including digital and multimedia formats, that represent individual interests and strengths of students from the visual arts disciplines for use in entering a four-year institution, professional art school, or professional field of choice. Also includes cover letter and resume preparation. The instructor will verify that the prerequisite has been met.
## Course Descriptions

### ARTS 299 — Work Experience in Graphic Design
1 to 3 Units  
Not Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)  
75 to 225 hours lab  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
Advisory: ARTC100 AND ARTC 120 AND ARTC 140 AND ARTC 200 AND ART 20 AND PHOT 5  
Work experience in graphic design, web design, media design, advertising design, illustration or other graphic design related field in an approved work site. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each unit of credit. It is recommended that the hours per week are equally distributed throughout the semester.

### ARTS 22 — Design: Three-Dimensional
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Prerequisite: Eligibility for ENGL 68  
Develops perception and enhances decision making within the three-dimensional world. Emphasis is placed on concept development and artistic expression utilizing principles and elements of three-dimensional design as well as practical experiments with various media.

### ARTS 30A — Ceramics: Beginning I
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Clay, glazes and firing through lecture and projects in hand building and on the wheel. Emphasis on developing skills, vocabulary, analysis of form, function and aesthetics through projects, oral and written criticism. Field trip required.

### ARTS 30B — Ceramics: Beginning II
3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTS 30A  
Clay, glazes and firing. Emphasis is on repetition of forms, integrating hand building and wheel work for a single object, up to 5 pounds of clay and developing vocabulary, skill and aesthetics. Field trip required.

### ARTS 31 — Ceramics: Advanced Studio
2 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: ARTS 30B  
Advanced study of ceramics with emphasis on integrating form and surface with content and developing a personal style. Loading, firing and unloading kilns included. Field trips required.

### ARTS 33 — Ceramics: Hand Construction
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Clay, glazes and firing through projects that are hand built. Emphasis on developing skills, vocabulary and analysis of form, function, and craftsmanship through projects, discussion, oral and written criticism. Field trip required.

### ARTS 34 — The Sculptural Vessel
3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
18 hours lecture  
108 hours lab  
Prerequisite: ARTS 30A  
Advisory: ARTS 33  
Advanced study of the ceramic vessel through the integration of technique, form and content. Field trip required.

### ARTS 40A — Sculpture: Beginning
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Traditional and contemporary approaches to sculpture. Principles of sculptural design, concept development, technique and materials as an integral part of creative expression.

### ARTS 40B — Sculpture: Intermediate
3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTS 40A  
Sculpture projects in subtractive, additive and manipulative approaches.

### ARTS 40C — Sculpture: Carving
3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTS 40A  
Advanced projects in stone or wood carving offering the opportunity to further explore carving using hand, power and pneumatic tools. Emphasis is on individual interpretation.

### ARTS 41A — Sculpture: Life
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Modeling from the human figure with emphasis on composition, gesture, motion and human anatomy as it informs sculptural form. Development of perceptual and technical skills in clay modeling from the human figure.

### ARTS 41B — Sculpture: Intermediate Life
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Prerequisite: ARTS 41A  
Sculptural study of the human figure with emphasis on artistic development and stylistic exploration of human anatomy using materials and techniques suitable for the human form.

### ARTS 42 — Sculpture: Mold Making
3 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Construction and use of flexible and plaster molds.

### ARTS 46A — Sculpture: Special Effects Makeup
3 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Advisory: ARTS 42  
Modeling, molding, casting of makeup appliances and masks to the human figure.
 Linear perspective drawing techniques for artists and illustrators. Prerequisite: ARTD 15A or ANIM 104 71 hours lab 36 hours lecture

Sculpture special effects modeling, molding and casting techniques and materials applied to create appliances for the full human head, torso or mouth. 

Extended sculpture experiences supplementary to those available in sculpture courses. Allows the student to pursue more advanced and complex sculpture projects with emphasis on the development of an individual creative direction. Content of each course and the methods of study vary from semester to semester.

**ART: TWO-DIMENSIONAL STUDIO ARTS**

**ARTD 15A — Drawing: Beginning** 3 Units (C-ID ARTS 110) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
An entry level course emphasizing creative expression through the use of drawing media. Emphasis is placed on basic drawing methods and skills, composition and exploration of drawing media.

**ARTD 15B — Drawing: Intermediate** 3 Units (C-ID ARTS 205) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 15A
Drawing course emphasizing perceptual and technical skills to compose in dry and fluid media. Uses the formal elements and principles in black, white and color in representational and expressionistic styles.

**ARTD 16 — Drawing: Perspective** 3 Units (C-ID ARTS 206) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 15A or ANIM 104
Linear perspective drawing techniques for artists and illustrators.

**ARTD 17A — Drawing: Life** 3 Units (C-ID ARTS 200) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 15A or ANIM 104
Contemporary and traditional approaches to drawing the human figure. Surface anatomy, proportion, line, light and shadow, composition, and the expressive potential of the human figure will be explored.

**ARTD 17B — Drawing: Life-Advanced** 3 Units Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 17A
Contemporary and traditional approaches to drawing the human figure. Anatomy, proportion, line, light and shadow, composition, personal style and the expressive potential of the human figure will be explored.

**ARTD 18 — Design: Two-Dimensional** 3 Units (C-ID ARTS 200) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: Eligibility for ENGL 68
Two-dimensional composition in achromatic value and color using the elements and principles of art and design. Emphasis on vocabulary, theory, and analysis of the formal elements and principles as they apply to studio projects in design for all disciplines of the arts. Off-campus assignments may be required.

**ARTD 19A — Figure Painting** 3 Units Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 17A
Painting the draped and nude figure with emphasis on observation and accurate representation. Through poses of various lengths, students will learn to depict the human figure using light logic, color palettes, compositional devices, and painting techniques.

**ARTD 19B — Figure Painting** 3 Units Degree Applicable 36 hours lecture 71 hours lab
Prerequisite: ARTD 17A
Painting the draped and nude figure with emphasis on observation and accurate representation. Through poses of various lengths, students will learn to depict the human figure using light logic, color palettes, compositional devices, and painting techniques.

**ARTD 20 — Design: Two-Dimensional** 3 Units (C-ID ARTS 100) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: Eligibility for ENGL 68
Two-dimensional composition in achromatic value and color using the elements and principles of art and design. Emphasis on vocabulary, theory, and analysis of the formal elements and principles as they apply to studio projects in design for all disciplines of the arts. Off-campus assignments may be required.

**ARTD 21 — Design: Color and Composition** 3 Units (C-ID ARTS 270) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 20
Color theory and relationships of pigment and light. Emphasis on color harmonies, color matching, the effects of light, color perception and expression in their application to design and composition and as used in all disciplines of the arts.

**ARTD 22 — Design: Color** 3 Units Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 21
Color theory and relationships of pigment and light. Emphasis on color harmonies, color matching, the effects of light, color perception and expression in their application to design and composition and as used in all disciplines of the arts.

**ARTD 23A — Drawing: Head and Hands** 1.5 Units Degree Applicable, CSU, UC 18 hours lecture 36 hours lab
Prerequisite: ARTD 15A or ANIM 104
Contemporary and traditional approaches to constructing images of the human head and hands. Anatomy, proportion, light logic, composition, expression and the interaction of form and content.

**ARTD 23B — Drawing: Advanced Heads and Hands** 1.5 Units Degree Applicable 18 hours lecture 36 hours lab
Prerequisite: ARTD 23A
Explores contemporary and traditional approaches to drawing the human head and hands. Emphasizes and develops techniques for rendering as well as capturing a likeness.

**ARTD 23C — Drawing: Expressive Heads and Hands** 1.5 Units Degree Applicable 18 hours lecture 36 hours lab
Prerequisite: ARTD 23A
Explores contemporary and traditional approaches to sketching the human head and hands. Emphasis is placed on personal interpretation, individual expression, and media exploration.

**ARTD 24 — Design: Three-Dimensional** 3 Units (C-ID ARTS 310) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Development of basic paint applications in various styles and subjects focusing on the formal elements of composition, light logic, and color.

**ARTD 25A — Beginning Painting I** 3 Units (C-ID ARTS 210) Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 25A
Creation of large paintings through various styles including mixed media. Includes conceptualization and communication of ideas and solving compositional and technical painting problems with a variety of materials.

**ARTD 25B — Beginning Painting II** 3 Units Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 25A
Creation of large paintings through various styles including mixed media. Includes conceptualization and communication of ideas and solving compositional and technical painting problems with a variety of materials.

**ARTD 26A — Intermediate Painting I** 3 Units Degree Applicable, CSU, UC 36 hours lecture 71 hours lab
Prerequisite: ARTD 25B
Creation of large paintings focusing on conceptual issues and art historical influences. Conceptualization of work is done by responding to current and past art movements and popular culture in order to create unique artworks.
Course Descriptions

ARTD 26B — Intermediate Painting II 3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 26A  
Development of personal style focusing on conceptual issues and art historical influences. Students will conceptualize their work by responding to current and past art movements and popular culture in order to create unique artworks.

ARTD 27 — Painting: Watercolor 3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 15A OR ARTD 20 OR ARTD 25A  
Watercolor techniques as they relate to compositional and technical processes in painting. Emphasis is placed upon painting skills as related to transparent watercolor methods as well as exploration into opaque and mixed-media approaches. Off-campus assignments may be required.

ARTD 43A — Introduction to Printmaking 3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Creative techniques in fine art printmaking using relief and intaglio processes. Emphasis is on developing skills, vocabulary and analysis of its aesthetics, historical context, cultural traditions and craftsmanship through projects, discussion, and oral and written criticism. Field trips may be required.

ARTD 43B — Intermediate Printmaking in Intaglio/Relief 3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 43A  
Creation of complex editioned color prints in relief and intaglio printmaking from multiple matrices. Focus is on color registration, project collaboration, and learning how to combine different printing techniques in order to realize personal artistic expression. Field trips may be required.

ARTD 44A — Printmaking: Introduction to Lithography I 3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 44A  
Development of personal style focusing on conceptual issues and art historical influences. Students will conceptualize their work by responding to current and past art movements and popular culture in order to create unique artworks.

ARTD 44B — Printmaking: Intermediate Lithography 3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 44A  
Single and multi-color composition in lithographic printmaking. Focus is on techniques in stone lithography, color registration, and composition issues. Field trips may be required.

ARTD 45A — Printmaking: Introduction to Screenprinting 3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Creative techniques in fine art screenprinting printmaking. Emphasis is on developing skills, vocabulary and critical understanding of the different stencil methods used in serigraphy. Screenprinting's aesthetics, historical context and role in contemporary society are examined through projects, discussion of craftsmanship and content by oral and written discussion and criticism. Field trips may be required.

ARTD 45B — Printmaking: Intermediate Screenprinting 3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 45A  
Complex multi-color registration in screenprinting. Emphasis on registration of colors, exploration of printing on a variety of substrates, and integration of social and political issues in print design. Field trips may be required.

ARTD 46A — Printmaking: Introduction to Monotype 3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 46A  
Painterly printmaking with a focus on monotype, monoprint, and collography printing. Field trips may be required.

ARTD 46B — Intermediate Painterly Printmaking 3 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
71 hours lab  
Prerequisite: ARTD 46A  
Painterly printmaking techniques such as viscosity etchings and the complexities of simultaneous relief and intaglio printing inherent in collography. Emphasis on achieving personal artistic expression. Field trips may be required.

ASTR 5H — Introduction to Astronomy - Honors 3 Units  
Degree Applicable  
54 hours lecture  
Prerequisite: Eligibility for ENGL 1A  
An honors course designed to provide an enriched experience. An introductory, non-technical survey of the Universe. Fundamental concepts and facts of astronomy. Topics include the origin and evolution of planets, stars, and galaxies; results of space exploration and modern cosmology. Enroll in ASTR 5L to receive laboratory science credit. Field trips may be required.

ASTR 5 — Introduction to Astronomy 3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 1A  
An introductory, non-technical survey of the Universe. Fundamental concepts and facts of astronomy. Topics include the origin and evolution of planets, stars, and galaxies; results of space exploration and modern cosmology. Enroll in ASTR 5L to receive laboratory science credit. Field trips may be required.
Catalog Cover

Course Descriptions

BIOLOGY

BIO 1 — General Biology 4 Units
54 hours lecture
54 hours lab
Prerequisite: Eligibility for ENGL 68
Advisory: READ 90
Major principles and concepts, including cellular biology, energy relationships, biological systems, heredity, evolution and ecology for non-science majors.

BIO 2 — Plant and Animal Biology 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Prerequisite: BIO 1 or BIOL 4; and MATH 71
Organismal biology including concepts in systematics, evolution, plant and animal physiology, ecology, and biotic relationships. Field trips are required.

BIO 3 — Ecology and Field Biology 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Advisory: Eligibility for ENGL 1A
Identification and ecological relationships of common local plants and animals. Emphasizes evolutionary relationships; ecology including animal behavior, communities, ecosystems, wilderness and wildlife preservation, and population dynamics. Techniques of collecting and preserving. Many laboratory meetings conducted off-campus; most trips require walking and/or hiking. Hiking, weekend and other field trips required.

BIO 4 — Biology for Majors 4 Units
Degree Applicable, CSU, UC
54 hours lecture
71 hours lab
Prerequisite: (CHEM 10 or CHEM 40) AND MATH 71
Principles of biology required for advanced study, including cellular and molecular biology, bioenergetics, genetics, reproduction, evolution, biodiversity, and ecology. General Biology for science majors. One hour discussion group per week. Field trips with extensive hiking required.

BIO 4H — Biology for Majors - Honors 4 Units
Degree Applicable, CSU, UC
54 hours lecture
71 hours lab
Prerequisite: Acceptance into the Honors Program; (CHEM 40 or CHEM 10) AND MATH 71
Principles of biology required for advanced study including concepts of cellular and molecular biology, bioenergetics, genetics, reproduction, evolution, biodiversity and ecology. An honors course designed to provide an enriched experience. Students may not receive credit for both BIO 4 and BIO 4H. Field trips with extensive hiking required.

BIO 5 — Contemporary Health Issues 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Contemporary health issues known to affect the quality and longevity of life. Topics include: sexuality and reproduction, stress management, fitness and nutrition, substance use and abuse, and environmental quality. Emphasis on prevention of illness and injuries.

BIO 6 — Humans and the Environment 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Ecological concepts to aid understanding the Earth’s environmental crisis and determining courses of action to correct the problem. Emphasis will be placed on specific problems of population, pollution, preservation of wildlife and wilderness, and open space. A historical appraisal of human attitudes toward the land and of the necessity of developing a new land ethic.

BIO 6L — Humans and the Environment Laboratory 2 Units
Degree Applicable, CSU, UC
108 hours lab
Corequisite: BIO 6 (may have been taken previously)
Investigates major principles and problems of humans and the environment in the field and in the biological science laboratory. Most laboratory meetings will be conducted at off-campus locations. Some trips will require significant amounts of walking. Course includes one weekend field trip. Taking BIO 6 prior to BIO 6L is highly recommended.

BIO 8 — Cell and Molecular Biology 4 Units
Degree Applicable, CSU, UC
54 hours lecture
54 hours lab
Prerequisite: BIO 4 or BIO 4H, and CHEM 50
Cell and molecular biology including eukaryotic cells, eukaryotic organelles, protein structure and function; DNA and RNA structure and function; protein synthesis; genome organization in viruses, prokaryotes and eukaryotes; gene cloning; protein and DNA technology and applications of genetic engineering.

BIO 13 — Human Reproduction, Development and Aging 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Human Development, from conception to death. Conception, growth, maturation and aging are studied as a natural continuum, influenced by our biophysical and psychosocial environment. Includes developmental theories and scientific methods used to study development. Field trips to several off-campus sites are required.

ASTR 5L — Astronomical Observing Laboratory 1 Unit
Degree Applicable, CSU, UC
54 hours lab
Corequisite: ASTR 5 or 5H OR 7 or 8 (May have been taken previously)
Advisory: Math 51
Practical experience in astronomy including use of telescopes and demonstrations in the college planetarium. Occasional evening observing sessions with the telescopes and other field trips are required.

ASTR 7 — Geology of the Solar System 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Geological features and evolution in the solar system. Course surveys techniques used to study cratering, tectonic and volcanic activity, weathering, landsliding, erosion and faulting. Emphasis on solid surfaces other than Earth. Enroll in ASTR 5L to receive lab science credit. Field trips required.

ASTR 8 — Introduction to Stars, Galaxies, and the Universe 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Survey of current astronomical models, structure and evolution of stars, galaxies, and the universe. Field trips required. Enroll in ASTR 5L to receive lab science credit.

ASTR 99 — Special Projects in Astronomy 2 Units
Degree Applicable, CSU
36 hours lecture
In order to offer students recognition for their academic interests and ability, and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Student must have instructor’s authorization before enrolling in this class. Students who repeat this course will improve skills through further instruction and practice.

Faculty of Science

Degree Applicable, CSU, UC

Course Descriptions

BUSA 8 — Principles of Accounting - Managerial  5 Units
(C-ID ACCT 120) Degree Applicable, CSU, UC
90 hours lecture
Prerequisite: BUSA 7
Managerial accounting concepts and principles. Includes the role of managerial accounting, cost management concepts, cost behavior and relevant costs, job order and process costing, cost-volume-profit analysis, absorption and variable costing, profit planning and budgeting, standard costing and flexible budgeting, responsibility accounting and segment reporting, capital budgeting decisions, activity based costing, and cost management for just in time environments. Excel spreadsheet software is used to solve accounting problems or decision making in business.

BUSA 11 — Fundamentals of Accounting  3 Units
Degree Applicable
54 hours lecture
Prerequisite: BUSA 68 or eligibility for MATH 50
Accounting vocabulary and theory, equations to solve word problems, simple and compound interest, present value, consumer and business credit, mortgages, financial statements and ratios, inventory, depreciation, business taxes, investments.

BUSA 21 — Cost Accounting  4.5 Units
Degree Applicable
72 hours lecture
18 hours lab
Prerequisite: BUSA 8
Practical and theoretical concepts of cost accounting. Includes variable and fixed costs, cost-volume-profit analysis, job order and process costing, activity-based costing, general and flexible budgeting, standard costs, product costing and pricing methods, cost allocation, inventory management, capital budgeting, and transfer pricing.

BUSA 52 — Intermediate Accounting  3 Units
Degree Applicable
54 hours lecture
Prerequisite: BUSA 8
Accounting concepts and principles and an in-depth analysis of the balance sheet and income statement. Emphasis is placed on the changing nature of principles and practices, the application of present-value concepts, the complexity of transactions that arise in a multifaceted economic environment and the use of accounting information in decision making.

BUSA 58 — Federal Income Tax Law  3 Units
Degree Applicable
54 hours lecture
Prerequisite: BUSA 7 or BUSA 72
Federal income tax law as related to individuals, with comparison to partnerships, corporations and state. Emphasis is placed on individual income taxes and related problems including research through the use of a federal tax reporting service.

BUSA 68 — Business Mathematics  3 Units
Not Degree Applicable
54 hours lecture
Addition, subtraction, multiplication, division, decimals, percentages, fractions, sign numbers, equations and problem solving.

BUSA 70 — Payroll and Tax Accounting  3 Units
Degree Applicable
54 hours lecture
Prerequisite: Eligibility for BUSA 11
On-the-job payroll accounting. Surveys the various tax procedures required by the employer and employee in filing the correct forms for Social Security, federal, and state income taxes and their reconciliation. Laws related to Worker’s Compensation, State Disability Benefit Laws and Fair Employment Practices are discussed.

BUSA 71 — Personal Financial Planning  3 Units
Degree Applicable, CSU
54 hours lecture
Personal and family financial planning for those who wish to understand their own finances across the lifespan and assist others in money management. Topics include financial goal setting, budgeting, consumer credit, debt management, banking functions, income taxes, home ownership, insurance, investing, and retirement planning. Students may not earn credit for both BUSA 71 and FCS 80.

BUSA 72 — Bookkeeping - Accounting  5 Units
Degree Applicable
90 hours lecture
Prerequisite: BUSA 68 or eligibility for MATH 50
Bookkeeping and accounting principles including the accounting cycle for service and merchandising companies, cash management, payroll and special journals. Computerized simulations and completion of an accounting project for a company.

BUSA 75 — Using Microcomputers in Financial Accounting  1 Unit
Degree Applicable
18 hours lecture
Prerequisite: BUSA 7 or BUSA 72
Accounting concepts utilizing QuickBooks, a general-ledger software program. Hands-on use of a microcomputer to process accounting transactions, prepare statements and reports, and complete accounting cycle tasks. Completion of a computerized accounting practice set will be required.

BUSA 76 — Using Microcomputers in Managerial Accounting  1 Unit
Degree Applicable
18 hours lecture
Prerequisite: BUSA 7 or BUSA 72
Analysis of financial data and preparation of managerial accounting reports using Excel software. Development of what-if formulas to be used as an aid in decision-making. Includes manufacturing and consolidation worksheets, financial statement analysis, and statement of cash flows.

BUSA 81 — Work Experience in Accounting  1 to 4 Units
Degree Applicable
(May be taken for Pass/No Pass only)
75 to 300 hours lab
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
Advisory: BUSA 7 or BUSA 72
Provides accounting students with actual on-the-job experience in an approved work site which is related to classroom-based learning. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. Work experience placement is not guaranteed but assistance is provided. Students who repeat this course will improve skills through further instruction and practice.

BUSO 5 — Business English  3 Units
Degree Applicable
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Skills and techniques of English, as applied to business situations, with emphasis on effective document structure.

BUSO 25 — Business Communications  3 Units
(C-ID BUS 115) Degree Applicable, CSU
54 hours lecture
Prerequisite: ENGL 1A
Written communications including letters and memos meeting a variety of situations in the business environment. Includes writing of good news, bad news, sales, claims, and persuasive correspondence; letters and resumes appropriate to job seeking and application; and practicing oral skills as applied to job interviews and business reports.
BUSC 1A — Principles of Economics - Macroeconomics 3 Units
(C-ID ECON 202) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A, and successful completion of MATH 71 or MATH 71B or MATH 71X
Principles of aggregate economic analysis; economic cycles including recession, unemployment, inflation and economic growth; national income accounts; money and financial institutions; monetary and fiscal policy; alternative economic viewpoint; budget deficits and public debts; international trade and finance.

BUSC 1B — Principles of Economics - Microeconomics 3 Units
(C-ID ECON 201) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: BUSC 1A or BUSC 1AH
Economic analysis with emphasis on price and distribution theory, scarcity, opportunity costs, supply, demand, elasticity of supply and demand, consumer’s behavior, cost theory and output determination under various market structures, factor markets, public choice, income distribution, externalities and government regulation, and comparative economic systems.

BUSC 1BH — Principles of Economics - Microeconomics - Honors 3 Units
(C-ID ECON 201) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: BUSC 1A or BUSC 1AH
Economic analysis with emphasis on price and distribution theory, scarcity, opportunity costs, supply, demand, elasticity of supply and demand, consumer’s behavior, cost theory and output determination under various market structures, factor markets, public choice, income distribution, externalities and government regulation, and comparative economic systems. This is an honors course designed to provide an enriched experience. Students may not receive credit for both BUSC 1B and BUSC 1BH.

BUSC 17 — Applied Business Statistics 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: MATH 71
Statistical reasoning and application of primary statistical techniques used in solving managerial problems. Topics include collection and interpretation of data, measures of central tendency and dispersion, probability distributions, sampling and estimation, hypothesis testing, analysis of variance, linear regression and correlation and index numbers.

BUSC 18 — Business Law 3 Units
(C-ID BUS 125) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Principles of business law emphasizing legal setting of business, nature of the law and court procedures, principles of contract law, sales of goods under the Uniform Commercial Code, torts, ethics, the U.S. Constitution, and criminal law.

BUSC 18H — Business Law - Honors 3 Units
(C-ID BUS 125) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Principles of business law emphasizing legal setting of business, nature of the law and court procedures, principles of contract law, sales of goods under the Uniform Commercial Code, torts, ethics, the U.S. Constitution, and criminal law. An honors course designed to provide an enriched experience. Students may not receive credit for both BUSC 18 and BUSC 18H.

BUSL 10 — Principles of Continuous Quality Improvement 3 Units
Degree Applicable
54 hours lecture
Advisory: Eligibility for ENGL 68
Practical aspects of current U.S. law, including the court system and civil procedures, the U.S. Constitution, legal ethics, tort law, criminal law and procedures, contracts, real estate law, family law, and careers in law. Required for 2+2+3 articulation.

BUSL 100 — Everyday Law 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Practical aspects of current U.S. law, including the court system and civil procedures, the U.S. Constitution, legal ethics, tort law, criminal law and procedures, contracts, real estate law, family law, and careers in law. Required for 2+2+3 articulation.

BUSL 19 — Advanced Business Law 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisites: BUSL 18 and BUSL 19
Principles of business law emphasizing commercial paper, agency, partnerships, corporations, bankruptcy, regulation of trade and real property.

BUSL 20 — International Business Law 3 Units
Degree Applicable
54 hours lecture
Advisory: Eligibility for ENGL 68
A comparative approach to the study of the international legal environment for business. Cultural, political, economic and ethical issues are emphasized as well as traditional business law subjects such as sales, commercial paper, corporate law, agency, licensing, employment, crimes, trade regulation and technology transfers.

BUSM 20 — Principles of Business 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Business and its functions, background, development, organization, and opportunities. Business terms, current trends, methods, contemporary and future problems, and current business practices are covered.

BUSL 100 — Everyday Law 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Practical aspects of current U.S. law, including the court system and civil procedures, the U.S. Constitution, legal ethics, tort law, criminal law and procedures, contracts, real estate law, family law, and careers in law. Required for 2+2+3 articulation.

BUSL 19 — Advanced Business Law 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisites: BUSL 18 and BUSL 19
Principles of business law emphasizing commercial paper, agency, partnerships, corporations, bankruptcy, regulation of trade and real property.

BUSL 20 — International Business Law 3 Units
Degree Applicable
54 hours lecture
Advisory: Eligibility for ENGL 68
A comparative approach to the study of the international legal environment for business. Cultural, political, economic and ethical issues are emphasized as well as traditional business law subjects such as sales, commercial paper, corporate law, agency, licensing, employment, crimes, trade regulation and technology transfers.

- **BUSM 51 — Principles of International Business**: 3 Units
  - 54 hours lecture
  - Advisory: Eligibility for ENGL 68 or BUSO 5
  - International business environment with a global perspective.
  - Introduces global viewpoints across the full spectrum of business functions, including, but not limited to: accounting, finance, human resources, management, operations, production, purchasing, and strategic planning.

- **BUSM 52 — Principles of Exporting and Importing**: 3 Units
  - 54 hours lecture
  - Advisory: Eligibility for ENGL 68 or BUSO 5
  - Practical information needed to participate in activities related to the exporting and importing of goods and services. Includes vocabulary, acronyms and information needed for an understanding of and participating in the exporting and importing of goods and services.

- **BUSM 60 — Human Relations in Business**: 3 Units
  - 54 hours lecture
  - Inter-disciplinary study of how people work and relate at the individual, group and organizational level. Topics include motivation, teamwork, leadership skill and how to handle organizational change.

- **BUSM 61 — Business Organization and Management**: 3 Units
  - 54 hours lecture
  - Advisory: BUSM 20
  - Functions of management, management concepts, planning, organizing, staffing and controlling. Theories of management, lines of authority, functions of departments, and the importance of policies, procedures, and controls.

- **BUSM 62 — Human Resource Management**: 3 Units
  - 54 hours lecture
  - Direction of people including guidance, control supervisory problems, training, job analysis interviewing, testing, rating, and other functions involving human resources. Designed to improve the overall understanding of the relationship between the individual and the business organization.

- **BUSM 66 — Small Business Management**: 3 Units
  - 54 hours lecture
  - Organizing, starting, and operating a small business enterprise. Emphasis on entrepreneurial applications in a small business environment.

</tbody>
</table>
**BUSR 55 — Real Estate Economics**  
3 Units  
Degree Applicable  
54 hours lecture  
**Prerequisite:** BUSR 50  
Analysis of international, national and local factors which determine the value of real estate.

**BUSR 57 — Income Tax Aspects of Real Estate Investments**  
3 Units  
Degree Applicable  
54 hours lecture  
**Prerequisite:** BUSR 50  
Income tax principles governing the acquisition, ownership, operation and disposition of real property investments with special emphasis on tax planning and integration of tax concepts with procedural aspects. May be used as an elective course to satisfy one of the California Department of Real Estate's requirements for the salesperson or broker license.

**BUSR 59 — Real Estate Property Management**  
3 Units  
Degree Applicable  
54 hours lecture  
**Prerequisite:** BUSR 50  
Property management for owners and managers of residential and commercial income properties. Meets California real estate license requirements for salesperson and broker.

**BUSR 60 — Real Estate Investment Planning**  
3 Units  
Degree Applicable  
54 hours lecture  
**Prerequisite:** BUSR 50  
Investment strategies, techniques, systems, and theories involving all forms of real estate with particular emphasis on research methods needed for successful investing.

**BUSR 62 — Mortgage Loan Brokering and Lending**  
3 Units  
Degree Applicable  
54 hours lecture  
**Prerequisite:** BUSR 50  
State and Federal laws that govern the practice of mortgage loan brokering and lending in the State of California as well as mortgage lending history and process. May be used as an elective for the salesperson or broker license.

**BUSR 76 — Escrow Procedures I**  
3 Units  
Degree Applicable  
54 hours lecture  
**Prerequisite:** BUSR 50  
Escrow procedures including processing of case study sales escrows with and without new trust deed financing, including escrow vocabulary, drawing of documents, and other processing details pertinent to handling escrows from inception to closing. May be used as an elective for the salesperson or broker license.

**BUSR 81 — Appraisal: Principles and Procedures**  
3.5 Units  
Degree Applicable  
**Advisory:** BUSR 50  
Principles and procedures of appraising real property with emphasis on residential properties. Required by Office of Real Estate Appraisers (OREA) for all appraisal licenses and by the Department of Real Estate (DRE) for real estate broker license. Provides 60 hours toward DREA requirements for state licensing. Includes all topics listed in Appraisal Qualifications Board (AQB) Basic Appraisal Principles and Basic Appraisal Procedures modules. May be used as the elective course for the salesperson license.

**BUSINESS: SALES, MERCHANDISING, AND MARKETING**

**BUSI 33 — Advertising and Promotion**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
**Prerequisite:** Eligibility for ENGL 68  
Characteristics and role of advertising and promotion in business. Emphasis is placed on promotional mix, trend and forecast research, and developing a comprehensive multimedia promotion plan including advertising layout and copy.

**BUSI 35 — Professional Selling**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
**Prerequisite:** Eligibility for ENGL 68  
Principles of selling and the role of a salesperson in the marketing process. Includes characteristics and skills necessary for a successful salesperson, techniques for prospecting and/or qualifying buyers, buyer behavior and critical steps in the selling process. Students develop and offer a sales presentation for a selected product, service or concept.

**BUSI 36 — Principles of Marketing**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
**Prerequisite:** Eligibility for ENGL 68  
Organization and function of system of distributing goods and services from the point of production to the consumer. Preparation of a marketing plan using product, distribution, promotional and pricing strategies.

**BUSI 50 — Retail Store Management and Merchandising**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
**Prerequisite:** BUSR 50  
Principles and practices used in the management and merchandising of retail stores. Includes critical buying function, merchandising, promotional techniques, site selection, layout, staffing, market positioning and customer service.

**BUSI 79 — Work Experience in Marketing Management**  
1 to 4 Units  
Degree Applicable  
(May be taken for Pass/No Pass only)  
75 to 300 hours lab  
**Prerequisite:** BUSS 33 or BUS 35 or BUS 36 or BUS 50  
Job experience in an approved work site relating to classroom-based learning for marketing students. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester.

**BUSI 85 — Special Issues in Marketing**  
2 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
**Prerequisite:** BUSS 33 or BUS 35 or BUS 36 or BUS 50  
Provides marketing students with an opportunity to problem solve and develop a marketing plan or related project as requested by a local business.

**CHEM 10 — Chemistry for Allied Health Majors**  
5 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
54 hours lab  
**Prerequisite:** Eligibility for MATH 71  
Principles of inorganic chemistry including measurements, structure, nomenclature, reactions, radioactivity, energy, properties of matter, acids/bases and solutions. For Allied Health majors such as nursing, dental hygiene, radiation technology. Completion does not give eligibility for CHEM 50.

**CHEM 20 — Introductory Organic and Biochemistry**  
5 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
108 hours lab  
**Prerequisite:** CHEM 10 or CHEM 40  
Nomenclature, structure, function and reactions of major classes of organic compounds and of biomolecules, including amino acids, lipids, carbohydrates, nucleic acids and proteins. Structure and function of vitamins, coenzymes and enzymes. Metabolic pathways and biochemical energy.
### Course Descriptions

**CHEM 40 — Introduction to General Chemistry** 5 Units  
(C-ID CHEM 101) Degree Applicable, CSU, UC  
72 hours lecture  
54 hours lab  
**Prerequisite:** Eligibility for MATH 71  
**Advisory:** Eligibility for ENGL 1A  
Measurements, structure and properties of matter, writing/balancing equations, stoichiometry, properties and behavior of gases, and properties of solutions. For science/engineering majors preparing for admission into General Chemistry (CHEM 50.)

**CHEM 50 — General Chemistry I** 5 Units  
(C-ID CHEM 110) Degree Applicable, CSU, UC  
54 hours lecture  
108 hours lab  
**Prerequisite:** CHEM 40 or satisfactory score on Chemistry Placement Examination; and MATH 71, 71B or 71X or equivalent.  
In depth treatment of chemical formulas, equations, nomenclature, reactions, stoichiometry, thermodynamics, periodic trends, atomic structure, chemical bonding and structure, properties of gases, liquids, solids and solutions. Emphasis is on critical thinking as well as mathematical and dimensional analysis problem-solving. Laboratory experiments emphasize the scientific method as well as computer-based technologies in data acquisition and analysis. Introduces laboratory report writing skills.

**CHEM 50H — General Chemistry I - Honors** 5 Units  
(C-ID CHEM 110) Degree Applicable, CSU, UC  
54 hours lecture  
108 hours lab  
**Prerequisite:** Acceptance into the Honors Program. CHEM 40 or satisfactory score on Chemistry Placement Examination, and MATH 71, 71B, or 71X or equivalent.  
In depth treatment of chemical formulas, equations, nomenclature, reactions, stoichiometry, thermodynamics, periodic trends, atomic structure, chemical bonding and structure, properties of gases, liquids, solids and solutions. Emphasis is on critical thinking as well as mathematical and dimensional analysis problem-solving. Laboratory experiments emphasize the scientific method as well as computer-based technologies in data acquisition and analysis. Introduces laboratory report writing skills. An honors course designed to provide an enriched experience. Students may not receive credit for both CHEM 50 and CHEM 50H.

**CHEM 51 — General Chemistry II** 5 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
108 hours lab  
**Prerequisite:** CHEM 50 or CHEM 50H  
Application of the laws, theories and principles presented in CHEM 50 to a variety of chemical systems. Topics include kinetics, equilibrium, thermodynamics, acid-base and oxidation-reduction reactions, transition metals, electrochemistry, and nuclear chemistry. Emphasis is on critical thinking and mathematical problem-solving. Laboratory experiments use computer-based technologies in data acquisition and analysis.

**CHEM 55 — Special Projects in Chemistry** 2 Units  
Degree Applicable, CSU  
36 hours lecture  
**Prerequisite:** CHEM 50  
In order to offer students the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this class.

**CHEM 80 — Organic Chemistry** 5 Units  
(C-ID CHEM 160S) Degree Applicable, CSU, UC  
54 hours lecture  
108 hours lab  
**Prerequisite:** CHEM 51  
Designed for chemistry, biochemistry, chemical engineering and biology majors; also for those in pre-professional programs such as medicine, veterinary medicine, dentistry, optometry and pharmacy. Structure/reactivity relationships, energetics, reactions, reaction mechanisms, synthesis, separation, characterization and spectroscopic methods for organic compounds. To assure that all content material is covered, it is recommended that students complete the entire one-year sequence at one campus prior to transfer.

**CHEM 81 — Organic Chemistry II** 5 Units  
(C-ID CHEM 160S) Degree Applicable, CSU, UC  
54 hours lecture  
108 hours lab  
**Prerequisite:** CHEM 80  
Designed for chemistry, biochemistry, chemical engineering and biology majors; also for those in pre-professional programs such as medicine, veterinary medicine, dentistry, optometry and pharmacy. Structure/reactivity relationships, energetics, reactions, reaction mechanisms, synthesis, separation, characterization and spectroscopic methods. Structure, synthesis and representative reactions of carbohydrates, lipids and proteins.

**CHEM 95 — Child Growth and Lifespan Development** 3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
**Advisory:** CHLD 5 or CHLD 10 or CHLD 10H  
Examine programs, appropriate practices, regulations, inclusive environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for children. Reviews the historical and contemporary perspectives on the education and socialization of children. Family systems and community resources and the influences of age, gender, culture, diverse abilities, socioeconomic status and public policies factors that affect children and families.

**CHLD 1 — Child, Family, School and Community** 3 Units  
(C-ID CDEV 110) Degree Applicable, CSU, UC  
54 hours lecture  
**Prerequisite:** Eligibility for ENGL 68  
Home, child, school and community relationships as they pertain to the historical and contemporary perspectives on the education and socialization of children. Family systems and community resources and the influences of age, gender, culture, diverse abilities, socioeconomic status and public policies factors that affect children and families.

**CHLD 5 — Principles and Practices in Child Development Programs** 3 Units  
(C-ID ECE 120) Degree Applicable, CSU  
54 hours lecture  
Examine programs, appropriate practices, regulations, inclusive environments for diverse learners. Theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for children. Review of the historical roots of Early Childhood Education (ECE) programs and evolution of the professional practices promoting advocacy, ethics, and professional identity. TB test/10 hrs. observations.

**CHLD 6 — Introduction to Child Development Curriculum** 3 Units  
(C-ID ECE 130) Degree Applicable, CSU  
54 hours lecture  
**Advisory:** CHLD 5 or CHLD 10 or CHLD 10H  
Curriculum designs, content areas and environments related to early education programs appropriate for children ages birth-8 years old. Explores materials and resources used when planning and implementing developmentally appropriate curriculum for children ages birth to 8 years old. Examines the teacher’s role in the on-going process of observation and assessment to support development, play, and learning. TB test and observations required.

**CHLD 10 — Child Growth and Lifespan Development** 3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
**Advisory:** CHLD 5 or CHLD 10 or CHLD 10H  
Examine programs, appropriate practices, regulations, inclusive environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for children. Reviews the historical and contemporary perspectives on the education and socialization of children. Family systems and community resources and the influences of age, gender, culture, diverse abilities, socioeconomic status and public policies factors that affect children and families.

**COURSE DESCRIPTIONS**

---

**Degree Applicable, CSU, UC**
exploration of language and literacy acquisition. Issues of interaction and cooperation between home and school underlies tent in all areas of language. An appreciation of the importance of

Developmental approach to the study of the person identifying forces affecting growth processes from conception through adulthood. Meets requirements for Title 22 and Title V Regulations pertaining to Child Development Permit. Out-of-class observations and interviews required. TB test required. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both CHLD 10 and CHLD 10H.

CHLD 11 — Child and Adolescent Development  3 Units
(C-ID CDEV 100) Degree Applicable, CSU, UC
54 hours lecture
Examines major physical, psychosocial, cognitive, language and brain developmental processes prenatal through adolescence. Emphasis on developmental theory, research methodologies, maturational processes and environmental factors. Meets Title 22 and Title V requirements for the Child Development Permit. TB test, out-of-class observations and interviews required.

CHLD 50 — Teaching in a Diverse Society  3 Units
Degree Applicable, CSU
54 hours lecture
Advisory: CHLD 1
Development of social identities in diverse societies of young children in classroom settings. Various classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches teaching all children in becoming competent members of a diverse society. Course utilizes theories and teaching strategies that include self-examination, reflection and opportunity to address issues related to social identity, stereotypes and bias, oppression, social and educational access, media and schooling. Out-of-class observations required. TB test required.

CHLD 51 — Early Literacy in Child Development  3 Units
Degree Applicable, CSU
54 hours lecture
Advisory: CHLD 61
Examines the developmental continuum of literacy from birth through early childhood. Considerations of cultural and linguistic diversity are applied to the study of how children become competent in all areas of language. An appreciation of the importance of interaction and cooperation between home and school underlies the exploration of language and literacy acquisition. Issues of early literacy in public policy are reviewed. TB test/observations required.

CHLD 61 — Language Arts and Art Media for Young Children  3 Units
Degree Applicable
54 hours lecture
Exploration of activities and techniques to develop artistic creativity and literacy skills in young children. Participation in art and literacy experiences to evaluate materials and approaches used in the early education setting. Discussion of the creative process and other relevant literacy activities within diverse cultures that support learning. Development of a culturally and linguistically appropriate learning environment which encourages children’s use of senses and builds children’s awareness of aesthetic materials through art and language arts activities.

CHLD 62 — Music and Motor Development for Young Children  3 Units
Degree Applicable, CSU
54 hours lecture
Exploration of the role of music and movement in a young child’s sensory motor development. Emphasizes student development in practical activities including making music, movement, singing and musical instruments. Out of class observation at a child development center required. TB test required.

CHLD 63 — Creative Sciencing and Math for Young Children  3 Units
Degree Applicable, CSU
54 hours lecture
Advisory: Eligibility for ENGL 68
Exploration of children’s thinking processes and problem-solving abilities as they become aware of the physical world. Includes planning and creating science and math experiences that emphasize the creative aspects of math and science.

CHLD 64 — Health, Safety and Nutrition of Children  3 Units
(C-ID ECE 220) Degree Applicable, CSU
54 hours lecture
Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health safety and nutrition. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Focus on integrating the concepts into everyday planning and program development for all children.

CHLD 66 — Early Childhood Development Observation  2 Units
(C-ID ECE 200) Degree Applicable, CSU
36 hours lecture
Prerequisite: CHLD 5 and (CHLD 10 or CHLD 10H or CHLD 11)
Corequisite: CHLD 66L
The appropriate use of observation and assessment strategies to document children’s behavior, development and growth. Recording strategies, documentation panels, rating systems, and multiple assessment tools are explored. CHLD 66L must be taken concurrently.

CHLD 66L — Early Childhood Development Observation Laboratory  1 Unit
(C-ID ECE 200) Degree Applicable, CSU
54 hours lab
Prerequisite: CHLD 5 and (CHLD 10 or CHLD 10H or CHLD 11)
Corequisite: CHLD 66
Understanding of child development through observation and assessment in the Early Childhood Education Laboratory School. A holistic approach to child study is emphasized. Students synthesize information which they have recorded and relate it to various domains of the preschool child’s growth and development. TB Test required. CHLD 66 must be taken concurrently.

CHLD 67 — Early Childhood Education Practicum  2 Units
Degree Applicable, CSU
36 hours lecture
Prerequisite: CHLD 1 and CHLD 66 and CHLD 66L
Corequisite: CHLD 67L
Child development principles in the preschool classroom setting and recognition of skills necessary for the teacher of young children. Evaluation of participation experiences.

CHLD 67L — Early Childhood Education Practicum Laboratory  1 Unit
Degree Applicable, CSU
63 hours lab
Corequisite: CHLD 67
Supervised teaching experience with young children. Child centered, play-oriented approaches to teaching, learning and assessment. Student teachers design, implement and evaluate curriculum for groups of children. Negative TB test result required.
**Course Descriptions**

- **CHLD 68 — Children With Special Needs**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Prerequisite: Eligibility for ENGL 68 AND (CHLD 10 or CHLD 10H or CHLD 11)  
  Typical and atypical characteristics in physical, cognitive, and social-emotional development for those planning to work with children with special needs. Topics relevant to the inclusive classroom are examined from a culturally sensitive, family-centered perspective. Examines current and historical legal issues, current educational trends, and community resources. TB test required for off-campus observations.

- **CHLD 69 — Early Childhood Development Field Work Seminar**  
  2 Units  
  Degree Applicable, CSU  
  36 hours lecture  
  Prerequisite: CHLD 67 and CHLD 67L  
  Corequisite: CHLD 91  
  Selected student teaching problem-solving topics related to placement in community sites. Topics include philosophical orientation, curriculum, parent involvement, staff relations, professionalism and professional growth.

- **CHLD 71A — Administration of Child Development Programs**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: CHLD 1 and CHLD 5 and CHLD 6 and CHLD 10 or CHLD 10H  
  Administration of children’s programs including laws governing children’s programs in California, site development and supervision, administrator’s duties, program budget and management, personnel selection and standards, records and reports, health and safety supervision and staff policies.

- **CHLD 71B — Management/Marketing/Personnel for ECD Programs**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Prerequisite: CHLD 71A  
  Strategic planning for childhood programs, including financial administration, marketing strategies and staff development. Personnel management practices designed to facilitate administrator and staff relationships, skill building in leadership, and team work.

- **CHLD 72 — Teacher, Parent, and Child Relationships**  
  3 Units  
  Degree Applicable  
  54 hours lecture  
  Child-parent-teacher relationships to better understand family dynamics and to recognize influences in the child development setting. Theories of sequential changes in parent-child-school relations within the large social context. Strategies dealing with issues that emerge when working with children and their families in the school setting.

- **CHLD 73 — Infant/Toddler Care and Development**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: CHLD 10  
  Developmentally appropriate caregiving practices for infants and toddlers from birth to three. Includes teaching practices that support theories and practical application of attachment, cognition and relationship based learning. Student assignments involve up to ten hours of observations and participation with infants and toddlers outside of class time. TB test required for observations.

- **CHLD 74 — Program Planning for the School Age Child**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: CHLD 10 or CHLD 10H or CHLD 11  
  Principles of child development related to working with school-age children. Program planning and legal requirements for school-age programs emphasized. Explores discipline and conflict resolution. Methods of integrating after-school activities with California content standards. TB test required for observations.

- **CHLD 75 — Supervising Adults in Early Childhood Settings**  
  2 Units  
  Degree Applicable  
  36 hours lecture  
  Advisory: CHLD 1 and CHLD 5  
  Methods and principles of working with and supervising adults in the early childhood setting. Emphasis is on the role of the experienced children’s teacher who functions as a model and mentor to new teachers as s/he addresses the needs of children, parents and staff.

- **CHLD 76 — Current Curriculum Models in Child Development**  
  1 Unit  
  Degree Applicable  
  (May be taken for option of letter grade or Pass/No Pass)  
  18 hours lecture  
  Advisory: CHLD 10  
  Principles and methods of working with infants who are disabled or at-risk. Emphasis on prenatal prevention, postnatal intervention, and support programs. Course will prepare caregivers of infants at risk for appropriate program planning. TB test and out-of-class observations required.

- **CHLD 77 — Infant/Toddler Care and Development**  
  3 Units  
  Degree Applicable, CSU  
  54 hours lecture  
  Advisory: CHLD 10  
  Developmentally appropriate caregiving practices for infants and toddlers from birth to three. Includes teaching practices that support theories and practical application of attachment, cognition and relationship based learning. Student assignments involve up to ten hours of observations and participation with infants and toddlers outside of class time. TB test required for observations.

- **CHLD 78 — Advocacy in Child Development**  
  1 Unit  
  Degree Applicable  
  (May be taken for option of letter grade or Pass/No Pass)  
  18 hours lecture  
  Current issues in Child Development; explores process of advocacy on behalf of children.

- **CHLD 79 — Current Issues in Child Development**  
  1 Unit  
  Degree Applicable, CSU  
  (May be taken for option of letter grade or Pass/No Pass)  
  18 hours lecture  
  Advisory: CHLD 5, CHLD 10 or CHLD 10H  
  Provides students with a working knowledge of current research in child development and helps them apply that research to their programs and teaching. Issues covered will change with course offerings.

- **CHLD 80 — Guidance and Discipline in Child Development Settings**  
  1 Unit  
  Degree Applicable, CSU  
  18 hours lecture  
  Advisory: CHLD 5  
  Problem solving approach to guidance and discipline of children in child development settings. Investigation of appropriate developmental and attitudinal aspects of producing a respectful environment between children, caregivers and parents.

- **CHLD 81 — Current Curriculum Models in Child Development Settings**  
  3 Units  
  Degree Applicable  
  (May be taken for option of letter grade or Pass/No Pass)  
  75 hours lab  
  Prerequisite: CHLD 67 and CHLD 67L  
  Corequisite: CHLD 69  
  A teacher-supervised work experience course which permits students to apply early childhood development principles in community preschools. CHLD 69 Seminar will supplement student’s progress. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. Hours per week should be equally distributed throughout the semester. TB test is required.

Course Descriptions

CISB 11 — Computer Information Systems 3.5 Units
Degree Applicable, CSU, UC
54 hours lecture
27 hours lab
Overview of computer information systems including computer hardware, software, networking, programming, databases, Internet, security, systems analysis, ethics, and problem solving using business applications.

CISB 15 — Microcomputer Applications 3.5 Units
Degree Applicable, CSU, UC
54 hours lecture
27 hours lab
Windows operating system and applications; simple business examples using up-to-date browser; word processing, spreadsheet, database management and presentation software; and integration of software applications.

CISB 16 — Macintosh Applications 2 Units
Degree Applicable, CSU
27 hours lecture
27 hours lab
Apple's Macintosh computer, Mac OS X operating system, and related word processing, database, spreadsheet, and multimedia applications.

CISB 21 — Microsoft Excel 3 Units
Degree Applicable, CSU
54 hours lecture
Spreadsheet concepts using Microsoft Excel including formatting, formulas and functions, charts, linked worksheets, pivot tables, macros, and Visual Basic for Applications (VBA) code.

CISB 31 — Microsoft Word 3 Units
Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Advisory: Ability to type 25 words a minute or CISI 11
Word processing with Microsoft Word and its editing, formatting, and language tools to create, edit and format business and publication documents. Includes creating flyers, newsletters, and other publication documents using advanced formatting techniques and tools.

CISB 51 — Microsoft PowerPoint 3 Units
Degree Applicable, CSU
54 hours lecture
Using PowerPoint to plan, design, and produce effective presentations. Includes creating charts, diagrams, and storyboards; developing appropriate text content; adding sound, animation, and movies.

COMPUTER INFORMATION SYSTEMS: DATABASE

CISD 11 — Database Management - Microsoft Access 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: CISD 11L
Advisory: CISB 15 or CISB 11
Design, creation, and management of relational databases using Microsoft Access. Basic database design, creation of tables, queries, forms, reports, and macros. Creation of custom graphical user interface and introduction to Visual Basic for Applications (VBA) code.

CISD 11L — Database Management - Microsoft Access Laboratory .5 Unit
Degree Applicable, CSU
27 hours lab
Corequisite: CISD 11
Laboratory for CISD 11 - Database Management - Microsoft Access. Exercises focusing on design and development of a business database using Microsoft Access software, including creation of tables and relationships between tables, queries, forms, reports, macros and an introduction to Visual Basics for Applications (VBA) programming language to make a fully-functioning, user-friendly Access database.

CISD 14 — VBA for Excel and Access 3 Units
Degree Applicable
54 hours lecture
Corequisite: CISD 14L
Advisory: CISD 11L AND CISD 21
Excel and Access programming using Visual Basic for Applications (VBA) programming language for business applications. Event-driven programming, Excel and Access Object Models, ActiveX Data Objects model (ADO), VBA structures, arrays, embedded SQL (Structured Query Language) into Access VBA, and error-handling.

CISD 14L — VBA for Excel and Access Lab .5 Unit
Degree Applicable
27 hours lab
Corequisite: CISD 14
Laboratory component for the CISD 14 course. Visual Basic for Applications (VBA) programming language exercises in both Excel and Access applications. Uses the structures learned in the CISD 14 course, including decision statements, looping, array manipulation, and error-handling. Use the Excel and Access Object Models and the ActiveX Data Objects model in programming projects.

CISD 21 — Database Management - Microsoft SQL Server 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: CISD 21L
Advisory: CISB 11 or CISB 15
Structured query language (SQL) and Transact-SQL for Microsoft SQL Server. Topics include creating database objects, retrieving and updating data, writing scripts, developing stored procedures and functions, developing triggers, and creating cursors. Student must be enrolled in CISD 21L, a concurrent lab co-requisite.

CISD 21L — Database Management - Microsoft SQL Server Laboratory .5 Unit
Degree Applicable, CSU
27 hours lab
Corequisite: CISD 21
Laboratory for CISD 21 - Structured query language (SQL) and Transact-SQL for Microsoft SQL Server. Topics include creating database objects, retrieving and updating data, writing scripts, developing stored procedures/functions/triggers, and creating cursors. Student must be enrolled in CISD 21, a concurrent lecture co-requisite.

CISD 31 — Database Management - Oracle 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: CISD 31L
Advisory: CISD 31 or CISB 11
Oracle database management system (DBMS) functions, concepts, and terms. Procedure Language/Structure Query Language (PL/SQL) is used to code, test, and implement stored procedures, functions, triggers, and packages. Relational database projects will be built using PL/SQL. Concurrent enrollment in CISD 31L is required.

CISD 31L — Database Management - Oracle Laboratory .5 Unit
Degree Applicable, CSU
27 hours lab
Corequisite: CISD 31
Laboratory for CISD 31 - Oracle database management system (DBMS) functions, concepts, and terms. Procedure Language/Structured Query Language (PL/SQL) is used to code, test, and implement stored procedures, functions, triggers, and packages. Relational database projects will be built using PL/SQL. Concurrent enrollment in CISD 31 is required.
COMPUTER INFORMATION SYSTEMS: MANAGEMENT

**CISD 40 — Database Design** 3 Units
Degree Applicable, CSU

54 hours lecture
Advisory: CISD 11 and CISD 11L

Database design principles. Understanding database needs and functions, creating data models, entity-relationship (E-R) and Unified Modeling Language (UML) diagrams, using normalization rules and principles to create databases, learning basic database administrator objectives and tasks, and understanding the role of data warehousing and data mining.

**CISM 11 — Systems Analysis and Design** 3.5 Units
Degree Applicable, CSU, UC

54 hours lecture
27 hours lab
Advisory: CISB 11

Information systems and the discipline of systems analysis in relation to the system development life cycle. Develops skills in applying the tools, techniques, and concepts of systems analysis to information systems development. Application of structured analysis and design methods and tools, including Computer Aided System Engineering (CASE) tools.

