Hey all! I hope you’re as excited as I am about this copy of the Adventure Guide! I was already seeing snow in the mountains in October, so I have high hopes for the snow sports this year. With ski shuttles almost every weekend, you have plenty of opportunity to get away and carve it up. For those experienced skiers and riders, we even have an opportunity to step up your game with a backcountry trip! If skiing or boarding isn’t your thing, we have family sledding trips, and an overnight snowshoe trip.

Patrick Perkins OAP Programmer

What To Look Forward To

Once it starts warming up, all that beautiful snow will turn into some raging waters on the South Fork of the American River! This spring, we’re bringing back whitewater kayak pool sessions so you can learn how to roll in preparation of kayaking classes in the summer. Now that I’ve been here for almost a year and have gotten familiar with the river, raft guide training this year is going to be stellar! We have a dynamic training schedule. We’ll have more fun while making sure our guides are more experienced than ever! If you have any questions, come in and find me, or send me an email at odrperkins@gmail.com I hope to see you all out there!
