Who Should Attend?
Program Managers, Employment Specialists, Job Developers, Job Coaches, Vocational Counselors, Educators, Employment Stakeholders, Service Coordinators and Families

Presenters:

Corey Smith is a Senior Consultant with Griffin-Hammis Associates, LLC. He provides training and technical assistance on Customized Employment (CE), Supported Employment, braided funding, and building social capital for people with disabilities, families, providers, high schools and funding sources.

Rachel Pollock is Senior Program Advisor and General Counsel for Job Path, Inc. She provides training and technical assistance on Customized Employment, Supported Employment, diversifying funding, program development, and community based services for people with disabilities.

A major concern for the individuals we work with, and their families, is how working will impact the Social Security and health benefits they receive. Providers need to have a working knowledge of the work incentives that are built into the Social Security system to encourage people to work. This webinar will offer an overview of work incentives and how they can protect benefits and maximize income for people receiving SSI, SSDI, Medicare and Medicaid. We will also discuss effective communication and support for individuals and their families about this sensitive topic.

To Join the Webinar:
Please register for Social Security Work Incentives and Financial Literacy on Jun 27, 2016 1:00 PM EDT at:
https://attendee.gotowebinar.com/register/9214403695385012225
After registering, you will receive a confirmation email containing information about joining the webinar.

The Employment First State Leadership Mentoring Program (EFSLMP) is a cross-disability, cross-systems change initiative. The goal of EFSLMP is to align policies, coordinate resources, and update service delivery models, in order to facilitate increased integrated employment options for people with the most significant disabilities. Pennsylvania was one of 15 core states selected to receive intensive technical training and assistance. Pennsylvania has requested training related to increased successes in School to Work Transition.