COMPUTER INFORMATION SYSTEMS: NETWORKING

**CISN 11 — Telecommunications/Networking** 3 Units
Degree Applicable, CSU

54 hours lecture
Corequisite: CISN 11L
Advisory: CISB 11

Prepares students for the first year Cisco Certified Network Associate (CCNA) and Network+ certification. Telecommunications networking focusing on network concepts and designs, network standards, Transmission Control Protocol and Internet Protocol (TCP/IP) version 4 (IPv4) and version 6 (IPv6), Open Systems Interconnection (OSI), network protocols, transmission media, switch, hardware architecture, local area network (LAN), wide area network (WAN), remote connectivity, Microsoft and Linux network operating system, network troubleshooting, maintenance, and upgrade, network and wireless security, system vulnerability, and network sniffing analysis.

**CISN 11L — Telecommunications/Networking Laboratory** .5 Unit
Degree Applicable, CSU

27 hours lab
Corequisite: CISN 11

Telecommunications Networking lab preparing students for first year Cisco Certified Network Associate (CCNA) and Network+ certification. Telecommunications Networking focusing on network concepts and designs, network standards, Transmission Control Protocol and Internet Protocol (TCP/IP) version 4 (IPv4) and version 6 (IPv6), Open Systems Interconnection (OSI), network protocols, transmission media, switch, hardware architecture, local area network (LAN), wide area network (WAN), remote connectivity, Microsoft and Linux network operating system, network troubleshooting, maintenance, and upgrade, network and wireless security, system vulnerability, and network sniffing analysis.

**CISN 11L — Telecommunications/Networking Laboratory** .5 Unit
Degree Applicable, CSU

27 hours lab
Corequisite: CISN 11

Telecommunications Networking Laboratory preparing students for first year Cisco Certified Network Associate (CCNA) and Network+ certification. Telecommunications Networking focusing on network concepts and designs, network standards, Transmission Control Protocol and Internet Protocol (TCP/IP) version 4 (IPv4) and version 6 (IPv6), Open Systems Interconnection (OSI), network protocols, transmission media, switch, hardware architecture, local area network (LAN), wide area network (WAN), remote connectivity, Microsoft and Linux network operating system, network troubleshooting, maintenance, and upgrade, network and wireless security, system vulnerability, and network sniffing analysis.

**CISN 21 — Windows Operating System** 3 Units
Degree Applicable, CSU

54 hours lecture
Advisory: CISB 11 or CISB 15

Windows operating system installation and performance tweaking, including hardware and software issues, Windows system files, and Windows security.

**CISN 24 — Windows Server Network and Security Administration** 3 Units
Degree Applicable, CSU

54 hours lecture
Corequisite: CISN 24L
Advisory: CISN 11

Computer Network Administration and Security Management (CNASM) core. Microsoft Certified Systems Engineer (MCSE) topics, Active Directory security and policy management, Hyper-V virtual server installation, Dynamic Host Configuration Protocol (DHCP), Domain Name Service (DNS), file system security, logon script, network printing, web and terminal server, Network Address Translation (NAT), IPsec and secure Virtual Private Network (VPN).

**CISN 24L — Window Server Network and Security Administration Laboratory** .5 Unit
Degree Applicable, CSU

27 hours lab
Corequisite: CISN 24

Laboratory applications for Microsoft Certified Systems Engineer (MCSE) topics, Active Directory security and policy management, Hyper-V virtual server installation, Dynamic Host Configuration Protocol (DHCP), Domain Name Service (DNS), file system security, logon script, network printing, web and terminal server, Network Address Translation (NAT), IPsec and secure Virtual Private Network (VPN). Student must be enrolled in CISN 24 - Window Server Network and Security Administration, a concurrent lecture co-requisite.

**CISN 31 — Linux Operating System** 3 Units
Degree Applicable, CSU

54 hours lecture
Corequisite: CISN 31L
Advisory: CISB 11

Concepts and skills in planning and installing Linux Operating System and its graphical user interface; using Linux Shells and system administration commands; managing user accounts; installing hardware and software; and maintaining file systems and system resources.

**CISN 31L — Linux Operating System Laboratory** .5 Unit
Degree Applicable, CSU

27 hours lab
Corequisite: CISN 31

Laboratory for planning, installing and managing Linux Operating System and its graphical user interface; using Linux Shells and system administration commands; managing user accounts; installing hardware and software; and maintaining file systems and system resources. Concurrent enrollment in CISN 31 lecture course is required.

**CISN 34 — Linux Networking and Security** 3 Units
Degree Applicable, CSU

54 hours lecture
Corequisite: CISN 34L
Advisory: CISN 31

Installation and management of Linux operating system networks and security modules. Concept study and installation of: TCP/IP protocols, IP addressing, network protocols and servers, routers, and network applications. Creating Linux intranets and connecting to Internet. Student must take CISN 34L, a concurrent lab co-requisite.

**CISN 34L — Linux Networking and Security Laboratory** .5 Unit
Degree Applicable, CSU

27 hours lab
Corequisite: CISN 34

Laboratory for installation and management of Linux operating system networks and security modules. Concept study and installation of: TCP/IP protocols, IP addressing, network protocols and servers, routers, and network applications. Creating Linux intranets and connecting to Internet. Student must be enrolled in CISN 34, a concurrent lecture course co-requisite.
COURSES DESCRIPTIONS

**CISN 51 — Cisco CCNA Networking and Routing**  3 Units  Degree Applicable, CSU

54 hours lecture
Corequisite: CISN 51L
Advisory: CISN 11

Computer Network Administration and Security Management (CNASM) core. Preparation for Cisco Certified Network Associate (CCNA) certification. Design and configuration of local area networks (LAN), wide area networks (WAN), open systems interconnection (OSI) model, advanced Subnetting, route summarization, command line Interface (CLI), transmission control protocol and Internet protocol (TCP/IP), Cisco internetwork operating system (IOS), router, advanced switching, virtual LAN (VLAN), access control lists (ACL), wireless and network security, Internet protocol version 6 (IPv6), point-to-point protocol (PPP), voice over Internet protocol (VoIP), and routing protocols including static route, routing information protocol (RIP), enhanced interior gateway routing protocol (EIGRP), and open shortest path first (OSPF). Student must be enrolled in CISN 51L, a concurrent lab co-requisite.

**CISP 10 — Principles of Object-Oriented Design**  2 Units  Degree Applicable, CSU

27 hours lecture
27 hours lab
Advisory: Advisory corequisites - CISP 11 or CISP 21 or CISP 31 or CISP 41

Object-oriented design, patterns, and use of UML in different programming languages that will enable students to build large packages and business applications.

**CISP 11 — Programming in Visual Basic**  3 Units  Degree Applicable, CSU, UC

54 hours lecture
Corequisite: CISP 11L
Advisory: CISP 11 or CISP 15 or CISP 10

Visual Basic programming in the business environment includes: planning and writing object-oriented applications using Windows Forms and Web Forms; user interface design classes, objects, properties, methods and events; control structures; lists and arrays; printing and print previews; accessing a database. Student must be concurrently enrolled in CISP 11L - Programming in Visual Basic Lab.

**CISP 11L — Programming in Visual Basic Laboratory**  .5 Unit  Degree Applicable, CSU, UC

27 hours lab
Corequisite: CISP 11
Lab to prepare for Cisco Certified Network Associate (CCNA) certification. Design and configuration of local area networks (LAN), wide area networks (WAN), open systems interconnection (OSI) model, advanced Subnetting, route summarization, command line Interface (CLI), transmission control protocol and Internet protocol (TCP/IP), Cisco internetwork operating system (IOS), router, advanced switching, virtual LAN (VLAN), access control lists (ACL), wireless and network security, Internet protocol version 6 (IPv6), point-to-point protocol (PPP), voice over Internet protocol (VoIP), and routing protocols including static route, routing information protocol (RIP), enhanced interior gateway routing protocol (EIGRP), and open shortest path first (OSPF). Student must be enrolled in CISN 51 - Cisco CCNA Networking and Routing, a concurrent lecture co-requisite.

**CISP 14 — Advanced Visual Basic .NET**  3 Units  Degree Applicable, CSU, UC

54 hours lecture
Corequisite: CISP 14L
Advisory: CISP 11 and CISP 11L

Advanced programming concepts using Visual Basic .NET: designing, coding, testing and implementing object-oriented multi-tier applications; displaying, searching, and updating SQL/Client databases with both Windows Forms and Web Forms; creating user controls, Web Services, and container classes; creating help files, deploying applications, and developing mobile applications. Student must be enrolled in CISP 14L, a concurrent lab co-requisite.

**CISP 21 — Programming in Java**  3 Units  Degree Applicable, CSU, UC

54 hours lecture
Corequisite: CISP 21L
Advisory: CISP 11 and CISP 11L

Laboratory for advanced programming concepts using Visual Basic .NET: designing, coding, testing and implementing object-oriented multi-tier applications; displaying, searching, and updating SQL/Client databases with both Windows Forms and Web Forms; creating user controls, Web Services, and container classes; creating help files, deploying applications, and developing mobile applications. Student must be enrolled in CISP 14, a concurrent lecture co-requisite.

**CISP 21L — Programming in Java Laboratory**  .5 Unit  Degree Applicable, CSU, UC

27 hours lab
Corequisite: CISP 21

Laboratory for CISP 21 - Java Programming exercises focusing on design and development of object-oriented Java programming applications. Includes object-oriented business programs and applications, documentation and debugging techniques, user-interface, objects, various data types, methods, events, elementary control structures, arrays, and inheritance. Student must take CISP 21L concurrently.

**CISP 24 — Advanced Java Programming**  3 Units  Degree Applicable, CSU, UC

54 hours lecture
Corequisite: CISP 24L
Advisory: CISP 21 and CISP 21L

Advanced object-oriented programming using Java: designing, coding, testing and implementing multi-tier applications in serialization, multithreading, Advanced Swing Components (ASC), networking, server-side technology which include servlets, remote method invocation (RMI), Java server pages, Java Database Connectivity (JDBC), public key infrastructure (PKI), mobile applications and security. Student must be enrolled in CISP 24L, a concurrent lab co-requisite.
CISP 24L — Advanced Java Laboratory  .5 Unit  Degree Applicable, CSU, UC
27 hours lab  
Corequisite:  CISP 24  
Advisory:  CISP 21 and CISP 21L
Laboratory for advanced programming concepts using Java: designing, coding, testing and implementing multi-tier applications in serialization, multithreading, Advanced Swing Components (ASC), networking, server-side technology which include servlets, remote method invocation (RMI), Java server pages, Java Database Connectivity (JDBC), public key infrastructure (PKI), mobile applications and security. Student must be enrolled in CISP 24, a concurrent lecture co-requisite.

CISP 31 — Programming in C++  3 Units  Degree Applicable, CSU, UC
54 hours lecture  
Corequisite:  CISP 31L  
Advisory:  CISP 10 or (CISP 11 and CISP 11L) or (CISP 21 and CISP 21L)
Object-oriented programming in C++ including object-oriented design, documentation, and debugging techniques. Elementary control structures, classes, overload operators and functions, and single and multiple inheritance. Student must be enrolled in CISP 31, a concurrent laboratory co-requisite.

CISP 31L — Programming in C++ Laboratory  .5 Unit  Degree Applicable, CSU, UC
27 hours lab  
Corequisite:  CISP 31  
Laboratory for object-oriented programming in C++ including object-oriented design, documentation, and debugging techniques. Elementary control structures, classes, overload operators and functions, and single and multiple inheritance. Student must be enrolled in CISP 31, a concurrent lecture co-requisite.

CISP 34 — Advanced C++ Programming  3 Units  Degree Applicable, CSU, UC
54 hours lecture  
Corequisite:  CISP 34L  
Advisory:  CISP 31 and CISP 31L
Object-oriented programming in C++ concepts and principles. Covers data structures: vectors, linked lists, queues, stacks and hash tables. Also graphical-user interface (GUI), database access and web services. Student must be enrolled in CISP 34L, a concurrent lab co-requisite.

CISP 34L — Advanced C++ Programming Laboratory  .5 Unit  Degree Applicable, CSU, UC
27 hours lab  
Corequisite:  CISP 34  
Laboratory for object-oriented programming in C++ concepts. Covers principles covers data structures: vectors, linked lists, queues, stacks and hash tables. Also graphical-user interface (GUI), database access and web services. Student must be enrolled in CISP 34, a concurrent lecture co-requisite.

CISP 41 — Programming in C#  3 Units  Degree Applicable, CSU
54 hours lecture  
Corequisite:  CISP 41L  
Advisory:  CISP 10, CISP 11, CISP 15
Programming in C# using Windows Forms and Web Forms. Course covers control structures (loops, if statements, and switch blocks), database access, multiple forms, and object-oriented programming concepts. Student must be enrolled in CISP 41L, a concurrent lab co-requisite.

CISP 41L — Programming in C# Laboratory  .5 Unit  Degree Applicable, CSU
27 hours lab  
Corequisite:  CISP 41  
Laboratory for programming in C# using Windows Forms and Web Forms. Course covers control structures (loops, if statements, and switch blocks), database access, multiple forms, and object-oriented programming concepts. Student must be enrolled in CISP 41, a concurrent lecture co-requisite.

CISP 52 — Mobile Device Programming  3 Units  Degree Applicable
54 hours lecture  
Corequisite:  CISP 52L  
Advisory:  CISP 10 and CISW 21
Mobile device programming covers user interface patterns and design, connectivity, and application architecture design. Student must be enrolled in CISP 52L, a concurrent lab co-requisite.

CISP 52L — Mobile Device Programming Laboratory .5 Unit  Degree Applicable
27 hours lab  
Corequisite:  CISP 52  
Mobile device programming laboratory: user interface, connectivity, and application architecture and design. Student must be enrolled in CISP 52, a concurrent lecture co-requisite.

CISP 61 — Introduction to Game Programming  3 Units  Not Degree Applicable  
54 hours lecture  
Corequisite:  CISP 61L  
Advisory:  CISP 31 and CISP 34
Game programming technologies and techniques, including programming languages and IDEs (Integrated Development Environment), libraries and engines, development design and principles, and application of game specific programming techniques. Student must be enrolled in CISP 61L concurrently.

CISP 61L — Introduction to Game Programming Laboratory  .5 Unit  Not Degree Applicable  
27 hours lab  
Corequisite:  CISP 61  
Provides practical implementation of game development using different software packages. Student must be enrolled in CISP 61, a concurrent lecture co-requisite.

CISP 62 — Introduction to OpenGL  3 Units  Not Degree Applicable  
54 hours lecture  
Corequisite:  CISP 62L  
Advisory:  CISP 34 and CISP 34L
Programming and creating 3D animated games with OpenGL.

CISP 62L — Introduction to OpenGL Laboratory .5 Unit  Not Degree Applicable  
27 hours lab  
Corequisite:  CISP 62  
The course provides practical implementation of OpenGL programming. Student must take CISP 62, a concurrent lecture co-requisite.

CIS 1 — Practical Computer Security  2 Units  Degree Applicable  
72 hours lecture  
Advisory:  CIS 11
Computer security for all computer users. Provides awareness for computer users to protect user accounts and computer systems from attacks. Projects illustrate security software and hardware configuration.

CIS 11 — Principles of Information Systems Security  4 Units  Degree Applicable  
72 hours lecture  
Advisory:  CIS 11 AND CIS 11
Certified Information Systems Security Professional (CISSP) exam course preparation including legal, business, and ethical topics.
Course Descriptions

■ CISS 15 — Operating Systems Security  
**3 Units**  
Degree Applicable, CSU  
54 hours lecture  
Corequisite: CISB 21  
Operating systems security concepts and techniques: covers how attackers operate, how viruses strike, strengthening operating systems, repelling attacks, and applying security techniques to different operating systems like Windows, Unix, Linux, etc.

■ CISS 21 — Network Vulnerabilities and Countermeasures  
**3 Units**  
Degree Applicable, CSU  
54 hours lecture  
Corequisite: CISS 21L  
Network vulnerabilities from a hacker’s perspective. Cyber security legal and ethical issues. Written security, use policy, and instance response policy. Scanning and penetration tests, vulnerability assessments and countermeasures for Windows and Linux operating systems. Secure programming, virtual private network (VPN), cryptography, wireless, Web, and remote access securities. Student must be enrolled in CISS 21L, a concurrent lab corequisite.

■ CISS 21L — Network Vulnerabilities and Countermeasures Laboratory  
**.5 Unit**  
Degree Applicable, CSU  
27 hours lab  
Corequisite: CISS 21  
Laboratory for network vulnerabilities from a hacker’s perspective. Cyber security legal and ethical issues. Written security, use policy, and instance response policy. Scanning and penetration tests, vulnerability assessments and countermeasures for Windows and Linux operating systems. Secure programming, virtual private network (VPN), cryptography, wireless, Web, and remote access securities. Student must be enrolled in CISS 21, a concurrent lecture corequisite.

■ CISS 22 — Network Analysis, Intrusion Detection/Prevention Systems  
**3 Units**  
Degree Applicable, CSU  
54 hours lecture  
Corequisite: CISS 22L  
WireShark, Netflow network analyzer, and computer forensic tools to troubleshoot network problems and monitor network traffics. Detect and block network attacks with standalone Cisco Intrusion Detection Systems and Intrusion Prevention Systems (IDS/IPS), integrated Cisco Adaptive Security Appliance (ASA) IPS, Linux Snort and Windows IDS/IPS. Student must be enrolled in CISS 22L, a concurrent lab corequisite.

■ CISS 22L — Network Analysis, Intrusion Detection/Prevention Systems Laboratory  
**.5 Unit**  
Degree Applicable, CSU  
27 hours lab  
Corequisite: CISS 22  
Laboratory course using WireShark, Netflow network analyzer, and computer forensic tools to troubleshoot network problems and monitor network traffics. Detect and block network attacks with standalone Cisco Intrusion Detection Systems and Intrusion Prevention Systems (IDS/IPS), integrated Cisco Adaptive Security Appliance (ASA) IPS, Linux Snort and Windows IDS/IPS. Student must be enrolled in CISS 22, a concurrent lecture corequisite.

■ CISS 23 — Network Analysis, Intrusion Detection/Prevention Systems  
**.5 Unit**  
Degree Applicable, CSU  
27 hours lab  
Corequisite: CISS 23  
Laboratory course using WireShark, Netflow network analyzer, and computer forensic tools to troubleshoot network problems and monitor network traffics. Detect and block network attacks with standalone Cisco Intrusion Detection Systems and Intrusion Prevention Systems (IDS/IPS), integrated Cisco Adaptive Security Appliance (ASA) IPS, Linux Snort and Windows IDS/IPS. Student must be enrolled in CISS 23, a concurrent lecture corequisite.

■ CISS 23L — Network Analysis, Intrusion Detection/Prevention Systems Laboratory  
**.5 Unit**  
Degree Applicable, CSU  
27 hours lab  
Corequisite: CISS 23  
Laboratory course using WireShark, Netflow network analyzer, and computer forensic tools to troubleshoot network problems and monitor network traffics. Detect and block network attacks with standalone Cisco Intrusion Detection Systems and Intrusion Prevention Systems (IDS/IPS), integrated Cisco Adaptive Security Appliance (ASA) IPS, Linux Snort and Windows IDS/IPS. Student must be enrolled in CISS 23, a concurrent lecture corequisite.

■ CISS 25 — Network Security and Firewalls  
**3 Units**  
Degree Applicable, CSU  
54 hours lecture  
Corequisite: CISS 25L  
Design, configure, and implement firewalls to secure enterprise, medium, and small businesses networks. Cisco Adaptive Security Appliance (ASA) with intrusion prevention system (IPS) and Linux firewall with IPS integration. Site to site and remote client Virtual Private Network (VPN), Access Control Lists (ACL), content filtering, Confidentiality Integrity Availability (CIA), Radius, and Certificate Authentication (CA). Cisco ASA and Linux firewall troubleshooting technique. Student must enroll in CISS 25L concurrently.

■ CISS 25L — Network Security and Firewalls Laboratory  
**.5 Unit**  
Degree Applicable, CSU  
27 hours lab  
Corequisite: CISS 25  
Laboratory to design, configure, and implement firewall to secure enterprise, medium, and small businesses networks. Cisco Adaptive Security Appliance (ASA) with intrusion prevention system (IPS) and Linux firewall with IPS integration. Site to site and remote client Virtual Private Network (VPN), Access Control Lists (ACL), content filtering, Confidentiality Integrity Availability (CIA), Radius, and Certificate Authentication (CA). Cisco ASA and Linux firewall troubleshooting technique. Student must enroll in CISS 25 concurrently.

■ CISS 27 — Cyber Defense  
**1 Unit**  
Degree Applicable, CSU  
54 hours lab  
Advisories: CISN 11 and CISN 11L  
Cyber security hands-on activities in defending, responding, mitigating, and analyzing attacks through IT infrastructure and application service vulnerabilities. Prepare students to secure, configure, monitor, and analyze computer, switch, router, firewall, Intrusion Prevention Systems (IPS), Voice over IP (VoIP), smart phone, and application services such as Web, email, Structured Query Language (SQL) database, Domain Name Systems (DNS), and Virtual Private Network (VPN).

■ CISS 29 — CNASM Service Learning  
**1 Unit**  
Degree Applicable, CSU  
(May be taken for option of letter grade or Pass/No Pass)  
54 hours lab  
Integrate knowledge learned from Computer Network Administration and Security Management courses through lab activities and community services.

■ CISS 15 — Web Site Development  
**3.5 Units**  
Degree Applicable, CSU  
54 hours lecture  
27 hours lab  
Advisory: CISB 15 or CISB 16  
Plan, develop, implement, publish and maintain Web sites with a professional visual Web-authoring application, including working with text and images, internal and external hyperlinks, image maps, tables, Cascading Style Sheets (CSS), Web page content, Web forms, multimedia objects (Flash text, Flash buttons, sounds, and video), interactions and behaviors, and Web page templates. Principles of Web site structures, documentation, management, and maintenance will be discussed.

■ CISS 17 — HTML, CSS and JavaScript Programming  
**3 Units**  
Degree Applicable, CSU  
54 hours lecture  
Advisory: CISB 17  
Plan, program, implement, publish and maintain web sites using Hypertext Markup Language version 5 (HTML5), Cascading Style Sheets version 3 (CSS3), and JavaScript. Includes working with text, semantic and multimedia objects, tables, forms, Application Programming Interfaces (APIs), Document Object Model (DOM), cross-browser compatibility, markup validation, client-side interactivity, and principles of web page design, web site construction, documentation, and publishing.

### CSCI 110 — Fundamentals of Computer Science
- **54 hours lecture**
- **27 hours lab**
- **Advisory:** ENGL 1A
- **Description:** Introduction to hardware and software components of a computer system; computer organization and operation; assembly language programming; and modern object oriented programming using Java. (C-ID COMP 122)

### CSCI 140 — C++ Language and Object Development
- **54 hours lecture**
- **54 hours lab**
- **Advisory:** CSCI 140 or CSCI 145
- **Description:** Organization and operation of real computer systems at the assembly language level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

### CSCI 150 — Assembly Language/Machine Architecture
- **54 hours lecture**
- **54 hours lab**
- **Advisory:** CSCI 110
- **Description:** Organization and operation of real computer systems at the assembly language level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

---

### CSCI 140 — C++ Language and Object Development
- **54 hours lecture**
- **54 hours lab**
- **Advisory:** CSCI 140 or CSCI 145
- **Description:** Organization and operation of real computer systems at the assembly language level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

### CSCI 150 — Assembly Language/Machine Architecture
- **54 hours lecture**
- **54 hours lab**
- **Advisory:** CSCI 110
- **Description:** Organization and operation of real computer systems at the assembly language level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

---

### CSCI 140 — C++ Language and Object Development
- **54 hours lecture**
- **54 hours lab**
- **Advisory:** CSCI 140 or CSCI 145
- **Description:** Organization and operation of real computer systems at the assembly language level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

---

### CSCI 150 — Assembly Language/Machine Architecture
- **54 hours lecture**
- **54 hours lab**
- **Advisory:** CSCI 110
- **Description:** Organization and operation of real computer systems at the assembly language level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.
Course Descriptions

**CSCI 170 — Introduction to Unix Operating System**  3.5 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
27 hours lab  
Prerequisite: CSCI 110  
For computer science, mathematics, engineering and other science students. Introduction to the UNIX operating system, system administration and networking. Topics include: process synchronization and communication mechanisms, process management, scheduling and protection, memory organization and management, virtual memory, I/O devices management, file systems, networking, system administration for UNIX.

**CSCI 190 — Discrete Mathematics Applied to Computer Science**  4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: MATH 71 or equivalent  
A study of set theory, propositional and predicate calculus, modular arithmetic, counting techniques, combinatorics, mathematical induction, recursion, binary search trees, graphs and finite probability. For students in computers science, engineering, mathematics and other sciences.

**CSCI 220 — Data Structures I**  3.5 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
27 hours lab  
Prerequisite: CSCI 140 or CSCI 145  
Abstract data types and running time analysis tools. Linear data structures including sets, stacks, queues, and linked lists. Trees, binary search trees, heaps, and priority queues. Many procedures are discussed using an algorithmic language and selected problems are programmed in a higher level language.

**CSCI 220L — Data Structures I Laboratory**  1 Unit  
Degree Applicable, CSU, UC  
(May be taken for Pass/No Pass only)  
54 hours lab  
Corequisite: CSCI 220  
An independent study program designed to complement the lecture material presented in CSCI 220, Data Structures I. Hands-on computer work on topics including abstract data types, running time analysis tools, linear data structures, linked lists, trees, binary search trees, heaps, and priority queues. Many procedures are discussed using an algorithmic language and selected problems are programmed in a higher level language.

**CSCI 230 — Data Structures II**  3.5 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
27 hours lab  
Prerequisite: CSCI 220  
Basic searching/sorting algorithms, hashing, graphs, memory/disk management, indexing, B-trees, advanced tree structures and analysis.

**CSCI 230L — Data Structures II Laboratory**  1 Unit  
Degree Applicable, CSU, UC  
(May be taken for Pass/No Pass only)  
54 hours lab  
Corequisite: CSCI 230  
An independent study program designed to complement the lecture material presented in CSCI 230, Data Structures II. Hands-on computer work will include problem solving in basic searching/sorting algorithms, hashing, graphs, memory/disk management, indexing, B-trees, advanced tree structures and analysis.

**COMPUTER AND NETWORKING TECHNOLOGY**

**CNET 50 — PC Servicing**  4 Units  
Degree Applicable  
54 hours lecture  
54 hours lab  
Advisory: ELEC 50A and ELEC 50B taken prior or concurrently  
PC and peripheral servicing techniques, preventative maintenance, hardware configurations, software configurations, software diagnostics, and the use of test equipment.

**CNET 52 — PC Operating Systems**  4 Units  
Degree Applicable  
54 hours lecture  
54 hours lab  
Advisory: CNET 50 taken prior  
Current operating systems required for A+ and Network+ Certification and general computer servicing. Includes: identification of major components, installation, configuration, upgrading and troubleshooting.

**CNET 54 — PC Troubleshooting**  4 Units  
Degree Applicable  
54 hours lecture  
54 hours lab  
Advisory: CNET 50 taken prior  
Personal computer (PC) servicing. Includes isolating, identifying, and repairing specific problems in the computer environment at the hardware level. Prepares students for the A+ Certification Exam.

**CNET 56 — Computer Networks**  4 Units  
Degree Applicable  
54 hours lecture  
54 hours lab  
Advisory: CNET 54 taken prior  
Standards, terminology, design, implementation and troubleshooting techniques as they relate to both local and wide area networks. Emphasis on hardware and software components, network architecture and data transmission methods. Of special interest to computer and network technicians and those seeking certification in A+, Network+, or other certifications.

**CNET 58 — Server Systems**  4 Units  
Degree Applicable  
54 hours lecture  
54 hours lab  
Advisory: CNET 56  
Server systems, both physical and virtual. Server installation, configuration, and management. Includes hardware and software components, virtual server configurations, troubleshooting techniques using flow charts and diagnostic tools, and disaster recovery concepts. Emphasis on hardware components. Covers the core material needed for the Server+ Certification. Software content in this course is covered only to the extent that is required for hardware troubleshooting, repair and implementation per CompTIA.

**CNET 60 — A+ Certification Preparation**  2 Units  
Degree Applicable  
36 hours lecture  
Advisory: CNET 54  
Prepares the student and qualified computer technician for the A+ Certification Examination. All aspects of the A+ Essentials and A+ Practical Application test modules will be stressed through both lecture review and test simulation software.

**CNET 62 — Network+ Certification Preparation**  2 Units  
Degree Applicable  
36 hours lecture  
Advisory: CNET 56  
Prepares the student and/or A+ certified technician for the Network+ Certification Examination. Individuals preparing for a job in the computer networking industry or who wish to become Network+ certified will find this course invaluable.

**CNET 64 — Server+ Certification Preparation**  2 Units  
Degree Applicable  
36 hours lecture  
Advisory: CNET 58  
Prepares the computer/network service technician for the CompTIA Server+ certification examination.
Making, and educational planning.

Exploring and educational planning. Develop skills necessary to reaching educational and career goals.

Strategies and techniques to be an effective college student as a single parent. Strategies include time management, study skills, college resources, decision making, goal setting, career exploration and educational planning.

Opportunity to explore academic interest and aspirations in 8 to 48 hours lecture. Prerequisite: Eligibility for ENGL 68

Introduction to transfer requirements, admission procedures and requirements for majors. Explore academic and support services, financial aid and other transitional issues to enable students to make informed choices on majors, four-year institutions and academic planning. Field trips are required.

Opportunities may be available for students to become employed as peer counselors.

Introduction to the performance aspect of ballet. Includes barre work, center floor work, floor progressions, preparation for turning, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes barre work, center floor work, floor progressions, preparation for turning, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

Teaches fundamental vocabulary, technique, and movement combinations for ballet. Includes floor work, barre work, center work, floor progressions, and musicality and phrasing.

<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Beginning level technique, rhythms and routines for tap dance.</td>
</tr>
<tr>
<td>DNCE 14B</td>
<td>Jazz II</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Intermediate technique, rhythms and routines for tap dance.</td>
</tr>
<tr>
<td>DNCE 15</td>
<td>Jazz Performance</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Introduces the experienced dancer to the performance styles and techniques of jazz dance. Includes advanced warm-up, floor progressions and performance of complex jazz dance routines.</td>
</tr>
<tr>
<td>DNCE 17</td>
<td>Jazz Fundamentals</td>
<td>0.5 to 2</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 108 hours lab</td>
<td>Introduces fundamental vocabulary, technique, and movement combinations for jazz dance. Includes floor work, center work, floor progressions, routines and musicality and phrasing.</td>
</tr>
<tr>
<td>DNCE 18A</td>
<td>Tap I</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Beginning level technique, rhythms and routines for tap dance.</td>
</tr>
<tr>
<td>DNCE 18B</td>
<td>Tap II</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Intermediate technique, rhythms and routines for tap dance.</td>
</tr>
<tr>
<td>DNCE 19</td>
<td>Tap Performance</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Introduces the experienced dancer to the performance aspects of tap by providing advanced techniques leading to the performance of compositions.</td>
</tr>
<tr>
<td>DNCE 22</td>
<td>Dance Rehearsal</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Designed for the experienced dancer to work in a rehearsal environment and to be a participant in the beginning elements of concert production.</td>
</tr>
<tr>
<td>DNCE 24</td>
<td>Dance Production</td>
<td>1 to 2</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>54 to 108 hours lab</td>
<td>Designed for the experienced dancer to apply previously learned choreographic skill, to conduct stage rehearsals and learn costuming techniques.</td>
</tr>
<tr>
<td>DNCE 28</td>
<td>Theater Dance I</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Simple dance excerpts from various theater musicals and/or movies.</td>
</tr>
<tr>
<td>DNCE 29</td>
<td>Theater Dance II</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Advanced theatre dance variations for the technically skilled dancer drawn from a variety of theater musicals and/or movies. Includes concepts of acting and staging incorporated with musical theatre choreography.</td>
</tr>
<tr>
<td>DNCE 30</td>
<td>Contemporary Dance</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Opportunity for the beginning to advanced dancer to experience different techniques of leading contemporary dancers and choreographers.</td>
</tr>
<tr>
<td>DNCE 31</td>
<td>Classical Dance</td>
<td>0.5 to 2</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 108 hours lab</td>
<td>Advanced ballet repertoire focusing on the different schools of technique including Balanchine, Bouronville, and Vaganova.</td>
</tr>
<tr>
<td>DNCE 32</td>
<td>Commercial Dance</td>
<td>0.5 to 1</td>
<td>Degree Applicable, CSU, UC</td>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
<td>36 to 54 hours lab</td>
<td>Provides the intermediate to advanced jazz dancer the opportunity to experience the different techniques of leading commercial dancers, teachers and choreographers.</td>
</tr>
</tbody>
</table>
DNCE 33 — Improvisation  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Improvisation in dance and choreography. For all levels of dance. Students who repeat this course will improve proficiency through continued instruction and practice.

DNCE 34 — Dance Directives  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Prerequisite: Admission by audition  
Provides the intermediate or advanced student the practical experience to assist an instructor in the creation and instruction of a dance class.

DNCE 35 — Repertory  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
Provides the opportunity for the advanced dancer to learn choreography and to perform repertory pieces at workshops and special events. Students who repeat this course will improve skills through further instruction and practice.

DNCE 36 — Commercial Dance II  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Styles of Hip Hop dance. Intermediate and advanced levels of Hip Hop dance routines. Includes Hip Hop choreographic skills.

DNCE 39A — Alignment and Correctives I  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Pilates method of conditioning. Includes mat-work, Reformer and special conditioning exercises and body awareness resulting in improved alignment, strength, flexibility, control, coordination and breathing.

DNCE 39B — Alignment and Correctives II  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Prerequisite: DNCE 39A  
Pilates method of conditioning. Intermediate mat-work, Reformer and basic Wunda Chair repertoire focusing on developing improved body alignment, strength, flexibility and control.

DNCE 40 — Conditioning Through Dance  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Improves fitness through the coordination of dance exercises. Focuses on strength, flexibility and range of motion. Designed for the dancer and non-dancer.

DNCE 41 — Pilates I  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Advisory: DNCE 39A  
Pilates beginning and intermediate Mat work and beginning Reformer. Includes Pilatesstick and the Magic Circle.

DNCE 42 — Pilates II  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 to 54 hours lab  
Advisory: DNCE 41  
Pilates intermediate mat, Reformer and Pilatesstick. Beginning Wunda Chair, Step Barrel and Ped-a-Pul. Includes use of physio-ball in Mat work.

DNCE 43 — Pilates III  
Degree Applicable, CSU, UC  
36 to 54 hours lab  
Prerequisite: DNCE 42  
Pilates intermediate and advanced mat, Reformer (with use of Jumpboard), Wunda Chair (with use of split pedal), and Pilatesstick. Includes beginning Cadillac and High Barrel.

DN-T 27 — Theory and Principles of Pilates  
Degree Applicable  
54 hours lecture  
Prerequisite: DNCE 39A  
Teaching skills for the Pilates method of physical and mental conditioning. Concepts and principles as applied to the mat and apparatus repertoire.

DN-T 28 — Functional Anatomy for Pilates  
Degree Applicable  
36 hours lecture  
Functional human anatomy as applied to the Pilates method of conditioning.

DN-T 29 — Teaching Pilates Mat Repertoire  
1.5 Units  
18 hours lecture  
36 hours lab  
Prerequisite: DN-T 27 (may have been taken previously)  
Learning to teach the Pilates mat exercises and principles. Includes basic, intermediate and advanced levels focusing on pedagogy and the development of correct neuromuscular patterning.

DN-T 30 — Teaching Pilates Reformer Repertoire  
1.5 Units  
18 hours lecture  
36 hours lab  
Prerequisite: DN-T 29  
Learning to teach the Pilates Reformer exercises and principles. All levels are covered with a focus on the development of correct neuromuscular patterning.

DN-T 31 — Pilates Teaching-Mat and Reformer  
Degree Applicable  
3 Units  
18 hours lecture  
108 hours lab  
Prerequisite: DN-T 28 and DN-T 30  
Preparing students to teach Pilates in a variety of settings and situations. Teaching reinforces knowledge and understanding of the Pilates exercises. Includes lecture, observation, self-integration, assistant teaching, one-on-one teaching and content. Off-campus observations may be required.

DN-T 32 — Teaching Pilates Cadillac and Wunda Chair Repertoire  
1.5 Units  
18 hours lecture  
36 hours lab  
Prerequisite: DN-T 27 and DN-T 29 and DN-T 30  
Learning to teach the Pilates repertoire of exercises on the Cadillac and Wunda Chair. All levels are covered with a focus on the development of correct neuromuscular patterning.
### COURSE DESCRIPTIONS

#### DSPS 12 — Career Exploration and Planning for Students with Disabilities
3 Units

18 hours lecture
36 hours lab

(Advisory: DSPS 25)

Assists students with a systematic approach to self-exploration, occupational research and career decision-making. Students will identify interests, personality style, and skills. Educational and functional limitations, as well as reasonable accommodations will be explored. Designed for students with disabilities.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 13 — Orientation to College for Students with Disabilities
1 Unit

18 hours lecture

(May be taken for option of letter grade or Pass/No Pass)

Examine the college experience in relationship to disabilities. Develop an understanding of how disability related factors may influence the educational decision-making process.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 15 — Career Exploration for Students with Disabilities
1 Unit

18 hours lecture

Self-evaluation including interests, experiences, personality, values, and disability-related limitations as they relate to educational and career decisions. Identification of skills and resources, including those that relate to disability factors. Students who repeat this course will improve skills through further instruction and practice.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 20 — Improving Spelling and Reading of Words
3 Units

54 hours lecture

(May be taken for Pass/No Pass only)

Improve reading and spelling skills for multi-syllabic words. Includes sounding out letters, oral movements, and common “rules” for reading and spelling words. Designed for students with learning disabilities. Students who repeat this course will improve skills through further instruction and practice.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 25 — Language Development for Deaf Students in ASL and English
2 Units

108 hours lab

(May be taken for Pass/No Pass only)

Language Development for Deaf or hard of hearing students who use sign language to improve written English and ASL communication.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 30 — Academic Success Strategies for Students with Disabilities
1 Unit

54 hours lab

(May be taken for Pass/No Pass only)

Strategies for academic success intended for students with physical or learning-related disabilities. Addresses language, memory and reasoning with subject-specific techniques.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 31 — Memory Strategies for Students with Disabilities
3 Units

54 hours lecture

(Advisory: Eligibility for READ 80. Student should have at least one other academic class for application of strategies)

Principles of the memory process as it applies to academic coursework. Focuses on the memory process, improving specific memory components, identifying key concepts to memorize and the independent application of memory strategies to other academic courses.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 32 — Technology for Students with Learning Disabilities
3 Units

54 hours lecture

(Advisory: Eligibility for ENGL 67 or AMLA 42W and READ 80 or AMLA 32R. Concurrent enrollment in an academic class that requires reading and writing.)

Students with Learning Disabilities can improve their reading comprehension and written expression as applied to assignments in academic classes through the use of technology. A variety of strategies using technology will be introduced to students that will aid them in understanding and learning reading assignments and in expressing their ideas in written assignments. They will select several strategies for more in-depth use and apply them functionally in academic classes. Concurrent enrollment in an academic class that requires reading and writing is advised.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 33 — Strategies for Success in Math for Students with Disabilities
3 Units

54 hours lecture

(Advisory: Concurrent enrollment in MATH 50 to MATH 130)

Strategies for students currently in math courses for academic success in relationship to disabilities. Emphasis on effects of and strategies for processing, language expression, memory, reasoning, and processing speed as they relate to math.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

---

**DISABLED STUDENTS**

#### DSPS 15 — Career Exploration for Students with Disabilities
1 Unit

18 hours lecture

(May be taken for option of letter grade or Pass/No Pass)

Develop an understanding of how disability related factors may influence the educational decision-making process.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 17 — DSPS Corequisites
1 Unit

54 hours lecture

(May be taken for option of letter grade or Pass/No Pass)

Examine the college experience in relationship to disabilities. Develop an understanding of how disability related factors may influence the educational decision-making process.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 20 — Improving Spelling and Reading of Words
3 Units

54 hours lecture

(May be taken for Pass/No Pass only)

Improve reading and spelling skills for multi-syllabic words. Includes sounding out letters, oral movements, and common “rules” for reading and spelling words. Designed for students with learning disabilities. Students who repeat this course will improve skills through further instruction and practice.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 25 — Language Development for Deaf Students in ASL and English
2 Units

108 hours lab

(May be taken for Pass/No Pass only)

Language Development for Deaf or hard of hearing students who use sign language to improve written English and ASL communication.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 30 — Academic Success Strategies for Students with Disabilities
1 Unit

54 hours lab

(May be taken for Pass/No Pass only)

Strategies for academic success intended for students with physical or learning-related disabilities. Addresses language, memory and reasoning with subject-specific techniques.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 31 — Memory Strategies for Students with Disabilities
3 Units

54 hours lecture

(Advisory: Eligibility for READ 80. Student should have at least one other academic class for application of strategies)

Principles of the memory process as it applies to academic coursework. Focuses on the memory process, improving specific memory components, identifying key concepts to memorize and the independent application of memory strategies to other academic courses.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 32 — Technology for Students with Learning Disabilities
3 Units

54 hours lecture

(Advisory: Eligibility for ENGL 67 or AMLA 42W and READ 80 or AMLA 32R. Concurrent enrollment in an academic class that requires reading and writing.)

Students with Learning Disabilities can improve their reading comprehension and written expression as applied to assignments in academic classes through the use of technology. A variety of strategies using technology will be introduced to students that will aid them in understanding and learning reading assignments and in expressing their ideas in written assignments. They will select several strategies for more in-depth use and apply them functionally in academic classes. Concurrent enrollment in an academic class that requires reading and writing is advised.

(Not Degree Applicable)

May be taken for Pass/No Pass only.

#### DSPS 33 — Strategies for Success in Math for Students with Disabilities
3 Units

54 hours lecture

(Advisory: Concurrent enrollment in MATH 50 to MATH 130)

Strategies for students currently in math courses for academic success in relationship to disabilities. Emphasis on effects of and strategies for processing, language expression, memory, reasoning, and processing speed as they relate to math.

(Not Degree Applicable)

May be taken for Pass/No Pass only.
An introduction to the field of mechatronics, a combination of conventional electronic technology with mechanical and computer technology. Special emphasis is on robotics. Hands-on activities include the building of a robot.
Course Descriptions

- **ELEC 61 — Electronic Assembly and Fabrication** 3 Units
  
  36 hours lecture
  54 hours lab
  Advisory: ELEC 50A and ELEC 50B
  Manufacturing and fabrication processes associated with the electronics industry. Printed circuit board (PCB) design from conception to completion. Emphasizes electrical schematics, bill of material (BOM), component selection, layout design, manufacturability, assembly, soldering, de-soldering, and surface-mount technology.

- **ELEC 62 — Advanced Surface Mount Assembly** 2 Units
  
  18 hours lecture
  54 hours lab
  Advisory: ELEC 61
  Advanced course in assembly and repair (soldering) on surface mount assemblies (SMT). Prepares for the IPC surface mount assembly and rework certifications.

- **ELEC 74 — Microcontroller Systems** 4 Units
  
  54 hours lecture
  54 hours lab
  Advisory: ELEC 56 taken prior
  Microcontroller systems and programming methods; programmable logic devices (PLDs); serial communications; conversion of signals from analog to digital formats and the converse. Industry applications, interfacing, and troubleshooting.

- **ELEC 76 — FCC General Radiotelephone Operator** 2 Units
  
  18 hours lecture
  54 hours lab
  Advisory: ELEC 50B
  Prepares qualified electronics and aviation technicians for the Federal Communications Commission (FCC) commercial General Radiotelephone Operator License (GROL).

- **ELEC 81 — Laboratory Studies in Electronics Technology** 1 to 2 Units
  
  54 to 108 hours lab
  Advisory: ELEC 50B taken prior or concurrently
  Extended laboratory experience supplementary to that available in the regular program. Allows the student to pursue more advanced and complex laboratory projects and experiments.

- **ELEC 82 — Extended Laboratory Experience** 4 Units
  
  75 to 300 hours lab
  Advisory: ELEC 50B taken prior or concurrently
  able in the regular program. Allows the student to pursue more extended laboratory experience supplementary to that available in the regular program. Provides actual on-the-job experience in electronics at an approved work site which is related to classroom instruction. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit.

- **ELEC 91 — Work Experience in Electronics** 1 to 4 Units
  
  (May be taken for Pass/No Pass only)
  75 to 300 hours lab
  Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
  Advisory: ELEC 56
  Provides actual on-the-job experience in electronics at an approved work site which is related to classroom instruction. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit.

- **ELEC 95 — Home Theater, Home Integration, and Home Security Systems** 4 Units
  
  54 hours lecture
  54 hours lab
  Advisory: EST 54
  Home theater, home integration, home management Power Line Carriers (PLCs), security hardware and programming, and the installation and servicing of such systems. Prepares students for the California State Contractors C-7 low voltage systems license.

- **EST 50 — Electrical Fundamentals for Cable Installations** 4 Units
  
  54 hours lecture
  54 hours lab
  Prepares students for the California State Contractors C-7 low voltage systems license.

- **EST 52 — Fabrication Techniques for Cable Installations** 4 Units
  
  54 hours lecture
  54 hours lab
  Fabrication techniques used in the installation of home theater, computer networks, home automation, and other low voltage systems applications. Emphasis on hand and power tools, construction methods and materials as they apply to cable and wire installations. Prepares students for the California State Contractors C-7 low voltage systems license.

- **EST 54 — Cabling and Wiring Standards** 4 Units
  
  54 hours lecture
  54 hours lab
  Advisory: EST 50
  Prepares students for the California State Contractors C-7 low voltage systems license.

- **EST 56 — Home Theater, Home Integration, and Home Security Systems** 4 Units
  
  54 hours lecture
  54 hours lab
  Advisory: EST 56
  Troubleshooting basic electronic circuits and systems to component level. Circuits include: power supplies, amplifiers, audio circuits, home theater audio (Dolby 5.1), and video circuits (analog TV).

- **EST 62 — Electronic Troubleshooting - I** 4 Units
  
  54 hours lecture
  54 hours lab
  Advisory: EST 62
  Troubleshooting advanced electronic video circuits and systems to component level. Includes HDTV (plasma, LCD, LED).

- **EMS 1 — Paramedic Fundamentals and Selection** 4 Units
  
  72 hours lecture
  Prerequisite: Completed Paramedic Program application, current California EMT I (Basic) certificate, and 1200 hours employment as an EMT I, Eligibility for ENGL 60, Eligibility for READ 90, and Eligibility for MATH 51
  Assessment and review of required Emergency Medical Technician (EMT) competencies as part of the selection process for the Emergency Medical Technician Paramedic (EMT-P) program. Includes current practices, medical terminology, mathematical skills for drug calculations, and applied physiology and anatomy of human body systems.
EMS 2 — Preparation for Paramedic Program  1 Unit  Not Degree Applicable
(May be taken for Pass/No Pass only)
54 hours lab
Prerequisite: Acceptance into the paramedic program AND EMS 1
Emergency Medical Technician (EMT)-Basic Skills development and practice for patient assessment and treatment decision-making in preparation for the paramedic program. Focuses on life support, trauma response, and immobilization techniques for healthcare providers. Includes the American Heart Association Healthcare Provider (AHA HCP) Basic Life Support (BLS) skills, Basic Trauma Life Support (BTLS) and the Los Angeles County Emergency Medical Services (EMS) standards and resuscitation policies. Ride-alongs with 911 call response teams are highly recommended.

EMS 10 — Anatomy and Physiology for Paramedics  3.5 Units  Degree Applicable
61 hours lecture
Prerequisite: Admission to Paramedic Program and EMS 1 and EMS 2
Corequisite: EMS 20, EMS 30, EMS 40, EMS 50, and EMS 60
Gross anatomy and physiology of the human body, with applications to paramedic practices.

EMS 20 — Emergency Cardiac Care for Paramedics  2 Units  Degree Applicable
18 hours lecture
48 hours lab
Prerequisite: Admission to the Paramedic Program
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, EMS 50, and EMS 60
Certifies students in Pediatric Advanced Life Support (PALS), and Advanced Cardiac Life Support (ACLS) according to the standards of the American Heart Association (AHA). Enhances advanced assessment and treatment skills according to national and Los Angeles County Treatment Guidelines.

EMS 30 — Pharmacology for Paramedics  3 Units  Degree Applicable
44 hours lecture
44 hours lab
Prerequisite: Admission to the Paramedic Program
Corequisite: EMS 10, EMS 20, EMS 30, EMS 50, EMS 60
Paramedic drugs with emphasis on dosages supplied and ordered, routes of administration, expected therapeutic outcomes and possible adverse reactions.

EMS 40 — Cardiology for Paramedics  3 Units  Degree Applicable
54 hours lecture
Prerequisite: Admission to the Paramedic Program
Corequisite: EMS 10, EMS 20, EMS 30, EMS 50, and EMS 60
Familiarizes the paramedic with the normal, abnormal, and diseased heart, assessments, assessment tools, interpretation of dysrhythmias, and paramedic interventions.

EMS 50 — Paramedic Skills Competency  5.5 Units  Degree Applicable
67 hours lecture
80 hours lab
Prerequisite: Admission to the Paramedic Program
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, EMS 60
Paramedic skills required for field operation as a paramedic and for licensing in competency-based exams.

EMS 60 — EMS Theory for Paramedics  9 Units  Degree Applicable
157 hours lecture
Prerequisite: Admission to the Paramedic Program
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, and EMS 50
Paramedic theories, principles, and practices including assessment skills, care of the sick and injured at a paramedic level, with applications to anatomy and physiology, pathologic processes, and mechanisms of injury.

EMS 70 — Paramedic Clinical Internship  4 Units  Degree Applicable
(May be taken for Pass/No Pass only)
192 hours lab
Prerequisite: EMS 1
Corequisite: EMS 60 (May have been taken previously)
Clinical experience and application of paramedic theory and practice with emphasis on patient assessment and utilization of paramedic skills in a hospital setting.

EMS 80 — Paramedic Field Externship  9.5 Units  Degree Applicable
(May be taken for Pass/No Pass only)
479 hours lab
Prerequisite: EMS 1 and successful completion of Los Angeles County accreditation exam
Corequisite: EMS 70 (may have been taken previously)
Application of concepts of paramedic theory and practice, with emphasis on patient assessment and utilization of paramedic skills in a field setting on an operational paramedic unit.
Course Descriptions

**ENGINEERING**

**ENGR 1 — Introduction to Engineering**  
4 Units  
Degree Applicable, CSU, UC  
18 hours lecture  
100 hours lab  
Prerequisite: CHEM 40 or CHEM 50 and PHYS 4A or PHYS 2AG  
Advisory: FIRE 1 AND FIRE 13  
Designed for pre-Fire Academy students, this course is approved by the L.A. County and State EMS Agencies and prepares students to take the National Registry of EMTs certifying exam. Develops knowledge and skills needed for recognition of illnesses and injuries and emphasizes proper pre-hospital emergency care per local and national protocols.

**ENGR 4 — Properties of Materials**  
4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: CHEM 40 or CHEM 50 and PHYS 4A or PHYS 2AG  
Mechanical, electrical, magnetic, optical and thermal properties of engineering materials and their relation to the materials’ internal structure. Atomic structure and bonding, crystalline structures, phase and phase diagrams, metals; polymers, ceramics, composites, mechanical deformation and fracture, structural control and influence of properties, materials naming and designating systems, corrosion process, lasers, semiconductors and electronic packaging materials.

**ENGR 18 — Introduction to Engineering Graphics**  
3 Units  
Degree Applicable, CSU  
36 hours lecture  
54 hours lab  
Prerequisite: MATH 150 AND (ENGR 18 or eligibility for ENGR 24)  
Advisory: CSIB 15  
Vector approach to static equilibrium of rigid bodies, forces, couples in two-and three-dimensional space. Application of equilibrium principles to trusses, frames and machines. Calculation of center of mass and centroid. Friction, moment of inertia, distributed and concentrated loads. Forces in cables and beams. Fluid statics. Introduction to virtual work.

**ENGR 24 — Engineering Graphics**  
4 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
108 hours lab  
Prerequisite: PHYS 4A  
Advisory: CSIB 15  
2D and 3D Computer-aided design (CAD) for engineering students. The principles of engineering drawing and sketching for mechanical design, the use of computer graphics and solid modeling in design representation of 3D objects, assembly and simulation as well as ASME standards on geometric dimensioning and tolerances.

**ENGR 40 — Statics**  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: PHYS 4A  
Vector approach to static equilibrium of rigid bodies, forces, couples in two-and three-dimensional space. Application of equilibrium principles to trusses, frames and machines. Calculation of center of mass and centroid. Friction, moment of inertia, distributed and concentrated loads. Forces in cables and beams. Fluid statics. Introduction to virtual work.

**ENGR 42 — Mechanics of Materials**  
4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: ENGR 40  
Mechanics of deformable bodies subjected to axial, torsional, shearing, and bending loads. Includes combined stresses, statically indeterminate structures, deflection and stress analysis of beams, stability of columns, strain energy methods, and design of pressure vessels and structures.

**ENGR 44 — Electrical Engineering**  
4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
54 hours lab  
Prerequisite: PHYS 4B  
Electrical circuit analysis including applications of Kirchoff’s Laws and Thevenin’s Theorems to DC and AC circuits. Fundamental principles including steady state and transient circuit response; complex impedance and admittance, Fourier and Laplace transforms and three-phase circuits. Application of fundamental circuit principles to operational amplifier and transistor circuits.

**ENGR 45 — Fundamental Engineering Graphics**  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Instr. approval required for robotics competition team members  
Advisory: Eligibility for MATH 51  
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer special projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Student must have instructor’s authorization before enrolling in this class. Students who repeat this course will meet with the instructor and make individual contracts of a more advanced nature to ensure that proficiencies are enhanced.

**ENGR 99 — Special Projects in Engineering**  
1 to 2 Units  
Not Degree Applicable  
54 to 108 hours lab  
Corequisite: PHYS 1 or PHYS 2AG or PHYS 4A (May have been taken previously)  
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer special projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Student must have instructor’s authorization before enrolling in this class. Students who repeat this course will meet with the instructor and make individual contracts of a more advanced nature to ensure that proficiencies are enhanced.

