Easter Seals provides exceptional services to ensure that all people with disabilities or special needs and their families have equal opportunities to live, learn, work and play in their communities.

Volunteers are the lifeblood of Easter Seals Florida. Dedicated volunteers are essential to the ongoing success of our programs and services that touch the lives of thousands of individuals on a daily basis.

WWW.EASTERSEALS.COM/FLORIDA
EASTER SEALS was designed to provide value, improve the quality of life and provide services to meet the critical needs in the communities we serve. Our core values guide our culture to create long-term, meaningful experiences for our members, clients and families. We are champions of ability, giving everyone the opportunity to lead full, independent lives.

Our inclusive child development centers in Tampa and West Palm Beach ensure that every child has an opportunity to showcase their abilities. With specialized care and curriculum, our children are prepared, entering school with the skills necessary for success.

At Camp Challenge, we provide peace of mind to our caregivers – while providing an enriching, active, engaging summer for adults and children with disabilities.

Day Break and Altrusa House, our adult day health care programs, give caregivers confidence that their loved one is well cared for in a quality, compassionate home-like environment, and helps families avoid institutional care.

Through Early Steps, parents are educated on the benefits of assessing developmental milestones and provided early intervention services for their children. Parents gain the confidence and resources to facilitate maximum growth and development in those earliest of years.

As rates of incidence of autism diagnosis grow, Easter Seals schools and programs are equipped to educate children, support families and work towards adult independence. Our employment services help every person earn a paycheck and feel a sense of personal pride.

We provide these services with quality. We provide value to our community. And we provide care to those who need it most.

We accomplish all of this by being true to our company values; living them every day is a critical component of our success.

- We believe in the prudent stewardship of our funds, which we apply to the fulfillment of our mission.
- We conduct business ethically, and with a commitment to moral integrity.
- We will keep the needs of our clients foremost in mind when taking action or making decisions and will not compromise quality.
- We focus on and strive to improve the abilities of our clients.
- We strive for and expect to achieve excellence.
- We share a sense of purpose and a commitment to a common mission throughout the organization.
- We treat each other fairly and with respect.

To all our donors, funders, volunteers and families, thank you for seeing the value and supporting Easter Seals each and every day.

Susan Ventura
President & CEO

Vicki Kneen
Chairman
ADULT DAY HEALTH CARE
Adult day health care programs serve adults who may have a disability; cognitive disorder such as Alzheimer’s disease or dementia; Parkinson’s disease; and those who may be in rehabilitation or recovery from a stroke, traumatic brain injury or other condition. Members participate in multi-sensory and therapeutic activities that encourage and promote independence, socialization and maintenance of function and skills. Our interactive, quality care helps relieve social isolation while providing necessary respite for caregivers.

CAMPING & RECREATION
Easter Seals Camp Challenge offers children and adults, ages six through adulthood, a chance to enjoy outdoor recreation, socialize with friends, and become more independent. Set on 63 acres in Central Florida, campers stay in air conditioned cabins, and participate in fully accessible activities including zip lining, swimming, target practice, modified soccer clinics, and talent shows. Fully accredited by the American Camp Association, a low camper-to-counselor ratio ensures a quality yet fun and exciting experience.

CHILD DEVELOPMENT CENTERS
Child Development Centers provide inclusive, high-quality child care and developmental programming for children with disabilities/special needs as well as typically developing children, from birth to five years of age. Based upon each child’s needs, services are provided, and accommodations are made for therapy and other comprehensive services to occur during the school day in a natural environment to promote growth, learning and success for children.

TEEN PARENTING PROGRAMS
Easter Seals Florida, in partnership with the Hillsborough County School District, operates three child development centers specifically to serve the needs of teen parents. The program is designed for teen parents to continue their education while their infants and toddlers are cared for in a quality educational setting. Easter Seals’ staff provides parenting skills and guidance to the teen parents to encourage their child’s development while managing behavioral and daily parenting challenges.

EARLY STEPS
Early Steps, Florida’s early intervention system under IDEA Part C, offers early intervention services to families with infants and toddlers (birth to 36 months) who have a developmental delay or an established medical condition likely to result in a developmental delay. As the contract holder for Treasure Coast Early Steps, Easter Seals Florida serves more than 4,200 children and their families each year in a five county area of Southeast Florida.

EDUCATIONAL PROGRAMS
The Lily Academies, located in Fort Myers and Naples, provide academic programming for students K-12 (aged 5 to 22) who have autism and/or developmental disabilities. Our schools incorporate individualized instruction and the principles of Applied Behavior Analysis (ABA) to ensure an environment that maximizes each student’s potential for learning and independence. The Lily Academies offer small group instruction with low teacher to student ratios, State Certified Special Educators, behavioral oversight and support from a Board Certified Behavior Analyst.

More than ninety-one cents of every dollar spent goes directly back into our programs and services that help children and adults with disabilities and special needs.
EMPLOYMENT SERVICES
Easter Seals Employment Services offer vocational training specifically designed to promote meaningful employment opportunities for adults with disabilities based upon their strengths. Services include adult day training and adult basic education programs for individuals who require more structure and supervision; enclave groups who travel to local businesses each day with a coach to perform job duties on location; and supported and on-the-job training opportunities for our more independent clients, assisting with pre-employment training, job placement and on-going support.

PERSONAL EMERGENCY RESPONSE
Easter Seals Safety Net Medical Alert connects an individual with immediate help at the touch of a button any time of the day or night. Many subscribers live alone, may have health conditions, and want to maintain independence. For caregivers, the system provides peace of mind that their loved ones can reach help during a fall or emergency and they will be notified through the service of any occurrence.

MILITARY RESPITE PROGRAM
Easter Seals Florida provides respite care for Air Force and Navy Service Members who have children with disabilities. Respite services are provided, free of charge, to those service members stationed at MacDill Air Force Base in Tampa and Patrick Air Force Base in Cocoa Beach. This program allows service member families to take care of personal needs with the confidence that their child is being safely cared for by a trained, respite care provider.
Presidents’ Council donors fuel the essential programs that currently meet the needs of children and adults in our communities. Thank you to our wonderful Presidents’ Council donors who give annual gifts of $1,000 - $100,000.

"We have but one life to live. We get nothing out of that life except by putting something into it. To relieve suffering, to help the unfortunate, to do kind acts and deeds is, after all, the one sure way to secure happiness or to achieve real success. Your life and mine shall be valued not by what we take... but by what we give.”