**EDT 16 — Basic CAD and Computer Applications**  
4 Units  
Degree Applicable, CSU  
54 hours lecture  
54 hours lab  
Advisory: Eligibility for MATH 51  
Basic CAD (Computer Aided Design and Drafting) and computer application in engineering and related fields (including basic word processing, spreadsheet, CAD and presentation applications).

### ENGL 65 — Grammar Review
1 Unit
(May be taken for option of letter grade or Pass/No Pass)
18 hours lecture
Review fundamentals of English for the student who needs a practical course focusing on usage and grammar: case, agreement, verbs, verbals, fragments, shifts in construction, dangling modifiers, diction, parallelism, comma splice, and punctuation.

### ENGL 66 — Paragraph Writing
1 Unit
(May be taken for option of letter grade or Pass/No Pass)
18 hours lecture
Analysis and writing of paragraphs. Through the process of writing, the student learns to state and support an idea about a focused topic.

### ENGL 67 — Writing Fundamentals
4 Units
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: Satisfactory score on the English Placement Test or completion of AMLA 42W or completion of LERN 81
Emphasizes sentence, outlining, summary, paragraph and essay skills, and critical thinking through combining reading and writing.

### ENGL 68 — Preparation for College Writing
4 Units
Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: ENGL 67 or AMLA 43W or satisfactory score on the English Placement Test
Review fundamentals of English for the student who needs a practical course focusing on usage and grammar: case, agreement, verbs, verbals, fragments, shifts in construction, dangling modifiers, diction, parallelism, comma splice, and punctuation.

### LIT 1 — Early American Literature
3 Units
(C-ID ENGL 139)
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
American literature of the Seventeenth, Eighteenth, and Nineteenth Centuries. Emphasizes writers who created an American literary identity and shaped America's cultural mythology.

### LIT 2 — Modern American Literature
3 Units
(C-ID ENGL 135)
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Emphasizes characteristic late 19th, 20th, and 21st century concerns as they relate to American literary form and content.

### LIT 3 — Multicultural American Literature
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Analyzes the representative contributions of diverse groups to American literature and culture. Covering a wide spectrum of historical periods and literary genres, the course will focus on issues of ethnic identity, assimilation, acculturation, cultural pluralism, and family and gender roles in order to heighten awareness of diversity in America. Representative literature may include that of or by African Americans, Hispanic Americans, Native Americans, Asian Americans, Gay and Lesbian Americans, people with differing abilities and religions.

### LIT 6A — Survey of English Literature
3 Units
(C-ID ENGL 160)
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
A chronological study of major works from Beowulf and the Anglo-Saxon period to the mid-18th century.
LIT 6B — Survey of English Literature 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Major works from the Romantic Era through the Victorian and Modern periods to contemporary texts.

LIT 10 — Survey of Shakespeare 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Examines the significant poetry of England and America in the 20th and 21st centuries, with the major emphasis on contemporary poetry.

LIT 11A — World Literature to 1650 3 Units
(C-ID ENGL 140) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Survey of selected works derived from antiquity to 1650 from Europe, the Near and Mid East, Egypt, Asia, Greece, and Rome. The course explores the relationships between world literatures, art, society, politics, and philosophy.

LIT 11B — World Literature from 1650 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
LIT 11B conducts a comparative survey of selected works of literature, in English translation, originating since 1650 to the 21st century, from Europe, Asia, Africa, the Middle East, and South America. The course explores relationships between world literatures, art, culture, politics and philosophy.

LIT 14 — Introduction to Modern Poetry 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Examines the significant poetry of England and America in the 20th and 21st centuries, with the major emphasis on contemporary poems.

LIT 15 — Introduction to Cinema 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Examines the broad range of human experience inherent in the study of film as art. Using a number of films drawn from various genres, examines film from historical, social, technological and aesthetic perspectives.

LIT 20 — African American Literature 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Surveys Eighteenth through Twenty-first Century writings of African Americans. Emphasizes the oral tradition, development of protest literature and major modern and contemporary writers such as Wright, Ellison, Baldwin, Walker, and Morrison.

LIT 25 — Contemporary Mexican American Literature 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Contemporary Mexican American literature, drama, and film. Includes discussion of the roles played by gender, religion, language, education, family, ethnic identity, and class. Also addresses application of literary tools such as symbolism, language, and theme.

LIT 36 — Introduction to Mythology 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Major myths, including creation, fertility, and hero myths. Theories and approaches to these archetypal stories and the ways that they reflect and shape culture. Emphasis is on Classical myths, but myths from around the world may be included.

LIT 40 — Children’s Literature 3 Units
(C-ID ENGL 180) Degree Applicable, CSU
54 hours lecture
Prerequisite: ENGL 1A
Children’s fiction and non-fiction books from around the world. Emphasis is given to analysis and interpretation of thematic and literary elements, suitability for age group, quality of writing and illustration, award-winning books, and issues related to cultural patterns, bias and persuasiveness.

LIT 46 — The Bible As Literature: Old Testament 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Considers the Bible as a collection of literary texts and applies the principles of literary analysis to the Old Testament in their historical and cultural contexts.

LIT 47 — The Bible as Literature: New Testament 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Considers the Bible as a collection of literary texts and applies the principles of literary analysis to selected books of the New Testament in their historical and cultural contexts.
## Course Descriptions

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FASH 8</td>
<td>Introduction to Fashion</td>
<td>3</td>
<td>54 hours lecture: Fashion industry from concept to consumer, industry background, and technology. Includes design, manufacturing, distribution, sales, and promotion with emphasis on career opportunities and qualifications.</td>
</tr>
<tr>
<td>FASH 9</td>
<td>History of Costume and Fashion</td>
<td>3</td>
<td>54 hours lecture: Survey of Western costume and fashion from antiquity to contemporary times. Emphasis is placed on style development as it relates to social, economic and political forces, and the relationship of historic styles to current fashion.</td>
</tr>
<tr>
<td>FASH 10</td>
<td>Clothing Construction I</td>
<td>3</td>
<td>36 hours lecture: Essentials of industry standard apparel construction techniques using a variety of machines and equipment. Students will be given instruction in single needle machine operation, industrial overlock operation, and garment assembly.</td>
</tr>
<tr>
<td>FASH 12</td>
<td>Clothing Construction II</td>
<td>3</td>
<td>36 hours lecture: Advanced industry construction techniques using overlock and single needle machines.</td>
</tr>
<tr>
<td>FASH 14</td>
<td>Dress, Culture, and Identity</td>
<td>3</td>
<td>54 hours lecture: The interrelatedness of socio-psychological, economic, cultural, and political/religious influences on dress, adornment, and fashion in historical perspective. Includes cross-cultural analysis of Western and non-Western dress.</td>
</tr>
<tr>
<td>FASH 15</td>
<td>Aesthetic Design in Fashion</td>
<td>3</td>
<td>54 hours lecture: Design principles and influences in apparel selection and fashion design. Projects applying design elements and principles using CAD software.</td>
</tr>
<tr>
<td>FASH 17</td>
<td>Textiles</td>
<td>3</td>
<td>54 hours lecture: Manufacturing of textiles and fabrics and the factors that determine the suitability for end use. Topics include natural and synthetic fibers, yarns, fabric construction, dyes, finishes, legislation, and care. Emphasis is on selection criteria for textile product design and recent developments in the textile field.</td>
</tr>
<tr>
<td>FASH 21</td>
<td>Patternmaking I</td>
<td>3</td>
<td>36 hours lecture: Theory and application of basic flat patternmaking techniques to create garment designs using industry standards. By means of dart and seam manipulation, patterns will be created, constructed and fitted.</td>
</tr>
<tr>
<td>FASH 22</td>
<td>Fashion Design By Draping</td>
<td>3</td>
<td>36 hours lecture: Three dimensional dress design through draping fabrics directly to a dress form to create original designs and patterns to interpret fashion illustrations and technical flats.</td>
</tr>
<tr>
<td>FASH 23</td>
<td>Patternmaking II</td>
<td>3</td>
<td>36 hours lecture: Intermediate pattern drafting and flat patternmaking, with an introduction to the grading of patterns and technical packages. Development of patternmaking skills to include drafting flat patterns from measurements, creating advanced sleeves and collars. Students apply patternmaking theories to create ready-to-wear sportswear designs for misses and women’s wear.</td>
</tr>
<tr>
<td>FASH 30</td>
<td>Fashion Design and Product Development I</td>
<td>3</td>
<td>54 hours lecture: Overview of the global environment for product development for fashion. Applies the concepts and methods by which retailers create special store-branded merchandise for targeted customer segments. Students will develop financial and design goals, create product concept and line-boards, and evaluate the aesthetic and commercial results.</td>
</tr>
<tr>
<td>FASH 59</td>
<td>Fashion Retailing</td>
<td>3</td>
<td>54 hours lecture: Principles that focus on the fashion segment of the retailing industry and the merchandising of fashion products. Includes an overview of fashion retailing, on site environments, online fashion stores, and retail management.</td>
</tr>
<tr>
<td>FASH 62</td>
<td>Retail Buying and Merchandising</td>
<td>3</td>
<td>54 hours lecture: Principles and practices used in the retail buying and merchandising environment. This course emphasizes the buyer’s role in merchandising management, pricing strategies, promotion, retail formulas, and costing calculations.</td>
</tr>
<tr>
<td>FASH 63</td>
<td>Fashion Promotion</td>
<td>3</td>
<td>54 hours lecture: Principles and techniques of advertising and promoting apparel wholesale and retail products. Emphasis placed on promotional mix, trend and forecast research, branding, special events, integrated marketing, promotional media, and communication strategy.</td>
</tr>
<tr>
<td>FASH 66</td>
<td>Visual Merchandising Display</td>
<td>3</td>
<td>36 hours lecture: Design principles, color theory, space and lighting in relation to visual merchandising display areas and interior design of stores using various applications of computer graphics programs.</td>
</tr>
<tr>
<td>Course Code</td>
<td>Course Title</td>
<td>Units</td>
<td>Description</td>
</tr>
<tr>
<td>-------------</td>
<td>--------------</td>
<td>-------</td>
<td>-------------</td>
</tr>
<tr>
<td>FIRE 1</td>
<td>Fire Protection Organization</td>
<td>3</td>
<td>Careers in fire protection and related fields, history of fire protection, fire loss analysis, and public, quasi-public, and private fire protection services. Also includes specific fire protection functions and fire behavior, suppression, and extinguishment.</td>
</tr>
<tr>
<td>FIRE 2</td>
<td>Fire Prevention Technology</td>
<td>3</td>
<td>History of fire prevention, including codes, ID and correction of hazards, investigation, and public safety education.</td>
</tr>
<tr>
<td>FIRE 3</td>
<td>Fire Protection Equipment and Systems</td>
<td>3</td>
<td>Portable fire extinguishing equipment, sprinkler and standpipe systems, protection systems for special hazards, fire alarm and detection systems and maintenance, design and operation of sprinkler systems, water supply, pump, tanks and connections.</td>
</tr>
<tr>
<td>FIRE 4</td>
<td>Building Construction for Fire Protection</td>
<td>3</td>
<td>Building construction and fire code safety effects on pre-planning, engineering, inspections, fire ground operations, fire and building codes relationships.</td>
</tr>
<tr>
<td>FIRE 5</td>
<td>Fire Behavior and Combustion</td>
<td>3</td>
<td>Theory of how and why fires start, spread and are controlled; in depth study of fire chemistry and physics, characteristics of materials, extinguishing of materials, extinguishing agents and fire control techniques.</td>
</tr>
<tr>
<td>FIRE 6</td>
<td>Hazardous Materials/ICS</td>
<td>3</td>
<td>Hazardous chemicals, their physical properties, use in industry, characteristics when involved in spills, fire and accidents. Information regarding emergency procedures, legal requirements, compliance to regulations, health effects and treatment, protocols that meet OSHA requirements.</td>
</tr>
<tr>
<td>FIRE 7</td>
<td>Fire Fighting Tactics and Strategy</td>
<td>3</td>
<td>Principles of fire control through utilization of staff, equipment and extinguishing agents, fire command and control procedures, understanding types of building construction as it relates to fire control, review of fire chemistry, pre-fire planning, organized approach to decision making on the fire scene, basic firefighting strategy and tactics.</td>
</tr>
<tr>
<td>FIRE 8</td>
<td>Fire Company Organization and Management</td>
<td>3</td>
<td>Fire department company organization, management, leadership, company officer responsibilities, personnel issues, administration, communication, firefighter safety and wellness, firefighting capability, records, and reports.</td>
</tr>
<tr>
<td>FIRE 9</td>
<td>Fire Hydraulics</td>
<td>3</td>
<td>Mathematics, hydraulic laws and formulas as applied to fire service. Application of formulas and mental calculation to hydraulic problems, water supply problems, and underwriter requirements for pumps.</td>
</tr>
<tr>
<td>FIRE 10</td>
<td>Arson and Fire Investigation</td>
<td>3</td>
<td>Cause, origin, arson, incendiaries, related laws and types of incendiary fires. Methods of determining fire cause, recognizing and preserving evidence, interviewing and detaining witnesses, adult and juvenile fire setters, court procedure and testimony.</td>
</tr>
<tr>
<td>FIRE 11</td>
<td>Fire Apparatus and Equipment</td>
<td>3</td>
<td>Mechanized equipment operated by the fire service personnel and regulations pertaining to their use. Includes driving laws, driving techniques, construction and operation of pumping engines, ladder trucks, aerial platforms, specialized equipment, and apparatus maintenance.</td>
</tr>
<tr>
<td>FIRE 12</td>
<td>Wildland Fire Control</td>
<td>4.5</td>
<td>Addresses wildland fire behavior, safety considerations, strategy, tactics, and operational differences within the wildland urban interface. Field trip required.</td>
</tr>
<tr>
<td>FIRE 13</td>
<td>Principles of Fire and Emergency Services Safety and Survival</td>
<td>3</td>
<td>Fire Technology principles. History of the National Firefighter Life Safety Initiative and need for cultural and behavioral change. This course meets the National Fire and Emergency Services Higher Education objectives as it pertains to firefighter safety and survival techniques used in today’s fire service.</td>
</tr>
<tr>
<td>FIRE 86</td>
<td>Basic Fire Academy</td>
<td>14.5</td>
<td>Standard fire department apparatus and equipment, salvage covers and fire extinguishment techniques in accordance with the State Board of Fire Services. Prepares students to meet manipulative skills standards established by the local fire agencies, associations and unions.</td>
</tr>
</tbody>
</table>
Course Descriptions

**FIRE 91 — Fire Academy Ladder Orientation**  
Not Degree Applicable  
1 Unit  
Prerequisite: May be taken for Pass/No Pass only  
8 hours lecture  
32 hours lab  
Intensive training in ladder manipulation to prepare students for Fire Academy and physical fitness tests given by the fire departments.

**FIRE 93 — Firefighter 1 Skills Review and Testing**  
Not Degree Applicable  
1 Unit  
Prerequisite: May be taken for Pass/No Pass only  
4 hours lecture  
36 hours lab  
Review of skills learned in the basic fire academy in accordance with the State Fire Marshal Firefighter 1 curriculum. This course also provides the student the opportunity to take the National Capstone tests for International Fire Service Accreditation Congress (IFSAC) and National Board on Fire Services Professional Qualifications (Pro Board) certification. Successful completion of this course would provide the student with the opportunity to apply for employment outside the state of California with those states that offer reciprocity.

**FIRE 96 — Work Experience Fire Science**  
Not Degree Applicable  
1 to 4 Units  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
75 to 300 hours lab  
Work experience in fire service at an approved work site which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. This course is available to students achieving a minimum of 12 units in fire service.

**FIRE 100 — Fire Prevention 1: Company Officer’s Fire and Life Safety Inspections**  
Degree Applicable  
1.5 Units  
24 hours lecture  
8 hours lab  
Company Officer certification track and Capstone Task Book process including knowledge and skills related to the Company Officer’s role in fire prevention, the relationship between life safety and building construction, the elements of a quality company inspection program, and how to address complex hazards encountered during an inspection.

**FIRE 101 — Command 1A: Structure Fire Command Operations for Company Officers**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Prerequisite: Fire Academy Course Completion CertificateFire Prevention 1 I-200 online certificate  
Principles of command for the Company Officer including the development of incident priorities, strategy, tactics, safety, and the risk management process. An overview of Company Officer Pre and Post Incident planning considerations, and crew roles and responsibilities. Each student will have the opportunity to gain experience through structure fire incident simulations and role play.

**FIRE 102 — Fire Command 1B: Incident Management for Company Officers**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Prerequisite: Command 1A I-200 online certificate AND Fire 101 Tactics, strategies, and scene management for multi-casualty incidents, hazardous materials incidents, and wildland fires. Each student also has the opportunity to increase his or her knowledge and skills by handling initial operations at these types of incidents through simulation and class activities.

**FIRE 103 — Command 1C: Wildland Urban Interface Operations for Company Officer**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Prerequisite: Fire Academy Course Completion Certificate AND Fire 101 ANDAND 101 ANDI-200 (FEMA online certificate course) AND IFSAC online course is accepted  
Principles of command in the wildland urban interface environment. An overview of the concepts of command safety and the risk management process. An overview of Company Officer development of incident priorities, strategy, tactics, safety, and the challenges of local conditions, and public expectations.

**FIRE 104 — Training Instructor 1A: Cognitive Lesson Delivery**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Prerequisite: FIRE 104 Training Instructor 1B is part of the State Fire Marshal Fire Officer Certification track. Methods/techniques for training with the latest concepts in career education; selecting, adapting, organizing, and using instructional materials appropriate for teaching cognitive lessons; criteria and methods to evaluate teaching and learning efficiency; and an opportunity to apply major principles of learning through teaching demonstrations.

**FIRE 105 — Training Instructor 1B: Psychomotor Lesson Delivery**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Prerequisite: FIRE 104 Training Instructor 1B is part of the State Fire Marshal Fire Officer Certification track. Methods/techniques for training with the latest concepts in career education; selecting, adapting, organizing, and using instructional materials appropriate for teaching psychomotor lessons; criteria and methods to evaluate teaching and learning efficiency; and an opportunity to apply major principles of learning through teaching demonstrations.

**FIRE 106 — Fire Investigation 1A: Fire Origin and Cause Determination**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Prerequisite: Fire Investigation 1A: Fire Origin and Cause Determination is a component of the Fire Marshal Fire Officer certification track including fire scene investigation. The focus of the course is to provide information on fire scene indicators and to determine the fire’s origin.

**FIRE 107 — Fire Management 1: Management/Supervision for Company Officer**  
Degree Applicable  
1.5 Units  
24 hours lecture  
16 hours lab  
Fire Management 1: Management/Supervision for Company Officers course prepares or enhances the first line supervisor’s ability to supervise subordinates. Key management concepts and practices utilized and including discussions about decision making, time management, leadership styles, personnel evaluations, and counseling guidelines.
FRCH 1 — Elementary French 4 Units
Degree Applicable, CSU, UC
72 hours lecture
Beginning course for students without prior exposure to French. Begins to develop the ability to converse, read and write in French. Emphasis is on oral proficiency. Includes the study of principles of language learning, pronunciation, basic vocabulary and grammatical structures. Extensive exposure to the cultures of French-speaking countries.

FRCH 2 — Continuing Elementary French 4 Units
Degree Applicable, CSU, UC
72 hours lecture
Prerequisite: FRCH 1 or equivalent
Further development of conversational, reading and writing skills in French, with emphasis on communicative skills, expansion of vocabulary and understanding of structure. Extensive exploration and analysis of the cultures of French-speaking countries.

FRCH 3 — Intermediate French 4 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: FRCH 2 or equivalent
Expansion of vocabulary and structural components. Further development of communicative proficiency with increasing emphasis on reading and writing. Extensive exposure to culture from France and other French-speaking countries.

FRCH 4 — Continuing Intermediate French 4 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: FRCH 3
Continued development of intermediate-level proficiency in French. Increasing emphasis on reading and writing. Extensive exposure to cultural elements such as art, music, film, and history from France and other French-speaking countries.

FRCH 53 — Intermediate Conversational French 3 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Prerequisite: FRCH 2
Intermediate level fluency through expansion of vocabulary and practical use of language.

FRCH 54 — Continuing Intermediate Conversational French 3 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Prerequisite: FRCH 3 or FRCH 53 or equivalent
Continuing to intermediate fluency through further expansion of vocabulary and practical use of language.

FRCH 60 — French Culture Through Cinema 3 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
French culture and history as presented in classic and contemporary French films. Analysis of characters and political, social and artistic movements in France and other Francophone countries as reflected in the works of French-speaking film directors and writers. Lectures and class discussions conducted in English. All films with English subtitles.

GEOG 1 — Elements of Physical Geography 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Study of the natural processes creating the earth’s physical environments with emphasis on the inter-relationships of natural processes and systems; general atmospheric circulation, earth-sun relationships, oceanic circulation, water and energy budgets, plate tectonics, and the shaping of the physical landscape.

GEOG 1H — Elements of Physical Geography - Honors 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Study of the natural processes creating the earth’s physical environments with emphasis on the inter-relationships of natural processes and systems; general atmospheric circulation, earth-sun relationships, oceanic circulation, water and energy budgets, plate tectonics, and the shaping of the physical landscape. An honors course designed to provide an enriched experience. Students may not receive credit for both GEOG 1 and GEOG 1H.

GEOG 1L — Physical Geography Laboratory - Honors 1 Unit
Degree Applicable, CSU, UC
54 hours lab
Corequisite: GEOG 1 or GEOG 1H (May have been taken previously)
Advisory: MATH 50
Geographical observations, experiments, and demonstrations in a laboratory setting to explore natural earth processes and systems.

GEOG 1LH — Physical Geography Laboratory - Honors 1 Unit
Degree Applicable, CSU, UC
54 hours lab
Corequisite: GEOG 1 or GEOG 1H (May have been taken previously)
Advisory: MATH 50
Geographical observations, experiments, and demonstrations in a laboratory setting to explore natural earth processes and systems. An honors course designed to provide an enriched experience. Students may not receive credit for both GEOG 1L and GEOG 1LH.

GEOG 2 — Human Geography 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Human geography with emphasis on critical areas of inquiry and research. Focus on the interconnections of place and process in several sites around the globe; comprehension of important terms and concepts; and literacy in the geography of place names and in world regional understanding.

GEOG 2H — Human Geography - Honors 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Human geography with emphasis on critical areas of inquiry and research. Focus on the interconnections of place and process in several sites around the globe; comprehension of important terms and concepts; and literacy in the geography of place names and in world regional understanding. An honors course designed to provide an enriched experience. Students may not receive credit for both GEOG 2 and GEOG 2H.

| **GEOL 9 — Environmental Geology** | 3 Units |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Advisory: ENGL 1A |
| Human interactions with the geological environment for non-science majors. Relevant aspects of the geological environment and the problems currently caused by humans as they use the earth and its resources. Geologic hazards, including earthquakes, volcanoes, landslides, floods, subsidence. Emphasis on geological viewpoints concerning waste disposal, pollution, geothermal energy, fossil fuels, and mining. Geologic practices related to sound land management, conservation of resources, and protection of the environment. Field trips required. |

| **GEOL 10 — Natural Disasters** | 3 Units |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Surveys the hazards faced by humans from the natural environment. Analyzes a variety of hazards from a geological perspective. Studies the impact humans have on influencing or exacerbating natural disasters. Includes the role of government in responding to natural disasters. Field trips required. |

| **GEOL 24 — Geologic Field Studies: Central California** | 4 Units |
| Degree Applicable, CSU |
| (May be taken for option of letter grade or Pass/No Pass) |
| 54 hours lecture |
| 54 hours lab |
| Field studies of selected central California geological provinces and surrounding areas. Overnight field trips required. Trips require significant hiking. |

| **GEOL 25 — Geologic Field Studies: Southern California** | 4 Units |
| Degree Applicable, CSU |
| 54 hours lecture |
| 54 hours lab |
| Field studies of selected southern California geological provinces and surrounding areas. Overnight field trips required. Trips require significant hiking. |

| **GEOL 29 — Special Topics in Field Geology** | 3 Units |
| Degree Applicable, CSU |
| 18 hours lecture |
| 108 hours lab |
| Advisory: GEOL 1 or GEOL 8 |
| Field studies of designated geologic provinces and regions. Emphasis on rock identification and interpretation of geologic histories of field areas. Extended overnight field trips, camping, and strenuous hiking required. |

| **GEOL 99 — Special Projects in Geology** | 2 Units |
| Degree Applicable, CSU |
| (May be taken for option of letter grade or Pass/No Pass) |
| 36 hours lecture |
| In order to offer students the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester, and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this course. |

<tbody>
<tr>
<td><strong>GERM 1 — Elementary German</strong></td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>72 hours lecture</td>
</tr>
<tr>
<td>For students with no previous German. Develops the ability to converse, read, and write in German. Emphasis on oral proficiency. Includes essentials of pronunciation, vocabulary, idioms, and grammatical structures along with an introduction to Germanic culture.</td>
</tr>
</tbody>
</table>

| **GERM 2 — Continuing Elementary German** | 4 Units |
| Degree Applicable, CSU, UC |
| 72 hours lecture |
| Prerequisite: GERM 1 |
| Further development of conversational reading and writing skills in German with emphasis on communication skills, expansion of vocabulary, and understanding of structure. Further study of Germanic culture. |

| **GERM 3 — Intermediate German** | 4 Units |
| Degree Applicable, CSU, UC |
| (May be taken for option of letter grade or Pass/No Pass) |
| 72 hours lecture |
| Prerequisite: GERM 2 |
| Communicative proficiency in German and exploration of Germanic culture. Further study and review of grammar and expansion of vocabulary. Increasing emphasis on reading and writing in German. |

| HIST 1 — History of the United States | 3 Units |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Prerequisite: Eligibility for ENGL 68 |
| History of the United States from Native American and colonial times to the present. Designed for transfer students who need a one-semester course in United States history to meet general education requirements. History and social science majors should take History 7 and 8. Satisfies the requirement for a course in American history, including the study of American institutions and ideals as required by Title 5 of the California Administrative Code. |

| **HIST 3 — World History: Prehistoric to Early Modern** | 3 Units |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Prerequisite: Eligibility for ENGL 1A |
| Human societies from their origins to the Early Modern period from a global and comparative perspective including social, political, economic, and cultural institutions and changes. |

| **HIST 3H — World History: Prehistoric to Early Modern - Honors** | 3 Units |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Prerequisite: Acceptance into the Honors Program |
| Human societies from their origins to the Early Modern period from a global and comparative perspective including social, political, economic, and cultural institutions and changes. An honors course designed to provide an enriched experience. Students may not receive credit for both HIST 3 and HIST 3H. |

| **HIST 4 — World History: Early Modern to the Present** | 3 Units |
| (C-ID HIST 160) |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Prerequisite: Eligibility for ENGL 1A |
| Social, political, economic, and cultural changes during the modern period from a global and comparative perspective. |

| **HIST 4H — World History: Early Modern to the Present - Honors** | 3 Units |
| (C-ID HIST 160) |
| Degree Applicable, CSU, UC |
| 54 hours lecture |
| Prerequisite: Acceptance into the Honors Program |
| Social, political, economic, and cultural change during the modern period from a global and comparative perspective. Includes extensive reading and writing assignments. Students may not receive credit for both HIST 4 and HIST 4H. |
### Course Descriptions

- **HIST 7 — History of the United States to 1877**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 1A
  Survey of American history from Native American origins through post-Civil War Reconstruction with an encompassing approach to the United States and its major ethnic and social groups. Explores the influence of the geography and environment of North America and the ethnic, social, and religious complexity of the population. Also examines political, philosophical, and intellectual influences on the founding fathers, American political institutions, and the citizens of the country. Satisfies the requirement for a course in American history, including the study of American institutions and ideas and the Constitution of the United States as required by Title 5 of the California Administrative Code.

- **HIST 7H — History of the United States to 1877**
  3 Units
  - Honors
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Acceptance into the Honors Program
  Survey of American history from Native American origins through post-Civil War Reconstruction with an encompassing approach to the United States and its major ethnic and social groups. Explores the influence of the geography and environment of North America and the ethnic, social, and religious complexity of the population. Also examines political, philosophical, and intellectual influences on the founding fathers, American political institutions, and the citizens of the country. Satisfies the requirement for a course in American history, including the study of American institutions and ideas and the Constitution of the United States as required by Title 5 of the California Administrative Code. An honors course designed to provide an enriched experience. Students may not receive credit for both HIST 7 and HIST 7H.

- **HIST 8 — History of the United States from 1865**
  3 Units
  - Honors
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 1A
  United States history from 1865 to the present. Examines social, economic, political, intellectual, and military themes and patterns of United States development. Designed for history, social science, or humanities majors, or for transfer students who need a year course in United States history to meet general education requirements. Satisfies the requirement for a course in American history including the study of American institutions and ideals and the principles of State and local government as required by Title 5 of the California Administrative Code.

- **HIST 8H — History of the United States from 1865**
  3 Units
  - Honors
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Acceptance into the Honors Program
  United States history from 1865 to the present. Examines social, economic, political, intellectual, and military themes and patterns of United States development. Designed for history, social science, or humanities majors, or for transfer students who need a year course in United States history to meet general education requirements. Satisfies the requirement for a course in American history including the study of American institutions and ideals and the principles of State and local government as required by Title 5 of the California Administrative Code. An honors course designed to provide an enriched experience. Students may not receive credit for both HIST 8 and HIST 8H.

- **HIST 10 — History of Premodern Asia**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of East, South, and Southeast Asia from the prehistoric age to the early modern period. Emphasizes social, political, economic, and cultural changes in Asia from a regional and comparative perspective.

- **HIST 11 — History of Modern Asia**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of East, South, and Southeast Asia from the early modern period to the present. Emphasizes social, political, economic, and cultural changes in Asia during the modern period from a regional and comparative perspective.

- **HIST 16 — The Wild West - A History, 1800-1890**
  3 Units
  Degree Applicable, CSU, UC
  (May be taken for option of letter grade or Pass/No Pass)
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of the 19th Century Trans-Mississippi West (also known as the Wild West or the 19th Century American West) including significant historical, economic, and political events and personalities which make up this time period.

- **HIST 19 — History of Mexico**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  Cultural and social history of the Mexican people from pre-Colombian civilization to modern Mexico.

- **HIST 20 — History of the African American 1619-1877**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of African Americans from 1619 to 1877, including historical processes and their impact on modern U.S. society. A critical analysis will be made of the contributions of African Americans to the historical development of the United States, and the transformations that have occurred as a result. Satisfies the requirement for a course in American institutions and ideals and the Constitution of the United States as required by Title 5 of the California Administrative Code.

- **HIST 25 — History of Africa**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of Africa from prehistoric times to the present with a focus on cultural, social, economic, and political changes. Topics include ancient African societies, European colonialism, and the reemergence of independent African states in recent decades.

- **HIST 31 — History of the African American**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of African Americans from the Reconstruction period to the present, including historical processes and their impact on modern U.S. society. A critical analysis will be made of the contributions of African Americans to the historical development of the United States, and the transformations that have occurred as a result. Satisfies the requirement for a course in American institutions and ideals and the Constitution of the United States as required by Title 5 of the California Administrative Code.

- **HIST 35 — History of Africa**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  History of Africa from prehistoric times to the present with a focus on cultural, social, economic, and political changes. Topics include ancient African societies, European colonialism, and the reemergence of independent African states in recent decades.

- **HIST 36 — Women in American History**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  Women's experience placed within the context of major themes of United States history addressing issues and debates related to gender construction and identity from Colonial times to the present. Political, economic, and social currents within the context of race, ethnicity, sexual orientation, and class are examined and analyzed. This course satisfies the requirement for a course in American history including the study of American institutions and ideals, as required by Title 5 of the California Administrative Code.

- **HIST 39 — California History**
  3 Units
  Degree Applicable, CSU, UC
  54 hours lecture
  Prerequisite: Eligibility for ENGL 68
  The social, intellectual, economic, and political development of California and the Pacific Coast from earliest times to the present.
HIST 40 — History of the Mexican American 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
U.S. history from colonial times to the present with a special emphasis on the role of Mexican Americans in the development of the nation. Satisfies the requirement for a course in American history, including the study of American institutions and ideals as required by Title 5 of the California Administrative Code.

HIST 44 — History of Native Americans 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
History of the United States from Colonial times to the present with a special emphasis on the role of Native Americans. Examines the role Euro-American social, political, and economic movements play in the Native American experience and the mutual relationships generated through these factors. Critically analyzes how the Native American narrative is woven into the fabric of U.S. history and is an essential component of the complete American story.

HIST 99 — Special Projects in History 2 Units
Degree Applicable, CSU
36 hours lecture
Prerequisite: Eligibility for ENGL 1A
Offers selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to a greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Instructor authorization needed prior to enrollment.

HISTOTECHNOLOGY

HT 1 — Introduction to Histotechnology 1 Unit
Degree Applicable
18 hours lecture
Prerequisite: Eligibility for ENGL 1A
Advisory: Eligibility for ENGL 1A
The role of histotechnicians in preparation and analysis of tissues samples for diagnostic and research purposes. Internet resources, support organizations and periodical references for histotechnicians, as well as regulatory agencies. Set up of an educational plan and portfolio to be used throughout the program.

HT 2 — Scientific Basics for Histotechnicians 3 Units
Degree Applicable
54 hours lecture
Prerequisite: CHEM 10 AND Eligibility for ENGL 1A
General laboratory issues including general laboratory protocols (GLP’s), safety, ethics, and terminology relative to the preparation of tissue samples.

HT 10 — Histology 3 Units
Degree Applicable
36 hours lecture
54 hours lab
Prerequisite: HT 1
Advisory: ANAT 35
Microscopy, cell structure, cell reproduction and staining. Identification of tissues, organs and special microstructures, and their detailed morphology. Involves distinguishing normal features from pathological conditions.

HT 12 — Beginning Histotechniques 5 Units
Degree Applicable
54 hours lecture
108 hours lab
Prerequisite: HT 1 and HT 2
Advisory: MICR 22
Theory and practical applications and skill-building in tissue fixation, processing, embedding, sectioning, microtomy, hematoxylin-eosin staining (H and E), and microorganism staining. Quality control as it relates to routine histological techniques and equipment.

HT 14 — Advanced Histotechniques 5 Units
Degree Applicable
54 hours lecture
108 hours lab
Prerequisite: HT 12
Practical applications of special stains for carbohydrates, amyloid, connective tissues, muscle and nervous tissues, including silver stains. Introduction to frozen sections, cytology preparation, and microwave technology. Field trip required.

HT 16 — Histochemistry and Immunohistochemistry 4 Units
Degree Applicable
54 hours lecture
54 hours lab
Prerequisite: HT 12 and HT 10
Practical applications of enzyme and immunological reactions as they relate to tissue staining. Field trip required.

HT 17 — Work Experience in Histotechnology 1 to 4 Units
Degree Applicable
(May be taken for Pass/No Pass only)
75 to 300 hours lab
Prerequisite: HT 12 and compliance with Work Experience regulations as designated in the College Catalog
Provides histotechnology students with actual on-the-job experience in an approved work setting which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice. Placement by Program Director.

HT 18 — Microbe Identification 3 Units
Degree Applicable
54 hours lecture
Prerequisite: HT 12
Practical applications of microbiological techniques including methods of identifying microorganisms and their growth patterns. Identification of bacteria and fungi in diagnostic and research applications. Microscopy and staining. Field trip required.

HRM 51 — Introduction to Hospitality 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Hospitality industry segments and types of operations with an emphasis on career opportunities. Includes an overview of: tourism, lodging, restaurants, managed services, gaming, recreation, event management, leadership, and marketing.

HRM 52 — Food Safety and Sanitation 1.5 Units
Degree Applicable, CSU
27 hours lecture
Prerequisite: Eligibility for ENGL 68
Principles of food safety and sanitation in the food service industry. Emphasis on the role of management in creating and implementing a culture of applied food safety practices within the workplace. Students must pass the ServSafe Food Protection Manager Certification exam to get credit for this course.

HRM 53 — Dining Room Service Management 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Skills and knowledge needed for all aspects of dining room service. Exploration of the various styles of service. Table setting styles, buffet set-ups, wine and beverage service, and service as a sales tools are covered. Safety of both customer and staff are discussed. Field trip required.

HRM 54 — Basic Cooking Techniques 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Practical applications of enzyme and immunological reactions as they relate to tissue staining. Field trip required.

HRM 55 — Hospitality Supervision 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: HRM 52
Professional cooking, tasting, and evaluating techniques for commercial operations. Focus on identification and use of proper equipment and ingredients in the preparation of: stocks, sauces, soups, salads, dressing, meats, poultry, fish, vegetables, starch, and dessert. Uniform and student knife set required. Students must be ServSafe Manager Certified.
Course Descriptions

**HRM 57 — Hospitality Cost Control**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Corequisite: HRM 51 (May have been taken previously)  
Analyzing and managing food, beverage, labor, and other costs within a hospitality operation. Emphasis on problem solving, applying cost control techniques to maximize profits while managing expenses. Topics include: establishing standards, cost-volume-profit analysis, forecasting, purchasing and storage controls, menu costing and pricing, theft prevention and labor control.

**HRM 61 — Menu Planning**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Advisory: HRM 51  
Menu development, design, and analysis. Emphasis on demographics and market research, facility assessment, costing, pricing, menu analysis, menu design and layout. Includes a practical concept-to-creation capstone project.

**HRM 62 — Event Planning and Catering**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Event planning and catering with an emphasis on organizing and catering both on-site and off-site events. Includes: event types, revenue-cost analysis, menu pricing, staff coordination, organizing logistical components, client negotiation and contracts, contracting vendors, conflict resolutions, and marketing.

**HRM 64 — Hospitality Financial Accounting**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: BUSA 11 or Eligibility for MATH 50  
Financial accounting specific to hospitality businesses. Emphasis on: bookkeeping, financial statements development and analysis, and tailoring the Uniform System of Accounting to hotels, restaurants, clubs and other food service operations.

**HRM 66 — Hospitality Law**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Advisory: HRM 51  
Business law topics as they relate to the hospitality industry. Principles of negligence, civil rights, contracts, liability, rights of guests and innkeepers, and labor law are covered. Field trip required.

**HRM 70 — Introduction to Lodging**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Operations in the lodging industry including: hotel organization, front office operations, reservations, registration, guest services, security, front office accounting, housekeeping, night audit, sale and marketing, planning and evaluating, revenue management, and human resources. Independent field trips required for this course.

**HRM 81 — Garde Manger**  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Preparation and presentation of cold kitchen foods including: sauces, soups, salads, sandwiches, appetizers, hors d’oeuvres, and buffets.

**HRM 82 — Baking and Pastry**  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Preparation of baked goods and pastries including: breads, cakes, icing, laminated pastries, cookies, pies, tarts, and plated desserts.

**HRM 83 — International Cuisines**  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Preparation of international cuisines from Asia, Europe, the Mediterranean, and Latin America. Emphasis will be placed on regional dishes from: China, Japan, India, Thailand, Spain, Italy, France, Greece, Lebanon, and Mexico.

**HRM 91 — Hospitality Work Experience**  
1 to 4 Units  
Degree Applicable, CSU  
(May be taken for Pass/No Pass only)  
75 to 300 hours lab  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
Provides students with on-the-job experience in an approved worksite which is related to classroom-based learning. A portfolio-based course that requires students to generate industry standard CAD drawings used for manufacturing.

**IDE 110 — Design Foundation-Visual Literacy**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
54 hours lab  
Prerequisite: IDE 160 and IDE 170  
Computer Aided Design (CAD) applications and design processes used in industrial design and manufacturing. A portfolio-based course that requires students to generate industry standard CAD drawings used for manufacturing.

**IDE 120 — Introduction to CAD**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
54 hours lab  
Prerequisite: IDE 110 and IDE 130  
Corequisite: IDE 110 and IDE 120  
Methods and tools used for creating production prototypes, breadboards, and mock-ups used for fabrication and manufacturing industries. Focus is on tool and process selection, safety, and mastery of machine operation skills and techniques.

**IDE 130 — Shop Processes**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
54 hours lab  
Prerequisite: IDE 110 and IDE 120  
Corequisite: IDE 110 and IDE 130  
Design process for digital designs and manufacturing including: CAD/CAM applications, prototypes, and fabrication of design projects. Focus is on tool and process selection, safety, and mastery of machine operation skills and techniques.

**IDE 150 — Design Foundations**  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
54 hours lab  
Prerequisite: IDE 110 and IDE 120 and IDE 130  
Corequisite: IDE 160 and IDE 170  
Digital graphic media for industrial design used to convey complex design and manufacturing criteria. Focuses on design solutions for conceptual and structural problems with an emphasis on drawing techniques, rapid visualization, color theory, and Computer Assisted Design (CAD) techniques required for effective visual communication.
IDE 150 — Introduction to Prototyping  3 Units
36 hours lecture
54 hours lab
Prerequisite: IDE 110 and IDE 120 and IDE 130
Corequisite: IDE 150 and IDE 170
Applications, methods, theories, and industrial design processes used in engineering and industrial design fields. A portfolio-based course that develops skills in sketching, communicating, constructing mock-ups and displays, prototyping, and 2D and 3D Computer Assisted Design (CAD) parametric solid modeling.

IDE 160 — Intermediate CAD  3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: IDE 110 and IDE 120 and IDE 130
Corequisite: IDE 150 and IDE 170
Applications, methods, theories, and industrial design processes used in engineering and industrial design fields. A portfolio-based course that develops skills in sketching, communicating, constructing mock-ups and displays, prototyping, and 2D and 3D Computer Assisted Design (CAD) parametric solid modeling.

IDE 170 — Introduction to Prototyping  3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: IDE 110 and IDE 120 and IDE 130
Corequisite: IDE 150 and IDE 160
Processes and materials typically employed when creating breadboards, proof of concept models, form studies and production-intent prototypes. Provides hands-on experience with fabrication techniques including related tools and machinery. Emphasis is placed on how the design process is influenced by material and manufacturing limitations.

IDE 210 — Advanced Media  3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: IDE 150 and IDE 160 and IDE 170
Corequisite: IDE 210 and IDE 230
Digital media used for designing, redesigning, and inventing industrial products. Develops illustration and conceptualization skills using media and technology such as digital project photography, 2D scanners, sketch tablets, and presentation and illustration software. Emphasis is placed on refining and completing a comprehensive portfolio.

IDE 220 — Advanced CAD  3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: IDE 150 and IDE 160 and IDE 170
Corequisite: IDE 210 and IDE 230
Complex surface modeling in hybrid surface and solid environments using rapid modeling methods. Integrates manufacturing technologies, materials, and machine design with an emphasis on translating concepts from visualization manufacturing projects generated using computer aided manufacturing (CAM) and rapid prototyping technologies.

IDE 230 — Introduction to Mechanical Principles  3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: IDE 150 and IDE 160 and IDE 170
Corequisite: IDE 210 and IDE 220
Mechanical devices, concepts and principles common to manufactured products and manufacturing processes. Analysis, discussion, and problem solving related to mechanical design scenarios and supported by computer aided design (CAD). Exploration of inherent strengths and weaknesses of specific devices and various design approaches. Emphasis on the way mechanical principles affect design strategies.

IDE 250 — Product Design and Viability  6 Units
Degree Applicable, CSU
54 hours lecture
182 hours lab
Prerequisite: IDE 210 and IDE 220 and IDE 230
Corequisite: IDE 270
Product life cycle from design through manufacturing and distribution. Portfolio-based course that includes fabrication of a viable product and incorporates every stage of project management including research, graphic presentation, parts sourcing, material choices and fabrication of prototype.

IDE 270 — Manufacturing Processes and Materials  3 Units
Degree Applicable, CSU
9 hours lecture
135 hours lab
Prerequisite: IDE 210 and IDE 220 and IDE 230
Corequisite: IDE 250
Relationships between common manufacturing processes and associated materials including advantages, limitations, and their impact on the design process. Reverse engineering and computer aided design (CAD) model construction assists with understanding common design approaches and real-world manufacturing problems and solutions.

IDE 270 — Introduction to Mechanical Principles  3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: IDE 150 and IDE 160 and IDE 170
Corequisite: IDE 210 and IDE 220
Mechanical devices, concepts and principles common to manufactured products and manufacturing processes. Analysis, discussion, and problem solving related to mechanical design scenarios and supported by computer aided design (CAD). Exploration of inherent strengths and weaknesses of specific devices and various design approaches. Emphasis on the way mechanical principles affect design strategies.

INSP 17 — Legal Aspects of Construction  3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Advisory: INSP 70 taken prior or concurrently
Legal aspects of the construction industry involving the owner, contractor, builder or developer and design professional. Includes codes, licensing, contracts, bonds, and lien laws. May include off-campus assignments.

INSP 67 — Reading Construction Drawings  3 Units
Degree Applicable, CSU
54 hours lecture
Reading construction drawings as they apply to architecture, construction, interior design, and related fields. Off-campus assignments required.

INSP 70 — Elements of Construction  3 Units
Degree Applicable, CSU
54 hours lecture
Construction processes, terminology and procedures. Topics include construction careers, building systems, sustainability, quality control, management and scheduling of resources (materials, equipment, time, personnel and finance).

INSP 71 — Construction Estimating  3 Units
Degree Applicable, CSU
54 hours lecture
Construction estimating and bidding procedures using contract documents, construction drawings and cost data. Estimating methods and use of estimating forms or software, including detailed quantity take-offs of building materials and labor required in building construction.

INSP 87 — Fundamentals of Construction Inspection  3 Units
Degree Applicable, CSU
54 hours lecture
Construction inspection of light frame wood construction and steel structures. Topics include vertical and horizontal loads, stress analysis, framing and structural standards of lumber and steel, metallurgy and welding.

ID 10 — Introduction to Interior Design  2 Units
Degree Applicable, CSU
36 hours lecture
Interior design and the planning of total interior environments that meet individual, functional and environmental needs. Field trips may be required.

ID 10L — Introduction to Interior Design Laboratory  1 Unit
Degree Applicable, CSU
54 hours lab
Corequisite: ID 10 (May have been taken previously)
Application of the interior design practice and the planning of total interior environments that meet individual, functional and environmental needs. Field trips may be required.

ID 100 — Introduction to Interior Design Laboratory  1 Unit
Degree Applicable, CSU
54 hours lab
Corequisite: ID 10 (May have been taken previously)
Application of the interior design practice and the planning of total interior environments that meet individual, functional and environmental needs. Field trips may be required.

</tbody>
</table>
■ ID 37 — Business Practices for Interior Design 3 Units
   Degree Applicable
54 hours lecture
Principles, procedures, and systems necessary for interior design professionals to start a business. Emphasis will be placed on contracts, legal issues, budgets, revenue generation, purchasing, billing, compensation and collection, interactions with clients, designers, installers, and suppliers. Field trips may be required.

■ ID 38 — Internship in Interior Design 1 to 3 Units
   Degree Applicable
(May be taken for Pass/No Pass only)
75 to 225 hours lab
Prerequisite: Compliance with Work Experience/Internship regulations as designated in the College Catalog
Designed to provide the student with actual on-the-job experience in the interior design profession, which relates to classroom based learning. Placement is not guaranteed but assistance is provided by the interior design faculty. A minimum 75 paid clock hours or 60 non-paid clock hours per semester is required.

■ ID 39 — Interior Design Studio II 3 Units
   Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: ID 26
Advisory: ID 29
Analysis and application of design concepts to interior environments. Focuses on the creative process of identifying and solving design problems incorporating universal and sustainable design. Includes research and analysis of client requirements for complex design problems incorporating universal and sustainable design. Emphasis is placed on ergonomics and Americans with Disabilities Act (ADA) considerations. Projects will utilize graphic standards as recommended by the National Kitchen and Bath Association(NKBA). Field trips may be required.

■ ID 40 — Kitchen and Bath Studio I 3 Units
   Degree Applicable
36 hours lecture
54 hours lab
Prerequisite: ID 22 or ARCH 141
Advisory: ID 32 and ID 31 and ID 25
Kitchen and bath design that focuses on ergonomic principles and specific materials including floor and wall surfaces, window treatments, cabinet selection, appliance and fixture selection, counter top selection, and lighting. Projects will consist of dimensioned floor plans, elevations, isometric drawings, perspective drawings, and section drawings completed in accordance with National Kitchen and Bath Association (NKBA) standards and nomenclature. Portfolio pieces will be produced. Field trips may be required.

■ ID 41 — Kitchen and Bath Studio II 3 Units
   Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: ID 40
Advisory: ID 32
Kitchen and bath design that focuses on universal design, design concepts, and historical design for kitchen and bath projects. Emphasis is placed on ergonomics and Americans with Disabilities Act (ADA) considerations. Projects will utilize graphic standards as recommended by the National Kitchen and Bath Association (NKBA). Field trips may be required.

■ ID 48 — Internship in Kitchen and Bath 1 to 3 Units
   Degree Applicable, CSU
(May be taken for Pass/No Pass only)
75 to 225 hours lab
Prerequisite: Compliance with Work Experience/Internship regulations as designated in the College Catalog
Corequisite: ID 40 (May have been taken previously)
On-the-job experience in the interior design profession at a National Kitchen and Bath Association(NKBA) member work site, which relates to students’ classroom based learning. Placement is not guaranteed but assistance is provided by the interior design faculty. A minimum 75 paid clock hours or 60 non-paid clock hours per semester is required.

■ ID 50 — Interior Design Specialized Studio 3 Units
   Degree Applicable
36 hours lecture
54 hours lab
Prerequisite: ID 26
Exploratory design experience to enhance interior design curriculum. The content of each course and the methods of study vary each semester and depends on the particular project under consideration. Students will explore advanced interior design concepts and presentation techniques. Portfolio pieces will be produced. Field trips may be required.

■ ID 52 — Independent Studies in Interior Design 1 to 3 Units
   Degree Applicable
54 to 162 hours lab
Extended laboratory experiences supplementary to those available in the regular program and allows the student to pursue more advanced and complex laboratory projects and experiments. Portfolio pieces will be produced.

■ ITAL 1 — Elementary Italian 4 Units
   Degree Applicable, CSU, UC
72 hours lecture
Intended for students without previous exposure to Italian. Begins to develop the ability to converse, read, and write in Italian. Includes the study of essentials of pronunciation, vocabulary, idioms, and grammatical structures along with an introduction to Italian culture.

■ ITAL 2 — Continuing Elementary Italian 4 Units
   Degree Applicable, CSU, UC
72 hours lecture
Prerequisite: ITAL 1
Further development of conversational, reading and writing skills in Italian with special emphasis on verbs, grammar and extension of vocabulary. Includes study of Italian culture.

■ ITAL 3 — Intermediate Italian 4 Units
   Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: ITAL 2
Development of intermediate Italian language skills and their use as tools in exploring Italian civilization. Further study and review of grammar, exercises in word building, derivation and the extension of the active and recognition vocabularies. Extensive exposure to Italian culture, such as film, music, and history.

■ ITAL 4 — Continuing Intermediate Italian 4 Units
   Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: ITAL 3
Further practice in speaking and writing of intermediate Italian. Collateral reading in Italian. Extensive exposure to cultural elements from Italy such as art, music, film and history.

■ ITAL 52 — Conversational Italian 3 Units
   Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Prerequisite: ITAL 1
Development of elementary Italian conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Italian culture. Grammar is presented in context.
Course Descriptions

JAPANESE

■ JAPN 1 — Elementary Japanese

72 hours lecture
Elementary course for students without prior exposure to Japanese culture. Grammar is presented in context.

■ JAPN 2 — Continuing Elementary Japanese

72 hours lecture
Prerequisite: JAPN 1
Further development of elementary skills in Japanese including conversational, reading, and writing skills with special emphasis on verbs, grammar, and extension of vocabulary. Includes a discussion of Japanese culture.

■ JAPN 3 — Intermediate Japanese

72 hours lecture
Prerequisite: JAPN 2
Continued development of writing ability emphasizing development of thought through Kanji, Hiragana and Katakana. Additional development of cultural application of Japanese.

■ JAPN 4 — Continuing Intermediate Japanese

72 hours lecture
Prerequisite: JAPN 3
Continuing intermediate study and review of grammar and vocabulary. Readings and discussions of Japanese cultural topics and introduction to Japanese literature.

■ JAPN 5 — Advanced Japanese

72 hours lecture
Prerequisite: JAPN 4 or equivalent
Japanese communication skills with emphasis on conversational skills for daily and social settings in Japanese culture. Advanced study of grammar, vocabulary, Kanji characters, listening, speaking, reading, and writing. Extensive exposure to cultural elements from Japan such as art, music, film, and history.

■ JOUR 100 — Introduction to Mass Media

(C-ID JOUR 100) 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A
Mass media and interrelationships with society, including history, structure, and trends. Additionally, the following topics will be covered as they pertain to the mass media: economics, law, ethics, technology, and such social issues as gender and cultural diversity.

■ JOUR 101 — Beginning Newswriting

(C-ID JOUR 110) 3 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Gathering, organizing and writing news in journalistic style across multiple platforms. Writing and reporting based on original interviews and research. Covering meetings, speeches and events, writing under deadline, and the use of Associated Press (AP) Style. Role of the journalist and related legal and ethical issues.

■ JOUR 102 — Intermediate Newswriting

(C-ID JOUR 210) 3 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Prerequisite: JOUR 101
Newsgathering, organizing and writing news and features in journalistic style across multiple platforms. Public affairs, local and regional government, police, courts, arts and entertainment, and sports beat writing and reporting on and off campus.

■ JOUR 103 — Magazine Staff Production Lab

3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
162 hours activity
Advisory: JOUR 110
Practical experience in a lab setting writing and producing the print and online editions of the college student magazine. Writing and editing articles; creating multimedia to accompany stories and images for print, web and broadcast.

■ JOUR 104 — Student Media Photography Laboratory

2 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
108 hours activity
Practical lab experience in the creation, preparation, and publishing of photos for the student newspaper, magazine, and online media. Provides learning through the use of digital cameras, Photoshop image editing, emerging technology, and scanners. Students may choose to use their own digital cameras, but digital cameras are available in the newsroom for checkout.

■ JOUR 105 — Editor Training

1 Unit
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
54 hours lab
Advisory: JOUR 101
Leadership skills in a journalistic setting using the student media as a practical laboratory. Designed for students selected to serve as editors or managers of the student media.

■ JOUR 106 — Online Media Laboratory

2 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
108 hours activity
Practical experience in a newsroom lab setting in a variety of online publishing activities to produce and enhance the online student media. Use of computers, software and emerging technologies including audio, video, live broadcast, and wireless computer technology, as well as social media applications.

</tbody>
</table>
and fire technology. There may be off-campus assignments.

KINF 51 — Agility Testing Preparation for Administration of Justice, Fire Technology and Forestry
1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours lab
A training program directed toward physical agility testing approximating the testing process required by various law enforcement and fire agencies.

KINF 51A — Agility Test Preparation Law and Fire - Beginning
1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
71 hours lab
Physical agility skills for individuals with little or no agility training. Designed specifically for those interested in law enforcement and fire technology. There may be off-campus assignments.

KINF 51B — Agility Test Preparation Law and Fire - Intermediate
1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
71 hours lecture
Advisories: KINF 51A
Designed to enhance competence in physical agility testing for individuals who have had instruction in primary agility training. There may be off-campus assignments.

KINF 52 — Fitness and Conditioning for Administration of Justice, Fire Technology, and Forestry
1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
71 hours lab
Principles of exercise used to enhance fitness performance in the fields of law enforcement and fire technology.

KINF 52A — Fitness and Conditioning for Law and Fire - Beginning
1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
71 hours lab
Components of fitness used to perform agility tasks in the fields of law enforcement and fire technology.

KINF 53 — Physical Training for the Basic Fire Academy
2.5 Units
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
133 hours lab
Prepares the Basic Fire Academy student for the physical demands of the fire service. Through a supervised individualized training program, the student acquires cardiovascular endurance, flexibility and strength.

KINESIOLOGY: INDIVIDUAL

KINF 4A — Badminton - Beginning
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Instruction to individuals who have had previous golf experience and have played a regulation eighteen-hole course. Classes will be held at sites both on and off the Mt. SAC campus. Clubs and off-campus classes required.

KINF 4B — Badminton - Intermediate
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Intermediate badminton techniques, including singles and doubles play.

KINF 4C — Badminton - Advanced
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Advanced badminton techniques, including singles and doubles tournament play.

KINF 18A — Golf - Beginning
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Instruction to individuals who have had previous golf experience and have played a regulation eighteen-hole course. Classes will be held at sites both on and off the Mt. SAC campus. Clubs and off-campus classes required.

KINF 18B — Golf - Intermediate
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Instruction and practice for the proficient golfer (Sub 15 Handicap). Emphasis on golf swing analysis. Golf classes will be held at sites both on and off the Mt. SAC campus. Clubs and off-campus classes required.

KINF 18C — Golf - Advanced
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Instruction and practice for the proficient golfer (Sub 15 Handicap). Emphasis on golf swing analysis. Golf classes will be held at sites both on and off the Mt. SAC campus. Clubs and off-campus classes required.

KINF 25 — Mixed Martial Arts
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
The sport of mixed martial arts. An integration of striking and close-combat martial arts.

KINF 27A — Jeet Kune Do - Beginning
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Fundamentals and principles of Bruce Lee’s martial art. Emphasis on footwork, distance, and technique for combat efficiency in self-defense.

KINF 27B — Jeet Kune Do - Intermediate
.5 to 1 Unit
Degree Applicable, CSU

(Also may be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Intermediate principles of Bruce Lee’s martial art. Intermediate level footwork, distance, and technique (punching, kicking, and grappling) for combat efficiency.
Course Descriptions

KINI 29 — Self Defense/Martial Arts  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Basic concepts of self-defense and martial arts. Covers technique in three ranges of combat: grappling, kick/punch, and weapons range.

KINI 30A — Filipino Martial Arts - Beginning  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
The Filipino martial arts of Esgrima and Arnis. Basic weapons training for defense in armed and unarmed scenarios.

KINI 30B — Filipino Martial Arts - Intermediate  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
The Filipino martial arts of Esgrima and Arnis. Intermediate weapons training for defense in armed and unarmed scenarios.

KINI 31A — Jiujitsu - Beginning  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Fundamentals of Brazilian Jiujitsu. Basic positions, breakdowns, training techniques, strategy, finishing holds, competition, history, and philosophy. Students are required to provide their own Judo/Jiujitsu gi uniform.

KINI 31B — Jiujitsu - Intermediate  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Intermediate Brazilian Jiu jitsu. Transitioning from positions, countering submissions and finishing holds. Application of strategy, competition, and philosophy. Students are required to provide their own Judo/Jiujitsu gi uniform.

KINI 32 — Kickboxing  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Presents the martial sport of kickboxing. Includes techniques for offense and defense, cardiovascular endurance, strategy and training modes.

KINI 34 — Women’s Self Defense  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Techniques for personal protection and safety with emphasis on defensive tactics for women.

KINI 36 — Women’s Self Defense/Intermittent  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Technical components of women’s self-defense. Covers techniques in three ranges of combat: grappling, kick/punch, and weapons range.

KINI 37A — Tai Chi Chuan - Beginning  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Fundamentals of tai chi chuan as a martial art exercise for health and fitness, meditation, relaxation, and self defense. Basic therapeutic exercises in the tai chi chuan format will be presented.

KINI 37B — Tai Chi Chuan - Intermediate  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Intermediate tai chi chuan fundamentals and principles including instruction in a traditional long form.

KINI 37C — Tai Chi Chuan - Advanced  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Instruction and practice for the experienced Tai Chi Chuan practitioner. Emphasis will be on the sword form.

KINI 40A — Tennis - Beginning  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Beginning tennis fundamentals and techniques.

KINI 40B — Tennis - Intermediate  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Intermediate tennis techniques and strategies for the individual who has previous experience and instruction in tennis.

KINI 40C — Tennis - Advanced  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Advanced tennis techniques and strategies for the experienced player.

KINI 48 — Wrestling  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Wrestling skills, fundamentals and match competition.

KINI 50A — Yoga  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Yoga instruction with emphasis on yoga postures, breathing techniques, relaxation strategies and philosophy.

KINI 51 — Iyengar Yoga  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Fundamentals of Iyengar yoga. Basic postures, alignments, strategy, history and philosophy.

KINESSIOLOGY: TEAM SPORT

KINS 2 — Basketball  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Basic skills, fundamentals, rules and strategies for team play in basketball.

KINS 2A — Basketball Beginning  .5 to 1 Unit
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Designed to teach skills, fundamentals, rules and strategies for team play in basketball for those with little or no experience.

KINS 2B — Basketball Intermediate  .5 to 1 Unit
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Designed to teach enhancement skills, fundamentals, rules and strategies for team play in basketball for students with previous experience.

KINS 10 — Soccer  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Soccer skills including dribbling, passing, collecting, shooting, goalkeeping, and game play.

KINS 10A — Beginning Soccer  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Fundamental technical skills and tactics to students with little or no soccer ability.

KINS 10B — Soccer Intermediate  .5 to 1 Unit
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
36 to 54 hours activity
Advisory: KINS 10A
Designed to improve competence in technical and tactical skills for students who have had instruction in soccer. Students will be able to apply learned skills to small and full sided games.

<tr>
<td>KIN 23</td>
<td>Techniques of Teaching Weight Training</td>
<td>2 Units</td>
<td>Degree Applicable, CSU. (May be taken for option of letter grade or Pass/No Pass). 36 hours lecture. Part of the Fitness Specialist Certificate covering the principles and techniques of teaching weight training. Includes muscle structure and function, training sequences, free weight and machine equipment, safety factors, including contraindications for exercise.</td>
</tr>
<tr>
<td>KIN 25</td>
<td>Theory of Coaching</td>
<td>3 Units</td>
<td>Degree Applicable, CSU, UC. 54 hours lecture. Coaching issues and problems facing the coach today and includes the philosophy, theory, and principles of developing and maintaining an athletic program. Designed for coaches at varying levels from youth league to high school varsity.</td>
</tr>
</tbody>
</table>
| KIN 26 | Mt. Sac Fire Academy | 1 Unit | Degree Applicable. (May be taken for Pass/No Pass only). 9 hours lecture. 9 hours activity. Physical ability test for admission into the Mt. SAC Fire Academy. Candidates must be approved by Fire Technology Office.
Course Descriptions

KIN 81 — Work Experience for Coaching 2 Units  Degree Applicable
(May be taken for Pass/No Pass only)
150 hours lab
Prerequisite: Compliance with Work Experience regulations as designated in College Catalog
Provision of coaching and physical education students with on-the-job experience in approved worksites related to coaching. A minimum of 75 paid or 60 non-paid clock hours per semester is required for each unit of credit. Work experience placement is not guaranteed, but assistance is provided by the Coaching Certificate faculty advisor.

KIN 85 — Fitness Specialist Internship 1 Unit  Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
75 hours lab
Provides fitness specialist students with actual on-the-job skill development in fitness testing, analysis and prescription. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work experience placement is not guaranteed, but assistance is provided by the Fitness Certificate faculty advisor.

KIN 92 — Work Experience - Athletic Training 2 to 3 Units  Degree Applicable
(May be taken for Pass/No Pass only)
120 to 239 hours lab
Prerequisite: KIN 19 and compliance with Work Experience regulations as designated in the College Catalog
Provides Athletic Trainer Aides and Kinesiology students with actual on-the-job experience in an approved worksite related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. Instructor approval required.

LATIN

LATN 1 — Elementary Latin 4 Units  Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Advisory: Eligibility for READ 90 or eligibility for AMLA 33R
Emphasizes the ability to read basic Latin as it was written during the early, classical, and post-classical periods. Includes the study of vocabulary, grammar, Roman culture, and the history of the Latin language. For students with little or no prior experience in Latin.

LATN 2 — Continuing Elementary Latin 4 Units  Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
72 hours lecture
Prerequisite: LATN 1
Advisory: Eligibility for READ 90 or eligibility for AMLA 33R
Second semester of coursework for students with prior coursework in Latin. Development of vocabulary, grammar, and reading. Explores Roman history and culture.

LEAD 55 — Exploring Leadership 3 Units  Degree Applicable, CSU
54 hours lecture
Explores leadership theories and models, values and beliefs. Develops a personal philosophy of leadership that includes an understanding of self, others and community. Prepares students for leadership roles in any environment including college life.

LEAD 56 — Exploring Leadership 3 Units  Degree Applicable, CSU
18 hours lecture
Explores connections between self, courses, and learning community themes. Develops social networking skills, cognitive discipline connections utilizing problem-based learning within a learning community. Explores problem based learning. Concurrent enrollment in a learning community is required.

LERN 61 — Skills Development Laboratory 1 Unit  Not Degree Applicable
54 hours lab
Individualized instruction in the following subjects: reading comprehension and vocabulary, writing, elementary math, algebra review, study techniques (note-taking, goal-setting, test-taking, etc.).

LERN 62 — Skills Development Laboratory 2 Units  Not Degree Applicable
108 hours lab
Offers individualized material in the following subjects: reading comprehension, reading acceleration, vocabulary, spelling, elementary math, algebra review, English grammar, study techniques (note-taking, test-preparation, test-taking).

LERN 81 — Improving Writing 3 Units  Not Degree Applicable
54 hours lecture
Assist students who wish to improve prewriting, writing, editing, and revising skills. Provide instruction in content and structure of sentences, paragraphs, and essays; emphasize development in writing through the integration of grammar and critical thinking.

LEARNING COMMUNITIES

LCOM 80 — Learning Communities: Individual Connections 1 Unit  Not Degree Applicable
18 hours lecture
Explores connections between self, courses, and learning community themes. Develops social networking skills, cognitive discipline connections utilizing problem-based learning within a learning community. Explores problem based learning. Concurrent enrollment in a learning community is required.

LCOM 90 — Learning Communities: Campus Connections 1 Unit  Not Degree Applicable
18 hours lecture
Analyzes connections between the individual and the campus. Focuses on the benefits of campus involvement in order to create student identity. Identifies connections between themes and topics of courses within a learning community. Explores problem based learning. Concurrent enrollment in a learning community is required. Field trips may be required.

LCOM 100 — Learning Communities: Interdisciplinary Connection 1 Unit  Not Degree Applicable
18 hours lecture
Interprets the connections between real world problems, course content, and learning community themes. Synthesizes interdisciplinary connections utilizing problem-based learning within a learning community. Evaluates successful team selection based on specific criteria including leadership skills and interpersonal relationships to establish collective efficacy. Concurrent enrollment in a learning community is required. Field trips may be required.

<tr>
<td>MFG 12</td>
<td>Manufacturing Processes II</td>
<td>2 Units</td>
<td>Degree Applicable, CSU</td>
</tr>
</tbody>
</table>

54 hours lecture  
Advisory: MFG 1  
Applications of mathematical principles, including fractions, decimals, ratio/proportion, geometry and trigonometry to manufacturing problems and their solutions. Reading and interpreting part drawings, assembly drawings and sketches used in the manufacturing industry.

## Mathematics

### MATH 50 — Pre-Algebra

<table>
<thead>
<tr>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>Degree Applicable</td>
</tr>
</tbody>
</table>

54 hours lecture  
Prerequisite: LERN 49 or qualifying score on current department placement test  
Contains the first half of elementary algebra. Operations with signed numbers and algebraic expressions; linear equations and inequalities; exponent rules; polynomial operations; scientific notation; factoring; solving quadratic equations by factoring; rational expressions and equations; formulas; variation; applications.

### MATH 51A — Elementary Algebra - First Half

<table>
<thead>
<tr>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>Degree Applicable, CSU</td>
</tr>
</tbody>
</table>

18 hours lecture  
Use MasterCAM software to create wire-frame part geometry, add tool paths and create CNC code for CNC mills and CNC lathes.

### MATH 51B — Elementary Algebra - Second Half

<table>
<thead>
<tr>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>Degree Applicable, CSU</td>
</tr>
</tbody>
</table>

18 hours lecture  
Use MasterCAM software to create three-dimensional wire-frame and solid part geometry.

### MATH 51 — Elementary Algebra

<table>
<thead>
<tr>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>Not Degree Applicable</td>
</tr>
</tbody>
</table>

72 hours lecture  
Prerequisite: MATH 50 or qualifying score on current department placement test  
Contains the first half of elementary algebra. Operations with signed numbers and algebraic expressions; linear equations and inequalities; exponent rules; polynomial operations; scientific notation; factoring; solving quadratic equations by factoring; rational expressions and equations; formulas; variation; applications.

### MATH 55 — Statway I

<table>
<thead>
<tr>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>Not Degree Applicable</td>
</tr>
</tbody>
</table>

90 hours lecture  
Prerequisite: MATH 50 or qualifying score on current department placement test.  
The Statway path is a two-semester sequence recommended for majors that require no mathematics beyond freshman-level statistics. Math 55 is the first semester of two in the Statway sequence. Math 55 includes topics from descriptive statistics (experimental design and descriptive statistics), and beginning algebra (linear and quadratic algebraic phenomena), and is a prerequisite for Math 115, the second course in the Statway sequence. Both courses in the sequence, Math 55 and 115, must be taken to receive credit for college level statistics.

### MATH 61 — Plane Geometry

<table>
<thead>
<tr>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>Degree Applicable</td>
</tr>
</tbody>
</table>

54 hours lecture  
Prerequisite: MATH 51 or MATH 51B or qualifying score on current department placement test  
Points, lines, polygons and circles; their relationships to each other on plane surfaces; congruence, similarity and area. Introduction to inductive, deductive and indirect reasoning. The formal proof is introduced and practiced throughout the course. Stress is placed on accuracy of statement as a background for analytical and scientific reasoning.
## Course Descriptions

<table>

</tr>
</thead>
<tbody>
<tr>
<td>MATH 70S</td>
<td>Integrated Intermediate Algebra</td>
<td>5</td>
<td>Degree Applicable</td>
</tr>
<tr>
<td></td>
<td>54 hours lecture</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: MATH 50 or qualifying score on current department placement test.</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>Math 70S and 110S form a two-semester sequence that leads students through college level statistics. Simplification, solving of equations, graphing, and applications are covered. Each is applied to the following mathematical functions: polynomial, rational, radical, exponential and logarithmic. Rates and proportions, linear systems of equations, inequalities, sequence, series, design of experiments, one- and two-variable descriptive statistics are also covered.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>MATH 71</td>
<td>Intermediate Algebra</td>
<td>5</td>
<td>Degree Applicable</td>

</tbody>
</table>
MATH 130 — College Algebra 4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: MATH 71 or MATH 71B or qualifying score on current department placement test  
College-level Algebra course. Study of real numbers and sets, algebraic functions and relations, radicals and exponents, linear and quadratic equalities and inequalities, exponential and logarithmic functions, systems of linear and quadratic equations, complex numbers, series, theory of equations, mathematical induction and binomial formula.

MATH 140 — Calculus for Business 4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: MATH 130 or MATH 160 or qualifying score on current department placement test  
Calculus for business, social science, and non-science majors. Algebraic, logarithmic, and exponential functions; limits; differentiation with applications; various techniques of integration with applications; differential equations; multi-variable calculus.

MATH 150 — Trigonometry 3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: MATH 71 or MATH 71B or qualifying score on current department placement test AND MATH 61 or passing score on current geometry competency test  
Trigonometric functions and inverse trigonometric functions and the graphical representations of these functions; solutions to right and oblique triangles with laws of sines and cosines; vectors; solutions to trigonometric equations; identities; polar coordinates; complex numbers and DeMoivre’s Theorem.

MATH 150 — Precalculus Mathematics 4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: MATH 150 or qualifying score on current department placement test  
Prepares students for the calculus sequence. Real-valued functions, including algebraic, trigonometric, exponential, and logarithmic functions. Also includes proofs, inequalities, introductory analytical geometry, series, sequences, and vectors.

MATH 180 — Calculus and Analytic Geometry 4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: MATH 160 or qualifying score on current department placement test  
Differential and integral calculus with applications. Functions, limits, the derivative, curve sketching, optimization, rules for differentiation of algebraic, exponential, logarithmic, and trigonometric functions with their inverses, with applications. Indefinite and definite integrals.

MATH 180 — Calculus and Analytic Geometry 4 Units  
Degree Applicable, CSU, UC  
72 hours lecture  
Prerequisite: MATH 160 or qualifying score on current department placement test  
Prerequisite: MATH 180  
Differential integral calculus with infinite series and applications. Includes applications of integration, techniques of integration, numerical integration, indeterminate forms and improper integrals, differential equations, conic sections, and polar coordinates.

MATH 245 — A Transition to Advanced Mathematics 3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: MATH 181  
A transition to the rigors of upper-division mathematics courses. Basic set theory and logic, relations, functions, mathematical induction, the well-ordering principle, countable and uncountable sets, the Schroder-Bernstein Theorem, the axiom of choice, Zorn’s Lemma, the Heine-Borel Theorem, the Bolzano-Weierstrass Theorem. Special emphasis on how to present and understand mathematical proofs.

MATH 280 — Calculus and Analytic Geometry 5 Units  
Degree Applicable, CSU, UC  
90 hours lecture  
Prerequisite: MATH 181  
Multivariate and vector calculus, which includes vectors in two and three space and surfaces in space. Analysis of vector-valued functions. Partial derivatives, differentials, the chain rule, directional derivatives and the gradient. Extrema of functions with several variables with applications. Multiple integrals in various coordinate systems with applications. Vector fields, line integrals, independence of path. Green’s Theorem, surface integrals, flux, divergence and curl. Stokes’ Theorem and the Divergence Theorem.

MATH 285 — Linear Algebra and Differential Equations 5 Units  
Degree Applicable, CSU, UC  
90 hours lecture  
Prerequisite: MATH 280  
First order ordinary differential equations, with applications and numerical methods. Solutions to higher order differential equations using undetermined coefficients, variation of parameters, and power series, with applications. Solutions to linear and non-linear systems of differential equations, including numerical solutions. Matrix algebra, solutions of linear systems of equations, and determinants. Vector spaces, linear independence, basis and dimension, subspace and inner product space, including the Gram-Schmidt procedure. Linear transformations, kernel and range, eigenvalues, eigenvectors, diagonalization and symmetric matrices.

MATH 288 — Calculus and Analytic Geometry 5 Units  
Degree Applicable, CSU, UC  
90 hours lecture  
Prerequisite: MATH 280  
First order ordinary differential equations, with applications and numerical methods. Solutions to higher order differential equations using undetermined coefficients, variation of parameters, and power series, with applications. Solutions to linear and non-linear systems of differential equations, including numerical solutions. Matrix algebra, solutions of linear systems of equations, and determinants. Vector spaces, linear independence, basis and dimension, subspace and inner product space, including the Gram-Schmidt procedure. Linear transformations, kernel and range, eigenvalues, eigenvectors, diagonalization and symmetric matrices.
Course Descriptions

MENT 58D — Advanced Medical-Surgical Nursing and Pharmacology for PT 4 Units
Degree Applicable
72 hours lecture
Prerequisite: MENT 56, MENT 56L
Corequisite: MENT 58L
Disease processes affecting body systems; etiology; required nursing care; study of drugs: standards, administration, dose calculations.

MENT 58L — Advanced Medical-Surgical Nursing for Psychiatric Technicians Clinical 1.5 Units
Degree Applicable
(May be taken for Pass/No Pass only)
90 hours lab
Prerequisite: MENT 56 and MENT 58L
Corequisite: MENT 58D
Application of nursing skills to patients with medical and surgical disorders. Administration of medications.

MENT 70 — Introduction to Psychiatric Technology 1.5 Units
Degree Applicable
27 hours lecture
Prerequisite: Admission to Psychiatric Technician Program
Corequisite: MENT 70L
Role and function of the Psychiatric Technician. Includes mental health theories of personality development, self-concept, role function, and interdependence. Also includes developmental disabilities theories of sensorimotor techniques and behavior modification techniques.

MENT 70L — Introduction to Psychiatric Technology Clinical 2 Units
Degree Applicable
(May be taken for Pass/No Pass only)
108 hours lab
Corequisite: MENT 70
Clinical experience at mental health facilities within the community which serve people with mental health and intellectual, physical and other developmental disabilities.

MENT 72 — Nursing Care of the Developmentally Disabled Person 7 Units
Degree Applicable
126 hours lecture
Prerequisite: MENT 56, MENT 56L, MENT 70, MENT 70L
Corequisite: MENT 72L
Etiology of developmental disabilities; develops the knowledge, skills, and attitudes necessary to safely teach individuals diagnosed with intellectual and developmental disabilities. Techniques of behavior modification, positive behavior support and sensorimotor training are used, as well as the teaching of self-help skills. Examines normal development from infancy to the aged.

MENT 72L — Nursing Care of the Developmentally Disabled Person - Clinical 5.5 Units
Degree Applicable
(May be taken for Pass/No Pass only)
287 hours lab
Corequisite: MENT 72
Application of skills needed to teach, train, and provide care for the individuals with intellectual/physical and other developmental disabilities.

MENT 73L — Psychiatric Nursing for Psychiatric Technicians Clinical 5.5 Units
Degree Applicable
(May be taken for Pass/No Pass only)
287 hours lab
Prerequisite: Admission to Psychiatric Technician Program. MENT 56 and MENT 56L
Corequisite: MENT 73T
Clinical instruction in the assessment and treatment of individuals diagnosed with mental disorders.

MENT 73T — Psychiatric Nursing for Psychiatric Technicians 6 Units
Degree Applicable
108 hours lecture
Prerequisite: MENT 56 MENT 56L
Corequisite: MENT 73T
Advisory: MENT 40
Theoretical instruction in the assessment and treatment of individuals diagnosed with mental disorders, medications used in the treatment of mental disorders, therapeutic communication and other therapeutic techniques, andassertiveness and leadership skills necessary for safe practice as a licensed Psychiatric Technician.

MENT 82 — Work Experience in Mental Health Technology 2 Units
Degree Applicable
(May be taken for Pass/No Pass only)
150 hours lab
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog, MENT 72, and MENT 73T
Provides students with on-the-job experience in the field of mental health, nursing skills, addiction paraprofessional training, and/or developmental disability, related to classroom instruction, at an approved work site. On-the-job experience at an approved work site. Requires 150 paid or 120 non-paid hours.

METO 3 — Weather and the Atmospheric Environment 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Processes that influence weather and climate: seasonality, structure of the atmosphere, atmospheric stability, severe weather (hurricanes, tornadoes, thunderstorms,) climate change, and the causes and effects of air pollution. Students will use a variety of weather instruments, and the course may include either field work or field trips.

METO 3L — Weather and Atmospheric Environment Laboratory 1 Unit
Degree Applicable, CSU, UC
54 hours lab
Prerequisite: MENT 3 (May have been taken previously)
Corequisite: MENT 3
Laboratory applications and problem-solving related to the atmospheric environment. Emphasizes the collection and analysis of weather and climate data.

MICR 1 — Principles of Microbiology 5 Units
Degree Applicable, CSU, UC
54 hours lecture
108 hours lab
Prerequisite: CHEM 10 or CHEM 40. One year of college chemistry is preferred for biology and most pre-health professional majors
Fundamental concepts of microbiology with emphasis on bacteria. Survey of microbial classification, morphology, physiology and genetics; beneficial and pathological aspects; growth and control of microbes; virology, immunology, and host-microbe interactions. Important infectious diseases of humans are surveyed. Laboratory exercises examine microbial morphology, physiology and genetics, as well as environmental influences of microorganisms. Laboratory techniques include culturing, examining, and identifying microorganisms. Field trips are required.

MICR 22 — Microbiology 4 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: CHEM 10 or CHEM 40
Advisory: BIOL 1 or BIOL 4 or BIOL 4H
Fundamental concepts of microbiology including viruses, bacteria, fungi, protozoa and parasitic worms.
COURSE DESCRIPTIONS

MICR 26 — Introduction to Immunology 3 Units
Degree Applicable
54 hours lecture
Prerequisite: MICRO 1 or MICRO 22
Advisory: BIOL 1, BIOL 4 or BIOL 4H
Immunology including principles of innate and adaptive immunity, B and T lymphocyte structure, function, and development, the major histocompatibility complex, immune system errors, and applications and techniques in the immunology field as they pertain to medical diagnostics, immunohistochemistry, and biotechnology.

MUSIC

MUS 2 — Music Theory 3 Units
(C-ID MUS 120) Degree Applicable, CSU, UC
54 hours lecture
Corequisite: MUS 5A
Preparation for the study of harmony and form as it is practiced in Western tonal music. Topics include scales, intervals, chords, cadences, counterpoint and Roman numeral analysis. Ability to read music notation is advised. Required for music majors.

MUS 3A — Harmony - Diatonic 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: MUS 2
Corequisite: MUS 5B
An examination of harmony and form as it is practiced in Western tonal music. This course covers diatonic harmony, from its syntax to its contrapuntal conventions, with musical examples drawn primarily from Renaissance ground basses, American folk song and the chorales of Bach.

MUS 3B — Harmony - Chromatic I 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: MUS 3A
Corequisite: MUS 6A
Harmony and form as it is practiced in Western tonal music. This course focuses on secondary chromaticism and modulation.

MUS 3C — Harmony - Chromatic II 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: MUS 3B
Corequisite: MUS 6B
Examination of harmony and form as it is practiced in Western tonal music with a focus on advanced chromatic harmony. The course concludes with a study of sonata form as practiced by Haydn, Mozart and Beethoven.

MUS 5A — Musicianship - Ear Training and Sight Singing 1 Unit
(C-ID MUS 125) Degree Applicable, CSU, UC
54 hours lab
Corequisite: MUS 2
Training in diatonic sight singing, rhythm reading, aural recognition and the dictation of rhythm and diatonic melody. Ability to read music and match pitch is advised. Required for music majors.

MUS 5B — Musicianship - Diatonic 1 Unit
(C-ID MUS 135) Degree Applicable, CSU, UC
54 hours lab
Prerequisite: MUS 5A
Corequisite: MUS 3A
Training in sight singing, rhythm reading, aural recognition and the dictation of rhythm, melody and harmony. This course covers diatonic music.

MUS 5C — Harmony - Chromatic II 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: MUS 3A
Corequisite: MUS 6A
Examination of harmony and form as it is practiced in Western tonal music with a focus on advanced chromatic harmony. The course concludes with a study of sonata form as practiced by Haydn, Mozart and Beethoven.

MUS 6A — Musicianship - Chromatic I 1 Unit
(C-ID MUS 145) Degree Applicable, CSU, UC
54 hours lab
Prerequisite: MUS 5B
Corequisite: MUS 3A
Sight singing and dictation of music with chromatic embellishments, secondary functions and modulations to closely-related keys.

MUS 6B — Musicianship - Chromatic II 1 Unit
(C-ID MUS 155) Degree Applicable, CSU, UC
54 hours lab
Prerequisite: MUS 6A
Corequisite: MUS 3C
Sight singing and dictation of music with borrowed chords, linear chromaticism and modulation to foreign keys.

MUS 7 — Fundamentals of Music 3 Units
(C-ID MUS 110) Degree Applicable, CSU, UC
54 hours lecture
Music notation and the elements of music for non-music majors. Topics include pitch, rhythm, key, intervals and chords.

MUS 9 — Introduction to Music Technology 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
36 hours lab
Advisory: Eligibility for ENGL 68
Uses of computers and electronic devices to capture, create, modify and disseminate music. Provides an introduction to the principles of musical acoustics, sound recording, and digital audio. Computer software for MIDI sequencing, sound synthesis, digital sampling, editing, music notation and composition will be demonstrated and practiced in class. Assignments will include the creation of original music.

MUS 10A — Keyboard Skills 1 Unit
Degree Applicable, CSU, UC
54 hours lab
Advisory: Ability to read music notation
Keyboard (piano) skills required for music majors emphasizing practical skills applicable to professional positions in music education. Exercises include harmonization of melodies, transposition, sight-reading, improvisation, and theory as applied to the keyboard. Emphasizes proficiency with scales, broken triads and seventh chords of major and minor keys, using hands separately and together, up to two octaves.

MUS 10B — Keyboard Skills 1 Unit
Degree Applicable, CSU, UC
54 hours lab
Prerequisite: MUS 10A or admission by audition
Keyboard (piano) skills required for music majors emphasizing practical skills applicable to professional positions in music education. Exercises include harmonization of melodies, transposition, sight-reading, improvisation, and theory as applied to the keyboard. Emphasizes proficiency with scales, broken triads and seventh chords of major and minor keys, using hands separately and together, up to two octaves.

MUS 11A — Music Literature Survey 3 Units
Degree Applicable, CSU, UC
54 hours lecture
Western music from the 15th through the 18th century, including examples of non-western cultures, for music majors. Lectures are augmented by sound recordings. Attending a live concert may be required.
Course Descriptions

**MUS 11B — Music Literature Survey**  3 Units
Degree Applicable, CSU, UC
54 hours lecture
Western music from the 18th to the early 21st century including examples from several non-western cultures that have influenced music of those style periods. Lectures are augmented by recordings and other support media pertinent to the cultures and periods being studied. Attending at least one live concert is required.

**MUS 12 — History of Jazz**  3 Units
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Advisory: Eligibility for ENGL 68.
A survey of jazz as a significant American art form from its roots in African music to the present. Major styles, leading performers, significant compositions and recordings, and the social, economic, and cultural contexts of the music will be stressed.

**MUS 13 — Introduction to Music Appreciation**  3 Units
(C-ID MUS 100)  Degree Applicable, CSU, UC
54 hours lecture
Western music from the Medieval period through the 21st century, including music from a variety of cultures. Lectures are augmented by recordings and other support media pertinent to the culture and period being studied. Attending at least one live concert is required.

**MUS 13H — Introduction to Music Appreciation - Honors**  3 Units
(C-ID MUS 100)  Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Western music from the Medieval period through the 21st century, including music from a variety of cultures. Lectures are augmented by recordings and other support media pertinent to the culture and period being studied. Attending at least one live concert is required.

**MUS 14A — World Music**  3 Units
Degree Applicable, CSU, UC
54 hours lecture
Advisory: Eligibility for ENGL 68
Examines the dominant musical cultures of the world within Africa, the Americas, Europe, and Asia and compares these to Western popular music. Identifies vocal and instrumental genres within selected cultures and examines the harmonic, melodic, and rhythmic characteristics of each style. Lectures, films, recordings, and media presentations will assist the student in exploring the ways in which music is used around the world for aesthetic, social, and spiritual purposes.

**MUS 14B — American Folk Music**  3 Units
Degree Applicable, CSU, UC
54 hours lecture
The study of American folk music by both region and period. Instruction will include lecture, reading, and listening assignments, and various audio-visual materials. No previous musical experience required.

**MUS 15 — Rock Music History and Appreciation**  3 Units
Degree Applicable, CSU, UC
(May be taken for option of letter grade or Pass/No Pass)
54 hours lecture
Historical survey of rock music from its beginnings in the early 50’s to the present. Rhythm and blues, rockabilly, the British Invasion, Motown, soul, folk rock, hard rock, punk, metal, and various alternative rock styles will be discussed. Personalities and musical styles will be related to the sociology of the time period being studied.

**MUS 15H — History and Appreciation of Rock and Popular Music - Honors**  3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Historical survey of rock music from its beginnings in the early 50’s to the present. Rhythm and blues, rockabilly, the British Invasion, Motown, soul, folk rock, hard rock, punk, metal, and various alternative rock styles will be discussed. Personalities and musical styles will be related to the sociology of the time period being studied. An honors course designed to provide enriched experience. Students may not receive credit for both MUS 15 and MUS 15H.

**MUS 16 — Individual Instruction**  .5 Unit
Degree Applicable, CSU, UC
(May be taken four times for credit)
32 hours lab
Prerequisite: Admission by audition
Applied music for students also enrolled in a major performing group. Instruction includes a private one-half hour lesson per week. Individual problems of performance techniques, interpretation, and repertoire are included. Students who repeat this course will improve skills through further instruction and practice.

**MUS 17A — Elementary Piano**  1 Unit
Degree Applicable, CSU, UC
54 hours lab
Reading and performance of piano literature with emphasis on scales, chord progressions, and sight reading. No prior musical experience is required.

**MUS 17B — Intermediate Piano**  1 Unit
Degree Applicable, CSU, UC
54 hours lab
Advisory: MUS 17A
Reading and performances of piano literature with emphasis on major and minor scales in multiple octaves utilizing multiple textures. Includes use of damper pedal.

**MUS 18 — Advanced Piano**  1 Unit
Degree Applicable, CSU, UC
54 hours lab
Advisory: MUS 17B
Style, technique and interpretation of piano music from the 17th century to the present is studied collectively and individually. Sight reading, improvisation and ensemble playing will be emphasized. Recommended for music majors.

**MUS 20A — Elementary Voice**  1 Unit
Degree Applicable, CSU, UC
54 hours lab
Group singing instruction with an emphasis on breathing and posture and their importance in the singing of the musical line, performance techniques, and vocal quality. English and American songs are studied and performed. Open to non-music majors and recommended for all music majors.

**MUS 20B — Intermediate Voice**  1 Unit
Degree Applicable, CSU, UC
54 hours lab
Advisory: MUS 20A
Group and individual instruction concentrating on individual vocal development and emphasizing singing techniques required for singing popular, theatrical, and classical music. Includes singing in foreign languages.

**MUS 21 — Advanced Voice**  1 Unit
Degree Applicable, CSU, UC
54 hours lab
Advisory: MUS 20B
Group and individual study of the style, techniques, and interpretation of art songs and songs from operas and musicals. Emphasis will be placed on diction and pronunciation Italian, German, and French.

**MUS 22 — Conducting**  1.5 Units
Degree Applicable, CSU
18 hours lecture
18 hours lab
Beat patterns, score reading, and rehearsal techniques for conducting. Includes techniques needed for group direction and leadership.
MUS 23A — Elementary Guitar  
1 Unit  
Degree Applicable, CSU, UC  
54 hours lab  
Acoustic guitar playing, note reading, strumming, finger picking and improvisation. Students must furnish their own guitars.

MUS 23B — Intermediate Guitar  
1 Unit  
Degree Applicable, CSU, UC  
54 hours lab  
Advisory: MUS 23A  
Techniques for reading and playing music arranged for the solo guitar. Students must furnish their own acoustic guitar.

MUS 24 — Advanced Guitar  
1 Unit  
Degree Applicable, CSU, UC  
48 hours lab  
Advisory: MUS 23B  
Style, technique, and interpretation of guitar music of the 18th and 19th centuries. Includes sight reading and ensemble playing. Students must furnish their own acoustic guitars.

MUS 25A — Jazz Improvisation  
1 Unit  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
48 hours lab  
Stylistic techniques of jazz improvisation. Students must furnish their own musical instruments to play for and with the class.

MUS 25B — Jazz Improvisation  
1 Unit  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
54 hours lab  
Advisory: MUS 25A  
Advanced techniques of jazz improvisation. Includes minor, dominant, and pentatonic scales along with arpeggiating polychords, altered chords, chord progressions, and 32-bar jazz standards. Students must furnish their instruments and be able to perform individually and with the class.

MUS 27 — Chamber Music  
1.5 Units  
(C-ID MUS 180)  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
72 hours lab  
Prerequisite: Admission by audition  
Select ensemble of winds, strings, guitar, and percussion instrumentalists specializing in the performance of chamber music from the medieval period to the present. The course may include brass quintets, woodwind quintets, saxophone quartets, and mixed instrumental ensembles of two through twenty performers. Students must have previous instrumental experience and pass an entrance audition during the first week of instruction. Public performances on campus and in the community are required. Students who repeat this course will improve skills through further instruction and practice.

MUS 29 — Choral Workshop  
1 Unit  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
54 hours lab  
Choral music of all genres with an emphasis on strengthening choral skills, including sight singing, tone, blend, balance and good vocal technique. Covers choral tone of the Renaissance to correct use of the microphone when singing pop or vocal jazz. Students who repeat this course will improve skills through further instruction and practice. Open to all students without an audition.

MUS 30 — Collegiate Chorale  
1 Unit  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
54 hours lab  
A non-auditioned mixed choral ensemble open to all students. A variety of mixed choral repertoire will be studied and performed, from music of the Renaissance to contemporary Pop, Broadway, and Vocal Jazz. Rehearsal time will also be devoted to vocal development and improving music theory skills. Students who repeat this course will improve skills through further instruction and practice. Attendance at performances is required.

MUS 31 — Concert Choir  
1.5 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
72 hours lab  
Prerequisite: Admission by audition  
A large mixed choral ensemble in which students perform a variety of major choral works. Classical songs are rehearsed in class and performed for a public audience. Sight singing skills and proper vocal technique are emphasized. Voice placement auditions are held the first week of class. Attendance at all performances including those off-site is required. Students who repeat this course will improve this course will improve skills through further instruction and practice. Auditions held first week of the semester.

MUS 34 — Women’s Vocal Ensemble  
2 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
Women’s vocal ensemble that studies and performs selected classical works, folk songs, spirituals, and popular compositions. Attendance is required at all public performances including off-campus locations. Students who repeat this course will improve skills through further instruction and practice. Auditions held first week.

MUS 36 — Wind Symphony  
1 Unit  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
54 hours lab  
A wind and percussion ensemble open to students with prior instrumental experience. A variety of wind band repertoire will be studied and performed, from music of the medieval period to contemporary compositions. Rehearsal time will also be devoted to instrumental and aural skills development. Opportunities to conduct, arrange and compose music, and perform as a soloist may be provided. Students who repeat this course will improve skills through further instruction and practice. Public performances on campus and in the community may be required each semester.

MUS 38 — Ensemble  
.5 Unit  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lab  
Prerequisite: Ability to read music or admission by audition  
The study and performance of music written for small ensembles. On campus performances may be required.

MUS 39 — Laboratory Band  
2 Units  
Degree Applicable, CSU  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
Study and performance of improvisation, jazz and pop music of all types. Open to all students with prior instrumental experience. Audition may be required.

MUS 44 — Vocal Jazz Ensemble  
2 Units  
Degree Applicable, CSU, UC  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
A vocal ensemble appropriate for beginning and intermediate jazz singers. This group will perform vocal jazz charts accompanied by a rhythm section, as well as a cappella. Basics of singing jazz, vocal improvisation, group singing techniques, and microphone techniques. Ensemble will perform locally and/or at vocal jazz festivals. Attendance at performances and competitions is required. Students who repeat this course will improve skills through further instruction and practice.
Course Descriptions

**MUS 45 — Chamber Singers**  2 Units  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
Premier mixed choral group, specializing in smaller ensemble repertoire. A wide variety of choral literature is performed publicly several times each semester and a performance tour occurs each spring semester. Emphasizes advanced musical skills and vocal techniques while focusing on the importance of blend, balance, and tone. Auditions for this course are held each May. Students who repeat this course will improve skills through further instruction and practice. Off-campus performances are required.

**MUS 47 — Jazz Ensemble**  2 Units  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
Study and performance of jazz and big band music. Provides an opportunity to learn techniques applicable to the large jazz ensemble. Off-campus public performance required. Students who repeat this course will improve skills through further instruction and practice.

**MUS 48 — Men's Vocal Ensemble**  2 Units  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
Men's vocal ensemble that studies and performs selected classical works, folk songs, spirituals, and popular compositions. Attendance is required at all public performances including off-campus locations. Students who repeat this course will improve skills through further instruction and practice.

**MUS 49 — Wind Ensemble**  2 Units  
Degree Applicable, CSU, UC  
(May be taken four times for credit)  
108 hours lab  
Prerequisite: Admission by audition  
The premier classical wind and percussion ensemble at the college. Students must have previous musical training, a standard band instrument and pass an entrance audition. A variety of wind band repertoire will be studied and performed, from music of the medieval period to contemporary compositions. Public performances on campus and in the community are required each semester and a concert tour may be included. Opportunities to conduct, arrange and compose music, and perform as a soloist may be provided to capable students. Students who repeat this course will improve skills through further instruction and practice.

**MUS 50 — Jazz Improvisation and Performance Choir**  2 Units  
Degree Applicable, CSU  
(May be taken four times for credit)  
(May be taken for option of letter grade or Pass/No Pass)  
108 hours lab  
Prerequisite: Admission by audition  
A premier vocal jazz choir. This choir will perform vocal jazz arrangements and students will study the historical, theoretical and technical aspects of both instrumental and vocal jazz. Solo singing techniques and scat singing will be rehearsed and the choir will perform at least one concert each semester at Mt. SAC and at other community events. Work with guest artists and make CD recordings. Attendance is required at assigned public performances. Students who repeat this course will improve skills through further instruction and practice. Admission by audition. Off-campus performances are required.

**MUS 99 — Special Projects in Music**  1 to 2 Units  
Degree Applicable, CSU  
54 to 108 hours lab  
Offered to selected students in recognition of academic interests and abilities to give them the opportunity to explore these interests and abilities in greater depth. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor's approval before enrolling in this course.

**NURSING**

**NURS 1A — The Nursing Process I**  5 Units  
Degree Applicable, CSU  
45 hours lecture  
135 hours lab  
Prerequisite: Admission to Nursing Program and eligibility for MATH 51  
Nursing Process, including concepts of care related to the client, the family, and the community. Application of mathematical concepts, the nursing process, and drug therapy to the administration of fluids and medications.

**NURS 2 — Pharmacology**  2 Units  
Degree Applicable, CSU  
36 hours lecture  
108 hours lab  
Prerequisite: Admission to Nursing Program and eligibility for MATH 51  
Ethical and legal responsibilities in the administration of medications. Application of mathematical concepts, the nursing process, and drug therapy to the administration of fluids and medications.

**NURS 3 — Medical-Surgical Nursing: Locomotion/Sensory/Integ/Oncolomu**  3.5 Units  
Degree Applicable, CSU  
30 hours lecture  
108 hours lab  
Prerequisite: NURS 1B and NURS 2 or Advanced Placement  
Conception of nursing assessment and intervention with application to clients with integumentary and immunologic disorders as well as dysfunctions of sensation and locomotion. An introduction to oncology nursing is included. The Betty Neuman Model serves as the conceptual framework.

**NURS 4 — Maternity Nursing**  3 Units  
Degree Applicable, CSU  
27 hours lecture  
81 hours lab  
Prerequisite: NURS 3 or Advanced Placement  
Conception of nursing assessment and intervention with application to maternity and newborn clients. The Betty Neuman Model serves as the conceptual framework.

**NURS 5 — Psychiatric Nursing**  3 Units  
Degree Applicable, CSU  
27 hours lecture  
81 hours lab  
Prerequisite: NURS 7 or NURS 70 (Advanced Placement) and PSYC 1A or PSYC 1AH  
Conception of nursing assessment and intervention with application to clients with psychiatric disorders in a mental health setting. The Betty Neuman Model serves as the conceptual framework.
NURS 6 — Pediatric Nursing

Degree Applicable, CSU

27 hours lecture
81 hours lab
Prerequisite: NURS 4 or NURS 70 (Advanced Placement) and CHLD 10 or CHLD 10H or PSYC 14

Concepts of nursing assessment, diagnosis, planning, implementation, and evaluation with application to pediatric clients. The Betty Neuman Model serves as the conceptual framework.

NURS 7 — Medical-Surgical Nursing: Nutrition/Elimination/Surgical Asepsis

Degree Applicable, CSU

63 hours lecture
189 hours lab
Prerequisite: NURS 6 or Advanced Placement

Nursing assessment and intervention with application to clients with problems of nutrition, elimination, and the reproductive systems. Clients in pre-, intra-, and post-operative settings are included. The Betty Neuman Model serves as the conceptual framework.

NURS 8 — Medical-Surgical Nursing: Circulation and Oxygenation

Degree Applicable, CSU

45 hours lecture
135 hours lab
Prerequisite: NURS 5 or Advanced Placement (NURS 70)
Corequisite: NURS 9

Nursing assessment and intervention with application to clients with cardiovascular and pulmonary problems. The Betty Neuman Model serves as the conceptual framework.

NURS 9 — Leadership in Nursing

Degree Applicable, CSU

18 hours lecture

Prerequisite: NURS 5 or Advanced Placement (NURS 70)
Corequisite: NURS 9

Nursing assessment and intervention with application to clients with cardiovascular and pulmonary problems. The Betty Neuman Model serves as the conceptual framework.

NURS 10 — Medical-Surgical Nursing: Circulation and Oxygenation

Degree Applicable, CSU

45 hours lecture
81 hours lab
Prerequisite: NURS 8 and NURS 9, or Advanced Placement (NURS 70)

Concepts of nursing assessment and intervention with application to clients with neurological and endocrine disorders. The Betty Neuman Model serves as the conceptual framework.

NURS 11 — Preceptorship in Nursing

Degree Applicable, CSU

(May be taken for Pass/No Pass only)
108 hours lab
Prerequisite: NURS 10 or Advanced Placement

Students participate as a pre-licensed Registered Nurse immediately prior to graduation. Students assume responsibility for a group of clients under direct supervision of a qualified registered nurse.

NURS 20 — Nursing Work Experience Program

Not Degree Applicable

(May be taken for Pass/No Pass only)
75 to 300 hours lab
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog. Current satisfactory status in the Nursing Program

On-the-job experience for nursing students in an approved work setting related to classroom, theory and clinical instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester.

NURS 70 — Role Transition

Degree Applicable

(May be taken for Pass/No Pass only)
36 hours lecture
54 hours lab
Prerequisite: Advanced Placement; PT (Psychiatric Technician) or LVN (Licensed Vocational Nurse); ANAT 35 and ANAT 36 or ANAT 10A and ANAT 10B, and MICR 22, or MICR 1, and ENGL 1A or ENGL 1AH, and PSYC 1A or PSYC 1AH, and CHLD 10 or CHLD 10H or PSYC 14

For the LVN (Licensed Vocational Nurse), PT (Psychiatric Technician) or advanced placement student transitioning into the role of the RN (Registered Nurse). Theory and application of concepts of physical assessment, the relationship of homeostatic mechanisms to fluid and electrolyte balance and imbalance utilizing the Betty Neuman Model as the conceptual framework.

NUTRITION AND FOOD

NF 1 — Introduction to Nutrition as a Career

Degree Applicable, CSU

1.5 Units

27 hours lecture
Prerequisite: NF 10, or NF 25, or NF 25H

Careers in dietetics, food science, and the food industry. Includes program requirements for nutrition and dietetics majors, career opportunities, professional organizations, ethics, and future directions. Students should be considering a major in nutrition, dietetics, nutrition science, or food science upon transfer. Field trips may be required.

NF 10 — Nutrition for Personal Health and Wellness

Degree Applicable, CSU

3 Units

54 hours lecture
Prerequisite: Eligibility for ENGL 68

Principles of nutrition and its relationship to optimum health. Emphasizes nutrient needs, food selection and weight control during the various life stages from prenatal to adult. Student food intake is evaluated in several ways including computer diet analysis. This course is intended for non-health science majors.

NF 12 — Sports Nutrition

Degree Applicable, CSU, UC

3 Units

54 hours lecture
Prerequisite: Eligibility for ENGL 68

Principles of nutrition are studied and applied to the athlete and active individuals. Includes macro and micro nutrient intakes, hydration, pre and post event food choices, supplements and ergogenic aids, body composition, weight loss/gain. This course also examines the cultural, sociological, and psychological influences related to nutrition, fitness and athletic achievement.

NF 20 — Principles of Food with Lab

Degree Applicable, CSU

3 Units

36 hours lecture
54 hours lab
Prerequisite: Eligibility for ENGL 68 and Eligibility for MATH 50

Application of food science principles with emphasis on ingredient function and interaction, food preparation techniques, sensory evaluation standards, food safety and sanitation, and nutrient composition and of food.

NF 25 — Essentials of Nutrition

Degree Applicable, CSU, UC

3 Units

54 hours lecture
Prerequisite: Eligibility for ENGL 68

Scientific concepts of nutrition related to the function of nutrients and current health issues with emphasis on individual needs. Topics include: functions and sources of nutrients; scientific principles to analyze and evaluate nutrition information; Dietary Guidelines and current nutrition recommendations; digestion, absorption, and metabolism; health, fitness, and disease; and nutrition in the life span. Students will record their diet, analyze its composition, and evaluate its nutrient content. Course is appropriate for health science majors.
Course Descriptions

**NF 25H — Essentials of Nutrition - Honors**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Acceptance into the Honors Program  
Scientific concepts of nutrition related to the function of nutrients and current health issues with emphasis on individual needs. Topics include: functions and sources of nutrients; dietary guidelines and current nutrition recommendations; digestion, absorption, and metabolism; diet, fitness, and disease; and nutrition in the life span. Students will record their diet, analyze its composition, and evaluate its nutrient content. Course is appropriate for health science majors. An honors course designed to provide an enriched experience. Students may not receive credit for both NF 25 and NF 25H.

**NF 28 — Cultural and Ethnic Foods**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 88  
Regional, ethnic, cultural, religious, historical and social influences on food patterns and cuisines. Core components: specialized equipment and utensils related to cultures, traditional foods of selected cultures, geographic factors in food availability, global food issues, and sanitation and safety practices.

**NF 30 — Food Science Technologies**  3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: Eligibility for ENGL 88 Eligibility for MATH 50  
Food chemistry, food processing and technology and how these affect the color, flavor, texture, aroma and quality of foods. Core components: government regulation of processing and labeling, sensory evaluation, scientific research methods, function of water in foods, pH and acidity, food processing technologies, nutritional labeling, packaging; dispersion systems, enzyme reactions, food additives, composition and properties of food.

**NF 81 — Cooking for Your Heart and Health**  1 Unit  
Not Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
12 hours lecture  
20 hours lab  
Prerequisite: HRM 52 or NF 20 or NF 10 or NF 25  
Advisory: Basic food preparation knowledge, skills, and experience  
Principles and techniques of healthful food preparation and investigation of chronic disease prevention through dietary means. Includes laboratory experience in preparation of healthful foods and meals. Basic food preparation knowledge, skills, and experience is advised. Off-campus meetings may be required.

**NF 82 — Vegetarian Cuisine**  1 Unit  
Not Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
12 hours lecture  
20 hours lab  
Prerequisite: HRM 52 or NF 10 or NF 20 or NF 25  
Principles and techniques of vegetarian food preparation and investigation of issues related to vegetarian eating practices. Includes laboratory experience in preparation of vegetarian foods and meals. Basic food preparation knowledge, skills, and experience advised. Off-campus meetings may be required.

**NF 91 — Work Experience in Nutrition and Dietetics**  1 to 3 Units  
Not Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
60 to 225 hours lab  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.  
Provides students with on-the-job experience in an approved worksite which is related to classroom-based learning. A minimum of 75 paid or 60 unpaid clock hours per semester of supervised work in a clinical, community, or long-term nutrition facility is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work experience placement is not guaranteed, but assistance is provided by faculty. Instructor approval required.

**OCEANOGRAPHY**

**OCEA 10 — Introduction to Oceanography**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Geological, chemical, physical, and biological aspects of the Earth's ocean. Plate tectonics, physicality of ocean basins and continental margins, ocean sediment, atmosphere and ocean circulation, waves and tides, coasts, and marine ecology. The companion Oceanography Lab (OCEA 10L) is recommended for students needing a lab to transfer to a four-year college/university. Field trips are required.

**OCEA 10H — Introduction to Oceanography - Honors**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Acceptance into the Honors Program  
An honors course designed to provide an enriched experience. Introduces the geological, chemical, physical, and biological aspects of the Earth's ocean. Topics include plate tectonics, physicality of ocean basins and continental margins, ocean sediment, atmosphere and ocean circulation, waves and tides, coasts, and marine ecology. The companion Oceanography Lab (OCEA 10L) is recommended for students needing a lab to transfer to a four-year college/university. Field trips are required. Students may not receive credit for both OCEA 10 and OCEA 10H.

**PHIL 3 — Introduction to Logic**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 68  
Analysis of language as an instrument of sound thinking in morals, politics and everyday life. Assists students to analyze an argument, avoid faulty conclusions in reasoning, understand levels of meaning and kinds of arguments, avoid verbal pitfalls, understand the steps of scientific methods and identify value assumptions.

**PHIL 3H — Introduction to Logic - Honors**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Acceptance into the Honors Program  
Analysis of language as an instrument of sound thinking in morals, politics and everyday life. Assists students to analyze an argument, avoid faulty conclusions in reasoning, understand levels of meaning and kinds of arguments, avoid verbal pitfalls, understand the steps of scientific methods and identify value assumptions. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 3 and PHIL 3H.

**PHIL 5 — Introduction to Philosophy**  3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 68  
Philosophical ideas concerning knowledge, reality, and values. Topics will include the sources and limits of knowledge, and the nature of reality. Other topics may include the nature of self, truth, ethics, religion, science, language, beauty and art, political theory, and mind.
PHIL 5H — Introduction to Philosophy - Honors
3 Units
(C-ID PHIL 100)  Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Philosophical ideas concerning knowledge, reality, and values. Topics will include the sources and limits of knowledge, and the nature of reality. Other topics may include the nature of self, truth, ethics, religion, science, language, beauty and art, political theory, and mind. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 5 and PHIL 5H.

PHIL 8 — Critical Thinking
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Effective use of critical thinking in contemporary living, including recognizing faulty arguments, the usefulness of validity and truth, identifying and avoiding common fallacies in thinking.

PHIL 9 — Critical Analysis and Writing
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: ENGL 1A or ENGL 1AH
Function and use of formal and informal logic, argument, critical evaluation, and language in written composition.

PHIL 9H — Critical Analysis and Writing - Honors
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Function and use of formal and informal logic, argument, critical evaluation, and language in written composition. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 9 and PHIL 9H.

PHIL 12 — Introduction to Ethics
3 Units
(C-ID PHIL 120)  Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Concepts of morality and values, representative ethical theories, and applications to moral problems.

PHIL 12H — Introduction to Ethics - Honors
3 Units
(C-ID PHIL 120)  Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Concepts of morality and values, representative ethical theories, and applications to moral problems. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 12 and PHIL 12H.

PHIL 15 — Major World Religions
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
History, doctrines, and practices of the world’s major and enduring religions. Religion is approached as the expression of one’s ultimate concern as a means of understanding the historic and ideological foundations and aspirations of the peoples of the world. The following (or more) religions are presented and examined both appreciatively and critically: Hinduism, Buddhism, Taoism, Confucianism, Judaism, Christianity, and Islam including those of East Asia, India, and the Middle East. Off-campus assignments are required.

PHIL 15H — Major World Religions - Honors
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
History, doctrines, and practices of the world’s major and enduring religions. Religion is approached as the expression of one’s ultimate concern as a means of understanding the historic and ideological foundations and aspirations of the peoples of the world. The following (or more) religions are presented and examined both appreciatively and critically: Hinduism, Buddhism, Taoism, Confucianism, Judaism, Christianity, and Islam including those of East Asia, India, and the Middle East. Off-campus assignments are required. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 15 and PHIL 15H.

PHIL 19 — Critical Analysis and Writing
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Function and use of formal and informal logic, argument, critical evaluation, and language in written composition. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 19 and PHIL 19H.

PHIL 20A — History of Ancient Philosophy
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Major philosophers and philosophical ideas from pre-Socratic to medieval times. Emphasis on the development of Greek philosophy from the pre-Socratics through Aristotle including Hellenistic, Roman, Medieval, and non-Western thinkers.

PHIL 20AH — History of Ancient Philosophy - Honors
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Major philosophers and philosophical ideas from pre-Socratic to medieval times. Emphasis on the development of Greek philosophy from the pre-Socratics through Aristotle including Hellenistic, Roman, Medieval, and non-Western thinkers. An honors course is designed to provide an enriched experience. Students may not receive credit for both PHIL 20A and PHIL 20AH.

PHIL 20B — History of Modern Philosophy
3 Units
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Major philosophers and philosophical ideas from the Renaissance to the present, with an emphasis on Western philosophy.

PHIL 20BH — History of Modern Philosophy - Honors
3 Units
(C-ID PHIL 140)  Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Major philosophers and philosophical ideas from the Renaissance to the present, with an emphasis on Western philosophy. An honors course designed to provide an enriched experience. Students may not receive credit for both PHIL 20B and PHIL 20BH.

PHIL 99 — Special Projects Philosophy
2 Units
Degree Applicable, CSU
36 hours lecture
Offers students recognition for their academic interests in philosophy and the opportunity to explore the discipline of philosophy to greater depth. The content of the course and the methods of study vary from semester to semester and depend on the particular project under consideration.

PHOTOGRAPHY

PHOT 1 — Laboratory Studies: Black and White Photography
1 Unit
Degree Applicable
(May be taken for Pass/No Pass only)
54 hours lab
Corequisite: PHOT 10 (may have been taken previously)
Extended black and white laboratory experiences to supplement those available in the regular program. Provides students the opportunity to pursue more advanced projects and experiments.

PHOT 1A — Laboratory Studies: Beginning Black and White Photography
1 Unit
Degree Applicable
(May be taken for Pass/No Pass only)
54 hours lab
Corequisite: PHOT 10
Extended black-and-white laboratory experiences to improve skills through further instruction and practice, as well as pursue more advanced projects and experiments.

</table>
PHOT 21 — Exploring Color Photography  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Prerequisite: PHOT 20  
Use of color principles as they relate to commercial and artistic styles and innovative use of color applications. Includes lighting and unusual techniques, exaggerated and unique color schemes, light-painting, lighting effects, high dynamic range effects, and oversize output.  

PHOT 24 — Advanced Digital Image Editing for Photographers  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Prerequisite: PHOT 10 AND (PHOT 9 OR GRAP 10 OR ARTC 100)  
Advanced software and techniques for digital image editing, archiving, and retouching used in commercial photography.  

PHOT 25 — Digital Capture Workflow  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Prerequisite: PHOT 11  
Advanced application of digital capture and workflow using DSLR medium and large format digital camera systems and software to produce high-quality digital files as a photographer or as a digital photographic technician. Field trips may be required.  

PHOT 26 — Video for Photographers  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Prerequisite: PHOT 11 and PHOT 9  
Corequisite: PHOT 14 (may have been taken previously)  
Teaches advanced photography students how to create moving images for commercial applications using DSLR cameras. Using principles of framing and composition, storyboarding, production, camera, sound, and editing techniques, students will produce a commercial advertising reel representing their work. Field trips may be required.  

PHOT 28 — Photography Portfolio Development  
3 Units  
Degree Applicable  
36 hours lecture  
54 hours lab  
Prerequisite: PHOT 10 and PHOT 11 and PHOT 20 and (PHOT 16 or PHOT 18)  
Development of a photography portfolio and marketing materials for use in job application or gallery exhibition purposes. Field trips may be required.  

PHOT 29 — Studio Business Practices for Commercial Artists  
3 Units  
Degree Applicable  
54 hours lecture  
Studio business practices for commercial artists. Small business operations, pricing services based on the licensing business model, copyright basics, project production, and estimating and invoicing. Field trips may be required.  

PHOT 30 — Advertising Photography  
3 Units  
Degree Applicable  
54 hours lecture  
Prerequisite: PHOT 11 and PHOT 20  
Advisory: PHOT 14  
Overview of the commercial photographic industry including specialties and styles. Field trips may be required.  

PHOT 98 — Work Experience in Photography  
1 to 3 Units  
Degree Applicable  
(May be taken for Pass/No Pass only)  
75 to 225 hours lab  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
Provides students with on-the-job experience in professional photography and related areas in an approved worksite to strengthen and broaden skills in the workplace. A minimum of 60 non-paid clock hours per semester is required for each unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.  

PHOT 99 — Special Projects in Photography  
2 Units  
Degree Applicable  
54 hours lecture  
Prerequisite: PHOT 10 and approval by instructor  
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.  

PHYS 3 — Energy Science  
4 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
54 hours lab  
Prerequisite: Eligibility for MATH 100 and Eligibility for ENGL 68  
Physical principles underlying the various forms of energy production, the role of energy in modern society, and an understanding of the wider environmental and societal impacts of different energy production technology choices. Course topics will include: fossils fuels, nuclear energy, hydro, wind, solar energy, biofuels, and energy distribution and storage. Field trips required.  

PHYS 9 — Physical Science  
4 Units  
Degree Applicable, CSU  
54 hours lecture  
54 hours lab  
Prerequisite: Eligibility for MATH 71 and Eligibility for ENGL 68  
Formerly PHSC 7 and PHSC 7L Designed for the non-science major. A primarily non-mathematical, conceptual approach to basic principles of physics and chemistry and their practical applications. Critical thinking is stressed in such topics as motion, energy, heat, electricity and magnetism, sound and light, radioactivity, atomic theory, chemical reactions, and modern physics. Includes lab.  

PHYS 1 — Physics  
4 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
54 hours lab  
Prerequisite: Eligibility for MATH 100  
Discovery of concepts of physics by working through guided activities in a workshop style. Topics include light and geometrical optics, electricity and DC circuits, magnetism, linear and rotational motion, forces, momentum, energy, harmonic motion and waves.  

PHYS 2AG — General Physics (C-ID PHYS 105)  
4 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
54 hours lab  
Prerequisite: MATH 100  
The basic principles of physics. Includes theory, applications, laboratory, and problem solving in mechanics, heat, fluids, and wave motion.
COURSE DESCRIPTIONS

PHYS 2BG — General Physics
(C-ID PHYS 110) Degree Applicable, CSU, UC
72 hours lecture
54 hours lab
Prerequisite: PHYS 2AG or equivalent
Continuation of Physics 2AG. Includes electricity and magnetism (including DC and AC circuits,) geometrical and physical optics, relativity, quantum physics, atomic and nuclear physics. Laboratory includes use of computers to analyze data and simulate electric circuits.

PHYS 4A — Engineering Physics
(C-ID PHYS 205) Degree Applicable, CSU, UC
72 hours lecture
54 hours lab
Prerequisite: PHYS 2AG
Corequisite: MATH 181 (May have been taken previously)
Calculus-based course. Studies linear and rotational motion, forces, momentum, work, energy, oscillations, gravitation and waves. Includes laboratory experience with significant use of computers for data acquisition and analysis.

PHYS 4B — Engineering Physics
(C-ID PHYS 205) Degree Applicable, CSU, UC
72 hours lecture
54 hours lab
Prerequisite: PHYS 4A
Corequisite: MATH 280 (May have been taken previously)
Calculus-based course covering heat, kinetic theory of gases, thermodynamics, electromagnetism (including DC and AC circuits,) and Maxwell’s equations. Laboratory includes significant use of computers for data acquisition, analysis and simulation. Continuation of Physics 4A.

PHYS 4C — Engineering Physics
(C-ID PHYS 215) Degree Applicable, CSU, UC
72 hours lecture
54 hours lab
Prerequisite: PHYS 4B
Calculus-based course covering fluids, sound, electromagnetic waves, relativity, and modern physics. Continuation of Physics 4A and 4B.

PHYS 6A — General Physics with Calculus
(C-ID PHYS 110) Degree Applicable, CSU
72 hours lecture
54 hours lab
Prerequisite: MATH 180
First semester of a two-semester calculus-based physics course for life science majors. Includes statics and dynamics of particles and rigid bodies, Newton’s laws of motion, conservation principles, rotational motion, simple harmonic motion, wave motion, heat and sound, introduction to hydrostatics and hydrodynamics with an emphasis on life science topics.

PHYS 6B — General Physics with Calculus
(C-ID PHYS 110) Degree Applicable, CSU
71 hours lecture
48 hours lab
Prerequisite: PHYS 6A
Second semester of the calculus based physics course for life science majors. Topics include electricity, magnetism, optics, relativity, atomic and nuclear physics with an emphasis on life science applications.

PHYS 99 — Special Projects in Physics
Degree Applicable, CSU
36 hours lecture
Corequisite: PHYS 1 or PHYS 2AG or PHYS 4A (May have been taken previously)
In order to offer selected students recognition for their academic interests and ability, and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Student must have instructor’s authorization before enrolling in this class. Field trips may be required as part of this course.

POLITICAL SCIENCE

POLI 1 — Political Science
(C-ID POLS 110) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Principles and problems of government with particular emphasis on national government in the United States. This course satisfies the requirement for a course in the Constitution of the United States and the principles of State and local government as required by Title 5 of the California Administrative Code.

POLI 1H — Political Science - Honors
(C-ID POLS 110) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Acceptance into the Honors Program
Principles and problems of government with particular emphasis on national government in the United States. This course satisfies the requirement for a course in the Constitution of the United States and the principles of State and local government as required by Title 5 of the California Administrative Code. An honors course designed to provide an enriched experience. Students may not receive credit for both POLI 1 and POLI 1H.

POLI 2 — Comparative Politics
(C-ID POLS 130) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: POLI 1 or POLI 1H
Comparative analysis of different political systems, including political institutions, processes, policies, histories and the environments in which they occur.

POLI 5 — Political Theory I - Ancient to Contemporary
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Major political theorists and theories from the late nineteenth century to the present. Intended to prepare students majoring in political science for further study in the discipline by providing adequate background preparation in political philosophy.

POLI 7 — Political Theory II - Early Modern to Contemporary
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: POLI 1
Advisory: Eligibility for ENGL 1A
Major political theorists and theories from the late eighteenth century to the present. Intended to prepare students majoring in political science for further study in the discipline by providing adequate background preparation in political philosophy.

POLI 9 — Introduction to International Relations
(C-ID POLS 140) Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Historical and political background of world politics and core international relations theories and concepts. Attention is given to the historical development of world politics, to fundamental theories and concepts in International Relations, and to an examination of international, national, sub-national, and transnational actors and their institutions, interactions, and processes.

POLI 10 — Environmental Politics
Degree Applicable, CSU, UC
54 hours lecture
Advisory: Eligibility for ENGL 1A AND POLI 1 or POLI 1H
Global environmental problems including an analysis of political theories and comparative policies in the emerging field of environmental politics.

POLI 25 — Latino Politics in the United States
Degree Applicable, CSU, UC
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Latino political thought and action and how it is influenced and shaped by American institutions at the state, local and national levels.

### PSYCHOLOGY

#### PSYC 1A — Introduction to Psychology  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: Eligibility for ENGL 1A  
Advisory: Eligibility for READ 100 or completion of AMLA 33R  
Psychological approaches to the study of behavior and mental processes. Topics include the history of psychology, psychological research methods, biological psychology, sensation and perception, consciousness, learning, memory, cognition, intelligence, and language, lifespan development, motivation and emotion, applied psychology (e.g., gender and sexuality and stress and health), social psychology, personality, psychological disorders, and psychological treatment.

#### PSYC 1AH — Introduction to Psychology - Honors  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Acceptance into the Honors Program  
Advisory: Eligibility for READ 100 or completion of AMLA 33R  
Psychological approaches to the study of behavior and mental processes. Topics include the history of psychology, psychological research methods, biological psychology, sensation and perception, consciousness, learning, memory, cognition, intelligence, and language, lifespan development, motivation and emotion, applied psychology (e.g., gender and sexuality and stress and health), social psychology, personality, psychological disorders, and psychological treatment. An honors course designed to provide an enriched experience. Students may not receive credit for both PSYC 1A and PSYC 1AH.

#### PSYC 1B — Biological Psychology  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: PSYC 1A or PSYC 1AH  
Advisory: Eligibility for ENGL 1A  
Biological mechanisms of behavior. Includes evolution and genetics with emphasis on neuronal and synaptic transmission. Develops a conceptual framework and awareness of the scientific method. Stresses specific methods of investigation for the discipline.

#### PSYC 1C — Introduction to Research Methods in Psychology  
4 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: PSYC 1A or PSYC 1AH and PSYC 10 or MATH 110 or MATH 110H  
Advisory: ENGL 1A  
Research methods in psychology. Includes systematic observation, research design, survey development, execution and analysis of experimental and other research methods, and American Psychological Association (APA) publication style writing.

#### PSYC 3 — Introduction to Research Methods  
4 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: PSYC 1A or PSYC 1AH and PSYC 10 or MATH 110 or MATH 110H  
Advisory: ENGL 1A  
Research methods in psychology. Includes systematic observation, research design, survey development, execution and analysis of experimental and other research methods, and American Psychological Association (APA) publication style writing.

#### PSYC 5 — Psychology of Reasoning and Problem Solving  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: Eligibility for ENGL 68  
The components involved in problem solving and reasoning from a psychological perspective. This course assesses many facets of the critical thinking process, including perception, learning (classical and operant conditioning, behavior modification, observation, cognitive models), memory, logical fallacies, heuristics, cognitive distortions, decision-making processes, argument, and judgment. This course also contains a practical application element involving systematic introspection and analysis of one's cognitive processes.

#### PSYC 10 — Statistics for the Behavioral Sciences  
4 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: PSYC 1A or SOC 1 and eligibility for MATH 110  
Statistical principles of the behavioral sciences emphasizing research design, scales of measurement, distributions, graphing, descriptive statistics, measures of central tendency, measures of variability, z-test, independent and dependent t-tests, inferential statistics, confidence intervals, linear correlations and regression, and analysis of variance, including multivariate factorial designs and chi square analyses. Statistical analyses through the use of computerized statistical packages are interpreted through lab experience.

#### PSYC 14 — Developmental Psychology  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Advisory: Eligibility for ENGL 1A  
Psychological principles of human development across the lifespan, from birth to death. This course does not fulfill the Title 22 requirements for Child Development majors.

#### PSYC 15 — Introduction to Child Psychology  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Advisory: Eligibility for ENGL 68  
Examines the psychology of the child from conception through adolescence. Emphasis on physical, cognitive, and psychosocial development as it pertains to the child's psychological experiences. Includes psychological disorders and therapies specific to children and adolescents. This course does not fulfill Title 22 requirement for child development majors.

#### PSYC 17 — Introduction to Human Services  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Advisory: PSYC 1A or PSYC 1AH or SOC 1 or SOC 1H  
History, philosophy, and development of human services in America. Explores careers in human services, self-exploration in matching personal and professional interests to entry levels of human services employment.

#### PSYC 19 — Abnormal Psychology  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: PSYC 1A or PSYC 1AH  
Application of principles of general psychology to the field of psychopathology. Major classifications of psychiatric disorders, their causes and treatment modalities. Includes theoretical perspectives used in abnormal psychology.

#### PSYC 25 — The Psychology of Women  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Advisory: PSYC 1A (taken prior or concurrently), and ENGL 1A (taken prior or concurrently)  
A biopsychosocial analysis of the role of gender in the experience of women. Psychological, sociocultural and biological factors, and current scholarly research relating to women's gender identity, development, socialization, motivation, mental health, and relationships.
Course Descriptions

**R-TV 01 — Introduction to Electronic Media** 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENGL 68
History, structure, function, economics, content and evolution of radio, television, film, and the internet, including traditional and mature formats as well as emerging electronic media delivery systems. The social, political, regulatory, ethical and occupational impact of the electronic media will also be studied.

**R-TV 02 — On-Air Personality Development** 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: R-TV 01 and R-TV 11A (May have been taken previously)
Developing a broadcast voice, style and understanding of the business for all areas of the industry, including disc jockey, newscaster and voice over artist. Developing content for on-air shows. Review the basics of the production studio and its components.

**R-TV 03 — Sportscasting and Reporting** 1.5 Units
Degree Applicable
27 hours lecture
Corequisite: R-TV 01 and R-TV 11A (May have been taken previously)
Sportscasting, interviewing, field reporting and play-by-play for radio and television. Legalities and ethics of covering sports, and how to work with professional sports teams and equipment technicians. Practical experience will be provided through coverage of Mt. SAC's athletic teams.

**R-TV 04 — Broadcast News Field Reporting** 3 Units
Degree Applicable
54 hours lecture
Corequisite: R-TV 01, R-TV 05, and R-TV 11A (May have been taken previously)
Techniques used to research and cover a variety of news events including working with police and other emergency personnel, interviewing techniques and story developments. Emphasis will be placed on legal and ethical issues concerning news coverage.

**R-TV 05 — Radio-TV Newswriting** 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: R-TV 01 (May have been taken previously)
Writing, editing and reporting radio and TV news, utilizing the Associated Press Wire Service. Rewriting news wire copy as well as create stories from interviews and from covering news events, including the incorporation and selection of sound bites from actualities. Emphasis on factual and concise content and the ability to work under deadline.

**R-TV 06 — Broadcast Traffic Reporting** 1.5 Units
Degree Applicable
27 hours lecture
Corequisite: R-TV 01 (May have been taken previously)
Preparation and delivery of traffic reports for radio and television, including anchored and airborne reports. Includes history and development of techniques involved in radio and television traffic reporting through lecture and hands-on practice. Interpretation and reading of police codes as they relate to traffic, accidents, and emergency situations including broadcast rules and liabilities as they apply to traffic reporting.

**R-TV 07A — Beginning Commercial Voice-Overs** 3 Units
Degree Applicable
54 hours lecture
Advisory: R-TV 01
Development of voices for radio and television commercials, character voices, narrations, and animation. Also covers auditioning, working with agents and agencies, and understanding voice-over contracts.

**R-TV 09 — Broadcast Sales and Promotion** 3 Units
Degree Applicable
54 hours lecture
Corequisite: R-TV 01 (May have been taken previously)
Strategies and legalities for creating commercial campaigns for radio and television including demographic targeting, marketing strategies and copywriting. Includes creation of contests and promotional campaigns.

**R-TV 10 — Radio Programming and Producer Techniques** 3 Units
Degree Applicable
54 hours lecture
Corequisite: R-TV 01 (May have been taken previously)
Programming, management and producing techniques for various radio stations formats such as music, news, talk, and sports.

**R-TV 11A — Beginning Radio Production** 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: R-TV 01 (May have been taken previously)
Operation of standard radio production equipment for both tape-based and digital production utilizing ProTools technology. Production skills concentrate on the use of voice, music and sound effects as applied to a variety of broadcasting elements.

**R-TV 11B — Advanced Radio Production** 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: R-TV 11A
Techniques in non-linear recording, editing and mixing using Pro Tools technology as these skills apply to a variety of applications in the broadcasting industry. Develop mastery of the concepts and skills required to work in a professional radio studio environment.

**R-TV 14 — Media Aesthetics** 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: Eligibility for ENGL 68
Media aesthetics for television and film presentation. Stresses critical, theoretical and practical analysis. Material is presented from a producer/artist point of view and is intended for those pursuing a career in film, television, and other electronic visual media.

**R-TV 15 — Broadcast Law and Business Practices** 3 Units
Degree Applicable
54 hours lecture
Corequisite: R-TV 01 (May have been taken previously)
The broadcasting industry as a business. Legal and Federal Communications Commission (FCC) regulatory issues in broadcasting and developing media, as well as unions, contracts, negotiations, residuals, and mergers.
Course Descriptions

R-TV 17 — Internet Radio and Podcasting 3 Units
Degree Applicable
54 hours lecture
Corequisite: R-TV 01 and R-TV 11A (May have been taken previously)
Internet broadcasting and podcasting including programming, announcing, promotions, and legal and copyright issues through the use of an actual Internet radio station.

R-TV 18 — Introduction to Screenwriting 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENGL 1A
Screenwriting for television and motion picture production. Includes characterization, visualization, structure and form.

R-TV 19A — Beginning Video Production 3 Units
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
36 hours lecture
54 hours lab
Advisory: R-TV 14
Video production using studio, remote multicamera, and film-style techniques. Introduction to theory and practice in lighting, audio recording for video, basic directing and producing, editing software, and production of a short narrative-form video.

R-TV 19B — Advanced Video Production 3 Units
Degree Applicable, CSU
36 hours lecture
54 hours lab
Prerequisite: R-TV 19A
Video production techniques emphasizing narrative storytelling, film-style aesthetics and production.

R-TV 20 — Television News Production 3 Units
Degree Applicable
54 hours lecture
54 hours lab
Prerequisite: R-TV 05 or R-TV 19A
TV newscast production using writing, announcing, production, equipment, direction, graphics, and editing skills both in and out of the studio.

R-TV 21 — Remote Multicamera Production 3 Units
Degree Applicable
36 hours lecture
54 hours lab
Prerequisite: R-TV 19A
Remote video production using both multi-camera and single camera techniques. Topics include video engineering, directing, and remote production truck setup.

R-TV 22 — Editing for Film and Television 3 Units
Degree Applicable, CSU
54 hours lecture
Aesthetics and use of editing software for film and television. Previous production experience recommended.

R-TV 23 — Reality Show Production 3 Units
Degree Applicable
36 hours lecture
54 hours lab
Prerequisite: R-TV 19A
Types and production of Reality Show television programs. Authoring and pitching of reality show concepts. Instruction in specific equipment skills in lighting, wireless multicamera shooting, editing and related skills. Includes production of a reality show.

R-TV 24 — American Film History 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENG 1A
History of American film and filmmakers from 1895 to the present. Development and changes are examined in relation to historical, sociological, economic, political, cultural, artistic and technological contexts.

R-TV 25 — World Cinema 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENG 1A
Cinema history using a global perspective, following the growth of cinema in key countries from their beginnings until the present day. Both national and multinational co-productions are explored. Provides critical methodology and practical tools for examining and interpreting international film movements and genres.

R-TV 28 — Introduction to Writing for Electronic Media 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: Eligibility for ENGL 68
Conceptualize, structure and write dramatic and non-dramatic scripts for cinema, television and new media.

R-TV 31 — History of Radio DJs 3 Units
Degree Applicable
54 hours lecture
Traces the history of music radio through study of the most influential disc jockeys in broadcasting history.

R-TV 32 — Radio - TV Internet Applications 3 Units
Degree Applicable
54 hours lecture
Creating and managing material on radio, TV and movie websites such as cross-promoting on-air content and converting audio and video.

R-TV 35 — Pop Culture in the Media 3 Units
Degree Applicable
54 hours lecture
Examines American Pop Culture and its various forms as it applies to the 1920s through the 1990s through the major fads and follies of those decades as reflected in and influenced by radio, TV, film.

R-TV 36A — Campus Radio Station Lab: Studio Procedures and Equipment Operations 1 to 2 Units
Degree Applicable
54 to 108 hours lab
Prerequisite: R-TV 01 and R-TV 11A
Experience in the operation of the college radio stations. Activities focus on studio equipment operation, station procedures and on-air techniques.

R-TV 36B — Campus Radio Station Lab: Disc Jockey 1 to 2 Units and News Anchor/Reporter Skills
Degree Applicable
54 to 108 hours lab
Prerequisite: R-TV 86A
Participation in the college radio stations. Activities focus on developing Disc Jockey, News Anchor, and News Reporter skills.

R-TV 36C — Campus Radio Station Lab: Hosting 1 to 2 Units and Management Skills
Degree Applicable
54 to 108 hours lab
Prerequisite: R-TV 86B
Participation in the college radio stations including individual show creation and execution as well as management skills.

R-TV 37A — Radio/Entertainment Industry Seminar 1 Unit
Degree Applicable
18 hours lecture
Prerequisite: Approval by Instructor
Corequisite: R-TV 97B
Evaluating professionalism and problem-solving techniques related to their internship experiences.

R-TV 37B — Radio/Entertainment Industry Internship 1 Unit
Degree Applicable
75 hours lab
Prerequisite: Approval by Instructor
Corequisite: R-TV 97A
On-the-job experience in the radio or entertainment industry in order to strengthen and broaden skills in the workplace. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester.
Course Descriptions

R-TV 99 — Radio/TV Special Projects  2 Units  Degree Applicable
36 hours lecture
Prerequisite: Completion of six R-TV course units
Students earn credit via a broadcasting or film course of study customized for the student. Instructor authorization is needed prior to enrollment.

R-TV 100 — Work Experience in Film and Television 1 to 3 Units  Degree Applicable
(May be taken for option of letter grade or Pass/No Pass)
75 to 225 hours lab
Prerequisite: Completion of 12 units of R-TV courses from among the following: R-TV 1, 14, 18, 19A, 19B, 20, 21, 22, 23, taken at Mt. San Antonio College. Compliance with work experience regulations as designated in the college catalog.

R-TV 101 — Work Experience in Broadcast Entertainment  1 to 2 Units  Degree Applicable
(May be taken for Pass/No Pass only)
75 to 150 hours lab
Prerequisite: Completion of RTV 01, RTV 97A, RTV 97B and any three other RTV units, taken at Mt. San Antonio College. Compliance with Work Experience regulations as designated in the College Catalog.

RAD 1A — Clinical Experience 1A  5 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
256 hours lab
Prerequisite: ANAT 10A and ANAT 10B and RAD 50 and RAD 91 Corequisite: RAD 61A and RAD 61B and RAD 61C
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on upper and lower limbs, shoulder girdle, pelvic, chest, and abdomen. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 1B — Clinical Experience 1B  3 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
150 hours lab
Prerequisite: RAD 1A
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on upper and lower limbs, shoulder girdle, pelvic, chest, and abdomen. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 2A — Clinical Experience 2A  5 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
256 hours lab
Prerequisite: RAD 1B Corequisite: RAD 62A, RAD 62B, and RAD 62C
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on special and elective procedures. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 2B — Clinical Experience 2B  3 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
144 hours lab
Prerequisite: RAD 2A
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on special and elective procedures. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 2C — Clinical Experience 2C  6 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
256 hours lab
Prerequisite: RAD 2B Corequisite: RAD 62A, RAD 62B, and RAD 62C
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on special and elective procedures. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 3A — Clinical Experience 3A  7.5 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
384 hours lab
Prerequisite: RAD 2B Corequisite: RAD 63
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on special and elective procedures. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 3B — Clinical Experience 3B  3 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
150 hours lab
Prerequisite: RAD 3A
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on special and elective procedures. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 3C — Clinical Experience 3C  7.5 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
384 hours lab
Prerequisite: RAD 3A Corequisite: RAD 63
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on special and elective procedures. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program. Designed to meet The Joint Review Committee on Education in Radiologic Technology (JRCERT) accreditation standards.

RAD 4 — Clinical Experience 4  4.5 Units  Degree Applicable, CSU
(May be taken for Pass/No Pass only)
239 hours lab
Prerequisite: RAD 3C
Clinical experience in the radiology department of affiliated hospitals under the supervision of a licensed radiologic technologist. Emphasis on developing imaging and/or therapeutic technologies. Health physical, background check, drug test, and CPR certification is required. Intended for students enrolled in Radiologic Technology Program.
## COURSE DESCRIPTIONS

### RAD 30 — Radiographic Pathology  
1.5 Units  
Degree Applicable  
24 hours lecture  
Corequisite: RAD 3A  

### RAD 31 — Fluoroscopy and Radiobiology  
5 Units  
Degree Applicable  
90 hours lecture  
Prerequisite: RAD 62A  
Corequisite: RAD 3C  
Areas of radiobiology, radiation physics, exposure reduction, fluoroscopy equipment and operation, image evaluation, quality control and patient considerations. Intended for students enrolled in Radiologic Technology Program.

### RAD 32 — Digital Imaging in Radiology  
2 Units  
Degree Applicable  
36 hours lecture  
Prerequisite: RAD 61A  
Radiographic digital imaging system components, principles, operation, quality assurance, and maintenance. Factors impacting image acquisition, display, archiving and retrieval are discussed. Guidelines for selecting exposure factors and evaluating images within a digital system assist students to bridge between film-based and digital imaging systems. Intended for students enrolled in Radiologic Technology Program.

### RAD 50 — Introduction to Radiologic Science and Health Care  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: RAD 50 and PHYS 1  
Foundations of radiography and the practitioner’s role in the healthcare delivery system. Principles, practices and policies of healthcare organizations are examined and discussed in addition to the professional responsibilities of the radiographer. Includes radiation safety and a foundation in ethics and law related to the practice of medical imaging. Intended for students enrolled in Radiologic Technology Program.

### RAD 61A — Theory of Radiologic Technology  
4 Units  
Degree Applicable, CSU  
72 hours lecture  
Prerequisite: RAD 61A and RAD 61B and RAD 61C  
Structure of the atom, radiation, radiographic equipment, exposure factor formulation, technique charts, and radiation protection. Intended for students enrolled in Radiologic Technology Program.

### RAD 61B — Radiographic Procedures I  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: RAD 50, RAD 91, ANAT 10A, ANAT 10B and MEDI 90  
Corequisite: RAD 61A, RAD 61C, and RAD 1A  
Knowledge base necessary to perform standard imaging procedures and special studies. Consideration is given to the evaluation of optimal images. Focus on anatomy and positioning of the upper and lower limbs, chest and abdomen. Intended for students enrolled in Radiologic Technology Program.

### RAD 61C — Radiographic Procedures I Laboratory  
1.5 Units  
Degree Applicable, CSU  
18 hours lecture  
18 hours lab  
Prerequisite: RAD 50, RAD 91, ANAT 10A, ANAT 10B and MEDI 90  
Corequisite: RAD 61A, RAD 61B, RAD 2A  
Practical application of standard imaging procedures and special studies. Consideration is given to the evaluation of optimal images. Focus on anatomy and positioning of the vertebral column, bony thorax, cranium, gastrointestinal (GI) system and genitourinary (GU) system. Intended for students enrolled in Radiologic Technology Program.

### RAD 62A — Theory of Radiologic Technology  
4 Units  
Degree Applicable, CSU  
72 hours lecture  
Prerequisite: RAD 61A and RAD 1B  
Corequisite: RAD 2A, RAD 62B, and RAD 62C  
Areas of X-ray production and interaction with matter, principles of imaging, film screen processing, imaging equipment, and radiation protection. Intended for students enrolled in Radiologic Technology Program.

### RAD 62B — Radiographic Procedures II  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: RAD 61A, RAD 61B, RAD 61C  
Corequisite: RAD 62A, RAD 62C and RAD 2A  
Knowledge base necessary to perform standard imaging procedures and special studies. Consideration is given to the evaluation of optimal images. Focus on anatomy and positioning of the vertebral column, bony thorax, cranium, gastrointestinal (GI) system and genitourinary (GU) system. Intended for students enrolled in Radiologic Technology Program.

### RAD 62C — Radiographic Procedures II Laboratory  
1.5 Units  
Degree Applicable, CSU  
18 hours lecture  
18 hours lab  
Prerequisite: RAD 61A, RAD 61B and RAD 61C  
Corequisite: RAD 62A, RAD 62B, RAD 2A  
Practical application of standard imaging procedures and special studies. Consideration is given to the evaluation of optimal images. Focus on anatomy and positioning of the vertebral column, bony thorax, cranium, gastrointestinal (GI) system and genitourinary (GU) system. Intended for students enrolled in Radiologic Technology Program.

### RAD 63 — Theory of Radiologic Technology  
4 Units  
Degree Applicable, CSU  
72 hours lecture  
Corequisite: RAD 3A  
Special radiographic studies, advanced modalities, radiation protection, contrast media use and quality assurance processes relative to film-based radiology. Intended for students enrolled in Radiologic Technology Program.

### RAD 64 — Theory of Radiologic Technology  
4 Units  
Degree Applicable, CSU  
72 hours lecture  
Corequisite: RAD 3C  
Analytical review of the radiologic technology core curriculum. Serves as preparation for state certification and national registry exams. Intended for students enrolled in Radiologic Technology Program.

### RAD 91 — Patient Care in Radiologic Sciences  
3 Units  
Degree Applicable, CSU  
45 hours lecture  
15 hours lab  
Concepts of optimal patient care, including consideration for the physical and psychological needs of the patient and family. Routine and emergency patient care procedures are described, pharmacology, as well as infection control procedures using standard precautions. The role of the radiographer in patient education is identified. Intended for students enrolled in Radiologic Technology Program.

### READ 70 — Approaches to Reading  
3 Units  
Not Degree Applicable  
(May be taken for Pass/No Pass only)  
54 hours lecture  
Introduction to comprehension and vocabulary strategies, and self-reflection on reading.
**Course Descriptions**

**RESPIRATORY THERAPY**

**RESD 50 — Theory and Principles of Respiratory Therapy** 2 Units

36 hours lecture
Prerequisite: ANAT 10A, ANAT 10B, CHEM 10, MATH 51, MEDI 90
Corequisite: RESD 51A, RESD 52

History of respiratory care, patient confidentiality, patient safety, principles of infection control, bloodborne and airborne pathogens, ethical and legal implications of practice, professionalism, physical principles of respiratory care, and computer applications in respiratory care.

54 hours lecture
54 hours lab
Corequisite: RESD 50 and RESD 52
Principles of respiratory therapy equipment. Emphasis placed on methods of administration of therapy and application of specialized equipment in the clinical setting. Also includes respiratory physiology and oxygen transport.

**RESD 51B — Respiratory Therapy Science** 4 Units

54 hours lecture
54 hours lab
Prerequisite: RESD 50 and RESD 51A
Corequisite: RESD 53 and RESD 60

Respiratory therapy equipment will be presented. Emphasis is placed on the methods of administration of therapy and the application of specialized equipment in the acute care setting and the application of mechanical ventilation in the clinical setting.

**RESD 52 — Pulmonary Anatomy and Physiology** 3 Units

54 hours lecture
Prerequisite: MEDI 90, CHEM 10, ANAT 10A and 10B, MATH 51
Corequisite: RESD 51A, RESD 50

Anatomy and physiology of the cardiopulmonary, neurological, and renal systems emphasizing clinical application of physiological concepts.

**RESD 53 — Cardiopulmonary Pathophysiology** 3 Units

54 hours lecture
Corequisite: RESD 51B

Anatomic alterations of the lungs, etiology, overview of the cardiopulmonary clinical manifestations, and general management of commonly encountered cardiopulmonary diseases.

**RESD 55 — Adult Respiratory Intensive Care** 3 Units

54 hours lecture
Corequisite: RESD 56B

Provides an in-depth approach to the current modalities and monitoring tools of respiratory care. Emphasis is on the adult patient who is critically ill with primary and/or secondary cardiopulmonary failure.

**RESD 56A — Techniques of Respiratory Therapy** 2.5 Units

(May be taken for Pass/No Pass only)

143 hours lab
Prerequisite: RESD 51B
Corequisite: RESD 57B

Clinical practice in intensive care and mechanical ventilator procedures in the treatment of adult and pediatric patients in a hospital setting. The student is expected to perform basic therapeutic modalities mastered in RESD 51A and RESD 51B and apply concepts learned in the first academic sessions of the Respiratory Therapy Program. Instruction in the application of therapeutic modalities and diagnostic procedures performed in the general management and treatment of adult and pediatric patients requiring respiratory care are introduced.

**RESD 56B — Techniques of Respiratory Therapy** 6 Units

(May be taken for Pass/No Pass only)

324 hours lab
Prerequisite: RESD 56A
Corequisite: RESD 55, RESD 58

Clinical practice in the hospital setting. The student is expected to perform basic therapeutic modalities mastered in RESD 51A and RESD 51B and apply concepts learned in the first three semesters of the Respiratory Therapy Program. Instruction in the application of therapeutic modalities and diagnostic procedures performed in the management and treatment of adult and pediatric patients requiring respiratory care are done. Emphasis on intensive care and mechanical ventilator procedures are introduced.

**RESD 56C — Techniques of Respiratory Therapy** 2.5 Units

(May be taken for Pass/No Pass only)

143 hours lab
Prerequisite: RESD 55

Clinical practice in the hospital setting. Continued practice of intensive care and mechanical ventilator procedures in the treatment of adult and pediatric patients.

**RESD 56D — Techniques of Respiratory Therapy** 6 Units

(May be taken for Pass/No Pass only)

324 hours lab
Prerequisite: RESD 56C
Corequisite: RESD 59 and RESD 61

Clinical practice including adult and neonatal intensive care requiring demonstration of all learned clinical skills. Application of therapeutic modalities and diagnostic procedures performed in the management and treatment of adult and pediatric intensive care patients. A six-week rotation is done in the neonatal intensive care unit. The student is expected to perform basic therapeutic modalities mastered in RESD 51A and RESD 51B and apply concepts learned in the first four semesters of the Respiratory Therapy Program.

**RESD 57A — Special Procedures for Respiratory Care** 1.5 Units

27 hours lecture
Prerequisite: RESD 50

Application and skills development in chest tube and drainage systems, aerosol pharmacology for respiratory care and arterial blood gas analysis.
Course Descriptions

**RESD 57B — Special Procedures for Respiratory Care** 1.5 Units
Degree Applicable, CSU
27 hours lecture
Prerequisite: RESD 51B
Corequisite: RESD 56A
Application and skills development in pharmacology, bronchoscopy, mechanical ventilation, and arterial blood gas puncture.

**RESD 58 — Neonatal Intensive Care** 3 Units
Degree Applicable, CSU
54 hours lecture
Corequisite: RESD 56B and RESD 55
Emphasizes neonatal pathophysiology, etiologies, and ramifications. Encompasses the newest techniques in monitoring equipment used in the treatment and maintenance of the premature infant. Designed primarily for respiratory therapists and nurses.

**RESD 59 — Respiratory Therapeutic Modalities** 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: RESD 55
Corequisite: RESD 56D and RESD 61
Advanced practitioner review and evaluation of patient data, equipment manipulation, and therapeutic respiratory therapy procedures. Student self-assessment and preparation for board examinations, credentialing and employment. Students are required to purchase self-assessment examinations.

**RESD 60 — Comprehensive Pulmonary Assessment** 2 Units
Degree Applicable, CSU
36 hours lecture
Corequisite: RESD 51B and RESD 53
Techniques of pulmonary assessment including history taking, clinical laboratory data, pulmonary function testing, chest X-rays, physical exam findings, arterial blood gas data, hemodynamic monitoring data, exhaled gas monitoring data, nutrition, and synopsis of findings; extensive practice in interpreting this data.

**RESD 61 — Current Issues in Respiratory Care** 3 Units
Degree Applicable, CSU
54 hours lecture
Prerequisite: RESD 56C
Corequisite: RESD 56D and RESD 59
Explores recently developed health care techniques and strategies for diagnostics, assessment, and therapeutics and their impact on respiratory therapists.

**RESD 62 — Pharmacology for Respiratory Care** 1.5 Units
Degree Applicable, CSU
27 hours lecture
Prerequisite: RESD 50 and RESD 51A and RESD 52
Commonly used respiratory care drugs with emphasis on dosage, indications, contraindications, adverse reactions, and expected outcomes.

**SERVICE LEARNING**

**SL 2 — Linked Service Learning** 1 Unit
Degree Applicable, CSU
(May be taken for option of letter grade or Pass/No Pass)
54 hours lab
Links service learning with content-specific courses across the college curriculum. Allows students to explore interests or career objectives through community involvement and service. Requires arranged hours of community-based activity. Must be enrolled concurrently in a course with a service learning link.

**SIGN LANGUAGE, INTERPRETING**

**SIGN 101 — American Sign Language 1** 4 Units
Degree Applicable, CSU
72 hours lecture
Fundamentals of American Sign Language. Preparation for visual/gestural communication followed by intensive work on comprehension skills; modeling of grammatical structures; general information about Deaf culture. One out-of-class observation required.

**SIGN 101H — American Sign Language 1 - Honors** 4 Units
Degree Applicable, CSU
72 hours lecture
Prerequisite: Acceptance into the Honors Program
Fundamentals of American Sign Language. Preparation for visual and gestural communication followed by intensive work on comprehension skills; modeling of grammatical structures; general information about Deaf culture. One out-of-class observation required.

**SIGN 102 — American Sign Language 2** 4 Units
Degree Applicable, CSU
72 hours lecture
Prerequisite: SIGN 101 or SIGN 101H
Further study of American Sign Language (ASL) focusing on comprehension skills, grammatical structures and practice in the expressive aspects of the language, as well as exposure to Deaf culture. Students are expected to attend outside events at their own expense.

**SIGN 103 — American Sign Language 3** 4 Units
Degree Applicable, CSU
72 hours lecture
Prerequisite: SIGN 102
American Sign Language focused on developing comprehension skills, advanced grammatical structures with continued emphasis on expressive skills in narrative. Aspects of Deaf culture will be studied. Field trips required.

**SIGN 104 — American Sign Language 4** 4 Units
Degree Applicable, CSU
72 hours lecture
Prerequisite: SIGN 103
Expressive and conversational skills in American Sign Language (ASL) along with continued focus on grammatical and cultural features.

**SIGN 105 — American Sign Language 5** 4 Units
Degree Applicable, CSU
72 hours lecture
Prerequisite: SIGN 104
Advanced American Sign Language (ASL) communication skills with emphasis on signing descriptive narratives and strengthening conversational skills. Target language practice includes holding discussions and making decisions. Further exposure to Deaf cultural components.

**SIGN 108 — Fingerspelling** 2 Units
Degree Applicable
36 hours lecture
Prerequisite: SIGN 102
Expressive and conversational skills in American Sign Language (ASL) along with continued focus on grammatical and cultural features.

**SIGN 201 — Introduction to Deaf Studies** 3 Units
Degree Applicable, CSU
54 hours lecture
Topics central to the Deaf community including Deaf education, Deaf/hearing relationships, and Deaf history. Topics include early intervention and education of deaf children, communication strategies and their effectiveness, anatomy and causes of deafness, and Deaf people as a cultural group. Gives a holistic perspective of Deaf people applicable to further studies in Deaf culture and community.

**SIGN 202 — American Deaf Culture** 3 Units
Degree Applicable, CSU, UC
54 hours lecture
American Deaf cultural norms, values, mores and institutions.
SIGN 210 — American Sign Language Structure  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: SIGN 103  
Linguistic structure of American Sign Language, including phonology, morphology and syntax. Sociolinguistic issues will also be discussed.

SIGN 220 — Translation: American Sign Language/English  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: SIGN 104  
Corequisite: SIGN 210 (May have been taken previously.)  
American Sign Language and English translation by comparing texts in both languages.

SIGN 223 — Principles of Interpreting  
3 Units  
Degree Applicable, CSU  
54 hours lecture  
Prerequisite: SIGN 103 and Eligibility for ENGL 1A  
Aspects of interpreting theory and process including the history of sign language interpreting. Examines the interpreter’s role and ethical standards.

SIGN 225 — Ethical Decision Making for Interpreters  
2 Units  
Degree Applicable  
36 hours lecture  
Prerequisite: SIGN 223 and SIGN 231  
Development of ethical decision-making skills through the analytical construct of the Demand/Control Schema (DC-S) for interpreting work. Includes professional work effectiveness and professional wellness.

SIGN 227 — Cognitive Processing for Interpreters  
4 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
54 hours lecture  
54 hours lab  
Prerequisite: SIGN 104  
Corequisite: SIGN 223 (May have been taken previously)  
Development of cognitive processing skills necessary for interpreting between American Sign Language (ASL) and English. Constructing and deconstructing meaning, memory, listening and attending will be covered. Includes memory building, restating, close, and listening exercises.

SIGN 231 — Interpreting  
4 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
54 hours lecture  
54 hours lab  
Prerequisite: SPCH 1A and SIGN 227  
Skill development in consecutive interpreting from American Sign Language (ASL) to English and English to ASL. Processing skills and task management will be emphasized.

SIGN 232 — Advanced Interpreting  
4 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
54 hours lecture  
54 hours lab  
Prerequisite: SIGN 231  
Refines interpreting skills with emphasis on simultaneous interpreting. Intensive skill development in interpreting from English to American Sign Language (ASL) and ASL to English.

SIGN 239 — Applied Interpreting  
2 Units  
Degree Applicable  
(May be taken for Pass/No Pass only)  
36 hours lecture  
Prerequisite: SIGN 232  
Capstone class to the interpreter training program. Course emphasizes application of knowledge and skills developed. Students will develop a direct connection to the field of interpreting and explore continuing education opportunities. Students are required to complete 40 hours of out-of-class interpreting and participation in out-of-class interpreting continuing education.

SIGN 240 — Vocabulary Building for Interpreters  
2 Units  
Degree Applicable, CSU  
(May be taken for Pass/No Pass only)  
36 hours lecture  
Prerequisite: SIGN 104  
Vocabulary expansion in both ASL and English with the goal of improving interpretations between these two languages. The course will focus on context, semantics, and parts of speech in determining culturally appropriate vocabulary choices. Interpreting students will learn to apply their growing vocabularies to ASL-English interpretations.

SIGN 250 — Interpreting with Classifiers  
1.5 Units  
Degree Applicable  
(May be taken for Pass/No Pass only)  
18 hours lecture  
27 hours lab  
Prerequisites: SIGN 104 and SIGN 210  
An overview of the common forms of ASL classifier predicates. Developing skill in establishing figure/ground, visualization, and shifting perspectives. Applying classifier predicates within the context of interpreting from English into American Sign Language.

SIGN 260 — Video Interpreting  
1.5 Units  
Degree Applicable  
(May be taken for Pass/No Pass only)  
18 hours lecture  
27 hours lab  
Prerequisite: SIGN 231  
Video interpreting and skill development as a video interpreter. Includes video relay interpreting (VRS), video remote interpreting (VRI), technical components used in video interpreting, and ethical consideration of the video interpreter. Lab portion of the course will focus on skill development in video interpreting.

SIGN 299 — Special Projects in Sign Language/Interpreting  
2 Units  
Degree Applicable  
(May be taken for option of letter grade or Pass/No Pass)  
36 hours lecture  
In order to offer students the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester, and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this class.

SOC 1 — Sociology  
3 Units  
(C-ID SOCI 110)  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 68  
Systematic study of human relations and social structures emphasizing the interaction between personality, culture and society. Special consideration is given to an understanding of group behavior, personality formation, social organization, and social change.

SOC 1H — Sociology - Honors  
3 Units  
(C-ID SOCI 110)  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Acceptance into the Honors Program  
Systematic study of human relations and social structures emphasizing the interaction between personality, culture and society. Special consideration is given to an understanding of group behavior, personality formation, social organization, and social change. An honors course designed to provide an enriched experience. Students may not receive credit for both SOC 1 and SOC 1H.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOC 2</td>
<td>Contemporary Social Problems</td>
<td>3</td>
<td>Sociological principles and concepts as applied in the understanding of social problems. Special emphasis on the analysis of social values, social organization, role, status and stress, and also on the study of controversial public issues that arise in contemporary American society. Students will be encouraged to evaluate and discuss both the theoretical and practical approaches to social problems.</td>
</tr>
<tr>
<td>SOC 2H</td>
<td>Contemporary Social Problems - Honors</td>
<td>3</td>
<td>An honors course designed to provide an enriched experience. Students may not receive credit for both SOC 2 and SOC 2H.</td>
</tr>
<tr>
<td>SOC 4</td>
<td>Introduction to Gerontology</td>
<td>3</td>
<td>The characteristics, life circumstances, and problems of people as they progress through life. Emphasizes theoretical perspectives on the process of aging and the adjustment to aging. Covers sociological factors and social institutions that affect individuals as they move through the life course.</td>
</tr>
<tr>
<td>SOC 5</td>
<td>Introduction to Criminology</td>
<td>3</td>
<td>A scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. Includes an analysis of the theoretical perspectives of the sociology of deviance on the criminal justice system and the impact of crime on society.</td>
</tr>
<tr>
<td>SOC 5H</td>
<td>Introduction to Criminology - Honors</td>
<td>3</td>
<td>A scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. Includes an analysis of the theoretical perspectives of the sociology of deviance on the criminal justice system and the impact of crime on society.</td>
</tr>
<tr>
<td>SOC 7</td>
<td>Sociology of Religion</td>
<td>3</td>
<td>An analysis of religion as a social institution. Attention will focus on the influence that religion has on American society, religious movements, norms, symbols, and the social manifestations of religious observable facts.</td>
</tr>
<tr>
<td>SOC 14</td>
<td>Marriage and the Family</td>
<td>3</td>
<td>Sociological functions of dating, engagement, weddings, marriage, and the family. Focuses on influences and theories of mate selection, love, and interpersonal attraction. Covers trends and changes in marriage, the family, and gender roles. Explores different types of families and family patterns.</td>
</tr>
<tr>
<td>SOC 14H</td>
<td>Marriage and the Family - Honors</td>
<td>3</td>
<td>Sociological functions of dating, engagement, weddings, marriage, and the family. Focuses on influences and theories of mate selection, love, and interpersonal attraction. Covers trends and changes in marriage, the family, and gender roles. Explores different types of families and family patterns.</td>
</tr>
<tr>
<td>SOC 15</td>
<td>Child Development</td>
<td>3</td>
<td>Theoretical aspects of physical, social, emotional and cognitive development from conception through adolescence. Requires observation of children.</td>
</tr>
<tr>
<td>SOC 20</td>
<td>Sociology of Ethnic Relations</td>
<td>3</td>
<td>Ethnic and racial groups in the U.S. and social factors leading to prejudice, discrimination, and stereotypes. Four major ethnic groups (Blacks, Asians, Native Americans, and Latinos) examined with emphasis placed on historical experiences, contemporary circumstances and future trends.</td>
</tr>
<tr>
<td>SOC 20H</td>
<td>Sociology of Ethnic Relations - Honors</td>
<td>3</td>
<td>Ethnic and racial groups in the U.S. and social factors leading to prejudice, discrimination, and stereotypes. Four major ethnic groups (Blacks, Asians, Native Americans, and Latinos) examined with emphasis placed on historical experiences, contemporary circumstances and future trends.</td>
</tr>
<tr>
<td>SOC 36</td>
<td>Asian American Communities</td>
<td>3</td>
<td>A socio-cultural study of Asian Americans that includes race, class and gender. Explores the contemporary experiences of peoples originating in the Pacific Islands, Southeast Asia, South Asia, and East Asia; emphasizes social structure, social change, and offers a theoretical framework for analysis.</td>
</tr>
<tr>
<td>SOC 91</td>
<td>Service Learning for Sociology</td>
<td>1</td>
<td>Increases awareness and appreciation for civic responsibility through service learning. Students will examine the sociological dynamics of community service and assess specific needs for community service and fundraising. Field trips required.</td>
</tr>
<tr>
<td>SOC 91L</td>
<td>Service Learning for Sociology Lab</td>
<td>0.5</td>
<td>27 to 108 hours lab Corequisite: SOC 91 (May have been taken previously.) Examines and addresses community needs through service learning. Students will organize fundraising and other community events. Field trips required.</td>
</tr>

<tr>
<th>COURSE DESCRIPTIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>SPANISH</strong></td>
</tr>
<tr>
<td><strong>SPAN 1</strong> — Elementary Spanish</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Conversing, reading, and writing in Spanish at the elementary level. Includes essentials of pronunciation, vocabulary, idioms and grammatical structures along with an introduction to Hispanic culture.</td>
</tr>
<tr>
<td><strong>SPAN 2</strong> — Continuing Elementary Spanish</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: SPAN 1</td>
</tr>
<tr>
<td>Further development of conversational, reading and writing skills in Spanish with special emphasis on verbs, grammar and expansion of vocabulary. Further study of Hispanic culture.</td>
</tr>
<tr>
<td><strong>SPAN 3</strong> — Intermediate Spanish</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: SPAN 2</td>
</tr>
<tr>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
</tr>
<tr>
<td>Further development of communicative proficiency in Spanish. Further study and review of grammar. Increasing emphasis on reading and writing as tools in exploring Hispanic civilization.</td>
</tr>
<tr>
<td><strong>SPAN 4</strong> — Continuing Intermediate Spanish</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: SPAN 3</td>
</tr>
<tr>
<td>(May be taken for option of letter grade or Pass/No Pass)</td>
</tr>
<tr>
<td>Increased proficiency in speaking, reading and writing Spanish. Review of grammar, increased vocabulary building. Readings and discussions on Hispanic cultural topics. Introduction to Hispanic literature.</td>
</tr>
<tr>
<td><strong>SPAN 11</strong> — Spanish for the Spanish Speaking</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: SPAN 2 or equivalent</td>
</tr>
<tr>
<td>Provides Spanish-speaking students opportunity to improve skills in standard Spanish grammar and vocabulary and to broaden their understanding of Hispanic cultures. Focuses on developing vocabulary, improving orthography and the use of grammatical structures, both oral and written. Class instruction conducted in Spanish.</td>
</tr>
<tr>
<td><strong>SPAN 12</strong> — Continuing Spanish for the Spanish Speaking</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: SPAN 11 or equivalent</td>
</tr>
<tr>
<td>Provides Spanish-speaking students with previous formal study of Spanish with further development and improvement of skills in standard Spanish and a broader understanding of Hispanic cultures. Culturally-based topics are the focus of readings and class discussions. Class instruction conducted in Spanish.</td>
</tr>
<tr>
<td><strong>SPAN 53</strong> — Conversational Spanish</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>54 hours lecture</td>
</tr>
<tr>
<td>Prerequisite: SPAN 2</td>
</tr>
<tr>
<td>Development of intermediate Spanish conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Hispanic culture. Grammar is presented in context.</td>
</tr>
<tr>
<td><strong>SPAN 54</strong> — Continuing Conversational Spanish</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>54 hours lecture</td>
</tr>
<tr>
<td>Prerequisite: SPAN 53</td>
</tr>
<tr>
<td>Development of advanced Spanish conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Hispanic culture. Grammar is presented in context.</td>
</tr>
<tr>
<td><strong>SPCH 1A</strong> — Public Speaking</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: Eligibility for ENGL 68</td>
</tr>
<tr>
<td>Study and apply rhetorical principles to research and analyze topics, write basic and advanced speech outlines, and deliver effective public speeches. Perform speaking and listening assignments that utilize effective verbal, vocal and physical communicative strategies, and critical/analytical techniques. Students may not receive credit for both SPCH 1A and SPCH 1AH.</td>
</tr>
<tr>
<td><strong>SPCH 1AH</strong> — Public Speaking - Honors</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Prerequisite: Acceptance into the Honors Program</td>
</tr>
<tr>
<td>Study and apply rhetorical principles to research and analyze topics, write basic and advanced speech outlines, and deliver effective public speeches. Perform speaking and listening assignments that utilize effective verbal, vocal and physical communicative strategies, and critical/analytical techniques. Students may not receive credit for both SPCH 1A and SPCH 1AH. An honors course designed to provide an enriched experience. Students may not receive credit for both SPCH 1A and SPCH 1AH.</td>
</tr>
<tr>
<td><strong>SPCH 2</strong> — Fundamentals of Communication</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Corequisite: ENGL 1A or ENGL 1AH (May have been taken previously)</td>
</tr>
<tr>
<td>Fundamental theories and competencies in interpersonal, small group, public, and intercultural communication. Oral presentations are required.</td>
</tr>
<tr>
<td><strong>SPCH 3</strong> — Voice and Diction</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>54 hours lecture</td>
</tr>
<tr>
<td>Prerequisite: SPCH 1A or SPCH 1AH</td>
</tr>
<tr>
<td>Improvement of the speaking voice and oral communication style, including proper use for control and projection of the voice, vocal expressiveness, articulation and pronunciation. Develops accuracy of sound production for standard American speech through use of the International Phonetic Alphabet. Emphasizes individual diagnosis and extensive oral practice.</td>
</tr>
<tr>
<td><strong>SPCH 4</strong> — Performance of Literature</td>
</tr>
<tr>
<td>Degree Applicable, CSU, UC</td>
</tr>
<tr>
<td>Theory, principles, and techniques of the performance of literature in solo and duo formats. Texts will include prose, poetry, drama, nonfiction and other forms. Appreciation of various genres of literature through textual analysis, oral reading, and evaluation. Practical training is given in critical reading, editing, and performance of poetry, prose, drama, essay, and experimental forms of performance text drawn from a diverse range of cultural viewpoints and voices.</td>
</tr>

---

**Degree Applicable**: CSU, UC
### COURSE DESCRIPTIONS

**STDY 80 — Foundations for Academic Success**  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Advisory: Eligibility for ENGL 67 and READ 80  
College success course emphasizing academic achievement that promotes learning through self-awareness, time-management, listening, note-taking, oral and written communication, test-taking, memorization, and the use of campus resources using a brain-based perspective.

---

**STDY 100 — University-level Academic Success Strategies**  
3 Units  
Degree Applicable, CSU, UC  
54 hours lecture  
Advisory: Eligibility for ENGL 68 and eligibility for READ 100  
Advanced transfer-level college success course emphasizing study strategies that include Triune Brain Theory, Emotional Intelligence, learning theories, preparation for transfer, self-management, and critical thinking using a brain-based perspective.

---

**STDY 90A — Basic Overview of Strategies for Academic Success**  
1 Unit  
Not Degree Applicable  
18 hours lecture  
Advisory: Eligibility for ENG 67 and Eligibility for READ 80  
College success course emphasizing academic achievement that promotes learning through self-awareness, self-motivation, note-taking, test-taking, studying and learning strategies and learning preferences.

---

**STDY 95C — Online Learning Success SKILLS**  
1 Unit  
Not Degree Applicable  
18 hours lecture  
Advisory: Eligibility for ENG 67 and Eligibility for READ 80  
Introductory college success course overview for online learning using a brain-based perspective emphasizing success strategies designed to prepare students to take online classes and to introduce students to strategies for online learning.

---

**SURV 1A — Surveying**  
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
Prerequisite: MATH 150  
Surveying and use of surveying instruments such as steel tape, engineer’s level, theodolite, and total station. Includes horizontal and vertical measurements, layout, traverse, area computations, analysis and adjustments of systematic and random errors, stadia surveying, and mapping.

---

**SURV 1B — Surveying**  
3 Units  
Degree Applicable, CSU, UC  
36 hours lecture  
Prerequisite: SURV 1A  
Land surveying including coordinate geometry, missing data, construction surveying, volumes, property surveying, control surveying, California Coordinate System, and horizontal and vertical curves. Introduces photogrammetric methods, 3-D laser scanning, Global Positioning System (GPS), Geographic Information System (GIS), mapping project, method of least squares, and land survey descriptions. Field trips are required.

---

**THTR 9 — Introduction to Theater Arts**  
3 Units  
(C-ID THTR 111)  
Degree Applicable, CSU, UC  
54 hours lecture  
Aesthetic, artistic, technical, and business aspects of theater.

---

**THTR 10 — History of Theater Arts**  
3 Units  
(C-ID THTR 113)  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 1A  
Dramatic literature and the development of dramatic art. Representative plays and the history and development of the living stage will be stressed.

---

**THTR 11 — Principles of Acting I**  
3 Units  
(C-ID THTR 151)  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: Eligibility for ENGL 1A  
Introduction to the basic principles and techniques of acting as an artistic discipline. Analysis of the plot, characterization and language of the drama. Performances of laboratory scenes, readings and exercises.

---

**THTR 12 — Principles of Acting II**  
3 Units  
(C-ID THTR 152)  
Degree Applicable, CSU, UC  
54 hours lecture  
Prerequisite: THTR 11  
Investigation of acting techniques through the study and presentation of varied dramatic scenes.

---

**THTR 14 — Stagecraft**  
3 Units  
(C-ID THTR 171)  
Degree Applicable, CSU, UC  
54 hours lecture  
Theory and practice of scenery construction and stage lighting. Practical work in scene design and construction and lighting layouts, with the opportunity to perform these tasks in actual theatre situations. By virtue of the wide range of productions staged by the department, students who repeat this course will increase their skills and proficiency.
and reenactments. People interested in costuming for theater, dance, film, television, will provide practical instruction in actual performance demands techniques. Costume crew assignments for major productions and textiles, basic costume construction, and design rendering study of costume history, principles of costume design, fibers 54 hours lab (C-ID THTR 174) Degree Applicable, CSU, UC 36 hours lecture 54 hours lab Theatrical costuming design and construction. Includes the study of costume history, principles of costume design, fibers and textiles, basic costume construction, and design rendering techniques. Costume crew assignments for major productions will provide practical instruction in actual performance demands on costumes and their proper maintenance. Class is suitable for people interested in costuming for theater, dance, film, television, and reenactments.

<tr>
<td>THTR 15</td>
<td>Play Rehearsal and Performance</td>
<td>1 to 3 Units</td>
<td>(C-ID THTR 191) Degree Applicable, CSU, UC (May be taken for option of letter grade or Pass/No Pass) 54 to 162 hours lab Prerequisite: Admission by audition Planning, preparation, and presentation of college-sponsored dramatic presentations. Emphasis on acting with some technical theater assignments. Attendance at performances is required.</td>
</tr>
<tr>
<td>THTR 16</td>
<td>Theatrical Make-Up</td>
<td>3 Units</td>
<td>(C-ID THTR 175) Degree Applicable, CSU, UC 45 hours lecture 36 hours lab Theory and practice of makeup for the stage. Emphasis will be on the design and application of straight, stylized, character, and other make-up techniques.</td>
</tr>
<tr>
<td>THTR 17</td>
<td>Acting for the Camera</td>
<td>3 Units</td>
<td>54 hours lecture Prerequisite: THTR 11 Study in performance for TV and films. Background, methodology and techniques of acting for the camera. Includes TV equipment and how to make it work for the TV actor; study of image, type, and character, evaluation and use of scripts and monologues with practical exercises and on-camera scenes in various styles such as TV drama, sit-coms, commercials. Assists students to prepare for an occupation in the performing areas of television and film.</td>
</tr>
<tr>
<td>THTR 18</td>
<td>Technical Theater Practicum</td>
<td>1 Unit</td>
<td>(C-ID THTR 192) Degree Applicable, CSU, UC (May be taken for option of letter grade or Pass/No Pass) 54 hours lab Technical preparation and operation of productions presented to the community. The student will be involved in one or more of the following areas: stage scenery construction, stage lighting set up, property construction, stage sound set up, costume construction and make-up. Crew assignments will be given to the student upon enrollment. The availability of assignments is contingent upon the requirements of the production.</td>
</tr>
<tr>
<td>THTR 19</td>
<td>Theatrical Costuming</td>
<td>3 Units</td>
<td>(C-ID THTR 174) Degree Applicable, CSU, UC 36 hours lecture 54 hours lab Theatrical costuming design and construction. Includes the study of costume history, principles of costume design, fibers and textiles, basic costume construction, and design rendering techniques. Class is suitable for people interested in costuming for theater, dance, film, television, and reenactments.</td>
</tr>
<tr>
<td>THTR 25</td>
<td>Theatrical Playwriting</td>
<td>3 Units</td>
<td>Degree Applicable, CSU 54 hours lecture Advisory: Eligibility for ENGL 1A Playwriting for the stage. Students will create and critique their own plays, as well as study and critique plays from established authors and productions. Includes basics of linear, episodic, ‘A’- ‘B’ and ritual structures.</td>
</tr>
<tr>
<td>THTR 50</td>
<td>Children’s Theater</td>
<td>2 Units</td>
<td>Degree Applicable, CSU (May be taken for option of letter grade or Pass/No Pass) 108 hours lab Practice of children’s theater through the creation and performance of new work for young audiences. Includes experience in story development, design, directing and performance culminating in the practical application of a series of public presentations.</td>
</tr>
<tr>
<td>THTR 99</td>
<td>Special Projects in Theater</td>
<td>1 to 2 Units</td>
<td>Degree Applicable, CSU 54 to 108 hours lab In order to offer students recognition for their academic interests and ability, and the opportunity to explore their disciplines in greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have instructor’s authorization before enrolling in this class. Students who repeat this course will make individual contracts with the instructor to ensure that proficiencies are enhanced.</td>

</table>

**WELD 50 — Oxyacetylene Welding**
- 18 hours lecture
- 54 hours lab
- Oxyacetylene fusion welding, non-fusion welding and cutting.
- Develops understanding of and fundamental skills in modern welding practices.

**WELD 51 — Basic Electric Arc Welding**
- 18 hours lecture
- 54 hours lab
- Advisory: WELD 50
- Electric arc welding, weld symbols, standard electrode and alloy electrode selection, American Welding Society (AWS) procedure for certification.

**WELD 53A — Welding Metallurgy**
- 54 hours lecture
- Designed for students seeking a career in welding and welding inspection. Covers structure of matter, chemical, physical, and mechanical properties of metals, principles of alloying, solid state diffusion, plastic deformation, and heat treatment.

**WELD 60 — Print Reading and Computations for Welders**
- 54 hours lecture
- Reading prints and performing computations for welding fabrication operations. Interpreting and visualizing prints, title blocks, welding symbols, specifications, notes, and bills of materials. Computations necessary to calculate materials, costs, sizes, and fractional, decimal and metric conversions.

**WELD 70A — Beginning Arc Welding**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 70B taken prior
- Develops manipulative skills and techniques for Shielded Metal Arc (SMAW) and Flux Core Arc (FCAW) welding processes in the flat and horizontal positions using AC and DC welding currents on carbon steel.

**WELD 70B — Intermediate Arc Welding**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 70A taken prior
- Welding high alloy steel with both Shielded Metal Arc (SMAW) and Flux Core Arc (FCAW) welding processes in the vertical and overhead positions with an introduction to Gas Metal Arc (GMAW) and Gas Tungsten (GTAW) welding.

**WELD 70C — Certification for Welders**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 70A taken prior
- Building construction for the advanced arc welding student. Special emphasis will be placed on welding symbols and the American Welding Society’s (AWS) D1.1 and D1.3.

**WELD 80 — Construction Fabrication and Welding**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 40, WELD 51, WELD 70A
- Theory and practical applications of welding used in industry and construction. Designed to adapt and upgrade skills to industry standards. Includes project models such as ornamental iron gates and fences and material storage components.

**WELD 81 — Pipe and Tube Welding**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 70B, WELD 70C
- Welding in all positions as applied to the pipe industry. Welding processes include shielded metal arc welding (SMAW), gas tungsten arc welding (GTAW), gas metal arc welding (GMAW), flux cored arc welding (FCAW) using a variety of materials and configurations on subcritical and critical piping and tubing.

**WELD 90A — Gas Tungsten Arc Welding**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 70B taken prior
- Advanced Gas Tungsten Arc Welding (GTAW) or tungsten inert gas (TIG) of steel, aluminum, corrosion resisting steel (CRS), and exotic metals. All position welds with many surfaces and transitions.

**WELD 90B — Semiautomatic Arc Welding Process**
- 18 hours lecture
- 108 hours lab
- Advisory: WELD 70B taken prior
- Semiautomatic Welding Processes including Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), Submerged Arc Welding (SAW) with solid and tubular wires with and without gas shielding. All position welds with many varying thickness will be covered.

**WELD 91 — Automotive Welding, Cutting and Modification**
- 18 hours lecture
- Corequisite: WELD 91L
- Advisory: WELD 70B taken prior
- Practical lab applications for sheet metal forming, metal inert gas (MIG), tungsten inert gas (TIG), resistance spot (RSW), and Oxy-fuel cutting, plasma arc cutting (PAC), and Oxy-fuel Cutting (OFCl) welding will be covered.

**WELD 91L — Automotive Welding, Cutting and Modification Lab**
- 108 hours lab
- Corequisite: WELD 91 (may have been taken previously)
- Advisory: WELD 70B
- Practical lab applications for sheet metal forming, metal inert gas (MIG), tungsten inert gas (TIG), resistance spot (RSW), and Oxy-fuel cutting, plasma arc cutting (PAC) and Oxy-fuel cutting. Includes design, fabrication and assembly of automotive suspension and chassis components.

**WELD 96 — Work Experience in Welding**
- 75 to 300 hours lab
- Prerequisite: Compliance with work experience regulations as designated in the college catalog
- Advisory: WELD 70B
- Provides actual on-the-job experience in welding at an approved work site which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit.
SCHOOL OF CONTINUING EDUCATION

SCHOOL OF CONTINUING EDUCATION (ADULT EDUCATION) COURSES

Noncredit courses are designed to meet the needs and capabilities of those students who do not desire or need to obtain college unit credit or who need further preparation for credit-level work. These courses provide developmental, occupational and other general education opportunities. Courses and programs are defined categorically under the California Education Code, Section 84711, whereby state funding is authorized for specific categories. Categories currently provided by Mt. SAC noncredit include: Basic Skills (including tutoring), English as a Second Language, Citizenship, Programs for the Adults with Disabilities, Vocational Courses, Education for Older Adults, and additional courses qualified for adult education curricula.

Student Services

Admissions and Registration

For School of Continuing Education (noncredit) and Community Services (fee-based) offerings, admission and registration are completed using a registration card. However, enrollment in ESL and/or Adult Basic Education and Health Care courses REQUIRE assessment and orientation prior to registration (see descriptions, following). Students may register for most courses at any time during the semester, on a space available basis.

Assessment

Adult Basic Education students are assessed prior to enrolling in courses. Additional assessments are available for specific needs. Career assessment identifies career interest and goals. For more information, contact (909) 274-4845. ESL students must be assessed prior to enrollment. Placement testing is offered every Thursday, year-round. Multilingual assistance is available. For more information, contact (909) 274-5235.

Health careers students enrolling in nursing assistant, home support, or phlebotomy programs must meet specific state requirements related to security and physical health. This information on requirements is provided at mandatory orientation meetings. For more information, please call (909) 274-4788.

Orientation

Adult Basic Education and ESL students must attend an orientation session prior to registration. Orientation sessions are generally offered immediately after assessment. Health career orientations are scheduled prior to the start of each cohort.

Counseling and Advisement

Educational advisement services are available throughout the semester through the Adult Basic Education Department. To schedule an individual appointment, please call the Adult Basic Education Department, (909) 274-4845.

The Adult Basic Education and ESL departments provide counselors to serve their students. Assistance to all noncredit students includes development of educational and career plans, identification of personal, academic and career goals, career development, transitioning to credit programs and work, and assessment of special needs.

Fees and Expenses

There is no tuition for noncredit courses. However, some courses include a fee for materials provided to students. Prices for fee-based community courses vary. In addition, all students who park on the Mt. San Antonio College campus must have a valid, current parking permit. Student parking permits may be purchased at the Bursar’s Office. One-day parking permits may be purchased at various parking lots on campus. See campus map for details. Books and supplies needed for a class are the responsibility of the student unless specifically noted as provided by a material fee.

Vocational Programs

The Division offers courses and certificates in vocational and health career areas. Additionally, many credit vocational classes offer a minimum number of seats available to School of Continuing Education students for noncredit. Students may enroll in these classes in accordance with procedures outlined in the School of Continuing Education class schedule. Students will not receive college credit. However, students enrolled in these classes who wish to receive a certificate of completion are expected to complete all assignments including tests, quizzes, projects and examinations. (A list of Noncredit Certificate Programs is provided beginning on page 221 of this catalog.) Students wishing to complete a noncredit certificate program in one of the vocational areas of study must apply to the School of Continuing Education Division office, building 40, room 104. For further information, please call (909) 274-4220.

Adult Basic Education

The Adult Basic Education department is committed to providing basic skills instruction and support services that prepare adult students to transition into college and employment. These services are offered at no cost:

- Basic Skills Instruction (Reading, Writing and Mathematics)
- High School Equivalency Preparation (GED, HiSet)
- Adult High School Diploma Program
- High School Credit Recovery
- Summer High School Program
- Student Athlete Tutoring (WIN Program)
- Armed Services Vocational Aptitude Battery (ASVAB) Preparation
- Support Services to EDD and WIOA I students
- Academic and Career Counseling/Advising
- Computer Literacy and Keyboarding Classes
- Typing Test Certification
- In-Home Support Services Training

For more information on Adult Basic Education programs, contact (909) 274-4845.

English as a Second Language

For more information on ESL programs located in the Language Center, Building 66, contact (909) 274-5235.

Language Learning Center

Mt. San Antonio College’s Language Learning Center (LLC) provides faculty guided, as well as independent, learning opportunities for ESL, AMLA, Arabic, Chinese, French, German, Italian, Japanese, Spanish and Sign Language. Located in the Learning Technology Center, Building 6, room 264, the LLC serves both credit and noncredit students learning a language. Users of the LLC may register year-round. Offerings include:

- Interactive language software in all supported languages
- DVDs, videos, audio recordings
- Pronunciation software
- Computer Aided Testing (CATS) for the FFA and other licensing boards
- Speech Science Lab
- Computer Aided Testing (CATS) for the FFA and other licensing boards

Health Careers Resource Center (HCRH)

The Center provides the resources to increase student knowledge base, to learn new skills and to reinforce previously learned skills. Resources are provided to Mt. SAC credit and noncredit health care students.

The HCRH provides a state-of-the-art learning lab environment to:

- develop new health related skills/knowledge
- update prior or current knowledge
- participate in simulated clinical activities which will promote success in the health care industry.
The Center is open to current Mt. SAC credit and noncredit health career students only.

Some of the campus programs/departments actively utilizing the center include:

**Technology and Health Division**
- Medical Services – EMT, Paramedic
- Mental Health Technology
- Associate Degree Nursing
- Radiologic Technology
- Respiratory Therapy

**School of Continuing Education Division**
- Long-Term Certified Nursing Assistant (C.N. A.)
- IV Therapy
- Home Health Aide
- In-Home Support Services
- Phlebotomy Technician

---

**Education for Older Adults**

Courses designed for older adults (age 55+ years*) provide the full continuum of education from vocational classes to the pursuit of long-standing educational goals. Classes are offered in the health, and vocational areas, and are conducted at various senior and community centers and residential facilities throughout the Mt. San Antonio College District.

**Mountie Volunteer Program (MVP)**

Partnering with the Retired Senior Volunteer Program (RSVP), the MVP Program coordinates and provides volunteer opportunities for participants, and provides for the recruiting and screening of potential volunteers.

**Generations Program**

The Generations Program provides educational activities which foster intergenerational relationships that link generations for the good of society, such as student athletes providing volunteer hours for the Education for Older Adults program.

### School of Continuing Education

**Certificate Requirements:**

- **Basic Career Readiness** #30805
  - This certificate provides courses that will improve the entry level basic skills needed for employment. Career Development includes personal career assessment, basic interview skills, and job search techniques that students can apply to current and future employment. Students will increase basic skills in reading comprehension, writing, math, and basic computer literacy. Students are required to take Career Development and may take either Personal Computer Applications or Adult Basic Education or both. For more information, contact the Adult Basic Education Department at 909-274-4845.

  **Certificate Requirements:**
  - **Required Courses:**
    - **Course ID** | **Course Title**
    - BS ABE02 | Adult Basic Education
    - BS ABE05 | Career Development
    - BS LRN06 | Personal Computer Applications

- **Basic Jobs Skills** #24058
  - The Basic Skills Certificate of Competency provides courses that will improve basic reading, writing, and mathematics skills. Improved literacy will benefit students in obtaining employment, advancing in their careers, or preparing for future advanced academic studies. Students will progress through different levels within this sequence based on individual need. Some students who improve skill levels in reading and mathematics and wish to take the military entrance exam (ASVAB) can take the ASVAB Prep course as an elective. Other elective courses provide students with the necessary admissions, assessment, educational planning, and enrollment into credit courses. For more information, please call (909) 274-4845.

  **Certificate Requirements:**
  - **Course ID** | **Course Title**
  - BS ABE02 | Adult Basic Education
  - BS LRN06 | Personal Computer Applications

- **English as a Second Language** #24054
  - ESL students are placed within the following sequence of courses according to their English abilities. Students progress through this sequence based on individual need before transferring into credit courses or employment. Supplemental courses in speaking, writing, and vocational language will assist their progress through the sequence and may be taken along with level classes as needed.

  **Certificate Requirements:**
  - **Required Electives:**
    - BS ABE02 | Career Information and Guidance
    - BS ABE04 | Guidance and Orientation to Special Programs

### Noncredit Certificates of Competency

- **Noncredit Certificates of Competency** represent sequences of courses in Basic Skills, Career Development, English as a Second Language or Secondary Education, which allow the student to develop individual competencies based on their personal educational goals and objectives. Each certificate is unique, but all provide the student an opportunity to gain skills necessary to advance in their careers, transition into a new career or prepare for future advanced academic studies and training.

  Students are encouraged to gain more information by calling the College telephone number listed in each of the four specific Certificates of Competency that follow.

### Certificates of Competency

- **Certificates of Competency**
  - **Adult High School Diploma**
  - **Basic Career Readiness**
  - **Basic Skills**
  - **Career Development**
  - **English as a Second Language**

### Adult High School Diploma

- **#31958**
  - The High School Program provides all courses needed to satisfy requirements for a high school diploma, which will increase future employment and higher educational opportunities. High school credits may be granted for previous equivalent courses taken at accredited institutions.

  **Certificate Requirements:**
  - Students will complete a total of 160 high school credits in the following disciplines: natural sciences, social and behavioral sciences, humanities, English, mathematics, health, vocational education along with competencies in writing, math and reading.
  - A minimum of 20 residency credits must be completed at Mt. San Antonio College.
  - For detailed information regarding course and graduation requirements, please call 909-274-4937.
ESL – Beginning Level

#30375

ESL students are placed within the following sequence of beginning courses according to their English abilities. Students progress through this sequence based on individual need transitioning into intermediate courses or employment. Supplemental courses in speaking, writing, and vocational language will assist their progress through the sequence and may be taken along with level classes as needed. Courses are offered all year long, including winter and summer intersessions. Classes are offered during the summer. For more information, please call (909) 275-5235.

NONCREDIT VOCATIONAL TRAINING CERTIFICATES OF COMPLETION

California Community College Adult Education Programs are authorized to offer short-term vocational programs with high employment potential. The demonstration of need to offer these programs within the College service area is determined by manpower needs projections from the California Occupational Information System (COTS), or surveys of employer needs in the Continuing, or state licensing mandates and/or certification.

However, if a course needed for certificate completion is not offered in a timely manner, the course may be taken for credit and applied to the noncredit certificate.

What Are Vocational Training Certificates?

Certificates in a variety of vocational programs are available through the Continuing Education Division.

These certificates are frequently used as a requirement for professional advancement. Courses taken are noncredit, and do not generate college units toward a degree.

The Continuing Education Division also offers fee-based Certificate Programs. These include:

- Bookkeeping Preparation
- CPR and First Aid
- Makeup Artistry
- Medical Insurance Billing Specialist
- Phlebotomy Technician
- RN Re-Entry into Practice

Specific certificate content and more information can be found in the Continuing Education Schedule of Classes each semester or contact (909) 274-4220.

How to Finish an Occupational Certificate

In order for students to receive a Certificate of Completion, the student must do the following:

- Register and pay material fees, if required, for desired classes
- Satisfactorily complete coursework, papers and projects, take and pass mid-terms and final with the equivalent of a “C” grade as outlined by each individual course syllabus
- When all courses are completed, submit a request to the Continuing Education Division Office, building 40.

If any courses for a noncredit certificate program have been taken for college credit, students must contact the Continuing Education Division office, (909) 274-4220, for instructions.

Certificate criteria will be verified by Continuing Education Division staff. If all requirements are met, a Certificate of Completion will be prepared and delivered to the student.

Getting Help

For more information regarding occupational training certificates, please call the Division office at (909) 274-4220.

Educational Advisers are available to assist students with Career and Education Planning. Advisers are also available by appointment during the semester. Please call (909) 274-4845 to schedule an appointment.

Noncredit Vocational Training Certificates of Completion are available in the following programs:

Accounting – Bookkeeping #24089
The Bookkeeping Certificate provides the student with the basic skills and knowledge to prepare fundamental financial reports using electronic spreadsheets. This certificate program prepares the student for an entry-level position as a bookkeeping clerk. Common duties performed in this field include posting transactions to journals/ledgers, accounts receivable, accounts payable, and general ledger analysis. The sequence can be completed in one year, and courses are offered Fall and Spring semesters.

Certificate Requirements:
Course ID Course Title
VOC BA07 Principles of Accounting – Financial or
VOC BA72 Bookkeeping – Accounting
VOC BA75 Using Microcomputers in Financial Accounting
VOC BA76 Using Microcomputers in Managerial Accounting or
VOC BA68 Business Mathematics

Accounting – Computerized #24246
The Computerized Accounting Certificate provides the student with basic accounting skills and knowledge together with additional training in computer applications common to the accounting industry. This certificate program prepares the student for an entry-level position as a computerized accounting clerk. Common duties performed in this field are utilization of accounting software programs for posting transactions to journals/ledgers, accounts receivable, accounts payable, inventory tracking/reporting, bank reconciliation, expense reporting and account analysis.

Certificate Requirements:
Completion of Accounting – Bookkeeping Certificate or
PLUS the following courses:
Course ID Course Title
VOC BA07 Principles of Accounting – Financial or
VOC BA72 Bookkeeping – Accounting
VOC BA75 Using Microcomputers in Financial Accounting
VOC BA76 Using Microcomputers in Managerial Accounting or
VOC BA68 Business Mathematics
VOC CSB15 Microcomputer Applications
VOC CSB16 Macintosh Applications
VOC CSB31 Microsoft Word
VOC CSB51 Microsoft PowerPoint

Accounting – Payroll #24074
The Payroll Certificate combines accounting skills with specialized training in payroll preparing the student for entry-level positions within the payroll segment of accounting. Common duties performed include payroll tax reporting, maintenance of payroll accounting systems and posting payroll transactions to journals/ledgers.

Certificate Requirements:
Completion of Accounting – Bookkeeping Certificate or
PLUS the following courses:
Course ID Course Title
VOC BA70 Payroll and Tax Accounting
VOC BS75 Using Microcomputers in Financial Accounting or
VOC BA68 Business Mathematics

AGRICULTURAL SCIENCE

Floral Design #24242
This sequence is offered in the evening only on campus and at off-campus locations and can be completed in two years. Students completing all three courses will have skills and knowledge to seek jobs in floral design beyond entry-level positions, i.e., first-line supervision and/or management and Floral Designers.

Certificate Requirements:
Course ID Course Title
VOC AGR25 Floral Design – 1
VOC AGR26 Floral Design – 2
VOC AGR27 Floral Design – 3

Horse Ranch Management #24340
This certificate program is designed to give students basic skills on horse ranches and agriculture sales and services.

Certificate Requirements:
Course ID Course Title
VOC AGN02 Animal Nutrition
VOC AGN94 Animal Breeding
VOC AGL16 Horse Production or
VOC AGL18 Horse Ranch Management
VOC AGL19 Horse Hoof Care
VOC AGL96 Animal Sanitation and Disease Control
VOC AGL97 Artificial Insemination of Livestock
Interior Landscaping
#24342
This certificate is designed to give students basic skills in the design, installation and maintenance of interior plants that are used in residences, offices, hotels, malls, restaurants and other locations.

Certificate Requirements:
Course ID  Course Title
VOC AGR01  Horticultural Science
VOC AGR15  Interior Landscaping
VOC AGR24  Integrated Pest Management
VOC AGR29  Ornamental Plants – Herbaceous
VOC AGR32  Landscaping and Nursery Management
VOC AGR64  Landscape Irrigation
– Drip and Low Volume

Landscape and Park Maintenance
#24113
This certificate is designed to give students basic skills in park landscape maintenance. Courses offered prepare students with skills that are appropriate for the maintenance of grounds, property or parks.

Certificate Requirements:
Course ID  Course Title
VOC AGR01  Horticultural Science
VOC AGR13  Landscape Design
VOC AGR51  Tractor and Landscape Equipment Operations
VOC AGR63  Landscape Irrigation System Management
VOC AGR75  Urban Arboriculture

Landscape Equipment Technology
#24111
This certificate is designed to give students basic skills to seek employment in equipment repair, at golf courses, rental yards and small equipment repair shops.

Certificate Requirements:
Course ID  Course Title
VOC AGR52  Hydraulics
VOC AGR53  Small Engine Repair I
VOC AGR55  Diesel Engine Repair
VOC AGR56  Engine Diagnostics
VOC AGR57  Power Train Repair

Landscape Irrigation
#24088
This certificate is designed to give students basic skills in irrigation design, repair installation, water management and troubleshooting.

Certificate Requirements:
Course ID  Course Title
VOC AGR01  Horticultural Science
VOC AGR13  Landscape Design
VOC AGR51  Tractor and Landscape Equipment Operations
VOC AGR62  Landscape Irrigation – Design and Installation
VOC AGR63  Landscape Irrigation System Management
VOC AGR64  Landscape Irrigation – Drip and Low Volume
VOC AGR71  Landscape Construction Fundamentals

Livestock Production Management
#24057
This certificate is designed to give students basic skills in livestock production management for employment opportunities on farms, ranches and agriculture sales and services.

Certificate Requirements:
Course ID  Course Title
VOC AGR01  Horticultural Science
VOC AGR13  Landscape Design
VOC AGR51  Tractor and Landscape Equipment Operations
VOC AGR62  Landscape Irrigation – Design and Installation
VOC AGR63  Landscape Irrigation System Management
VOC AGR64  Landscape Irrigation – Drip and Low Volume

Nursery Production Management
#24209
This certificate is designed to give students basic skills in production and marketing of plants and dry goods in the wholesale and retail nursery industry.

Certificate Requirements:
Course ID  Course Title
VOC AGR01  Horticultural Science
VOC AGR02  Plant Propagation/Greenhouse Management
VOC AGR29  Ornamental Plants – Herbaceous
VOC AGR32  Landscaping and Nursery Management
VOC AGR50  Soil Science and Management
VOC AGR64  Landscape Irrigation – Drip and Low Volume

Pet Science
#24172
This certificate program is designed to give students basic skills in production and marketing of pets at the wholesale and retail level.

Certificate Requirements:
Course ID  Course Title
VOC AGN01  Animal Science
VOC AGN02  Animal Nutrition
VOC AGN51  Animal Handling and Restraint
VOC AGN94  Animal Breeding
VOC AGL96  Animal Sanitation and Disease Control
VOC AGP70  Pet Shop Management
VOC AGP71  Canine Management
VOC AGP72  Feline Management
VOC AGP73  Tropical and Coldwater Fish Management
VOC AGP74  Reptile Management
VOC AGP76  Aviculture – Cage and Aviary Birds
VOC BM66  Small Business Management

Park Management
#24374
This certificate program is designed to give students basic skills required for entry level positions in park management.

Certificate Requirements:
Course ID  Course Title
VOC AGN01  Animal Science
VOC AGN02  Animal Nutrition
VOC AGR01  Horticultural Science
VOC AGR05  Park Facilities
VOC AGR51  Tractor and Landscape Equipment Operations
VOC AGR62  Landscape Irrigation System Management
VOC AGR75  Urban Arboriculture

Section 11 225
### Business Management

#### Business Management – Level 1

**#24108**  
The Business Management – Level 1 Certificate is designed to introduce the student to the role of management in business. Management is the efficient use of human and capital resources to accomplish organizational objectives. Students will be exposed to the terms, trends, organizational structure, and opportunities inherent in business management.  
Upon completion of the Business: Management – Level 1 Certificate students may qualify for an entry-level management position in California’s diverse economy.  
**Certificate Requirements:**  
<table>
<thead>
<tr>

<td>Principles of Marketing</td>
</tr>
</tbody>
</table>

#### Business Management – Level 2

**#24110**  
This certificate builds upon the Level 1 Certificate to provide students with proven business tools that will enhance their management careers. Students will be exposed to projects and business simulations that will lead to measurable successes. Business presentations, business planning, team building, conflict resolution, and computer use are core skills developed in this certificate.  
**Certificate Requirements:**

</tbody>
</table>

#### Business Management – Level 3

**#24249**  
Upon completion of the Business: Management – Level 3 Certificate, students will have built a foundation of management strategies and practices which will enable them to prosper in an ever-changing business environment. Students will have a strategic perspective of production, marketing, accounting, international business and human resources.  
Completion of the Business: Management – Level 3 Certificate will lead to new opportunities and provide students with a solid foundation upon which to build a management career.  
**Certificate Requirements:**

</tr>
</tbody>
</table>

#### Human Resource Management

**#24320**  
This introductory certificate exposes students to the business world and the role of human resources. Students become familiar with various approaches to business organization and the strategic nature of human resources. This certificate may aid in the student’s search for an entry-level job in the business world.  
**Certificate Requirements:**

### International Business

#### International Business – Level 1

**#24107**  
This specialized business certificate is intended to prepare the student to work in the unique and dynamic environment of international business. The program also prepares the student as a business management generalist for companies conducting international trade. This program will afford career opportunities for entry-level employment in international sales and marketing.  
**Certificate Requirements:**  
<table>
<thead>
<tr>
<th>Course ID</th>

## Small Business Management – Level 1
### #24035
Small business has been described as the engine of change within the economy. The Business: Small Business Management – Level 1 Certificate exposes students to the fundamentals of managing and planning a small business. Upon completion students may qualify for an entry-level management position in a small business. Entrepreneurs may use this certificate as a means to plan and develop new business ventures.

**Certificate Requirements:**
<table>
<thead>
<tr>
<th>Course ID</th>
<th>Course Title</th>
</tr>

## Small Business Management – Level 2
### #24034
The Small Business Management – Level 2 Certificate provides students with practical small business tools. It focuses on issues such as motivation, teamwork and leadership skills that lead to enhanced productivity through the development of people. Completion of this certificate will lead to new career opportunities for those currently employed in the small business arena.

**Certificate Requirements:**
<table>
<thead>
<tr>

</tbody>
</table>

## Small Business Management – Level 3
### #24034
Upon completion of the Small Business Management – Level 3 certificate, students will have built a foundation of management strategies and practices which will enable them to prosper in an ever-changing small business environment. Computer skills applicable to small business will be developed. Students will have a strategic perspective across all small business functions. Students will acquire the skills and abilities necessary to build a successful business career.

**Certificate Requirements:**
<table>

## Computer Systems Technology – Level I
### #24059
This certificate is intended to prepare students to enter the computer and networking fields as service technicians with foundations in basic electricity and electronics, operating systems, computer service and troubleshooting, and preparation for the A+ certification examination.

**Certificate Requirements:**
<table>
<thead>
<tr>
<th>Course ID</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

## Computer Systems Technology
### #24284
The Computer Systems Technology curriculum encompasses advanced coursework in computer systems circuitry, including microcontrollers and microprocessors.

**Certificate Requirements:**
<table>
<thead>
<tr>
<th>Course ID</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>VOC EL11</td>
<td>Technical Applications in Microcomputers</td>

</tr>
</tbody>
</table>
### Electronic Assembly and Fabrication
**#24162**
This certificate prepares students to enter the electronics field as assembly and fabrication technicians. The program provides a series of courses to meet the needs of industry in assembly, soldering/de-soldering skills and fabrication for both through-hole and surface mount devices (SMD), including skills for various types of cabling and connections.

**Certificate Requirements:**
- **Course ID**
  - VOC ELS50: Electronic Circuits - Direct Current (DC)
  - VOC ELS50B: Electronic Circuits (AC)
  - VOC EST50: Electrical Fundamentals for Cable Installations
- **Course Title**
  - VOC EL61: Electronic Assembly and Fabrication
  - VOC EL62: Advanced Surface Mount Assembly and Rework

### Electronic Systems Technology – Level 1
**#24363**
This certificate program provides job skills in the areas of low voltage cable and wire installations used in the telephone industry, computer networks (business and home), home theatre, home automation, and home security systems (integrated home systems). Typical job titles in these areas are data or cable technician, low-voltage wiring technician, home theatre installer, consumer electronics service technician and security system installer. Level 1 certification develops skills in electrical fundamentals, fabrication techniques, cabling and wiring standards for voice, video and data, and basic computer skills in word processing, spreadsheets, database and the Internet.

**Certificate Requirements:**
- **Course ID**
  - VOC EST50: Electrical Fundamentals for Cable Installations
  - VOC EST52: Fabrication Techniques for Cable Installations
  - VOC EST54: Cabling and Wiring Standards for Cable Installations
  - VOC CSB15: Microcomputer Applications
- **Course Title**
  - VOC EL11: Technical Applications in Microcomputers
  - VOC EL12: Computer Simulation and Troubleshooting
  - VOC TCH60: Customer Relations for the Technician

### Electronic Assembly and Fabrication
**#24162**
This certificate prepares students to enter the electronics field as assembly and fabrication technicians. The program provides a series of courses to meet the needs of industry in assembly, soldering/de-soldering skills and fabrication for both through-hole and surface mount devices (SMD), including skills for various types of cabling and connections.

**Certificate Requirements:**
- **Course ID**
  - VOC ELS50: Electronic Circuits - Direct Current (DC)
  - VOC ELS50B: Electronic Circuits (AC)
  - VOC EST50: Electrical Fundamentals for Cable Installations
- **Course Title**
  - VOC EL61: Electronic Assembly and Fabrication
  - VOC EL62: Advanced Surface Mount Assembly and Rework

### Electronic Systems Technology – Level 2
**#24416**
This Level 2 certificate builds on the skills and concepts learned in level 1 and adds customer relations (soft skills) and the installation, calibration, setup, maintenance and troubleshooting of home theater systems, home automation and home security systems.

**Certificate Requirements:**
- Completion of Electronic Systems Technology Level 1 Certificate
- **PLUS the following courses:**
  - VOC EST50: Electrical Fundamentals for Cable Installations
  - VOC EST52: Fabrication Techniques for Cable Installations
  - VOC EST54: Cabling and Wiring Standards for Cable Installations
  - VOC CSB15: Microcomputer Applications
  - VOC EL11: Technical Applications in Microcomputers
  - VOC EL12: Computer Simulation and Troubleshooting
  - VOC TCH60: Customer Relations for the Technician

### Electronics Technology
**#24073**
This one-year program covers the fundamentals of electronics technology. These core courses provide the necessary skills for those seeking entry-level employment as electronics technicians without areas of specialization. A course in customer-relations training is also included.

**Certificate Requirements:**
- **Course ID**
  - VOC EL11: Technical Applications in Microcomputers
  - VOC EL12: Computer Simulation and Troubleshooting
  - VOC EL50A: Electronic Circuits - Direct Current (DC)
  - VOC EL50B: Electronic Circuits (AC)
  - VOC EL51: Semiconductors Devices and Circuits
  - VOC EL54B: Industrial Electronics
  - VOC EL55: Microwave Communications
  - VOC EL56: Digital Electronics
  - VOC EL57E: Microcontroller Systems
  - VOC EL61: Electronics Assembly and Fabrication
  - VOC TCH60: Customer Relations for the Technician

### Electronics Communications
**#24210**
In addition to courses in electronics fundamentals, the Electronics Communications certificate program encompasses the study of both wire-based and wireless forms of analog and digital communications systems. Topics include amplitude and frequency modulation, multiplexing, antennas, transmission lines, and radio wave propagation, as well as microwave systems, including radar and satellite operations.

**Certificate Requirements:**
- **Course ID**
  - VOC EL11: Technical Applications in Microcomputers
  - VOC EL12: Computer Simulation and Troubleshooting
  - VOC EL50A: Electronic Circuits - Direct Current (DC)
  - VOC EL50B: Electronic Circuits (AC)
  - VOC EL51: Semiconductors Devices and Circuits
  - VOC EL53: Communications Circuits
  - VOC EL55: Microwave Communications
  - VOC EL56: Digital Electronics
  - VOC EL61: Electronics Assembly and Fabrication
  - VOC TCH60: Customer Relations for the Technician
**Electronics: Industrial Systems**

**#24319**

In addition to courses in electronics fundamentals, the Industrial Systems curriculum encompasses advanced coursework in industrial electronics, including electronic devices for industrial and motor controls. The curriculum culminates in the study of programmable logic controls (PLCs) using the Allen-Bradley series of PLCs running Windows ladder logic software.

**Certificate Requirements:**

**HEALTH CAREERS**

**Certified Nursing and Acute Care Nursing Assistant**

**#24400**

This certificate program will prepare participants to work in both long-term and acute care facilities thus providing entry level, diverse, work opportunities in the ever growing health care field. For those planning on entering LVN or RN programs, course content may increase chances for successful admission and completion of nursing program curriculum.

These courses meet the requirements for California state certification as a CNA. The program incorporates processing of the state application and administration of the NATAP test with same day official test results for the written and manual skills examination. Verification of successful passing of the NATAP test permits immediate eligibility for employment.

All coursework can be completed within 11 weeks. Offered in Fall or Spring semesters Participants must

- provide their own transportation and be at least 16 years of age or have a work permit
- be able to meet expenses and responsibilities incurred as part of this program.
- demonstrate proficient English/ESL verbal and written communication skills to take written exams, communicate with clients and maintain a safe clinical environment

### Photography - Level I

**#24245**

This certificate program is designed to prepare students for employment in the field of photography and offers the core skills necessary as an entry-level Photography Assistant.

**Certificate Requirements:**

<table>
<thead>
<tr>

Recommended Electives: The Photographics faculty recommends that you complement your studies with selected elective courses listed below. You should meet with a professor of Computer Graphics Design/Photography to help you determine which electives would best suit your career plans.

- VOC PH001 Laboratory Studies: Black and White Photography
- VOC PH015 History of Photography
Licensed Welder
#24223
This certificate is designed to prepare students for entry-level employment in the broad field of welding, including manufacturing, construction, fabrication and repair. Through theoretical and hands-on skills coursework, students prepare for industry licensing with an understanding of current guidelines and standards. Particular emphasis is placed on those competencies required for certification in structural steel welding. Course sequences can be modified to reflect industry experience or other individual needs.

Certificate Requirements:
Course ID  Course Title
VOC WL40  Introduction to Welding
VOC WL50  Oxyacetylene Welding
VOC WL51  Basic Electric Arc Welding
VOC WL53A  Welding Metallurgy
VOC WL60  Print Reading and Computations for Welders
VOC WL70A  Beginning Arc Welding
VOC WL70B  Intermediate Arc Welding
VOC WL70C  Certification for Welding
VOC WL80  Fabrication and Construction Welding
VOC WL81  Pipe and Tube Welding
VOC WL81  Automotive Welding, Cutting and Modification

Welding: Automotive Welding, Cutting & Modification
#24406
Prepares students for entry-level employment as a licensed welder with additional skills development and theory in automotive welding, cutting and modification. Coursework prepares students for industry licensing with emphasis on competencies required for certification in structural steel welding and specialty skills in automotive welding.

Certificate Requirements:
Course ID  Course Title
VOC WL40  Introduction to Welding
VOC WL50  Oxyacetylene Welding
VOC WL51  Basic Electric Arc Welding
VOC WL53A  Welding Metallurgy
VOC WL60  Print Reading and Computations for Welders
VOC WL70A  Beginning Arc Welding
VOC WL70B  Intermediate Arc Welding
VOC WL70C  Certification for Welding
VOC WL80  Fabrication and Construction Welding
VOC WL81  Pipe and Tube Welding
VOC WL81  Automotive Welding, Cutting and Modification

Welding: Semiautomatic Arc, Welding
#24379
Prepares students for entry-level employment as a licensed welder with additional skills development and theory in semiautomatic ARC welding. Coursework prepares students for industry licensing with emphasis on competencies required for certification in structural steel welding and specialty skills in semiautomatic ARC welding.

Certificate Requirements:
Course ID  Course Title
VOC WL40  Introduction to Welding
VOC WL50  Oxyacetylene Welding
VOC WL51  Basic Electric Arc Welding
VOC WL53A  Welding Metallurgy
VOC WL60  Print Reading and Computations for Welders
VOC WL70A  Beginning Arc Welding
VOC WL70B  Intermediate Arc Welding
VOC WL70C  Certification for Welding
VOC WL80  Fabrication and Construction Welding
VOC WL81  Pipe and Tube Welding
VOC WL81  Automotive Welding, Cutting and Modification

Welding: Gas Tungsten Arc, Welding
#24380
Prepares students for entry-level employment as a licensed welder with additional skills development and theory in gas tungsten ARC welding. Coursework prepares students for industry licensing with emphasis on competencies required for certification in aluminum, CRES, mild steel and selected exotic metals with specialty skills in gas tungsten ARC welding.

Certificate Requirements:
Course ID  Course Title
VOC WL40  Introduction to Welding
VOC WL50  Oxyacetylene Welding
VOC WL51  Basic Electric Arc Welding

Welding: Gas Tungsten Arc, Welding
## Basic Skills — GED Preparation

- **GED Preparation: Mathematics**: 235
- **GED Preparation: Language Arts, Reading**: 235
- **GED Preparation: Science**: 235
- **GED Preparation: Social Studies**: 235
- **GED Preparation: Language Arts, Writing**: 235

## Basic Skills — Review

- **Developmental Math Concepts & Applications**: 237
- **Foundation for Academic Success**: 238
- **Improving Reading Comprehension**: 237
- **Improving Writing**: 237
- **Language Skills Laboratory**: 237
- **Learning Support Laboratory**: 237
- **Math Skills Review**: 237
- **Personal Computer Applications**: 237
- **Reading Acceleration**: 237
- **Short-Term Review**: 237
- **Writing Skills Development**: 238

## Basic Skills — Secondary Education (High School)

- **Algebra 1**: 235
- **Algebra 2**: 235
- **Art and Creative Expression**: 235
- **Art 2**: 235
- **Biology**: 235
- **CAHSEE Prep – English Language Arts**: 236
- **CAHSEE Prep – Mathematics**: 236
- **Chemistry**: 235
- **Civics/American Government**: 235
- **Computer Technology**: 235
- **Earth Science**: 235
- **Economics**: 235
- **English 1**: 235
- **English 2**: 235
- **English 3**: 235
- **English 4**: 235
- **Expository Writing**: 237
- **Geography**: 236
- **Geometry**: 236
- **Health Education**: 236
- **Literature and Writing Fundamentals 1**: 237
- **Literature and Writing Fundamentals 2**: 237
- **Physical Science**: 236
- **Planning and Guidance**: 236
- **Pre-Algebra**: 236
- **Psychology**: 237
- **Reading**: 237
- **Study Skills**: 237
- **Sociology**: 237
- **Spanish 1 – Conversation and Writing**: 237
- **Spanish 2**: 237
- **Typing/Keyboarding**: 237
- **United States History**: 236
- **World History**: 236

## Basic Skills — Tutoring

- **All Subjects Tutoring**: 238
- **Tutoring Techniques**: 238

## Citizenship

- **Citizenship for Naturalization**: 238

## Disabled Students

- **Adaptive Academic Preparation**: 238
- **Clinical Speech Instruction**: 238
- **High Tech Center Tutorial/Assistance Class**: 238
- **Lifelong Learning for the Special Needs Population**: 238

## English as a Second Language (ESL)

- **English for Specific Uses**: 238
- **For Health Professionals**: 239
- **Levels 1-6 and Pre-Level 1**: 238
- **Speaking A, B and C and ESL Speaking**: 238
- **Writing A, B and C and ESL Writing**: 234-239
- **TOEFL Prep**: 239

## Occupational — Administrative Justice

- **Administration of Justice Report Writing**: 240
- **Administration of the Justice System**: 240
- **Community Relations**: 240
- **Concepts of Criminal Law**: 240
- **Concepts of Enforcement Services**: 240
- **Concepts of Traffic Services**: 240
- **Gangs and Corrections**: 240
- **Legal Aspects of Evidence**: 240
- **Narcotics Investigation**: 240
- **Principles and Procedures of Justice System**: 240
- **Principles of Investigation**: 240
- **Vice Control**: 240

## Occupational — Agricultural Science

- **Animal Breeding**: 240
- **Animal Handling and Restraint**: 240
- **Animal Sanitation and Disease Control**: 241
- **Animal Science**: 240
- **Animal Nutrition**: 240
- **Artificial Insemination of Livestock**: 241
- **Aviculture – Cage and Aviary Birds**: 241
- **Beef Production**: 241
- **Canine Management**: 241
- **Diesel Engine Repair**: 242
- **Engine Diagnostics**: 242
- **Exotic Animal Management**: 240
- **Feline Management**: 241
- **Floral Design 1, 2 and 3**: 241
- **Food Production, Land Use and Politics — A Global Perspective**: 240
- **Home Gardening**: 241

232 2015-16 Mt. San Antonio College Catalog
### Occupational — Electronics

- Communications Circuits Theory .............................................. 245
- Computer Simulation and Troubleshooting .................................. 245
- Customer Relations for the Technician ....................................... 246
- Digital Electronics ....................................................................... 246
- Electronic Assembly and Fabrication Lecture/Laboratory .............. 245
- Electronics Technology, Laboratory Studies in ............................ 245
- Electronics Circuits DC & AC ..................................................... 245
- FCC General Radiotelephone Operators License Preparation ........ 245
- Industrial Circuits Theory ............................................................ 245
- Industrial Electronic Systems ....................................................... 245
- Mathematics of Electronics — AC .............................................. 245
- Mathematics of Electronics — DC ............................................. 245
- Mechatronics, An Introduction .................................................. 245
- Microwave Communications ...................................................... 245
- Microcomputers, Technical Applications ..................................... 245
- Semiconductor Devices & Circuits ............................................. 245
- Surface Mount Assembly and Rework, Advanced ....................... 245

### Occupational — Electronics & Computer Technology

- C-7 Low Voltage Systems License Preparation ............................. 246
- Cabling and Wiring Standards ..................................................... 246
- Electrical Fundamentals for Cable Installation ............................ 246
- Electronic Troubleshooting 1 and 2 .............................................. 246
- Fabrication Techniques for Cable Installation ............................. 246
- Home Electronic Systems ............................................................. 246

### Occupational — Fashion Design

- Aesthetic Design in Fashion ....................................................... 246
- Clothing Construction 1 and 2 .................................................... 246
- Fashion, Introduction to ............................................................. 246
- Fashion Design by Draping ........................................................ 246
- History of Costume Fashion ........................................................ 246
- Illustration for Fashion and Costume Design .............................. 246
- Patternmaking 1 ........................................................................ 246
- Patternmaking 2 ........................................................................ 246
- Retail Store Management and Merchandising .............................. 246
- Textiles ...................................................................................... 246

### Occupational — Geography

- Geographic Information Systems, Introduction to ......................... 246

### Occupational — Health

- Acute Care Nursing Assistant .................................................... 247
- Anatomy and Physiology, Basic ................................................. 246
- BLS Heartsaver Course – Adult .................................................. 246
- Certified Nursing Assistant ....................................................... 247
- Health Careers Resource Center ................................................ 247
- In-Home Care of Alzheimer’s and Dementia Clients .................... 247
- In-Home Support Services ......................................................... 247
- Intravenous Therapy for Radiologic Technology .......................... 247
- Medical Terminology ................................................................. 247
- Physical Therapy Aide ................................................................. 247

### Occupational — Interior Design

- Fundamentals of Interior Design ................................................ 247
- Introduction to Interior Design ................................................... 247
- History of Furniture and Decorative Arts .................................... 247
- Materials and Products for Interior Design ................................. 247

### Occupational — Manufacturing Technology

- Manual CNC (Computerized Numerical Control) Operations ........ 247
- Manufacturing Processes, 1 and 2 ............................................. 247
- Mathematics and Blueprint Reading .......................................... 247
- MasterCAM 1 .......................................................................... 247
- MasterCAM, Advanced ............................................................. 247
- MasterCAM Solids ................................................................... 247

### Occupational — Nutrition

- Cooking for your Heart and Health ............................................. 247
- Vegetarian Cuisine ..................................................................... 247

### Occupational — Photography & Photographics

- 3D Graphics Imagery ................................................................. 248
- Color Photography ..................................................................... 248
- Commercial and Illustrative Photography .................................... 248
- Digital and Film Photography, Basic ......................................... 248
- Digital Design Systems, Introduction to ...................................... 248
- Digital Photography for the Beginner ........................................... 247
- Exploring Color Photography ..................................................... 248
- Fashion Photography .................................................................. 248
- History of Photography .............................................................. 248
- Illustrator Graphics ..................................................................... 248
- InDesign Graphics ...................................................................... 248
- Intermediate Photography .......................................................... 248
- Laboratory Studies in Black & White Photography ....................... 248
- Multimedia Graphics .................................................................. 248
- Photocoloration ......................................................................... 248
- Photographic Alternatives .......................................................... 248
- Photo Portfolio .......................................................................... 248
- Photoshop Imagery .................................................................... 247
- Photoshop Imagery Extended ..................................................... 248
- Portraiture and Wedding Photography ........................................ 248

### Occupational — Theater & Theater Arts

- Children’s Theater ..................................................................... 249
- Play Rehearsal and Performance ................................................ 249
- Stagecraft .................................................................................. 249
- Technical Theater Practicum ....................................................... 249
- Theatrical Costuming ................................................................. 249
- Theatrical Make-Up .................................................................... 249

### Occupational — Tutor Training

- Introduction to Tutoring .............................................................. 249
- Tutoring in the Language Arts ..................................................... 249
- Tutoring as a Supplemental Instructor ........................................ 249
- Tutoring in Mathematics ............................................................ 249
- Tutoring in Reading ................................................................... 249

### Occupational — Welding

- Arc Welding, Beginning ............................................................. 249
- Arc Welding, Intermediate .......................................................... 249
- Automotive Welding, Cutting and Modification ......................... 249
- Certification for Welders ............................................................. 249
- Electric Arc Welding, Basic ......................................................... 249
- Fabrication and Construction Welding ........................................ 249
- Gas Tungsten Arc Welding ........................................................... 249
- Metal Sculpture ......................................................................... 249

### BASIC SKILLS

**BS ABE01 — Career Information and Guidance**  
Orientation to the college including enrollment procedures, test score interpretation, course selection, and career information. Course includes academic placement tests and/or vocational assessments available.

**BS ABE02 — Adult Basic Education**  
Improves basic skills of adult learners. Content includes reading comprehension, language, and mathematics. Prepares students for the General Education Development (GED) Exam and the Armed Services Vocational Aptitude Battery (ASVAB) exam.

**BS ABE03 — Adult Basic Education—Leadership Development**  
Leadership styles and individual leadership skills including effective communication, facilitation, problem-solving, decision-making and conflict resolution. Introduction to organizational structures, governance, models and group process.

**BS ABE04 — Guidance and Orientation to Special Programs**  
Provides an overview of special programs at Mt. San Antonio College. Information regarding the College’s mission, program guidelines, regulations, and eligibility requirements are presented.

**BS ABE05 — Career Development**  
Career assessment, research and preparation; investigates career fields to determine interest; provides information on required skills and areas for professional growth. Includes assigned time for field investigation, individual assessment and skill building.

**BS ABE06 — Basic Skills Foundation**  
Preparation for college credit courses. Improves reading, mathematics, writing, and critical thinking by assessing current skills. Includes individual education plan to achieve career and educational goals.

**BS ABE07 — Re-Entry Work Skills Needed for Today’s Workforce**  
Development of skills necessary for employment. Topics include workplace ethics, job search techniques, resume writing and preparing for an interview.

**BS ASVAB — ASVAB Preparation (Armed Services Vocational Aptitude Battery)**  
General knowledge in five of the ten areas of the Armed Services Vocational Aptitude Battery (ASVAB) exam; general science, word knowledge, paragraph comprehension, arithmetic reasoning, and math knowledge, test preparation skills.

**BS CNSL5 — Career/Life Planning**  

**BS GEDMA — GED Preparation: Mathematics**  
Improve mathematical knowledge and skills in preparation for the Math section of the General Education Development (GED) exam. Test areas include number operations, geometry, statistics and algebra.

**BS GEDRD — GED Preparation: Language Arts, Reading**  
Improve comprehension and reading knowledge and skills in preparation for the Language Arts: Reading section of the General Education Development (GED) exam. Poetry, fiction, nonfiction, drama, art reviews and workplace documents.

**BS GEDSC — GED Preparation: Science**  
Improve scientific knowledge and skills in preparation for the Science section of the General Education Development (GED) exam. Test areas include physics, chemistry, life science, earth science and astronomy.

**BS GEDSS — GED Preparation: Social Studies**  
Improve historical knowledge in preparation for the social studies section of the General Education Development (GED) exam. Test areas include United States history, world history, geography, government and economics.

**BS GEDWR — GED Preparation: Language Arts, Writing**  
Improve organizational and grammatical knowledge and skills in preparation for the Language Arts: Writing section of the General Education Development (GED) exam. Test areas include paragraph organization, sentence structure, usage, grammar mechanics and essay development.

**BSHSS ART1 — High School Art & Creative Expression**  
Artistic perception, creative expression, and aesthetic valuing through experiences with art for high school students. Historical and cultural context of the visual arts. Original productions in design and drawing using a variety of media. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.

**BSHSS ART2 — High School - Art 2**  
Artistic perception, creative expression, and aesthetic valuing through experiences with art for high school students. Historical and cultural context of the visual arts. Original productions in design and drawing using a variety of media. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.

**BSHSS CHEM — High School Chemistry**  
Chemistry for high school students. Includes atomic and molecular structure, chemical bonds, conservation of matter and stoichiometry, bases and their properties, acids and bases, solutions, chemical thermodynamics, reaction rates, chemical equilibrium, organic chemistry and biochemistry and nuclear processes. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.

**BSHSS BIO — High School Biology**  
Fundamental areas of life science for high school students. Characteristics of living things, simple organisms, plants, animals, human biology, cell biology, physiology, genetics, heredity, adaptation, evolution and ecology. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.

**BSHSS GEDSS — GED Preparation: Social Studies**  
Improve historical knowledge in preparation for the social studies section of the General Education Development (GED) exam. Test areas include United States history, world history, geography, government and economics.

**BSHSS GEDWR — GED Preparation: Language Arts, Writing**  
Improve organizational and grammatical knowledge and skills in preparation for the Language Arts: Writing section of the General Education Development (GED) exam. Test areas include paragraph organization, sentence structure, usage, grammar mechanics and essay development.

**BSHSS GEDMA — GED Preparation: Mathematics**  
Improve mathematical knowledge and skills in preparation for the Math section of the General Education Development (GED) exam. Test areas include number operations, geometry, statistics and algebra.

**BSHSS GEDRD — GED Preparation: Language Arts, Reading**  
Improve comprehension and reading knowledge and skills in preparation for the Language Arts: Reading section of the General Education Development (GED) exam. Poetry, fiction, nonfiction, drama, art reviews and workplace documents.

**BSHSS CNSL5 — Career/Life Planning**  

**School of Continuing Education**

### School of Continuing Education

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>BSHS CPTC</td>
<td>High School Computer Technology</td>
<td>Fundamental computer concepts, keyboarding skills, Internet applications, word processing, multi-media presentations, spreadsheets and electronic publishing. Application of technology in the educational and workplace settings. Includes file-management and appropriate technology use in a network environment as well as copyright law and safety. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS EASC</td>
<td>High School Earth Science</td>
<td>General economic principles and practices including: scarcity and choice, opportunity and trade-offs, economic systems, institutions and incentives, markets and prices, supply and demand, competition, income distribution, monetary policy, international economics and government roles. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS ECON</td>
<td>High School - Economics</td>
<td>General economic practices including: scarcity and choice, opportunity, cost and trade-offs, economic systems, institutions and incentives, markets and prices, supply and demand, competition, income distribution, monetary policy, international economics and government roles. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS EELA</td>
<td>CAHSEE Prep: English Language Arts</td>
<td>Examination preparation for the reading and writing portions of the California High School Exit Exam. Supports progress toward a high school diploma or equivalent.</td>
</tr>
<tr>
<td>BSHS EEMA</td>
<td>CAHSEE Math Prep</td>
<td>Preparation for the mathematics portion of the California High School Exit Exam. Supports progress toward a high school diploma or equivalent.</td>
</tr>
<tr>
<td>BSHS ENG1</td>
<td>High School - English 1</td>
<td>Foundations of literature using a variety of genres and theme experiences; analysis of works based on themes. Writing, editing and critical thinking skills; vocabulary, concept development, grammar and writing mechanics. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS ENG2</td>
<td>High School English 2</td>
<td>Expands on the foundations of literature from English 1 using a variety of genres and themes. Improves skills in reading comprehension, literary analysis, mechanics of writing and oral presentations. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS ENG3</td>
<td>High School English 3</td>
<td>Foundations of literature through American literature using the historical approach. Includes social, political, and intellectual trends connected with the following time periods: Pre-Colonial Era, the American Revolution, the New England Renaissance, Slavery and the Civil War, the Frontier Era, the Harlem Renaissance, and the Modern Era. Development of writing and critical thinking skills. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS ENG4</td>
<td>High School English 4</td>
<td>Foundations of literature through British literature using the historical approach. Includes social, political and intellectual trends connected with the following time periods: Anglo-Saxon, Medieval, English Renaissance, Renaissance drama, the early 17th century, the Restoration and the 18th century, the Romantic Era, the Victorian Age, and contemporary British poetry and prose. Development of writing, critical thinking, and the use of literary tools. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS GEOG</td>
<td>High School-Geography</td>
<td>Patterns and processes that have shaped human understanding, use and alteration of earth’s surface; spatial concept and landscape analysis to examine human social organization and its environmental consequences and the inter-relationship of natural processes and systems. Methods and tools geographers use. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS GEOM</td>
<td>High School Geometry</td>
<td>Geometric applications and connections. Definitions, constructions, theorems, proofs, area, volume and geometric relationships. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS HLTH</td>
<td>High School - Health Education</td>
<td>Increases high school students’ awareness of health issues, includes healthy behavior vs high-risk behavior; how health issues impact the community and environment. Uses skill-building approach that includes decision-making, role modeling, critical analysis, and goal-setting toward a healthy lifestyle. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS INMA1</td>
<td>High School – Integrated Math 1</td>
<td>Algebraic, geometric, and statistical applications and connections. Equations, inequalities and functions. Definitions, constructions, theorems, proofs, similarity, transforming and congruence of geometric figures. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS KEY</td>
<td>High School - Typing/Keyboarding</td>
<td>Develops the skill of keyboarding for high school students. Emphasis will be placed on learning alphabetic and numeric keys by touch using appropriate techniques. Students will build on basic skills to improve speed and accuracy. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS MUSC</td>
<td>High School - Music Appreciation</td>
<td>Historical, cultural and genre-based aesthetic valuing of music for high school students. Vocabulary, interaction of words and music, influence of religion, theater, government and culture on musical style. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS PHSC</td>
<td>High School Physical Science</td>
<td>Introductory overview of chemistry and physical science. Basics of the periodic table, matter and atoms. Newtonian physics including motion, momentum and forces. Machines, energy, waves, light, electricity and magnetism. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS PLNG</td>
<td>High School Planning and Guidance</td>
<td>Compliments existing school guidance and planning activities and motivates high school students to utilize those resources to their best advantage. Covers the challenges faced by students at the end of high school careers. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS PREA</td>
<td>High School Pre-Algebra</td>
<td>Preparatory course for first year algebra. Review of basic mathematic skills and the basic principles of algebra. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>Course Code</td>
<td>Course Title</td>
<td>Description</td>
</tr>
<tr>
<td>------------</td>
<td>--------------------------------------</td>
<td>-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>BSHS PSY</td>
<td>High School Psychology</td>
<td>Methods, facts and theories of the behavior and processes of human beings and animals. Theories and characteristics of the history of psychology, research and statistics, child and adult development, sensations, perceptions, cognition, stress, learning, memory, motivation, behavior, personality, abnormal behavior, individuality versus group identity and behavior and therapy. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS READ</td>
<td>High School Reading</td>
<td>Basic reading including comprehension and vocabulary strategies using a variety of narrative and expository texts. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS SOC</td>
<td>High School Sociology</td>
<td>Concepts and theories of social interaction. Theories, characteristics and implications of culture, socialization, society, groups, deviations and control, social stratification, race, gender, age, family, education, politics, religion, sports and change. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS SPN1</td>
<td>High School Spanish, Conversation and Writing</td>
<td>Fundamentals of Spanish language. Communication about self and immediate environment using simple sentences and phrases. Includes writing and speaking. Cultural connections to geography and customs of Spanish-speaking countries. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS SPN2</td>
<td>High School Spanish 2</td>
<td>Intermediate Spanish. Culture, listening, speaking, reading and writing. Emphasis on skills needed to communicate in a variety of modes with increased complexity and proficiency. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS SSK</td>
<td>High School - Study Skills</td>
<td>Effective work habits in preparation for the school or work environment. Basic approaches to organization skills, effective learning tools, and career path development. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS USH</td>
<td>High School United States History</td>
<td>History, politics, economics, religion and culture in United States history from its beginning to contemporary times. Significant events and people that comprise American history. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS WHS</td>
<td>High School World History</td>
<td>World history from prehistory to the modern era. Major turning points that shaped the modern world, focusing on the late 18th century through the present, including causes and courses of the two world wars. Rise of democratic ideas and the historical roots of current world issues pertaining to international relations, historical, geographic, political, economic and cultural contexts. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BSHS WRIT1</td>
<td>Literature and Writing Fundamentals 1</td>
<td>Reading comprehension and analysis skills across genres including fiction, nonfiction, various genres of literature (novels, short stories, plays, poetry) and informational texts; writing skills including paragraph writing, thesis development, and editing. Supports progress towards a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules per credit.</td>
</tr>
<tr>
<td>BSHS WRIT2</td>
<td>Literature and Writing Fundamentals 2</td>
<td>Literary analysis skills across genres including fiction, nonfiction, various genres of literature (novels, short stories, plays, poetry), and informational texts; essay writing skills for academic essays, research papers, and workplace documents. Supports progress towards a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules per credit.</td>
</tr>
<tr>
<td>BSHS WREX</td>
<td>High School Expository Writing</td>
<td>Developing essay writing including introductory paragraphs, body paragraphs and concluding paragraphs in expository, descriptive, narrative and argumentative essays. Supports progress toward a high school diploma or equivalent. From 1-10 high school credits can be earned in 15-hour modules.</td>
</tr>
<tr>
<td>BS LRN03</td>
<td>Math Skills Review</td>
<td>Increase basic math knowledge and reduce math anxiety. Topics include fractions, decimals, ratios, proportions, percentages, and the application of these skills in life and work situations.</td>
</tr>
<tr>
<td>BS MTH01</td>
<td>Developmental Mathematics Concepts and Application</td>
<td>Hands-on activities and practical applications of algebraic principles: elementary geometry, signed numbers, ratio and proportion, factoring, pre-algebra, linear and quadratic equations, complex numbers, graphing, functions, sequences, linear and non-linear inequalities and systems, progressions, and sigma notation.</td>
</tr>
<tr>
<td>BS LRN06</td>
<td>Personal Computer Applications</td>
<td>Increase typing and ten-key speed using computer software. Includes current word processing, spreadsheet, database software, keyboarding techniques, including correct posture; introduction to e-mail and the Internet; time management, decision-making, problem-solving and creative thinking.</td>
</tr>
<tr>
<td>BS LRN50</td>
<td>Learning Support Laboratory</td>
<td>Learning and workplace skills are enhanced by computer use and instruction for students enrolled in or seeking enrollment in a college instructional program.</td>
</tr>
<tr>
<td>BS LRN72</td>
<td>Reading Acceleration</td>
<td>Provides instruction and practice in techniques of reading acceleration and variable reading speeds. Students who repeat will improve reading speed and comprehension rates.</td>
</tr>
<tr>
<td>BS LRN76</td>
<td>Improving Reading Comprehension</td>
<td>Prepares students for reading informational materials. Topics include spelling, reading comprehension, dictionary usage and how to read a textbook.</td>
</tr>
<tr>
<td>BS LRN81</td>
<td>Improving Writing</td>
<td>Offers assistance to students who wish to improve prewriting, writing, editing and revising. Provides instruction in content and structure of sentences, paragraphs and essays; emphasizes development in writing through the integration of grammar and critical thinking.</td>
</tr>
<tr>
<td>BS LRN01</td>
<td>Short Term Review</td>
<td>Intensive review in the following subjects: reading, comprehension, vocabulary, grammar, basic math, pre-algebra, and algebra. Computer programs, instructional materials, and individual assistance are provided.</td>
</tr>
<tr>
<td>BS LRN2</td>
<td>ESL Computer/Language Skills Lab</td>
<td>Enhance student's communication skills by providing access to the internet, thereby completing assignments for courses offered throughout the college.</td>
</tr>
<tr>
<td>BS LRN76</td>
<td>Improving Reading Comprehension</td>
<td>Prepares students for reading informational materials. Topics include spelling, reading comprehension, dictionary usage and how to read a textbook.</td>
</tr>
<tr>
<td>BS LRN81</td>
<td>Improving Writing</td>
<td>Offers assistance to students who wish to improve prewriting, writing, editing and revising. Provides instruction in content and structure of sentences, paragraphs and essays; emphasizes development in writing through the integration of grammar and critical thinking.</td>
</tr>

</table>
### School of Continuing Education

**BS STD80 — Foundations for Academic Success**  
College success course emphasizing academic achievement that promotes learning through self-awareness, time management, listening, note-taking, oral and written communication, test-taking, memorization and the use of campus resources using a brain-based perspective.

**BS WRT2 — Basic Writing Skills Development - Basic Skills Development in Reading and Writing**  
Enhance basic skills in reading and writing, via the use of computer-assisted learning, e-mail and on-line tools.

**BS TR01 — All Subject Tutoring**  
Assistance in basic English and mathematics skills through tutoring and computer-based learning. TUTORIAL assistance in other subject areas is also available.

**BS TR02 — Tutoring Techniques**  
Explores learning theories and tutoring techniques for tutoring individuals and small groups. Emphasis is placed on encouraging independent learning.

### Citizenship

**CITZ NAT — Citizenship for Naturalization**  
Intermediate and advanced students prepare for the interview for United States citizenship.

### Disabled Students

**DSPS EL01 — Lifelong Learning for the Special Needs Population**  
Educational activities for special needs students emphasizing physical, cognitive, social and emotional skill development.

**DSPS ESL25 — Language Development for Deaf Students in ASL and ESL**  
Language development for Deaf and hard-of-hearing students. Includes written English, ESL and ASL.

**DSPS ESL26 — Language Enhancement for Deaf Students in ASL and ESL**  
Language enhancement for Deaf or hard-of-hearing students. Intermediate skills in written ASL and ESL.

### Clinical Speech Instruction

**DPS D SRN1 — Clinical Speech Instruction**  
Designed to accommodate individual and group instruction for adults with speech and/or learning problems. Includes individual evaluation and speech improvement plan. Disorders addressed include phonology, fluency, voice and resonance, hearing impairment, cerebral vascular accident and acquired brain injury. Instruction is not available for students with dialectal problems.

**DPS D SRN2 — High Tech Center Tutorial/Assistance Class**  
Advisory Prerequisite: Students must be referred by a counselor in Disabled Student Programs and Services (DSP&S) in order to register for this class. This class is for students with identified disabilities to utilize adaptive hardware and software in the High Tech Center that will assist them in succeeding in other courses. Through technology provided by the HTC, students will be given support, additional resources, assistance and strategies to succeed in their other classes. This class is designed as a transition or resource class for students eligible or nearing eligibility to advancement into other Mt. SAC courses.

**DPS D SRN3 — Adaptive Academic Preparation**  
Note: Students must see a Brain Injury Specialist in Disabled Student Programs and Services (DSP&S) and have acquired their injury after the age of 12 in order to be evaluated for the Brain Injury Program prior to registration for this class. Designed for students who have been accepted into the Brain Injury Program at Mt. SAC. Includes specialized instruction and the use of computer software to improve cognitive skills (attention, memory, reasoning, et c.) needed for academic and/or vocational goals.

### English as a Second Language

**ESL DEAF1 — ESL for the Deaf and Hard of Hearing — Level 1**  
Foundations of English as a Second Language (ESL) and American Sign Language (ASL) for communication with the Deaf or Hard of Hearing.

**ESL DEAF2 — ESL for the Deaf and Hard of Hearing — Level 2**  
Developing English as a Second Language (ESL) and American Sign Language (ASL) for communication, promotion of study skills, and career advancement.

**ESL LANG2 — ESL Computer and Language Skills Lab**  
English language through reading, writing, listening, pronunciation, grammar review and practice tests using various software programs.

**ESL LANG3 — English for Specific Uses (ESL)**  
Advanced ESL students improve speaking, writing, vocabulary and SCANs competencies related to vocations. Includes critical thinking, customer service, teamwork and autonomous learning strategies.

**ESL LVL1 — ESL — Level 1**  
Beginning to low English students build vocabulary, grammar and communication skills.

**ESL LVL2 — ESL — Level 2**  
High beginning English students build upon their base of vocabulary and improve grammar understanding through practice of listening, speaking, reading and writing skills. Students work independently and in groups to develop projects and make presentations that are meaningful to them.

**ESL LVL3 — ESL — Level 3**  
Low intermediate level students improve English communication and grammar through practice of listening, speaking, reading and writing skills. Activities include team projects, presentations and exams in preparation for academic/vocational success and encourage civic participation.

**ESL LVL4 — ESL — Level 4**  
High intermediate level students improve English communication and grammar through practice of listening, speaking, reading and writing skills. Activities include team projects, presentations and exams, in preparation for academic/vocational success and encourage civic participation.

**ESL LVL5 — ESL — Level 5**  
Low advanced level students improve English communication and grammar understanding through practice of listening, speaking, reading and writing skills. Activities include team projects, presentations and exams in preparation for and academic/vocational success and encourage civic participation.

**ESL LVL6 — ESL — Level 6**  
High advanced level students improve English communication skills and prepare to transition into academic, vocational programs, or general community classes. Activities include teamwork, projects, presentations and exams to ensure life-long learning, civic participation and overall success.

**ESL PLVL1 — ESL — Pre-Level 1**  
Literacy-level English students build a base of vocabulary and grammar through practice of listening, speaking and writing skills.

**ESL SKPA — ESL — Speaking A**  
Beginning level students develop English listening comprehension and speaking fluency. Activities include talking in small groups or with partners, listening and responding to simple conversations, short presentations and pronunciation practice.

**ESL SKPB — ESL — Speaking B**  
Intermediate level students improve English oral proficiency in areas of pronunciation, listening comprehension and speaking skills. Through group discussions and short presentations, students practice speaking with clarity and fluency, present their ideas and opinions, and make cultural comparisons.

**ESL SKPC — ESL — Speaking C**  
Advanced level students expand listening and speaking strategies to facilitate academic preparation, workplace advancement and civic participation. Focus is on fluency, grammatical accuracy and appropriate social register. Activities include use of authentic material in group tasks and class presentations.
ESL SPK1 — ESL Speaking A for Beginners (Pre-1)
Literacy level English listening comprehension and speaking skills. Activities include repetition exercises, listening and responding to simple conversations, retelling stories, and pronunciation practice.

ESL TOEFL — TOEFL Preparation
Advanced ESL students improve grammar, speaking, and writing in preparation for standardization tests such as TOEFL.

ESL VHLTH — English As A Second Language for Health Professionals
Advanced ESL students improve medical vocabulary and English skills for healthcare situations.

ESL WRTA — ESL Writing - A
Beginning level students develop reading and writing skills that set the foundation for their English literacy. Material is based on familiar topics and American customs. Focus is on vocabulary, introduction to reading passages, and accuracy in sentence-level writing.

ESL WRTB — ESL Writing – B
Intermediate level students improve English reading and writing proficiency through a variety of reading material and writing topics. Students gain fluency and confidence through abridged book reports, process writing, and peer editing, primarily at the paragraph level.

ESL WRTC — ESL Writing - C
Advanced level students expand English reading and writing proficiency through a range of genres. American-style process writing is practiced in order to facilitate academic preparation and workplace advancement. Focus will be on interpretation of authentic material and development of editing strategies.

ESL WRTP1 — ESL Writing A for Beginners (Pre-1)
Reading and writing skills that set the foundation for English literacy. Material is based on personal life, familiar topics and American customs. Focus is on vocabulary, introduction to reading passages, and accuracy in sentence-level writing.

OLDER ADULTS

OAD BHTH1 — Brain Health 1
Critical thinking and cognitive skills through understanding key structures and functions of the brain. Particular focus on auditory processing.

OAD BHTH2 — Brain Health 2
Age-related cognitive decline and preventative measures to strengthen and improve brain function. Particular focus on visual processing.

OAD ELL04 — Lifelong Learning for Older Adults
Improve and/or maintain the mental fitness of the older adult through educational activities promoting critical thinking skills. Students will be presented with mental exercises and intellectual stimulation to enhance cognitive skills.

OAD ELL05 — Lifelong Learning Through Current World Events
Presents current events in a variety of ways to provide education about local, national and world issues to promote mental fitness of the older adult.

OAD FNA03 — Oil Painting
Provides the fundamental principles of drawing, design, color and composition for oil painting. Emphasis will be on creative expression to develop primary skills and techniques for oil painting as they relate to composition and technique. Students will receive a supply list at the first class meeting.

OAD FNA04 — Watercolor Painting
The fundamental principles of watercolor painting. Emphasis will be on creative expression to develop primary skills for watercolor painting as they relate to composition and technique. Students will receive a supply list at the first class meeting.

OAD FNA32 — Drawing - Beginning Through Advanced
Drawing while emphasizing the development of perceptual and technical skills. Students will advance their abilities in dry and fluid media while expanding their use of the formal elements and principles. The development of works of art will utilize observation of single objects, still life, and landscape for representation and expression. Students will receive a supply list at the first class meeting.

OAD MOX01 — Health Aging
Healthy aging, including diet, nutrition, disease prevention, and application of physical fitness principles to maintain health while aging.

OAD MOX02 — Healthy Aging — Principles of Slow Movement
Healthy aging, including diet, nutrition, disease prevention, and application of Tai Chi principles to maintain health while aging.

OAD MOX04 — Healthy Aging — Principles of Posture and Flexibility
Healthy aging, including diet, nutrition, disease prevention, and application of Yoga principles to maintain health while aging.

OAD MOX06 — Healthy Aging — Principles of Aquatic Resistance
Healthy aging, including diet, nutrition disease prevention, and application of aquatic resistance principles to maintain health while aging.

OAD MOX11 — Fall Prevention: Balance and Mobility
Addresses, particularly for older adults, the risks and fears associated with falling. Includes setting realistic goals, minimizing environmental risks and balance exercises.

VOC ESD02 — Production of Boutique Craft for Retail Sales
Prepares the student to create individual designs for mass production and/or one-of-a-kind crafts. Marketing, pricing, cost analysis and proper care of equipment included. Students will receive a supply list at the first class meeting.

VOC ESD03 — Lettering Styles and Advertising Calligraphy
Presents styles of calligraphy as they are used in the arts, media, and advertising fields. Includes proper placement and proper size of lettering styles and emerging technology.

VOC ESD05 — Intermediate Ceramic Productions
Includes the techniques used to create finished ceramic pieces; including the art of chalking on ceramics in the bisque form and wood surfaces by using oil based stains, metallic stains, colored creams, rubs and metallic and bronze finishes. Finalizing some pieces with electrical parts and mounting on wood bases will be considered. Discusses proper equipment usage and maintenance. Marketing and cost analysis will be covered. Students will receive a supply list at the first class meeting.

VOC ESD06 — Craft Painting for Business Opportunities
Paint on various surfaces including fabric, glass, wood, plaster and plastic. Includes product design, marketing and proper use of equipment and maintenance and emerging technology.

VOC ESD07 — Handcrafted Needlework for Retail Sales and Boutiques
Needlework technique including knitting, crocheting, embroidery, needlepoint for plastic canvas and emerging technology to construct finished products for sale.

VOC ESD08 — Jewelry Production and Design for Retail Sales
Design and construct wire-worked jewelry using beads & stones with various methods of wire wrapping, coiling, hammering and emerging technology.
School of Continuing Education

VOC ESD09 — Sewing and Design
Basic sewing techniques for the older adult population, including basic tailoring, pattern reading, cutting and style design to construct professional-looking garments.

VOC ESD10 — Beginning Decorative Art Production for Retail Sales
Introduction to decorative painting and associated mediums for the older adult population, including painting on a variety of surfaces using tole art brush strokes used in folk art, stenciling and other design applications and emerging technology.

VOC ESD11 — Intermediate Decorative Art Production for Retail Sales
Intermediate tole art brush strokes on a variety of surfaces using acrylic paints, associated mediums and emerging technology to create finished products for the older adult population.

VOC ESD15 — Jewelry/Lapidary Production Design
Jewelry making, stone cutting, polishing and lapidary work and emerging technology for the older adult population.

VOC HBBUS — Starting a Home-Based Business
Starting a home-based business to become self-employed. Includes basic marketing, finance and management skills.

VOC ADJ01 — The Administration of Justice System
History and philosophy of the justice system, subsystems, roles, relationships and theories of crime causation and correction.

VOC ADJ02 — Principles and Procedures of the Justice System
Roles and responsibilities of each segment of the justice system; additional focus on relationships between system segments and sub-system procedures from initial incident to final disposition.

VOC ADJ03 — Concepts of Criminal Law
Provides an overview of California criminal law from the perspective of the law enforcement officer.

VOC ADJ04 — Legal Aspects of Evidence
Criminal evidence, including admissibility, witness competency, privileged communication, hearsay and collection and preservation of evidence.

VOC ADJ05 — Community Relations
A comprehensive exploration of community problems designed for individuals in public service with major emphasis on community-oriented policing. Reviews public service image, diversity issues, human relations and reactions, crisis areas and confrontations with the public.

VOC ADJ06 — Concepts of Enforcement Services
Responsibilities, techniques and methods of police patrol with emphasis on the basic knowledge required in handling common police occurrences.

VOC ADJ13 — Concepts of Traffic Services
Traffic management, collision reconstruction, collision factors including law violations and human factors, collision evidence, traffic enforcement techniques and specialization in traffic management. Emphasis is placed on service to the motoring public.

VOC ADJ20 — Principles of Investigation
Investigation; 4th Amendment issues including crime scene search and recording; collection and preservation of physical evidence; modus operandi; suspect profiling scientific aids; sources of information; use of informants; interviews and interrogation; follow up and case preparation.

VOC ADJ38 — Narcotics Investigation
Investigation and arrest techniques for drug enforcement. Drug effects, use of informants, amendment issues and handling of evidence.

VOC ADJ59 — Gangs and Corrections
Exploration of contemporary street and prison gang issues, including historical and current perspectives, prison gang dynamics, identification of characteristics, cultural differences of gang philosophy. Includes law enforcement/corrections role in intervention/suppression.

VOC ADJ68 — Administration of Justice Report Writing
Techniques for proper documentation of crime reports and related law enforcement records. Use of simulations and role-playing.

VOC ADJ74 — Vice Control
Code and case law dealing with vice; detection and suppression; apprehension and prosecution of violators; special consideration of laws dealing with gambling, prostitution, and sex crimes.

OCCUPATIONAL — AGRICULTURAL SCIENCE

VOC AGN01 — Food Production, Land Use and Politics - A Global Perspective
Surveys the world's food producing systems in terms of economic, political and cultural forces. Emphasizes ethical, sustainable food producing agriculture.

VOC AGN02 — Animal Nutrition
Composition of feeds and their utilization by domestic animals, including digestive physiology, animal assessment, feed appraisal and compiling of rations.

VOC AGN04 — Animal Breeding and Reproduction
Care and management of exotic and alternative livestock species with emphasis on identification, health maintenance, handling techniques, nutrition and reproduction. Includes analysis of industry trends and principal marketing uses of exotic animals.

VOC AGN12 — Exotic Animal Management
Care and management of exotic and alternative livestock species with emphasis on identification, health maintenance, handling techniques, nutrition and reproduction. Includes analysis of industry trends and principal marketing uses of exotic animals.

VOC AGL16 — Horse Production
Selection, utilization, and management of the light horse emphasizing recreational aspects of the modern horse. Laboratory work includes actual experience in the care of horse and tack.

VOC AGL17 — Sheep Production
Various types of sheep enterprises and the ways and means of entering them. Includes class, laboratory and project work concerning all phases of sheep management, sheep handling, feeding, shearing, breeding, lambing and marketing. Practical skills taught on the school farm and sheep farms in the area.

VOC AGL18 — Horse Ranch Management
Skills and procedures used in the management of an equine business. Includes business plans and record keeping, staff and financial management, horse care and training, and farm design for a variety of horse operations.

VOC AGL19 — Horse Hoof Care
Emphasizes proper horse hoof care; shoeing, trimming and disease recognition and control.

VOC AGL20 — Horse Behavior and Training
Breaking and starting young horses. Concentrates on halter training of foals, ground work on yearlings, and green-breaking two-year-olds and up. Includes lunging techniques, driving, and breaking to a saddle. Training in collection, turning, backing, leads, and trailer loading.
VOC AGL30 — Beef Production
Principles and practices in the selection and management of feeder, market and breeding beef cattle. Economics of production, utilization of farm-grown feeds, and feedlot operations will be stressed.

VOC AGL34 — Livestock Judging and Selection
Study of form and appearance of farm animals as related to their function. Includes judging of breeding and terminal livestock as well as carcass evaluation.

VOC AGL96 — Animal Sanitation and Disease Control
Prevention and control of infectious diseases affecting domestic animals, including basic disease concepts, transmission of infectious diseases, principles of sanitation and fundamentals of immunology.

VOC AGL97 — Artificial Insemination of Livestock
Theory and application of artificial insemination of domestic animals, including semen evaluation and processing, heat synchronization and pregnancy diagnosis.

VOC AGR-G — Home Gardening
Includes lectures, demonstrations and hands-on experience in organic gardening, indoor plants, introduction to bonsai, fruit orchards, traditional gardening and information on pesticides. The study of design, propagation methods, pruning, fertilizing, and a general understanding of horticulture will be included.

VOC AGP70 — Pet Shop Management
Pet shop operations and the economic aspects of the pet industry. Organization and operation of pet shops, animal care practices, and sound business management practices.

VOC AGP71 — Canine Management
Selection, feeding, housing, breeding and management of dogs, including commercial aspects of the dog as a domestic pet. Laboratory work will include practical experience in the handling, training and grooming of dogs.

VOC AGP72 — Feline Management
Care and management of cats. Includes breed identification and characteristics, grooming, showing, nutrition, practical care, behavior, breeding and housing.

VOC AGP73 — Tropical and Coldwater Fish Management
Care and keeping of marine and freshwater aquarium fishes, plants and invertebrates. Includes guidance on setting up aquariums, choosing compatible species, feeding, health care, breeding and raising fish.

VOC AGP74 — Reptile Management
Care and maintenance of reptiles and amphibians, including snakes, lizards, turtles, tortoises, newts, salamanders and frogs. Identification and characteristics of reptiles commonly kept as pets. Housing, feeding, health maintenance, breeding and raising of reptiles.

VOC AGP76 — Aviculture - Cage and Aviary Birds
Presents cage and aviary birds marketed in the wholesale and retail pet trade, including identification, nutrition, breeding, disease prevention and control, aviary construction and providing the proper environment. Includes information on psittacines, soft bills, finches, game birds, poultry and ornamental waterfowl.

VOC AGR01 — Horticultural Science
Horticulture skills and techniques for use in gardening, nursery, and landscape applications. Emphasis on propagation, cultural practices, and the study of plant relationships, structure, growth and development.

VOC AGR02 — Plant Propagation/Greenhouse Management
Plant propagation and production practices with emphasis on florists' plants, woody ornamentals and fruits. Commercial techniques include seed propagation, cuttings, grafting and budding, layering, fern sporing and division. Stresses greenhouses and other environmental structures for plant propagation and production.

VOC AGR04 — Park Management
Management and operation of municipal park departments. Includes the development of budgets, purchasing, park policies, planning and scheduling.

VOC AGR05 — Park Facilities
Management and operation of different types of park facilities. Includes the management of sports fields, recreation centers, campgrounds, aquatic facilities and golf courses.

VOC AGR13 — Landscape Design
Fundamentals and implementation of landscape design. Principles of design, the design process, drafting, graphics, site evaluation, landscaping materials, and plant usage. Projects emphasize residential and small commercial sites.

VOC AGR15 — Interior Landscaping
Design, installation and maintenance practices used in interior landscaping. Includes identification, culture and care of plants suitable for interior use. Field trip required.

VOC AGR24 — Integrated Pest Management
Identifies common agricultural pests in Southern California and analyzes physical, biological and chemical pest control principles and practices. Stresses use, safety, equipment, laws, and regulations of pesticides.

VOC AGR25 — Floral Design 1
Principles of floral design: form, style and composition. Includes designing of floral arrangements, wreaths, sprays, baskets, bouquets, wedding flowers and corsages.

VOC AGR26 — Floral Design 2
Contemporary design theory emphasizing creativity, self-expression and professional design situations.

VOC AGR27 — Floral Design 3
Advanced principles of floral design and florist operations management. Includes designs and operations related to holidays, parties, weddings, and sympathy.

VOC AGR29 — Ornamental Plants - Herbaceous
Identification, growth habits, culture and ornamental use of landscape annuals, biennials, perennials, ferns, indoor plants, groundcovers and vines adapted to climates of California. Plants emphasized will come from the California Association of Nurseries and Garden Centers (CANGC) and California Landscape Contractors Association (CLCA) certification test plant lists.

VOC AGR30 — Ornamental Plants - Trees and Woody Shrubs
Identification, growth habits, culture and ornamental use of landscape trees and shrubs adapted to climates of California. Plants emphasized will come from the California Association of Nurseries and Garden Centers (CANGC) and California Landscape Contractors association (CLCA) certification test plant lists.

VOC AGR32 — Landscaping and Nursery Management
Operation and management of wholesale and retail nurseries. Includes site location and layout of areas; greenhouse management; soil mixes and proper use of fertilizers, insecticides, fungicides, herbicides and growth regulators; irrigation; mechanization; financing; personnel management; retail displays, advertising and customer relationships; federal, state and local laws and regulations. Field trips are included.

VOC AGR39 — Turf Grass Production and Management
Introduction to cultivation, maintenance and management of turf grasses utilized for athletic fields, golf courses, parks, cemeteries, commercial and residential lawns. Identification, installation, cultural requirements and maintenance practices are emphasized.

VOC AGR40 — Sports Turf Management
Prepares students to work in the sports turf industry. Emphasizes turf cultural techniques used in sports turf management. Includes turf surfaces used on baseball, football, soccer, tennis, golf courses, driving ranges and other sports fields in both professional and amateur sports. Field trips are included.

**VOC AGR50 — Soils Science and Management**
Principles of proper soil management to optimize plant growth, including management of air, water, nutrients and organic matter. Physical and chemical properties of soil that govern soil reactions and interactions. Field trips are included.

**VOC AGR51 — Tractor and Landscape Equipment Operations**
Selection, operation, repair and maintenance of power equipment used in the landscape industry. Includes 2WD and 4WD tractors, skid loader, skid steer loader, backhoe, lawnmowers, edges, weed eaters, blower/vacuum, rototillers, chainsaws, spraying equipment and all-terrain vehicles. Laboratory includes actual hands-on applications of this equipment.

**VOC AGR52 — Hydraulics**
Operation, maintenance and repair of hydraulic systems used on agriculture and industrial equipment. Emphasis: pumps, valves, cylinders, flow control, reservoirs, lines, motors and hydrostatic transmissions. Laboratory provides hands-on application of hydraulic systems.

**VOC AGR53 — Small Engine Repair 1**
Principles and repair of small engines used in landscape, industrial and agricultural applications. Includes repairs of lawnmowers, chainsaws, 2-cycle engines, 4-cycle engine, spraying equipment, all-terrain vehicles, and other related gas-powered equipment.

**VOC AGR55 — Diesel Engine Repair**
Repair and maintenance of diesel engines used to power industrial, landscape and agricultural equipment. Students gain actual hands-on experience maintaining, servicing and repairing diesel engines.

**VOC AGR56 — Engine Diagnostics**
Analysis and evaluation of tractor power failure. Students gain actual experience in the proper diagnostic procedures of power equipment. Service, maintenance and repair of tractor electrical systems: electrical wiring, voltage regulators, generators, alternators, switches, gauges, batteries and test equipment.

**VOC AGR57 — Power Train Repair**
Service, maintenance and repair of power trains. Students gain experience with clutches, transmissions, differentials, power take-off units, and final drive used to transmit power on tractors and other outdoor power equipment.

**VOC AGR62 — Landscape Irrigation - Design and Installation**
Design and application of turf and ornamental irrigation systems. Design techniques, sprinkler system components and hydraulic principles used in nursery management, interior design, residential and commercial landscaping. Special emphasis is given to water conservation incorporating controlled flow technologies.

**VOC AGR63 — Landscape Irrigation Systems Management**
A systematic approach to water conservation in the landscape. Repair techniques that will allow a current system to efficiently operate to its initial design. Trouble-shooting procedures including field testing of valves and controllers. Irrigation efficiency testing will be incorporated to demonstrate proper methods of water audits and system.

**VOC AGR64 — Landscape Irrigation - Drip and Low Volume**
Conservation of water in the landscape by utilization of drip and low-flow irrigation practices. Design, installation techniques, operation and maintenance of drip and low-flow irrigation systems, including determinations of irrigation requirements, selection of emitters and low-flow devices, and uniformity of water distribution. Students will gain hands-on experience in design and installation techniques.

**VOC AGR71 — Landscape Construction Fundamentals**
Fundamentals of construction techniques and tools used in landscaping. Students will gain skills in construction projects that include surveying techniques, utilities (gas, water, electricity), woodworking and masonry.

**VOC AGR72 — Landscape Hardscape Applications**
Landscape construction pertaining to hardscape featured in the landscape. Estimation and installation of fences, walls, planters, patios, lighting, barbecues, gazebos, decks, ponds, spas, fountains and pools. Students will gain hands-on experience in the laboratory activities.

**VOC AGR73 — Landscaping Laws, Contracting, and Estimating**
Landscaping laws, contracting and estimating as they pertain to landscape construction. Information covered will be helpful for Landscape Contractor’s C-27 classification licensing exam administered by the state of California. Students gain hands-on experience of contracting and running a business.

**VOC AGR75 — Urban Arboriculture**
Care and management of ornamental trees. Includes pruning techniques, fruit tree care, bracing, cabling, and pest control. Safe practices in the use of equipment including the use of ropes, chippers, boom trucks, chain saws, and identification and evaluation of common trees. Prepares students for the tree worker and arborist certification exams.

**VOC ARC11 — Architectural Drawing**
Basic graphic and drawing techniques, including architectural graphics, building construction fundamentals, and methods of drawings considered prerequisite to architectural design.

**VOC ARC16 — Basic CAD and Computer Application**
Basic CAD (Computer Aided Design and Drafting) and computer application in architecture, engineering and related fields (including basic word processing, spreadsheet, CAD and presentation applications). Students who repeat this course will improve skills through further instruction and practice.

**VOC ARC18 — Architectural CAD and BIM**
Intermediate CAD (Computer Aided Design and Drafting) specifically for architectural design and production. Portfolio of 2-D drawings and 3-D CAD models will be produced.

**VOC ARC26 — Architectural CAD Illustration and Animation**
Advanced architectural CAD drawings. Portfolio of working drawing and presentation applications of integrated 2-D and 3-D CAD models will be produced. Students who repeat this course will improve skills through further instruction and practice.

**VOC ARC28 — Architectural CAD 3-D Illustration and Animation**
Intermediate to advanced architectural CAD in 3-D illustration, rendering and animation. Virtual “walk-through” and “fly-through” of interior/exterior 3-D models with photorealistic materials and lighting will be produced. Students who repeat this course will improve skills through further instruction and practice.

**VOC BA07 — Principles of Accounting - Financial**
Introduction to financial accounting which provides the foundation for continued coursework in accounting. Includes accounting concepts and techniques essential to the administration of a business enterprise, analyzing and recording financial transactions, accounting valuation and allocation practices and the preparation, analysis and interpretation of financial statements. Gives the student the tools and methods needed for decision making.

**VOC BA11 — Fundamentals of Accounting**
Accounting vocabulary and theory, equations to solve word problems, percentages, simple and compound interest, payroll, business taxes, present value, investments, inventory, depreciation, financial statement analysis and ratios.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>VOC BA68</td>
<td>Business Mathematics</td>
<td>Reviews addition, subtraction, multiplication, division, decimals, percentages, fractions, sign numbers, equations and problem solving.</td>
</tr>
<tr>
<td>VOC BA70</td>
<td>Payroll and Tax Accounting</td>
<td>Examines all areas of on-the-job payroll accounting. Surveys the various tax procedures required by the employer and employee in filing the correct forms for Social Security, federal and state income taxes and their reconciliation. Laws related to Worker's Compensation, State Disability Benefit Laws and Fair Employment Practices are discussed.</td>
</tr>
<tr>
<td>VOC BA71</td>
<td>Financial Planning</td>
<td>Personal financial planning for students who wish to understand their own finances or assist others in money management. Topics include income taxes, consumer credit, budgeting home ownership, banking functions, insurance, retirement planning and time value of money.</td>
</tr>
<tr>
<td>VOC BA72</td>
<td>Bookkeeping - Accounting</td>
<td>Bookkeeping and accounting principles including the accounting cycle for service and merchandising companies, cash management, payroll and special journals. Computerized simulations and completion of an accounting project for a company.</td>
</tr>
<tr>
<td>VOC BA75</td>
<td>Using Microcomputers in Financial Accounting</td>
<td>Application of basic accounting concepts utilizing ledger software program. Hands-on use of a microcomputer to process accounting transactions, prepare statements and reports, and complete accounting cycle tasks. Completion of a computerized accounting practice set will be required.</td>
</tr>
<tr>
<td>VOC BA76</td>
<td>Using Microcomputers in Managerial Accounting</td>
<td>Analysis of financial data and preparation of managerial accounting reports using Excel software. Development of what-if formulas to be used as an aid in decision-making. Includes manufacturing and consolidation worksheets, financial statement analysis, and statements of cash flow.</td>
</tr>
<tr>
<td>VOC BM10</td>
<td>Principles of Continuous Quality Improvement</td>
<td>History and evolution of thought in Continuous Quality Improvement, including the theories and methods of Deming, Juran and Crosby. The quality management process and tools for the continuous improvement of quality are presented. Relevant case studies are included.</td>
</tr>
<tr>
<td>VOC BM12</td>
<td>Continuous Quality Improvement Team Building</td>
<td>Advisory Prerequisite: VOC BM 10. Provides comprehensive instruction in building and using Continuous Quality Improvement project teams including selection of team members and evaluation of team performance. Students completing the course will be qualified to participate as members of Continuous Quality Improvement teams, create and evaluate problem solutions applying tools for improvement planning and team decision making, and build an effective improvement plan.</td>
</tr>
<tr>
<td>VOC BM51</td>
<td>Principles of International Business</td>
<td>International business environment with a global perspective. Includes global viewpoints across the full spectrum of business functions, including, but not limited to: accounting, finance, human resources, management, operations, production, purchasing and strategic planning.</td>
</tr>
<tr>
<td>VOC BM52</td>
<td>Principles of Exporting and Importing</td>
<td>Practical information needed to participate in activities related to the exporting and importing of goods and services. Includes vocabulary, acronyms and information needed for an understanding of and participating in the exporting of goods and services.</td>
</tr>
<tr>
<td>VOC BM60</td>
<td>Human Relations in Business</td>
<td>Behavior, personality, self-management, self-development, and elementary business psychology as an aid to furthering the student's business advancement and lifelong learning. Class discussions focus on the student's understanding of intrapersonal and interpersonal effectiveness with emphasis on communications, motivation, leadership and other related areas.</td>
</tr>
<tr>
<td>VOC BM61</td>
<td>Business Organization and Management</td>
<td>Functions of management, techniques of decision making and problem solving, and methods used by the manager to achieve organizational goals. Various theories of management, lines of authority, functions of departments, and the importance of policies, procedures, and controls are discussed.</td>
</tr>
<tr>
<td>VOC BM62</td>
<td>Human Resource Management</td>
<td>Direction of people including guidance, control, supervisory problems, training, job analysis, interviewing, testing, rating and other functions involving human resources. Designed to improve the overall understanding of the relationship between the individual and the business organization.</td>
</tr>
<tr>
<td>VOC BM66</td>
<td>Small Business Management</td>
<td>Organizing, starting, and operating a small business enterprise. Emphasis on entrepreneurial applications in a small business environment.</td>
</tr>
<tr>
<td>VOC BM85</td>
<td>Special Issues in Business</td>
<td>Provide business majors with a forum to gain knowledge, develop techniques, problem solve and implement an actual business plan. Special emphasis will be placed on the particular project of the actual business used as the class project.</td>
</tr>
<tr>
<td>VOC BO05</td>
<td>Business English</td>
<td>Skills and techniques of English, as applied to business situations. Emphasis on effective document structure.</td>
</tr>
<tr>
<td>VOC B025</td>
<td>Business Communications</td>
<td>Written communications including letters and memos meeting a variety of situations in the business environment. Includes writing of good news, bad news, sales, claims and persuasive correspondence; letters and resumes appropriate to job seeking and application; and practicing oral skills as applied to job interviews and business reports.</td>
</tr>
<tr>
<td>VOC B026</td>
<td>Oral Communications for Business</td>
<td>Designed to help business people communicate more effectively in spoken communication situations such as training sessions, presentations, and professional discussions.</td>
</tr>
<tr>
<td>VOC B096</td>
<td>Spelling and Vocabulary for Success</td>
<td>Learn to spell and define troublesome words. Improve basic spelling and vocabulary used by business and industry. Includes proper use of dictionary; word division; adding suffixes and prefixes; synonyms; computer-related vocabulary; and business vocabulary.</td>
</tr>
<tr>
<td>VOC BS35</td>
<td>Professional Selling</td>
<td>Principles of selling and the role of a salesperson in the marketing process. Includes characteristics and skills necessary for a successful salesperson, techniques for prospecting and/or qualifying buyers, buyer behavior and critical steps in the selling process. Students develop and offer a sales presentation for a selected product, service or concept.</td>
</tr>
<tr>
<td>VOC BS36</td>
<td>Principles of Marketing</td>
<td>Organization and function of the system of distributing goods and services from the point of production to the consumer. Preparation of a marketing plan using product, distribution, promotional and pricing strategies.</td>
</tr>
</tbody>
</table>
VOC BS50 — Retail Store Management and Merchandising
Principles and practices used in the management and merchandising of retail stores. Includes all aspects of the critical buying function, merchandising, promotional techniques, site selection, layout, staffing, market positioning and customer service.

VOC BS585 — Special Issues in Marketing
Provides marketing majors with a forum to gain knowledge, develop techniques, problem-solve and implement an actual business marketing plan. Special emphasis will be placed on the particular project of the actual business used as the class project.

OCCUPATIONAL — COMPUTER INFORMATION SYSTEMS

VOC BCDP — Basic Computing - Desktop Publishing
Basic desktop publishing to create and produce professional-looking publications.

VOC BCPP1 — PowerPoint Basics 1
Basic use of PowerPoint to create slide presentations.

VOC BCPP2 — PowerPoint Basics 2
Create PowerPoint presentations using text and object animation, video, audio and hyperlinks.

VOC CPBC1 — Basic Computing Level 1
Introduction to the personal computer, including terminology and basic computer operations in a Windows environment. Emphasis is hands-on. Note: Students may take this class only 2 times consecutively.

VOC CPBC2 — Basic Computing Level 2
A hands-on course focusing on ways to create documents in applications such as Microsoft Word; includes basic computer management and problem-solving techniques. Note: Students may take this class only 2 times consecutively.

VOC CPBC3 — Basic Computing Level 3
Prerequisite: VOC CP-BC 2 Basic Computing Level 2
Designed to increase word processing skills through creative projects which introduce computer graphics. Students will further their understanding of proper computer care and maintenance.

VOC CPBE1 — Basic Excel 1
Introduction to Excel, including terminology and working with data in a spreadsheet application.

VOC CPBE2 — Basic Excel 2
Basic functions in Excel including formulas, sorting, filtering data and formatting tables.

VOC CPBE3 — Basic Excel 3
Basic Excel including storing, manipulating and analyzing data in spreadsheets and displaying data graphically.

VOC CPCC — Creative Computing
Develops creative skills in utilizing graphic designs for projects such as business cards, letterhead, labels, flyers, posters, greeting cards and computer-generated fabric designs. Proper marketing skills will also be discussed.

VOC CS11 — Computer Keyboarding
Develops alpha and numeric keyboarding skills on a personal computer at a straight-cly rate of 25 to 40 gross words with a predetermined error limit. Includes keyboarding of letters, tables and manuscripts.

VOC CPCL — Computer Laboratory
A lab study program designed to complement the lecture materials presented in computer program instructional courses.

VOC CPNET — Internet Research - An Introduction
Includes e-mail, research, terminology and functional capabilities of the Internet.

VOC CS41 — Office Management Skills
Training and skill building in filing systems and procedures, proofreading, telephone techniques, faxing, emailing and electronic calendaring of events, appointments and meetings. (Formerly VOC CP 28)

VOC CS15 — Microcomputer Applications
Windows operating system and applications; simple business examples using up-to-date browser; word processing, spreadsheet, database management and presentation software; and integration of software applications.

VOC CS36 — Macintosh Applications
Macintosh computer skills including the operating system and word processing, database, spreadsheet and multimedia applications. (Formerly VOC CP 10)

VOC CS31 — Microsoft Word
Word processing with Microsoft Word and its editing, formatting, and language tools to create, edit and format business and publication documents. Includes creating flyers, newsletters, and other publications documents using advanced formatting techniques and tools. (Formerly VOC CP 20)

VOC CS51 — Microsoft PowerPoint
Using PowerPoint to plan, design and produce effective presentations. Includes creating charts, diagrams, and storyboard documents; developing appropriate text content; adding sound, animation, and movies. (Formerly VOC CP 50)

VOC CS61 — Desktop Publishing Software
Using desktop publishing software to integrate text and various graphic objects, design, edit and produce a variety of high-quality business publications. (Formerly VOC CP 60)

VOC CSW15 — Web Site Development
Use of a professional visual Web-authoring application to plan, develop, implement, publish and maintain Web sites. Includes working with text and images, internal and external hyperlinks, image maps, tables, Cascading Style sheets, Web page content, Web forms, multimedia objects (Flash text, Flash buttons, sounds and video), interactions and behaviors, and Web page templates. Principles of Web site structures, documentation, management and maintenance will be discussed. (Formerly VOC CP 13)

VOC CNT50 — A+ Certification Preparation
Prepares the student and qualified computer technician for the A+ certification examination. All aspects of the Core and OS test modules will be stressed through both lecture review and test simulation software.

VOC CNT60 — A+ Certification Preparation
Prepares the student and qualified computer technician for the Network+ certification examination. All aspects of the Core and OS test modules will be stressed through both lecture review and test simulation software.
VOC CRS10 — Introduction to Correctional Science
The field of corrections: county jail, probation, the California youth authority and the Department of Corrections as members of the Criminal Justice System. Includes philosophy, past and present practices and the criminal justice and correctional processes.

VOC CRS15 — Control and Supervision of the Offender
Examine methods of controlling and supervising inmates. Emphasizes California’s methods in rapidly-expanding institutions. Students will visit an offsite facility.

VOC CRS20 — Correctional Law
Legal and due process rights for inmates. Inmate rights vs. needs of society, State, federal and appellate court decisions.

VOC CRS25 — Probation and Parole
Historical development of probation and parole with emphasis on current California programs. Defines the roles of courts, parole boards and the duties and responsibilities of the staff of probation and parole agencies.

VOC CRS30 — Ethnic Relations in Corrections
Historical survey of racial, cultural, and gender biases in the American corrections system. Impact of cultural, racial and gender differences on correctional staff and client interaction.

VOC CRS35 — Interviewing and Counseling in Corrections
Techniques of interviewing and counseling with emphasis on practical application. Needs of the client and agency will be stressed.

VOC CRS40 — Crime and Delinquency
Criminal behavior and types of crime and effects on society and victims. Stresses property crime, property offender, motivation and methods of control used by society.

VOC CRS45 — The Violent Offender
Violent crimes of felony assault, robbery, rape, the various types of homicide, and the characteristics of both the offender and the victim.

VOC EL10 — Introduction to Mechatronics
An introduction to the field of mechatronics, a combination of conventional electronic technology with mechanical and computer technology. Special emphasis is on robotics. Hands-on activities include the building of a robot.

VOC EL11 — Technical Applications in Microcomputers
Personal computer (PC) applications used in electronics technology. Includes word processing, spreadsheets, database, computer presentation methods, and internet research specifically designed for electronics technology.

VOC EL12 — Computer Simulation and Troubleshooting
Use of the personal computer for simulation and troubleshooting of both analog and digital electronic circuits. Circuit analysis, value substitution, and fault diagnostics will be done with the emphasis on “Electronics Workbench/Multisim” software. Students who repeat this course will improve skills through further instruction and practice.

VOC EL51 — Solid-State Devices and Circuits
Solid-state devices and circuits, including bipolar-junction and field-effect transistors, rectifier diodes, operational amplifiers, and thyristors. Analog circuits studied include discrete and integrated circuit amplifiers, voltage regulators, oscillators and timers. Emphasizes configurations, classes, load lines, characteristic curves, gain, troubleshooting, measurements and frequency response.

VOC EL53 — Communications Circuits Theory
Analog and digital communication circuits theory. Emphasizes analog and digital modulation principles in AM, FM, SSB, PLL, FDM, TDM, and telecommunications circuits.

VOC EL54A — Industrial Circuits Theory
Industrial electronic components and basic control circuits. Includes time delay controls, solid-state controls, relays, opto devices, DC motor control, transducers, SCR, and UJT devices.

VOC EL54B — Industrial Electronic Systems
Expands on circuit theory and demonstrates systems application of industrial electronics including robotics, industrial production, automation, programmable and motor controllers. Emphasis is on programmable logic controllers.

VOC EL55 — Microwave Communications
Microwave components and circuits. Stresses transmission lines, Smith Charts, impedance matching, antenna characteristics, wave propagation, frequency analysis and measurement techniques.

VOC EL56 — Digital Electronics
Combinational and sequential logic circuits emphasizing number systems, binary math, basic gates, Boolean algebra, Karnaugh maps, flip-flops, counters, and registers. Stresses design and troubleshooting techniques.

VOC EM65B — Mathematics of Electronics – AC
Mathematics of AC circuits analyzing active circuits including resistance, reactance, impedance, resonance, and complex numbers (polar and rectangle).
### School of Continuing Education

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>VOC TCH60</td>
<td>Customer Relations for the Technician</td>
<td>Customer relations (soft skills) for the technician, including benefits of knowing and using effective customer contact tools, proper customer interactions, ethics and maintaining customer satisfaction.</td>
</tr>
<tr>
<td>VOC EST50</td>
<td>Electrical Fundamentals for Cable Installations</td>
<td>Electrical fundamentals for cable and wire installations and other low voltage systems. Includes DC/AC, solid-state devices, digital and microprocessor devices and their application to cable installations. Prepares students for the California State Contractors C-7 low voltage systems license.</td>
</tr>
<tr>
<td>VOC EST52</td>
<td>Fabrication Techniques for Cable Installation</td>
<td>Fabrication techniques used in the installation of home theater, computer networks, home automation, and other low voltage system applications. Emphasis on hand and power tools, construction methods and materials as they apply to cable and wire installations.</td>
</tr>
<tr>
<td>VOC EST54</td>
<td>Cabling and Wiring Standards</td>
<td>Cable and wire standards of video, voice, and data wiring for home theater, computer networks, home automation, telecommunications, and other low voltage system installations. Emphasis on copper wire, coax, fiber optic, and structured cables. Prepares students for the California State Contractors C-7 low voltage systems license.</td>
</tr>
<tr>
<td>VOC EST56</td>
<td>Home Electronic Systems</td>
<td>Home theater, home integration, and other home management systems. Emphasis on home theater, home management PLCs, security hardware and programming and the installation and servicing of such systems. Prepares students for the California State Contractors C-7 low voltage systems license.</td>
</tr>
<tr>
<td>VOC EST62</td>
<td>Electronic Troubleshooting - 1</td>
<td>Troubleshooting basic electronic circuits and systems to component level. Circuits include: power supplies, amplifiers, audio circuits, home theater audio (Dolby 5.1) and video circuits (analog TV).</td>
</tr>
<tr>
<td>VOC EST70</td>
<td>C-7 Low Voltage Systems License Preparation</td>
<td>Prepares students for the California State Contractors C-7 Low Voltage Systems license examination.</td>
</tr>
<tr>
<td>VOC EST80</td>
<td>Introduction to Fashion</td>
<td>Fashion industry from concept to consumer: industry background and technology. Includes design, manufacturing, distribution, sales and promotion with emphasis on career opportunities and qualifications.</td>
</tr>
<tr>
<td>VOC FSH09</td>
<td>History of Costume and Fashion</td>
<td>A survey of Western costume and fashion from antiquity to contemporary times. Emphasis is placed on style development as it relates to social, economic and political forces, and the relationship of historic styles to current fashion.</td>
</tr>
<tr>
<td>VOC FSH10</td>
<td>Clothing Construction 1</td>
<td>Essentials of industry standard apparel construction techniques using a variety of machines and equipment. Students will be given instruction in single needle machine operation, industrial overlock operation and garment assembly.</td>
</tr>
<tr>
<td>VOC FSH12</td>
<td>Clothing Construction 2</td>
<td>Advanced industry construction techniques using overlock and single needle machines.</td>
</tr>
<tr>
<td>VOC FSH15</td>
<td>Aesthetic Design in Fashion</td>
<td>Design principles and influences in apparel selection and fashion design. Projects applying design elements and principles using CAD software.</td>
</tr>
<tr>
<td>VOC FSH17</td>
<td>Textiles</td>
<td>Manufacturing of textiles/fabrics and factors that determine the suitability for end use. Topics covered include natural and synthetic fibers, yarns, fabric construction, dyes, finishes, legislation and care. Emphasis is placed on selection criteria for textile product design and recent developments in the textile field.</td>
</tr>
<tr>
<td>VOC FSH20</td>
<td>Illustration for Fashion and Costume Design</td>
<td>Drawing techniques for fashion and theatrical costume design. Application of the basic techniques used in drawing a well-proportioned male and female figure and in rendering garment flats using texture, fabric and design detail. Students will explore a variety of mediums.</td>
</tr>
<tr>
<td>VOC FSH21</td>
<td>Patternmaking 1</td>
<td>Theory and application of basic flat patternmaking techniques to create garment designs using industry standards. By means of dart and seam manipulation, patterns will be created, constructed and fitted.</td>
</tr>
<tr>
<td>VOC FSH22</td>
<td>Fashion Design By Draping</td>
<td>Three-dimensional dress design through draping fabrics directly to a dress form to create original designs and patterns or interpret fashion illustrations. VOC FSH21 is recommended as a pre-requisite for this course.</td>
</tr>
<tr>
<td>VOC FSH23</td>
<td>Patternmaking 2</td>
<td>Intermediate pattern drafting and flat pattern-making, with the introduction to the sizing of patterns/grading. Developing patternmaking skills to include two-way stretch knits, swimwear, and complex construction. Students apply commercial manufacturing standards in producing size ranges for misses’ and women’s wear, to include skirts, pants, bodices, sleeves and collars.</td>
</tr>
<tr>
<td>VOC FSH62</td>
<td>Retail Store Management and Merchandising</td>
<td>Principles and practices used in the retail buying and merchandising environment. This course emphasizes the buyer’s role in merchandising management, pricing strategies, promotion, retail formulas and costing calculations.</td>
</tr>
<tr>
<td>VOC GOG10</td>
<td>Introduction to Geographic Information Systems</td>
<td>An introduction to the fundamentals of a geographic information system (GIS), including history of automated mapping; introduction to cartographic principles; overview of software, such as ArcView; hardware; application of GIS technology in environmental sciences, government, business, terminology, data, and spatial analysis.</td>
</tr>
<tr>
<td>VOC ANA50</td>
<td>Basic Anatomy and Physiology</td>
<td>Introduction to human anatomy and physiology by systems, with brief descriptions of biochemistry, cell biology and molecular biology. Upon completion, students will understand normal functions and be able to recognize pathologies.</td>
</tr>
<tr>
<td>VOC CPR01</td>
<td>BLS Heartsaver Course - Adult</td>
<td>This three (3) hour course is designed to teach the life-saving skills of Cardiopulmonary Resuscitation, the first aid techniques for choking emergencies, and how to respond to general life-threatening emergency situations. Students will learn about the risk factors associated with heart attacks and strokes. Successful completion of the course will provide the student with an American Heart Association Heartsaver CPR Level A Completion Card, renewable in two years.</td>
</tr>
<tr>
<td>VOC HHA</td>
<td>Home Health Aide</td>
<td>Preparation to work in a skilled nursing facility and to pass the California Long-Term Care CNA exam.</td>
</tr>
</tbody>
</table>

Co-requisite: Enrollment in VOC HLTH 05

OCCUPATIONAL — ELECTRONICS AND COMPUTER TECHNOLOGY

OCCUPATIONAL — FASHION AND FASHION DESIGN

OCCUPATIONAL — GEOGRAPHY

OCCUPATIONAL — HEALTH
VOC HTHO1 — Certified Nursing Assistant
Prepares participant to work in a skilled nursing facility and pass California Long-Term Care CNA exam. Prerequisites:
- Current American Heart Association BLS for Health Care Providers card (must be valid for course duration)
- Completed Technology and Health Division Student Medical History and Physical exam form within the last 3 months
- Current Live scan fingerprint documentation.
- Valid identification (CA driver’s license or CA ID card) and Social Security card
Co-requisite: Enrollment in VOC HLTH 05

VOC HTH04 — Acute Care Nursing Assistant
This course Preparation of CNA to provide basic personal care to patients in acute care facilities and hospitals.

VOC HTH05 — Health Careers Resource Center
Health occupational training and experience using instructional equipment and simulators for health occupation competencies.

VOC HTH12 — Medical Terminology
Medical terminology used in various allied health fields.

VOC HTH18 — In-Home Care of Alzheimer’s and Dementia Clients
Information and educational activities with techniques to enhance one’s ability to work with Alzheimer’s/Dementia consumers, with an emphasis on effective communication skills and appropriate activities when working with consumers and delivering direct care.

VOC IHSS — In-Home Support Services
Preparation to assist elderly, disabled and ill persons living at home. Communication skills, maintenance of a healthy environment and procedures for emergencies. Physical, emotional and developmental characteristics of the patients served; personal hygiene, safe transfer techniques and basic nutrition.

VOC PT81 — Physical Therapy Aide
Role and skills of physical therapy aide. Includes terminology, procedures and interpersonal skills.

VOC RDTEC — Intravenous Therapy for Radiologic Technology
Principles of techniques of venipuncture. Includes anatomy and physiology of sites, instruments, intravenous (IV) solutions, equipment, puncture technique, hazards and complications, emergency care, post-puncture care.

VOC ID10 — Introduction to Interior Design
Practice of interior design and the planning of total interior environments that meet individual, functional and environmental needs. Field trips may be required.

VOC ID10L — Introduction to Interior Design Lab
Application of the interior design practice and the planning of total interior environments that meet individual, functional and environmental needs. Field trips may be required.

VOC ID12 — Materials and Products for Interior Design
Analysis, application and evaluation of products and materials used in interior design. Field trips are required.

VOC ID14 — History of Furniture and Decorative Arts
Historic development of structure, interior spaces, furniture and decorative arts throughout the world. Interior architecture is illustrated in this overview of design heritage and antiquity to present. Emphasis is placed on style development as it relates to social, economic and political influences as well as the use of materials and technology. Field trips may be required.

VOC ID100 — Fundamentals of Interior Design
Application of design principles and elements in planning of total interior environments that meet individual, functional, legal and environmental needs. Selection of all materials and products used in interior environments will be emphasized for the functional aesthetic quality. (Recommend concurrent enrollment in ID 105.)

VOC MF10 — Mathematics & Blueprint Reading for Manufacturing
Applications of mathematical principles, including fractions, decimals, ratio/proportion, geometry and trigonometry to manufacturing problems and their solutions. Reading and interpreting part drawings, assembly drawings and sketches used in the manufacturing industry.

VOC MF11 — Manufacturing Processes 1
Manual and computerized manufacturing, manual lathes and mills, tool nomenclature and Computerized Numerical Control (CNC) operations. Operation of CNC machines. Students who repeat this course will improve skills through further instruction and practice.

VOC MF12 — Manufacturing Processes 2
The study of manufacturing equipment and manufacturing processes. Theory and practice in milling operations, tooling setup, metallurgy, heat treatment, precision grinding, and basic tool design.

VOC MF38 — MasterCam 1
Use MasterCam software to create wire-frame part geometry, add tool paths and create CNC code for CNC mills and CNC lathes. Students who repeat this course will improve skills through further instruction and practice.

VOC MF38B — Advanced MasterCam
Use MasterCam software to create wire-frame 3D multi-axis part geometry, add tool paths, and create CNC code for CNC mills and CNC lathes. Students who repeat this course will improve skills through further instruction and practice.

VOC MF38C — MasterCAM Solids
Using MasterCAM software to design wire drawings, translate to solids drawings, and generate code from a solids creation to meet industrial standards. Students who repeat this course will improve skills through further instruction and practice.

VOC MF85 — Manual Computerized Numerical Control (CNC) Programming
Theory and practice in manually developing CNC programs. Methods of transmitting data to CNC machines and physical set-up and operations of CNC equipment. Students who repeat this course will improve skills through further instruction and practice.

VOC NF81 — Cooking for Your Heart and Health
Basic food preparation knowledge, skills, and experience. Principles and techniques of healthful food preparation and investigation of chronic disease prevention through dietary means. Includes laboratory experience in preparation of healthful foods and meals. Basic food preparation knowledge, skills, and experience is advised. Off-campus meetings may be required.

VOC NF82 — Vegetarian Cuisine
Principles and techniques of vegetarian food preparation and investigation of issues related to vegetarian eating practices. Includes laboratory experience in preparation of vegetarian foods and meals. Basic food preparation knowledge, skills, and experience is advised. Off-campus meetings may be required.

VOC CPDI — Digital Photography for the Beginner
Operation of digital cameras, image management and composition, development of research skills using the Internet, and imaging graphics software. A hands-on course which includes scheduled field trips.

VOC GRP10 — Photo Imagery
Adobe Photoshop software skills, techniques and digital workflow practices from digital image editing and retouching to the composited imagery commonly created for using photography, commercial design, printing and publishing, the Internet and multimedia authoring production.
### School of Continuing Education

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>VOC GRP12</td>
<td>Photoshop Imagery Extended</td>
<td>Adobe Photoshop Extended software skills and techniques for the creative photorealistic imagery commonly used in photography, commercial design, printing and publishing, the Internet and multimedia authoring production.</td>
</tr>
<tr>
<td>VOC GRP15</td>
<td>InDesign Graphics</td>
<td>Adobe InDesign software skills, techniques and digital workflow practices commonly created for use in essential computer graphics production processes for commercial design, printing and publishing, the Internet and multimedia authoring production.</td>
</tr>
<tr>
<td>VOC GRP16</td>
<td>Illustrator Graphics</td>
<td>Adobe Illustrator software skills, techniques and digital workflow from essential digital drawing basics to creatively conceived illustrative imagery and renderings commonly created for use in commercial design, printing and publishing, the Internet and multimedia authoring production.</td>
</tr>
<tr>
<td>VOC GRP18</td>
<td>3D Graphics Imagery</td>
<td>3D graphics modeling software skills and production techniques from 2D orthographic drawing to the creatively conceived 3D imagery and animated environments commonly created for self-expression, entertainment, commercial design, printing and publishing, the Internet and multimedia authoring production.</td>
</tr>
<tr>
<td>VOC GRP20</td>
<td>Multimedia Graphics</td>
<td>Multimedia graphics software skills and production techniques for combining text, image, audio, video, animation and scripting media to author multimedia projects commonly created for self-expression, entertainment, commercial design, the Internet and multimedia authoring production.</td>
</tr>
<tr>
<td>VOC GRP48</td>
<td>Introduction to Digital Design Systems</td>
<td>Introduction to digital design systems as they relate to computer graphics. CPU type and speed, graphic accelerators, storage media, digital color space, input/output devices, and scanning devices will be emphasized. Software unique to digital design and file management techniques will also be presented.</td>
</tr>
<tr>
<td>VOC PHO01</td>
<td>Laboratory Studies in Black &amp; White Photography</td>
<td>Extended black and white laboratory experiences to supplement those available in the regular program. Provides students the opportunity to pursue more advanced projects and experiments.</td>
</tr>
<tr>
<td>VOC PHO01A</td>
<td>Lab Studies: Beginning Black and White Photography</td>
<td>Extended black-and-white laboratory experiences to improve skills through further instruction and practice, as well as pursue more advanced projects and experiments.</td>
</tr>
<tr>
<td>VOC PHO01B</td>
<td>Lab Studies: Advanced Black and White Photography</td>
<td>Extended advanced black and white laboratory experiences with medium and large format cameras to improve skills and pursue more advanced photographic printing, and enlarging techniques.</td>
</tr>
<tr>
<td>VOC PHO01C</td>
<td>Lab Studies: Studio Photography</td>
<td>Extended studio photography experiences to supplement those available through the regular program. Provides students the opportunity to improve skills through further instruction and practice, as well as pursue more advanced projects and experiments.</td>
</tr>
<tr>
<td>VOC PHO01D</td>
<td>Lab Studies: Computer Applications in Photography</td>
<td>Extended computer laboratory experiences to supplement those available in the regular program. Provides students the opportunity to improve skills through further instruction and practice, as well as pursue more advanced projects and experiments.</td>
</tr>
<tr>
<td>VOC PHO09</td>
<td>Digital Image Editing for Photographers</td>
<td>Software and techniques including digital workflow practices, digital image editing, enhancing and retouching methods commonly used in photography.</td>
</tr>
<tr>
<td>VOC PHO10</td>
<td>Basic Digital &amp; Film Photography</td>
<td>The basic mechanical, optical and chemical principles of photography, including digital image systems. Laboratory experience involves problems related to camera and image output techniques.</td>
</tr>
<tr>
<td>VOC PHO11</td>
<td>Intermediate Photography</td>
<td>Current professional techniques and studio lighting. Includes studio and field assignments related to problems encountered while professionally photographing people and products. Topics include medium and large format film and digital cameras, computer basics for professional photographers and studio lighting. Students must furnish a digital single lens reflex (DSLR) camera. Field trips may be required.</td>
</tr>
<tr>
<td>VOC PHO12</td>
<td>Photographic Alternatives</td>
<td>Alternative photographic processes. Instant films: lifts and transfers, specialized lighting, staining, emulsion coating, scenography and hand-made camera construction will be applied to produce images not considered common to making photographic prints.</td>
</tr>
<tr>
<td>VOC PHO14</td>
<td>Commercial Lighting</td>
<td>Use of studio equipment, and studio and location lighting techniques used in all aspects of commercial photographic applications. Field trips may be required.</td>
</tr>
<tr>
<td>VOC PHO15</td>
<td>History of Photography</td>
<td>Survey of the history of photography from circa 1839 to the present. An introduction to concepts of photographic representation and their impact on society.</td>
</tr>
<tr>
<td>VOC PHO16</td>
<td>Fashion Photography</td>
<td>Professional illustrative, editorial and advertising fashion photography. Studio and location production in digital capture. Business aspects of operation and working with clients are presented. Off-campus assignments may be required.</td>
</tr>
<tr>
<td>VOC PHO17</td>
<td>Photocommunication</td>
<td>Affects that camera controls have on visual communication with photographs. Includes message enhancement using optical and digital controls, depth of field, lenses, lighting, composition, book, black and white vs. color images, and documentary and journalistic styles.</td>
</tr>
<tr>
<td>VOC PHO18</td>
<td>Portraiture and Wedding Photography</td>
<td>Professional studio and field techniques and procedures for informal, formal, and environmental portraits with an emphasis on wedding photography. Includes lighting, color correction, digital techniques, photographic critique, and posing for individuals, couples, families and groups in the studio and on location. Also includes business and legal issues for wedding and portrait photography businesses. Off-campus assignment required.</td>
</tr>
<tr>
<td>VOC PHO19</td>
<td>Digital Color Management</td>
<td>Digital color management software and hardware skills, techniques and digital workflow practices commonly used in photography.</td>
</tr>
<tr>
<td>VOC PHO20</td>
<td>Color Photography</td>
<td>An introduction to current methods of producing color media, color negatives, positive transparencies, and outputting color prints.</td>
</tr>
<tr>
<td>VOC PHO21</td>
<td>Exploring Color Photography</td>
<td>Use of color principles as they relate to commercial and artistic styles and innovative use of color applications. Includes lighting and unusual techniques, exaggerated and unique color schemes, light-painting, lighting effects, high dynamic range effects and oversize output.</td>
</tr>
<tr>
<td>VOC PHO24</td>
<td>Advanced Digital Image Editing for Photographers</td>
<td>Advanced software and techniques for digital image editing, archiving and retouching used in commercial photography.</td>
</tr>
<tr>
<td>VOC PHO28</td>
<td>Photo Portfolio</td>
<td>Development of a photography portfolio and marketing materials for use in job application or gallery exhibition purposes. Field trips may be required.</td>
</tr>
<tr>
<td>VOC PHO30</td>
<td>Commercial &amp; Illustrative Photography</td>
<td>Overview of the commercial photographic industry. Exploration of the various commercial photography specialties including studio product and people photography, lifestyle, fashion and industrial/location with an emphasis on the development of a personal creative style. Field trips may be required.</td>
</tr>
</tbody>
</table>
OCCUPATIONAL — THEATER AND THEATER ARTS

VOC THR14 — Stagecraft
Theory and practice of scenery construction and stage lighting. Practical work in scene design and construction and lighting layouts, with the opportunity to perform these tasks in actual theatre situations. By virtue of the wide range of productions staged by the department, students who repeat this course will increase their skills and proficiency.

VOC THR15 — Play Rehearsal and Performance
Planning, preparation and presentation of college-sponsored dramatic presentations. Emphasis on acting with some technical theater assignments. Students who repeat this course will improve skills through further instruction and practice. Attendance at performances is required.

VOC THR16 — Theatrical Make-Up
An introduction to the theory and practice of make-up for the stage. The student will gain practice in the design and application of straight, stylized character, and other make-up techniques.

VOC THR18 — Technical Theater Practicum
Participation in the technical preparation and operation of productions presented to the community. The student will be involved in one or more of the following areas: stage scenery construction, stage lighting set up, property construction, stage sound set up, costume construction and make-up. Crew assignments will be given to the student upon enrollment. The availability of assignments is contingent upon the requirements of the production. Students who repeat this course will improve skills through further instruction and practice.

VOC THR19 — Theatrical Costuming
Theatrical costuming design and construction. Includes the study of costume history, principles of costume design, fibers and textiles, basic costume construction and design rendering techniques. Costume crew assignments for major productions will provide practical instruction in actual performance demands on costumes and their proper maintenance. Class is suitable for people interested in costuming for theater, dance, film, television and reenactments.

OCCUPATIONAL — TUTOR TRAINING

VOC TR10A — Introduction to Tutoring
Introduction to tutoring, with an emphasis on tutoring strategies, problem solving and working with a diverse student population.

VOC TR10B — Tutoring in the Language Arts
Tutoring in the English language with an emphasis on approaches to working with students on written drafts and addressing the needs of non-native speakers.

VOC TR10C — Tutoring as a Supplemental Instructor
Tutoring as a Supplemental Instructor with an emphasis on tutoring in the classroom and in small groups under the supervision of a designated instructor.

VOC TR10D — Tutoring in Mathematics
Tutoring in mathematics with an emphasis on strategies to promote active learning and dealing with specific obstacles in developmental algebra.

VOC TR10R — Tutoring in Reading
Methods of assessment, management of sessions and application of strategic reading processes. This course prepares students to become reading tutors for all READ students.

OCCUPATIONAL — WELDING

VOC WL30 — Metal Sculpture
For students interested in art seeking the proper operation of welding processes related to the sculpting industry. Emphasizes the fundamentals of three-dimensional design. Includes demonstrations and exercises in welding as it relates to the art industry.

VOC WL40 — Introduction to Welding
Fundamentals of welding processes related to the areas of fabrication, construction, machine tool, aerospace and the transportation industries.

VOC WL50 — Oxyacetylene Welding
Oxyacetylene fusion welding, non-fusion welding and cutting. Develops understanding of and fundamental skills in modern welding practices.

VOC WL51 — Basic Electric Arc Welding
Electric arc welding, weld symbols, standard electrode and alloy electrode selection, American Welding Society (AWS) procedure for certification.

VOC WL53A — Welding Metallurgy
Designed for students seeking a career in welding and welding inspection. Covers structure of matter, chemical, physical, and mechanical properties of metals, principles of alloying, solid state diffusion, plastic deformation, and heat treatment.

VOC WL60 — Print Reading and Computations for Welders
Reading prints and performing computations for welding fabrication operations. Interpreting and visualizing prints, title blocks, welding symbols, specifications, notes, and bills of materials. Computations necessary to calculate materials, cost, sizes, and fractional, decimal and metric conversions.

VOC WL70A — Beginning Arc Welding
Develops manipulative skills and techniques for Shielded Metal Arc (SMAW) and (Flux Cored Arc (FCW) welding processes in the flat and horizontal positions using AC and DC welding currents on carbon steel.

VOC WL70B — Intermediate Arc Welding
Welding high alloy steel with both Shielded Metal Arc (SMAW) and Flux Core Arc (FCAW) welding processes in the vertical and overhead positions with an introduction to Gas Metal Arc (GMAW) and Gas Tungsten (GTAW) welding.

VOC WL70C — Certification for Welders
Building construction for the advanced arc welding student. Special emphasis will be placed on welding symbols and the American Welding Society’s (AWS) D1.1 and D1.3.

VOC WL80 — Fabrication and Construction Welding
Theory and practical applications of welding used in industry and construction. Designed to adapt and upgrade skills to industry standards. Includes project models such as ornamental iron gates and fences and material storage components.

VOC WL81 — Pipe and Tube Welding
Advanced course designed to enable students with “all positions” welding skills in SMAW to apply welding skills to the pipe welding industry. Welding processes will include SMAW, GRAW, GMAW, FCAW on a variety of materials and configurations on sub-critical and critical piping and tubing.

VOC WL90A — Gas Tungsten Arc Welding
Advanced Gas Tungsten Arc Welding (GTAW) and tungsten inert gas (TIG) of steel, aluminum, corrosion resisting steel (CRS), and exotic metals. All position welds with many surfaces and transitions.

VOC WL90B — Semiautomatic Arc Welding Process
Semiautomatic Welding Processes including Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), Submerged Arc Welding (SAW) with solid and tubular wires with and without gas shielding. All position welds with many varying thickness will be covered.

VOC WL91 — Automotive Welding, Cutting and Modification
The art of welding and cutting metals commonly used in the automotive industry. Gas Metal Arc (GMAW/MIG), Gas Tungsten Arc (GTAW/TIG), Plasma Arc Cutting (PAC), Oxygen-Fuel Cutting (OFC) and welding will be covered.
SECTION 12

College Policies and Notices
COLLEGE POLICIES

For detailed information regarding Mt. San Antonio College Board of Trustees Policies (BP) and Administrative Procedures (AP), go to http://www.mtsac.edu/governance/trustees/apbp/

Accommodations and Academic Adjustments for Students with Disabilities

Under Federal and State laws, the College is required to make modifications to academic requirements and practices as necessary in order to ensure that they do not discriminate against a qualified student with a disability. The College is also required to have a policy and procedure for responding to students with verified disabilities who request academic adjustments. Students with disabilities have the right to receive reasonable academic adjustments in order to create an educational environment where they have equal access to instruction without fundamentally altering any course, educational program or degree. Board Policy (BP 5140) and Administrative Procedure (AP 5140) for Students with Disabilities may be found at http://www.mtsac.edu/governance/trustees/policies.html and in Disabled Student Programs & Services, Ext. 4290.

Alcohol and Other Drugs

The possession or consumption of alcoholic beverages or illegal drugs prior to, or during any College-sponsored activity, on or off-campus, by any person attending, regardless of age, is forbidden by State law. The federal Drug-Free Schools and Communities Act Amendments of 1989, P. L. 101-226 has mandated that as of October 1, 1990, there will be no drug usage by students, staff, or faculty on college campuses anywhere in the United States. Please see the current Schedule of Classes of the College’s Alcohol and Other Drugs Policy (BP 3550, AP 3550).

Animals on Campus

Board Policy does not allow for any animals on campus except as provided for by the California Penal Code, Section 365.5 (specially trained guide, signal, or service dogs). Leasing a pet in a parked vehicle, no matter what provisions are made for its safety, may constitute unnecessary suffering or cruelty which is a violation of California Penal Code 597. (BP 3940)

Campus Disturbances

In accordance with California Penal Code (P.C. Section 626), the willful disturbance of classes, College activities, or procedures is a misdemeanor.

Campus Hours

The College offers instruction between the hours of 6:30 a.m. and 10:00 p.m., Monday through Sunday. Office hours vary depending on the services provided. Visit the website or call for specific office hours.

Children on Campus

While on the campus of Mt. San Antonio College, children under 12 years of age who are not approved for enrollment must be directly supervised at all times by a responsible adult. Such children shall not be left unattended in College buildings, outdoor areas, or in private automobiles (BP 3930).

Classroom Visitors and Other Attendees

Classroom activities are intended to benefit those students officially registered for the class. Others are permitted to attend a regularly scheduled class meeting only in specific situations. The professor assigned to teach the class may grant permission to visit the class. Disabled Student Programs and Services (DSP&S) may authorize a person to be a Personal Care Attendant (PCA) when the need for such accommodation is authorized by DSP&S prior to beginning service as a PCA (BP 4700, AP 4700).

Dress Regulation

Students are expected to dress in accordance with commonly accepted standards of appropriateness. It is mandatory that shoes be worn as general campus attire.

Eye Protection

Pursuant to the Education Code, the following regulation regarding eye protective devices shall be observed: Students, teachers, and visitors shall wear approved eye protective devices in all classes, shops, and laboratories when they are engaging in or observing the use of hazardous materials likely to cause injury to the eyes. Such eye protective devices shall meet the requirements of the American National Standards Institute Safety Code.

Non-Discrimination Policy

Mt. San Antonio College is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities. The College provides an educational and employment environment in which no person shall be unlawfully denied full and equal access to, the benefits of, or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex or gender, sexual orientation, race, color, ancestry, medical condition, marital status, veteran status, sexual orientation, or physical or mental disability (including HIV and AIDS), or on the basis of these perceived characteristics or based on association with a person or group with one or more of these actual or perceived characteristics, in any program or activity that is administered by the College. The lack of English language skills will not be a barrier to admission.

Sexual Violence

Sexual violence, including sexual assault, harassment, rape and stalking, are crimes that are not tolerated on this campus. Mt. San Antonio College has adopted Board policies and procedures to address sexual crimes, sanctions for offenders, and to outline access to treatment and general information for victims (BP 3430, 3500, 3540 and AP 3430, 3500, 3540). All applicable punishment, including criminal charges and disciplinary action, shall be applied whether the violator is an employee, student or member of the general public.

Harassment and discrimination investigation procedures are described in Administrative Procedure 3435. Formal complaint forms can be found at: http://extranet.cccco.edu/Divisions/Legal/Discrimination.aspx. All complaints of unlawful discrimination or sexual harassment by students of the College will be fully investigated by Human Resources. College employees have similar rights which can be found in the College’s Board Policy and Administrative Procedures. (BP 3410, 3430, AP 3410, 3430,3435)

Reserve Officer Training Corps (ROTC)

Students interested in a military career can join an approved Reserve Officer Training Corps (ROTC) program offered through local universities. These programs are open to community college students pursuing an undergraduate degree, prior to transfer. Air Force ROTC programs are offered through Cal State San Bernardino, Loyola Marymount University, University of Southern California (USC) and UCLA; Army ROTC programs are offered at Claremont McKenna College, USC, UCLA and Cal State Fullerton; and Navy ROTC programs are offered through USC and UCLA. Competitive scholarships are available to qualified applicants as well as allowances for books and other costs. Students are advised to contact the ROTC program at the participating university.

Students who believe they have been discriminated against may begin the process with Lorraine Y. Jones, Director EEO Programs, Human Resources Office, Building 4, Room 1460, 909-274-4225. Harassment and discrimination investigation procedures are described in Administrative Procedure 3435. Formal complaint forms can be found at: http://extranet.cccco.edu/Divisions/Legal/Discrimination.aspx. All complaints of unlawful discrimination or sexual harassment by students of the College will be fully investigated by Human Resources. College employees have similar rights which can be found in the College’s Board Policy and Administrative Procedures. (BP 3410, 3430, AP 3410, 3430,3435)
College Policies and Notices

Smoking on Campus
Student, employee, and visitor health is a primary concern of Mt. San Antonio College. Smoking will be prohibited on Mt. San Antonio Community College District property except in designated smoking areas. Designated smoking areas can be found on campus maps and the College website. Violations of this policy will be subject to a citation and a fine, as allowed per Government Code 7597.1. Appeals may be submitted in writing to Public Safety within twenty-one (21) calendar days of issuance of the citation. (BP 3565, AP 3565)

Standards of Conduct (BP 5500) Adopted 6/23/04
Copies of the Standard of Conduct Policy can be obtained in Building 9C.
The College President/CEO shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of the federal and State law and regulations.
The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.
The Board shall consider any recommendation from the College President/CEO for expulsion. The Board shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. Final action by the Board on the expulsion shall be taken at a public meeting.

The procedures shall be made widely available to students through the College catalog and other means.
The following conduct shall constitute good cause for discipline, including but not limited to the removal, suspension or expulsion of a student:
1. Causing, attempting to cause, or threatening to cause physical injury to another person.
2. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a College employee, which is concurred with by the College President/CEO.
3. Unlawful possession, use, sale, offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5.

Cheating and Plagiarism
Cheating (Academic Dishonesty)
The term “Cheating” includes but is not limited to:
- Plagiarism
- Receiving or knowingly supplying unauthorized information
- Using unauthorized material or sources
- Changing an answer after work has been graded and presenting it as improperly graded
- Illegally accessing confidential information through a computer
- Taking an examination for another student or having another person take an examination for you
- Presenting another person’s work as your own
- Forging or altering registration or grade documents
- Submitting collectively developed work as your own, unless specifically allowed by the professor

A professor who determines that a student has cheated may give the student a failing grade for the assignment and report the alleged academic dishonesty to the Student Life Office, which will maintain a record of the report and appropriate action under the provisions of the Administrative Procedures on Student Discipline (AP 5520).

Students are advised that allegations of dishonesty are serious, and can lead to disciplinary sanctions including suspension and expulsion. (BP 4290, AP 4290)
**Plagiarism**

“Plagiarism is a direct violation of intellectual and academic honesty. Although it exists in many forms, all plagiarism refers to the same act: representing somebody else’s words or ideas as one’s own. The most extreme forms of plagiarism are the use of material authored by another person or obtained from a commercial source, or the use of passages copied word for word without acknowledgment. Paraphrasing an author’s idea or quoting even limited portions of his or her text without proper citation is also an act of plagiarism. Even putting someone else’s ideas into one’s own words without acknowledgment may be plagiarism. In none of its forms can plagiarism be tolerated in an academic community. It may constitute grounds for a failing grade, probation, suspension, or expulsion.”

“One distinctive mark of an educated person is the ability to use language correctly and effectively to express ideas. Faculty assign written work for the purpose of helping students achieve that mark. Each instructor will outline specific criteria, but all expect students to present work that represents the student’s understanding of the subject in the student’s own words. It is seldom expected that student papers will be based entirely or even primarily on original ideas or original research.”

“Therefore, to incorporate the concepts of others may be appropriate with proper acknowledgment of sources, and to quote others directly by means of quotation marks and acknowledgments is proper. However, if a paper consists entirely of quotations and citations, the paper should be rewritten to show the student’s own understanding and expressive ability. The purpose of the written assignment (i.e., development of communication and analytic skills) should be kept in mind as each paper is prepared. It should not be evaded through plagiarism.”**

*Adopted, with permission of California State University, Los Angeles, from their policy printed in the 1987-88 General Catalog.*

**Student Complaints/Grievance Process**

Students are protected against capricious, arbitrary, unreasonable, unlawful, false, malicious or professionally inappropriate evaluations or behavior by a faculty member. Student complaints may be classified as grievances and fall into two categories: Academic, and Non-Academic. Academic grievances involve grades. To grieve a grade, a student must prove that fraud, bad faith, or incompetence (Education Code 76224). Non-Academic grievances include: any act or omission of sanctions without proper regard to College policy as specified in the Education Code, Board Policy, and/or Administrative Procedures, violation of Title IX Education Amendments of 1972, or violation of Section 504 of the Rehabilitation Act of 1973 with reference to the rights of disabled students.

Students can obtain Grievance Procedures and forms on-line at [http://www.mtsac.edu/studentlife/studentgrievances.html](http://www.mtsac.edu/studentlife/studentgrievances.html).

Students are encouraged to follow the Mt. San Antonio College Complaint and Grievance process before attempting to file a complaint with the State. Issues that are not resolved at the campus level may be presented:

- To the Accrediting Commission for Community and Junior Colleges (ACJC) at [http://www.accjc.org/complaint-process](http://www.accjc.org/complaint-process) if your complaint is associated with the institution’s compliance with academic program quality and accrediting standards. ACJC is the agency that accredits the academic programs of the California Community Colleges.
- To the CCC Chancellor’s Office if your complaint does not concern CCC’s compliance with academic program quality and accrediting standards. [http://californiacommunitycolleges.cccco.edu/complaintsform.aspx](http://californiacommunitycolleges.cccco.edu/complaintsform.aspx)

Grievances must be filed no later than 30 school days (Monday - Friday when classes are in session) after the beginning of the primary term following the alleged violation, or 30 school days from the time that the student learns of the basis for the grievance. To begin the formal grievance process, students may obtain Grievance Procedures and forms from the Student Life Office, Building 9C. It is recommended that students meet with the Student Life Director regarding the grievance prior to starting the process since timelines are established for every step of the process and must be met precisely.

The process for filing and pursuing a grievance includes two levels: in Level I (informal level) the student picks up the grievance forms and official procedures from Student Life and attempts to resolve the problem by meeting first with the faculty member (or staff member/administrator for non-academic grievances) and then the faculty member’s department chair or immediate supervisor. If the complaint is not resolved at that level, the student will meet with the division dean of the faculty defendant in an effort to resolve the problem. In the event that the problem cannot be resolved within 10 school days, the student may proceed to Level II (formal grievance) in which the student submits all signed forms and documents to the Student Life Office within the established deadlines.

A Grievance Review Committee chaired by the Dean of Student Services will review the grievance documents. This Committee may forward the grievance for a formal hearing process to seek clarification from the parties involved. If the student or faculty/staff member chooses to appeal the decision of the Committee, the appeal is submitted to the College President. The final appeal process resides with the Board of Trustees; their decision concludes the grievance process (AP 5530).

**Traffic and Parking**

Users of Mt. San Antonio College campus roads and parking areas must observe and obey all traffic laws of the State of California and the College traffic and parking rules and regulations adopted pursuant to Section 21113 of the California Vehicle Code and the Mt. San Antonio College Board of Trustees (BP 6730, AP 6750).

All vehicles parked in designated student lots MUST bear a valid parking permit. The Student Parking Permit is valid in designated student lots except pay lots or in spaces controlled by parking meters or reserved signage. Student Parking Permits are not valid in designated employee parking lots. Free 30-minute parking is available north of the Bookstore (Building 9A), west of the Administration Building (Building 4), and south of the Performing Arts Center. Permit parking regulations are strictly enforced 24 hours a day, 7 days a week.

**NOTICES**

**Equal Opportunity Statement**

The Board of Trustees of Mt. San Antonio College has a commitment to establishing and maintaining a policy of equal educational and employment opportunities and prohibiting discrimination based on sex, race, color, religious creed, national origin, ancestry, age over 40, marital status, physical or mental disability (including HIV & AIDS), sexual orientation, or Vietnam Era Veteran Status. This commitment applies to educational programs, activities, service, and employment practices (BP 3410, AP 3410).

**Open Enrollment**

All classes are open to all students who meet the course prerequisites and enrollment requirements, unless specifically exempted by statute. The College provides open access to all program offerings, opportunities, and support services without regard to sex, race, color, religious creed, national origin, ancestry, age over 40, marital status, physical or mental disability (including HIV and AIDS), sexual orientation, or Vietnam Era Veteran Status (BP 5052, AP 5052).

**Public Safety**

In compliance with the Clery Act, the College publishes an annual security report which contains information regarding campus crime statistics. This information may also be found on the website at [www.mtsac.edu](http://www.mtsac.edu) by clicking on Public Safety. Copies of the annual report can be obtained from the Public Safety Department in Building 23. A Public Safety crime log is published bi-monthly in the student newspaper and Emergency Procedures are posted throughout the campus. (BP 3515, AP 3515)
Emergency Procedures

Students and staff should report serious crimes and emergencies, i.e., fire/medical, occurring on campus to the Public Safety Department or call 911. When using an on-campus extension, call 9-911. Incidents may be reported to Public Safety by calling (909) 274-4555, 24 hours a day, seven days a week. Public Safety may also be contacted during and after business hours from public telephone locations on campus by dialing “91.” In the event of an emergency, students and staff are requested to make a prompt and accurate report to the Public Safety Department. The Public Safety Department is located at the southeast portion of the campus off Bonita Drive in Building 23. (AP 3503)

Enforcement

The Mt. San Antonio College Public Safety Department has the authority to enforce the Student Discipline Code of Conduct and the State of California Penal Code under Education Code Section 72330. The Mt. San Antonio College Board of Trustees has established the Public Safety Department as a community college police department under Education Code Section 72330(a), which authorizes the governing board of a community college district to establish a community college police department under the supervision of a community college chief of police. Although a designated police department, the Mt. San Antonio College Public Safety Department has a memorandum of understanding mandated by the “Crime Awareness and Campus Safety Act of 1990,” that the Los Angeles County Sheriff’s Department has jurisdiction to investigate all crimes occurring on Mt. San Antonio College Campus. (BP 3520, AP 3500, 3503)

Crime Prevention

The Public Safety Department’s primary responsibility is the safety and security of all members of the College community. Every effort is made to inform students and staff of criminal activity or any other concern that may be an immediate threat to the safety and security of those on campus. Information and workshops on crime prevention are made available to College students and staff. It is the responsibility of every member of the campus community to act in ways that promote the safety of self, others, and the protection of District property. (AP 3500)

Campus Emergency Phone System

Mt. San Antonio College has installed a campus wide emergency phone system. This system is divided into two primary segments. The inner campus system consists of emergency phones that are placed on the outside of selected campus buildings and are identified by the familiar blue light affixed to the top of the phone housing.

The second segment of emergency phones consists of stand-alone emergency phone towers, located in open campus spaces, primarily in campus parking lots. These phone towers are identified by a blue light affixed to the top of the tower. Use of any of these emergency phones will connect the user to Campus Security during normal business hours, located in Building 23. During hours when the campus is closed, the Emergency phones will connect the user directly to a cell phone carried by Campus Security Officers who are on duty 24 hours a day, 7 days a week (BP 3505, AP 3500, 3503).

Notice of Students’ Rights and Privacy Act

Students at Mt. San Antonio College are notified annually of their rights under FERPA (Family Educational Rights and Privacy Act) within this section of the Catalog. More detailed information on student rights is available from http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html. Following is a summary of the Mt. San Antonio College policy related to the Family Educational Rights and Privacy Act of 1974 (FERPA), P.L. 93-380 (also referred to as the Buckley Amendment) and (Chapter 1297, Statutes of 1976, State of California;): 1) type of information and material contained within the student’s educational record; 2) the official responsible for the maintenance of each type of record; 3) the procedure for student review and inspection of the educational record; 4) the procedure for challenging the contents of the educational record; 5) the charges to the student for reproducing copies of the record if requested; 6) the categories of information which the College has designated as Directory Information and to whom this information will be released unless the student objects; and 7) the rights of a student to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., S.W., Washington, D.C., 20202-5920, concerning alleged failure of the College to comply with the provisions of FERPA.

Access to Educational Records

All former and present students have the right to review and inspect their educational records in the Office of Admissions and Records provided they make a written request fifteen (15) days in advance. Such a review will be under the direct supervision of a classified or certificated employee in the Admissions and Records Office. Expressly exempted from the right of review and inspection are the following materials:

1. Financial records of the parents of the student(s).
2. Confidential letters and statements of recommendation maintained by the College on or before January 1, 1975, provided that such letters or statements are not used for purposes other than those for which they were specifically intended.
3. Records of instructional, supervisory, counseling, and administrative personnel which are in the sole possession of such personnel and are not accessible or revealed to any other person except a substitute.
4. Records of employees of Mt. San Antonio College, made and maintained in the normal course of business which relate exclusively to such person in that person's capacity as an employee, are not available for use or any other purpose.
5. Records of students made and maintained by the Student Health Services, the College nurse, the College physician, and the College therapist, which are used in the treatment of students and are not available to anyone other than persons providing such treatment. However, such a record may be personally reviewed by a physician or other appropriate professional of the student's choice.

Release of Educational Records Information

1. Any release of a student’s educational records, with the exception listed below, must be made with the student's written consent.
2. The College may release copies of or otherwise divulge material in the student’s educational records only to the official agencies, groups, officials, or individuals specifically mentioned below:
   a. College staff members; provided that such employees have a legitimate educational interest to inspect such a record.
   b. Representatives of the Comptroller General of the United States, the Secretary of Education, and administrative head of an educational agency, state education officials, and the United States Office of Civil Rights, where such information is necessary to audit a program.
c. Accrediting organizations in order to carry out their accrediting functions.
d. Organizations conducting studies on behalf of the institution.
e. Officials of other schools or school systems in which the student seeks or intends to enroll subject to the rights of students.
f. Agencies or organizations in connection with a student’s application for financial aid.
g. Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, and administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is compiled.
h. Appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health and safety of the student or other persons.
i. Courts or other agencies in compliance with a subpoena or judicial order. A reasonable effort will be made to notify the student in advance of the compliance by the College.

3. Directory Information:
   a. “Directory Information” means a student’s name, community of residence, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student.
   b. Any student desiring to withhold “Directory Information” may file a written request with the Dean, Enrollment Management, within fifteen (15) days of the opening day of each semester or session that the student does not want such information released.
   c. The College reserves the right to limit or deny the release of specific categories of directory information based upon a determination of the best interests of the student(s).

   Students may file a complaint with the United States Department of Education regarding alleged institutional FERPA violations.

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, D.C. 20202-5920

   The 1996 Solomon Amendment
   The 1996 Solomon Amendment is federal law that compels institutions that receive federal funding to provide (upon request) directory information, plus address, phone number, date and place of birth, level of education, degrees received, prior military experience, and/or the most recent previous educational institutions enrolled in by the student for the purposes of federal military recruitment.

   Transfer of Information to Third Parties
   Educational records or personal information transferred to other institutions or agencies will not be transferred to a third party without the written consent of the student (AP 5040).

   Student Right-to-Know Rates
   In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Mt. San Antonio Community College District and Mt. San Antonio College to make available its completion and transfer rates to all current and prospective students. For this calculation, a fall cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students are tracked over a three-year period. These rates do not represent the success rates of the entire student population at Mt. San Antonio College, nor do they account for student outcomes occurring after this three-year tracking period. A Completer is a student who attained a certificate or degree or became “transfer-prepared” during a three-year period. Students who are “transfer-prepared” have completed 60 transferable units with a GPA of 2.0 or better. Transfer students are those who transferred to another postsecondary institution (UC, CSU or another California Community College) prior to attaining a degree, certificate, or becoming “transfer-prepared” during a five-semester period. For up-to-date rates please see http://srtk.ccco.edu/index.asp

### Agriculture Courses

- Animal Health Technology, 121-122
- Animal Science, General, 122
- General Subjects, 122
- Livestock Production, 123
- Ornamental Horticulture, 123-125
- Pet Science, 125
- Agri-Technology Major, 71
- Air Conditioning and Refrigeration Certificate, 46
- Courses, 126
- Major, 71
- Aircraft Maintenance Technology Courses, 127-219
- Aircraft Powerplant Maintenance Technology, Day and Evening, Certificate, 46
- Airframe and Aircraft Powerplant Maintenance Technology, Day and Evening, Major, 72
- Airframe Maintenance Technology, Day and Evening, Certificate, 47
- Air Traffic Control Course Descriptions, 127
- Alcohol and Other Drugs Policies, 251
- Alcohol/Drug Counseling Certificate, 47
- Course Descriptions, 129-130
- Major, 72-73
- Alpha Gamma Sigma, 17
- American Language Course Descriptions, 130-131
- Anatomy and Physiology Courses, 131
- Animal Health Technology Course Descriptions, 121-122
- Animal Science, General, Courses, 122
- Animal Science, Skills Certificate, 34
- Animals on Campus Policy, 251
- Animation Certificates, 48
- Major, 73
- Skills Certificates, 34
- Anthropology Course Descriptions, 131-132

### Academic Policies and Requirements

- Academic Renewal, 18
- Academic Probation, 17
- Academic Honors, 16
- Academic Standards, 17-18
- Academic Freedom, 11
- Academic Distinction, 16
- Ability to Benefit, 22

### Accommodations and Academic Adjustments

- Access to Educational Records, 254
- Accommodations and Academic Adjustments, 251

### Accounting

- Accounting Skills Certificates, 34
- Bookkeeping, 34
- Payroll, 34
- Accounting, 1

### Academic Honors

- Achievements, Certificates of, 45-64

### Academic Standards

- Academic Standards, 17-18
- Academic Policies and Requirements, 11-18
- Academic Freedom, 11
- Academic Distinction, 16

### Academic Probation

- Academic Probation, 17

### Academic Renewal

- Academic Renewal, 18

### Accounting Skills Certificates

- Accounting Skills Certificates, 34
- Bookkeeping, 34
- Payroll, 34
- Accounting, 1

### Academic Freedom

- Academic Freedom, 11
- Academic Distinction, 16

### Ability to Benefit

- Ability to Benefit, 22
- Academic Distinction, 16
- Academic Freedom, 11

### Administrative Assistant

- Certificate of Achievement, 45
- Major, 71
- Occupational Training Certificates, 231-232
- Skills Certificate, 34

### Administrative Services

- Administrative Services, 1
- Administrative Justice, Noncredit Courses, 240
- Administrative Services, 1

### Administrative Justice

- Administrative Justice, Noncredit Courses, 240
- Administrative Services, 1

### Admission and Registration

- Admission and Registration, 5
- Acceptance of Domestic Coursework from Accredited Colleges and Universities in the United States, 6
- Acceptance of International Coursework from Accredited Colleges and Universities Outside the United States, 6
- Admission of International Students, 7-8
- Application to the College, 5
- Articulation with High Schools, ROPs, and Adult Schools, 7
- Concurrent Enrollment for K-12 Students (Special Admits), 6
- Criteria for Determination of Legal Residence, 5
- Evaluation of Other College Coursework, 6
- Registration, 7
- Residence Classification, 5
- Residency Requirements (for Fee Purposes), 5
- Student Representation Fee, 7
- Admissions and Records, 20
- Adult Education. See Continuing Education (Adult Education)
